Candidate Gramm Will Visit County

United States Senate candidate Phil Gramm will be in Eastland Thursday, to attend a public reception for the residents of Eastland County. The reception will be at 9:15 a.m. at the Eastland Chamber of Commerce conference room.

L.L. Players

Invited To

Swim Party

All players in the Little League program this year are invited to a swimming and hot dog party Friday, July 13, at the City Park swimming pool. Swimming will be from 7 to 8 p.m., followed by the hot dog supper at 8 p.m.

All Little League players, from mini-minors through majors, are encouraged to attend.

Cisco Gun

Club Plans

Shoot Matches

The Cisco Gun Club will hold both Adult and Junior Shooting Matches Saturday, July 14, at 2 o'clock. The matches will include all rifle/pistol calibers and shot gun.

The public is invited to attend.

J.C. Ash
Sec./Treas.

New Rotary

Club Officers

Take Duties

New officers took over their duties as the Cisco Rotary Club held its regular meeting late Thursday noon at the Colony Restaurant.

The officers for the 1984-85 fiscal year are: Mike Turner, president; Rev. Milo Steffen, vice president; James Colton, treasurer; and B.J. Reynolds, secretary.

Dr. Henry E. McCullough, president of Cisco Junior College, was inducted as a new member. He was formerly a member of the Rotary Club in Lufkin.

Braves Beat Breck.;

To Face Springtown

The Cisco Braves scored a 21-to-11 victory over Breckenridge in a Little League district tournament game at Rylee Field here Monday night.

The victory moves the Braves into the second round with Springtown. This game

Bobby Smith Team

Wins 4th Tourney

A team captained by Bobby Smith won top honors in the July the Fourth pro-am golf tournament at the Cisco Country Club. The Smith team scored 208 points.

Second place went to the Carrel Smith team that scored 199 points, and third honors were won by the Maryann Perry team with 196 points. Fourth place went to the Delbert Schaefer team with 189 points.

Playing with Bobby Smith were Geep Mitcham, Chuck Lawrence, Robbie Robinson, Donnie Worley and Laverne Stafford. Mrs. Stafford had 34 points - the most for a "D" player. Smith had 49 points, Mitcham 45, Lawrence 41, Robinson 39 and Worley 31.

The Carrel Smith team in-

cluded Ralph Glenn, Rick Frazier, Joe Sifton and Arlie Whitley. Playing with Mrs. Perry were Bernard Campbell, Ben Phippen, Dink Davis and Charlie Graham. Mr. Schaefer's team included George Owens, James Colton, Joey Worley and Ed Wende.

Scoring was on the basis of three points for a birdie, two for a par and one for a bogie. Mike Thiberville, whose team had 188 points, was the top scoring "A" player with 54 points. Other "A" players and their points included Tracy Owens, 44; Dorothy Farnsworth, 42; Schaefer 41; Carrel Smith 49; Mrs. Perry 52; and Letha Stafford 47.

Eight teams enjoyed the event.

Books Needed

For Annual

Auxiliary Fair

Books are needed for the Book Fair annually sponsored by the E.L. Graham Hospital Auxiliary. Especially needed for the fair this year are children's books. Please leave your donations at the Chamber of Commerce. The Book Fair will be held the later part of September.

Ruth Heidenheimer is in charge of the fair this year, so if you need any information about the books contact her.

Registration

Set For Pre-

School Here

Registration for children, 3 1/2 to 4 years old, at Clappitt Pre-School will be the week of August 6th, from 9-11 a.m. School opens Sept. 4th with hours from 8 until 12 o'clock.

Children must have all immunization shots and T-13 test.

For other information, call 442-1000 or go by 504 Front.

C&W Musical

Set Saturday

The country and western musical will be in Cisco at the Corral Room on Saturday, July 14. It will start around 7 p.m.

Every one is invited, especially area musicians. There will be a concession stand.

lected him a fourth time as a Republican.

He resigned from Congress and won re-election after Speaker Tip O'Neill stripped him of his seat on the Budget Committee in reprisal for his successful efforts to control government spending.

After beating all the candidates in the Republican Primary who were seeking to fill the seat of Senator John Tower without even a run-off, he became the Republican nominee for the U.S. Senate.

The conservative Phil Gramm, who has picked up support from among the campaign people of Democratic candidates Kent

Hance and Bob Krueger, is running against Democrat Lloyd Doggett, a liberal, for the Senate seat to be awarded by the General Election in the fall.

Mr. Gramm, age 41, was the youngest full professor ever at Texas A&M University before entering politics, and he and his wife Wendy, both hold doctorates in economics. He has also written a number of books and articles.

The Gramms, who live at College Station, have two sons and are Episcopalian.

Eastland Countians who wish to see and hear Mr. Gramm should be in Eastland Thursday morning for this rare opportunity.

Candidate Phil Gramm

Ranger Rodeo Will Open

The 2nd Annual Jaycees Ranger Rodeo will be held July 12, 13, and 14, Thursday, Friday and Saturday. The festivities will begin with a big parade on Main Street Thursday, the 12th at 5:00 p.m. All Riding Clubs are reminded to meet at the Swimming Pool before the Parade.

Sammy Smith, from Mullens, Texas, will be the sponsor this year. There will be a number of events: Bareback, Bronc, Saddle Bronc, Bull Riding, Steer Wrestling, Girls Barrel Race.

Michael Lauch

Receives Degree

From NTSU

Some 1,177 students were awarded degrees May 12, at the North Texas State University spring commencement ceremonies.

In addition to 844 bachelor's degrees, the university granted 287 master's and 46 doctoral degrees, during ceremonies in the NTSU Coliseum. Among the NTSU graduates was Michael Marsh Lauch of Cisco. He was awarded the doctor of philosophy degree in college teaching.

W.T. Thackerson

Children Hold

Family Reunion

The two living children of the late Mr. and Mrs. W.T. Thackerson met at 207 Armstrong in Cisco, June 30 and July 1st, for their 26th annual family reunion. There were 53 relatives and friends in attendance.

Louis Gilbert gave the invocation at the dinner at 6 p.m., June 30.

Present were Mr. and Mrs. Dick Thackerson of Irving, Texas; Mr. and Mrs. James Thackerson of Carbon; Tony Thackerson of Carbon; Mr. and Mrs. Bill Ferguson of Princeton; Zane Ferguson of Princeton; Deanya House of Carbon; Mr. and Mrs. C.A. Lassiter of Hamlin; Mr. and Mrs. Garland Payne of Odessa; Dewey Nichols of Odessa; Toliver Tucker of Brownwood; Mrs. C.C. Cooper of Cisco; Mrs. O.M. Speegle of Cisco; Syble Dalton of Cisco; Mrs. M.B. Payne of Cisco; Andy Cunningham of Cisco; Mr. and Mrs. Ricky Thackerson of Irving; Max Satterwhite of Cisco; Janna Beam of Arlington; Amy Routh of Irving; and Robert Routh of Irving.

Also attending were Joann Coffey of Dallas; Mr. and Mrs. Darrell Goswick of Breckenridge; Gary Goswick of Breckenridge; Mr. and Mrs. Louis Gilbert of Breckenridge; Mr. and Mrs. Harold Routh of Odessa; Mr. and Mrs. Winston Whorton of Odessa; Mr. and Mrs. Larry Vickers of Odessa; Mrs. Geneva Vick of Odessa; Travis Vick of Odessa; Andrea Vick of Odessa; Mrs. Sandra Stalk of Odessa; Charles Stalk of Odessa; Joe Stalk of Odessa; Mr. and Mrs. Art Beam of Irving; Brenda Beam of Irving; Lori Beam of Irving; Mrs. Herman McPeak of Big Spring; Mrs. Leonard Girardi of Denver, Colorado; Mrs. Smith Kent of Cisco; Mrs. Melba Cathey of Cisco; and Sammy Cathey of Cisco.

ing, Calf Roping, Team Roping and Steer Saddling. The action will start at 8:30 p.m. each evening at the Rodeo Arena.

George Tracy Owens Named

To Dean's List At Baylor Univ.

George Tracy Owens, a junior at Baylor University, has been named to the Dean's Academic Honor List for the 1984 spring semester.

He is the son of Mr. and Mrs. George Owens of Cisco. To be named to the Dean's

Rodeo, with winners announced.

There will be a dance each night after the Rodeo at the Rodeo Barn, with music by the Sierra Lites.

Everyone in the area who enjoys fast-moving action and good horsemanship is urged to come out to the Rodeo. This is all-family entertainment, where the children, as well as teenagers and older folk, will find a lot to enjoy.

Three Teachers Employed

At CISD Trustees Meeting

Three teachers were employed for the Cisco Public Schools for the 1984-85 school year at a meeting of the board of trustees at the downtown school office Monday night. Other routine business was transacted.

Jerry Reeves, graduate of Texas A&M University, was hired as an assistant football coach. He will be coming to Cisco from Carthage in East Texas. He replaces Galen Kaemink, who resigned recently to accept a coaching job at Friendship, near Lubbock.

Mrs. Cindy Ann McCulloch was employed as a part-time Spanish teacher for the high school. She is a native of Baird but lives in the Cisco area. Supt. James Couch said new regulations require

students to have two years of foreign languages and that it was necessary to increase the faculty to handle student demand.

Miss Leeanne Agnew, recent graduate of Tarleton State University and a resident of Cisco, was employed as a sixth grade teacher. She has been working at City Drug here.

