

HALL OF REMARKS

BY HERREL HALLMARK

LET'S ALL turn out and back the Cisco High School Lobo Varsity this Friday night at Chesley Field as they take on the Eastland Mavericks, defending state champions. The Cisco-Eastland game always makes for a good game since they are also county rivals.

This year's game appears as though it could be a very close game, especially since Eastland has only one district win this year. However, don't count Eastland as an easy team to beat. They were barely beaten last week by Albany by the score of 16-14 in the last nine seconds of the game.

Listening to a replay of the game on the radio, Eastland's defense seemed to be playing an exceptionally good game against Albany's offense and they seemed to be containing them very well. Their defense has done a pretty good job all year long.

So much for Eastland, now let's talk about Cisco. The Lobos have only lost one district game this year and that was to the predicted district champions, Winters. Cisco has only lost two games all year long.

Both the offense and the defense of Cisco have been working hard and seem to be improving with every game. Cisco has a chance at the second place spot in District 9-AA, if they can win their next three games (Eastland, Hawley and Jim Ned).

The Lobos can win and need your support this Friday. Come to Chesley Field and help cheer the Lobos on to a victory.

ALSO NEEDING some cheering for their final three games are the Cisco Junior High teams and the CHS J.V. team. They all three play on Thursday nights and this week they will be going to Eastland.

If you possibly can, make plans to drive to Eastland and help support these future Lobos.

ANOTHER BIG football game for this week will be the Lions Club Benefit Bowl, played between Cisco Junior College and Ranger Junior College. This game is always a good game and this year the teams appear to be pretty evenly matched with CJC having a 5-2 season and RJC a 4-2 record.

The game will be played in Breckenridge and kick-off will be at 7:30 p.m. See you there.

THE CHS Lobo Band received a standing ovation from the Cisco football fans at last Friday night's Cisco-Anson game for their patriotic performance of the "Battle Hymn of the Republic". The band played the hymn and assistant drum major Cheryl Casey carried an American flag on the field.

If you weren't moved by the performance, then you are just not a true American.

CISCO EVENING Lions Club boss Al Young is shown as he prepares to "stir a bowl of chili" as second vice president Clyde Sublett and District 2-E1 Governor Archie Chamness react. Little Marty Sublett also helps out the group.

Evening Lions Club Will Sponsor Chili Supper

When things heat up at 7:30 p.m. on the Chesley Field gridiron, Cisco Lobo and Eastland Mavericks fans can be "warm and full" next Friday night.

The Cisco Evening Lions Club is sponsoring a Chili Supper, scheduled from 5-7 p.m. in the Cisco High School Cafeteria.

Tickets for the event are on sale all this week from members of the club. Cost of the tickets is \$2.50. Tickets will also be available at the door.

Desserts will be available

Blood Drive Is Set October 26

The Cisco Blood Drive will be held Wednesday, October 26, at Cisco Junior College in the Student Union Building.

Carp Tourney Is Set Oct. 22-23

The last Carp Tournament of the year will be held Saturday, October 22 through Sunday, October 23 at Lake Cisco. The tournament is sponsored by Cisco Pump and En Re Corporation. Everyone is invited to enter.

First place will receive 50% of the pot, second place 30%, and third place 20%. First place prize is estimated to be about \$300. Other prizes to be awarded are a Calcutta, and a \$10 prize for the smallest carp caught.

Weigh in will be at the "Point". Entries can be obtained at Cisco Pump and En Re Corp. The large turnout from the past tournaments is appreciated and a larger participation is expected for this tournament.

Gospel Sing Set At FEMC

A regular monthly Gospel Singing will be at the First Evangelical Methodist Church located on Hwy 80 W. All singers from all churches welcome. Starting time is at 2:00 p.m. Everyone is welcome.

House Of Wood Stoves Opens Here

House of Wood Stoves, 1406 Simms, is a new Cisco business which is being operated by Ross and Charlotte Honea of Cisco. The business is located at their home, and began in operation about a month ago.

Nordic Stoves are offered for sale by the couple, who both grew up in Cisco. Charlotte is also employed at First National Bank of Cisco and Ross is self-employed as a contract welder. The business may be contacted by calling 442-3068.

Lobo Varsity Will Host Mavericks Here Friday

Lobos Defeat Anson, 38-7

The Lobos of Cisco High School will be hosting the defending State Champions Eastland Mavericks in Chesley Field, Friday night for a District 9-AA battle. Kick-off will be at 7:30 p.m.

Cisco Junior High seventh and eighth grade teams, along with CHS's junior varsity team will be traveling to Eastland Thursday night for their respective games. Cisco's seventh grade team is 1-2 for the season and the eighth grade is 0-5, while Eastland's seventh is 1-3 and the eighth is 4-1.

The junior varsity team of CHS lost their only district game last week to Anson. Their district record is 3-1 and their season record is 3-3. Eastland's J.V. is undefeated with a record of six wins and one tied game.

The seventh grade game will begin at 5 p.m., the eighth at 6 and the J.V. at 7:30 p.m.

In the varsity teams, Cisco has lost only one district game this year (to Winters) and only one other game for the year (to Haskell). Cisco has a district record of 3-1 and a season record of 5-2.

Eastland, on the other hand, has a mirror-image record of Cisco with a district standing of 1-3 and a season record of 2-5. The only district team Eastland has defeated is Baird.

Cisco head coach John Parchman stated Tuesday morning that the Cisco-Eastland varsity game should be "real, real close."

He said in the comparison of scores of games played against mutual opponents, Cisco and Eastland appear to have scored about the same amount of points per game.

Both teams defeated DeLeon and Baird by about the same number of points. The Cisco-DeLeon game score was 37-20 while Eastland defeated the Bearcats 28-7. Cisco defeated Baird 48-29 and the Mavericks defeated the Bears 25-6.

Both teams lost to Winters, Cisco by the score of 21-7 and Eastland 16-7. Cisco defeated Albany in the final seconds of the game by the score of 15-14 and Eastland lost to Albany in the final seconds by the score of 16-14.

Coach Parchman said Cisco is really looking forward of the game and the Lobos stand a good chance of winning if the offensive line continues to play as it has the past couple of weeks. He said they have shown some good improvements, especially during the past few games.

