Sixty Expected For CHS Football Workouts Monday

Some 60 candidates for the 1984 Cisco High School football team are expected to report to Coach John Parchman and his staff as practice begins at 9 a.m. Monday, August 13. The new season will begin with a

home game Sept. 7th. Equipment was issued to most of the squad last Wednesday and Thursday at Community Gym. Practice sessions will be on the Community Gym grounds at 9 a.m. and 2 p.m. daily until school begins August 20.

Eight lettermen from last year's Lobo team are expected to be among the squad of 60, which will include last year's junior varsity and freshman players plus at least half a dozen players new to the team.

Lettermen include Johnny Seabourn, who made all district and all Central Texas last year as a defensive player as well as an offense standout; Willard Johnson, defensive tackle and starter last year; Johnny Rameriz, fullback and starter last year; Josh Potter, all-district line backer last season; Patrick Qualls, tight end and starter 1983; Wade from Shackelford, quarterback last year; Stanley Callahan, running back and letterman; and

David Seabourn, running

back and two-year letter-

The quarterbacking job is expected to be between Shackelford and John Gonzales, junior varsity quarterback last year. John Seabourn, backup kicker last season, is expected to handle the punting and other kicking chores this year.

James Deadman, 190-pound lineman, is among the best prospects up from the junior varsity. He transferred to Cisco late in

junior this fall.

Mr. Parchman said that 'we're pretty excited about prospects as the practice season begins. Our boys are full of enthusiasm and we are expecting a lot of hustle and spirit."

The Lobo coaching staff includes Mr. Parchman, Rick Land, line coach; Rusty McLeskey, line coach; Doyle

Walker, offense and defense backs; Jerry Reeves, receivers and defensive ends; Steve Young, junior varsity; and, Ron Mouser, junior high.

Mr. Reeves, a veteran of 17 years in coaching, is new to the staff. He is a graduate of Texas A&M University and came to Cisco from Carthage in East Texas. Mr. Young, also new to the staff,

is a recent graduate of Texas Tech.

The 1984 schedule follows: Sept. 7 - DeLeon at Cisco. Sept. 14 - Cisco at Rotan. Sept. 21 - Mart at Cisco. Sept. 28 - Cisco at Coleman.*

Oct. 5 - Ranger at Cisco.* (Homecoming game) Oct. 12 - Cisco at Albany.* Oct. 19 - Winters at Cisco.* Oct. 26 -- Cisco at Eastland.* Nov. 2 - Jim Ned at Cisco.* Nov. 9 - Cisco at Baird.*

(*Denotes conference

The Loboes will play in District 11-AA this year. Preseason polls have picked Coleman to win the district with Cisco and Eastland due to finish in the two-three slots.

New Business Location

Don's Grill has relocated to 106 E. 14th in Cisco. They opened up on Friday, August 10. They will be open from 6:00 a.m. till 9:00 p.m. (shown in the above photo) are the owners and they have done all the work of remodeling by

themselves. They operated Don's Grill on the Interstate 20 access road for the last two years. The inside will seat from 20-22 people and they (Staff Photo)

CJC's Football, Band And **Drill Team Expected Here** Kemper of Groveton, who More than 200 football pounds, who is an offensive

players, band members, and drill team prospects are expected on the campus of Cisco Junior College as prefall semester activities begin during the coming week.

Coach Bob Keyes and his Wrangler staff are expecting between 70 and 80 freshmen to report Tuesday, August 14, to be issued equipment and begin two-a-day workouts. Some 42 varsity players are due two days later to join the workouts.

The college will open a dormitory and the cafeteria on Wednesday, Aug. 15, to accomodate the young peo-

Director Tim Jones expects 61 musicians to report to begin practice, both with instruments and marching. Nicki Harle, director of the Wrangler Belles, expected between 45 and 50 young women to report as candidates for the Wrangler Belles Drill Team. They will begin practice on August

Coach Keyes and his staff, including Coaches Rick Frazier and Bobby Anderson, were pleased with the large group of freshman recruits and are hoping that all of them show up.

Among the top prospects are Wayne Hutchinson of Knox City, who looked good in the All-Star game at the annual coaches convention in Houston last week. Hutchinson is scheduled to play this weekend in the annual oil belt game. He was an allstate Class A quarterback. He is six feet tall and weighs 185 pounds and is expected to play strong safety for the Wranglers.

Another good prospect is Oscar Cervantes, six feet and five inches tall and 285

tackle from Rosenberg. Derrick Blowe, six feet and three inches and 275 pounds, is due from El Paso to play in the line. A tight end prospect is Robert Beauchamp, 210 and six feet and six in-

ches tall, from Springtown. Joe Perry, last year's Cisco High School quarterback who had an outstanding season, will be a freshman at CJC. Coach Keyes expects to play him at tight end.

Matt Allen of Ballinger is another freshman prospect. He plays wing back and is a

An outstanding candidate

for the quarterback job is Mike Frazier who transferred to CJC from New Mexico State last spring. He did a fine job in spring workouts and is expected to begin workouts as the potential starter. Recruits include five freshman quarterbacks. There will be two sophomore quarterbacks in camp, including Gene Kennedy who was No. 3 last year.

Two of the freshman quarterbacks due are Neal won honorable mention for all-state honors last year. He weighs 190 and stands six feet and three inches. Another is Kim Bartee of Bridgeport, who weighs 200 and is six feet and five inches

Plans call for the football players to work out at 8 a.m. and 3 p.m. at the CJC practice field. The two-a-day sessions will continue until the fall semester begins with registration August 27th. Freshman orientation is scheduled for August 23-24.

family reunion in Cisco.

See you in the stands.

DON'T FORGET the Wanda Jackson concert set Saturday night at 7:30 p.m. at the football stadium in Cisco. It will be good, wholesome entertainment which the entire family can

Make plans to attend and bring a friend.

A NEW SERVICE being offered by the new Town & Country store located along 1-20 and Conrad Hilton Avenue, is the renting of video recorders and players, as well as tapes. Store manager, Butch Case, says they are going to see how the service goes over in Cisco.

With a selection of over 50 tapes to choose from at \$4.00 per day, it will probably go over pretty well. Especially when families begin to compare the cost of renting a movie and the cost of taking the family to see a movie somewhere else.

See the advertisement elsewhere in this edition for more information.

YES, THAT time of year is almost here, when the football players take the field and the band students are in the stands playing the "fight song" for every score made

by their team. Cisco High school band students started their summer practice on Thursday night, August 9, with new director, Wayne White, in charge, while football practice will begin Monday for all CHS players: freshman through senior students.

CISCO KID CAR WASH 3rd St. and Ave. E Where Most People Wash. Wash your veneian blinds, throw rugs,

Calling All Parents!

Call all parents - of Cisco High School students! With back to school time right around the corner, now is the time to plan for the school year. Many parents have voiced a desire to plan some activities for our high school students for this upcoming school year. Cisco, being a small town is limited in what it can offer our young people in the way of entertainment, and the time has come for the parents to offer

something for our teenagers. Plans are in the making for a back to school party. scheduled for Saturday. August 25. A popular Abilene disc jockey has been invited to the party to provide music for listening or dancing.

Definite party rules have been established and will be enforced. The rules are as

1. Students may leave the

Don Morrison Due Here Tues. At 7:30 p.m.

Don Morrison, Post master and Bible teacher from Throckmorton, will be teaching at the First National Bank Community Room of Cisco on Tuesday. August 14, at a new time

7:30 p.m. All interested persons are invited to attend.

CISD Board Of Trustees Plan Meet

The Board of Trustees for the Cisco Independent School District will meet at 7:00 p.m., August 20, 1984, at the School Tax Office, 610 Hilton Avenue, for the purpose of adopting a budget for the 1984-85 school year.

party whenevr they wish;

however, once they leave the building, they may not return. 2. No alcohol or drugs will be allowed. 3. Only high school students, and their dates, will be invited to attend ac-

> If party rules are followed. other activities will be planned every four to six weeks The activities that have been discussed include: a costume party for Halloween, a Victory party after a football game, and a forma!

> > Christmas Party.

All parties will be well chaperoned. All parents are invited and encouraged to attend.

In order to provide these activites for our high school students, parent participation is a must! It is necessary that we have your help by contributing money to defray party expenses and by being available to chaperone. You may also be called upon to help furnish refreshments.

If you have any questions. or would like to offer your help, please contact any of the following parents: Rick & Sandy Abbott.

Preparations are being made for the 1984 Eastland County Fair, which will be held Thursday, Friday and Saturday, Oct. 4, 5 and 6 at the Eastland County Livestock Show Grounds. These are two miles north of Eastland on F.M. Road 3101. Booth spaces are being assigned, and registration deadline is Sept. 15. The Fair Planning Committee is working to make the Fair a big event for all of the county.