Greater Mountain Top Church

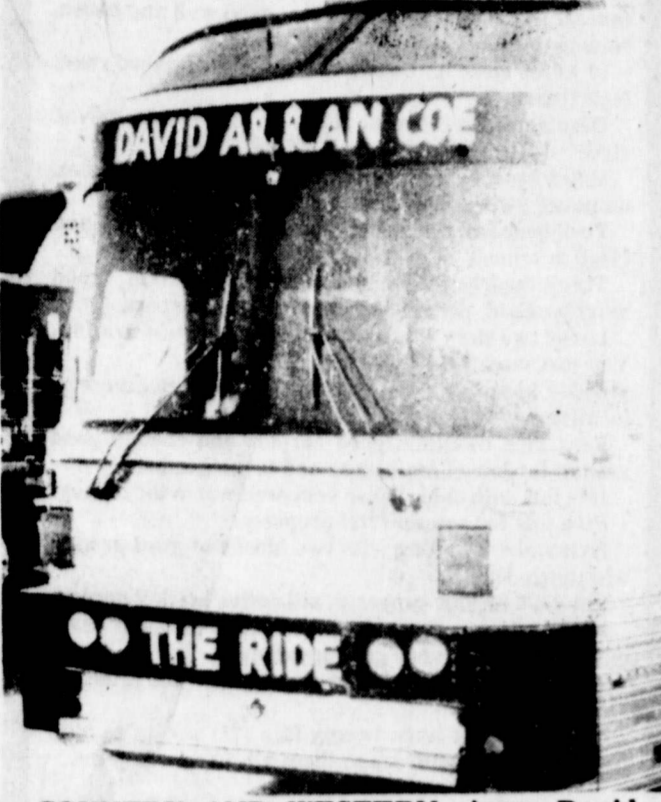

VBS Is In Progress This Week

The Greater Mountain Top Church, located 10 miles south of Cisco on Hwy. 183, is holding Vacation Bible School this week from two to five p.m., Monday through Friday. Many of the Cisco area children attend this VBS, which has been held for a number of years now.

The graduation services will be held this Friday evening at seven o'clock in the Family Center of the church.

and relatives of the attending children, and visitors, are encouraged to attend. Food will be served at seven o'clock to those attending.

Pastor John C. Jones expresses his appreciation to the fine staff that makes this VBS possible year after year. It is a highlight in the lives of the children who attend... something that is remembered year after year as they grow into adulthood.

COUNTRY AND WESTERN singer David Allan Coe, along with his band members, road manager and crew, stopped in Cisco for several hours Saturday morning, July 7, at the Best Western White Elephant Inn and the White Elephant Restaurant. A spokesperson at the Inn said the group checked into rooms at 6 a.m. Saturday morning and checked out at 12 a.m. the same day. He said the band members stayed in the rooms, but David Allan Coe must have stayed on the bus. A spokesperson at the White Elephant Restaurant said David Allan Coe and a group of approximately 25 persons spent three or four hours in the restaurant. The group was traveling with two buses, two limousines, and an 18-wheel truck and trailer. The front of one of the buses is shown above, with David Allan Coe written across the top and The Ride along the bottom of the bus. Country and western fans will recognize the name of one of David Allan Coe's latest hits in the title of The Ride.

HALL OF REMARKS

BY HERBELL HALLMARK

IN SUNDAY'S edition of this column, you probably noticed the article on the "turning over" of the water in Lake Cisco, but I did not get to include the reason for this happening. City Manager Mike Moore called back to tell why, but the page was already prepared for printing.

So, in this column I will try to explain what he told me. He said water superintendent Leon Boles says when the temperature of the water in the lake equalizes, it begins to move bringing the water from the bottom to the top, being referred to as "turning over."

Therefore, since the level of the lake is low this will probably be happening more often, since there is less water to have to be equalized in temperature. Also, it does not just happen in summer, but it can also happen in the winter, or just about any time of year.

Mr. Moore stated when the new water system is put into use with the filtration system, then the problem of the bad-tasting and bad-smelling water will be eliminated. So, let's all encourage the city project of the new water system and pray for its completion as soon as possible.

City manager Moore says work is still coming along nicely on the project.

IF YOU HAVE always wanted to see the Kendrick Easter Pageant, but just could not get out of bed before sunrise on Easter Sunday, then you are in luck.

The pageant is shown during the summer months on Thursday and Friday nights. It may not be the same time of year as Easter, but it is still the same quality of a religious production.

The pageant, entitled "The

Life of Christ", may be seen on the nights mentioned at 9 p.m. through August 17 at the Kendrick Amphitheater between Cisco and Eastland on Highway 80. The pageant is in its ninth summer this year, and it has been produced on Easter summer for the past 20 years.

You may also want to look through the Kendrick Religious Diorama which depicts famous scenes from the Old and New Testaments of the Bible. The diorama is open daily from 10 a.m. to 4 p.m.

Cost of the pageant is \$3 per person older than six. Admission to the diorama is \$2.50 for adults, and \$2 for children ages six through 11.

In an article contained in the Friday edition of the Abilene Reporter-News, Phil Kendrick, owner, is reported as saying, he wants to expand the center into a 96-acre religious theme park, complete with replicas of Noah's Ark, the Tower of Babel, the Hanging Gardens of Babylon, a River Jordan, and the Sea of Galilee. A Gloryland Special train would connect the attractions.

The article continued, the exhibits will be built as funding becomes available. Funding will come through donations.

Groundbreaking was held in November for the ark, which will be 45 feet tall, 75 feet wide and 450 feet long, the same dimensions as the real ark.

Kendrick estimates it will cost about \$1 million to build the ark, and adds he does not know how long it will take to raise the money.

Once it is completed, he wants to fill it with the animals named in the Bible. That would be 65 varieties of animals and 200 species of birds, he says. Instead of two of each animal, the ark at first will contain "one animal and a mirror" because of funding, he says.

His religious park would be "the only one in the world," Kendrick says, adding "people can have fun in religion."

American Heart Association Will Hold Meet In Fort Worth

If anyone in Eastland County wishes to contribute to the American Heart Association, they may give the donation to Memorial Fund Chairman Inez Boardman at the Eastland National Bank. However that is the extent of the organization in the county. Fund raising events have been conducted by volunteers, but there is no local organization.

Since some of the adjoining counties have organizations, they will be sending delegates to the Annual Meeting of the Membership of the American Heart Association in Texas in Fort Worth, July 13-15.

More than two hundred delegates, board members and directors will review the activities of the Association during this meeting.

Policies for guidance of the Board of Directors will be formulated and officers and directors will be elected for the 1984-85 fiscal year.

A Leadership Conference and Stroke Club Conference will also be held in conjunction with the Annual Meeting. The Leadership Conference will feature noteworthy speaker Una Loy Clark, widow of artificial heart patient Dr. Barney Clark.

The Stroke Club Conference will focus on the rehabilitation of stroke victims. Principal speaker is William F. Bingham, M.D. from the Department of Medical and Surgical Neurology at Texas Tech University Health Science Center. His topic will be "Blood Clots Within the Brain."

The Opening Session of the Annual Meeting will feature Dr. Robert Leake of the Utah State Office of Education, whose presentation will center on the importance of prevention of cardiovascular disease and youth education.

At the Delegate Luncheon on Saturday, July 14, the Lyndon Baines Johnson Award for the highest ranked researcher will be presented to Dr. Benjamin Perryman from the Baylor College of Medicine, Houston. Following the presentation of this award, Robert O'Rourke, M.D., of the University of Texas Health Science Center in San Antonio will speak about the fine cardiovascular research conducted through grants from the American Heart Association.

The highlight of the Annual Meeting will be the Awards Dinner Saturday evening. Awards presented to outstanding nurse, professional, physician and lay volunteers will be made.

The American Heart Association, of which the Texas Affiliate is a part, is the only national voluntary health organization in the United States devoting all of its human and financial resources to one mission: reducing premature death and disability from cardiovascular disease. The membership of the American Heart Association in Texas consists of lay and professional volunteers from all walks of life.

Mittie Burson Wins Contest

Mittie Burson of Route 2, Cisco, was winner of the recent "Pay Your Bills" contest sponsored by KEAS Radio and local merchants. She won a check for \$2,000.00.

Mrs. Burson registered to win at Eastland National Bank and Thrift Mart Food Store in Eastland.

KEAS Radio would like to thank all the participating sponsors in their "Pay Your Bills" contest.

CJC Offering Driving Course

Cisco Junior College will offer a Defensive Driving Course July 16 and 17 from 6 to 9:30 p.m. in the Science Hall Lecture Room. Fee for the course is \$20.

The Defensive Driving Course is an eight-hour classroom course designed to improve driver skills and attitudes, especially in emergency situations.

Drivers who complete the training are eligible for a 10 percent discount on automobile insurance rates covering bodily injuries, property damage, medical payments and collision coverages. Good for three years, the discount may be renewed by retaking the Defensive Driving Course.

Enrollment fee must be paid by 3 p.m. on July 16. No late registration fees will be accepted.

For more information or to register, call or come by the President's office at Cisco Junior College.

Buying At A 'Party' May Not Make Sense

Buying merchandise at a "party" can be fun, but may not make much shopping sense.

Party-plan sales are an increasingly popular way to sell everything from pots and pans to cosmetics, jewelry and lingerie, says Texas A&M University Agricultural Extension Service home economist Bonnie L. Piernot.

But consumers should recognize that the parties depend on peer pressure to make sales, she cautions.

Once you come into a friend's home for a party and see neighbors signing up for merchandise, it's very difficult to resist buying something, says Piernot. "This can be a real problem for the person who is trying to avoid impulse buying and stick to the family budget."

The number and value of the "free" gifts the party hostess receives usually depends on the amount of merchandise sold at the party, which can also increase the sales pressure, she notes.

The best approach to sales parties is to treat them as you would any other consumer purchase decision, advises the specialist.

You don't go to a store unless you want to buy the products sold there. So if you're not interested in buy-

ing the merchandise sold at sales parties, turn down invitations to attend them. Piernot suggests.