Cisco's offensive line will have their work cut out for them Friday night, since Eastland's defense runs almost any type of defensive plays. The Lobo offense will have a tough job of picking up on the defense, but Coach Parchman stated he believes they can handle Eastland's defense.

The offensive line for Cisco is made up of Craig Foster, 160-pound center; Johnny Seabourn, 180-pound right guard; Darrell Stuart, 187-pound right tackle; Butch Jessup, 167 pound tight end; Jody Nichols, 177-pound left guard; and Robert Sherman, 162-pound left tackle.

Cisco first-string quarterback Joe Perry was shaken up in last Friday night's game against Anson but will

be back at his starting position this week. Coach Parchman said he allowed backup quarterback, Wade Shackelford to play in last week's game to get some experience "under fire", besides just in the last few minutes of a game.

The only Lobo player who will not see action this Friday will be David Seabourn, a junior running back. David hurt his knee in the opening district game against Winters. He had to undergo surgery October 13 and the injury was found to be more serious than originally thought. David will undergo surgery again this Thursday for complicated ligament damage in his knee. He will be in a cast for six weeks following surgery and in a brace for an additional six weeks. Coach Parchman said it will probably be next summer before he will be moving around very well.

In last Friday night's game against Anson, the Lobos scored two touchdowns in the first quarter, one touchdown and a field goal in the second quarter, and two touchdowns in the final quarter of play for a total of 38 points.

Anson managed to score only one touchdown in the game during the third quarter, making the final score 38-7, following a half-time lead by Cisco of 24-0.

Cisco capitalized on interceptions and fumble recoveries throughout the game to pull out ahead of Anson. The defensive members of Cisco kept their heads in the ball game and forced the turnovers by Anson team members.

Anson received the opening kick-off and started the first drive of the game from their own 19-yard line. On the first play of the game, a pass from Anson quarterback Doug Young was intercepted by Cisco's Doug Hendricks, giving the Lobos their first possession of the game at Anson's own 34-yard line.

With Craig Foster at center and Joe Perry at quarterback, the Lobos began their own first drive of the game. On the first play, a handoff to Johnny Ramirez, the Lobos were stopped at the line of scrimmage for no gain. QB Perry was dropped for a four yard loss on the next play by Anson's Vernon Akins. Cisco managed to pick up six yards on a carry by Hendricks placing the ball on the 33-yard line of Anson.

QB Perry took the next snap from center on a fourth down, needing eight yards for a first, and looked downfield for a receiver. With no open receivers in sight, Perry tucked the ball away and ran around his left end for a 33-yard touchdown. Glenn Starr held the ball while Butch Jessup kicked the extra point making the score 7-0 with 9:50 remaining in the first quarter.

Anson's next possession of the ball lasted through three plays before a pass was again intercepted by Hendricks, this time at Anson's 24-yard line.

Cisco moved the ball to Anson's nine-yard line in three plays on runs by Hendricks and Ramirez. On the next play, Cisco QB Perry again kept the ball around the left end for another touchdown with 6:48 left in the quarter; however, a Cisco penalty for holding wiped out the score and moved the ball back to

Anson's 15-yard line. An incomplete pass and a quarterback sack moved the ball on back to the 22 bringing up a fourth down and 20 yards needed. A screen pass to Starr, who lateraled it off to Franky Seabourn, netted nine yards. Since it was not enough for the first down, the ball was turned over to Anson.

Eight plays later, the Tigers were forced to punt the ball when their drive stalled at their own 33-yard line. Anson kicker Jasinto Ramos punted the ball to Anson's 49 where Cisco took over possession.

Cisco's Hendricks took the first pitch back from QB Perry and ran to Anson's 24 but a Cisco penalty for an illegal block brought the ball back to Anson's 46-yard line. On the second play, a handoff to Ramirez, was run up the middle all the way to the goal line for Cisco's second touchdown of the game. Again Starr and Jessup teamed up for the extra point kick which was good making the score 14-0 with 1:27 left in the first quarter of play.

On the following kick-off, Cisco tried an onside kick which appeared to travel the required ten-yards, but game officials ruled that it had not and gave the ball to Anson at Cisco's 49-yard line. Four plays later, Anson's Ramos prepared to punt the ball but Cisco's F. Seabourn blocked the kick and the ball was recovered by Lobo Patrick Qualls at Anson's 33-yard line.

Cisco moved the ball downfield on runs by Ramirez, Hendricks and QB Perry until it rested on Anson's nine-yard line. A quarterback sack by Anson's Larry Villanueva moved the ball back to the 17. A pass to Tommy Elrod, who then lateraled the ball to F. Seabourn moved the ball to the Tigers six-yard line for a fourth down and seven yards needed situation. Jessup and Starr took the field for a field goal attempt which turned to be a fake involving a pitchback to Hendricks who took the ball into the end zone for the touchdown. This time Jessup did kick the ball held by Starr for a good PAT kick making the score 21-0 with 7:49 left in the second quarter.

Anson took over their next possession of the ball at their own five-yard line. Four plays later they failed to make one yard for a first down giving Cisco possession of the ball at the Tiger's 15.

Cisco QB Perry kept the ball on Cisco's first play and lost a yard when he was hit hard by Anson's defense. Perry was shaken up on the play and left the field with Wade Shackelford coming in as quarterback for Cisco. A handoff to Ramirez moved the ball three yards on third down bringing about a fourth down needing eight yards from Anson's 13-yard line. Starr held the ball for Jessup's kick which was good for a 31-yard field goal, making the half-time score 24-0.

Anson got their only scoring drive of the game going the second half of play when they took possession of the ball at Anson's 20, following a Cisco punt which bounced into the end zone. QB Young called the signals for Anson while Teddy Gray handled the center position and Junior Garcia, Luke Torres and Mark Salas moved the

ball on the ground for yardage. Also gaining yardage for Anson was Matt Wilson who received a quick pass from the quarterback. Anson moved the ball to their own 33 in five plays, picking up one first down along the way. On a third down needing 12 yards for a first, QB Young took the snap, rolled to his left, broke a couple of tackles and turned back to his right, before breaking free for a touchdown run. Anson's Mike Wilson held the ball for Matt Wilson who kicked the PAT making the score 24-7 with 2:14 left in the third quarter.

