## Dinner Theatre Summer Season Gets Underway

**BY HERREL HALLMARK**  
The summer season of the Roof Garden Dinner Theatre got underway here Thursday night with the presentation

of Charley's Aunt, written by Brandon Thomas. The summer theatre is presented by the Fine Arts Department of Cisco Junior College.

A full house enjoyed the extremely delightful comedy, as well as the good food served by the apprentices of the program. The dinner

theatre was scheduled to present Charley's Aunt again on Friday and Saturday nights of this week. The night started off with a

ride in the old elevator up to the roof garden site on the top floor of the Laguna Hotel. Once inside, guests registered and were seated by their table's hostess.

The meal consisted of a salad, London broil roast, double baked stuffed potatoes, broccoli spears with cheese, dinner rolls and coffee or tea. A dessert of tropical fruit was served during the first intermission. The meal was catered by ARA Services, Inc., John Rehak, Director.

As in the past, the meal sets the mood for the play. In this case London, England, where the play is to have taken place.

Those viewing the performance of Charley's Aunt were continually laughing at the lines of the cast, as well as at the facial expressions and antics of those on the stage. The performances of all the cast members were superb, but the professional guest artists gave exceptional performances.

Especially fantastic in his role as Charley's Aunt is Charlie Hukill, who plays

Lord Fancourt Babberley. He is talked into dressing as a woman and pretending to be Charles Wykeham's aunt, in order to allow Charles and his friend, Jack Chesney, to propose to the girls they are in love with. Both Jack and Charles are students at Oxford in 1892, and the girls will not come to their home without a chaperone. That is where Charley's Aunt comes into the picture.

Trouble begins immediately as Lord Babberley (pretending to be Charley's Aunt) takes the opportunity to flirt with the girls himself and is in turn courted by two older men interested only in the aunt's money. Confusion reigns supreme when the real aunt turns up unexpectedly and only quick wit and good luck can save the day.

Mr. Hukill has been active in almost every aspect of the Abilene theatre scene, according to the credits given him in the theatre brochure. It also says, "He has acted at Abilene Repertory Theatre, Abilene Community Theatre and Van Ellis Theatre at

Hardin-Simmons University where he is employed as a designer/technical director. He is also a talented director with an MFA from DTC."

"Two summers ago he designed and built the sets for I Ought to be in Pictures and A Funny Thing Happened on the Way to the Forum. This summer he will act in Charley's Aunt, direct Blithe Spirit and design Guys and Dolls."

Other professional guest artists include Steven Vincent as Jack Chesney, Melanie Taylor as Kitty Verdun, and Melissa Holloway as Donna Lucia D'Alvadorez (the real aunt).

The rest of the cast consists of student performers Brad Hawari as Brassett, Clay Ingram as Charles Wykeham, Michelle Dempsey as Amy Spettigue, Wes Wynn as Colonel Sir Francis Chesney, Ronny Powell as Stephen Spettigue, and Johnna Brown as Ela Delahay.

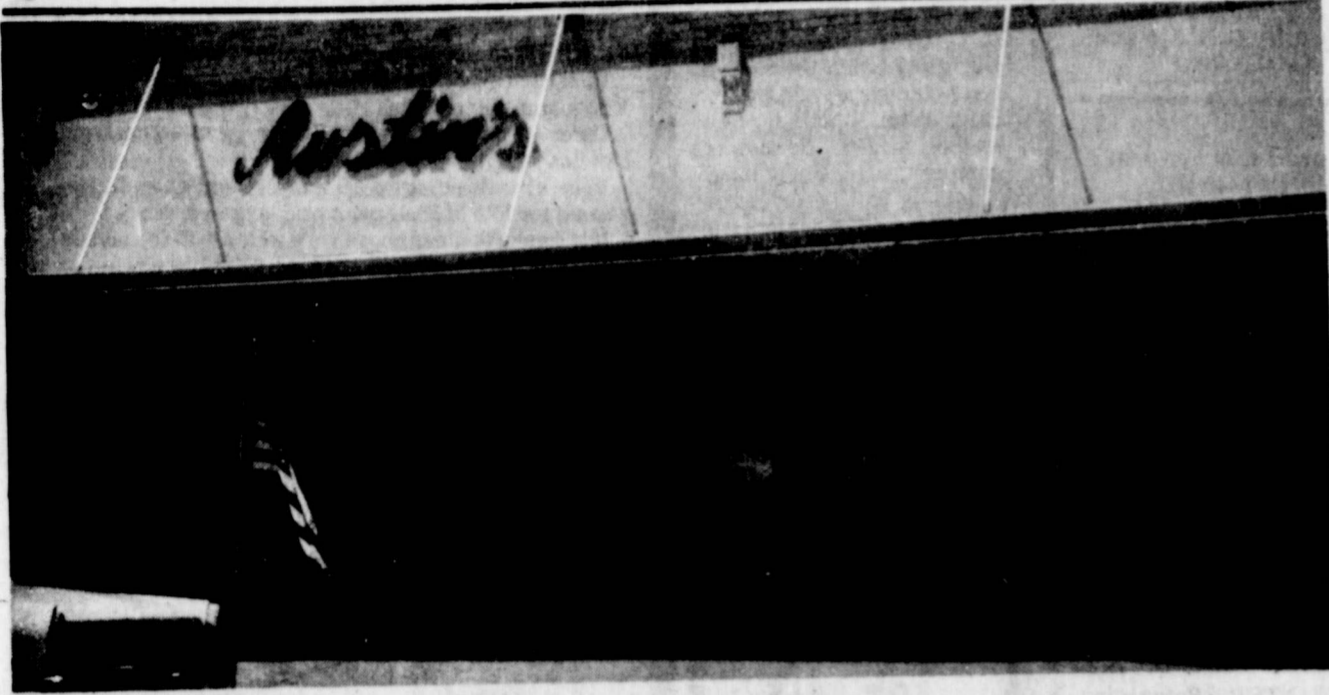

The production staff for Charley's Aunt includes Philip Craik, Director; John Holloway, Set

Design/Technical Director; Missy Holloway, Costumer; Melanie Taylor Assistant to Costumer; Joan Fariello, Stage Manager/Assistant Director; Melanie Taylor, Makeup; Delbert McNeill, Lighting; Sherri Ashley, Sound; Amanda Lewis, Properties; and Katrina Bogle, Christi Terrell, Yolanda Trinidad, John Holloway, Stage Hands.

Summer Apprentices make up the Production Crew.

The changing of the stage props and scenery between acts was interesting to watch during the 10-minute intermissions, as the entire stage was transformed for the next scene. Under the direction of Mr. Holloway, the stage hands carried in and out the different props used for each scene with the first scene being Jack Chesney's rooms, the second being a garden outside his rooms, and the third being the drawing room at Spettigue's house.

Reservations may still be made for the remaining summer productions by calling 442-2589.

**GRAND OPENING—Austin's Furniture Co., 706 Conrad Hilton Avenue, Cisco, is having a Grand Opening in its new location all this week.**

### HALL OF REMARKS

BY HERREL HALLMARK

ONCE AGAIN you have the opportunity to attend some fine performances by professional actors and actresses in your own home town of Cisco. I am talking about the CJC sponsored Roof Garden Dinner Theatre summer productions.

The summer theatre kicked off its 1984 season on Thursday night, June 14, with the production of "Charley's Aunt." Believe me, it is a very funny comedy that will keep you laughing almost throughout the entire performance.

If you have not made reservations for at least one of this summer's productions, then I would urge you to do so immediately. And guess what, now it does not matter what time of the day or night you call in your reservations, according to managing director Philip Craik, because they now have a 24-hour line.

So pick up your phone and call in your reservation now, before you forget. If you wait too late, you may not be able to get a seat in the capacity-filled performances.

GOOD NEWS to report is that Austin's Furniture Co. is holding a Grand Opening in their new location all this week. It is great to see that the Austin's did not let the

recent fire get them down when they lost their original building.

They have leased the old J.C. Penney building and have been getting in supplies after supplies. They now have a beautiful selection of furniture, as well as carpets and linoleums. Be sure to drop by this week and have a look at their merchandise.

SOME INTERESTING facts about Texas highways is printed in a brochure published by the State Department of Highways and Public Transportation. It is called Road Work Ahead - Texas Highways Data Book.

The brochure talks about the need of the state for more money to repair the existing highways, let alone build some new ones to accommodate expansion. In the back of the brochure there are some quick compilations of facts about Texas highways.

They are as follows: Did you know Texas has the largest number of vehicles in the nation, nearly 14 million?

Did you know Texas has the largest highway system in the nation (71,740 miles)?

Did you know Texas has the lowest state fuel tax in the nation - 5 cents a gallon?

Did you know the cost of accidents exceeded 3.3 billion dollars?

Did you know in 1983 there were 208,157 people injured in Texas traffic accidents?

Did you know in 1983 there were 3,823 people killed in Texas traffic accidents?

June 18 thru June 23. Following the burning of the original building which housed the company, Austin's has leased the old J.C. Penney building and has been increasing its stock of furniture over the past several weeks. The top photo shows the exterior of the present building with Austin's sign, and the bottom photo shows Bill Austin, Sr., standing among the large selection of living room furniture, gift items, baby beds, mattresses, and high chairs. Mr. Austin said they will have a good supply of furniture available for their Grand Opening. (staff photo)

### Water Pumps Will Be Off Monday

Contractors will be tying new raw water and filter water lines into the existing sedimentation basin at the Lake Cisco dam on Monday, June 18th, according to City Manager Mike Moore. He said this will result in the pumps out at the dam being turned off for several hours.

"While the underground tank at College Hill and the tower should be adequate to provide normal water service," emphasized Mr. Moore, "the City is requesting that everyone please be careful and conserve water this Monday and Tuesday until our pumping operations are back to normal."

As these water treatment improvements progress, there will undoubtedly and unfortunately be other interruptions in the City's normal water service, stated Mr. Moore. He said, "The City apologizes for any inconvenience, but will do everything possible to keep interruptions to a minimum and, of course, keep the inconvenience to our water customers to a minimum."

He continued, "The City will also make every effort to keep the public notified of our progress and give as much notice as possible

when any interruption to normal service is to occur. The water treatment improvements at the dam are progressing well overall, with mids to late September still the target date for their completion."

Mr. Moore said the 12-inch water supply line that traverses the City from the underground storage at College Hill to the water tower is almost complete. Final testing was being conducted on the line last week. If no problems occurred during the tests, the new line should be ready and in operation this week. Final clean up on the streets along the course of the new water line will start this week also.

In summary Mr. Moore said, "With this new 12-inch water line being operational and with the installation of new impellers in our high-service pumps at College Hill, the City will be able to maintain better and more constant water pressure throughout the system."

### WOW Will Meet

The Woodmen of the World Lodge will meet Monday, June 18, at 8:00 p.m. at the Woodman office, 309 W. 8th, Cisco.

## Public Meeting Set Tues. For Hilton Park & Center

All citizens of Cisco and the surrounding area who are interested in the development of the Conrad N. Hilton Memorial Park and Community Center are invited to a public meeting to be held on Tuesday evening, June 19, at the Community Room of the First National Bank, according to an announcement by Cisco Mayor Eris Ritchie, chairman of the project's steering committee.

Mayor Ritchie stated that the main purpose of the meeting would be to solicit input from all interested persons and organizations in regard to the format, floor plan, and utilization of the Mobley building as it is to be rehabilitated. Cisco citizens will also be updated on the status and progress of the project up to the present time, the mayor said.