If you are interested in buying, she says, check the quality and cost of similar merchandise in retail stores before going to the party. Then if the items are overpriced, enjoy the party without feeling obligated to buy the products.

Putnam News

By Mrs. R.B. Taylor

GARAGE SALE

There will be a miscellaneous garage sale at the Putnam Community Center Saturday and Sunday, July 14 and 15 from 9 to 5. Be sure and come and browse around. You may be surprised at what you find!

The Putnam Community was blessed with another good rain this week. The rain gauges in town registered from 1½ to 2 inches. The grass and weeds had already begun to get green and this will really make them grow.

We are sorry to report the death of Marvin (Chunk) Thorn this morning (Friday). Chunk as he was known had been a resident of Putnam for many years. He carried the mail to and from Cisco. He retired a few years ago and has been a resident of the Nursing Home at Baird for several months. He has many friends in and around Putnam. Our sympathy goes to his family. He will be buried at his boyhood

town of Eden.

Mr. Wallace McCarver of Cisco who has been in an Abilene hospital for two weeks suffering from a heart attack was able to come home this week.

The James Isenhower family of Coleman and Ronald Green of our town are enjoying the cool weather of the Colorado Rockies this week.

Judy Maxwell celebrated a birthday this week. Some friends surprised her with cake and ice cream at the Hitch N Post Wednesday.

Mr. and Mrs. Donald Isenhower and son of Ames, Iowa, returned home this week after visiting his parents and other relatives for a week. Donald is engaged in research work at Ames College.

Visiting the G.W. Weeks in their new home last week were John Weeks of Waco, Danny Weeks of Venusuela, South America, Mr. and Mrs. Connie Brown of Baird, the Joe Crow family of Can-

nard, Darrel Martin of San Antonio, John Race of Gorman, Albert Moore of Brownwood and Billy Weeks of Houston.

Mr. and Mrs. Frank Guidery from Lubbock visited her aunt, Ollie Burnham Monday and Tuesday.

Mrs. Chloe Bostick of Weatherford Nursing Home was buried at Gunsite Thursday. Mrs. Bostick was an aunt of Annie Mae Donaway. She was a sister of the late Earnest Speegle and the last of her family. Attending the funeral were Billy Speegle and family of Fort Stockton and Sally and Eugene Floyd of Van Horn.

Mr. Jack Smith of Admiral and sister from Anson visited their aunt, Mrs. Myrtle Weeks Friday.

Billy Wagley is doing business in his new location just east of the Red Barn. Go by and see him. You will be surprised at the uniqueness and originality of his new place. He serves the best hamburgers in Texas and also has a nice line of produce. Stop by and see him.

WATER-SAVING TIPS

The water levels in many reservoirs in the West Texas Chamber of Commerce service area are at the lowest levels experienced in a decade or more. There is ample water in most to continue to provide for the needs of the people for several more months. However, it would be wise for residents of the area to begin practicing conservation to extend the life of the current supply should the drought conditions continue for several more months, according to WTCC Water Committee Chairman A. Wayne Wyatt.

During periods of extended drought, water use by city residents increases largely because of increased outdoor use. Water conservation can be practiced while providing adequate water for healthy yards, flowers, shrubs and trees.

The following hints have been compiled to help guide residents in water use outside the home with minimum waste:

1. Water your lawn early in the morning during the hot months. Much water used on the lawn can simply
2. evaporate between the sprinkler and the grass.
3. Use a sprinkler that produces drops of water rather than a fine mist to avoid evaporation.
4. If you use a soaker hose, turn it so the holes are on the bottom, again to avoid evaporation.
5. Water slowly for better absorption, and never on windy days.
6. Forget about watering the streets or walks or driveways. They won't grow anything.
7. Condition the soil with compost before planting flower beds so that water will soak rather than running off.
8. Fertilize lawns at least twice a year for root stimulation. Grass with good root systems make better use of less water.
9. Learn how to know when your grass needs watering. If it has turned a dull grey-green and when footprints remain visible as you walk across it, it's time to water.
10. Don't water too frequently. Too much water can overload the soil so that air cannot get to the roots, and can encourage plant disease.
11. Don't over-water. Soil can absorb only so much moisture and the rest simply runs off. A timer will help, and either your kitchen timer or an alarm clock will do. An inch-and-a-half of water applied once a week will keep most Texas grasses alive and happy.
12. Automatic sprinkler systems should be operated only when the demand of your town's water supply is lowest.
13. Don't scalp your lawn during hot weather. Taller grass holds moisture better. Cut grass fairly often, so that only 1 to 1½ inch is trimmed off. This will produce a better looking lawn.
14. If small areas in your yard need more frequent watering (these near walks or driveways or in especially hot, sun spots), hand water with the hose in those areas.
15. Never "sweep" your walks or driveways with the hose. Use a broom or rake.

WORD of GOD

New Testament [Fulfilled]

And the men that held Jesus mocked him, and smote him.

And when they had blindfolded him, they struck him on the face, and asked him, saying, Prophecy, who is it that smote thee?

And many other things blasphemously spake they against him.

Luke 22:63-65

HEARING TESTS SET FOR CISCO

Beltone Hearing Aid Service of Abilene is happy to announce that Mr. John Lawson, licensed hearing aid specialist, will be at the American Legion Hall in Cisco, Thursday, July 12, from 9:30 A.M. to 3 P.M. to perform FREE Electronic Hearing Tests.

Anyone who has trouble hearing or understanding speech clearly is welcome to have a test using modern electronic equipment to determine if his loss is one which can be helped.

Everyone should have a hearing test at least once a year to determine if their loss can be helped.

See the newest hearing aid, the "Odie". The "Odie" is an in-the-canal hearing aid so tiny it can hardly be seen.

Proper Care Will Make Heirlooms Last Longer

COLLEGE STATION---Some families enjoy preserving a bit of their past by keeping grandma's wedding dress or handmade table cloth. Others enjoy buying their history at auctions and antique stores.

Wherever you get your textile heirlooms, you'll have them longer if they're cared for properly.

"Many of these textiles can never be restored to their original condition," says clothing specialist Becky Saunders. However, further deterioration can be prevented with proper storage and handling, says Saunders, a home economist with the Texas A&M University Agricultural Extension Service.

A dark, cool, dry place provides the best storage conditions for heirloom textiles, she explains. They need to be protected against heat, light, temperature extremes, mold, water, dirt, smoke, insects and vermin.

When preparing textile items for storage, do not starch or iron them. Also remove jewelry or pins, since the metal will harm the fabric over time, cautions Saunders.

Stuff all the three-dimensional items, such as hats, bustles or puff sleeves, to preserve their shape. Vacuuming or using canned aerosol air will help remove the dust before you store the fabric.

Label and store like things

WORD of GOD

Praise the Lord! Make a joyful noise unto God, all ye lands:

Sing forth the honor of his name: make his praise glorious. Psalm 66:1,2

COTTON'S

STUDIO

together to reduce later handling, advises the specialist. Then store the textiles flat, with the heaviest items on bottom.

Make sure the items have plenty of air. You might also want to cushion or pad folds and refold items occasionally, since fibers can break at fold lines, she says.

If space is a problem, roll heirloom textiles in tubes, with the best side out. Make sure the tube is large enough to accommodate the item without crushing it.

Saunders advises against storing textiles in tightly closed plastic containers, because they retain moisture. Use wood or cardboard drawers or boxes or cardboard tubes instead. Line all containers with unbleached and pre-washed muslin or sheets.

To hang heirloom clothing temporarily, use padded and shaped hangers which will help retain the garment's shape. Don't use padded hangers in bright colors, however, as some of the color might rub off on your garment.

Also fasten all of the closures on the garment. Knitted and crocheted clothes should not be hung, says the specialist, since they will lose their shape in the process.

If you go to the trouble of preserving and carefully storing heirloom textiles, make sure you also record as much information as you have about each item, says Saunders.

Records of who made the

item, the date it was made and where it was worn can help with resale, contests of family awareness and may even increase the value of the heirloom, she adds.

Lights From The Christian World by Josephine Cleveland

They that wait upon the Lord, shall renew their strength. They shall mount up with wings as eagles, they shall run and not be weary, and they shall walk and not faint.

The Set Of The Wings
"I saw an eagle in the Himalayas when a storm struck it," wrote E. Stanley Jones. "I expected it to be dashed to the earth by the fury of the elements. Instead, the eagle set its wings in such a way that when the storm struck it, it rose above and cleared the storm. It used the strong winds to go higher. The set of the wings did it."

How can we rise above the storms that come to us? The Word tells us. "They that wait upon the Lord." We will be renewed in our strength; we will run and not be weary; and we will walk and not faint. What a promise! It is not easy to wait. It takes patience. Yet, there are times of waiting and stillness to which the Scriptures repeatedly call us.

Habakkuk, a prophet of Israel, became concerned because of the sin and violence of the Judeans. God sent a heathen people, the Caldeans, to punish his own people.

Disturbed by the use of heathens to punish his people, the prophet is told that God would also judge the Caldeans, to punish his own people.

Depend on Him to do the things that are beyond yourself. Kind heavenly Father, give me the patience to wait upon you. Help me to know when to wait, walk or run as I trust you to guide me through the storm. Amen.

Drilling Bits

At a location two miles northeast of Cisco, Don Hanvey Oil Interest Inc. of Dallas has finished a wildcat oil producer in Eastland County.

The well is designated as the No. 11 Hanvey-Fee, flowing oil at the rate of 174 barrels per day on a 14/64 choke. The well also showed potential for 410,000 cubic feet of casinghead gas per day.

Location is in a 40-acre lease in the H&TCRR Survey, A-1732. Bottomed at 4,100-ft., the well will produce perforations 3,640 to 3,643-ft. into the hole.