Cisco's Hendricks received the following kick from Anson at his own ten-yard line and returned it to the 33. With Perry back in as quarterback, Cisco then started another scoring drive of their own with runs by Hendricks, QB Perry, Josh Potter and F. Seabourn. In 11 plays Cisco had moved the ball to Anson's three-yard line gaining four first downs. A handoff to Ramirez and he fought through the middle for the touchdown. The PAT kick by Jessup, with Starr holding, was good making the score 31-7 with 8:47 left in the final quarter of play.

On the following kick-off, Anson's Mike Wilson received the ball at Anson's 20-yard line but he fumbled the ball on the tackle and Cisco's Potter recovered for Cisco.

Starting out on the Tigers' 25, Cisco QB Shackelford completed a pass to Starr for 14 yards and another to Elrod for ten yards, putting the ball on Anson's one-yard line. Ramirez again took the handoff up the middle for the touchdown. Jessup's final PAT kick of the game was good making the score 38-7 with 7:54 remaining.

In the final minutes of the game, Anson seemed to be putting together a possible scoring drive when they started out on their own 21 and drove to Cisco's 28 in nine plays. Their final drive of the game was stopped when Cisco's Qualls intercepted the pass at the Lobos 23-yard line.

Cisco's Josh Potter, Doug Hendricks and Patrick Qualls led the Lobos in Anson turnovers. Potter had two fumble recoveries, Hendricks intercepted two passes and Qualls had one fumble recovery and one pass interception. Lobos Sean Manire and Glenn Starr also had one interception each during the game.

Defensive standouts for the Lobos included Potter, Hendricks, Qualls, Manire, Starr, Johnny Seabourn, Willard Johnson, Robert Sherman and Tommy Elrod. Standouts on Anson's defense included Mike Wilson, Luke Torres, John Akins, Teddy Gray, Larry Villanueva, Vernon Akins, Matt Wilson and Mosiah Hansen.

Tickets On Sale For Lions Bowl

Tickets for the annual Lions Benefit Bowl football game, which will be played Saturday night, Oct. 22, at Breckenridge stadium, are on sale by members of local Lions Clubs. If purchased before going to the game, the tickets are \$3 for adults and \$1 for students.

Profits from ticket sales as well as ads sold in the football game program will be used by Lions Clubs of this region in their community benefit activities. Tickets purchased at the stadium gate will cost 50 cents more.

Al Young is president of the Cisco Evening Lions Club.

The benefit bowl game will be played by the football teams of Cisco and Ranger Junior Colleges as they have done for several years. Both schools have strong teams and an outstanding game has been forecast.

Cisco's Wranglers are 5-2 for the season, the Rangers are 4-2, so the Benefit Bowl should prove to be a fairly equally matched game.

The Cisco Junior College band and Wrangler Belles will stage a special half-time show for the bowl crowd. The kickoff will be at 7:30 p.m.

'Of Mice and Men' Opens Roof Garden

John Steinbeck's classic drama OF MICE AND MEN is the opening production of the 1983-84 season at the Roof Garden Dinner Theatre in Cisco. This is a tremendously moving story about two roving farmhands during the 1930's, one of whom unwittingly murders a woman. Ultimately it is a story about brotherly love in a cruel and indifferent world.

Dinner Theatre performances will be held Thursday and Friday nights October 20 and 21 with dinner served at 7 p.m. Tickets are \$8.00 regular admission and

Cisco Library News

The periodic "on-loan" shipment of 50 books from the Abilene Public Library has arrived. Subjects and types are varied enough to provide wide appeal and opportunities for selection.

Also received are these new books: "The Whip" by Catherine Cookson; "Knave of Hearts", by Victoria Holt, and another book by Holt who also writes under the name of Philippa Carr, "The Adulteress"; "Icebreakers"; "The Adventures"; "Dakota"; "Eden Rising"; "Jade Tiger"; "A Loss of Heart"; and "From Moment

to Moment".

A tremendous job by the Librarian, Mrs. Mary Bob Leveridge, with help from a number of volunteers, to all of whom are extended thanks, appreciation and expressions of admiration, has been completed: the cataloguing and alphabetical placement of all the books of fiction. Similar cataloguing is being undertaken of the children's books. These are monumental accomplishments requiring not only brains but brawn. Thanks and more thanks to all.

CJC Plans Homecoming October 29th

Saturday, October 29, will be annual homecoming for ex-students of Cisco Junior College, according to a newsletter mailed by Charlie Hubbard, president of the CJC Ex-students Association.

Belles Will Honor Pat Owens

Homecoming 1983 at Cisco Junior College will be especially memorable for all former Wrangler Belles. Mrs. Pat Owens, director of the precision drill team for 15 years will be honored during homecoming festivities. All former belles are invited to a reception in her honor October 29 from 10:00 to 11:30 in the Texas Room of Maner Memorial Library.

will begin with registration from 10:00 to 11:30 at Maner Memorial Library. A Wrangler Belle reception honoring Pat Owens will also be held at this time in the Texas Room of the library. College dormitories will hold open house from 10 to 11:30.

Any former belles unable to attend are encouraged to send cards and messages to be presented to Mrs. Owens during the reception. These may be mailed in care of Nicki Harle, Cisco Junior College, Cisco, Texas 76437.

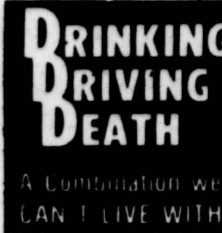

The 1983 Wrangler Belles will also present a special performance in tribute to Mrs. Owens at half time.

There will be a luncheon for ex-students at 11:30 at the Corral Room of the Laguna Hotel. The program will include music by the CJC Chorus.

The business meeting of the ex-students association will be held at 12:15 in the lobby of the hotel.

An afternoon football game between CJC and Baptist Christian College will

begin with a pre-game show at 1:40 and kickoff at 2 p.m.