A planning committee for the Texas 1986 Sesquincentennial Celebration has been named for Eastland County, according to Judge Scott Bailey. Asked to serve are the Mayors of County towns. They are Ted Hamilton, Carbon, Eris Ritchie, Cisco, Charles Marshall, Eastland, Charlie L. Garrett, Gorman, Raymond Hart, Ranger, and Doris Griffin, Rising Star. Mrs. Ginger Mangum will coordinate planning activities for

A.F. (Floyd) Hacker will speak at the annual Lawmen-Citizen appreciation Banquet on Sat., Aug. 18 at Siebert Elementary School in Eastland. A top state lawman with close Eastland County ties, Hacker is presently Narcotics Service Commander with the Department of Public Safety. He has been with the DPS for 28 years. The Eastland County Law Enforcement Association is sponsoring the banquet. Tickets are available for \$5.50 each from all lawmen and the District Attorney's office. The public is invited.

RISING STAR

The Rising Star Ambulance Service has a new name - The Rising Star EMS (Emergency Medical Service). This is a volunteer organization, run on donations, and serves the city and an area around it. All support and donations from the public are appreciated. The ambulance building is being cleaned and reorganized, and there are new hopes of involvement with more community-minded citizens.

Charles Ford, a graduate of East Texas State University with a Bachelor of Music Education Degree, has been hired as Band Director of Rising Star Schools. Ford is a member of several honorary music and educator organizations. In 1963-64 he was the assistant Band Director for the Van Vleck School District.

The First United Methodist Church of Rising Star received a Texas Historical Marker, which was set on the lawn in front of the Church on May 30. August 19, 1984 has been named as a Sunday of Dedication. The service will begin at 10 a.m. in the Church sanctuary. Robert Linnstaedt, pastor, will give the

sermon, with the prayer of dedication at the site. Former Pastors, members, friends and the public are invited to at-

RANGER

There will be a free Blood Pressure Clinic in Ranger on Monday, Aug. 13, 10-11:00 a.m. at the Gholson Hotel on Main St. This is a community service by the Eastland Manor Home Health Services. There will be a drawing for a prize after the

The Ranger Riding Club placed First in the parade at the Peach and Melon Festival in DeLeon. This same Club also placed First in a recent parade at Brownwood. Congratulations to an outstanding local Club!

Ranger City Commissioners will hold a regular meeting Monday, August 13, 5 p.m. There will be a public hearing on the proposed use of Revenue Sharing Funds and its relationship with the entire fiscal year of 1984-85 annual budget.

CISCO

The Kiwanis Second Annual Miniature Golf Tournament is expected to draw a crowd out to the Lake Park through Sunday, Aug. 12. Hours for the Tourney are 5 p.m. till 10 p.m. Trophies will be awarded to the winners. Persons of all ages are invited to come out and try their skills at this cool and shady course.

There will be a Little Mr. Cisco Pageant on Saturday, Aug. 182 p.m. at the Corral Room in the Laguna Hotel. This will be in conjunction with a sidewalk sale. To be eligible you must live in the Cisco School District and not be over the age of 5. Registration is at Madison Western Store, Kid's Kountry, or Little Shoes. There will be a \$5 entry fee.

The Cisco Junior College Library has invited the Eastland County Art Club to exhibit paintings at Maner Memorial Library during the month of September. Members of the Club have been asked to take pictures of the C of C office in Eastland and same will be taken to the library next month and hung in the exhibit.

There will be a Country and Western Musical Saturday night, Aug. 11, in the Corral Room of the Laguna Hotel, Conrad Hilton Ave. It will begin around 7 p.m. Everyone is invited, especially area musicians. There will be a concession

Eastland - Cisco

NOTICE OF CALCULA-TION OF EFFECTIVE TAX RATE AND PUBLICATION OF ESTIMATED UNEN-CUMBERED FUND BALANCES

I, Steve Thomas, Chief Appraiser for Eastland County, in accordance with the provisions of Sec. 26.04, Property Tax Code, have calculated the tax rate which may not be exceeded by more than three percent by the Commissioner's Court of the Eastland County without holding a public hearing as required by the code. That rate is as follows:

\$-0- per \$100 for farm-tomarket/flood control tax:

\$.14058 per \$100 for the general fund, permanent improvement fund and road bridge fund tax:

\$.05238 per \$100 for public road maintenance tax: thus \$.19296 per \$100 TOTAL. COUNTY EFFECTIVE TAX RATE

The estimated unencumbered fund balances are

as follows: Farm-to-market Control Maintenance & Opera-

tions: \$-0-Interest & Sinking: \$-0-General Fund

Maintenance & Operation:

Interest & Sinking: \$-0-**Public Road Maintenance**

Maintenance & Operation: Interest & Sinking: \$-0-Steve Thomas, Chief Ap-

praiser August 8, 1984 CALCULATIONS USED TO DETERMINE EFFECTIVE

TAX RATE Seperate calculations are performed for each type of tax rate levied by Eastland County in order to determine a 1984 total effective tax rate. The following guide corresponds with the calculations shown: A -Farm-to-market Road/Flood Control Tax; B -General Fund Tax; C -Maintenance of Public Roads Tax

I. DATA Type of Tax: B 1. 1983 Total tax levy from the 1983 tax roll \$785,491

2. 1983 Tax rate (\$.1108 M&O and \$.0292 1&S) \$.14/\$100

3. 1983 Debt service (1&S)

Silver Anniversary

C.N. (Carroll) and Gloria Scott will be married 25 years on August 14, 1984. They were married Aug. 14. 1959 in Pale Pinto County. They have made their home east of Eastland for nearly 24 of those years, C.N., or Scotty as a lot of people know him, works at the Eastland County Bowling Center. Gloria is an Avon represenlative, but their greatest work is the for the Lord. They are members of Merriamn Baptist Church in

day School class at the Ranger Nursing home. Gloria teaches the teenage class at the church. Although these two have public jobs, that isn't their most important work. C.N. is a preacher and loves to tell people about the Lord. Their children would like to invite you to join with them in celebrating this anniversary on August 11, 1984 at 6:00 p.m. at the Eastland National Bank Community room. All friends and relatives are

Ranger, C.N. teaches a Sunurged to come and attend. **Dove Season Set to Open**

The Texas Parks and Wildlife Commission has adorted dates, zone boundaries and bag limits for the 1984-85 dove hunting

The state again will have three dove hunting zones, with provisions for a special wirte-winged dove hunting season in a portion of the

South Zone during the first two weekends of September. The names of the zones were changed: the Panhandle Zone is now the North Zone: the Central Zone retains that name, and the Rio

Grande Zone now will be

referred to as the South Zone. Interstate 20 divides the North and Central Zone.

Season dates, bag limits and shooting hours for the various zones are as follows: NORTH ZONE Mourning dove season is Sept. 1-Nov. 9, 1984; shooting

hours one half hour before sunrise to sunset; daily bag limit 12 mourning, whitewinged and white-tipped

social activities round out writing. the program. Shuffleboard,

One fully-feathered wing must remain on all dressed doves at all times in the South Zone and the Special White-winged Dove Area. Department staff told the commission that extensive surveys in the Special Whitewinged Dove Area indicate whitewing nesting this year was down approximately 26 percent becuase of freeze damage to citrus groves.

Dove Program Leader Ron George said, however, that sufficient numbers of mature birds are present in the Valley to justify the normal four-day hunting season. Hunters in the whitewing area this year will only be allowed to take two mourning doves in their daily bag limit during the four-day

to 12 last year. George said studies indicate significant mourning dove nesting activity is still underway during the first two weeks of September in South Texas. Sue's Fabrics 426 Main

GOSPEL MEETING

BRADY LEVERIDGE

Brady Leveridge Awarded For Burglaries **Purple Heart August 9**

On Thursday, August 9, 1984, Brady Leveridge, a life-long resident of Cisco, was awarded a Purple Heart for an injury he received during WWI. Marine Capt. Thomas L. Linder presented the medal at the Clayton Leach VFW Post 2012 in

Mr. Leveridge was hit in the right jaw, while he was a private in the Marines stationed in France. He said he was sitting on a ravine with his legs dangling over the side when he decided to get under some trees for shelter from airplanes. He heard the gun go off and the shrapnel hit Brady in the jaw knocking him down. Leveridge said two guys had just went by with a stretcher and he called out to them. The "Stretcher Boys" came over and asked him if he could walk. He could, and he walked to the field hospital.

He was then sent to the R.C. Station #1 just outside of Paris. Later he was sent to a health resort near Vishee, France. Several wounded soldiers were sent there for treatment with mineral waters. Brady was then put to work in the clinic.

Brady said, "I was hit with a fine shrapnel. The whole side of my face was hurt. I had two pieces removed after I came back to the

support.

His commanding officers were wanting him to come back to the front, but the doctor wouldn't let him because

he couldn't eat the rations. Finally he was well enough to leave, and he was told to start walking to the front and find his outfit. He would stop and eat with other soldiers along the way. One group of soldiers told him to stay the night, and the next day word came that the Armistice was

He was sent to Germany to help push the Germans back toward Germany. He served among the occupation troops following the end of the war and was discharged Aug. 13,

During his stay in Germany, he made a ring out of two Franc pieces, that he still wears today

His dad had told him that he had to go to war. He asked if he wanted to be drafted or to enlist. He went to Dallas but he was 3 lbs. underweight for his height! "And this was during wartime!" he exclaimed.