Logan Energy Co. has filed first production figures on a wildcat well. The No. 1-A Schafer "A" showed potential to make 9 barrels of oil and 359,000 CF casinghead gas per day on a 24/64 choke.

The operator has 409 acres leased, with drillsite in Eastland County's Moses Allen No. 26 Survey, ten miles northwest of Rising Star.

The well will produce from an interval 2,663 to 2,682 feet into the wellbore. Total drilling depth was 2,800-ft.

Richey & Co. of Ft. Worth has filed for permit to drill the No. 1 Ivie "A", a 4,200-ft. developmental well two miles northwest of Cisco. Location is in a 40-acre lease in Eastland County's SPRR Survey, A-470. The well is in the Richey Field.

The No. 5 W. Isenhower Estate has been finished by Midwood Petroleum Inc. of Brownwood.

It is a developmental well in the Eastland Field, four miles east of Putnam. Drillsite is in a 45-acre lease in the GC&SFRR Survey, A-2073.

Daily potential of 4 barrels was posted with the Railroad Commission. The well went to a 401-ft. bottom and top of pay zone was logged at 358 feet. Production will be from perforations 358 to 368 feet into the wellbore.

A new producer has been brought on line in Eastland County with Cliff Brown of Ft. Worth as the wildcat operator.

Located .25 miles south of Eastland, the well is in a 119-acre lease in the George Haig Survey, A-160. It is designated as the No. 1 Fox.

On an open choke, it pumped 17 barrels per day. The well bottomed at 3,830-ft. and will produce from a perforated interval 3,127 to 3,189 feet into the hole.

Eastland County's REB Field gained a new producer when Pearson & Adams Inc. of Abilene completed the No. 3 Carter one mile south of Morton Valley.

The well indicated ability to pump at the rate of 30 barrels per day on an open choke. It was taken to a 3,900-ft. bottom and will produce from a set of perforations in the Marble Falls Formation, 3,478 to 3,506 feet into the wellbore.

The operation is in a 160-acre lease in the H&TCRR Survey, Sec. 16, Blk. 4.

Sun Exploration & Production Co. of Abilene has filed first production figures on a new oil well in the Ranger Field. The No. 632 North Central Ranger Unit showed potential to pump 3 barrels of oil per day on an open choke.

The operator has 3,370 acres leased, with drillsite in Eastland County's John York Survey, A-557, four miles west of Ranger.

The well will produce from an interval 3,485 to 3,507 feet into the wellbore. Total drilling depth was 3,604-ft.

At a location eight miles northeast of Ranger, the

same operator has finished another new oil producer in Ranger Field.

The well is designated as the No. 21 Ranger/McCleskey Sand Field Unit, pumping oil at the rate of 5 barrels per day on an open choke.

Location is in a 1,362-acre lease in the W.H. Ahrenbeck Survey, A-6. Bottomed at 3,480-ft., the well will produce from perforations 3,210 to 3,445 feet into the hole.

A 4,300-ft. developmental well is planned by Kelly-Barnett Petroleum Inc. of Wichita Falls at a drillsite one mile north of Cisco, Parker County. The location is in a 20-acre lease in the H&TCRR Survey, A-859. Well's designation is the No. 1 Cates. It is in the Hanvey (Conglomerate) Field.

A new producer has been brought on line in Eastland County with JEM-B Co. of Cimarron, N.M., as the operator.

Located five miles northwest of Rising Star, the well is in a 364-acre lease in the W. Ahrenbeck & Bros. Survey, A-3. It is designated as the No. 3 Sutton.

On an open choke, it pumped 14 barrels per day and 220,000 CF casinghead gas per day.

The well bottomed at 3,151-ft. and will produce from a perforated interval 3,028 to 3,065 feet into the hole.

Two new producers have been brought on line in Eastland County by Allstate

Petroleum Operators Inc. of Brownwood.

Located two miles east of Pioneer, the No. 4 Baskin Fee is in a 160-acre lease in the ETRR Survey, Sec. 21, Blk. 2, Barton Field. On an open choke, it pumped 5 barrels per day plus 198,000 CF casinghead gas. The well bottomed at 2,529-ft. and will produce from a perforated interval in the Caddo Formation, 2,391 to 2,405 feet into the hole.

The No. 3 E.E. Gann, located two miles northeast of Pioneer is in a 316-acre lease in the ETRR Survey, A-1265, Eastland Field. The well indicated ability to pump 3 barrels of oil per day on an open choke. It was taken to a 2,795-ft. bottom and will produce from a set of perforations 2,391 to 2,405 feet into the wellbore.

Eastland County gained a new producer when Berzen Enterprises Inc. of Rising Star completed the No. 2A Pauline three miles southwest of Rising Star.

The well indicated ability to pump at the rate of 16 barrels per day on an open choke. It was taken to a 1,140-ft. bottom and will produce from a set of perforations 1,017 to 1,083 feet into the wellbore.

The operation is in a 2-acre lease in the ETRR Survey, A-741.

North Ridge Corp. of Duncanville has filed for permits to drill two 4,000-ft. developmental wells in Eastland County's H&TCRR Survey, A-303.

The No. 3 Andrew Beck is

located six miles north of Eastland the the No. 3 Martha A. Hise is located five miles north of Eastland, both in a 160-acre lease.

117 Gas, 68 Oil Finds

In Texas In June

Texas oil and gas operators reported 117 gas and 68 oil discoveries in June, according to Railroad Commission Chairman Mack Wallace. In May, a total of 133 gas and 64 oil discoveries were filed with the Commission. A discovery is an exploratory well that is completed in a previously untapped reservoir.

So far this year, 701 gas and 353 oil discoveries have been reported. Through the same period of 1983, operators had filed 669 gas and 430 oil discoveries.

Gas discoveries in June included three in the San Antonio area (District 1), 33 in the Refugio area (District 2), nine in Southeast Texas (District 3), 46 in deep South Texas (District 4), two in East Central Texas (District 5), four in East Texas (District 6), 12 in West Central Texas (District 7B), three in the San Angelo area (District 7C), and five in the Panhandle (District 10).

Oil discoveries included four in the San Antonio area (District 1), seven in the Refugio area (District 2), six in Southeast Texas (District 3), 10 in deep South Texas (District 4), three in East Central Texas (District 5), two in East Texas (District 6), 18 in West Central Texas (District 7B), nine in the Midland area (District 8), three in the Lubbock area (District 8A), and six in North Texas (District 9).

These totals were included in the 1,645 oil, 456 gas, and 21 service completions operators reported in June. In May, operators filed 1,536 oil, 467 gas, and 37 service completions.

A total of 558 dry holes were reported in June, compared to 650 in May.

R.R. Commission Processes 3,700 Drilling Applications In June

A total of 3,700 drilling applications were processed by the Railroad Commission in June, according to RRC Chairman Mack Wallace. In May, the Commission processed 4,367 applications, and 3,829 were handled in June 1983.

The June 1984 total included 2,842 applications for permits to drill new oil and gas tests, 82 applications to deepen existing holes, 305 applications to plugback existing holes, and 53 applications for service (non-producing) wells. Operators also filed 418 amended drilling applica-

tions. Applications for new oil and gas holes in June included 340 in the San Antonio area (District 1), 105 in the Refugio area (District 2), 273 in Southeast Texas (District 3), 180 in deep South Texas (District 4), 71 in East Central Texas (District 5), 145 in

East Texas (District 6), 418 in West Central Texas (District 7B), 185 in the San Angelo area (District 7C), 384 in the Midland area (District 8), 212 in Lubbock area (District 8A), 411 in North Texas (District 9), and 118 in the Panhandle (District 10).

One Thing After Another -

... can and may happen to land titles in the passing of moments. During the time it takes you to read this ad, something could happen to your title that would change your whole financial structure, or indeed it could alter your plans and aspirations for generations to come. The abstractor, in a sense, is your land title guardian, for he keeps the records day by day as you or others make them. Advise with him often about your title.

The Garden Editor

Ted Brice

Box 5766 Richardson, 75080

The Hemerocallis, better known as the Daylilies has come a long way from grandmother's garden when there was only two basic colors, orange and yellow. Even some farmers thought of the Daylily as a weed and certainly a nuisance.

The hardy herbaceous plant which grow from 12 inches to three to four feet high, having long, strap-shaped leaves and in summer bear lily-like flowers chiefly of orange, yellow and mahogany shades. The individual flowers are short-lived but they are borne over a period of several weeks. They belong to the Lily family, Liliaceae.

Hemerocallis is found wild in Japan, and other eastern countries, and southern Europe, some kinds are naturalized in eastern North America. The word is derived from hamera, a day and kallos, beauty, an allusion to the short life of the bloom. The Daylily whose bloom last for only a day, but the many buds on a scape provide a long season of bloom.

They are of easiest culture, multiply freely, are permanent, and apparently are not palatable to insects. If one studies the blooming dates of varieties, a garden of Daylilies can be built that will bloom from June to September. Move your Daylilies any time, they are the toughest plants I know.

Daylilies make a very satisfactory plant for the perennial border. Also, if planted in mass close together, they require less work than any other kind of border, for little or no weeding is required. Put on one foot centers, their arching grass-like leaves will shade the ground so heavily in two years that weeds are inhibited. Scratching the soil around them in early spring and cultivating the front of the border hardly more than twice during the summer takes care of the weeding problem.

If later on one decides to propagat them by divisions, large divisions should be taken to get quick results. Ideal conditions for Daylilies

include any good garden soil and full sun, where the blooms are most profuse. However the more delicate pastel shades hold up best in light shade, suggesting a compromise between quantity and quality. An occasional outbreak of sucking insects may mar the foliage slightly but won't harm the plant. It can be controlled with malathion and cygon-1.