Maranatha Church Sets Special Services

"You don't miss the water till the well goes dry". Oh how true is that old adage. We only miss a part of our everyday lives when it seems we cannot have that thing. So many things we take for granted.

We strive to have more tomorrow than we had yesterday when often we make yesterdays luxuries become tomorrow's necessities. The Bible calls this surfeiting and tells us to be careful about this problem. Luke 21:34. "And take heed to yourselves, lest at anytime your hearts be overcharged with surfeiting and drunkenness, and cares of this life, and so that day come upon you unawares." The 'that day' is the Lord's homecoming call. Maranatha means 'our Lord cometh' and the members of that church are working and watching for 'that day'.

They invited you to come worship and learn of the Lord with them in special services October 24-29 at

7:30 p.m. If you are missing the Ole Fashion Prechin', 'n singin' of these seemingly "dry well" days, then join the common Lord Loving folk at MARANATHA BAPTIST CHURCH. Songs mean nothing unless they come from the heart of the singer and touch the heart of the listener. Many area singers are asked to participate this week in honest witnessing.

Pastor M.H. Jones will be sharing the Word each night with all present. Preachers do not bring nor deliver revivals. Revival is the result of God loving people caring enough to allow this true love to overflow on surfeiting procrastinators. You cannot revive something that is not already living. It is the prayer of the members of MARANATHA BAPTIST CHURCH that the revivors may also prove the necessity of a live in Christ until 'that day'. MARANATHA.

Education Is An Individual Choice

Mercy Me! And Good Gracious!

Don't know what other expletives to use-not with the chance of seeing them in print. It's not that I don't know them; my expletive vocabulary is probably the equivalent of anybody's you can pick, but this is not the time to trot it out for display-if ever.

As a senior citizen, a term I don't mind, I had not expected to be so directly concerned in the current quality of education. However, with Mandi in kindergarten and H. Ross Perot stirring the educational cauldron, "concerned" is what I am-directly and indirectly.

Is anyone going to deny that something's been lacking in the educational process for quite awhile?

No? It isn't enough to identify the problem. If I have a headache I want a couple of aspirins. Sure, I'd also like to know why my head is aching.

In a society which does nothing that I can see about newscasters that make such statements as, "Everybody (singular) does their (plural) own thing," and "None (singular) of them are (plural) ready to move," it is small wonder that small children come up with such beauties as, "Him and me's goin' to th' carnival."

Teachers cannot lay the foundation for education. That is done, or not done, at home. Parents, not teachers, hold the key to the learning of their children. I have been on all four sides of a school desk: student, teacher, parent, and administrator. Unless they abdicate the throne of authority completely, parents are the greatest, most permanent influence of a child's life-even when the said child is telling you, "Harold's mama lets him go," or "Janie's mom lets her wear makeup."

Colleges plead, "They are unprepared when they come to us!" I believe it. I also

think it's true that they...get to high school without a proper foundation." You can back down the line in reverse-domino effect....through kindergarten to parents. This is my opinion, remember, but I'd like someone to prove it is wrong.

Is this the fault of the teachers? I can't hand out a flat, unequivocal "No". So many of today's teacher are the product of a system that's probably been in trouble since it began.

As a retired, and imperfect, teacher, I believe my opinion may be as good as H. Ross Perot's, though having been a teacher, I do not have the megabucks to back up that opinion.

My idea is that most of the trouble began when we started trying to "educate" everyone. No matter how noble it sounds to say so, everyone was not created equal in the matter of the muscle between the ears.

I happen to think that's all right. The uncle who plowed straight furrows and raised bumper crops seemed to be just as happy and do just as well as the one who was happy conquering "El Cid" in Spanish and "Macbeth" in English. That's what they wanted to do.

It is a matter of historical record that mankind will overcome incredible odds to

achieve a goal-mental or physical.

Education cannot be legislated. People of any age should have opportunity for formal learning, but the Texas legislature did no one any favor when it voted to extend compulsory school attendance.

There's no way to teach a

person who does not want to learn.

Tell me-is it efficient business practice to have so much money tied up in a plant that functions half the time? You'd have to run an average to get 50 percent because many schools do not open for formal educational purposes beyond the re-

quired hours.

Would you like to learn to spot weld? To study Shakespeare? To read faster? To take a sewing course?

You are the one to begin-H. Ross is riding a new hobby-horse, and I wish him "Happy Trails," but education is up to you.

Homecoming To Honor Wrangler Belle Director

Homecoming 1983 at Cisco Junior College will be especially memorable for all former Wrangler Belles. Mrs. Pat Owens, director of the precision drill team for 15 years will be honored during homecoming festivities. All former belles are invited to a reception in her honor October 29 from 10:00 to 11:30 in the Texas Room of Maner Memorial Library.

Any former belles unable to attend are encouraged to send cards and messages to be presented to Mrs. Owens during the reception. These may be mailed in care of Nicki Harle, Cisco Junior College, Cisco, Texas 76437.

The 1983 Wrangler Belles will also present a special performance in tribute to Mrs. Owens at half time.

Bonnie Hill Paintings Exhibited At C.J.C.

Cisco Junior College is very pleased to present Bonnie Erwin Hill as exhibitor of paintings in Maner Memorial Library during the month of October.

Mrs. Hill grew up in Cisco. She started drawing as early as she can remember and had a lot of encouragement from her mother. Bonnie feels that she made her first contact with an artist when she was in the Cisco schools. When she was in the fifth grade she was in Miss Pearl Donaway's class. Miss Donaway brought her own paintings to school to show to her class. As a special project, she let her students work with the beautiful pastels. Bonnie believes that this was truly the beginning of her painting career.

Bonnie is a graduate of Cisco Junior College and has studied art at the School of Fine Arts and Galleries with Charles Berkeley Norman. She has also studied at the Instituto Allende in Guanajuato, Mexico. She has taken advantage of opportunities to learn for European artist and has made frequent visits and extended study trips to Mexico.