The City of Cisco is the recipient of a grant in the amount of \$1.2 million from the Conrad N. Hilton Foundation in Los Angeles for the purpose of establishing an appropriate memorial to Conrad Hilton on the site of the Mobley Hotel, at West Fourth Street and Conrad Hilton Avenue. During March and April a survey

was taken to measure community sentiment as to whether to rehabilitate the old Mobley Hotel or to tear it down and build a new community center in its place. The virtual unanimous community opinion was that the Mobley building should be saved. The steering committee for the project, consisting of Mayor Eris Ritchie, Elaine Dixon, Dick Woolley, and Dr. Norman Wallace, has been directing its efforts since the survey was made to planning a construction budget that will meet the requirements of the Hilton Foundation for the project's format. Details of this planning will be discussed at the Tuesday evening public meeting, Ritchie said.

General objectives for the project have been outlined to include: Utilizing the rehabilitated building for housing the Cisco Chamber of Commerce operation; a community meeting room; and possible headquarters for other civic organizations or activities. Plans also call for the entire triangular-shaped city block to become a well developed community park.

"We would urge all

citizens who are at all interested in the format the Mobley-Hilton project will take to be present at the Tuesday evening meeting," the mayor stated. "We cannot know what the citizens and organizations of the community would like to see become a part of this project

unless they let us know. It is our desire to carry out the wishes of our citizens just as far as is humanly possible, so every person's input is important. If you have ideas, please come Tuesday night and share them with us," Mayor Ritchie concluded.

### City Council Writes Letter About Suit

The Cisco City Council has written an open letter to the members of the Westbound Water Supply Corporation and the Citizens of Cisco in regards to a lawsuit filed on the City by Westbound Water Supply Corporation on March 19, 1984. The entire letter may be seen on the back page of this edition of The Cisco Press.

The lawsuit was filed in regards to a proposed rate increase by the City of Cisco for Westbound's monthly water rate to go from 50 cents per 1,000 gallons to \$1.27 per 1,000 gallons. The letter states, "This increase also included four years of actual demonstrable increases in the maintenance

and operation of the water treatment plant, which has never been passed on to Westbound."

The decision to increase Westbound's rates followed the approval of a bond issue in April, 1982 by the citizens of Cisco for much needed and required water treatment and distribution improvements.

The citizens of Cisco and the customers of Westbound Water Supply Corporation are strongly urged to read the letter from the Council, whose stated purpose is "to inform the members of Westbound and the citizens of Cisco as to the facts in this unfortunate matter."

### Yard Of The Week

204 WEST 5th, the hold of Mr. and Mrs. Glenn Dietiker, has been chosen as Yard of the Week by the Cisco Garden Club. The club, in cooperation with The Cisco Press, will focus on a pretty yard each week to be featured. Due to the water

shortage, a green lawn is not a must for the award. Any suggestions would always be helpful and may be made by calling 442-2134 or 442-1720. (staff photo)

# Homemaking Hints

County Extension Agent

Janet Thomas

Many shoppers automatically reach for the cereals, breads and other products labeled "iron fortified". But is that really the best nutrition decision?

Whether iron-fortified foods actually have an added nutritional benefit is not a simple yes or no question.

How much iron you need depends on a number of factors including age, sex, weight and how well your body absorbs and conserves iron.

Because an average 10 percent of the iron in foods is absorbed for use by the body, the Recommended Dietary Allowance for iron is ten times greater than the body actually needs. For example, women of childbearing age need to absorb 1.8 milligrams of iron, but the RDA is set at 18 milligrams.

Interaction of iron with other chemicals is one factor that affects absorption. The tannins which are naturally present in the iced tea that Texans love to drink, for instance, can combine with iron to decrease absorption.

Yet vitamin C from citrus fruit can combine with iron to increase absorption. Iron naturally present in red meats, poultry and fish can also increase the absorption of iron for plants and plant products such as spinach and other green vegetables, so much people can't get enough iron from eating a well-balanced diet.

If you do buy fortified foods, check the label both for the type of iron added and the percent of RDA.

The chemical form most frequently used to fortify foods is "reduced iron". This pure form of iron is added as a very fine powder which is easily absorbed by the body. "Reduced iron" is typically just by the word "iron" on the ingredient. Iron may also be added in the form of iron salts. Some iron salts, such as ferrous sulfate and ferrous fumarate are similar to "reduced iron" in absorption. But those containing phosphate complexes such as ferric phosphate and ferric pyrophosphate are not as easily absorbed by the body.

Preschool children, women of childbearing age and pregnant women are at greatest risk of developing iron deficiency. Adding iron to some foods can help assure that people get adequate amounts of iron, but can also mean that others may get too much.

The Food and Drug Administration has established some product standards for iron. However, many pro-

ducts such as breakfast cereals do not have standards and may contain amounts of iron ranging from a tract to 100 percent of the RDA.

Consumers are advised to consider their individual needs for added iron, and use the nutrition label as an important shopping tool when buying fortified foods.

The Texas Agricultural Extension Service is sponsoring a seminar entitled Farm and Ranch Business Management for Women Landowners. A seminar for women landowners to explore income generating and tax saving opportunities for their farms and ranches is the major purpose of the seminar. Topics will include: Leases, How do you own your land?, Life estates, How do you run your business with emphasis on corporations, partnerships, etc., Income tax planning, Basic estate planning and Estate Planning Tools which

includes oil and gas interests, use of corporations and partnerships, selling part of the business, discount on estate taxes, etc.

The Seminar will be July 11, 12 and 13th at the Holiday Inn North 77 NE Loop 410 in San Antonio. Pre-registration is required for those wishing to attend. Registration forms and seminar brochures are available at the local County Extension Service Office or by calling 629-2222.

**RECIPE FOR THE WEEK:**  
Hot summers mean delicious, cool salads are a must.

**CREAMY CUCUMBER MOLD**

1 (3 ounce) package lime-flavored gelatin  
1 cup boiling water  
1/2 teaspoon salt  
1 cup mayonnaise  
1/2 cup commercial sour cream  
1 cup finely chopped cucumber  
3 tablespoons chopped

## Defensive Driving Course Offered

As a service to the community, Cisco Junior College will offer a Defensive Driving Course June 18 from 6-9:30 p.m. in the Science Hall Lecture Room. Fee for the course is \$20.

The Defensive Driving Course is an eight-hour classroom course designed to improve driver skills and attitudes, especially in emergency situations.

Drivers who complete the training are eligible for a 10% discount on automobile insurance rates covering bodily injuries, property damage, medical payments and collision coverages. Good for three years, the dis-

count may be renewed by retaking the Defensive Driving Course.

Enrollment fee must be paid by 3 p.m. on June 18. No late registration fees will be accepted.

For more information or to register, call or come by the President's office at Cisco Junior College.

## Beans On Rite Menu

The Eastland County Scottish Rite meeting will be Thursday night, June 21, 1984, at the American Legion Hall in Rising Star at 7:00 p.m.

A meal of "Cajun Beans", cornbread, banana pudding, tea and coffee will be served. All Master Masons and wives are cordially invited.

Now! For Ladies.

## Lights From The Christian World by Josephine Cleveland

"For though we walk in the flesh, we do not war after the flesh; for the weapons of our warfare are not carnal, but mighty through God to the pulling down of strongholds. 2 Cor. 10:3,4.

We should not "give in" or surrender to the attacks of Satan. Nor should we be "rocked to sleep" and think because we are saved there will never be another battle. Our position is to know that we are "in Christ" and therefore we have the power and victory over Satan in whatever fight he starts in our lives.

There is constantly going on in the mind of every Christian two very distinct battles. The Spirit fights the flesh and the flesh wrestles the Spirit of man.

Are you having a struggle in your life now? You need not think that you are abnormal if you are a warring Christian. We are in a fight, the fight of faith. Rev. 12:11 tells us we can overcome the enemy by the word of our testimony, by what we speak. Maybe you have never considered this. You may be speaking death to yourself and others. This does not mean that you do not accept the facts and reality of your needs, but to continually let your mind be fed upon them rather than accentuating the positive can send you into the slough of despondency. Speak life!

Let lift giving thoughts flow into your mind and heart. You can possess a conquering spirit by confessing the promises of God, regardless of appearance, circumstances or feeling. The Word tells us, "Bring into captivity every thought to the obedience of Christ." By following this precept you can be assured that Satan will stop harrassing you—He will flee from you. Heavenly Father, help us to speak life to ourselves and others. We know your promises are true. Amen.

## Local Pastor Will Lead Crusade Team In Peru

BRO. CECIL DEADMAN

Pastor Cecil Deadman of the East Cisco Baptist Church will be leading one of 34 teams that will be taking part in a nationwide Crusade for Christ in Peru, South America. The teams will be made up of members of Southern Baptist Churches from across the United States. At last count team members were coming from six states. Each team will consist of four to six persons. The team led by Bro. Deadman will also include Dr. and Mrs. Eddie Allen and their son, Tom, from Del City, Oklahoma. The Allens were members of a church that Bro. Deadman formerly served.

Pastor Deadman said that the most difficult part to date has been the preparation time. "Many of the folks in the Cisco area have contributed items to be used as well as time and effort in

making the trip possible," he said.

His main difficulty was in securing a passport since the Passport Office in Houston has such a huge backlog. It now takes seven to eight weeks just to process a passport in the regular manner. "Language is another barrier in a trip such as this," he continues. Most of the materials that are to be used are printed in Spanish and International Crusades, the sponsoring organization, has prepared bi-lingual materials for the team since most team members do not speak Spanish. Some of the members of the local church have prepared "Wordless Books" to be used in witnessing.

Pastor Deadman just recently received his assignment through International Crusades. He will be preaching for 8 days in the Emanuel Baptist Church of Barranco, Peru. "Barranco is a suburb of Lima and has a population of 65,000 people. There is only one evangelical congregation in the city and it has been there for only 13 years. They have only 70 members and average 68 each Sunday in their Bible Study program," Bro. Deadman said. "I'm excited about the opportunity to work with this church," he continued, "their pastor is 33 years old and serves with the church on a full time basis. They have a music program that is much like that in our

own church. They use a piano, guitar, accordion and tamborine to accompany their worship in music. Their auditorium will seat approximately 300 people and we have been told to expect overflow crowds in every service."

The trip will cover 13 days and the expenses for Bro. Deadman have been met by love gifts from the members of the East Cisco church and International Crusades, the sponsoring organization, has prepared bi-lingual materials for the team since most team members do not speak Spanish. Some of the members of the local church have prepared "Wordless Books" to be used in witnessing.

### Judge Resigns

Jasper Cook, reappointed by the City Council Tuesday night as Municipal Court judge, made a verbal resignation of that position on Thursday, Cisco Mayor Eris Ritchie said Mr. Cook had turned in his keys by Thursday afternoon, June 14, but the council had not received a written resignation.

Mayor Ritchie said the council had reappointed Mr. Cook to his judge's position Tuesday night, June 12, and had asked for better rapport between the judge's office and the police department. He said the request had also been made of the police department in regards to the judge's office.

The Council will be looking for a replacement of the judge's position, according to Mayor Ritchie.

### REDEEMER LUTHERAN CHURCH

Sunday School and Bible Classes begin on Sunday at 9:30 a.m. Our Worship Service begins at 10:30 a.m. Pastor Crockett's message is entitled "Happy Forgiveness Day, Fathers!" based on Romans 6:3-11. "Look through a microscope, or listen to a stethoscope - they all tell of the glory of God in creation," says Dr. Oswald Hoffman, Lutheran Hour speaker. Hear the message "Isn't God Grand!" on radio station KLCW, 9:00 a.m., this Sunday at 8:00 a.m.

Vacation Bible School will be held in the Parish Hall on Monday through Friday, from 8:30 to 11:00 a.m. Theme for the week is "God Bless Our Native Land." To enroll your child, please call Mrs. Muri Stroebel (442-3498) or Mrs. Laura Ziehr (442-1735).

