Legislation Increases School Tax Rate For Cisco

Public Schools for the year beginning Sept. 1 will increase substantially as the

The tax rate for the Cisco result of the new legislation passed at the special session of the Texas Legislature recently, Supt. James Couch

told the Cisco Lions Club in a talk Wednesday noon at their weekly luncheon. The tax rate for the 1983-84

school year amounted to 53 cents per \$100 valuation, Mr. Couch said. Mr. Couch said. Due to new requirements

and changes and to a drop of some \$22,600,000 in valuations for school district property, the rate will have to be raised, he said.

The new law provides for school financing to be on a basis of 70 per cent paid by the state and 30 per cent locally. The increased costs will necessitate an increase of over 300 per cent in local spending, Mr. Couch said.

There were 226 changes in school rules and regulations. Mr. Couch said. This has caused considerable work on the part of school administrators to "learn just where we stand and what we will have to do," he added.

Abilene where state leaders went over the new regulations with them.

Salary increases locally will range from \$170 to \$409 per month for faculty members, under the new state scale, Mr. Couch said.

Beginning in 1985, the

school year of 175 days (the same as now) can't begin before Sept. 1. Freshmen this year will be under the new regulations pertaining to requirements for graduation and so forth. This will include a year of computer science, two years or a foreign language (Cisco will offer Spanish or French) and more total credits. Ten absences will results in a "no

The new teacher comptency regulations will be compulsory by 1986, Mr. Couch said. The career ladder program calls for teacher evaluation by three administrators and two teachers, beginning in 1985.

School district property valuations were more than \$162,000,000 last year and will be around \$140,000,000 for 1984-85 due to drops in oil property values, Mr. Couch

Lion C.B. Dill was the program chairman and introduced Mr. Couch.

Lion Ivan Webb, chairman of the Cisco club's committe for the annual Benefit Bowl game

ween Cisco JC and Ranger JC, passed out supplies for club members to begin selling programs and advertising. Sales must be completed in about three weeks, he add-

Tickets for the game wil go on sale Sept. 1 at \$3 for adults and \$2 for children. Each ticket will cost \$1 more at the

Secretary Jasper Cook reported that everything was ready for the district caravan to the Kerrville Camp for Crippled Children on Saturday, August 4, and urged local participation.

Guests included Billy Wright, Mrs. Jasper Cook, Mrs. Marcus Ray, and

MAKE PLANS NOW to attend the Wanda Jackson concert scheduled in Cisco for Saturday, August 11. The concert has been arranged by the Cisco Ministerial Association and should be enjoyable for all who attend.

More may be found on the concert elsewhere in this edi-

THE FINAL production of the Roof Garden Dinner Theatre kicked off this week with performances on Thursday, Friday and Saturday nights. The name of the musical is "Guys and Dolls" and features local persons in some of the roles.

The final performances will be given this Thursday. Friday and Saturday nights in the roof garden of the Laguna Hotel. If you don't have reservations for any of the remaining nights, be sure and call now to see if there are any openings left.

If you don't get to see at least one of this year's performances, then you should really be disappointed, because all of the performances are excellent.

CISCO KID CAR WASH 3rd St. and Ave. E Where Most People Wash. Wash your vene-tian blinds, throw rugs, notor. c-52

edition of the paper for the registration schedules of Cisco Primary School, Junior High and Senior High Schools. Also, there is a list of items needed by the

primary students. Football activities will be starting soon and local stores are preparing for back-to-school" sales. Everything seems to be gearing toward the reopening of school.

SMALL SHOWERS were felt in the Cisco area during the week, but we still have not received as much as we need. Abilene newspapers reported Friday on a good rain in their city which left city streets full of water.

Let's all pray for more rain in this area, especially around Lake Cisco. The lake seems to be lower everytime we go out that direction and everyone is still urged to conserve as much water as they can during the summer

If the lake does not receive a substantial amount of water during the next few months, the voluntary conservation of water will probably continue throughout the entire year. So, remember to not water the pavement which runs along the side of your home, as well as the streets near your

To Open Aug. 20

A new pre-school is opening August 20th in Cisco for 3 and 4 year old children. The school is located at 302 Ave. I, the home of Gerry and Dianna Webb. Mrs. Webb will run the pre-school. Rainbow pre-school is licensed by the State of Texas.

The school will also operate the same days as the public school system. There will be a morning class trea 8 a.m. to 11 a.m.

Activities for children will include letter skills, number skills, science and nature. arts and crafts, story time, music, Bible stories, free

If you would like further information, call Mrs. Webb at 442-3623 or go by 302 Ave.

CofC Breakfast Set Wednesday

The Chamber of Commerce Quarterly Breakfast will be held at the White Elephant Room on Wednesday, August 8th, at 8:00 a.m. Price for the breakfast will be \$4 00 Reservations need

to be made by calling the Chamber Office at 442-2537.

Dr. Henry McCulloch, the new President at Cisco Junior College will be the guest speaker.

Doggett Due In Eastland State Senator Lloyd Doggett will be honored with a reception Thursday, Aug. 9, from 10:30

a.m. to 11:30 a.m. at the Eastland County Courthouse, according to Mary Bailey, Democratic County Chairman.

Senator Doggett is the Democratic candidate for the United States Senate seat now held by Senator John Tower. He is being opposed by Republican Phil Gramm.

Everyone is invited to attend the reception to visit with Senator Doggett. Mrs. Bailey is being assisted by Mrs. Ann Murry and Judge Guy The Cisco Ministerial tian Ministry, she still finds the natural mother's instinct, to be with and care for her family, the most exciting part of her life.

Gospel Concert featuring Wanda Jackson, on August Since 1971, Wanda and her 11th. The concert will be held husband (Wendell Goodat Chesley Field in Cisco, man) have been serving their Lord full time. The and will begin at 7:30 in the decision to give their lives to evening. There will be no charge for admission; full time Christian Ministry cost them 70-80 percent of their income at that time. however, a free will ofeering Since then, they have been filling churches and auditoriums with their fans, and singing and sharing for

Vivacious and versatile talented and terrific - are the adjectives used to describe the artistry of Wanda Jackson. Wanda, who became a verteran star of Country Music in a relatively short time, has been singing and entertaining fans of Country Music throughout the United States, Canada even around the world - since her early teens. A native of Oklahoma.

will be received.

Wanda's talents were discovered by another great entertainer from the Southwest, Hank Thompson. Wanda confesses that much of the stage presence and technique that she possesses was learned from Thompson when she appeared on many shows with him after first entering her career. Wanda has consistently been a best seller for Capitol Records and has thrilled millions of fans throughout the world in her personal appearances.

Aside from being a great favorite at country music shows, fairs, rodeos, and all types of presentations all across the United States and Canada, Wanda is one of the few country music artists who has been so talented as to record ber songs in the languages of both Germany and Japan. In 1971 and 1972 she was voted "THE FAVORITE FEMALE MUSIC COUNTRY SINGER" of the Scandina vian countries and also received a tremendous reception from music fans in Japan, Phillipines, Korea

and the Far Fast.