"I went to my cousin's house and drank sweet milk for 3 or 4 days and went back and they enlisted me," he

"After I had been at camp, my dad died on a Saturday night, and I went home and

for their past and present

asked for furlough to stay with my mother for awhile longer. My company went on and if I had gone on with them, I would have been on a ship during the war, but instead I was sent to France with another company," he

remembers. Leveridge, who was born near Cisco on Jan. 24, 1896,

enlistd when he was 20. Following his discharge he returned to Scranton near Cisco, and married the former Lexia Sprawls. They had one son, John Thomas, who later was killed in an auto accident in Houston, in 1951. His wife died in 1965.

Leveridge now resides at the Cisco Care Center, where he remains active, nursing home personnel said.

Man Arrested

Two burglary cases were cleared up with the arrest of a Cisco man last Wednesday, according to a report by Sheriff Johnny Morren. Charged in the cases were Bryan Lee Whitehead, 24, of Cisco. He was released from the county jail on \$5,000 bond, the sheriff said.

Whitehead was charged with breaking into Pippen Auto on July 5th and taking a welding machine, an oil saver, a battery charger, a paint gun and a box of tools all valued at some \$5,200.

He was also charged with breaking into the Patton Auto Salvage and taking tools valued at some \$900. Sheriff Morren said all of

the stolen items were **Historical Body**

To Meet Monday

All members of the Cisco Historical Society are requested and urged to attend a meeting on Monday night, August 13, at 7:30 at the Community Room at First National Bank in Cisco.

Items to be discussed will include Cisco's new Historical District, and representatives to serve on the Mobley/Hilton's Board of Directors.

Any interested citizen may be a member of the Historical Society; annual dues are \$10 per family.

REV. CROCKETT

The Reverend Dell J. Crockett, pastor of Redeemer Lutheran Church in Cisco for the past 612 years, has accepted the Call to Zion Lutheran Church in Abilene. He will be associate pastor with the Reverend J. Russell Kinser, and director of Christian witness, parish education, and youth ministeries. Pastor Crockett will conclude his pastorate at Redeemer Lutheran on August 15.

During Pastor Crockett's tenure at Redeemer Lutheran, the congregation has added 6 classrooms to its parish hall, purchased additional land for the church, erected a new house of worship, provided adequate parking, and renovated the older portion of the parish hall. He has been active in the Cisco community by serving on the Planning and Zoning Commission, president of the Cisco Rotary Club, and chairman of the Cisco Ministerial Association. Pastor Crockett will continue his positions with the Lutheran Church-Missouri Synod as Circuit Counselor, Pastoral Advisor for the Mesquite Zone Lutheran Women's Missionary League, chairman of the Big Country Lutherans clergy, and Director of Vicarage at Mt. Calvary

Cisco Nominated **As Historical Site**

Cisco's nomination as a Texas historical site has been accepted by the Texas Historical Commission's board of review, according to information here Friday. The acceptance followed a meeting of the board at Palmer Memorial Episcopal Church in Houston on Saturday, July 28.

At the Houston meeting, a slide presentation made of the Cisco site area was presented by a member of the Commission's staff along with other areas being considered for nomination to the National Historical site Registery.

board unanimously to accept Cisco's nomination. This nomination will now be submitted for consideration to the U.S. Department of In-The Mobley Hilton Hotel became a naitonal historical

This presentation followed months of cooperation by local citizens and extensive research by professional historican Julie Strong of Austin, who was employed by the State Historical Commission to complete and refine the previously submitted Cisco Historical Survey which had been presented to the State Historical Commission in 1982.

KINDERGARTNERS Boys and Girls in the Cisco School District who are now five or will be five on or before September 1st, 1984, register Kindergarten on Tuesday, Augsut 14th, at the Primary school. Registration will be from 8:00 - 11:00 a.m. Please bring a copy of your child's

Tele-Help Is Offered By SW Bell System

Tele-Help, an information program designed to increase customer understanding of recent changes in telephone service, has been launched by Southwestern Bell Telephone throughout Texas.

"Since the break-up of the Bell System last January 1, many of our customers are still not sure how all the changes affect them," said Jim Adams, Texas Division president. "The Tele-Help program is aimed at providing answers to some of the most common questions our customers are asking."

An informative campaign featuring free brochures on various aspects of telephone service will be used to help clear up customer confusion.

Every nationality was Adams said research there pushing and squeezing shows that only 17 percent of in to get a glimpse of the prothe company's 8.5 million cession. You would think it customers in its five-state was the final ceremony of territory fully understand the changes brought on by the split.

"Despite the confusion, the level of customer service in Texas has remained high," he said. "I think our employees descrye a lot of credit for the fact that service didn't suffer.

However, even with continued high service levels, customers are unsure of the impact of the changes in telecommunications.

An analysis of customer questions shows that the problem of a single customer is actually shared by many. "By identifying these most common questions, we hope to continue our education program on a broad scale," Adams said.

Initially, six brochures containing information on the most common problems raised by customers will be distributed without charge as part of the Tele-Help program. The topics include: how to select a long-distance company; what to look for when buying a phone; phone repair; saving money on phone service: the phone bill: and long distance service. The brochures also provide an overview of the major changes prompted by divestiture.

To get any or all of the free brochures, Texas customers may call a special toll-free number, 1-800-325-2686, extension 82. Coupons for the brochures will also be made available through inserts sent with customer bills.

Additional brochures will be produced later in the year.

A promotional campaign will be conducted throughout the state to acquaint customers with the assistance program.

"It's our obligation to help clear up the confusion brought on by the break-up." Adams said. "Some of the topics covered in the Tele-Help program concern services we no longer provide, but we'll cover them anyway because we want our customers to be fully inform-

Tele-Help is not Southwestern Bell's first effort to alleviate customer concern connected to divestiture, Adams said. "We knew early on that our customers would need information on the new operations and tried our best last year to provide it. The Tele-Help program is a continuation of that effort to help minimize confusion and keep customer service at high

Set Your Camera On "Auto"

After nearly seven years of writing this column, I guess I qualify as something of the granddad of photographic scribbling. A young granddad, to be sure. But, nonetheless...

Still, though I sometimes think I've done it all, covered just about everything there is to be covered in photography, there's always something new waiting just around the bend.

The other day, while researching an article on collecting antique cars, I had the opportunity to photograph a 1937 Rolls Royce in showroom-mint condition. I pulled out my camera, checked flash, drive, and film, and raised the finder to my eye. It wasn't until then that I realized I'd never in my life photographed an antique car before. At least, not in a serious attempt to produce a quality illustration.

Worse, still, I soon deduced that the more I looked for the best way to shoot, the more I realized I didn't have the foggiest notion of what would work and what wouldn't. Finally, after getting the owner's permission to return for a photo session another day, I slipped the camera back into my bag and slunk, tail dragging sullenly behind me, out the door.

After searching through my library for some words of enlightenment, after perusing countless back issues of various photo magazines, after calling around to bookstores and public libraries, I became suspicious. "I think," thought I, "there is a definite lack of material written on photographing automobiles.

I know what's going through your mind. That's what I thought, too, until I actually confronted the task of getting a good car shot. What's the problem? Point the camera at the thing and shoot. Well, you can do that, but you'll end up with a photo that looks as if you pointed the camera and shot.

No, to someone who cares about such things, an automobile is a work of art, no less than a Weston photograph or a Van Gogh painting. Whether it's a \$400,000 Shelby Cobra Coupe or a \$150 Chevy Belair, there's a right way and a wrong way of immortalizing it on film. Several days of trial and error followed by careful scrutiny of the results have led me to some conclusions.

Carefully examine the car you're going to photograph and analyze its strong points. What, visually, is its strength? With an old Cadillac, possibly the tail fins. With an Edsel or a Studebaker, its grillwork. With a Porsche 911, its overall slope-back profile or tail-light configuration. With a Lincoln Continental, its massive expanse of hood.

Next, think about the best way to capture that strong point on film. Remember, a car is a large subject, fully three dimensional. Yet, you have to capture the essence of the beast on two-dimensional film.

by D.J. HERDA

Syndicated Photo

Once you've decided on what you hope to convey with your shot, you must select a point of view--or camera angle--and a lens to help you convey it. A straight-on view of a classic Rolls shot with a fisheve lens from just a foot or so away will give you a distorted and very eye-catching view of the remarkable chrome and glasswork, all assembled by hand. If you have several different lenses in your arsenal, don't be afraid to try them all, moving toward and away from your subject until you're comfortable with what shows through the finder.

Setting is important, too. If you photograph the car with a wide-angle lens, you're likely to end up grabbing plenty of background and middle ground along with the car. That's no problem if the subject is parked in a scenic location, but it could produce deadly boring results if the car is curbed in front of the house or sticking out of the garage.