The Cisco Care Center worship service will be on

### New Zealand Lions Member Visits Ranger

Des Drake, a Lion's Club member from Lower Hutt, New Zealand, received a warm reception in the Depot Museum at Ranger Friday morning. A group of local Lion's Club and Chamber of Commerce members joined in welcoming him.

Drake was handed the Key to the City of Ranger by Ron Butler, Water Commissioner representing the city, and Tommy Brashier, President of the Ranger Chamber of Commerce.

Jim Cockburn, president of the Ranger Lion's Club, presented Des Drake with a cap encribed with the Ranger Lion's Club emblem. He was made an Honorary Member of the local club. "This is my first visit to Texas," responded the smiling New Zealander. "It's a great welcome. I really appreciate it."

Des Drake, is a guest of Tommy and Marilyn Brashier, and he plans to stay in Eastland County for about a week. During this time he will speak to the Eastland Lion's Club on Tuesday, June 19, to the Cisco Lion's Club on Wednesday, June 20, and back in Ranger on Thursday, June 21.

This is the first lap for Mr. Drake of a journey around the world. He flew from New Zealand to Los Angeles, went to San Francisco, then flew to DFW Airport, where he was met by the Brashiers Thursday night.

The Brashiers first met him at an International Lion's Club Convention in Montreal, Canada in 1978. At that time, a friend of Drake's, Lloyd Morgan, from the Lower Hutt Lion's Club, was elected International President. The Brashiers and Drake have since corresponded.

When asked about his first impression of Ranger, Drake answered: "Beautiful water! It tastes so cold and good." Someone pointed out Water Commissioner Ron Butler as "The man responsible!"

Drake gave everyone present a brochure on New Zealand, and visited with all. "When you're with a Lion's Club you're with friends," he said.

Wednesday at 10:00 a.m. Children of the Vacation Bible School will share their love for Jesus in songs.

The Texas District Convention of the Lutheran Women's Missionary League convenes at the "Marriott on the River" in San Antonio from June 20-22. Pastor Crockett, pastoral advisor for the Mesquite Zone, will be in attendance.

Closing Service for Vacation Bible School will be on Friday at 7:00 p.m. in the Parish Hall. Homemade Ice Cream and cookies will be served after the Service.

# American Heart Assn. Is Asking For Your Help

The American Heart Association is asking for your help once again. Patsy Hogan, chairperson of this year's 100 Heart Club Campaign has announced that this year's campaign will be headed by the Cisco High School cheerleaders.

Dana Carlite, Genine Reich, Brenda Ayalls, Lynn Pittman, Lorna Gage, and Leslie Covert will be the team leaders who will be soliciting your donations. All personal and business contributions will be greatly appreciated.

The American Heart Association is the major health organization dedicated solely to the reduction of early death and disability from heart disease, stroke and related disorders. Despite a continuing reduction in the death rate from heart disease and stroke, more than 42 million Americans are afflicted with these diseases. And in fact, nearly one million Americans (including 50,000 Texans) die each year as a result of these diseases. In Texas, that means 45± of all deaths are caused by heart and blood vessel disease.

## Thursday Accident Injures 2 Ciscoans

There was an accident investigated by the Cisco Police Dept. at 5:00 p.m. on Hwy. 6 at Franklin St. There were two vehicles involved in the accident: A 74 Toyota truck driven by Ira Dobbins of Cisco, and an 82 Oldsmobile driven by Lezlea Hull of Cisco.

Both were transported by ambulance to E.L. Graham at 5:10 p.m. where they are receiving treatment. Both were reported in good condition at press time.

There were several arrests and investigations made by the Cisco Police Dept. during the week. On

## Dr. Auvenshine Resigns From Ranger J.C.

Dr. Bill Auvenshine, Dean of Students at Ranger Junior College, has resigned his position and accepted the Presidency of Hill Junior College, Hillsboro, Texas. Dr. Auvenshine will assume his duties in Hillsboro July 1.

His wife, Dr. Anna Auvenshine, Professor of English and Reading at RJC, has also resigned her position.

Dr. Auvenshine came to Ranger Junior College and Band Director in 1974 and was made Dean of Students in 1975.

There are two children in the Auvenshine family, daughter Karen and son Lee. Karen, who is a senior in high school, will remain in Ranger for the next school term.

The Auvenshines have been very active in church and civic affairs, as well as county and political events. The community has expressed regret at losing such dedicated people. A more detailed story about the work of the Auvenshines will appear in the Eastland County Newspapers shortly.

After accepting the position at Hill College Dr. Auvenshine stated: "I made this decision with mixed feelings, accepting only because it was a professional advancement for me."

"We have enjoyed living in Ranger, and will never forget our friends here and in Eastland County."

6-12 CPD investigated an attempted suicide at CJC. On 6-13 there were two burglaries reported. There were approximately \$1,000 worth of tools taken from Patton Auto Salvage, and James Jones reported that a light fixture valued at approximately \$5.00 was taken.

On 6-14 a 23 year old white male was arrested on DPS traffic warrants from Callahan county. The subject paid the \$70. in fines and was released.

On 6-15 at 1:00 a.m. 3 white males ages 36, 42, and 49 years of age were arrested at the Point on Lake Cisco for disorderly conduct and public intoxication. It was reported that the men were drinking and fighting. Cisco officers involved in the arrest were Sgt. Jernigan and Officer Biggs. All three men were transported to Eastland County Jail.

Also on 6-15, at 2:00 a.m. 3 subjects were arrested on Conrad Hilton Blvd. for disorderly conduct. One of the subjects was released on the authority of Judge Holder after fines were paid.

## GED Test Set At CJC Wednesday

The General Educational Development Test (GED) will be given at Cisco Junior College from 8 a.m. to 4 p.m. on Wednesday, June 20.

June 20 is the last testing date for the summer but testing will resume in September.

The GED is designed and administered to individuals who did not graduate from high school. The tests are given to person 18 years of age and older. Persons who are 17 years old and are not enrolled in high school are fully eligible to test and receive certificates if they have parental or guardian permission.

The GED consist of five tests in the following areas: grammar, social studies, natural science, literature, and math. Fee for the exam is \$15. The GED is available in both English and Spanish. Testing is limited to six persons per session. For more information call Mrs. Pena at (817) 442-2567.

In the decade between 1972 and 1982, the death rate for coronary heart disease fell by 15± and the death rate for stroke declined by more than 37±. If the rates of 1972 had continued on into this last year, then 11,931 more Texans would have died from heart disease than actually did. That's lives saved. That's progress! This proves that the programs sponsored by the American Heart Assoc. in Texas since it was founded have played an important role in helping to achieve these results.

Our campaign this year dedicated to the memory of J.C. Fletcher, a well-known and loved citizen of Cisco who died 4-24-84. All donations should be made before or on Friday, June 29, 1984 and may also be made at Olney Savings.

## Perdue Reunion Is Held In Cisco June 1 & 2

The Perdue reunion for descendants of James A. and Sarah Hall Perdue was held in Cisco on June 1 & 2.

Friday evening the family met and enjoyed a dinner at the Colony Restaurant. On Saturday they enjoyed the day and the luncheon at the Corral Room.

Those attending were Mr. and Mrs. Claud McBeth and Bobby Butler of Springtown, Mr. and Mrs. T.E. Stephenson, Dionne Stephenson, Vonda Stephenson and David Draper of Big Spring, Terry, Mary and baby Stephenson from Ponca City, Okla., Fred A. Steffey, Jr. of Grand Prairie, Lucille Cook and George Barns of Plain Dealing, La., Lillian Hope of Shreveport, La., Raymond Perdue from Post, Mr. and Mrs. Vance Osborne, Mr. and Mrs. Leonard Chambliss of San Angelo, Mr. and Mrs. John Perdue of Ida, La., Judy Decker, Shannon, Suzanne and Janelle from Westwood, Kansas, Mr. and Mrs. Fred Perdue of Lubbock, Javene Lambert from Mansfield, Thelma Hogan of Wolforth and Gladys Carter of Granbury.

Those attending from Cisco were: Mrs. Reba Steffey, Mr. and Mrs. Rodney Sharpe and Kristopher, Mr. and Mrs. Frank Wilcoxen, Mr. and Mrs. Clif Andrews, Mrs. Sharon Wilcoxen and Melissa, Mr. and Mrs. Jerry McBeth, Mrs. Grace Harrelson, and Mrs. Artie Bell Perdue.

Officers elected for the coming year are Fred Perdue, President, and Grace Harrelson, Secretary-Treasurer.

## CJC Offers Driving Course

As a service to the community, Cisco Junior College will offer a Defensive Driving Course June 18 from 6-9:30 p.m. in the Science Hall Lecture Room. Fee for the course is \$20.

The Defensive Driving Course is an eight-hour classroom course designed to improve driver skills and attitudes, especially in emergency situations.

Drivers who complete the training are eligible for a 10% discount on automobile

## Robbie Phillips, Kenneth Watson Married in Bethel Church Ceremony

Miss Robbie Diane Phillips of Cisco and Kenneth Robert Watson, Jr. of Austin, were united in marriage in a traditional wedding ceremony Saturday, May 26, at 2 o'clock in the afternoon.

Rev. Darrell Monday, pastor of the First Baptist Church of Rotan and Rev. Richard Watson, pastor of New Hope Baptist No. 2 of Gorman, uncle of the bridegroom, performed the ceremony at Bethel Baptist Church in Eastland.

Parents of the bride are Mr. and Mrs. Jack Phillips of Cisco. Parents of the bridegroom are Mr. and Mrs. Kenneth R. Watson of Eastland.

Given in marriage by her father, the bride wore a wedding gown of white organza with re-embroidered alencon lace. The gown had long sleeves with lace insets that came to a point at the hand. The fitted bodice had a V-neckline in the front and back and was covered with re-embroidered alencon lace. The gown had a chapel length train with lace appliques on the front and back of the very full skirt, and lace trimmed edged the skirt. Her veil was fingertip length with lace appliques, and a blusher veil covered her face. The bride's something old was a lace handkerchief

Dec Spradling of El Paso. They wore long dresses of light apricot color. The neckline of the dresses came to the right of the shoulders and was enhanced by a small ruffle around the neckline. The very full skirts were accented by a small apricot sash at the waist and a large ruffle that went around the bottom of the skirt, giving the illusion of a bustle in the back. They carried nosegays of silk roses and flowers as in the bride's bouquet, and they wore combs with apricot flowers in their hair.

Kerry Watson of Abilene, brother of the bridegroom, was best man. Groomsman were Ken Swift of Arlington, John Mathews of Lubbock, and Scott Spradling of El Paso. Ushers were Shannon Housson, Darrell Basham, and Gary Peak all of Austin.

The bridegroom and his attendants wore black tuxedos and white tuxedo shirts.

Candlelighters were Jason Phillips of Cisco, brother of the bride, and Rachel Watson of Eastland, cousin of the bridegroom.

The church was decorated with two large apricot and white arrangements on either side of a large arch holding 29 candles.

Mrs. Flo Clark played the prelude, procession, and recessional on the organ. Richard Rossander sang "The Wedding Song," "Make Me Like You," and "Flesh of My Flesh," accompanied by Melinda Draper on the piano.

A reception was hosted by the bride's parents at the Women's Club with the traditional bride's and bridegroom's cakes served.

The bride graduated Eastland High School and was employed by Johnston and Johnston, CPA's in Eastland.

The bridegroom also graduated Eastland High School, Cisco Junior College, and the University of Texas at Austin. He had been

## Study Done On School Priorities

New priorities for public school education in Texas can be carried out by reallocating existing funds to accomplish many of the recommendations made by the Governor's Select Committee on Public Education, according to a report released by the Texas Research League.