In real life, Wanda is a devoted Christian and lives happily with her husband and manager Wendell Goodman and their children in Oklahoma City. Although her preference is performing for the public and her Chris-

Miniature Golf Tourney Set August 10, 11 and 12

The Miniature Golf Course at Lake Park will be the site of the Kiwanis Second Annual Miniature Golf Tournament held on Friday, Saturday, and Sunday, August 10, 11, and 12. The hours will be from 4:00 p.m. till 10:00 p.m. each night. Joe Gosch of the Kiwanis Club states that announcements will be fortheoming as to Tournament

rules and other information. Trophies will be awarded to the winners. This is going to be a very exciting event one which all the family can

enjoy," says Gosch. "I should add that it is quiet and shady at the Park, an 18 hole Course. There will be cold drinks for sale at the stand. We can look forward

to a pleasant setting - no matter how hot it is elsewhere."

The Cisco Kiwanis Club restored the Golf Course and placed it back in operation last summer as a community project. The area has proved to be a popular spot for persons of all ages. Randy Batteas is manager of the facility

The 2nd Annual Kiwanis Club Golf Tournament will be held this year

EASTLAND

Water customers in Eastland, Olden, Carbon, Staff and Westbound Water Systems have been advised that strict water usage curtailments are in order since the smaller of the two storage tanks was taken out of service Monday. The city has signed a contract with Allie Tank Services, San Antonio, to have both towers renovated at a total cost of \$150,000. The contract calls for an annual inspection and maintenance program on both tanks after they are repaired for a cost of \$1,500 a year for 15 years. The small tank is in the worst shape and will be the first to be renovated.

The Program Building Executive Committee of the County Agricultural Extension Service was given the latest information on the water situation of Lake Leon and Lake Cisco at a meeting in the Courthouse on July 27. M.H. Perry of the Eastland County Water Board discussed Lake Leon, and Bob Ingram, Cisco Mayor Pro Tem and City Councilman brought information about Lake Cisco and the Cisco Water System. Members of the Program Building Committee, County Agents, and some County Agents, and some County officials were in attendance.

A new Chapter of Eastland County Texas Tech Ex-Students is being organized to serve the 70 plus Texas Tech Alumni living in Eastland County. One of the immediate goals will be to award \$1000 in scholarships to area Junior College graduates who plan to attend Texas Tech. Activities for this fall will include a cookout Saturday, Aug. 25 and a trip to Ft. Worth for the Tech-TCU game Nov. 11. For further information about the Chapter call Ron Butler in Ranger, Robby Robinson in Eastland or Ken Hammes in Cisco.

CARBON

Area residents are invited to participate in the Health Week activities sponsored by the Carbon Lions Club during the week of Aug. 6. CPR classes will be taught by Robert Webb of Edwards Funeral Home. A free Health Screening Clinic will be conducted by Jackie Tucker, R.N. on Aug. 10 from 6-8 p.m. Blood pressure checks and diabetes testing will be available. All activites will be held in the school cafeteria in Carbon.

CISCO

The City Council will open bids for a paving project on August 16. These are proposals to pave Qest 16 from Hilton Ave. to Avenue M. Plans call for paving the street without curbs and gutters. The project will be financed with proceeds from oil and gas royalties from wells on city land.

Dr. Tim Boersma, local physician, has been appointed public health officers for the city of Cisco. He was sworn by City Secretary Ginger Johnson on July 25.

Cisco Gun Club will meet Monday, Aug. 6, 7 p.m. at the Range Club House. All members are urged to attend and the public is invited also.

The Bible Baptist Church has a new pastor - Dale West trom Flatwood Baptist Church, located near Paradise, Texas. The Pastor's wife is named Sandra, and the couple

have two children. Pastor West reports that he and his family have moved into the Cisco parsonage and are looking forward to their work in the community.

The D/FW Writer's Workshop will judge the 1984 Cisco Writer's Club contest, which is closing this weekend. Various members of the Club will assist in the project. The D/FW Writer's Workshop, with headquarters in Bedford, has a number of members who teach writing classes or sell to the professional markets. Winners in the Cisco contest will be announced in September, with cash prizes awarded.

RANGER

C & D Feed Store has opened in Ranger at 111 East Main, in a building formerly owned by James Ratliff and the Richardson Feed Store. The new business is owned by Jay and Freida Carter, with David Humiston as manager. Among items in stock is Big V Feeds, ADM Feeds, and Nutrena Feeds. The public is invited to come by and browse through the products

Lena Fonville has been named as ADministrator of Ranger

General Hospital. Her first day of work there was July 30. Mrs. Fonville has worked in hospitals more than 13 years, serving as Assistant Administrator at Blackwell Hospital, Gorman, and as Admissions Supervisor at Stephenville General Hospital. She is the wife of Jim Fonville, Instuctor of Computor Science at Ranger Junior College.

The Ranger Sizzling Sidewalk Sale will continue through Sat., Aug.4 in downtown Ranger. There will be alot of entertainment, free soft drinks, and valuable prizes given away.

Nineteen merchants are participating, with many bargains for the public. Chamber of Commerce President Tommy Brashier invites the public to come out and spend the day in

WORD of GOD

What Shall Be The

And as he sat upon the mount of disciples came unto him privately, saying, Tell us, when shall these things be? and what shall be the sign of thy coming, and of the end of the world?

answered and said unto them, Take heed that no man deceive you.

For many shall come in my name, saying, I am saying, I am Christ; and shall deceive many.

And ye shall hear of wars and rumors of wars: see that ye be not troubled: for all these things must come to pass, but the end is not

Helen Orr Is Honored In American Medical Record

business manager/medical

Because she had always

worked in larger hospitals.

Helen considered herself ex-

tremely fortunate to have

this opportunity to diversify.

When the hospital ad-

ministrator resigned in 1980.

Helen was appointed to the

position of acting ad-

ministrator and was later

given permanent respon-

sibility by the hospital's

governing board.

record director.

HELEN ORR

Editors Note: This article was published in the American Medical Record Association for July, 1984. It is a great honor for Ms. Orr to be chosen. She is the only Texan to ever have an article written about her work.

Living in a small town of-

fering limited employment opportunity might have its drawbacks, but this month's 'Spotlight" profile has had no such problem. As the administrator of the 30-bed E.L. Graham Memorial Hospital in Cisco, Texas, Helen Orr, ART directs the daily operation of the town's only hospital, serves on

numerous civic boards and committees, and has just completed a term of office as president of the Texas Medical Record Association (TMRA). The past year has presented quite a challenge

for Helen. Even with her considerable administrative experience, she has had to divide her time carefully to do justice to the demanding responsibilities of job and TMRA president. With hospitals in Texas anticipating the transition to prospective payment. TMRA members earlier in the year expressed a need for educational seminars on DRG assignment. A series was planned, instructors trained and successful programs conducted throughout

the state. These will be followed up with a new series on ICD-9-CM coding.

Her husband's early retirement brought the Orrs to Cisco seven years ago from Plainview, Texas where Helen had been employed as a medical record director/tumor registrar for Central Plains Regional Hospital (1967-76) and as a client record coordinated for the Central Plains Community Mental Retardation Center (1976-77). Her interest in the health care field dates back to 1965 while working at Craine Memorial Hospital in Crane. Texas. Crane Memorial's administrator encouraged Helen to consider medical records and suggested AMRA's correspondence course. ART

Cisco has a populaitn of 5.000 and is situated in the north central portion of the state in rural farming and ranching country. The present Graham Hospital was opened in 1970 to provide short-term acute care for a patient population which is predominantly geriatric. Other services provided by certification in 1967, a the facility (the only JCAHbachelor's degree from accredited in the county) are Wayland Baptist University obstetrics, nuclear medicine in Plainview ten years later. and a mobile unit. A staff of and work experience in the 60 include three full-time interim were well-timed physicians, four full-time with the move to Cisco and a nurses and department job interview with the then heads for medical records, administrator of Graham radiology, laboratory, ad-Hospital, who hired Helen as missions and insurance. The

hospital was acquired by the Hendricks Medical Development Corporation in Abilene last year. A family practice clinic under construction on adjoining land will eventualattract two more physicians to the complex.