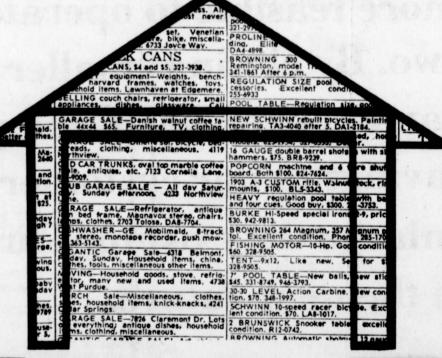

Perhaps the best view of the car would be while in motion, either coming towards or moving away from the camera. If so, enlist someone to drive the machine while you position yourself accordingly. Make sure you trust the driver explicitly, however, and that your life insurance policy is paid up, just in

Finally, don't overlook the possibility of using a special-effects filter. A starburst or a multiple-image filter might well make the difference between a classic photo and a ho-hum shot. For just a few dollars' investment, you could end up with a cameraful of future memories.

CJC Important In Economy

Of Community

Cisco Junior College has a very important economic impact upon the community of Cisco, according to new CJC president Henry Mc-Culloch, Mr. McCulloch was speaking to those present for

Commerce breakfast. The breakfast was held at the White Elephant Room at 7 a.m., Wednesday morning, August 8. Linda Cozart, Fred Wheeler, Jerry Morgan and Randy Speegle are on the breakfast committee of the Chamber which arranged

the quarterly Chamber of

the event. Bill Austin, Jr., welcomed those attending the breakfast and introduced Dr. McCulloch.

Dr. McCulloch stated that CJC is operating on a budget of approximately \$4.5 million, of which \$2,633,000 is from state funds. He stated that a good deal of that money is spent in Cisco.

A personal goal of Dr. Mc-Culloch's is to see 1200 students enrolled in the college facilities at the Cisco campus. He stated that last fall there were 700 students

CJC not only has a campus in Cisco, but it also operates junior colleges in Clyde and Abilene. Dr. McCulloch explained that the Cisco campus is a residential campus which maintains dormitories for students to live in while attending classes. The Cisco campus offers college transfer courses, as well as vocational-technical courses. Dr. McCulloch stressed that CJC offers one of the finest systems in computer science that he has

The Clyde campus is a commuter campus which offers only college transfer courses, while the Abilene campus offers occupational courses. The Abilene campus is also a commuter campus and is located in Westgate Mall. Dr. Mc-Culloch stated the Abilene campus seems to be con-

tinually growing.

In summary, Dr. McCullcoch stated, "Cisco is a very pleasant place to live.

If I would have any

criticism of Cisco, it would be the lack of water, since I am used to rains."

CANDIDATE AND SUPPORTERS-State Sen. Lloyd Doggett, candidate for the U.S. Senate to be vacated by Sen. John Tower, meets Eastland County supporters here Thursday.

Candidate Doggett Campaigns County

Some 70 Eastland Countians greeted U.S. Senate Candidate Lloyd Doggett in the lobby of the courthouse Thursday as the Democratic standard bearer "asked for the job" and pledged to work for a government that is 'responsible and respon-

campaign swing that began

in Abilene and which would take him to Brownwood and Mineral Wells the same day. was introduced by County Judge Scott Bailey. A wave of applause greeted him as he stepped off the elevator.

Appealing to those who supported him, and to those who hand't Sen. Doggett began with a humerous remark, calling himself "landslide Lloyd" -- referring to the fact that he was the party nominee in the spring by a mere 1,345 votes in the June run-off over Kent Hance.

He said that his opponent (Phil Gramm, Republican) was trying to make it a clear cast of "conservative vs. liberal" or "right or left," when in fact the choice is more accurately a case of "right or wrong." He labeled the present administration's foolish economic measures 'wrong," and pledged, if elected, to work for what he called "the little people."

coming Republican convention in Dallas, Doggett said he'd heard that they were building a fence around the convention center and he didn't know whether it was to keep the people out or the Republicans in.

Joking about the up-

'The choice Texans face in the election for the U.S. Senate is a clear one," U.S. Senate Democratic Nominee Lloyd Doggett said today on a tour of Texas. "It is a choice between a Texas Senator with a record of getting things done for people and caring about their needs and a politician who is insensitive and callous to the real

needs of Texans. When the honest, hardworking family farmers and ranchers of West Texas were being driven to the brink of bankruptcy by a devastating drought," Doggett said, "they turned to the people they sent to Congress to represent them. And every single Texas Democrat supported a bill to extend disaster loan assistance to farms and ranches affected by the 1983 drought. But not Phil Gramm. When it was time to take action to help Texans who were being driven out of farming and ranching because of something beyond their control - all Phil Gramm had to offer was excuses.

"I'm just glad Phil Gramm isn't in charge of the Fire Department."

Doggett explained that in one area in particular - the issue of giving Texans the lean, efficient government they deserve - the difference between Phil Gramm's record and his are extreme.

"I am proud of the pay-asyou-go system of state budgeting which I have fought to protect for more than ten years as a Texas Senator."

Doggett pointed out that he wrote and passed into law the Texas Sunset Act, which makes every state agency prove that they are both serving the people and spending their money wisely and efficiently; and if they are found to be wasteful, inefficient and unresponsive, the agency goes out of existence.

'I have fought against deficit financing schemes my entire career in the Texas Senate - and I look forward to going up to Washington to do the same," Doggett said. "You can't bring down the deficit with speeches and misleading promises. If you could, then we'd have a \$200 billion surplus thanks to all Phil Gramm's speeches and pro-

"Texans want a fiscally responsible senator, and my

Area Water Supply Topic Of Discussion

Executive members of the Eastland County Program Building Committee received an evaluation of the area water supply at a meeting in the Courthouse on July 27. Possible solutions were also discussed.

M.H. Perry, spokesman for the Eastland County Water Board, and Bob Ingram. Cisco city councilman, brought the latest information on Lake Leon and Lake Cisco.

Also present were County **Extension Agent DeMarquis** Gordon, Janet Thomas, John Blair and Faith Ballard. County Judge Scott Bailey and Richard Robinson, commissioner of Precinct 1. were among those in attendance.

The Program Building Committee, which is sponsored by the Extension Service, identifies problems in the county and seeks ways to improve them. All agreed that the unusual drought was the County's major problem right now.

Dorothy Underwood. chairman of the committee, introduced the speakers. M.H. Perry stated that the Water Board was pleased with some of the information from the latest survey of Lake Leon - that the silting of the lake was minimal in comparision with most other lakes.

In normal times, Lake Leon has 28,000 acre ft. of water. With no rain at all, the lake will be good under present usage until May of 1985, then another age would have to be opened to about 4,000 acre ft. of water.

At that time the Water District would go on a strict conservation plan, which would enable the water to last until 1986

"All people must be aware of the water situation," Perry said. "The Eastland pumps are at full capacity, pumping all the settling basin can handle. Water conservation will help immense-

He told of the high quality of water the District had always delivered.

Ranger has had special probelms, he said, due to old lines and not enough storage capacity. The town is helping that situation by changing lines and making improvements.

He mentioned that the cities of Eastland and Ranger always cooperate fully with the Water District.

When asked about rural water lines, Perry stated that they were loaded to capacity, and he did not see how any more customers could be accomodated.

He reviewed possibilities of their sources of water to further supplement the two major lakes, but indicated that some underground water systems had already been ruined by oil well drilling and improper plugging.

"We could hunt for something else to dam up," Perry said, "but if it doesn't rain it doesn't matter how many dams you have." Bob Ingram stated that the

city of Cisco had just installed a new filter system, with a 12 inch line laid to College Hill. The city has just put an inline flow meter at the lake, and next year will install others at College Hill and the storage tank. This will provide a way to monitor water

With normal rainfall, Lake Cisco has 8,800 acre feet of water. But Scott Hibbs, an.

record reflects that," Doggett continued. "I don't offer the people of Texas more slogans and more slick advertising to try to convince them that deficits aren't bad."

Senator Doggett was first elected to the Texas Senate in 1973 at the age of 26. Since then, he has authored 125 bills which were passed into law. He and his wife Libby, who holds a Ph.D. in special education, live in Austin with their two daughters, Lisa, 10, and Cathy, seven. The Doggetts are members of the First United Methodist Church of Austin.

engineer, estimated a 36 ft. depth of water in the lake Prior to July 24, Ingram said. This is 13 ft. over the 3rd intake, with the 4th intake in the lake silted over.

Ingram said there was 6 to 3 feet of silt in Lake Cisco. By August 5, 1985, with no rain, the lakes is expected to be 8 to 10 feet down from where it is now. If the drought continues there will be no water in the lake by August 1986.

"Cisco residents are already conserving water," Ingram explained. "A water conservtion ordinance will be reviewed at the next City Council meeting.

He said that a good feature of Lake Cisco is that it has a low rate of evaporation. Being a deep lake with a small basin.

"But we need alternate sources of water," the councilman said. "Water controls growth. Lake Cisco hasn't been full since 1969, and there has been no appreciable runoff on our watershed since 1981.

After these talks DeMarquis Gordon, County Agents, offered the help of the Extension Service to work on the water problem. He mention a large amount of educational material available.

The Extension office is equipped to give programs, slide presentations and exhibits on water conservation. A booth on this subject is planned for the Eastland County Fair.