The first few years of Mrs. Hill's painting career, she designed and painted needlepoint. Later she began to ex-

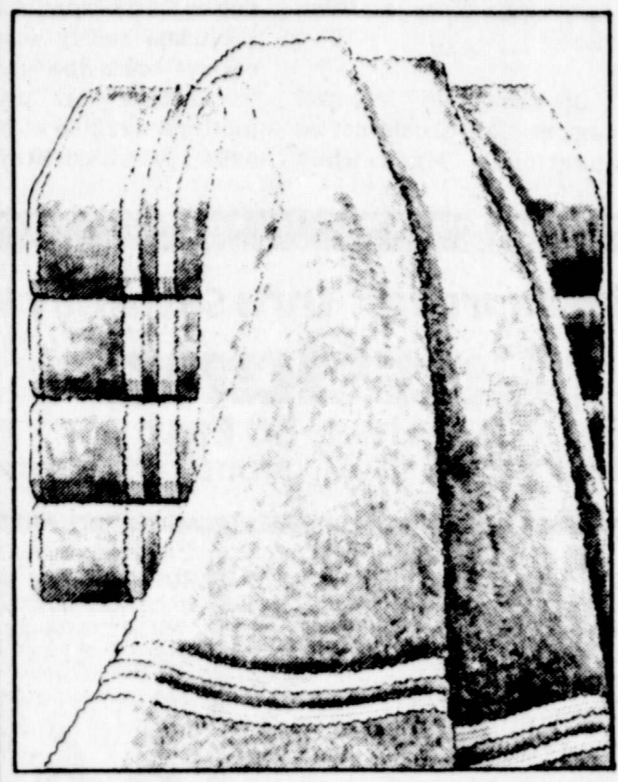

periment with mixed medias such as ink and water color, pastels and pencil, acrylic and oil. Her favorite media is painting in oil. Enthusiasm and feeling for animals and a exuberance for color, are evident in Bonnie Erwin Hill's paintings.

Mrs. Hill has exhibited the last three years in the Cowboy Wildlife Art Show at the University of Texas, many one woman shows and other special exhibits. She also has exhibits in public and private collections in Texas, Colorado, Montana, New York and Saudi Arabia. She teaches art in Austin in her studio and gives demonstrations and teaches out of town workshops throughout Texas.

Mrs. Oleta Shirley, Librarian, states that it is with special pride that Cisco Junior College welcomes Bonnie Erwin Hill back home to exhibit her paintings during the month of October in Maner Memorial Library. Library hours are 8 to 5 and 6 to 9:30 Monday through Thursday, 8 to 4 on Friday and 6:30 to 9:30 on Sunday. The paintings will also be on exhibit from 10:00 to 11:30 a.m. on Saturday, October 29, during Parents Day and Homecoming.

RETIRING OR MOVING?

At least 18 per cent of the people in America will move this year. And many of you are thinking about retiring. These decisions are a part of your life and will affect at least one out of every five of your family and friends soon.

When making your retiring and moving decisions you'll soon discover that you've really accumulated a lot of possessions in the last few years. And you'll quickly see that it will be very difficult, time consuming and quite expensive to haul your possessions across the country or even around town.

But, you can turn these accumulated possessions into quick cash by holding an auction. A well planned auction can cash out your entire household in just a few short hours. And, I provide complete auction service so you don't have to worry about a single detail.

It's a whole lot easier to have an auction and put cash in your "wallet" than it is to put your piano, refrigerator & hide a bed in a truck. And remember, when it comes to buying or selling AUCTION'S BEST!

Capitol Update

by Jim Parker

This week I am continuing with explanations, both for and against, proposed amendments which will appear on the November 8th ballot. Proposition #7 would permit the Veteran's Land Board to issue \$500 million in general-obligation bonds to create a Veteran's Housing Assistance Fund which would be used to make

home-mortgage loans to Texas veterans. Eligibility requirements would be identical to the Veterans' Land Program.

Like the Veterans' Land Program which enabled Texas veterans to buy land (minimum purchase of 10 acres), under the Veterans' Housing Assistance Program, military veterans living in Texas would be eligible to receive low-interest 40-year loans of up to \$20,000 in order to make the down payment on a home. Supporters say that since most veterans are in an urban

area, it would enable more of them to become homeowners. The program would be at almost no financial risk to the state since administrative costs of the program, including cost of mortgage insurance, would be borne by the veteran.

Opponents say this fraternal program would authorize a large increase in state debt and unwarranted government intrusion in the capitol-investments markets. They say by offering more tax-exempt bonds to investors, the state would be taking capital away from some sec-

tors of private industry, which will be forced to raise the interest yield on their securities in order to compete for investment dollars, thus driving up their costs of production.

Proposition #8 would allow the governing body of a political subdivision to exempt property of certain veterans' or fraternal organizations from property taxation.

Proponents say that many of these veterans' and fraternal organizations could not survive without this exemption. The current tax exemp-

tion for veterans groups has been declared unconstitutional because an Attorney General's opinion has ruled that the Legislature could not add to the list of properties constitutionally entitled to an exemption. They say if these organizations can no longer be exempt from property taxes, either their services will suffer or communities will have to support them with more contributions.

Opponents say fraternal organizations should not be mentioned since they

already receive an exemption under the "charitable organization" is not clearly defined leaving the determination up to an individual taxing unit which might be causing litigation.

Proposition #9 allows statutory probate-court judges to substitute in any county in the state for a judge of a statutory county court with probate jurisdiction or for the judge of a constitutional county court. A county court has general jurisdiction over probate matters (registration of wills, administration of

estates, appointment of guardians and commitment of the mentally impaired). The Legislature has created over 100 county courts to relieve the constitutional county judge of some judicial duties and many of the "statutory" county courts have at least some probate jurisdiction; with a few specializing in probate matters.

Proponents say those judges who specialize in probate matters should be allowed to assist county judges in other counties should the need arise, as is

done by assigning a district judge to assist in another district-court problem. They say probate matters can involve complex questions of law and feel it would be more efficient to allow judges being unavailable because of an overcrowded docket or disqualification. Right now in these emergencies the case must be heard by the constitutional county judge, who may not have legal training; or a special appointed judge which takes time to arrange; or, in counties with no statutory county court, the case may go to a

district court whose docket usually is already overcrowded.