Sharene Richardson, ART joined Graham Hospital six years ago on a part-time basis while attending junior college and has stayed on as the full-time medical record director. Under Helen's

He now has rubber stamps and can make business cards at a very reasonable rate Your order will only take about 3 to 4 weeks to get

For more information call A! Currer at 442-4873 or go by 108 W att in Cisco.

Cisco Gun Club Will **Meet Monday**

Cisco Gun Club will meet Monday, August 6, at 7:00 p.m. at the Range Club House. All members are urged to attend and the public is invited also.

C&W Musical Set Saturday

There will be a Country and Western Musical at Scranton Community Center Saturday, Aurust 4, beginning at 7:00 p.m.

Everyone is invited, especially area musicians. There will be a concession stand and there will be a plate lurch offered with a

choice of a lunch or a sand-

wich.

births..... ROBERT CLAYTON

KELSO Jean and Don Kelso, of isco, proudly announce the arrival of their son, Robert Clayton, born on July 18, 1984 at 11:50 p.m. at Hendrick Medical Center, Abilene, Texas

Clayton weighed 9 pounds and 3 ounces and was 21 inches long. Paternal grandparents are

Mr. and Mrs. Bob Kelso, of Garden City, Texas. Maternal grandparents

are Mr. and Mrs. Frank Barnes of Spokane, Washington.

> JARED HEATH McCULLOCH

Mr. and Mrs. George W. McCulloch would like to announce the birth of their grandson, Jared Heath Mc-Culloch. Jared was born Wednes-

day, August 1 at Graham Memorial Hospital in Cisco. He weighed 8 lbs. and 7 oz. His parents are Brian and Cindy McCulloch of 508 W. 2nd in Cisco. He has two

Vestal of Baird.

sisters. Kelli and Nicki. Maternal grandparents are Mr. and Mrs. Dick guidance, this position has evolved into the unofficial DRG coordinator for neighboring hospitals, and is assisted by a transcriptionist in performing departmental functions including utilization review, quality assurance and DRG assignment which until just recently was accomplished manually. A computer system installed in June has

streamlined this process.

There are many sources of job satisfaction when one occupies the top spot in a small hospital. For someone like Helen who enjoys dealing with people, there is ample opportunity to become acquainted with patients on an individual basis and render patient care in a more personal way than might be feasible in a larger hospital. Good working relationships are qually enhanced ecause, with a reduced staff, everyone is expected to perform a variety of duties not always associated with a specific job function. For example, Helen now feels more confident coping with problems involving maintenance, building and grounds requirements, and life safety code regulationsjob problems that were foreign to her as a medical

Networking with other hospital administrators through meetings of the Texas Hospital Association or by telephone has also fostered job enrichment. Helen's background in medical records and insight on DRG assignment for propective payment have made her a valuable resource person for colleagues not as familiar with the workings of a medical record depart-

record administrator.

With the advent of prospective payment and a patient mix that is 75 percent Medicare-reimbursed, Helen has relied on marvelous physician cooperation to address this economic challenge without compromising patient care.

Because the average length

There was a reunion of the

Teresa Johnson. Others visiting: Mr. and

Mrs. Cecil Jessup, Mr. and Mrs. Claud Jessup, Kerri and Kami, Mrs. Ruby Dunlap, Mr. and Mrs. Darrell McCrary, all from Cisco, also, Mr. and Mrs. Benny Calloway from Cross Plains, and Kevin Herring of Anson.

enter the ranks of the hospital administrator is to focus their future educational efforts on areas of finance. Her own somewhat immediate plans, now that her role in TMRA has geared down from president to past president-director, include part-time enrollment in a master's program in health care administration.

Helen and her husband are also interested in foreign missionary work and have already been approached about an assignment in Africa. With present commitments taking priority, however, Helen is reservign this professional option for the future.

Spotlight is prepared by Marla Ostrowski, Managing Editor, JAMRA.

Management Tips For County Alfalfa Farmers

he says.

Before Eastland County area alfalfa growers seed a new crop this fall, they should select seed proven in this area, check soil for fertility and prepare a good seed bed, says an agronomist for Pioneer Hi-Bred International, Inc.

of stay and severity of illness

are higher for these patients,

many of them don't fit the

average on which the pro-

spective payment system is

predicated. The result can

be loss of revenue for the

hospital, but Helen believes

that improvements to the

system will reverse this

potentially negative impact.

"We must be willing to re-

evaluate the existing pat-

terns of practice throughout

the hospital," she says.
"PPS has provided the im-

petus for making sure that

our collective energies in all

areas of hospital operation

and planning are innovative.

We expect to be among the

Not surprisingly. Helen's

advice to medical record

practitioners aspiring to

survivors.

These important management practices should help farmers produce higher yields and better quality hay when they harvest the first cutting next spring," says Jim Schrib, Texas agronomist for the Southwestern Division of

He says that university and Pioneer field tests indicate that several commercial varieties are adapted to this area. One is Pioneer alfalfa variety 555, which has proven itself as a highyielding, quality hay throughout the region.

In irrigated field tests conducted in Plainview from 1978-1982, Pioneer 555 had a total per-acre production of more than 39 tons, compared to 33 tons for Texas common,

From Stephenville:

Oklahoma State University/Central Alfalfa Improvement Conference report for 1983, Pioneer variety 555 had the highest production record among 23 commercial varieties in regional yield tests con-

"According to the

ducted the past four years,"

"Farmers can expect five to six years of production from this variety. It is a semi-dormant alfalfa which is high in forage quality and bred specifically to withstand the extreme weather conditions found in the Southwest. It has a high leafto-stem ratio and excellent heat tolerance, high disease and aphid resistance and fast recovery after

harvesting.' Schrib says that prior to planting any alfalfa seed, farmers should have soil samples analyzed to determine how much, if any, phosphate and potash will be needed. These fertilizers are important elements in

alfalfa production. He says that under normal circumstances, seed should be planted at a rate of 15 to 20 pounds per acre at a soil depth of a quarter to a half inch. Seed should be planted in late August or early September so a proper stand

can be established before the first freeze. For more management tips for growing alfalfa or other regional crops, contact Schrib in Round Rock or

Larry Stalcup, P.O. Box 1931, Amarillo, Texas 79189. Eastland Clinic

In Construction

A new medical clinic is under construction in Eastland just west of the Eastland Memorial Hospital and south of U-Save Pharmacy on land which is being leased from the hospital.

Physicians and Surgeons Clinic, Eastland's third medical clinic, is to be jointly owned by Dr. Stephen Thompson and Dr. Stephen Krech.

Footings are now being prepared at the location for a building to be built by Morgan Portable Buildings of Eastland. A September 1 opening date is being hoped for but if there are delays the opening date might be delayed until October 1.