There are many ways to use Daylilies within your landscape and with these plants being so easy to grow you should not overlook them. The hybridizers have been and still working on new combinations of colors and I think we have only seen the beginning of an explosion of color in Daylilies. There are several Hybridizers in this area who have done wonders with daylilies.

GOOD GARDENING UNTIL NEXT WEEK FROM YOUR GARDEN EDITOR,

DPS Using Data Bank For Arrests

According to G.J. Matthews, Captain, Texas Highway Patrol, The Texas Department of Public Safety has implemented a new procedure for arresting persons who choose not to contact the courts on traffic citations.

The process involves a "Warrant Data Bank". Captain Matthews said, "Information of an outstanding traffic warrant is entered into a computer in Austin and when that person comes in contact with a police officer again, a routine check will reveal a "wanted status". Many traffic warrants are being served when persons come in to renew their drivers license," Matthews said.

This procedure is proving much more successful than the old method of having an officer attempt to manually locate an individual who fails to respond to a traffic citation. "With this new process, we wait until we routinely come in contact with them such as on traffic stop or drivers license renewal.

The DPS began entering warrants into the computer last September. For the period, January through May of this year, 2132 warrants have been

added to the list from the Abilene communication facility. More than 990 warrants have been served during this same period. At present, there are more than 2100 active warrants on file at the Abilene facility.

At the Brownwood DPS Communications facility, for the period of January through May of this year, 1820 warrants have been

entered into the system with 787 being served during this period. There are now 1648 warrants on file at the Brownwood office.

Captain Matthews stated, "It is just routine to check on all persons with whom our troopers come in contact with. It is to the violators advantage to respond to a citation by contacting the court to answer the charge." Persons who ignore the ticket

normally have a separate charge of failure to appear filed against them. "It might be a very inconvenient time for the individual, but the warrants will be served," Matthews said.

Persons desiring to determine if they have an outstanding DPS warrant should inquire in person at a DPS office since this information will not be released over the telephone.

to a Persian Gulf oil cutoff.
minor disruptions in world oil
prices in world oil prices and
- manifested most memorably
at gasoline stations, thanks to
cuts in conservation and
as apparently become firmly
the results in the last decade,
ars, are striking. Last year the
ion barrels per day (mmbd) of
s than in 1973 and 19% less than
increase since 1973 in population
National Product. The amount of

energy needed to produce a constant dollar of GNP has fallen
22% in the last 10 years, the average car on the road goes
25-30% farther on a gallon of gasoline, and per capita use of
all forms of energy is down 14%. Investments made in more
efficient energy-using equipment will continue to be effective
for years to come, irrespective of the ups and downs of world
oil prices.

The U.S. is far better prepared now than 5 or 10 years ago
for several reasons, the most obvious of which is the 100
million barrel Strategic Petroleum Reserve (SPR). But other
significant changes to the petroleum refining and distribu-
tion system also enhance our preparedness to meet a
disruption in oil imports. In October 1973 when the embargo
was declared, crude and unfinished oils (other oils for pro-
cessing) accounted for only 357 million barrels (mmb) out of
a primary stock total of 1037 mmb. The rest was finished pro-
ducts - gasoline, heating oil, residual fuel, and the like. To-

day primary stocks (including the SPR) total 1500 mmb, and
about 900 mmb of that is crude and unfinished oils, offering
important flexibility in being ready for processing into the
particular slate of products needed to meet the demand.
Although individuals refineries are constrained in their
product yield, the total refining system in the U.S. is far
more flexible now than ten, or even five, years ago. Just prior
to the (October 1973) embargo, refineries were using around
95% of their capacity and never fell below 90%, during the
disruption. In 1978 and 1979 utilization rates of about 85%
were the norm, remaining always above 80%. Today, even
though many old and inefficient refineries have been shut
down in the few years, the refineries of the nation are using
only about 75% of their capacity. Coupled with the large
stocks of crude oil, this unused refining capacity greatly
enhances our ability to respond appropriately to changes in
supply and demand.

YOU AUTO KNOW
IN THE INTEREST OF SERVING THIS AREA, JIM CALDWELL BRINGS YOU THESE IMPORTANT MONEY-SAVING ARTICLES:

Congress is considering a law requiring serial numbers on doors, front-end assemblies, and other stealable car parts. Traffic in parts of stolen cars has cut recovery rate from 83 percent in 1974 to an estimated 51.7 percent in 1982.

Catalytic converter can be damaged by an engine that is out of tune. Sparkplug misfiring could cause unburned gas to ignite inside the converter. A tuneup costs a lot less than a new converter.

Aerodynamic design is expected to make the new cars so sleek that they will have no ornamentation at all-not even a door handle. Engineers talk about a "sensitive spot" that will open the door when pressed.

Carry a towel to place over vinyl seats if they get hot or sweaty.

Newest brake linings are semi-metallic rather than asbestos, made from a blend of iron powder, steel fibers, graphite, and other friction modifiers, bound in a resin. Unlike asbestos lining, this gets stronger as it gets hotter.

NEW-USED CARS

Eastland County Sales Increase

State Comptroller Bob Bullock Friday sent checks totaling \$55.3 million in local sales tax payments to the 988 cities that levy the one percent city sales tax. "We've sent Texas cities nearly half a billion dollars

this year," Bullock said. "That's more than 17 percent over what these cities had received by this time last year. Every one of the 20 biggest sales tax cities is ahead of last year's totals." Houston's check totaled

\$9.4 million, pushing the total Houston payment for 1984 to more than \$82.1 million. Dallas received \$6.8 million, putting 1984 payments to date at nearly 20 percent above 1983. San Antonio's \$3.1 million

check brought its yearly total to \$26.9 million, up \$4 million over the total one year ago. Austin received \$2.6 million, pushing its 1984 total 31 percent ahead of last year.

Midland's check totaled \$616,000, bringing 1984 payments to date 15 percent over 1983. Bullock also sent checks to Metropolitan Transit Authorities in Houston, Dallas, San Antonio and Fort Worth. The Dallas DART check was for \$8.5 million. San Antonio's VIA check totaled \$1.6 million, and Fort Worth received \$466,000. The

Houston MTA check was \$11.8 million. July payments reflect taxes on sales made in May and reported to the Comptroller by June 20. Cisco received a check for \$11,160,05, compared to \$8,522,44 for the same period last year. This brings the year's total to \$113,035.67 compared to \$111,324.67 for 1983. A check for \$22,130.69 was mailed to Eastland, bringing this year's total to \$174,654.55 compared to \$114,949.18 received last year's total. Gorman's check for \$1,087.82 brought its yearly

total to \$12,872.92, compared to \$13,204.18 for 1983. Ranger received a check for \$5,403.12, bringing the 1984 total to \$62,455.22, down from 1983's total of \$63,379.47. Rising Star's check for \$940.89, brought the 1984 total to \$14,905.89, up from last year's total of \$10,543.13. These checks brings Eastland County's total to \$40,722.57 for this period, compared to \$22,586.36 for the same month last year. For 1984, Eastland County has received \$377,924.25 compared to \$313,400.63 for 1983, reflecting an increase of 20.59%.

Kimmel-Reeder Reunion Held At Inspiration

The 1984 Kimmel-Reeder reunion was held June 16 and 17 at Camp Inspiration, Eastland. Out-going president Gene Boney of Fort Worth opened the Saturday afternoon business meeting during

which family members voted to hold the next reunion at Camp Inspiration in June 1986. The meeting was concluded by Don Hefner of El Paso, incoming president. Committees for the 1986 reunion will be chaired by Mrs.

Fred (Ruth) Harper of Dublin, food; Mrs. Don (Wilma) Hefner, invitations; Mrs. Roger (Carla) Weber of Decatur, Mrs. Tom (Nola) Prun of Purdon, and James Harper of Dublin, special events and entertainment.

Saturday was also spent studying genealogy, playing games, visiting, swimming, and shopping in Eastland.

Sandy Haase of Jal, New Mexico; Christy Nickels of Amarillo, and Monica Weber of Decatur were top winners in the miniature golf tournament. Gene Boney and Ray Pritchard of Big Spring were top winners at "42." James Harper and Janice Harper, both of Dublin, worked as life guards at the swimming pool.

Family pictures and genealogical material were displayed by Irene West of Pittsburgh, Kansas; Mrs. Gene (Marie) Boney; Mrs. Arthur (Hazel) Reeder of Amarillo; Fred Gaul of Lakehurst, New Jersey; Mrs. Peter (Marjorie) Coffield of North Little Rock, Arkansas; and Mrs. Ray (Wilma) Pritchard of Big Spring.

A worship service was held Sunday morning with Mrs. David (Adeline) Hefner of Erie, Colorado, giving a devotional talk and Mrs. Arthur Reeder discussing the religious heritage family members have. Mrs. Andrew (Dorothy) Eaker of McConnells, South Carolina led the singing with Mrs. Renee Sherrer of Billings, Montana as pianist. Christy Nickels played piano solos as the meeting began and ended. Special music was presented by Mr. and Mrs. David Hefner and daughter Fayrene, all of Erie, Colorado and by Mrs. Joe (Arthella) Mizell of Nashville, Tennessee.

Father's Day was recognized by Mrs. Glen (JoeAnn) Hefner of San Antonio, who spoke briefly and sang The Lord's Prayer.

Most of those present are also descended from the West family. Irene West announced that West Family Reunion will be held September 2 in the Dottie West Auditorium at Westville, Oklahoma.

Frank Baker new TPA president

Frank K. Baker, publisher of The Fort Stockton Pioneer since 1971, was elected president of the Texas Press Association (TPA) during the newspaper organization's 105th annual summer convention.

The convention was held from June 21 through 23 at the Marriott Hotel in Corpus Christi.

Baker replaces John Crawford, former publisher of the Wood County Democrat.