Opponents say if probate-court judges could be assigned around the state, they may not be available in their own counties when they are needed. They believe the constitutional county judges would be tempted to disqualify themselves in a controversial case knowing a probate-court judge from Dallas or Houston could be brought in to "take the heat."

Next week I will conclude the series on proposed

amendments by discussing the final 2 propositions. See you then.

A message from this newspaper and the Troopers of the Texas Department of Public Safety

Many Violent Crimes Attributed To Alcohol

Alcohol not only has had a deadly effect on driving but has contributed to injuries and death in other violent categories as well, according to an article in Texas Medicine.

Dr. C. Thomas, a Tulsa, Okla., Surgeon, cites a study estimating the percentages of various types of violent incidents that involve alcohol. They are stabbings, 75 percent; beatings, 69; sexual aggression toward children, 67; homicides, 64; (70 percent on weekends); fights or assaults in the home, 56; shootings, 55; sexual aggression toward women, 30; and suicides, 30. Thompson notes that a high percentage of burns, home accidents, and chokings on food are also related to alcohol.

The story appears in the October issue of the Texas Medical Association's monthly journal.

Thompson warns that alcohol abuse may complicate treatment of serious injuries. "The risks of anesthesia and surgery increase dramatically" for patients with alcoholism. He says this is particularly true for surgical patients with certain unrecognized lung or heart problems.

In addition, alcohol abuse and delirium tremens may cause problems with nutrition and healing after the operation, Thompson writes.

He notes that the drunk patient in the emergency room poses difficult legal and

Mrs. Cook is the daughter of the late Mr. and Mrs. H.A. McCanlies and came to Eastland with her parents to enter old South Ward School. She finished grammar school and high school in Eastland before entering Baylor University on a music scholarship in violin.

They spent the first 26 years of their married life in Mission, Texas, where he was editor and publisher of The Mission Times. In 1958, the Cooks bought The Winston County Journal in Louisville, Miss., and they have made their home there since.

Before the Cooks left Texas, Mrs. Cook's column, "Of Many Things," took first place award as the best column in the state of Texas Press Association contests. Through the years Mrs. Cook's column has won numerous state and national prizes and she has written extensively for magazines and other publications. She was several times quoted in John Henry's "I Saw It in the Paper" column, formerly a regular feature of McCall's Magazine.

Conserving Rain Helps Dry Conditions

COLLEGE STATION-- Doing a better job of conserving rainfall may help farmers cope with dry conditions such as those that have plagued Texas and other states this year.

One way to "stretch" rainfall is through conservation tillage, suggests Dr. Ed Colburn, agronomist with the Texas Agricultural Extension Service, Texas A&M University System.

"Conservation tillage systems often produce higher yields per inch of available water," notes Colburn, "thus making the best use of this valuable resource."

Conservation tillage generally refers to tillage operations that reduce water evaporation losses and increase water infiltration into the soil.

"Conservation tillage helps improve soil moisture conditions by increasing water infiltration and slowing evaporation," points out Colburn. "Heavy crop residues help reduce runoff and erosion. Chiseling of subsoiling deepens the root zone and leaves the soil surface in a rough state to store more water."

A deeper root zone generally increases the soil water storage as a result of

deep chiseling and improved soil organic matter levels, says the agronomist. This may give an extra inch or two of stored moisture that can help carry the crop through low rainfall periods.

"Although conservation tillage practices won't give overnight results, they can improve soil conditions and can start paying dividends in several years," says Colburn.

SOLAIR PEANUT DRYING NATURAL DRYING - A STEP TOWARD UPGRADING SOUTHWEST PEANUT QUALITY

Eaves Bros., Inc. will make available for the 1983 harvest season from 200 to 300 SOLAIR drying wagons to peanut growers in the Central Texas area.

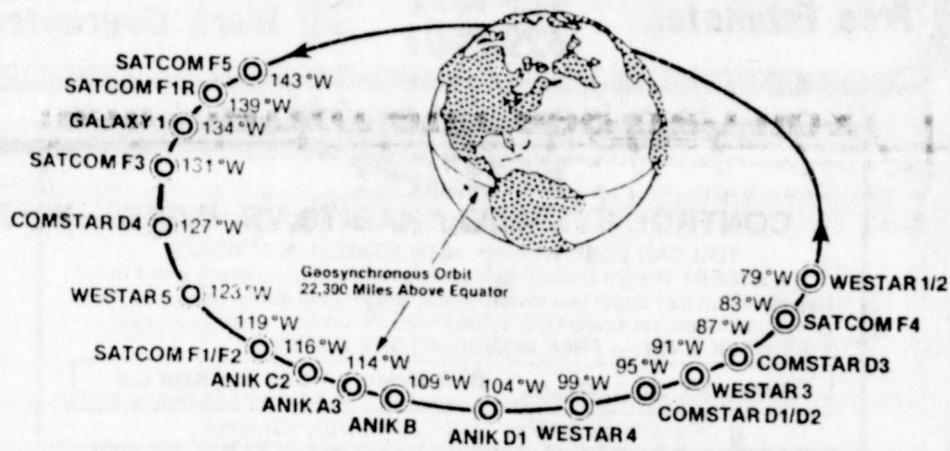

These are specially designed drying modules built with wire mesh sides and bottoms allowing air to circulate through the load. Air is channeled through the peanuts by way of wind barrels. Each unit is equipped with a tarpaulin for covering the load. They are 20 feet long, 8 feet wide and holds approximately 11,000 lbs. of dry weight peanuts. **PROVEN CONCEPT**—Since the testing of SOLAIR concept in 1977, peanut quality from the modules have equaled or bettered sack dried peanuts with a lower percentage of splits from reduced handling with superior quality over artificially dried peanuts.

This concept rates high on quality and economics with research conducted by Oklahoma State University in comparison with other drying methods.