The new building is to have 4 examining rooms, and rooms for xray, a laboratory, a pharmacy, minor surgery, a business office, and a waiting room large enough for about 25 people.

The clinic hours are to be from 9 until 5, Monday through Friday, and possibly on Saturday mornings.

Six or seven people are expected to be employed by the clinic including an R.N., an L.V.N., a lab technician, a business manager, a secretary, and receptionist. Dr. Thompson's wife Debbie, who is a pharmacist, may operate the clinic's pharmacy.

As Dr. Thompson is stronger in general practice and Dr. Krech specialized in internal medicine, they should compliment each other well.

Patients at the clinic will have two doctors instead of one as the doctors will share patients and split call duties. That will enable the patients to always have one of their doctors available, even if the other is out of town.

Organizational Meet Held For

An organizational meeting of the Eastland County chapter for Texas Tech exstudents was held in the Executive Room at K-Bob's July 24th. The new chapter is being organized to serve the 75-plus Texas Tech alumni and numerous Tech exes living in Eastland County.

One of the chapter's immediate goals will be to award \$1,000 in scholarships to area junior college graduates who plan to attend Texas Tech.

Activities for this fall will include a cookout Saturday, August 25, and a trip to Fort Worth for the Tech-TCU game November 11. Tech exes who wish further information about the chapter may call Ron Butler in Ranger, Robby Robinson in Eastland, or Ken Hammes in Cisco.

Reservoir Controls Raise Questions generation or water supply,"

AUSTIN--Who owns Texas' reserviors? How about the fish and fishing regulations? Who controls water levels?

The same and the s

These questions, often asked by Texas hunters, fishermen and other recreationists, have few simple answers

Even though a reservior may be classified as "public" in terms of access, actual control of the reservior and the lands around it may be under the aegis of multiple interests, both Tech Ex-Students public and private.

Ernest Simmons, inland fisheries section chief for the Texas Parks and Wildlife Department (TPWD), said the Parks and Wildlife Commission has authority to establish fishing regulations in all public water. The fish are considered by law to belong to the people of Texas.

Beyond that, the situation is more complicated. 'Confusion is understandable, because in some instances one public agency builds a lake and another entirely separate public agency owns all the water," Simmons said. "The shoreline may be owned by either or both the agencies, by some other agency or by private interests.

"The managing authority of a reservior generally is the one which controls certain primary functions such as flood control, power

said Simmons. "Thus, the managing authority may be the U.S. Army Corps of

Engineers, a city, a water district, river authority, **Texas Municipal**

Receives Grant

Courts Assoc.

Governor Mark White and Elinor Walters, President of the Texas Municipal Courts Association, announced today a \$338,400 grant awarded to the Texas Municipal Courts Association from the Criminal Justice Division of the Governor's Office.

The Texas Municipal Courts Association is dedicated to the improvements of the Municipal Court System and the administration of Justice in the state of Texas.

House Bill 1068, providing continuing education for Municipal Court Judges and Municpal Court personnel, and Senate Bill 46, with the correct appropriation language, made the grant possible. Judges, depending on whether or not they are attorneys, must complete 12 to 24 hours of continuing education within one year from the date they are first appointed or elected, and 12 hours each calendar year following the initial workshop. This training is funded by a collection of 50 cents from each Municipal Court case other than parking or pedestrian violations.

The grant appropriates money for the continuing education of Municpal Court judges and personnel including Municipal court clerks, prosecutors, bailiffs, cout coordinators, and secretaries. The first four workshops have been approved by the Texas Judical Council and will be held in Amarillo on September 12-15, 1984; El Paso on October 17-20, 1984; Austin on Novembe 6-9, 1984- and McAllen on February 13-16,

Sue's Fabrics Fabrics, Patterns, Notions **Berning Sewing Machines**

energy company or a state or federal agency."

Fishery management is the responsibility of the TPWD. Most other management consideration, such as access, water level control and shoreline recreational facilities generally are

under the control of

managing authority

In some cases, state and national parks and forests share the authority and responsibility for providing access and recreational facilities.

Who furnishes maps? As a rule, according to Simmons, no agency is required to produce them but some do. For lodging, restaurants,

marinas, fishing guides and the like, it may be advisable to contact the Chamber of Commerce in a town near the lake you wish to visit. The TPWD can provide information on species and numbers of fish stocked in the reservior, and also the location of state parks in the

Oil Belt News

Drilling Bits

At a location three miles west of Mineral Wells, Lewis & Atkins Oil & Gas Inc. of Midland has finaled a wildcat oil producer in Palo Pinto County.

The well is designated as the No. 1 Johnson Unit, flowing gas at the rate of 150,000 CF on a 3/4-in. choke. It was rated at 2,500,000 CFD on absolute open flow.

Location is in a 77-acre lease in the J.L. Fowler Survey. Bottomed at 3,293-ft., the well will produce from perforations 2,972 to 3,016 feet into the hole.

B.R.T. Venture of Paducah has revealed plans to drill a 4,950-ft. developmental well in Palo Pinto County's Regular Field. The operator has 160 acres leased, with drillsite in Palo Pinto County's TE&L Survey and has designated the venture as the No. 2 King. Drillsite is two miles east of Graford.

A 4,700-ft. wildcat for oil and gas is planned by Thomas Hydrocarbons Inc. of Weatherford at a drillsite one mile northwest of Posidian, Palo Pinto County. The location is in a 590-acre lease in the T&PRR Survey. Well's designation is the No. 4 Bird-

AMV Operating Inc. of Lawton has filed for permit to drill the No. 1 Michlas, a 4,969-ft. wildcat five miles west of Pickwick. Location is in a 424-acre lease in Palo Pinto County's W.D. Nicklas Survey.

Sun Exploration & Production Co. of Abilene has filed first production figures on a new oil well in the Stephens Regular Field. The No. 164 East Eliasville (Caddo) Unit showed potential to make 168 barrels of oil per day on an open choke.

The operator has 5,113 acres leased, with drillsite in the TE&L Survey, four miles northwest of Ivan.

The well will produce from an interval 3,364 to 3,370 feet into the wellbore. Total drilling depth was 3,425-ft.

A new producer has been brought on line in the Stephens Regular Field, with Damson Oil Corp. of Breckenridge as the operator.

Located one mile east of Breckenridge, the well is in a 2,713-acre lease in the T&PRR Survey. It is designated as the No. 65 Walker Caldwell.

On an open choke, it pumped 71 barrels of oil per day. The well bottomed at 3,300-ft. and will produce from a perforated interval 3,100 to 3,184 feet into the

A Breckenridge operator has staked location for the No. 1 M.C. Bruce, a developmental well to be located seven miles southwest of Caddo. With projected total depth of 4.500-ft. the well is in a 31-acre lease in Stephens County's Caddo Field. T&PRR Survey. The operator is Frankell Oil Co.

County's Stephens Regular Field gained a new producer when McBride Production Co. of Wichita Falls completed the No. 4 Fambro Land & Cattle Co. "C" 11 miles southeast of Breckenridge.

The well indicated ability to pump 28 barrels of oil per day on a 12/64-in. choke. It was taken to a 2,167-ft. bottom and will produce from a perforated interval 2,134 to 2,138 feet into the hole.