The Austin-based public policy research organization reported the finding in connection with a study of resources allocation in a representative sample of Texas school districts.

The study is based on data from 19 districts. Earlier, the League released a preliminary report based on partial data from only 12 of these districts. League President, Jared Hazelton, observes: "While the data from the 19 districts yields averages which differ somewhat from those obtained from the 12-district sample, the general pattern of salary expenditures and the major findings are not changed significantly."

The study reveals that the core academic curriculum in the sample high schools—defined as all courses in English, mathematics, science, social studies, and foreign languages—averages only about 45 percent of the instructional salary dollar. Among these schools, which range in size from 140 to 2,349 students, the share of the instructional dollar devoted to the core academic curriculum ranges from 32 to 53 cents. Generally, schools with larger enrollments have a relatively higher share of their instructional dollar for the academic core courses.

On the average, the rest of the high school instructional dollar broke down this way: 19 percent for vocational education, 15 percent for

electives, nine percent for competitive sports, six percent for health and physical education, and six percent for special and compensatory (i.e., remedial) education. In general, the larger high schools devoted more of their instructional salary dollar to electives and less to vocational education, than did the smaller high schools.

Based on data from eight school districts, the League study found that instruction accounts for about two-thirds of the total district salaries, instructional support for about eight percent, administration for roughly 14 percent, and district support services (i.e., transportation, food service, and maintenance) for nearly 12 percent.

The League noted that administrative salaries do not appear to be related to the enrollment of the district, at least within the size range of the districts studied (492 to 2,791 students).

Among the junior high/middle schools studied, on the average academic instruction accounts for about 84 percent, vocational education for five percent, compensatory programs for four percent, and special education for seven percent of the instructional dollar.

As with high schools, the study found that vocational education salary costs in the junior high/middle schools are considerably above the academic course salary costs—\$228 per student as compared with \$153 per student. Again, a major reason for the higher vocational education cost is the lower pupil-teacher ratio—18 to 1 as compared to 24 to 1 for the academic courses.

Among the elementary schools studied, academic courses account for about 82 percent of all instructional salaries, special education for 10 percent, and compensatory programs for seven percent.

The League undertook the study at the request of the Select Committee on Public Education chaired by H. Ross Perot.

## "Dress Up" Your Photos with Creativity

Did you ever notice how children love playing outdoors...until you want them to? Then, it seems, they can't come in through the sliding patio doors often enough. Threatening doesn't work. Most kids know by the time they've turned 10 we parents don't really live up to our threats.

Bribing doesn't work. There's simply not anything a kid wants badly enough to merit staying outdoors for. Trickery doesn't work, either. Even if we trick them into going outside ("Did you kids see that giant condor flying over the Willobys' back yard?"), most kids have such short memory spans, they've forgotten why they've gone outside even before they've gotten there. And then, of course, it's back inside for a re-briefing.

I have a solution. It's viable any time of the year, winter through fall, on any type of day—sunny and warm to freezing cold. It's called dress up. Remember? But you can make it even more fun, more challenging, by taking photographs of the kids in costume. Perhaps even have a best-dress-up contest, in which the winner wins a chocolate-chip cookie or an extra ride at the amusement park.

Another benefit of having your children play dress-up for the camera is giving a self-conscious or overly shy youngster the chance to ham things up with abandon while getting used to the "friendliness" of the family camera.

In order for dress-up to work, you'll need some costumes (which need not be anything more than the most outrageous clothes you can find in your wardrobe plus an umbrella, hat, scarf, costume jewelry, etc.), a plain, uncluttered background, and a mirror so the children can admire their creative handiwork. And, of course, a camera with electronic flash.

While dress-up works with one, it's even more fun with two or more children. They may all be your own, or your child can ask a friend or two over for a few hours.

Depending upon the age of the children, you'll probably want to limit their activities unless you're there to supervise. Remember: lipstick doesn't easily come out of a silky cotton dress...no more so than black shoe polish rubs out of lightweight denim pants.

If you can limit the items the youngsters have to choose from, you'll actually make dress-up easier for them; they'll have fewer major decisions to make. And you can go about your business, peeking in from time to time to see how things are going.

When all are dressed, have them pose individually or in a group. If shooting against a wall, have the subjects stand forward eight or ten feet so the shadow from the flash won't be so pronounced.

If you have an instant-print camera, use it. The kids will get a kick out of seeing the results immediately. Otherwise, you'll have to explain that it will take a day or two to get the film processed. Then it's simply a matter of finding an impartial judge to mediate the

contest (or, to prevent hurt feelings, the competition just might end in a tie).

Here are a couple tips to help you take the best photos possible.

- 1) Hold the camera steady to eliminate any motion blur. If possible, mount the camera on a tripod.
- 2) While the children should stand reasonably still for the shooting, electronic flash has a short enough duration to "freeze" minor movements, resulting in sharp photos.
- 3) For a more interesting shot, do all your shooting from children's-eye level...approximately the height of the children's faces.
- 4) Take several shots of each pose. In that way, you'll have plenty of prints to go around...some for the family album, some for the kids, and a few left over for very appreciative grandparents.
- 5) For even more interesting shots, take a few candid of the children in the act of getting dressed. You can even capture their reflections in the mirror as long as you stand at an angle so that the flash doesn't bounce back at the lens.

Give it a try. It's a fun, easy, sure-fire way to get some top-quality, endearing kid shots. And don't be surprised if it ends up being one of your children's most favorite activities.

Give your kids something to do and help yourself to precious photos like this one.

# Oil Belt News

## Drilling Bits

A new wildcat has been brought on line in Eastland County, with Farmers Oil & Gas Exploration of Abilene as the operator.

Located five miles west of Cisco, the well is in a 327-acre lease in the TE&L Survey, Sec. 3165. It is designated as the No. 1 Childress.

On a 14/64 choke, it flowed 288 barrels of oil and 518,000 CF gas per day.

The well bottomed at 3,198 feet and will produce from perforations 3,114 to 3,140 feet into the hole.

Snov Oil Co. of Ft. Worth has filed first production figures on two new oil wells in the REB Field. The Nos. 1 & 2 Pearson-Poteet showed combined potential to pump 123 barrels of oil per day on an open choke.

The operator has 160 acres leased, with drillsite in Eastland County's H&TCRR Survey, Sec. 9, Blk. 4, four miles northeast of Eastland.

The wells will produce from perforations ranging from 3,424 to 3,494 feet into the wellbore. Total drilling depths were 3,860 and 3,890 feet, respectively.

The Eastland Regular Field gained a new producer when Clyde Petroleum, Inc. of Breckenridge completed the No. 1612 North Pioneer Unit two miles northeast of Pioneer.

The well indicated ability to pump at the rate of 28 barrels of oil per day. It was taken to a 2,722-ft. bottom and will produce from perforations 2,482 to 2,512 feet into the wellbore.

The operation is in a 1,731-acre lease in the C.L. Lewis Survey.

Ridge Oil Co. of Breckenridge has filed first production figures on two new wells in Eastland County.

The No. 1 Reynolds Unit indicated ability to flow 269,000 CF gas per day on a 1 1/4-in. choke. It was rated at 3,250,000 CFD on absolute open flow. The well will produce from an interval 3,482 to 3,488 feet into the wellbore. Total drilling depth was 3,750 feet.

The operator has 49 acres leased, with drillsite one mile east of Ranger. Location is in the Hagaman Field, James Lehea Survey, A-360.

The No. 1 Harrison showed potential to make 17 barrels of oil and 60,000 CF gas per day. It bottomed at 4,150 feet and will produce from a perforated interval in the Marble Falls Formation, 3,540 to 3,565 feet into the hole.

The operator has 240 acres leased, with drillsite six miles northeast of Cisco. Location is in the Rebecca Field, J.R. Stubblefield Survey, A-2018.

At a location five miles northwest of Eastland, Chase-Mann Petroleum, Inc. of Ft. Worth has finished a new oil produce in Eastland County's Cameron Field.

The well is designated as the No. 1 Clark, pumping at the rate of 20 barrels per day.

Location is in a 103-acre lease in the H&TCRR Survey, Sec. 42, Blk. 4. Bottomed at 3,947 feet, the well will produce from perforations in the Marble Falls Formation, 3,418 to 4,428 feet into the hole.

Two new producers have been brought on line in the Eastland Regular Field, with Bergen Enterprises, Inc. as the operator.

Located three miles northwest of Rising Star, the wells are in a 240-acre lease in the ETRR Survey, A-741.

They are designated as the Nos. 16A & 20A F.W. Roberds.

The wells showed combined potential to make 44 barrels of oil per day. They will produce from perforations ranging from 1,050 to 1,106 feet into the hole. Total depth of each well was 1,140 feet.

A 3,500-ft. developmental well is planned by Republic Energy, Inc. of Bryan at a drillsite six miles south of Carbon, Eastland County. The location is in a 20-acre lease in the G.W. Robinson Survey, A-421. Well's designation is the No. 3 Martin. It is in the Moreno Field.

Sun Exploration & Production Co. of Abilene has filed first production figures on four new oil wells in Eastland County.

The Nos. 1217 & 5029 North Central Ranger Unit showed combined potential to make seven barrels of oil daily. Locations are four miles west and southwest of Ranger in the Ranger Field, John York Survey, A-557. The operator has 3,370 acres leased.

The wells will produce from perforations ranging from 3,256 to 3,350 feet into the hole. Total depths were 3,635 & 3,620 feet, respectively.

The No. 23 Ranger McCleskey Sand Field Unit indicated ability to make five barrels per day. The

operator has 1,362 acres leased, with drillsite in the Ranger Field, W.H. Ahrenbeck Survey, three miles west of Ranger.

Bottomed at 3,601 feet, the well will produce from perforations 3,252 to 3,495 feet into the wellbore.

The No. 2 J.R. Wood will make two barrels daily. Location is two miles west of Ranger in the Eastland Regular Field, Mark Haley Survey, A-156.

Production will be from perforations 3,238 to 3,267 feet into the hole. Total drilling depth was 3,635 feet.

A Dallas-based operator has staked location for the No. 2 Parsons, a developmental well to be

located five miles southwest of Ranger. With projected total depth of 1,100 feet, the well is in a 160-acre lease in the Eastland Regular Field, Elizabeth Finley Survey. The operator is Meadowcreek Resources, Inc.

Eastland County's REB Field gained a new producer when Dallas Sunbelt Oil & Gas Inc. completed the No. 1 Garrett two miles north of Eastland.

The well indicated ability to pump at the rate of 38 barrels per day. It was taken to a 3,759-ft. bottom and will produce from a set of perforations in the Marble Falls Formation, 3,362 to 3,378 feet into the wellbore.

The operation is in a 160-acre lease in the H&TCRR Survey, Sec. 13, Blk. 4.

A new gas wildcat has been brought on line in

Eastland County, with Bill Herod of Ranger as the operator.

Located three miles southwest of Eastland, the well is in a 160-acre lease in the James Hannum Survey, A-163. It is designated as the No. 2 Waynick.

ON a 3/4 choke, it flowed 115,000 CF per day. It was

rated at 122,000 CFD on absolute open flow.

The well bottomed at 3,590 feet and will produce from perforations 3,058 to 3,070 feet into the hole.

Sam Beggs Oil Co. of Eastland has filed for permit to drill the No. 1 Hopson, an 800-ft. developmental well

three miles east of Carbon. Location is in a 30-acre lease in the Eastland Regular Field, H&TCRR Survey, A-1634.

# Census Report Shows Texas Gain In Farm Numbers

Texas farms gained in numbers and decreased in size between 1978 and 1982, according to the Commerce Department's Census Bureau.