Kiwanis Bike-A-Thon Winners

Kiwanis Bike-A-Thon winners were awarded their bicycles at the Eastland Co. Parade on Saturday October 1. Prize chairman Robert Webb stands between Mike Bailey who rode 102 miles and raised over \$1,000 for St. Jude's Hospital and Sharon Knox who rode 80 miles. Other bicycles winners were Ryan Gevera of Eastland and Bobby Burnett of May who rode 101 miles himself for St. Jude's Children's Hospital. The Kiwanis Club of Eastland would like to thank all participants, sponsors and donors who helped make this Bike-A-Thon the most successful one yet! A special thank you goes out to KVMX-FM Radio for the untold hours of advertising and publicity given to the Bike-A-Thon. (Kiwanis Phot by Don Knox)

4-H Program On Horses

For youngsters who want to learn to ride and care for horses, the 4-H horse program has all the ingredients.

More than 10,200 4-H'ers between the ages of 9 and 19 are enrolled in the horse program conducted by the Texas Agricultural Extension Service, Texas A&M University System.

Members can participate in a series of projects and are involved in hundreds of local events including meetings, farm tours, trail rides, shows, parades and clinics.

It is not necessary to own a horse to be active in the 4-H horse program, says John Blair, county Extension 4-H program coordinator.

The horse program, which is led by volunteers and coordinated by Extension staff, provides an opportunity for 4-H members to participate in many exciting events, a major one being the annual State 4-H Horse Show, a five-day event each July. Youth can also compete in horse judging and horse demonstrations, with the final objective being State 4-H Roundup each June at Texas A&M University.

Youth in the program also use their skills to help others. Many conduct programs to help the handicapped enjoy riding and learn about these horses and ponies.

The Extension Homemakers Council will sponsor a "Mini" TEHA Convention on Thursday, Oct. 20 at the Texas Electric Reddy Room in Eastland.

All members are urged to come. The morning program will begin with coffee and refreshments from 9-9:30 a.m. At 10:30 a.m. the program will begin with an introduction of the 1984 program of work.

Keynote speaker is Sgt. Wendell Rehm, of the Department of Public Safety from Abilene. Sgt. Rehm will speak on "Importance of Child Restraint Car Seats and Loanoer Programs."

The Eastland County Extension Homemakers will be establishing an infant car seat loaner program in the near future.

Following the keynote address, the delegates to the State TEHA convention in Lubbock will give convention highlights and an overview of workshop programs. The delegates were Mrs. Ruthie Keyes, Mrs. Dorothy Underwood, and Mrs. Alberta Sims.

The morning program will conclude with a covered dish salad luncheon. Drinks and eating utensils will be provided.

The Eastland County Senior Citizen's Holiday Bazaar will be held Nov. 3 and 4 at the Rebekah Lodge, 300 North Lamar, Eastland.

Thursday, Nov. 3, from 8-10 a.m. exhibits will be set up and registration will be

held. Official opening ceremonies will be held from 10 to 10:30 a.m. The presentation of oldest man and woman exhibitor, and oldest man and woman attending the bazaar will be made. A Golden Reception will be held at 2 p.m. and the bazaar will close at 5 p.m.

Friday, Nov. 4, the bazaar will be open from 9 a.m. to 5 p.m. and at 2 p.m. a Pioneer Day Parade and Party will be held. Also scheduled is a Bonnet and Hat Parade and everyone is to dress old fashion.

Rules and regulations for the bazaar are as follows:

3. Entries may include such items as oil paintings, quilting, knitting, crochet, ceramics, wood work, household articles, toys, decorations, house plants, and any other miscellaneous items.

4. Exhibits must be entered on an individual basis. No organization may sell. EXCEPTION: Nursing homes and Senior Citizens Centers may sell and display as a group. No articles

Bass Club Report
 Sunday Oct. 8th we held our tournament for this

month on scenic Lake Cisco. We had 4 avid anglers on hand for what proved to be a challenging days fishing. Butch Willingham of Cisco

came in with 3 nice fish weighing 8 lbs. 12 oz. on our hand held de-lara. Butch also won Big Bass of the day with 3 lbs. 8 oz. Terry Wilson was second with 2 fish tipping the scales at 2 lbs. 12 oz. Fishing was tough to say the least. Butch hung his fish on a deep diving crank baits. Terry's fish were both taken on Buzz baits.

Leon's crappie are starting to group up in the creek region. Bass are slow, but it can't be long till we see those winter 6 and 7 lb. fish appearing. Proctor is hot, bass are active 3's and 4's are common with some 5's and 6's sprinkled in for flavor. Eastland Lake rose approximately one foot due to our recent rains; and it must have helped. Tommy Maynard recently landed one 4 lb. fish and few smaller fish also. Ringland has not had much pressure in recent weeks, but its due for another good 6 lb. plus fish before long.

C.P.R. Course Set for October 24-27

C.P.R. is Cardiopulmonary resuscitation, a basic life saving technique that is very easy to learn. By knowing C.P.R. you can help sustain someone's life until medical help can arrive. With the Eastland County area growing as rapidly as it is, the possibility of you being around someone who might have a heart attack or start choking, is increasing with everyday that passes. An American Red Cross C.P.R. class will be offered on October 24 and 27 from 6 p.m. until 10 p.m. The fee for the course will be \$6.00 and will be collected the night of the course.

Completion and passing of Whether you fish for bass, crappie, perch or even channel cats keep what you can use and release the rest. Remember only you can prevent an over harvest. Good fishing and good luck. Terry L. Wilson

The course will certify a person for one year and will receive a certification card and patches will be available. Persons interested in the course will need to make reservations with Robert Webb, instructor of the course, at 629-2611 during the

day and 629-1025 at night. The number of the class will be limited and reservations are a must.

HOME COMING AND CENTENNIAL CELEBRATION

A large crowd attended the Moran School Homecoming and Centennial Celebration over the weekend.

City Suggests Spook Tricks For Oct. 29th

The City Council is expected to approve a proclamation for the observance of Halloween by trick and treaters on Saturday night, Oct. 29, instead of October 31st, City Manager Mike Moore reported this week.

The proclamation will be on the agenda for the Council meeting on Tuesday, Oct. 25th, Mr. Moore said.

Plans have been made for a big Halloween carnival to be held at Intermediate School on Saturday, Oct. 29, and the observance of the event that night will work out better than on the following Monday, Mr. Moore said.

Announcements concerning the carnival are expected to be made in the near future.

Floats, horseback riders and children took part.

The Cisco High School Band lent a musical atmosphere.