A new producer has been brought on line in Eastland County's Carbon Field, with Fulrmann-McElreath Oil Co. of Gainesville as the operator.

Located three miles west of Gorman the well is in a 700-acre lease in the George

Miller Survey, A-379. It is designated as the No. 11 Rodgers.

On an open choke it pumped six barrels of oil per day. The well bottomed at 2,930-ft. and will produce from a perforated interval in the Caddo Formation, 2,850 to 2,872 feet into the hole.

Eastland County's Blind Hog Field gained a new producer when Aen Energy Inc. of Abilene completed the No. 1 Dotson-Hume three miles southwest of Pioneer.

The well indicated ability to make five barrels of oil per day on an open choke. The well bottomed at 3,400-ft. and will produce from a perforated interval in the Duffer Formation, 3,350 to 3,369 feet into the hole.

A 4,200-ft. developmental well is planned by Richey & Co. of Ft. Worth at a drillsite three miles northwest of Cisco, Eastland County. The location is in a 40-acre lease in the SPRR Survey, A-465. Well's designation is the No. 1 R. Schlaepfer "A". It is in the Richey (Duffer) Field.

Allstate Petroleum Operating Inc. Brownwood has filed first production figures on a new

Regular Field. The No. 2 Baskin showed potential to make two barrels of oil per

day on an open choke. The operator has 160-acres leased, with drillsite in Eastland County's ETRR Survey, Sec. 21, Blk. 2, two miles east of Pioneer.

The well will produce from an interval 2,385 to 2,397 feet into the hole. Total drilling depth was 3,172-ft.

B&B Operating Co. of Odessa has filed for permit to drill the No. 2 W.D. Brown, a 3,100-ft. developmental well five miles northwest of Gorman. Location is in a 160-acre lease in Eastland County's H&TCRR Survey, A-199. The well is in Eastland County's Regular Field.

An Abilene-based operator has staked location for the No. 1 Craighead, a wildcat for oil to be located four miles east of Carbon. With projected total depth of 1,650-ft., the well is in an 80-acre lease in Eastland County's H&TCRR Survey, A-209. The operator is Olympia Oil Co.

Palo Pinto County's Regular Field gained a new oil well in Eastland County's producer when David Albert

Bass Club Report

"THE COMFORT ZONE" When the phrase "The Comfort Zone" is heard by bassers, most of us think of the area where bass are most at home. But lets look at how our own comfort can drastically affect the success of failure of those fishing trips. First, one becomes accustom to a certain environment when fishing. The craft which you fish out of most, becomes a part of your efficiency. An excellent example would be

Oil & Gas of Dallas completed the No. 3 J.H. Manley three miles northeast of

The well indicated ability to flow at the rate of 1,637,000 CF gas per day on a 3/8-in. choke. It was rated at 1,990,000 CFD on absolute open flow " was taken to a 4,940-ft. bottom and will produce from a set of perforations 4,736 to 4,746 feet into the wellbore.

The operation is in a 100-acre lease in the TE&L

who suddenly begins using a small one man boat, you will see a definite decline in success until reestablishing

their comfort in this craft. Also, an individual becomes quiet proficient using a certain bait; cranks, worms, spinners and others. Not only is the individual able to produce fish regulary but he knows before hand his confidence is in this bait. Usuing this lure can relax you, which will help regain your confidence in connecting with some fish.

Also, the comfort one feels on certain areas of an impoundment comes into play. I'm sure most of use have certain areas where we feel we can consistantly catch fish. Some anglers have best results in river areas, others may feel more at ease fishing main lake points on-

Whatever the event, feeling comfortable with your surrounding and equipment can help increase those fishing trips. Maintain a positive attitude, even when fishing is slow. The next cast

ARMY NATIONAL GUARD is conducting a recruiting drive and interested men between the ages of 17 and 40 who qualify should contact either SSG James McQueary, 559-5021 or SSG Al Gaeta, 442-3066 for details. Prior service personnel accepted E-4 and below, with cash bonuses and educational benefits available. High school seniors may come in on delayed-entry programs, the sergeants report.

IF ASKED, and sometimes if not, most of us who have lived in these parts for any time at all, have ready answers to the age-old question: "What's needed?"

Ask that of 25 people and that's about how many different answers you'd get. And the replies surely would run the gambit: "Less Republicans," "Fewer Democrats," "More industry," "adequate water supply," "more things for young folks to do," 'funerals," "births," "new leadership," "encouraged old leadership," "rain," "lower taxes," "cheaper prices," "more local news," 'less local chit-chat and more world facts," "more rock and roll music," "more elevator-type music,' "long-hair," "short-hair," "mini-skirts," "modesty," 'nuclear freeze," "increased arms build-up," "aggressive internationalism," "submisssive passiveness," "world

unification," "church

unification," "seperation of

everything," " a car in every

"no-more

"increased

garage,

welfare,"

public health care," and on and on, for as many as you ask. Each would be influenced by his and/or her own personal likes, dislikes, prejudices and individual hangups.

And perhaps each of these, and all the others that might turn up, just might have at least somewhat of merit, be it ever so minor.

We Eastland Countians might be a reflection of the nations of the world, and as we reflect on the problems of our nations in its dealings with other nations, and the problems that confront our state, from education woes to worn-out highways, we all fit into the pattern(s) somewhere or other.

We all see it as if through a child's kleidioscope, with everchanging patterns. Eastland County is a monor universe if you please — made up of individual communities, each with its pluses and minuses, but all with basically the same kind of conservative, proud individual people. All trying to

Sunday, August 5, 1984.

make a living, educate children, improve the enviroments, and generally function in this complicated, modern-day world, without being swamped by our own progress or lack therof, but also that of our neighbors,

There are so many good things that we collectively enjoy and take for granted, that it should chide us for the often minor outrages we display at the gnat's eyes of aggrevations.

near and far.

Sure there's alot of problems, but don't the wise only consider problems to be "solutions in disquise?"

Sure those who have

labored long and hard in the fields of community improvement and betterment, deserve and need new blood, new ideas, new enthusiasm from the on-coming generations, and some of our service clubs & organizations, desperatly cry for new dedicated, responsible memberships. Workers who are ready to put out the effort to get new things done.

Shredded Sunflowers Mean Doves

Early August preparation for dove hunting can pay big dividends in September, Jack Prichard, range conservationist for the USDA Soil Conservation Service in Eastland said this week.

"Although most farmers consider sunfloers to be a nuisance, they provide excellent food for doves," Prichard said. "Wildlife biologists rate native sunflower seed as one of the best mourning dove foods in Texas. One reason is because sunflowers produce seed earlier in the summer than many other plants."

Doves are almost exclusively seed eaters. Until now, they have been feeding on weed and grass seed produced last fall or spring. Sunflower seeds provide a

What do we need? Would you accept this simple answer?:

ple answer?:
"EACH OTHER"

fresh food supply, usually maturing in July. But seed remaining in the seedhead is not available to the birds. Shredding can solve this problem.

Unlike some other seedeating birds, doves do not have feet adapted for climbing or clinging to standing sunflower plants. They are strong fliers, good walkers, adequate perchers, but poor scratcher. This is why dove feed cannot be covered with litter, debris, and thick vegatation. The birds should be able to walk and find seed with relative ease.

Doves can find plenty of open ground and readily available seed in shredded sunflower fields.