Preliminary reports just released for the 1982 Census of Agriculture show 185,026 farms, compared with 175,395 in 1978. Land in farms totaled 130.8 million acres, an average per farm of 707 acres, compared with 773 in 1978. Total sales of agricultural products amounted to \$8.9 billion in 1982.

The average value of land and buildings per farm was \$388,198, with a per acre value of \$549.

Land from which crops were harvested was reported at 20.8 million acres, and acres irrigated fell from 6.9 million to 5.6 million in 1982.

The Bureau defines a farm as any place from which \$1,000 or more of agricultural products were, or normally would have been, sold in the census year.

The preliminary data indicate expenditures for livestock and poultry feed were \$1.5 billion; total costs for farm energy, \$730 million; for fertilizer, \$368.1 million; and for hired labor, \$477.9 million.

The sales of livestock, poultry, and their products were \$5.9 billion, 66 percent of total agricultural sales. Dairy products amounting to \$472.9 million were sold from 3,118 farms. The number of milk cows was up from 307,297 in the previous census to 322,198 in 1982.

The total cattle and calves inventory of 12.5 million head on 143,473 farms was down from 12.7 million in

1978. The 10.5 million sold were down from 12.1 million four years earlier.

Some 8,125 farms reported 2.3 million head of sheep and lambs, with 2.2 million shorn yielding 15.2 million pounds of wool; 1.8 million head were sold.

An inventory of 559,590 hogs and pigs including 76,195 for breeding purposes was reported on 9,484 farms of which 194 farms had inventories of 500 or more and accounted for 56 percent of the State's total inventory. A total of 925,303 hogs and pigs were reported sold, of which 118,076 were feeder pigs.

Sales of poultry and their products were \$451.7 million. Some 16,873 farms reported an inventory of 15.1 million chickens three months old or older; 16,653 farms reported 12.8 million hens and pellets; and 1,024 farms, 176.6 million broilers sold. In addition 347 farms sold 5 million turkeys compared with 7.2 million in 1978.

The sale of crops amounted to \$3 billion. By harvested acreage, among the leading crops were wheat, with 123 million bushels from 5.1 million acres; sorghum, with 256 million bushels from 4.8 million acres; and cotton, with 2.7 million bales from 4.5 million acres. Other crops included corn, 1.1 million acres; soybeans, 718,668 acres; and rice, 520,227 acres.

Agriculture census data for Texas also revealed these facts:

- Of the total farms in the State, 13,787 had gross sales of \$100,000 or more; 121,183 reported sales of less than \$10,000.

- The average age of farm operators were 52.9 years; 22,035 were under 35, and 88,677 were 55 or older.

- Women operated 12,427 farms or 7 percent of the State total.

- Forty-three percent of the operators reported farming as their principal occupation, but 52 percent of all operators worked 100 days or more off the farm.

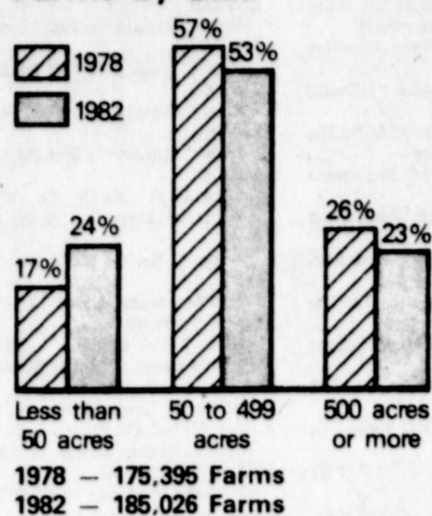

- Eighty-nine percent of the farms were operated by individuals or families as sole proprietorships; 16,265 by partnerships; and 3,254 by corporations of which 84 percent were family held.

- Eighty-seven percent of the farms owned all or part of the farms they operated; 111,271 were fully owned; 50,536 partly owned; and 23,219 were operated by tenants.

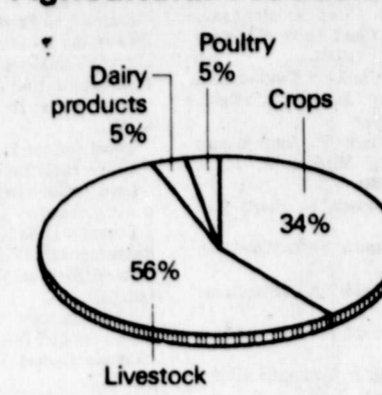

Data in the report for 1978 and 1982 are directly comparable for acreages and inventories.

**County News Briefs**

**RANGER**

Ranger City Commissioners, in a meeting June 11, passed a resolution authorizing the City to apply for a Texas Community Development Grant. This new Grant will be used to continue to upgrade the water system. Ranger recently received one such Grant, and is finalizing plans to lay a new water line to the tower and part of the city.

The City Commissioners, in the June 11 meeting, also passed a resolution concerning a six inch water line and flood control for a proposed 20 unit government housing project. This project will be built on Mesquite and Austin Streets. Culverts will also be repaired or replaced, ditches will be cleaned out, and a fire hydrant installed.

United Methodist Women of Ranger have recommended three women from the First Methodist Church of Ranger to be included in the Methodist publication "Encyclopedia of 100 Women in Missions." Local nominees are Rose Defebach, Lois Raley, and the late Mrs. Myrtle Ratliff. These will be honored Saturday, June 16 at the First Methodist Church in Weatherford. The Encyclopedia is being compiled as part of a Centennial celebration of the Methodist Church of America.

**EASTLAND**

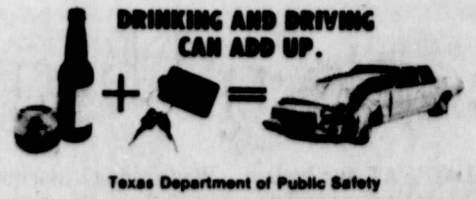

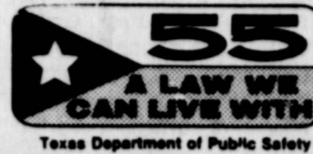

The Church of God Camp Meeting at Camp Inspiration is planned for July 9-15. Dr. James Curtis of Albuquerque, New Mexico, will be the Evangelist, and Rev. Lynn Higgins of Odessa will be the Song Evangelist. Pre-registration fee will be \$2.50 per person, with a maximum of \$10 per family. Registration at the time of camp will be \$3 per person and \$12 maximum per family. This year's projects at Camp Inspiration include completion of the new church building, of the

gazebo, the ballfield, youth building, roofing of some buildings and repair of water lines.

There will be a joint Vacation Bible School sponsored by the Holy Trinity Episcopal Church and the American Lutheran Church at the Episcopal Church in Eastland June 25-29. The church is located at 708 S. Seaman, Eastland. Steve King, pastor of Emmanuel Lutheran, Knippa, will supervise the V.B.S. Hours will be 8:30 a.m. to 11:00 p.m. Sessions will be held for students from ages 3 to 7th Grade. All are invited.

Sewing techniques will be taught by the Eastland County Extension Service during late June - early July. Anyone who is interested should attend the orientation meeting Thursday, June 21, 7 p.m. in the Texas Electric Reddy Room, Eastland. There is no charge for the course. Basic sewing skills are a pre-requisite.

There will be an irrigation field day June 19, beginning at 1:30 three miles south of Gorman on Farm Rd. 2689. Wayne Keese, Extension Agricultural Engineer from Texas A&M University, will demonstrate how to evaluate pump efficiency and how to make repairs and adjustments to lower energy costs. A night meeting will also be held at the Gorman High School Cafeteria, beginning at 8 p.m. The programs were planned by the County Peanut Committee and the County Extension Service.

# People n Things

**THE LADY AT our house** showed complete patriotism on Thursday as our nation observed Flag Day. She got out the flag and hoisted it on a pole in the front yard.

Soon after lunch, the door bell rang. A college girl stopped to inquire: "Did you know that you're flying your flag upside down?"

**HATS OFF TO Mr. Walter Preston** and Carl Moates of our town. They've donated a lot of their free time lately to making Whitley Field, the softball park in Cisco, ready for play. They've picked up and hauled off rocks, moved dirt and smoothed the outfield as well as the playing field.

You'll see some dandy games there late afternoons.

**A BIG MOVING van** pulled up at the president's home on College Hill

**weddings.....**

**Mary Lou Garza and David Yoch** were married June 10, 1984 at the Redeemer Lutheran Church. They both report they are a very, very happy couple.

Mary is the daughter of Jovita Garza. David is the son of Florence Yoch.

**births.....**

**RUSSELL KIRK EVATT** Kirk and Betty Evatt proudly announce the arrival of their son, Russell Kirk, born June 5, at 3:25 p.m. at Methodist Hospital in Lubbock. He weighed 8 lb. 5 oz. and was 22 inches long. Maternal grandparents are Mr. and Mrs. W.T. Donham Jr. of Cisco. Paternal grandparents are Mr. and Mrs. Clyde Evatt of Rosenberg. Great-grandparents are Mr. and Mrs. William Donham of Cisco; Mr. and Mrs. J.D. Pitman and Mr. and Mrs. J.H. Evatt of Eastland.

**DOUGLAS AARON NUNN** Mary Lou and Buddy Nunn are proud to announce the birth of their son, Douglas Aaron, born June 4, in Eastland Hospital at 8:22 a.m. He weighed 9 lbs. and 2 1/2 oz., and was 22 inches long.

Maternal grandparents are Mr. and Mrs. Joe Escovedo of Cisco. Paternal grandparents are Joe Nunn and the late Mabel Nunn. Great grandparents are Emory Hallmark and Santiago Alvarado.

Wednesday morning, and loaded up the household of Dr. and Mrs. Norman Wallace and headed to Beeville. The Wallaces had visited Beeville a few days before and completed the paper work in buying a home there.

Dr. Henry E. McCullough and family will be moving into the president's home during the coming week.

THE WALLACES could leave town with the knowledge that all Cisco appreciated them. During ten years here, they were good citizens in all respects. He served as president of the C of C and of the Rotary Club. Both were active in the First United Methodist Church and its program.

And you'll want to join us in a tribute of appreciation to the Norman Wallace family. Beeville is fortunate to have them as new citizens.

And of course, you'll want to join in a big welcome to Dr. McCullough and family who will be moving to town

### Senior Citizens Nutrition Menu

Have you been to the Hospital or Doctor lately, or had to buy medicine? The prices were high weren't they? What about the inconvenience, or the pain, or the long period of rest needed...All of this adds up to one thing, namely preventive medicine.

Preventive medicine is a lot cheaper and more enjoyable than taking medicine. What is preventive medicine? It means eating properly and the right kind of care for our bodies. It means endeavor to learn more and more about the functions of our bodies and learning to eat nutritious foods.

Why not come to the senior center three times a week and eat a well-balanced diet? Call 442-1557, on Monday, Wednesday or Friday and make reservations for your next luncheon. The fellowship, games, exercise class and crafts are very helpful to you.

The programs for the past week included: Tim Hull and James Deadman sang and played their electric guitars and furnished a fine program; Pat Agnew Kincaid recited a beautiful poem and sang a religious song for the members; Slim Sanders sang and played his guitar and performed for the members; the choir and band entertained in Cisco and Eastland. Game day was held in Eastland for Cisco and Area Senior Citizens.

The menus for this coming week will be:

Monday--Spanish noodles, green beans, corn o'brien, fruit slices, bread, butter and drink.  
Wednesday--Baked Chicken, Carrot Raisin Salad, Baked Beans, Orange Whip, Cornbread, Butter and Drink.

Friday--Chicken Fried Steak-Gravy, Buttered Potatoes, Vegetable Medley, Pineapple Tidbits, Bread, Butter and Drink.

this coming week.

**WHAT HAPPENED to the College Hill signboard?** A lady driver ran into it, pretty well demolished it and damaged her car.