The Albany Callopie was the final entry and the music was enjoyed.

Many people gathered at the Moran Community Center for refreshments and visited the Moran Museum preceding the registration at the school.

James Shelton of Bangs, a graduate of Moran High School, and the son of Mrs. Gariand Shelton and the late Mr. Shelton gave a very interesting talk, telling of his experiences in the school.

Hubert Brooks of Springfield, Oregon, received the trophy for traveling the longest distance to attend the school activities.

Letters to the Editor

Dear Editor: A very sincere thank you to the people of Moran for making the Centennial Celebration and Homecoming such a success. It was so much fun, the food was delicious and the warm welcoming smiles and hugs of dear friends, the very best part.

Thank you again for a great time.

Nancy Hamilton Stone.

DIDN'T THE Lobo Band look good Friday night? It was the first time we'd seen (and heard) the band this season, and as one with limited musical ability we decided that the band was super.

To confirm our opinion, we called Mayor Eris Ritchie, who is a former band director at CHS and CJC, and he agreed: the band is outstanding with good sound and balance and the marching is getting better each week, he said.

Something new this year is the instrument on wheels that trails along behind the band. It's an electronic bass instrument, and Miss Dana Carlisle was handling the controls.

A GOOD MANY folks noticed the nice writeup about Dr. E.E. Addy that The Press reprinted from the medical school newspaper about him being their No. 1 graduate some 40 years ago. And all of the folks wanted to know the identity of the attractive young lady pictured with him.

Dr. Addy doesn't know, we were informed by his office staff. The little lady posed with him for the magazine photographer at the Dallas PR office of the school. In any event, it was a real nice writeup that Dr. EEA's Cisco friends very much appreciated.

MRS. JAMES E. (Jim) Graham, 500 West 4th Street, has a broken arm in a sling these days. She went out for her daily walk in the neighborhood of their home the other morning. She stepped on a rock and her foot slipped, causing Mrs. JG to fall forward. She broke the fall with her hands, and in the process her left arm started giving pain.

Mr. JG took his wife to the doctor and x-ray pictures showed a fracture near the shoulder of her left arm. She'll have to wear the arm in a sling for some time.

The Grahams' son and daughter came over from Abilene last Sunday and brought food as did her local sister. So they have a refrigerator full of goodies, reports Mr. JG.

MET UP WITH Mrs. A.G. Sander at the Western Auto Store (that she sold recently to Harold Reich) the other morning. She reports that she has purchased a house in Bedford next door to son Dick and wife and expects to move there in the not too distant future. She has been visiting in Bedford lately. Mr. Lee Starr, who lives out Scranton way, reports that the peanut crop out his way isn't too good this year. They've decided to plow up the peanuts on his place and bale them as hay. The scoreboard at Chesley Field was being operated by Lee Kinard of the CHS staff when we looked in the press box last Friday night.

Local Boy Scouts raised the stadium flag just before kickoff, and the Rev. Frank Williams, Methodist pastor, gave the pre-game invocation.

LAST FRIDAY and Saturday's Book Fair at the Laguna was a good success, reports the E.L. Graham Memorial Hospital Auxiliary. Understand their net was between \$400 and \$500. Brenda 'n Friends, the new beauty salon that Mrs. Butch (Brenda) Willingham, opened Tuesday at 2110 Beech, got off to a good start, our scouts report. The building

was erected under the supervision (and hammering and nailing) of Mrs. BW's husband. He only had tape around one finger when we saw him Saturday. Mr. Jack Farleigh, zone chairman for area Lions Clubs, tells us that he has been real busy the past few weeks helping the various clubs sell tickets for the Lions Benefit Bowl this coming Saturday night in Breckenridge. You can get tickets from most Lions or at The Press office.

OUR SCOUTS report that CHS Instructor Rick Whatley has been doing pretty well hunting doves. Understand Lawyer Billy Wright and Coach John Parchman have been going along to back him up and give him some helpful hints inre shooting. The John Picklesimmers have moved into the home at 1300 Bliss that the First Baptist Church purchased recently for their music and education director. The David Callarmans, who moved out of the residence a couple of days before, now live in the stone house at 6th and Front.

THIRTY-TWO young people from the First Christian Church went to Fort Worth last Saturday to attend the TCU-Ole Miss football game. The youth activities leader, Mr. Jay Maples, and the Rev. Milo Steffen and other adults from the church accompanied the group. Cisco's was the largest group from any out-of-town church at the special TCU Day event. Men of the First Christian Church heard a program of religious music by Mae Green, director of activities at the Cisco Nursing Center, at their monthly breakfast last Saturday morning. Miss Green sang and played the piano. Rancher Charles Clark is ready for a good rain. He finished seeding a wheat field last Friday.

SORRY TO HEAR that Wm. R (Bill) Wells, Jr., formerly of Cisco, suffered serious injuries during a Texas-Oklahoma football weekend mishap in Big D. He was taken to Parkland Hospital, Dallas, and had not regained consciousness last weekend. His condition, however, had been upgraded from critical to serious and he was expected to regain consciousness momentarily. Little Bill, who played football at CHS and went to college at UoTT in Austin, suffered a pelvic bone fracture and had head injuries. His mother is Barbara Loveless of Eastland, and his dad lives down south in Texas.

Presbytery Holds Meeting

Some 250 delegates from Presbyterian churches from the north and western sections of Texas attended conferences of the Palo Duro Union Presbytery at the First Presbyterian Church in Cisco last Sunday afternoon and night and Monday. The Presbytery, governing body of the churches, meets three times each year and this was the first gathering in Cisco in some 25 years. The organization embraces

Presbyterian churches in cities from Brownwood to Dumas and from Cisco to Lubbock.

The Rev. Paul D. Young of Lubbock, the general presbyter, and his wife flew here by private plane and were met at the Cisco airport by Charles Graham of the local church. Mr. Young presided at sessions.

The Sunday program included a communion service at the First Presbyterian

Church followed by dinner at the Colony Restaurant. Delegates attended a breakfast at the Colony Monday and held a business session at the church during the morning. A luncheon was held at noon Monday at the Best Western Motel dining room.