"During the first week of August, shred those areas in your sunflower field where most plants have produced seed, because all plants in the same field do not always produce seed at the same time." Prichard, said, "If

seed production is uniform, shred one-half of the field, up to five acres."

This first shredding will make your field more attractive than unshredded fields. Concentrations of birds will begin using shredded area. About one week before the opening of dove season, shred the remainder of your field, not exceeding five acres. Unless you're planning for an unusually large number of hunters, ten shredded acres is sufficient.

Soil Conservation Service personnel at Eastland furnish technical assistance to landowners and operators through the Upper Leon Soil and Water Conservation District. Contact them for additional information.

Hearing Set Wednesday On Suit

A preliminary hearing is scheduled for Wednesday, Aug. 8, at 1:30 p.m. in the suit in which Robert W. Nixon Jr. is seeking in excess of a million dollars in damages of First National Bank of Gorman and its former president.

The suit, styled Robert W. Nixon Jr. vs. J.B. Hicks and the First National Bank of Gorman, was filed May 15, and asks \$1,375,000.00 in damages. The suit alleges that the then-president, J.B. Hicks "cashed in plaintiff's certificates of deposit...without notice to the plaintiff."

Attorneys representing the bank, Jim Parker of Comanche County and Leslie Vance of Eastland, have both filed answers to the original petition denying all charges.

Governor Mark White announced today that \$1,112,468 will be used for job training programs for economically

Lights From The Christian World Josephine Cleveland

"The many voices in the world can be confusing,' remarked a father to his son. 'We must discern what we hear whether it be good or evil. We can be lead into ways that are detrimental to

There is a story about a successful, happy shopkeeper who had placed a sign in his store window. The sign read, "Fresh Fish For Sale Here Today.'

A customer came into the store. "You should remove the word, TODAY. You are cluttering your window with too many words," he remarked. The shopkeeper immediately accepted the suggestion and removed the word.

Later, a customer said, "I see you changed your sign on your window. You can make it better. You don't need the word, HERE." The owner thought this sounded logical so he removed the word, HERE.

Several days later an acquintance told him, "The sign in your window would look more balanced if you would remove the words, FOR SALE."

"Of course, I should have know that. I'll remove it,' the owner said.

Later, when a customer paid him for his purchase he told the proprietor, "Your fish are always fresh. Why don't you remove those words from your sign? It causes one to think that you are trying to convince people that you sell fresh fish.'

"People know they can depend on me," the owner thought as he hurriedly removed the words, FRESH

A young man entered the store. "I'd like to look at the different kinds of fish you have for sale. It would be better if your window was clear," the young man said. Before the owner closed his shop for the day he washed his window. "The man is right", he thought. "It looks

Several weeks went by. came into the store. He was not making a living. He began to ponder and think what he should do. Then he realized he had allowed others to think for him. "I should have considered what I heard. I will put back my sign," he thought. Soon he

had a thriving business. Son, the world does a lot of talking. It is the easy way to let others do our thinking. It can lead to folly, pain and loss. Study the Word of God. Ponder what you hear. Ask whether it lines up with disadvantaged, unemployed, and underemployed Texans in the West Central Texas area. The Governor has ap-

proved the expenditure of these funds for job training programs in Brown, Callahan, Coleman, Coman-

Mitchell, Nolan, Runnels, Scurry, Shackelford, Stephens, Stonewall, Taylor, and Throckmorton Counties. The Texas Department of Community Affairs has executed a contract effective July 1 for the provision of a job training program under the Job Training Partnership Act (JTPA).

"The Job Training Partnership act is a catalyst for integrating the private and public sector in developing skills needed by Texans for productive employment and economic self-sufficiency," Governor White said. Under the Job Training

training and job placement.

Partnership Act, local elected officials in partnership with private industry councils, composed of business and community representatives, plan and provide programs best suited for residents of their area. Program services include basic education skills

AUSTIN-Improved fish culture techniques in state hatcheries have accounted for an all-time high in production and stocking of striped bass in Texas reservoirs.

Texas Parks and Wildlife Department officials said approximately 3.5 million striped bass and 2.5 million striped/white bass hybrid fingerlings were produced in three hatcheries this year, easily exceeding last year's totals for both species.

Jaime Geiger, assistant hatchery chief, said improved rearing pond fertilization and monitoring techniques

have allowed pounds per acre production to increase by 352 percent for stripers and 128 percent for hybrid stripers over 1982 base figures. "These increases were posted with only a sixacre increase in rearing pond acreage, which indicates a phenomenal improvement in per-acre productivity," Geiger said.

Geiger also credited other factors in the dramatic increase in output. "Our management biologists were able to obtain excellent numbers of mature brood fish this year, and they also were able to deliver fingerl-

Homemaking Hints

County Extension Agent

Janet Thomas

This week, the Eastland County Program Building Executive Committee met. At this meeting, Bob Ingram, of Cisco; and M.H. Perry, of Eastland; informed the committee on the water supply of Lake Cisco and Lake Leon. As a result of the information heard, we all agreed that conserving water is a must.

Today, I am going to share with you some helpful information on water conservation in the home.

The bathroom is the smallest room in the home, but almost 75 percent of the water used in a home is used there, mostly for flushing toilets. In fact, about 45 percent of the water used in homes is used to flush toilets.

A leaky toilet can be one of the biggest water wasters in the home, wasing about 200 gallons of water a day. If you have to jiggle the handle of a toilet to get it to stop making noise, that's one sign of a leaky toilet. Although some leaking toilets may make a hissing sound after the bowl has filled with water, not all leaks give such obvious clues. There are a few simple tests which you can perform, however, which can help you determine if your toilet is wasting water.

First, make sure there are no wastes in the toilet bowl. then remove the cover of the toilet tank and put a few drops of food coloring or a dye capsule into the tank to color the water. After waiting 15 minutes, check the water in the toilet bowl. If the color shows up in the bowl and the toilet has not been flushed in that time, you have a leak to repair.

There are several possible causes for the leak. Normally, the water level in a toilet tank should be between 1/2 inch and one inch below the top of the over flow pipe. However, if the water level is at or about the top of the pipe, water will pour into the toilet bowl and go down the drain. Carefully bending the blat arm down slightly

If that doesn't help, the problem may be that the flush ball is not fitting correctly in the valve seat. Lining the guide wires up better

should correct this problem.

may stop the leak. If not, a new flush ball or flapper assembly can be purchased for only a few dollars.

Even if the water in the bowl doesn't change color in the previous test, you may have a leak.

To find out, flush the toilet and then wait about ten minutes. Then look in the tank to see if water still flowing from the refill tube into the overflow pipe. This also indicates a leak.

Sometimes it is the flat that is causing the leak. Unscrew the flat and shake it. If you hear water inside, this indicates that the flat needs to be replaced.

You might want to investigate some of the new flushing equipment on the market which eliminates the flat and ball cock assembly. Because it is made of plastic, it is long-lasting. Some models are even useful in detecting leaks because they make a special sound indicating a leak.