In the discussion which followed, various individuals declared that water is the most precious commodity we have, and should be used very wisely. There were also wishes for "a ten inch rain all the way from here to Putnam - a few inces at a time of

Jackson Concert Set Saturday

Association extends a special invitation to all area residents to join them for a Gospel Concert featuring Wanda Jackson, on August 11th. The concert will be held at Chesley Field in Cisco, and will begin at 7:30 in the evening. There will be no charge for admission; however, a free will offering will be received.

In June of 1971, Wanda and her husband, Wendell Goodman, were saved and turned their lives over to serving the Lord full time. This meant sacrificing the night club circuit that Wanda had worked for several years: The night clubs represented 70-80% of their income. But now, Praise the Lord, instead of filling night clubs with her popularity, Wanda is filling churches and auditoriums with her fans, and singing for her Lord. Wanda has always been a terrific singer, but now when she sings for her Lord, His Spirit is so great that there is a ministery in every song, and each soul present is touched and uplifted.

God has blessed their services in a special way, and is using their testimonies to others Him...Wanda and Wendell

Senior Citizens **Nutrition Men**

The Texas Medical Association has written a pamphlet stating that aging brings about physical and emotional changes in everyone, so therefore, we should be able to recognize the symptoms and not only learn to live with the problem, but to be able to slow certain factors of the pro-

Last week we talked about getting a medical checkup and how effective it could be if you asked questions.

This week we want to take a look at our diet. Your diet need not change radically unless special foods or supplements are recommended for certain conditions. In general, cut down on the amount of fat you eat. For some women, a lack of calcium can bring about a degeneration of bone, call Osteoporosis. Your doctor may want you to consume more dairy products. Many people, as they grow older, must watch their weight because their energy needs are less. Cutting back on sweets can help, also.

So, as The Medical Association has stated, as we grow older certain things happen to our bodies, so let's learn more about "Getting Older.'

Programs at the Senior Center during the past week included: Russ Abbott who played his electric guitar and sang several songs. Tim Hull and James Deadman presented a musical program. Dinner music was presented by: Mildred McNeeley, Johnston, and Anna Dytzel. The band and choir entertained. Several members of the band went to Putnam during the week. Also, several members went to the Eastland Senior Center for

game day. The menus for the coming

week will be: Monday- Chicken pot pie, carrots, turnip greens, cheese sticks, peach cobbler, bread, butter and drink.

Wednesday-- Italian broccoli. spaghetti, pea/cheese salad, lemon dessert, bread, butter and

Friday- Ham, potatoes, green beans, apple, bread, butter and drink.

Leroy Tuckers Move To Florida

Leroy (Lee) Tucker formerly of Cisco, his wife Lisa & son Rusty, have moved from near Dallas to Melbourne, Florida to make their home there. His mother, Mrs. Joe Tucker, spent three weeks of July helping them move, drive thru, get settled, & flew back home, which was an enjoyable experience for her.

After graduating from T.E.C. some 2 years ago with a degree in E.E. his field of work is "Satelite Communications." His favorite hobbies are still the same, Mechanics, playing guitar and fishing.

There they are surrounded with beautiful palm trees,

yaucca plants, all kinds of flowering vegetation beyond description. He has a view of the ocean front some 200 vards away and the Indian River at the back of the condominium. Within sound of the mighty oceans roar, as it splashes onto the sandy shore, leaving its sea shells to explore. The holler of the sea gulls and refreshing sea breeze no one could ignore. Feeling the nearness of our

'Eternal Shore'. Lee made this move knowing only the name of his new employer and "Leaning in the arms of our Heavenly Father' and his guide and

master of his life. If any of his old friends, neighbors, class mates or exteachers should care to write him, it would be most encouraging to them at this

HEATHER'S

Susan Boles, Douglas May Wed In Christian Church

Miss Susan Elaine Boles and Mr. Douglas Lee May were united in marriage in a double ring candlelight ceremony at First Christian Church of Abilene, Tx on August 10, 1984 at 8:00 p.m. The ceremony was officiated by Reverend Chris Diebel.

The bride is the daughter of Mr. Billy Jack Boles of 3201 South Twenty Third Abilene, Tx. and Mrs. Marjorie Means Boles of 1511 Highland Road Roswell, N.M. The bridegroom is the son of Mr. and Mrs. D.L. May of 3101 Wyndrock Abilene, Tx. who are formerly of Eastland.

The bride is a 1979 graduate of Goddard High School in Roswell, New Mexico and is attending McMurry College. The groom is a 1978 graduate of Eastland High School. He received his BBA degree in marketing in 1982 from McMurry College and is employed by Safeway Incorporated.

Given in marriage by her parents, the bride wore a gown designed for her by Illisa of New York. Her gown was white sheerganza with imported French beaded alencon lace. A victorian neckline set in princess bodice tops the sheerganza voke. Elaborate bead work cover the details of the alencon on the bodice to a dramatic drop back. Bishop sleeves are accented with sheerness and beaded lace. The wide alencon cuffs adorn the traditional wedding band point. The slim affect of the skirt is offset by the delicate sheering below the drop back. Alencon lace appliques dot the skirt over the lace border cathedral train of scallopping lace and mushroom pleated sheerganza. The sheer illusion veil was also alencon lace flowering over a Juliet

cap with a fingertip train. The candlelighters were Mrs. Bill Williamson of Breckenridge, Tx, sister of the groom and Mrs. Bart Owen of Abilene, Tx. They wore blue satin choir robes with white V draped collars.

The maid of honor was Miss Mary Boles of Ruidoso, New Mex., sister of the bride. The bridesmaids were Miss Christy Wieland, Mrs. Stuart Graham, Mrs. Scott Stalder, all of Abilene, Mrs. Kory Wallace of Bryant, Tx. sister of the groom, and Mrs. Donald Boles of Springfield, Or. sister-in-law of the bride.

The bridesdmaids wore ash rose floor length sheer taffeta with a wide double ruffle draped across the shoulders over the fitted bodice to a natural waistline.

The brides bouquet was a special aura of elegance in a sweeping cascade of gardenias, exotic white dendiobium orchids delecate white stephanotis, trailing English ivy and elegant white sweetheart roses.

The bridesmaids bouquets were a soothing medley of pink and lavenders in a free form gathering of garden fresh flowers.

The groom wore a Bill Blass Tailcoat Tuxedo in Pearl Grey. His boutenner was a stunning white sweetheart rose and stephanotis.

The bestman was D.L. May, father of the groom. The groomsmen were Mr. Tx., Mr. Kerry Patterson of Trent, Tx., Mr. Mark Pruitt of Midland, Tx., Mr. Nick Pruitt and Mr. Scott Stalder

both of Abilene, Tx. The ushers were Mr. Donald Boles of Springifled, Or. brother of the bride, Mr. Kory Wallace of Bryant, Tex brother-in-law of the groom, and Mr. John Nichols of Abilene, Tx. cousin of the

The groomsmen and ushers wore tuxedos of Pearl Grev similar to the grooms. Their boutenners were of

Rosario Alstiomerla. Mrs. Janet Miller was the organist and she accompanied Miss Cathy Grimes of Abilene, Tx. cousin of the bride. Miss Grimes sang the selections of "My Tribute" and "Because". Mr. and

Countywide - Experienced References

Mrs. Dan McAlexander, professional musicians of the violin and piano performed "Ava Maria" and "The Lord's Prayer".

The mother of the bride wore a wedgewood blue dress of Lalique taffeta with an elongated waist, featuring a jewel neckline accented with venice lace covering the bodice.

The mother of the groom wore a dusty rose sleeveless gown with a scoop neckline shirred to the empire waisteline. It had a long pleated skirt with a detachable jacket of sheerest see through shiffon.

The mothers corsages were a handbag display of elegant pink sweetheart roses and delicate white

The reception was held at Briarstone Manor. Serving the brides table and the grooms were Mrs. John Nichols of Abilene cousin of the bride, Mrs. Edward Terbush of Abilene, Mrs. Robert Grimes of Abilene who are also cousins of the bride and Mrs. Michael Bean of

The guest book was attended by Mrs. Michael Blanton of Noble, Ok.

Mrs. John Nichols and Mrs. Michael Blanton were also Honorary Bridesmaids.

Following the honeymoon trip to Freeport, Bahammas, the couple will reside at 2918 South Tenth Street in Abilene, Texas.

Carbon Centennial Homecoming Set

Ex-Students. Teachers, Friends and all interested Parties:

The plans for our Reunion and Homecoming in 1985 have started. As some of you may know, the Carbon School System was 100 years old July 29, 1984. We feel that our Reunion next year should be known as our "Carbon School Centennial Celebration". We hope everyone will agree and help

make this one our best ever. Since we only have our Reunion every 5 years. many people have a new address since 1980. When you get this letter please help us by sending the address of any Ex-Carbonites that you may have. Also, talk about the Reunion to everyone you see, talk to on the phone, or write to, between now and next July.

Send any correspondence to Carbon School Centennial Celebration, Box 552, Carbon, Texas 76435 or call me (Bill Ramsey, Class of '35) at (817) 629-8767 in Eastland antyime - day or night.

The Reunion will be on Saturday, July 6, 1985. We will be having get-togethers on Friday evening, July 5, at various places as we have had in the past.