Understand college officials are studying the matter before deciding whether to rebuild the sign or replace it with a new one. The driver's liability insurance will, no doubt, pay for the damages.

**GLAD TO SEE Mr. Winston Heidenheimer** of the department store back home and on the job. He arrived last Sunday night after spending three weeks or more in a Denver clinic undergoing medical treatment...Last Sunday's Abilene paper devoted nearly half an inside front page to the Cisco Jr. College's dinner theater program. It was a real nice writeup with pictures...And the drama critic of an Abilene television station had a very favorable report on the dinner theater's opening the other night.

**RAIN OR NO rain**, the garden tended with loving care by Mr. Emmitt Rich on Avenue N is very nice--the envy of the neighborhood. And Mr. Bill Darr's garden at 700 Belmont looks very nice, indeed...The little lady who pitches sometimes for the Little League Ranger's is named Lee Ann Webb. She's a southpaw and does a good job...Let's keep it quiet for the David Allens of Cisco Steak House and Inn enjoyed a Mexican dinner at Ramona's in Eastland the other night.

**SORRY TO HEAR that Mr. Jim Graham** of our town entered Hendrick Memorial Hospital in Abilene on Thursday with the prospect of undergoing heart surgery...Mr. Earl Ray of the machine shop showed talking pictures made during a 1981 tour of Europe that he and his missus enjoyed as the program at the weekly luncheon of the Cisco Lions Club at noon Wednesday...Miss Kim Arnold, 14 year old daughter of the

Ward Arnolds of Odessa and formerly of here, has been visiting old friends in Cisco. She has been a guest at the Ross Honea home.

**THE ROY Dennises** has spent the past week in Brownwood where both served as counsellors at a youth camp...The Dr. Chief Browns visited in the Dr. Howard Brown home up in Vernon last weekend. Dr. Howard, who grew up here, is one of the "big dam Lobos" of the CHS early championship years...Dr. Chief is remodeling a small guest house back of the sanatorium. And he has assembled equipment to repair the damage to the runway lights caused by vandals at the airport recently.

**THERE WAS sadness** at the home of Mrs. Patsy Hogan, branch manager here for Olney Savings, late Wednesday. The eight new puppies born earlier in the week at the house were discovered dead. Wil Hogan, a little son of the Hogans, made the discovery and he took it pretty hard...The Jack Tolletts are eating good this week. They spent last week at the Fort Griffin State Park during his vacation from Lone Star Gas Co. And their trotline hooked 170 pounds of catfish.

**MR. JOHN Parchman**, CHS athletic director and head football coach, was in San Angelo three days this week attending a coaching clinic...Rick Land, member of the coaching staff, is a student at CJC this summer, our scouts report. He is taking typing and a computer course...And Ron Mouser, another of the CHS coaches, is doing some work on a graduate degree at Tarleton State U. He commutes daily...The Eldon Andersons are back home after a trip to West Virginia where they combined business with pleasure. Col. Melvin Lawson, Mrs. EA's brother, and wife drove down from their retirement home in Washington for a visit of several days.

# Blazer Workshop Set Thurs.

The orientation is Thursday, June 21st 7:00 in the evening. It will be held at the Texas Electric Reddy Room. This short course will teach various techniques to make a tailored jacket. The participants are required to furnish their own equipment and materials. They must have basic sewing skills mastered. This course is free to the public.

we are trying to arrange the classes so working women can attend. The other class dates and times will be provided at the orientation Thursday. If your interested

in this sewing opportunity come see us Thursday the 21st. The workshop is sponsored by the Texas Agriculture Extension Service - Home Economics staff in Eastland County.

# Nutrition Program Set At Sr. Citizens Centers

A nutrition program entitled "Evaluating Nutrition Information Sources" will be presented at the Senior Citizen Centers by Mrs. Janet Thomas, County Extension Agent.

The program will present information on nutrition misinformation and the hazards of nutrition fadism.

The Eastland County Extension Service Family Living Committee will meet this coming Thursday, June 21, at 2 p.m. in the coral room of the Cisco Senior Citizen's Center.

The program dates include: June 18 - Eastland Senior Citizen's Center; June 20 - Forman Senior Citizen's Center; June 22 - Ranger Sr. Citizen's Center; and June 25 - Cisco Senior Citizen's Center. The programs will be presented at noon.

The Family Living Committee will be sponsoring a County-wide Health Fair on September 6. Tremendous response has been received and a large Health Fair will be held for the public.

The AARP chapters in the county are co-sponsoring the Health Fair. Mrs. Janet Thomas, Eastland County Extension Agent, states that the Fair will provide health education and free health screenings, for the public. Health demonstrations will be available on CPR, Physical therapy, and much more.

# GED Test To Be Given At CJC

The General Educational Development Test (GED) will be given at Cisco Junior College from 8 a.m. to 4 p.m. on Wednesday, June 20.

# Co. Extension Homemakers Elect Delegates

Eastland County Extension Homemakers recently elected voting delegates to the annual meeting of the State Texas Homemakers Association which will be in San Angelo on September 18-20.

June 20 is the last testing date for the summer but testing will resume in September.

Elected as delegates are Mrs. Ruthie Keyes, of Cisco; Mrs. Dorothy Underwood, of Morton Valley; and Mrs. Wynelle Brown, of Kokomo. Alternate delegate is Mrs. Beessie Marie McCollum of Eastland.

The GED is designed and administered to individuals who did not graduate from high school. The tests are given to person 18 years of age and older. Persons who are 17 years old and are not enrolled in high school are fully eligible to test and receive certificates if they have parental or guardian permission.

# Bowling Results:

The current standings for the Tuesday Nite Owls are: 1. First State Bank - Ranger, 2. The Gushers, 3. Herrera Sign Co., 4. La Mancha Lake Ranch, 5. KVMX, 6. Austin Oil.

The GED consist of five tests in the following areas: grammar, social studies, natural science, literature, and math. Fee for the exam is \$15. The GED is available in both English and Spanish. Testing is limited to six persons per session. For more information call Mrs. Pena at (817) 442-2567.

# Putnam Church Plans Its 75th Anniversary

The First Baptist Church of Putnam will be having their 75th anniversary Sunday, July 8th at 10:00 a.m. - 3:00 p.m. This celebration will take place at the First Baptist Church, Putnam, Texas. Everyone is welcome. A cover dish dinner will be held at the community center.

# Three Injured In IH-20 Truck Collision Wednesday By Cisco

A traffic jam formed on the eastbound lane of IH-20 east of Cisco Wednesday, around noon as the lane was blocked by a two truck collision. Traffic was routed around the accident on the south access road and the jam of cars and trucks was cleared shortly before the wreckage was cleared from the roadway about six hours later.

Jacqueline Wooten was the driver and her husband Randall was the passenger in a truck loaded with onions that was in collision with a truck loaded with new cars and pickups which was driven by Larry Maggard.

The wreckage made survival appear impossible, but the Wootens of Clarendon, North Carolina and Mr. Maggard of Sand Springs, Oklahoma were taken from the scene alive by Patterson Ambulances. They were taken first to Graham Memorial Hospital in Cisco and Eastland Memorial Hospital, but all were later transferred to the intensive care unit at Hendrick Medical Center in Abilene.

Onions and diesel fuel were hosed from the pavement by Cisco firemen as D.P.S. officers Robert Ralls and Kenneth Rose investigated the accident.

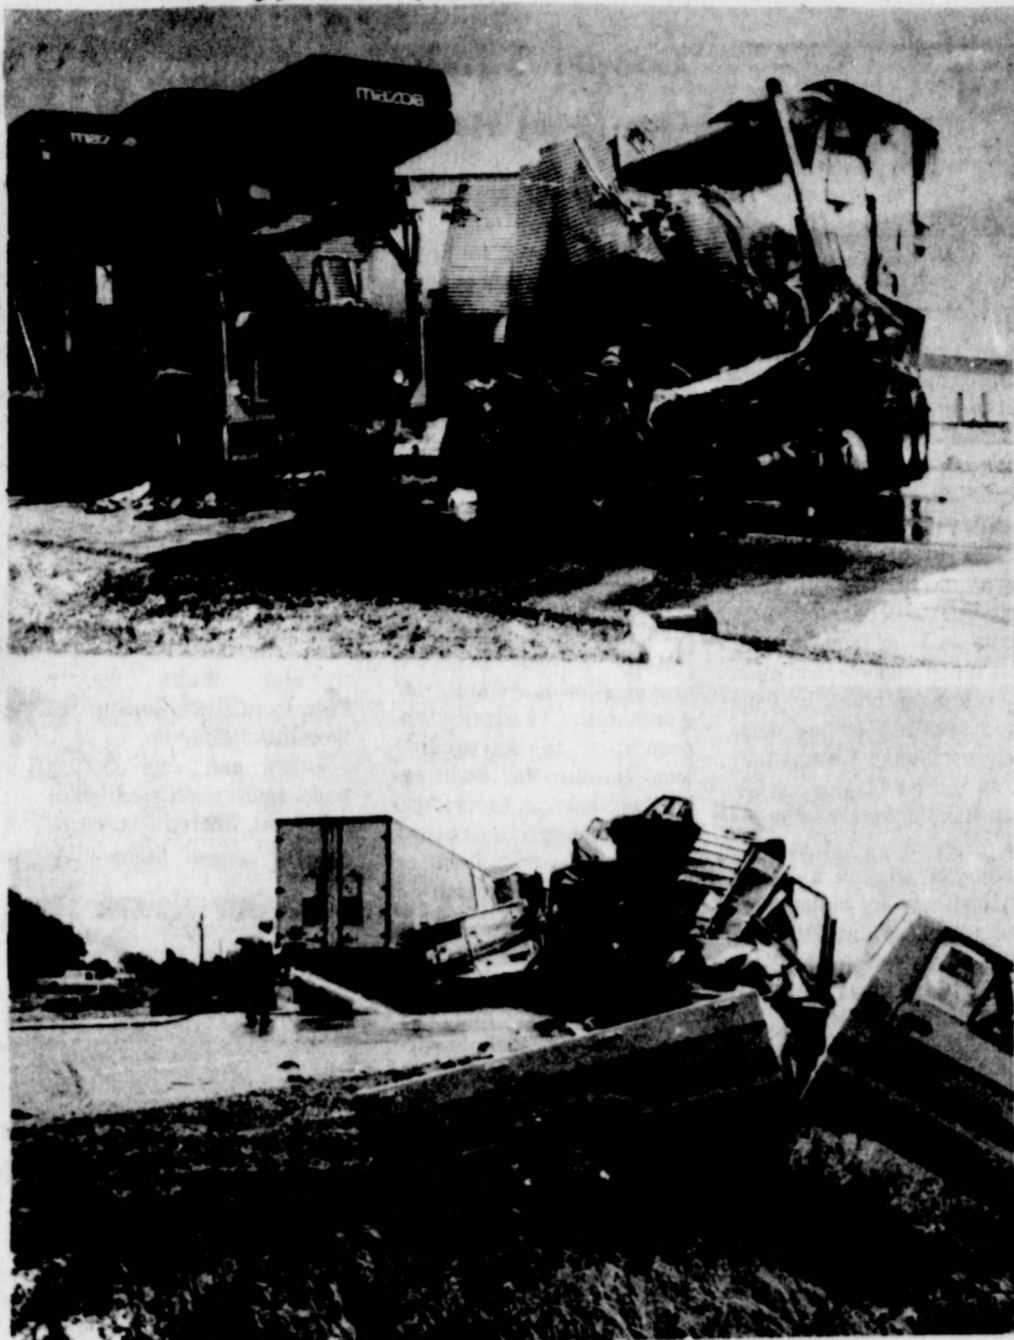

Traffic congestion, spilled fuel, and approaching drivers who were reluctant to slow down created a dangerous situation for awhile.