Baker, 50, a second-generation newspaperman, is the second member of his family to serve as TPA president. His father, George Baker, previously served as president during the 1962-63 year. The subsequent Baker election marks the first time in TPA history for a son of a past president to also become president of TPA, the state association of some 540 newspapers.

Born in San Angelo on May 12, 1934, Baker's parents were in the transition of a move from Sonora to Fort Stockton at the time. His father, George, had published the Devil's River News in Sonora from 1931 until 1934. He later purchased the Fort Stockton Pioneer on March 1, 1934.

Frank was the first child in the George Baker family, but he was later joined by four brothers and two sisters. The new TPA president grew up in Fort Stockton, graduating from high school there in 1952. In high school he played football at the positions of tackle and linebacker. He also played in the band, and participated in dramatics and debate.

Baker enrolled in The University of Texas in the summer of 1952, graduating in May, 1956 with a bachelor of journalism degree. Baker also attended Texas Western College (now UT-El Paso) and Sul Ross State University in Alpine during his college years.

He married the former Mary Lee Castleberry, a Longview girl he'd met as a University of Texas freshman on August 27, 1955.

Mrs. Baker earned her University of Texas degree in interior design on August 27, 1955.

Frank K. Baker

Following his graduation, Baker became editor and advertising manager of The Llano News, a weekly newspaper of four full-time employees at that time in June 1956.

Five months later, in November, 1956, he was drafted into the U.S. Army. He later served in Germany as a radio repairman and member of the Combat Command "B" military band as a trombone player.

Following his release from the Army in November, 1958, Baker was employed as advertising manager of The Fort Stockton Pioneer. He later purchased a one-fourth interest in The Pioneer in 1961, increasing that interest to one-half the capital stock in 1965.

Baker's father was later elected to the Texas Legislature, and he subsequently bought the remaining stock from his parents on January 1, 1971.

He has since sold minority stock interests in The Pioneer to associate publisher Phil Chamberlain and managing editor Glen Larum.

Baker and his father had already converted The Pioneer to offset printing in 1966 and the newspaper was changed from weekly to semi-weekly frequency in January, 1968. The Pioneer was 75 years old in 1983. It has been a property of the Baker family for the past 50 years.

Baker served as president of the

West Texas Press Association in 1972-73. He's been a member of the TPA board since the early 1970's. One of the biggest thrills for Baker and his staff was the sweepstakes award won by the paper in the 1981 TPA contests.

Much to their surprise, the paper won sweepstakes awards again in 1982 and 1983 in the class for semi-weeklies of less than 4,000 circulation. The Pioneer also won the West Texas Chamber of Commerce community service award in 1971.

Active in community affairs, Baker has served for several years as an elder in the First Presbyterian Church. He now teaches a young adult church school class and serves as church treasurer.

He is a past president of the Fort Stockton Jaycees and Rotary Club. He served as first vice president of the Fort Stockton Chamber of Commerce in 1977.

Baker has worked in Boy Scouting for many years after having been an Eagle Scout. He was presented the Silver Beaver award in 1981. His son, Kelly, is also an Eagle Scout.

The Bakers are the parents of three adult children. Their daughter, Susan, now Mrs. Mark McClelland, graduated from UT-Austin with a bachelor of journalism degree in 1981. She is now an executive staff member of the Texas Sequi-Centennial Commission in Austin. Her husband is a computer systems analyst for IBM Corporation in Austin.

The Baker's son, Kelly, graduated with highest honors from UT in May of this year with a bachelor of science degree in electrical engineering. He will begin work on his masters degree this fall at Stanford University in Palo Alto, California. But he will first spend two months this summer in Africa as a missionary for the Campus Crusade for Christ.

The Baker's younger daughter, Kathy, is a junior at West Texas State University in Canyon. She is a double major in the music department of WTSU, in both piano and oboe.

Farm Income Appears To Be Improving Some

Farm income, which has been depressed, appears to be improving somewhat in 1984, says an economist with the Texas Agricultural Extension Service, Texas A&M University System.

Dr. Carl Anderson expressed this cautiously optimistic view after studying the latest available information on farm income and production costs.

"Compared with a year ago, higher average prices

Registration For CJC's Second Session Is Set

Registration for the second summer session at Cisco Junior College will be held Monday, July 16. Students may register from 9:00 a.m. to 4:00 p.m. and 6:00 to 8:00 p.m. in the Registrar's office. Classes will begin July 17.

For more information call 817/442-2567.

for feedgrains, cotton, soybeans and poultry, along with about steady prices for cattle, should offset slightly lower prices for wheat, rice and dairy products," he said.

The price improvement, weighed against only a small increase in production costs, indicates a small rise in Texas' average agricultural income this year, Anderson noted.

He emphasized, however, that there is a wide difference in the amount of financial stress among farmers and ranchers. Ex-

treme drought conditions still persist over much of central, west, southwest, and south Texas. Dry, hot weather is lowering forage and crop production and also increasing production costs, resulting in overall lower income.

In addition, cattlemen of drought areas have been able to grow forages for their livestock if they had to depend on dryland production, thus they have had to locate and purchase hay and sup-

plements to carry their foundation herds through the long, dry periods. This is an extremely costly operation, he noted.

Anderson also emphasized that the recent rise in interest rates will increase credit problems of many producers.

"As a result, despite prospects for more income statewide, the need for emergency and guaranteed farm loans will likely expand this fall," he predicted.

engagements

Announces Engagement

Miss Tammira Lee Madison and Dennis Ray Papasan, both of Midland, will be married Saturday, August 18, at 7 p.m. at Fannin Terrace Baptist Church in Midland.

The bride-elect is the daughter of Mr. and Mrs. Gene Madison of Midland and the granddaughter of Mrs. Joe Ray of Eastland.

Parents of the prospective bridegroom are Mr. and Mrs. Bobbie Papasan of Midland. He is the grandson

of Mrs. Blantye Copeland of Cisco.

Miss Madison is a graduate of Midland High School and is a senior student at Angelo State University in San Angelo. She is employed by Parker and Parsley Petroleum Co. in Midland.

Mr. Papasan, a graduate of Midland High School, is also a senior student at Angelo State University. He is employed by John L. Cox, Midland.

weddings.....

Mrs. Richard Paul Greenwood

Beverly Susan Belanger-Richard Paul Greenwood Exchange Vows June 1st

Wedding vows were exchanged by Beverly Susan Belanger and Richard Paul Greenwood on June 1 in St. Thomas Catholic Church in Azle. Father Carl Azura officiated at the 7 p.m. ceremony.

Parents of the bride are Charles and Bobbie Belanger of Azle. The groom is the son of Mr. and Mrs. George Greenwood of Chicago, Illinois.

The bride was given in marriage by her father. Maid of honor, Sharon Belanger, is sister of the bride. The ringbearer was Christopher Stark, nephew of the bride. Standing with the groom was Jerry Greenwood, the brother of the groom, as best man. The ushers were Mike Belanger and John Frish.

Following the ceremony, a reception was held at Silver Creek Club. Guests were served portions of a white three-tiered cake.

The newly-weds will be honeymooning in Chicago, Illinois, and will reside in Palm Beach Garden, Florida.

Out-of-town guests attending included Mark Wortham, Kevin Dearden, Cassetta Ganzini, Carl Cole, all of Florida, and grandparents of the bride, Mr. and Mrs. R.E. Blalock of Cisco, Jerry, Cathy, David, Joey, and Michael Greenwood of Chicago, Illinois, John and Mollie Frish of Florida, Mike and Pat Pullman of Florida.

The groom is an aeronautical engineer with Pratt and Whitney Aircraft. He is a 1978 graduate of Embry Riddle University in Daytona Beach, Florida.

The bride is a special education aide at Azle Junior High School and a graduate of Azle High School.

Stealing from the Best

Some guys, I'm sure you'll agree, are impossible to get away from. David L. Miller, Features Editor of *Modern Photography Magazine*, is one of them.

I don't know him well. In fact, I don't know any photo magazine editors well, and I'd just as soon keep it that way. Still, I run into him just about everywhere I go in the name of photography. A Polaroid press extravaganza in Cambridge; A Kodak unveiling at EPCOT Center; a trade show in Las Vegas. We know one another well enough to recognize each other and to exchange pleasantries. He asks me when I'm coming to New York and I ask him when he'll be hitting Blue Mounds. (*Blue what?*) Then we go on our merry ways, each convinced he's a social animal of the first class. No neuroses here...uh-uh.

I respect Miller. He seems like a hard-working, hard-digging editor, just the way an editor should be.

Now, you may be wondering what all this is leading up to, so I'll tell you. I don't steal material often. And when I do, I steal only the best. Then I write some cute, flattering lead to the piece and hope I don't get sued.

The piece I'm stealing today doesn't look like much at first glance--barely 200 words including the captions, in the August, 1983, issue of *Modern Photography*. But it carries Miller's by-line, and it just happens to be about one of the things I harp on the most at my photo workshops. That, in my book, makes it well worth repeating.

"The first impression is not always the best," Miller writes. "You check out a scene. It looks good so you photograph it. You may get a pleasing picture but you don't get that internal signal, the gut feeling that comes all too seldom when everything clicks neatly into place. Very often there's a better way of seeing your subject. You don't, and shouldn't, have to settle for first impressions. When photographer Joan Liftin spots a potentially productive photographic situation, she works it and shapes it, examining all angles and possibilities, experimenting with viewpoints and equipment--even changing cameras--until she gets all elements in the 'right' order."

Then the article goes on to reveal six different viewpoints of the same scene...a colorful billboard captured half a dozen different ways, beginning with a 28 mm wide-angles lens and ending with a 100 mm telephoto.

Remarkably, each shot seems to be better than the one preceding it and not so good as the one that follows. Until, finally, the ultimate--the sixth photo, a work of art.