Our first meeting was held on July 10, 1984. One purpose of the meeting was to get more addresses. Evidently many people failed to register last time, or were unable to attend. There were 28 present at the meeting and we have received about 200 addresses since then. I wish to thank everyone who helped. We are still short of addresses on Exes from 1945 to 1975. Please help if you

We will be sending our second and final letter in the Spring of 1985 to let you know the schedule of special events the evening before

and during our centennial Celebration of July 6, 1985. I'll guarantee that you can

you could visit in two years if you had to drive to each see and visit with more friends on this one day than

one's home. EVERYBODY COME!!!!

Letters To The Editor

Dear Concerned Citizen of Cisco.

Cisco Athletic Association, Inc. is an organization recently formed to provide athletic programs for the children of the Cisco Independent School District.

We found a great need in the community of Cisco for such an organization that would benefit young families presently residing here and the couples and families who are considering making Cisco their home.

This fall our organization is establishing a full contact football program for the fifth

Experience the Joy of Faith

tional Health Planning and Resources Development Act of 1974 (P.L. 93-641), public hearings on the Statewide Health Coordinating Council's Proposed State Health Plan for Texas will be conducted in conjunction with the West Central Texas Council of Governments on Thursday, August 16, 1984 at 2:00 p.m. at 1025 East North 10th Street, Conference Room, Abilene, Texas and on Friday, August 31, 1984, at 10:00 a.m. in Room G-209 at the Texas Department of Health, 1100 West 49th

Street, Austin, Texas. The Proposed Plan presents statewide health concerns and proposes means to begin solving statewide health problems. Beginning August 1, copies of the Proposed Plan will be available for public review during working hours at the West Central Texas Council of Governments, 1025 East North 10th Street, Abilene, Texas and at the Texas Department of Health, 1100 West 49th Street, Austin,

For information on other reviewing locations within your state planning region, phone (915) 672-8544.

Oral and written comments pertaining to the Proposed State Health Plan are invited and encouraged from the public. Written comments may be submitted at hearings or received by mail not later than August 31, 1984 by the Chairman, Statewide Health Coordinating Council, 1100 West 49th Street, Austin, Texas 78756-3199.

NOTICE OF APPLICA-TION FOR FLUID INJEC-TION WELL PERMIT

Midwood Petroleum Inc., P.O. BOx 1287, Brownwood, Texas, 76804, has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the Frye Sand Geo. Roggenstein, Well Number 1. The proposed injection well is located 6 miles north of Putnam, in the Callahan Co. Reg., in Callahan County. Fluid will be injected into strata in the subsurface depth interval from 265 to 270 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512/445-1373). p-65

People of things

MET UP WITH Diana Fraley, daughter of Mrs.

Ted Waters, in town Wednes-

day. And she reported that

she is no longer an Okie. She

is moving to Garland where

she will be a counsellor in the

public schools. As you know,

Mrs. Fraley was a member

of the CJC faculty for

several years before going to

Oklahoma a year or two ago.

home,"

reported.

"I wanted to get closer to

GLAD TO HEAR that Mrs.

Sam Hart is back home after

a couple of weeks at a Tem-

ple Hospital. She is reported

to be doing nicely... The

David Callarmans were due

home this Saturday from

Ruidoso after a vacation that

included stops in Red River

and Taos in northern New

Mexico... Mr. John Webb,

the gentleman Democrat,

went over to Eastland on

Thursday to meet Senate

Candidate Lloyd Doggett. He

likes the choice of Geraldine

Ferrarro as the vice

presidential candidate on the

A MEMORABLE vaca-

tion, indeed, was enjoyed

last week by Tiffany, 10, and

Zachary, 4, children of Mr.

and Mrs. Steve Thomas of

our town. The two

youngsters accompanied

their mother, Brenda, and

their grandmother, Mrs.

Steve (Marie) Clary, on an

airplane flight to Denver for

a week's vacation. And it

was the first flight for Tif-

At Denver, the Ciscoans

visited Mrs. Clary's sister,

Mrs. Lois Elliott, and her

brother, Robert L. Balliew.

They enjoyed seeing the

fany and Zack.

Democratic ticket.

Mrs. Fraley

ed to erect a new signboard at the entrance of College Hill during the coming week. As you recall, a motorist ran into Cisco Junior College's signboard a few weeks ago and demolished it.

Plans call for a brick and concrete base for the new signboard, making it a bit harder to knock down. CJC uses the sign to make announcements concerning assorted events taking place on the campus.

CISCO EARNED a high score for the part played by the Civic League at the Texas Folk Life Festival in San Antonio last weekend, reports Mrs. Lamar Elton of the club. The Cisco club had three booths at the festival and they attracted a lot of attention.

The booths included Rush Lights, where cat-tails gathered in the Lake Bernie area were featured; hoe cakes, baked fresh while you watched and served to anyone desiring same; and a primitive pottery booth that Mrs. Willis (Vallie) Parker organized and ran.

Ciscoans making the trip and attending the festival, which began Thursday and ran through Sunday, included Dr. and Mrs. Ayres Cermin and their youngsters, Greg, Gretchen and Jeff; Kenneth and Pat Deitiker and sons Dusty and Glen; Bill and Verna McDonald, Willis and Vallie Parker, Deene and Tonya Baird. Davene Jeffcoat and Jana and Jarrod, Lamar and Sharon Elton and Tani, Sharene Richardson and Pat Isbell. Also attending with the group was Charlotte

Christian of Eastland. The Cisco Civic League, you know, sponsors the annual Cisco Folk Life Festival, and a goodly number of members have been going to the state meeting each year for a number of years.

SOME 50 PEOPLE turned out for the 7 a.m. breakfast for Chamber of Commerce members last Wednesday morning at the White Elephant Restaurant. And it was a nice affair, indeed... The women of the First United Methodist Church are planning a UMW Bakeless Bake Sale during August. Sounds interesting, huh?. You're invited to watch football practice that begins during the coming week. Coach John Parchman and his CHS staff begin workouts twice daily on Monday in the Community Gym area, and Coach Bob Keyes and the Wrangler staff will start Wednesday at the CJC practice field. Over 200 athletes will be in uniform at the two practice fields.

Nina M. Hart, 83, of Seymour, formerly of Eastland, died Wednesday morning at Seymour Hospital. Services were held at 2 p.m. Friday at First Presbyterian Church in Eastland.

The Rev. Bill Weeks. pastor of First Presbyterian Churches in Cisco and Comanche, officiated. Burial was held at Eastland Cemetery. directed by Bakker Funeral Home of Eastland. Local arrangements were made by Seymour Memorial Funeral Home.

Born May 22, 1901, in Woodsfield, Ohio, she was reared and attended schools there. She attended Ohio University and Kent State University. A former schoolteacher, she taught at various schools in Monroe County, Ohio. She married Lawrence Walker Hart Dec. 8, 1926, in Woodsfield, Ohio. They moved to Eastland in 1927, and she had lived here until moving to Seymour in 1983. She was a member of First Presbyterian Church in Eastland.

Her husband died in September 1955. She also was preceded in death by a daughter, Jane Riggs, in February 1977.

Survivors include three sons, Walker Hart of Fort Worth, Dr. Edward C. Hart of Seymour and Don Hart of Merkel; 13 grandchildren; and one great-grandchild.

Grandsons

The family requests that remembrances be made to First Presbyterian Churches in Seymour or Eastland.

Grandfather Steve Clary stayed home and stoked the home fires.

ANNUAL stockholders meetings of the oil companies out at Kamon House were held on Thursday, August 2, with folks from a good many cities across the country attending. A catered luncheon was served to visiting stockholders at noon... Glad to hear that Mrs. Bill (Polly) Wright of our town is doing nicely at Hendrick Memorial Hospital (Room 773) in Abilene after undergoing surgery there last Tuesday. She was expected to be there a week... Members of the board of trustees of the Cisco Independent School District held an informal meeting last Monday night and Supt. James Couch discussed the recently enacted school laws for the benefit of board members. Both the Public School and Cisco Junior College boards will hold their regular monthly meetings Monday night.

LAWYER TRUMAN Kirk is shining his cowboy boots and getting his riding clothes ready for a big Arabian Horse Show over at the Fair Grounds in Abilene on August 25th. His stallion Zadaire and others of the Kirk stables will participate

in the various contest events. Andrea Tackett Fold of Clyde, formerly of Cisco, will ride one of the Kirk horses. She has been practicing lately with the horses, helping to ready them for the

A VERY REWARDing experience. That's how Jammie Fry, local rancher, describes the vacation that he and wife Arlene enjoyed in Alaska.

The Frys got home last Sunday night after over a beds, a refrigerator and the like. They stayed at state parks and campgrounds and, occasionally, at a

motel The Frys drove both to and from Alaska via the Yellowhead highway, an alternate route to the Alaskan (Alcan) highway as the latter road was reported to be in terrible condition. They left home with new tires and had no tire trouble. The only damage to the van was a cracked windshield and they drove on a lot of gravel road.

Gasoline cost about \$2.26 per imperial gallon in Canada, Jammie said. In Anchorage, he filled up for 97.9 cents per gallon. They found the cost of living a lot higher than at home. Restaurant meals were particularly costly.