In addition to the loss of onions and the damage to the trucks, a pickup was thrown from the auto transport truck by the collision and it was badly damaged along with some cars on the truck.

According to a witness at the scene, Mr. Wooten's life was probably spared when the first contact broke the cab of his truck loose and implanted his seat with him in it on the back of the other truck. The Wooten truck apparently jackknifed back into the Maggard truck.

The witness said that Mrs. Wooten stepped from the wreckage, but that Mr. Maggard was pinned under the wreckage and had to be freed.

Wreckers from Cisco, Eastland, and Ranger came to clear the highway.

**FATHERS, ATTENTION!**  
It should be true to state that without fathers, there would be no mothers, and without mothers, there would be no fathers.

That is possibly an error, and I use "possibly" only as a sop to persons who question, as a matter of policy, any dictum. I believe it is an error because I equate the survival instinct with the parental instinct.

The infant human is so helpless that—well, if parents stopped to think what "growing up" entails, would we have the unmitigated gall to inflict such punishment? No matter how much a baby is wanted, planned, cuddled and cradled, the odds against being born make phrasing it "the miracle of birth" easily understandable.

There are physical parents who never make the grade in the "Care" column. They neglect and abuse their children both physically and mentally. Many abused children become outstanding personalities in their fields when they reach maturity, so perhaps "miracle" is the operative word here, too, when childhood backgrounds are considered.

It doesn't matter much whether the fathering is by instinct or by birth. The hallmarks of a good father are evident. A checklist does not follow. Do your own checking of your heart to find out how you rate as a father; keep your rating to yourself; and give some thought to improving. Yep, Improving. Your neighbors may rank you at the top of the list, but you will know your shortcomings. Cheer up! You don't have to tell all you know.

It may be as well to understand that your image as a father (by biology or by instinct) does not reflect the same in an adult's eyes as in a child's.

Walking tall in the matter of providing food and clothing does not mean as much to a youngster as catching a baseball without using a bushel basket or threading a fish hook without mutilating your fingers.

It may be years before a child learns enough to appreciate how his father worked to keep him safe and warm while he was at home. This fact was understood for me when I realized my youthful days are now "history." A teacher assigned her students to interview

her fellow teachers who were old enough to remember "The Great Depression." "Great" refers to size and duration — not quality.

The Depression did hurt many people, and I gave that time of my life some in-depth thinking before I answered questions about it. My father, aided by my mother, rates a high score on anybody's check list. We never were hungry. Meals were not T-bone steaks and pie a la mode by any means, but we had plenty of food. Our school clothes were usually homemade or inherited, but we were clothed adequately if sometimes less than stylishly.

It is asking too much of

your youngster to take a long-term view of your fatherhood, so take one yourself. Compare with your father—even with your grandfather. Remember to weigh your score on the side of the abstractions. When he's your age, your youngster will be more apt to recall the twinkle in your eye at a good report card than the clink of coins in your hand when you buy bubblegum...though he may talk about the bubblegum rather than risk sounding sentimental.

Whether you are a father by instinct or biology, a young, old, or middle-aged father, remember fatherhood is largely a state of mind, so live in state!

## 6 Eastland Countians

### Attend Leadership Lab

District 8 Leadership Lab was held June 11-13. Six 4-H'ers from Eastland County attended this activity. The 4-H'ers were: Jami Long-Rising Star, Jerry Long-Rising Star, Emory Kea-Cisco, Phillip Allen-Cisco, Amy McDonald-Ranger, and Stacey Slampa-Gorman. These 4-H'ers left Monday morning and went to Lake Brownwood for a fun filled three days! After arrival they swam and then had a Jr. Olympics. The day continued with assemblies, meal time, fellowship, a dance, movies, and concluded with a ceremonial at the Texas Star.

The second day began with a salute to the sun rise at flag raising. During the morning, 4-H'ers could attend one of seven workshops on various topics of life saving to poster art. After lunch were more workshops, these were on recreation. Each

4-H'er could attend all 4 sessions provided. After the learning opportunities, fun, and fellowship, the 4-H'ers began to wrap up their experiences. That evening was filled with a dance and movies. To conclude the last night was a vesper given by Brown County 4-H'ers.

The final day began early as new district officers began their year of work by raising the flag and conducting the assembly. Jami Long, District 8 Public Relations officer assisted in this portion of the lab. The Eastland county 4-H'ers lead the ice breakers Monday night and had various other duties through out the three days. Some gave reports on workshops, all Eastland participants gave a radio program, and Stacey Slampa was in a poster art contest and placed second. So as you can tell, this leadership lab was full of fun, learning, growing, and developing of various skills.

## Cooper Family Honored By Homemakers

The Joe Cooper family of Cisco were recently honored by the Eastland Extension Homemakers. The Coopers were one of five families nominated for the Great American Family award.

The Great American Family Awards program was organized in 1982 by the American Family Society and Mrs. Nancy Reagan serves as honorary chairman. The Great American Family Awards program provides an opportunity for communities to express appreciation to outstanding local families for their exemplary lives and service to others, inspiring other families to strengthen or rebuild family relationships.

On behalf of the Extension Homemakers Association, a framed certificate was presented to Mr. and Mrs. Joe Cooper for their service and community work in Eastland County.

Cooper has been instrumental in organizing the countywide organization of People Against Dangerous Drugs (PADD). Eastland County was recognized as having a serious illegal drug trafficking problem.

The PADD organization has informed Eastland County residents of the serious drug problem and involved county residents to combat drugs in their communities.

## Vernon Is New Bell-Man for Area

Larry Vernon

Southwestern Bell is happy to announce the appointment of Mr. Larry Vernon as Manager-Community Relations for Eastland, Cisco, and Ranger. Mr. Vernon began his telephone career in Arlington Texas, in May 1972, working in various locations as a frameman and switchman. On December 1, 1976 he was promoted to his first management job and in November, 1980 he transferred to the General Manager's Staff in Dallas. Mr. Vernon holds a BBA degree from Texas Wesleyan, graduating in December 1979.

Larry and wife Cathy, have built a new home in Eastland, where he is respon-

sible for Toll and Central office operations in Eastland, Cisco, Ranger, Strawn and Gordon. The Vernon's have three children, Lee-8, Ann-5, and Laura 22 month. They are members of the Daugherty Street Church of Christ, where Larry teaches the High School class.

We feel fortunate in having Larry serve the area and his interest in providing good telephone service is beyond reproach, said Bob Cox, Manager Community Relations in Mineral Wells. Larry can be reached at his office located 608 Ave. E in Cisco, Texas or call him at 442-2442.

# City Council Approves Sewer Rate Increase Of 50¢

The Cisco City Council approved an amendment to the city utility rate ordinance revising the monthly sewer rates at the regular meeting of the council on Tuesday night. The amendment was established as an emergency allowing it to take effect upon its passage and approval.

The new rate will raise the sewer rate portion of the city utility rate ordinance by 50 cents a month. Only those whose homes connect into the sewer system, will be affected. The new rates are effective on June 1, 1984.

The council also approved an ordinance providing that Hichory Street between East 13th and East 14th streets be vacated, abandoned and closed. Tuesday night was the first reading of the ordinance, which will become effective upon the passage of its second and final reading, at a future date.

Also approved was an ordinance authorizing the issuance of sewer system combination tax and revenue certificates of obligation in the amount of \$100,000. The ordinance also established an emergency, allowing the issuance of the certificates immediately.

Frank Wilcoxon addressed the council regarding the site for the proposed wastewater treatment facility site, which Mr. Wilcoxon has an option to sell the land to the City. He said his original option was to expire on Wednesday and he wanted to know what the City planned to do about the situation, and whether he would be compensated for the longer

length of time required to buy the property than expected.

The Council agreed to discuss the situation in the Executive Session following the open meeting. City Attorney Billy Wright stated the matter could be discussed then, because it would fall under the heading of land acquisition.

Following the Executive session, the Council voted to extend the optional contract with Mr. Wilcoxon for 30 days and compensate him with \$500. After 30 days, the City will still have the option to buy with a 90 day maximum time limit, and will compensate Mr. Wilcoxon \$17 a day.

Earlier in the regular meeting, Mr. Moore said he feels the funding for the land acquisition should be available in six weeks, if everything goes through with no unforeseen problems.

The Council approved a change order with Ben Sira & Company decreasing the contract on the filtered water treatment plant facility by \$3,067. The revised changes called for \$6,457.00 in decreasing costs, and \$3,390.00 in increasing costs, for a decrease in the total price.

The decrease in cost is because of the returning of a 24 inch gate valve for the dam. The bottom valve on the dam to allow water through is completely covered in silt and unoperational, therefore it will not be replaced. Another deduction is for the re-asphalting of the paved road leading from the

park to the dam road. Mr. Moore stated that since the roads have been closed anyway, there is no need to put down new asphalt where the water line was laid across the road.

Cost increases are for the furnishing and installation of a manhole with cover; furnishing and installation of a two inch PVC drain line; the blocking of the abandoned roadway with dirt, mounded and shaped (two places); installing an additional electrical convenience outlet inside the chemical building; furnishing and installing a 12 inch gate valve with related appurtenances on the iron pipe portion of the sedimentation basin drain line; furnishing and installing PVC drain pipe as required for re-connection of sedimentation basin french drain to the drain line; and for return of 14 inch gate valve.

The Council also approved a contract for assessment services for 1984 with the Eastland County Appraisal District. Mr. Moore said the contract is the same as has been used the past two years. He said the services of the Appraisal District are as cheap, or cheaper, than the City could conduct the same operations.

A request from Kelly-Barnett Petroleum for a gas line easement in the city's landfill was granted by the Council. City Attorney Wright said the gas line will have some gas from a city-owned well traveling through it.

A discussion of the Texas Water Commission's final

determination on water rights for Lake Cisco was held at the Council meeting, in which the members were told the Water Commission has allowed the City to divert water not to exceed 1326 acre

feet per year.

A recommendation was made for Mr. Moore to pursue the filing of a request for a re-hearing to change the water allowance from 1326 acre feet per year to 1476

acre feet per year for future development, and also to apply for a rehearing to reinstate a Lone Star Gas contract with the City of Cisco to sell raw water to their Ensearch facility north of Cisco.

tobe diverted by teh City for municipal municipal purposes only.

Also discussed in the Executive Session of the meeting, was the appointment/reappointment of a municipal court judge and alternate municipal court judge. Following the session, the Council voted to reappoint Jasper Cook as judge

for two years. They tabled the appointment of an alternate.

Cisco Mayor Eris Ritchie, City Manager Moore, City Attorney Wright, City Secretary Ginger Johnson, and council members Bobby Ingram, Joe Besselaar, Bobby Rains, Roy Dennis, Brad Kimbrough, and Linton Bates were all present at the meeting.

## 20th Century Club Will Celebrate Its 86th Year

by Louise Allison

The XXTH Century Club marks its 86th anniversary since organization in 1898, and its 84th year of sponsorship of the Cisco Public Library.

In a symbolic and impressive ceremony conducted by Mrs. Olga Fay Parker, Mrs. Ruth Cartee was installed as President to follow Mrs. Louise Allison who served for the past four years. The ceremony

centered about the presentation of single carnations of varying colors to each new officer with comments by Mrs. Parker on the duties and obligations they assumed to club and community for the next two years.

Other officers are: 1st Vice President, Mrs. Alberta Sims; 2nd Vice President, Mrs. Wilda Dyer; Recording Secretary, Mrs. Ella White; Treasurer, Mrs. Louise Allison; Corresponding Secretary, Mrs. Elizabeth Donica; Parliamentarian, Mrs. Ina Stamey. Mrs. Cartee has named for the Library Committee: Mrs. Jerry McElroy, Chairman, Mrs. Audie Wagley and Mrs. Rose Knowlden. Mrs. Mary Bob Leveridge is Librarian.