RECIPE FOR THE WEEK: When some cooks shy away from kitchen heat in August, you can cook and stay cool with our microwave Blackberry Jam

BLACKBERRY JAM BARS 1/4 cup plus 3 tablespoons butter or margarine, soften-

1/2 cup firmly packed brown

1 cup all-purpose flour 1/4 teaspoon salt 1/4 teaspoon baking soda 1 cup quick-cooking oats, un-

3/4 cup blackberry jam Cream butter; gradually add sugar, beating well. Combine flour, salt and soda; add to creamed mixture, mixing well. Stir in oats.

cooked

Press half a mixture into a ungreased 8 inch square baking dish. Shield corners of dish with trangles of foil, keeping foil smooth and close to dish. Microwave at MEDIUM (50% power) for 6 to 7 minutes or until firm, rotating the dish one quarter-turn at 2 minute in-

tervals. Top with jam, spreading to within 1/4 inch of edge. Press remaining crumb mixture on top.

Microwave, with edges shielded, at MEDIUM for 11 to 13 minutes or until firm, rotating dish one quarterturn at 2 minute intervals. (Do not overcook; mixture will firm up as it cools.) Cool and cut into bars. Yield: about 2 dozen.

News From The Center

By Mae Green

Sunday July 8 Open house at the cisco Nursing Home was a great success. Many family members and friends visited the Nursing Home on that day. At 2 p.m. a group of young people called the Promise Kids came and sang for the residents. At 3 p.m. Bro. Cecil Deadman conducted a special dedicaiton service, dedicating the Nursing home to the service of the community and anyone who needs nursing care. After the service was completed refreshments consisting of an assortment of cookies, finger sandwiches, and punch were served. Everyone appeared to have had a good time. Thanks goes to all family members and volunteers who helped to make it a success.

Monday night gospel singing visited the nursing home at 7 p.m. each Monday night. The residents look forward to their visits. Mrs. Ziehr along with the Lutheran Bible School group, Mrs. Murl Strobel, and Bro. Milo Steffen conducted Wednesday morning service as Bro. Crockett was on vacation.

On Thursday July 19, at 3 p.m. the monthly birthday party was hosted by staff and Mrs. Jerry Sitton. The residents were served cookies and punch. Nadine Stephan and residents, Edith Terry and Buelah Brooks, helped to serve. Bo-Bo presented a balloon to each

honoree. Birthday honorees were Dorothy LeFlore, Viola Thompson, Gertrude Lucas. Robert Stephenson, Gladys Downing, Royce Kilgore. and Chrissie Boatman.

We welcome our new residents Bessie Fields. Theodore Reich, Frank Coats, and Faye Ownings. Mrs. Owning was able to rturn to her home. To see residents get able to return home is what we strive for. To give the best care and consideration as possible is our goal.

The Senior Citizen Rhythm Band visits the nursing home the last Friday of each

The Promise Kids are shown in the above photo singing for the residents during Open House at the Cisco Care Center.

Rev. Cecil Deadman, pastor of the East Cisco Baptist Church, is shown in the above photo during the Dedication Ceremony at Open House held in the Cisco Care Center.

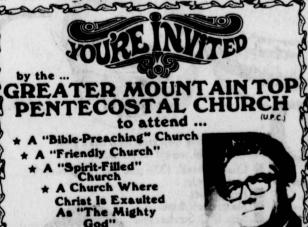

month at 7 p.m. The residents look forward to their visit. I think we have a couple who would like to become members of the Rhythm Band.

We thank Wade Seals for his visit to the nursing home in July. He sure did add to our activities.

Pastors visiting the nursing home for July were: Church of Christ; Bro. Benny Hagan, Corinth Bapt: Bro. Cecil Deadman, East Cisco: Mitchell Baptist: Bro. Frank Williams, First Methodist, and Bro. Buddy Sipe, First Baptist Church.

We appreciate all of you for taking time from your busy schedule to share your time and talent with the residents.

God Bless Thought of the Month. If you keep smiling you have a better chance of having something to smile about.

Senior Citizens **Nutrition Menu**

The Texas Medical Association has released a pamphlet entitle "Aging In Good Health," which certainly is a fine reference concerning physical and emotional change in everyone's

body, regardless of age. Aging does bring about all kinds of bodily changes, certain functions slow down, and we must accept these simply because the body is getting older.

But it does not mean your health should automatically go downhill. In fact, taking care of yourself can greatly improve your chances of a longer and more enjoyable

We will devote 2 or 3 articles concerning this pamphlet and encourage you to write for it. The address is: Texas Medical Association, Communication Department, 1801 North Lamar Blvd., Austin, Tx. 78701.

The first item concerning the matter of good health is that of checkups. A personal physician who knows your medical history can best determine how often you need a checkup. Jot down questions of problems you may have before visiting your doctor.

Next week we will look at your diet in keeping good health. To promote good diets why not call 442-1557 and make a reservation for a well-balanced diet?

The programs for the past week included: Kathy Harris and Celia Shackleford presented a musical pro-

gram: dinner music by Ima Thompson: The Senior Citizens Band and choir entertained; birthdays and wedding anniversaries for the month of July were recognized; duet by Ila Wilson and Jack Roberson with accompaniment by An-

na Dytzel. The menus for the coming week will be:

Monday- country fried steak, potatoes, cheddar cheese topping, stewed tomatoes, green beans, jellied vegetable salad. apricot halves, bread, butter and drink.

beef Wednesday -casserole, corn O'Brien, cabbage, coconut pudding, bread, butter and drink. Friday-- baked bar-b-q chicken, potato salad, collard greens, cheese, apple

Cooks Renew Wedding Vows

crisp, bread, butter and

Mr. and Mrs. Stewart Cook of Cisco renewed their wedding vows on Wednesday at their home, with the Rev. Cecil Deadman officiating.

The nurses of Eastland Manor Home Health Service (who care for Mrs. Cook daily) were in attendance. local news in brief

Mr. and Mrs. A. L. Tarver from El Campo have been visiting mrs. Traver's mother, Vera Doyle, of Cisco. Mrs. Doyle suffered a

fall on July 26th. While they were here they attended the Hagar reunion over the weekend.

On Monday at 7:30 p.m. the Reverend Glenn O'Shoney, president of the Texas District, will meet with the Church Council in the Parish Hall.

The LWML executive board will meet in the Parish Hall on Tuesday at 8:30 a.m. Topic and business meeting begins at 9:30 a.m.

The Cisco Care Center worship service with Holy Communion will begin at 10:00 a.m. on Wednesday.

The Board of Elders will meet on Thursday at 7:30 p.m. in the Parish Hall. Dell J. Crockett, pastor

Bedele nThings

TOTAL RESOURCES of the First National Bank had a substantial upward growth during the past year, according to the statement of condition published recently. The bank had total resources of \$37,869,735 on July 1, 1984, and this was compared with \$35,500,00 at the same time in 1983-a growth of more than two million buck.

Deposits were up nearly two million-from \$31,300,000 to \$33,200,00. A substantial figure, huh?

President, Dick Woolley told us that it was all due to the good health of the Cisco area. The bank, he always says, reflects the community's financial situation. He feels that the new banking facilities have been a big plus for their steady growth.

THE AUDIE Woolleys of San Antonio were visitors at the home of his parents, the Dick Woolleys, last weekend, and Audie got in a real day's work. His dad accepted his offer to help build some stock pens. So they worked a little over 14 hours on the project.

Audie begins orientation at the UofT Medical School in San Antonio next week...His little brother, Mike, was due to visit the UofT campus in Austin this weekend to decide whether to transfer there from Angelo State for his junior and senior years. He's a marketing major.