They went almost everywhere Alaska had roads and saw all the sights you're supposed to see. They stopped for a look and rest at the famous Malemute Saloon where Robert Service wrote "The Shooting of Dangerous Dan McGrew," saw the gold museum at the University of Alaska in Fairbanks and went salmon fishing with real good luck.

At Talkeetna, midway between Anchorage and Fairbanks and almost in the shadow of Mt. McKinley, tallest mountain in North America, the Frys stopped at the homestead of Lela Lloyd of Cisco. And Lela was there with her sister, Mary Carey, who lives at the homestead. They stayed three days while Lela showed them the sights and introduced them to a lot of interesting people.

En route home, the Frys came through Victoria in British Columbia. At Victoria, they visited the world famous Buchart Gardens and admired the many, many beautiful flowers and plants. And they saw the

museum nearby. Jammie was real impressed with all the greenery they saw, the rain, water galore in streams and rivers, many kinds of trees, the wild flowers along roads and highways, and Alaskan people generally. And he'd like to return. And, yes, it's good to be home even in the hot and dry climate.

SORRY TO HEAR that Lucy Callaway of 612 West 3rd Street suffered a broken shoulder Thursday morning. she was out walking and fell. suffering the injury.

Lucy and a neighbor, Mr. Tomie Ball, had gone for an early morning stroll out toward the Old Abilene highway when she slipped and fell. Understand she was to undergo surgery probably Friday. She was home Thursday. Lucy, who is retired, is well known in our community.

Tourney

The Miniature Golf Course at Lake Park will be the site of the Kiwanis Second Annual Miniature Golf Tournament held on Friday, Saturday, and Sunday, August 10, 11, and 12. The hours will be from 4:00 p.m. till 10:00 p.m. each night. Joe Gosch of the Kiwanis Club states that announcements will be fortheoming as to Tournament rules and other information.

Trophies will be awarded to adults and children. There will be team competition.

Sunday, August 12, 1984

County Mayors Make Up Committee

A planning committee for the Texas 1986 Sesquicentennial celebration has been named for Eastland County according to County Judge Scott Bailey

Asked to serve on the committee are the mayors of county towns. They are Honorable Ted Hamilton, Carbon: Honorable Eris Ritchie, Cisco: Honorable Charles Marshall, Eastland: Honorable Charlie L. Garrett, Gorman; Honorable Raymond Hart, Ranger; and Honorable Doris Griffin, Rising Star.

Mrs. Ginger Mangum will coordinate planning activities for the county.

Pleasant Hill Homecoming To Be Sunday, September 9

The Pleasant Hill Community Homecoming will be held at Pleasant Hill Baptist Church, 9 mi. south of Cisco, on Sunday, September 9,

This is an annual event at this pioneer church, and attracts a number of residents and former residents of the community

An interesting program is planned, beginning with registration at 10:00 a.m. Pastor Glenn Purvis will be Master of C remonies, with Donald Nicholas directing songs. Mrs. Charlie Livingston will be the pianist.

Special music will be featured during the morning, as well as a Testimony Service and recognition of special individuals. The Morning Message will be by Dr. Elwin Skiles.

A basket lunch will be spread at noon, and the afternoon will be spent in fellowship.

The Church invites all interested persons to this Homecoming.

4-H Council Makes Plans For Year Ahead

Eastland County 4-H Council adoption. They also made cil are the youth leaders of Executives met. The 1984-85 council officers are:

Chairman - Jerry Long from Rising Star 4-H Vice Chairman - 'Amy McDonald from Ranger 4-H

Secreatary - Stephanie Long from Rising Star 4-H Treasurer - LaDawn Little from Ranger 4-H

Reporter - Shane Burgess from Gorman 4-H

The officers discussed the by-laws and revised the old rules. The rules will be put before the council at the next

At Annual Meeting

GOLDEN TRIANGLE DECLARES STOCK DIVIDEND

Stockholders Encouraged By Recent 1,835 Bbl. Day

Discovery On Golden Triangle's Australian Interest

Golden Triangle Royalty & Oil, Inc. held its annual meeting of stockholders at it principal offices at 1304 Avenue L in Cisco, on Thursday, August 2, 1984. A luncheon was served to stockholders at 12 noon with entertainment provided by the Ghost Riders, a country and western band.

Golden Triangle is a publicly traded company with its stock listed on the Over-the-Counter Exchange and quoted daily in the Wall Street Journal, with the NASDAQ symbol "GTRO".

The meeting was convened at 1:30 p.m. by the Chairman of the GTRO board, Dr. Thys Johnson of Golden, Colorado, who is also head of the Mines Department of the Colorado School of Mines. Mr. Lloyd L. London, Executive Vice President of GTRO, was elected Chairman for the meeting.

GTRO had 13,986,294 shares of stock outstanding out of which 7,496,764 shares were voted in person by a proxy for Robert Kamon, Thys B. Johnson, Lloyd L. London, Howard Siegel and Effie Kamon to serve as directors for the coming year. Other items approved by the stockholders were the appointment of Lynn Ashley & Company to Abilene, Texas as independent auditors and the adoption of a stock option plan and a stock bonus plan for certain officers, directors and key

employees. Foreign activities of the Company were discussed by Robert Kamon, Company President, centering on GTRO's interests in Australia. Of major importance to the Company was the discovery of the Tintaburra No. 1 well in Queensland, Australia, on a concession consisting of 5,772,400 gross surface acres under which GTRO holds a 471,205 net royalty acre interst of overriding royalties.

This discovery was reported in Australia to have been one of the most significant onshore exploration wells drilled in 1983. The well had initial tests of 1,835 bbls. of oil per day from two pay zones. As a result of this ma-

jor discovery and other discoveries in the Eromanga Basin, drilling and exploration there is accelerating noticeably in 1984. Hartogen Energy has announced plans for the Tintaburra No. 2 and No. 3 to be drilled as confirmation wells to define the extent of the oil field discovered by the Tintaburra No. 1. GTRO holds the same interest under the No. 2 and No. 3 locations as they have under the Tin-

Mr. Howard Siegel, Director of GTRO, who is an attorney in Houston, Texas, gave a report on the domestic activities of the

taburra No. 1.

A 1% royalty interest in a 160 acre block in Boulder County, Colorado was purchased on May 5, 1984; this block has one new oil and gas well which the operator expected to stabilize at approximately 100 barrels of oil per day and a second well is planned to be drilled.

A 212% royalty interest in a 50 acre lease in Runnels County, Texas, was purchased on May 23, 1984; this lease has one oil and gas well which has averaged 1,886 barrels of oil per month and 3,169 MCF of gas per month

during the first five months of production.

The Davis Resources, Inc. August No. 1, in which GTRO hold a working interest, was successfully completed on July 24, 1984, with an initial potential of 273 barrels of oil per day, 30 barrels of water per day and 350 MCFPD with 375 P.S.I. Ada Crude Oil Inc. is the crude oil purchaser.

GTRO's working interest is .3812% of the gross oil and gas production; the August No. 1 is on 70 acres adjoining the Davis Resources, Inc. Faske No. 1. The Faske No. 1 has produced extremely well and is currently still producing approximately 200 barrels per day. The operator intends to request a 200 barrels a day allowable for the August No 1 Roth of these

wells are in the Austin Chalk trend of southeastern Texas. GOLDEN TRIANGLE DECLARES STOCK DIVI-DEND

Golden Triangle Royalty & Oil, Inc. (GTRO) declared on August 2, a 5% stock dividend payable October 8 to stockholders of record September 4. Fractional shares will not be issued, but a cash payment will be made

in lieu thereof. The Company's stock transfer agent

Black Leg In Cattle Is Preventable

spore forming bacteria that Blackleg is a sudden onset, a febrile disease of cattle and is characterized by gasey hemorrhagic swelling in the heavier muscles of the body. The disease is usually limited to young animals 6 to 18 months of age. Occassionally a calf will be found lame, then rapidly become depressed and die several hours to a couple of days later, but most clinical cases are characterized by going to the pasture and finding a 300 to 600 pound calf dead. Black leg is caused by

Clostridium chauvoei a

grows in the absence of oxygen. Spores are formed when the growing or vegetative form that multiplies the diseased muscles of the dying animal become exposed to air. These spores will remain able to infect other cattle for many years. This is why cattle that die of blackleg should be burned or covered with quicklime and buried deeply in an area not subject to washing.

The bacteria enters the body by the mouth when cat-

tle graze contaminated pastures. The incubation period of the disease is 1 to 5 days and is usually fatal in 18 to 72 hours after symptoms appear. Blackleg is world wide in distribution and is especially prevalent in the western United States including Eastland County. In the past 2 years we've seen approximately 25 cases and they are distributed evenly throughout the county.

A post mortem exam usually makes for a fairly easy diagnosis of the disease. The affected

muscles are dark red to black in color and have a dry spongy texture. Occassionally only a very small area of muscle is involved and in rare occassion specimens are sent to a diagnostic laboratory to confirm the diagnosis.