Now, I haven't talked to Miller about his article, so I'm not sure if he really knew how important a subject he'd chosen on which to write. My gut feeling is he did. Especially if he ever taught a photo course or workshop. One of the most common and deadly sins committed by a vast majority of amateur photographers (and, I'd wager, too large a number of working pros) is this: *Thou shalt not take the viewpoint of thy camera in vain.*

Yet, invariably, when you hand someone a camera

and point out a subject, the first thing the photog does is aim, focus, and fire. Occasionally someone will take an extra 20 or 30 seconds and walk around to the side of the subject, as if that fulfills some basic requirement for Photo 1. Nearly never will you find someone moving front to back to front, again; up and down; back and forth; then switch lenses; then add a filter; and then--finally--shoot.

Perhaps it has something to do with the fast-paced world in which we live. Perhaps we're all intrinsically lazy. Whatever the reason, we'd have far more first-class photos to show if we'd take the time to see instead of simply look.

Try it yourself the next time you go shooting. Get in the habit of asking yourself, "how does this scene feel?" Even if the answer is, "Great!" take the time to see if you can't make it greater.

To exercise your talent for photo-taking, give some thought to the following tips.

- 1.) Never accept your first point of view, even if it appears to be perfect. Always take a second look (and a third, fourth, and fifth, if possible) from a different perspective.
- 2.) Whenever shooting a rectangular format camera, always check the scene both horizontally and vertically before deciding on which to use.
- 3.) Isolate the subject, the most important part of the scene. Then give some thought as to how best to emphasize it. Should you add space or subtract? Add elements or remove them from the scene?
- 4.) Consider adding people for dramatic effect. You can either wait until someone walks into the scene or take it upon yourself to pose someone where you want him.
- 5.) Think about the available light. Is it perfect right now, or will it be better--perhaps more dramatic--later in the day. If so and if your subject will wait, try coming back when the light is just right.

Although technically a good photo, this one could be improved. How would you do it?

County News Briefs

EASTLAND

Phil Gramm, Republican for the U.S. Senate seat now occupied by John Tower, will attend a public reception at 9:15 a.m. Thursday, July 12 at the Eastland Chamber of Commerce Conference Room. Gramm is best known for co-authoring the Reagan Economic Recovery Program, and for resigning from Congress and the Democratic Party after Tip O'Neal stripped him of his Budget Committee seat. The public is urged to come out and meet this candidate and learn his views on matters of vital importance.

R.T. Holland has purchased the building formerly occupied by Otis Coleman Aluminum at the intersection of Highway 80, I-20, and FM 570. Part of the building will serve as headquarters for Tom Holland and Sons Construction Co., and in another part, Mrs. Holland, Tom's mother, will open a gift shop. Plans for the gift shop include art supplies, painting, blank china etc.

RANGER

There is still hope for the Sunbelt Limited Amtrak Train to run through Eastland County, according to a letter received by Mayor Raymond Hart from Burt C. Blanton, Consultant and Deputy member of the Dallas City-County Amtrak Committee. Blanton states that the "Test Train" which ran through Ranger and Eastland County on a trial run to El Paso on Feb. 3, had no trouble on the line. The track was proclaimed as one of the most excellent in the Southwest. Interested persons are urged to write state and national representatives on this matter.

Student nurses at Ranger Junior College are in clinical training prior to their graduating on August 25. They are working five days per week at De Leon and Ranger Hospitals. The class finished with a very high overall average of 92. Cyndi Johnson of Sidney is the Valedictorian, and Alice Phillips of De Leon 2nd Place.

Nail sculpture by Bill Thomas of Breckenridge will go on exhibit soon at the Roaring Ranger Museum. Thomas, a welder, was born and grew up in Ranger. Some of his work depicts the 1984 Olympic games, with a number of small figures participating in the various sports. None of the work is die-cast; all is made by using a welder's torch.

The 22nd Annual Ranger Jaycees Rodeo will begin with a big parade on Thursday afternoon, July 12, 5 p.m. on Main Street. Nightly performances will begin at the Rodeo at 8:30 on Thursday, 12, Friday 13, and Saturday 14. There will be a number of events, including bronc riding.

CISCO

The Roof Garden Dinner Theatre has begun preparations for "Guys and Dolls", a play set in the late 1930's. There is a special need for men's clothing, particularly from that period. If you have any double-breasted or old style men's suits or men's hats to donate or loan, please contact the Roof Garden Box office at 442-2589. Your help will be appreciated.

Steve and Linda Cozart are the new owners of Interiors Unlimited, 106 W. 8th St. in Cisco. They are now open from 9 a.m. to 5:30 p.m. Monday through Friday. They will carry carpet, vinyl, ceramic tile, handmade quilts, wall coverings and numerous other household items. They will also have a limited number of gift items. The public is invited to stop by and visit this attractive shop.

RISING STAR

Central Texas Opportunities is presently located in Rising Star at City Hall. For information concerning weatherization programs, energy crisis aid, food commodities and medical transportation, please call (817) 643-5000. Ask for Pansy Rudd.

A.P. Smith, well-known owner of The Owl Barber Shop, has retired at age 94. Smith began work in a barber shop at age 16, and bought Owl Barber Shop in 1919. Smith says he is selling the shop to a younger man, and that it will be open for business again in the near future. The shop is in the 100 block of East College. The 94 yr. old barber noted: "My family and I are thankful to the town and community for the patronage that made it possible to operate the barber shop for that many years."

Fishing Report

Terry Wilson

"COLEMAN CALLS" July 14th, we shall hold our in-club tournament on well known Coleman Lake. Registration will be at Quail Estates prior to 5 a.m., Saturday morning. As with most of our area lakes, Coleman is extremely low. Boat ramps on this impoundment have been maintained and are accessible. Caution should be exercised due to numerous underwater islands. Most of these have been marked by the lake warden. Abilene Bass Club held their club tournament Sunday the 8th. Winning stringer was 3 fish 5 pounds 5 ounces. Big Bass of this tournament was 3 pounds 12 ounces. Talking with these anglers their opinions were the fishing was very tough. Numerous small fish were taken, but keepers were hard to come by. July 21st there shall be an "Open To The Public" Jackpot Night Tournament held on scenic Lake Leon. Starting time will be 8 p.m. and weigh-in will be at 2 a.m. You must be in line by 2 a.m. For more information contact Terry Wilson at 629-3255.

Report Changes To SSI

This is a special reminder to persons receiving supplemental security income

(SSI) checks! A change in your monthly income or your address may affect the amount of your SSI check. These changes must be promptly reported to the Social Security office by telephone (698-1360) or in person at our office located at 142 S. Pioneer in Abilene. Other events that must be

reported include marriage, divorce, death and changes in the number of people who live in your household. If you own checking or savings accounts and the balance added together exceeds \$1,500 (\$2,250 for a couple) on the first day of any month, you should report this immediately.

Prompt reporting of changes will help us pay you the correct amount of SSI and prevent underpayments or overpayments. Failure to promptly report changes may result in a penalty deduction of \$25 from your next SSI check.

Dancers

Win 1st

The Jammie Dee Dancers: Heather Cde Baca, Nichole Clifton, Tifani Harrison, Amanda Wheat, Mandy Cunningham, Jennifer Uhlhorn, Holly Greenwood, Angela Hale, Monica Norris, Joanna Wallace, Samantha Wheat, Patricia Jones, Misty Keith, Melissa Carmack, Ginger Graham, Betsy Herrington, Julie Walter and Kristi Graham, won 1st place at the July 7th parade in Strawn, Texas. The girls performed to the tunes of Kitty Rock, Country Western Ya Hoo, Queen of Hearts, Affair of the Heart, Electric Avenue, and Manhunt. They also marched the parade route along with their instructor, Jammie Gentry.

People in This Area

TO COMPLY WITH state laws, the Eastland County Democratic Executive Committee will meet one day soon and select a candidate for the office of Justice of the Peace, Cisco Precinct. As you know, this office became vacant after the death of Mr. Carlton Holder, who passed away after the Democratic primary election. Mrs. Holder was appointed to the post to serve until after the general election in November.

The county committee, of which Mrs. Scott (Mary) Bailey, of Cisco is chairman, will meet sometime before ballot printing time. If anyone wants to run for the office, they would have to run as a write-in candidate. The name decided on by the committee will be the only one printed on the ballot, as we understand it.

Mr. J.V. Heyser, local rancher, is the Cisco Democratic precinct chairman and a member of the committee, which includes one person from each of the county's voting precincts.

WHAT'S GOING ON with the Hawari boys? Sons of the Tarek Hawari's?

Kenneth Hawari, No. 1 son, graduated from the University of Texas (Austin) law school last May and is

currently living in Austin with his wife Beverly, awaiting a date in late July to take the state bar exam. He and his wife, daughter of the Charles Prestons of Cisco, plan a tour of Europe after the bar exam. Kenneth has a job with the law firm of Hughes and Hill in Dallas, starting in the fall. Understand he has worked for them as a law clerk during summer.

Andy Hawari, No. 2 son, graduated from the UoT in Austin last May and is working in Austin. Understand he plans to return to school in a year or so for graduate study.

No. 3 son Brad is at home in Cisco awaiting his sophomore year at CJC. He's busy in the CJC Dinner Theater program this summer.

The Hawari boys are grandsons of Mrs. Johnnie Cheshire, long-time resident of the Lake Road area.

THERE'S NEWS about another of Mrs. Cheshire's grandsons - Brian Cheshire, son of the Jimmy Dan Cheshires of San Antonio.

Brian graduated on June 2 from the Southwestern Medical School, a branch of the UoT, in Dallas. His dad is a retired major of U.S. Army duty and lives in San Antonio.