Outgoing officers who served from 1982 to 1984 and who received praise for their contributions of service are: Mrs. Allison, President, Mrs. Sims, 1st Vice President; Mrs. Vera London, 2nd Vice President; Mrs. Cartee, Recording Secretary; Mrs. Elizabeth Donica, Treasurer; Mrs. Etta Porter, Corresponding Secretary, and Mrs. White, Parliamentarian.

The XXth Century Club has been affiliated with the Texas and International Federation of Women's Clubs since 1899, and assumed sponsorship of the Library from Cisco "Round-Up" Newspaper Editor, Frank Vernon in 1900.

While its main project is the Library, the Club has initiated and supported community projects benefiting the community, ranging from the planting of pecan trees to scholarships and educational contests for students. It was one of the two women's clubs that sponsored organization of the Cisco Cemetery Association in 1976. Mrs. Zonita Martin was President then. The other club was the Delphinian. Mrs. Zoe Clinton was president.

It is also a member of the City Federation of Women's Clubs and participates in the two commemorative meetings held annually honoring Federation of Women's Clubs and Texas Independence Day.

### Private Pre-School Set To Open Aug. 20

Rainbow Preschool for three and 4 year olds will open August 20. The school will be teaching from McMillian Early Skills Program and Early Child Development Program.

The school will operate the same days and holidays as the public school system. There will be a morning session from 8:00 to 11:00. It is located at 302 Ave. I.

Dianna Webb, wife of Gerry Webb will be teaching. She attended Cisco Junior College and Angelo State University.

If you would like to enroll your child or would like further information call 442-3623 and ask for Dianna. An Open House will be held July 20.

## BIRTHDAYS

We salute the following Ciscoans who have birthdays during the week:

June 17—Carl Stroebel, Pee Wee Cozart, M.D. Lee Jr. and Tim Bint.

June 18—John McKinney and Rip Burch.

June 19—Otis Thetford, Mrs. E.G. Damron, John Webb and Rebekah Fields.

June 20—Gary Spangler.

June 21—David Stanton.

June 22—Ray Irving, Pamela Pruitt Taylor and Larry Farnsworth.

June 23—Norman Weiser and Debra Jaramillo Ingram.

Couples celebrating wedding anniversaries during the week include Mr. and Mrs. William E. Austin, June 18 and Mr. and Mrs. Jim Webb, June 22.

## Obituaries

### Services For Mrs. Paschall Set Tuesday

Funeral services for Mrs. E.L. Ephare Paschall, 92, will be at 2 p.m. Tuesday, June 19, at the First United Methodist Church. Rev. Frank Williams, pastor, will officiate. Burial will be in Oakwood Cemetery, directed by Kimbrough Funeral Home.

Mrs. Paschall died Friday morning at E.L. Graham Memorial Hospital. She was born October 8, 1891, in Dawson, Texas. She married Crigler Paschall on November 1, 1919, in Dawson. Mr. Paschall died January 20, 1984. She had been a resident of Cisco Care Center.

Survivors include a son, James C. Paschall of Los Angeles, California.

## CISD Board of Trustees Hire Teachers At Meeting

The board of trustees of the Cisco Independent School District has approved the employment of a band director, an assistant coach and a third grade teacher, Supt. James Couch announced Thursday. Meeting last Monday night, the board also named six students who will receive Leon Maner Scholarships to attend the University of Texas.

Wayne White, who was director of the Lobo band when he resigned two years ago to accept a similar position

at Breckenridge High School, has been named director of the Cisco High School band, succeeding Al Young.

Mr. White resigned his Breckenridge position to return to Cisco. He is a graduate of West Texas State University and lives with his family mid-way between Cisco and Breckenridge. He will assume duties here August 1. Mr. Young resigned last spring to work on a master's degree at East Texas State University.

"We are pleased that Mr. White is returning to Cisco," Mr. Couch reported. Stephen Young, a 1984 spring graduate of Texas Tech

University, has been employed as the junior high girls basketball coach and as a varsity assistant coach, Mr. Couch said.

Sheila Sawyers Johnson of Cisco was hired as a new third grade teacher. The board voted Maner scholarships, which will amount to about \$3,575 each for the 1984-85 school year to Gerald Harris, Stephen Ward, Charla Bradford, Rhonda Bradford, Eloise Torres, and Rebecca Thompson.

The late Mr. Maner left a substantial fund for use in annual scholarships for graduates of local schools at the University of Texas in Austin.

## H&R Block Franchise Available

We are seeking a responsible individual capable of operating a volume business for the largest income tax preparation firm in the world. Prior tax knowledge is helpful, but not necessary. An H&R Block franchise is compatible to most service-oriented businesses. As a Block Franchisee you will be provided with professional training, national advertising based on in-depth research, and supplies.

CLIP AND MAIL TODAY! Please send me your brochure outlining the H&R Block Franchise Program. I understand there is no obligation on my part.

Four students from Cisco High School participated in the 1984 Big Country Front Line Camp for Baton Twirlers held on the campus at Hardin-Simmons University in Abilene, June 4-8. The camp was conducted by Southwest Camps of Cisco, with Mr. Eris Ritchie as camp director. These young ladies worked very hard and received recognition from various instructors and campers. They returned home to Cisco with superior standings in both W.I.L. Fundamentals and Camp Competition for majorette lines.

## Four CHS Students Participate In Camp

Four students from Cisco High School were participants in the 1984 Big Country Front Line Camp for baton twirlers, flag corps, drum majors, and rifles held on the campus of the Hardin-Simmons University in Abilene June 4-8. Approximately 200 youngsters were on hand for the five-day clinic.

The camp was conducted by Southwest Camps of Cisco, with Mr. Eris Ritchie as camp director. The baton twirlers were taught by a four member staff of twirling instructors and experts headed up by Donna Oakley Nall of Abilene, Texas, a former feature twirler at the University of Texas and West Texas State University, and a well-known Texas instructor and adjudicator. The drum majors were given

their instructional program by James Edwards of Lubbock, Texas, a band director and former drum major at Texas Tech University. The flag corps and rifle students were taught by a staff directed by Sue Brumfield of Longview, a noted band director and auxiliaries coach of the East Texas-

Louisiana area.

In addition to the Front Line Camp, Hardin-Simmons University and Southwest Camps also are hosting two sessions of cheerleader camps—June 11-15 and June 18-22, and one session of drill team camp—June 25-29.

Victor Cornelius 'Treats' Employees  
"This little treat is for your doing a good job -- keeping the store while the boss was goofing off, playing golf and other fun things."

The treat which accompanied the note was a check to each employee, given by Victor Cornelius Tuesday. Altogether the checks totaled \$9,825.

Cornelius returned Monday to the management of his printing plant a six week absence for surgery and recuperation.

He explained that he was so pleased with the way in which business responsibilities had been carried out that he felt his 70 employees deserved to know of his appreciation.

# **AN OPEN LETTER TO THE MEMBERS OF WESTBOUND WATER SUPPLY CORPORATION AND THE CITIZENS OF CISCO**

After years of neglect and under the serious and very real threat of being sued by the Texas Department of Health, the Cisco City Council has responsibly addressed the issue of Cisco's untreated, unfiltered municipal water supply. The citizens of Cisco strongly supported these efforts and by a substantial margin approved a bond issue in April, 1982 for the much needed and required water treatment and distribution improvements.

At that time the City notified Westbound Water Supply Corporation, as we did all citizens and water customers, that water rates were going to increase significantly due to the required improvements. Westbound was further notified, through special mailings and in public meetings, **THAT ONLY WESTBOUND'S PROPORTIONATE SHARE OF THE COST OF THE TREATMENT FACILITIES WERE TO BE PASSED ON TO WESTBOUND. NO COSTS FOR THE CITY'S DISTRIBUTION SYSTEM OR HIGH-SERVICE PUMPING IMPROVEMENTS AT THE COLLEGE HILL PUMP STATION WERE TO BE PASSED ON TO WESTBOUND.**

After the actual costs of the projects were determined through contract awards, Westbound's monthly rate to pay for their pro-rata share of the cost was calculated to increase from 50 cents per 1,000 gallons of water to \$1.27 per 1,000 gallons. This increase also included four years of actual demonstrable increases in the maintenance and operation of the water treatment plant, which has never been passed on to Westbound.

The Board of Directors of Westbound believe that their contract with the City precluded Westbound from having to pay their fair, proportionate share of the water treatment improvements from which they will most assuredly benefit. As a result, **ON MARCH 19, 1984 WESTBOUND WATER SUPPLY CORPORATION FILED SUIT AGAINST THE CITY OF CISCO TO PREVENT THE CITY FROM PASSING ON THE RATE INCREASE TO WESTBOUND.** Apparently, and regrettably, there is a considerable amount of misunderstanding regarding the lawsuit that Westbound has filed against the City of Cisco. We, as your elected representatives, wish to clarify the situation insofar as we can to our citizens, and also to our friends in the rural area who are members of Westbound.

In 1975, the Cisco City Council entered into a contract with Westbound to sell up to a maximum of 3,000,000 gallons of water per month from the City's water supply at a rate of 50¢ per 1,000 gallons. Until recent months, this rate was never increased. In hindsight, considering the limited watershed and extended drought we are experiencing, some would undoubtedly question the wisdom of our selling from an already short water supply at any price, much less at an extremely cheap rate. The contract agreed to by both parties was a standard one required by the Farmers Home Administration, the financing agency for Westbound. Through this lawsuit, Westbound is asking the court to rule that, in spite of very, very costly state-mandated water treatment improvements currently being constructed by the City of Cisco, that they should still be required to pay only the 50¢ per 1,000 gallon rate.

The City of Cisco is only asking that Westbound pay its fair share of the cost for safe, treated, state-approved, filtered water. The citizens of Cisco are bearing a tremendous financial burden in paying for these water improvements, with city utility bills almost doubling already. We, the City Council, believe it would be grossly unfair to make an exception of Westbound by charging less than what would be equitable.

We would ask Westbound members these questions: Do you think it is fair and equitable to expect the citizens of Cisco to provide you with all the benefits of the water treatment improvements we are paying for, at no additional cost to you? And do you not think that it is only fair that your rates be increased to include your proportionate share of the cost of providing safe, filtered, adequately treated water to you?

We would ask the citizens of Cisco this question: Do you want us, as your elected representatives, to agree to charging Westbound less than their demonstrated fair share for treated water, thereby causing you to have to pay an even higher water rate?

The purpose of this letter is to inform the members of Westbound and the citizens of Cisco as to the facts in this unfortunate matter. It is the firm and unanimous belief of the City Council that the Westbound Board of Directors has acted irresponsibly in the filing of this suit. We urge the members of Westbound to advise your Board of Directors that you want to act fairly, reasonably and responsibly in this matter. And we would suggest that the extremely costly, and unnecessary, legal fees and litigation that lie before both of us could and should be avoided.

We value a cordial relationship with our good friends in the rural areas of Eastland County, and you are of course quite important to the economy of Cisco itself. We do not wish to have a long and drawn-out "town vs. country" court battle. Westbound members, why not demand that your leadership seek to settle this matter in an equitable manner? Then we can all work together cooperatively for the betterment of Cisco and our entire area of Eastland County.

Respectfully,

**THE CISCO CITY COUNCIL**

**Eris Ritchie, Mayor**

**Councilmen Linton Batteas, Brad Kimbrough, Roy Dennis,  
Bobby Rains, Joe Besselaar and Bobby Ingram**