The most important fact to know about blackleg is that it cases costly severe losses that are easily prevented by inexpensive vaccines. There are many brands of vaccine and any veterinary clinic or feed store sells them. Some vaccines are administered differently from others so stop and read the label before you use the vaccine. It must be administered properly to achieve the best possible immunity. Vaccination should be repeated at 4 to 6 months of age in any calves initially vaccinated at less than 3 months of age. I personally recommend vaccinating the whole herd including cows and bulls when blackleg is diagnosed on a farm that has not vaccinated against blackleg in several years.

Consumers Can Save Dollars

Careful shopping for seconds and irregulars can save consumers money, if they know how to look for signs of quality, says a Texas A&M University Agricultural Extension Ser-

vice home economist. Many manufacturers set standards for their products. says Bonnie L. Piernot. When those standards aren't met, they don't discard the items. Instead, manufacturers lable the imperfect produce a "second" or an "irregular" and direct stores to sell it below regular price, she explains.

A factory irregular is usually only slightly bleow the manufacturer's standards, says the home economist. Irregular stockings, for example, may be not quite standard size. Irregular towels may be not quite perfect in color or weave and there may be a slight oil spot on an irregular shirt.

"Often you won't be able to spot the defect in a factory irregular", says Piernot.

In general, you're more likely to find damaged goods among products labeled as seconds, she observes. A second is often broken, torn, or poorly made and the defect is easily identified.

But it can pay to carefully examine seconds, says Piernot, because sometimes they are perfect. Occasionally a company wants to clear out some goods at sales price without having to lower prices on similar items. So the company calls the goods seconds and sells them at a

To get irregulars or seconds that meet their needs, consumers should determine the marks of quality for the product they're buying, advises the home economist.

Whether the product is a kitchen appliance, sweater or carpet, there are specific indicators of quality that can guide the purchase decision, she points out. Reading about the product in consumer books or magazines and comparison shopping in person or by calling can help consumers discern these quality features.

'Texas' Spectacular **Ends August 25**

Canyon-There is no other place like it, and there is no other show as spectacular, as moving, and as entertaining. There is no other 'out-of-the-way" attraction that is so appealing.

The name of the show is 'Texas," and it plays nightly, except Sunday, in Palo Duro Canyon State Park. It is different from the ordinary in many ways.

First, the backdrop is a 600 foot cliff... Not many theatres can boast hugh boulders, living juniper trees, covered wagons and trains and props.

And the cast... Not only are the eighty performers swallowed by the vast expanse of stage areas, but there is also plenty of room for horses, cows, and an Indian tribe

The special effects do indeed make "Texas" unique. where else on Earth is struck by lightning six nights a week at 9:47 p.m. No place else is beset by prairie fire each evening. There are other places that have fireworks, but rarely do those explosions raise the "goose bumps" like the

pyrotechnics at "Texas." 'Texas'' is a most special place. Visitors in 1984 have discovered it to be the ideal place to celebrate anniversaries, birthdays, holidays and family reunions. Senior

citizens, girl scouts, conventioneers, and foreign exchange students have all thrilled to the show's excite-

There is still time to see "Texas" in 1984. The show plays until August 25 near Amarillo and Canyon. Tickets are reasonably priced and can be reserved by calling 806-655-2181 or writing P.O. Box 268, Canyon, Texas 79015.

Oil Belt News

of Abilene has filed for permit to drill the No. 1 Rodman, a 1,600-ft. developmental wel ten miles north of Rising Star. Location is in a 10-acre lease in Eastland County's H&TCRR Survey, Sec. 35, Blk. 3. The well is in the Foster (Marble Falls) Field.

A 1,500-ft. developmental well is planned by Bergen Enterprises of San Saba at a drillsite three miles northwest of Rising Star, Eastland County. The location is in a 240-acre lease in the ETRR Survey A-741. Well's designation is the No. 33 F.W. Roberds. It is in the Eastland Regular Field.

A Ft. Worth-based operator has staked location for the No. 1 E.C. Johnson, a developmental well to be located two miles east of Cisco. With projected toal depth of 4,000-ft., the well is in an 80-acre lease in Eastland County's Regular Field. H&TCRR Survey A-1526. The operator is Southeastern Resources

Cromeens Petroleum Inc. of Mineral Wells has filed first production figures on a new oil well in the Kevin (Atoka) Field. The No. 8B Halsell "B" showed potential to make 301 barrels of oil and 937,000 CF casinghead gas per day on a 24/64-in. choke.

The operator has 1,237 acres leased, with drillsite in Palo Pinto County's F.N. Medaris Survey, five miles southwest of Barton Chapel.

The well will produce from an interval 4,376 to 4,380 feet into the wellbore. Total drilling depth was 4,582-ft

A new producer has been brought on line in Palo Pinto County's Possum Field, with Red Dog Production Inc. of Graham as the operator.

Located 12 miles northwest of Brad the well is in a 20-acre lease in the AB&M No. 1 Suvey. It is designated as the No. 1 Ashby "5X".

On a 10/64-in. choke, it flowed 94 barrels of oil and 100,000 CF casinghead gas per day. The well bottomed at 4,220-ft, and will produce from a perforated interval in the Kingdom Conglomerate Formation, 4,110 to 4,114 feet into the hole.

A Lubbock-based operator has staked location for the No. 1 K.E. Nelson, a developmental well to be located three miles southwest of Salesville. With projected total depth of 5,000-ft., the well is in a 24-acre leaes in Palo Pinto Regular Field, Daniel W. Robbins Survey. The operator is Pyramid Minerals & Land Leasing

Palo Pinto County's Regular Field gained a new producer when International Oil & Gas Consultants of Graham completed the No. 5 Chestnut three miles west of Brazos.

The well indicated ability to flow at the rate of 205,000 CF gas per day on a 3/8-in. choke. The well bottomed at 1.140-ft. and will produce from a set of perforations 1,056 to 1,061 feet into the wellbore.

Thomas Hydrocarbons of Weatherford has revealed plans to drill a 4,700-ft wildcat for oil and gas. The operator has 420 acres leased, with drillsite in Palo Pinto County's T&PRR Survey and has designated the venture as th No. 6 Million. Drillsite is four miles west of Palo Pinto.

A 4,500-ft. wildcat for oil and gas is planned by K&I. Inc. of Oklahoma at a drillsite 11 miles southwest of Grayford, Palo Pinto County. The location is in an 80-acre lease in the Sam C. Neill Survey. Well's designation is the No. 10 MIT.

Dallas Production Inc. of Dallas has filed for permit to drill the No. 1 Needham, a

six miles southwest of Mineral Wells. Location is in a 352-acre lease in Palo Pinto County's Robert Evans Survey. The well is in the Mineral Wells Field.

Five new producers have been brought on line in Stephens' Regular Field, with Sun Exploration & Production Co. of Abilene as the operator. Located four miles north of Breckenridge the wells are in a 5,038-acre lease in the TE&L Survey, A-525 and A-667.

The No. 153 J.M. Ward "C" showed potential to pump 36 barrels of oil per day on an open choke. Taken to a 3,250-ft. bottom the well will produce from a perforated interval 3,109 to 3,113 feet into the hole.

Showing potential to produce 106 barrels of oil per day on an open choke it is the No. 154 J.M. Ward "C". Bottomed at 3,275-ft. it will produce from a set of perforations 3,117 to 3,130 feet into the wellbore.

Taken to a 3,254-ft. bottom and producing from a perforated interval 3,120 to 3,130 feet into the hole is the No. 164 J.M. Ward "C". The well showed ability to pump 41 barrels of oil per day on an open choke.

The No. 66 J.M. Ward "C" indicated ability to pump 44 barrels of oil per day on an

YOU **AUTO KNOW**

00000 IN THE INTEREST OF SERVING THIS AREA, JIM CALDWELL **BRINGS YOU** THESE IMPORTANT MONEY-SAVING ARTICLES:

Cars with diesel engines can be damaged by driving through standing water. Avoid water more than 8 inches deep; even in shallower areas, go slowly so water won't be splashed up and sucked into the engine through the air intake.

Harder steering and maneuvering; shimmy, and road wander are trouble signals. Suspect wheel bearing trouble and get the car services promptly.

Though today's new batteries no longer need to be filled with water regularly, they do require SOME attention. Be sure battery is firmly seated and clean. Have cable connections checked for looseness, corrosion, broken clamps, or fray-

******************* Wheel bearings and grease seals are usually serviced during a complete brake job.

***************** Safety tip: if your gas sticks, tap it lightly to see if it will spring back. Use the toe of your shoe to pull it up-but don't take your eves off the road. If you must stop, turn ignition OFF but not into "steering lock" position) and apply brakes.

NEW-USED CARS

Car-buying tip: you'll get a good buy on a great new (or late-model used) ear at JIM CALDWELL MOTORS, 314 W. Main, Eastland, 629-2636.

........ AUTO REPAIR

Safety tip: you'll get better performance on the road when your car gets better maintenance at JIM CALDWELL MOTORS, 314 W. Main, Eastland, 629-2636.

BODY SHOPS

Car owner's tip: your car will last longer-and keep its good looks-if you repair and repaint dents and scratches promptly. See the experts at JIM CALDWELL MOTORS. 314 W. Main, Eastland. 629-2636.