IT'S NICE AND cool out at Marfa. That's a report brought home last weekend by the E.L. Jacksons. They went out for a week or so as guests of their daughter, Mrs. Pat (Dorothy) Ryan. It has rained a lot more than usual for that region, and Marfa is green and the cows are fat, Mr. ELJ told us.

The Jackson's daughter is a member of the public school faculty at Marfa where her husband is the local newspaper and publisher.

GLAD TO HEAR that the Rick Roarks, who sold their interests in Nimrod Supply Company recently, won't be leaving Cisco. He will be con-

nected with Nimrod Energy Co., an oil reclamation firm hereabouts. Mr. and Mrs. Roark and their three children were due home this weekend from a vacation in Colorado...Mayor Eris Ritchie, who has been conducting schools for band twirlers and drum majors and cheer leaders in Abilene, Houston and San Antonio for the past two months, was due home this weekend after completing the annual summer program. Bet the Ritchies will need a vacation before resuming the regular local routine.

OUR SCOUTS report that Mr. Alford Green, local cattleman and auction expert, is erecting the big metal building on the north side of I-20 some five miles west of town...Mr. John McGuire, local business man, is back home after about a month at Telluride, Colorado. His wife Evelyn remained to accompany their daughter on a business trip to the Carolinas...Saw Jim Graham, who recently underwent major surgery, downtown the other morn-

PATSY HOGAN, manager of the Cisco branch of Olney Savings, is now an official resident of Cisco-the area. that is. She and husband Pat and little son Wil moved last weekend into their brand new home, on seven acres, six miles north of town on Highway 6.

Patsy tells us that they're absolutely delighted with the home--some 2,000 square feet with three bedrooms, two baths, central heat and air and so forth. The brick used was Old Smokey Antique. Head carpenters were Gary Ford of Eastland and Larry Thackerson of Carbon, and Patsy says their work has impressed everybody who has been there. Clyde Grimes of Eastland was the layer of brick and stone. They used a number of Cisco subcontractors and bought a lot of materials that went into

the home in Cisco. The Hogans already have

a horse and a dog-no cows or

MET UP WITH Mr. Tops Bailey the other afternoon soon after he and wife Evelyn drove in from Ruidoso where they enjoyed a two weeks vacation. The weather was real nice, he reports...The CofC's committee for the Mobley Hilton restoration is due to meet this coming week. Understand they're very near kickoff place...Saw a pile of those magazines with the pictures that lost Miss America's job for her. A sign said: \$3.75 each, don't handle unless you're going to buy. We didn't.

VISITING IN the Major Farnsworth home for a week or so are Staff Sergeant Bill Farnsworth and wife of Fort Bragg, North Carolina. They are leaving August 11th for Germany where Bill will be stationed with the Army for

three years. Bill, a graduate of Cisco High School, recently was promoted to staff sergeant. He is a veteran of nearly eight years in the Army and is making the Army a career. They're looking forward to their tour of duty in Germany

public notices

E.I. Graham Memorial Hospital, in compliance with Public Health Service Act, 42 CRF Part 124, publishes the following notice.

E.L. Graham Memorial Hospital will provide uncompensated services to all persons unable to pay who request uncompensated services and who are determined eligible for them under the current poverty income guidelines; Category A; and Category B which is no more than twice that amount. The annual compliance level must be met if the facility is financial able to do so.

Helen Orr Administrator

NOTICE TO CUSTOMERS OF HIGH TURBIDITY

Dear Customer: The City of Cisco during the month of June, 1984, supplied water that exceeded the Texas Department of Health's "Drinking Water Standards", which were promulgated as required by the Safe Drinking Water Act," Public Law 93-523 (US), for turbidity. The water supplied failed one or more of the following criteria; (1) the monthly average exceeded 1 turbidity unit (TU).

The presence of excessive turbidity of cloudiness in drinking water may interfere with the effectiveness of disinfection of the water. Permitting the tur-

bidity level to exceed the standard may present a risk to the health of persons

drinking the water. However, up to five tirbidity units (TU) may be allowed if the supplier can demonstrate that the higher turbidity does not: (1) interfere with disinfection, (2) prevent maintenance of an effective disinfectant agent throughout the distribution system, or (3) interfere with microbiological measurements.

The water system is being studied to correct any high turbidity at any future date. This notification of the

public is in compliance with the Texas "Drinking Water Standards" and the "Safe Drinking Water Act" as a means of keeping the public

informed. Michael D. Moore City Manager

NTOICE OF CALCULA-TION OF EFFECTIVE TAX RATE AND PUBLICATION OF ESTIMATD UNEN-CUMBERED BALANCES

I Steve Thomas, Tax Assessor for Cisco Junior College in accordance with the provisions of Sec. 26.04 Property Tax Code, have calculated the tax rate which may not be exceeded by more than three percent by the governing body of the Cisco Jr. College without holding a public hearing as required by the code. That rate is as follows: \$.17213 per \$100 of value.

The estimated unencumbered fund balance for Maintenance & Operation fund: \$0. The estimated unencumbered fund balance for Interest & Sinking fund:

Rebekah Sunday School Class Holds Social

On Tuesday, July 17, the Rebekah Sunday School class of East Cisco Baptist Church held their quarterly class social at the home of Mrs. Jean Posey.

It was a combined social and class business was a report on class spending, some due to illnesses of class members and balance on hand "in the kitty." The report was given by Mrs. Leona Morton, class treasurer.

The new business was the election of class officers for the coming year. Those reelected were: Teacher, Mrs. Marie Ivie; President, Mrs. Oma Lee Holdridge; Vicepresident, Mrs. Bonnie Ervin; Treasurer, Mrs. Leona Morton; Reporter, Mrs. Jewel Kinard; and Group Captain, Mrs. Clara Hallmark.

Mrs. Jean Posey kindly offered to serve as a new group captain that the class need-

The class was glad to elect

her as a group captain. The class had been divided in three groups, but this time they decided to divide the class up into two groups.

The ladies were served various chips and dip's plus apricot cobbler and punch.

Mrs. Marie Ivie, class teacher, asked to be hostess for the Christmas Social in her home. Of course, the class was glad to accept the invitation considering the good time they had at her social last year.

The ladies in Jean Posey's Group I are, Mrs. Dessie Covington, Mrs. Marie Ivie, Mrs. Leona Morton, Mrs. Mary Hamilton, Mrs. Jewel Kinard, Mrs. Frances Pence and Mrs. Christine Moran.

Those in Mrs. Clara Hallmark's group II are Mrs. Bonnie Ervin, Mrs. Doris Crutchfield, Mrs. Jaunita Hill, Mrs. Marie Brock, Mrs. Oma Lee Holdridge, Mrs. Ramona Oakley and Mrs. Lanelle Arnold.

The meeting was close with prayer by Mrs. Holdridge with the class in the usual "Circle of Christian Love"

Those present were, Mrs. Marie Ivie, Mrs. Oma Lee Holdridge, Mrs. Jean Posey (Hostess), Mrs. Clara Hallmark and Mrs. Leona Morton.

Mike Puryear Receives His Law Degree

Law degrees were awarded to more than 160 students in the Texas Tech University School of Law, Lubbock Texas, during ceremonies at the end of the 1984 spring semester.

Graduates included Michael Pope Puryear of 709 East 22nd St., Cisco Texas.