Dr. F.E. Addy of Cisco, a long-time family friend, attended the graduation ceremonies and gave the Hippocratic Oath, which deals with the code of ethics for those receiving medical degrees, to Brian. Dr. Addy is also a graduate of the Dallas school.

Dr. Brian will enter at Wilford Hall, a U.S. Army hospital, in San Antonio. It was at this hospital that Brian was born twenty some years ago. Understand his grandmother and others from Cisco attended the June 2nd graduation ceremonies.

THE MOST SCENIC place in Jamaica is Dunn's River Falls, a river where eight streams merge and cascade down some 200 feet of gradual slopes over attractive boulders. This picturesque place is located in the city of Ocho Rios in eastern Jamaica.

That's the report of the Bobby Smiths, the Dr. Allen McGinnesses and the Ronnie Ledbetters, who returned from Jamaica a week or so ago after an eight-day vacation. Six adults and six children enjoyed the trip.

The group stayed at Montego Bay on the north side of the island and made the trip to Ocho Rios by car.

At the falls, they donned bathing suits and followed guides through the boulders up the falls and back. It was particularly enjoyed by the youngsters, we were told.

THE GEOP Mitchams returned home a week or so ago from Hawaii. They visited son George and family on the island of Maui. George has lived there several years and is a business man there. Jamie and Arlene Fry of Cisco were due to leave this week for Alaska. Plans call for the couple to make the trip in a van that has been outfitted with a bed, refrigerator, butane stove and the like. The John McGuires are getting organized to take off Friday for Telluride, Colorado, and a month of vacationing in the mountain country.

MISS JEAN Jamison of our town returned last week after a tour of Europe. Danny Cantu is the young man who owns the jet water skis that you see occasionally at Lake Cisco. He works for the City of Cisco and, we understand, plans to enter some jet ski races over Fort Worth way before long. He's a good skier and his rig goes up to 40 miles per hour. Robbie and Flo Robinson played in the second flight of the Guys and Dolls Golf Tournament at Merkel last weekend. And Raiph Glenn and Dorothy Farnsworth were in the championship flight. Didn't hear of any bacon being brought home.

MR. DICK Woolley, local bank prexy, tells us that his grandmother, Mrs. Clara Gibson, who died at Fort Davis last week, was 91 years old. She was a pioneer of the area and retired after 51 years as a school teacher. She started teaching at age 17. The little building that The First National Bank of Gorman opened as a Banker 24 center on West 8th Street is now the headquarters of Gerry Petroleum (Gerry Page), we hear. The Gorman bank closed its Banker 24 locations in Cisco, Eastland and Ranger a year or so ago.

ATTENTION Purple Martin admirers: The nice little mosquito eating birds are getting organized to migrate back to their other home where-ever it is. These late evenings, you'll see 10,000 or more of them in the three big trees out at Johnny Penn's house on South Hilton.

Bill Reynolds, who has a big Purple Martin apartment house, reports that they're usually gone by mid-July. They arrive in early spring.

'From True Love' To Buttermilk and Onions

by Vera Wheat

I am sitting here thinking, "My friend, I got me a problem."

"See, my old lady, that's the way I call to her, you know. In a kind of loving way, she, for the last forty odd years, call me 'True Love'. Now days seems to me, I got me a problem!"

"All through these years she has been a darling wife (most of the time) a very loving mother, a super grandmother, a fantastic worker, she works five days a week, about an hour or so a day. - She says she loves her job and is a fair nurse too, my friend, may I pour us another cup of mudd, that's

what I refer to as her coffee, if you will please, just let me tell to you, this story just a little farther.

"I'm not young any more, (she's not either) but, I don't feel all that good from day to day. I got me some of these illness, to name a few, hardening of the arteries, heart block, a condition that results in pulsations slowing down causing spasms, or paroxysms occurring - which affects my breathing some times, some ways. Also high pretension, it's a lot of trouble for her to check my blood pressure once a day or less - oh! I have prescriptions, pills, for all this. I also have arthritis, it's gotten me into a mess. These still don't cure my problem. I realize with these illness, odds and ends, I'm not alone. I see a lot of this even wrong with lots of my friends.

"This is what I'm trying to get you to understand - Late in the evenings when she says it's supper time, we eat whatever she wants to fix. We sit down to watch TV - we watch whatever she wants!"

"Now I start with my real problem. It's my feet - I can hardly walk, like I said it's my feet, these old, hurting, sore, bunions. I soak my feet, trying to soften these hurting bunions! She don't call me her 'True Love', don't say a word, I look around and she's drinking buttermilk, and chewing down on these onions!"

"I mean my friend, I need a clean dry towel for my

feet, or a light for my cigarette - see I'm sitting in my easy chair watching TV and soaking my feet in my little pan, trying to soften up these hurting sore bunions!

She is asleep, I mean passed out, stoned on that buttermilk and onions. I do my best to be patient, I think maybe she will get over the hang-ups if I hang in!

"She gets up half asleep, drags herself to bed. She's full up, she has just been fed. Me, I'm restless, can't sleep, cause I don't know why she traded me, her 'True Love' for those stupid buttermilk and onions!"

"Just because I have to treat my poor hurting feet, trying to soften up my sore bunions!"

"Friend, as I've been talking to you, this thought just came to me!

"Do you suppose, just maybe if I use my little pan, to soak my poor hurting sore feet in some of her buttermilk and onion, could it be possible, I could get my feet, asleep, passed out, stoned? Will it work on my bunions?"

"Yea, my friend, you guessed it. I got me another problem. See, she had her first round, I thought she was out, but sound, I thought I would use her remedy. She heard me 'clod hopping' around in the ice box. The sound woke her up.

"She came in where I was and said, 'Bone head, so that's how it is! Gone, I am

out of my buttermilk and onions. What did you do? Use my buttermilk and onions for your poor hurting sore bunions?"

"You know women, their favorite weapon are their tears. Sure, she still is letting them flow. I don't know what to do, or where to go!"

I can't run, I can hardly walk, you know I still got these poor hurting, sore bunions, and she's out of buttermilk and onions!

"My frind, if you can think of a remedy - please let me know!"

"I'm just sitting here, don't know what to do - or where to go!"

WORD of GOD

Wherefore God also hath highly exalted him, and given him a name which is above every name:

That at the name of Jesus every knee should bow, of things in heaven, and things in earth, and things under the earth;

And that every tongue should confess that Jesus Christ is Lord, to the glory of God the Father.

Philippians 2:9-11

Obituaries

Services For Charlie Moad Are Tuesday

Funeral services for Charlie Moad, 80, a rancher and civic leader of Cisco, were at 2 p.m. Tuesday at Camp Inspiration Church of God in Eastland. The Rev. Larry Smith, pastor, officiated, assisted by the Rev. W.E. Hallenbeck, retired Church of God minister from Eastland. Burial was in Oakwood Cemetery, directed by Kimbrough Funeral Home.

Mr. Moad died Saturday afternoon at his home. He was born February 6, 1904, in Roger Mills County, Okla. He married Marth Schram on February 2, 1924, in Clinton, Okla. He had lived in Cisco since 1932. He had been a member of the Cisco Police Department and at the time of his death he was the oldest member of the Cisco Volunteer Fire Department. He had served on the Cisco City Council and as assistant municipal judge. He was past president of the Angus Breeders Association and was a member of Camp Inspiration Church of God.

His wife died December 18, 1977. Survivors include two brothers, Roy of Odessa and Fred of Clinton, Okla.; a sister, Edna Kelley of Fruitvale; and several nieces and nephews.

Services For William Babb Are Friday

Memorial services for international banker William O. Babb, 78, of Luxembourg, formerly of Abilene and Cisco, were Friday in Luxembourg. Cremation followed.

Mr. Babb died in Luxembourg Wednesday after a lengthy illness. Born Dec. 31, 1905, in Santa Anna, he was one of five sons of longtime Abilene clothing merchant, James W. Babb. He attended schools in Abilene and Dallas, graduating from Abilene High Schools in 1924 and then Southern Methodist University.

He then joined National City Bank of New York. He was employed with the bank in Japan, India and Europe. He lived in Luxembourg, the smallest country in the world, for many years. He lived in Europe most of his life.

Survivors include his wife, Alice of Luxembourg; a daughter, Vivi of Pottsdam, N.Y.; a sister, Thelma Ewell of Cisco; a brother, Maurice of Pensacola, Fla.; four nephews, David Babb Ewell of Cisco, James Ewell of Dallas, Gary Babb of Huntsville, Ala., and John Babb of Pensacola, Fla.; and a niece, Julie Babb of Minneapolis, Minn.

Needleland Is Now Taking Applications

Needleland of Texas, Eastland County's newest major industry, is now accepting applications for sewing machine operators at its plant site (the former Vassarette building) on N. College St. in Eastland.

Owner-Managers Dick and Sussane Chiat are presently organizing the operation which they moved here from the northeast, and plan to begin production soon.

"We are glad to be here," Mr. Chiat said, "and we want to be an important part of this area."

An indication of their willingness to truly be a part of the activities here, is the fact that they plan to initiate the one-hour lunch period, which gives the employees an opportunity to avail themselves of services in this area. Employees generally will come from a wide area and the lunch break gives them an opportunity to participate in Eastland County activities.

The firm is seeking experienced sewing operators and is establishing a pay schedule which will afford employees an opportunity to share in the productivity of the company.

The building is being refurbished, and will provide a safe and comfortable work place, Mr. Chiat said.

"We are finding that the people of this area are truly helpful in assisting us set up our plant. We look forward to being a part of the growing Eastland County economy, and we believe that the payrolls generated by our plant will play a significant part in the continued growth and health of the economy of this area."

The firm already has a number of contracts, and boasts that it will be able to "sew anything that can be put on a machine."
