Annie Rendall Receives Gift From Rhythm Band

There was a happy surprise for Annie Rendall of the Gholson Apartments on Thursday night, Nov. 29.

On that evening the Cisco Senior Citizens Rhythm Band presented a one hour concert for residents of the Gholson and assembled guests.

During the concert Mrs. Rendall, the organizer of the Band, was presented with a winter jacket like the ones the Band is using for their winter uniform. Annie and about 40 Gholson Sublett. Director of the Band, and Jack Roberson, harmonica player and M.C., made the presentation. Annie Rendall, a former

resident of Cisco, began this Rhythm Band at the Senior Center there. She also arranged programs at the Cisco Senior Citizens Luncheons for a number of vears.

Last September she became ill and had to go to the hospital. Upon her dismissal she moved to the Retirement Center at the Gholson.

After the concert the 30 members of the Cisco Band residents and guests enjoyed

decorated with candles, Christmas flowers, and red white and green tablecloth and centerpieces. Hosting were Mrs. Rendall's daughter, son-in-law and granddaughter of Olden, Mr. and Mrs. Bobby Little and

daughter LaDawn. Mrs. Rendall expressed thanks for the lovely gift and the evening with Cisco and Ranger friends.

Goodfellows Get Aid Requests

By HERREL HALLMARK A Cisco woman wrote to the Goodfellows this week about a family of nine in our city, in which the father is critically ill and the mother is staying with him. She says, "The grandmother is staying with the children who never ask for anything.

Nichols Keeps Championship

Bennie Nichols carded two 70s to successfully defend his City Golf Championship in the annual city tournament at the Cisco Country Club last Friday and Saturday. This was the 5th time that Mr. Nichols has won the city golf title.

Mike Thiberville and Bob Bennie had identical scores of 72-78 to tie for second place in the championship flight. Carrel Smith was the consolation winner.

In the first flight, Bernard Campbell was the winner with Tim Stubbs as runnerup. Arley Whitley won the second flight and Robert Smith came in second.

Winners received trophies and the runnerup players received golf balls. Chairman Bobby Smith said the tournament was a good success.

"Because I am getting a social security check for about \$302 a month and the bill we pay a month is about \$200 a month. And from what is left, got to use it for medical, gas for the car, and repair for the house where we can keep it warm."

Missing Youth Found On Deer Lease North Of City

A five-year old Abilene boy, missing for some five hours after becoming lost during a deer hunt north of Cisco, was reunited with his father at 5:30 p.m. Saturday.

Some 60 persons plus an airplane that crash landed, four-wheel vehicles and men onhorseback took part in the search that began around 3:30 p.m. after the father, Bernerd Kastner, youth and missing persons investigator with the Abilene Police Department, reported his

son Cory Don missing to Cisco police. The airplane, piloted by **Owner** Steve Benifiel of Ranger, had extensive damages but neither Benefiel nor his passenger, were injured, when they landed in a canyon.

Cisco Police Sergeant Tom Barrett served as coordinator for the search, assisted by Chris Key of the **Cisco PD. Volunteer firemen** from Cisco and Ranger had men and communications equipment at the Bill Childers ranch north of town, where the deer hunters

had gone to spend the day. Also assisting were DPS troopers, a Patterson Ambulance and crew, and Kenneth Payne, area game

warden. Longhorn Cafe Is Mentioned In New Book

The Longhorn Cafe, located at 505 West 8th in Cisco, is mentioned in the new book, "The Best Country Cafes in Texas - The West." John Forsyth, the publisher and Meg Tynan, Associate publisher, recently ate a meal at the Longhorn and they enjoyed the food so much, they decided to list The Longhorn Cafe in their book.

Bible Tape Pirates Challenged

ALEXANDER SCOUBRY NARRATION OF THE BI-BLE TO BE EXCLUSIVE-LY MARKETED BY NEVA, INC.: "THE YEAR OF THE BIBLE" CONTINUES ...

Tampa, Florida: NEVA, Inc. of Tampa, Florida company announced today it has signed exclusive rights with popular celebrity Alexander Scourby, the American Foundation of the Blind, (AFB) and the American Bible Society, (ABS) to market Mr. Scourby's narration of the entire King James Version of the Bible on topquality cassette tapes.

This action starts a campaign led by NEVA to continue educating the public on the importance of the Bible following a highly successful "Year of the Bible" which had been proclaimed by President Reagan and the U.S. Congress in 1983.

Mr. Scourby's distinguished career includes narration of the famous "Victory at Sea" Documentaries, National Geographic Specials, Host for "Live from the Met" telecasts and more recently the "Body Human" TV series and the ABC Olympic Gala. He recorded the King James Version of the Bible in the 1960's for the American Foundation of the Blind and the American Bible Society.

Since the original Scourby Bible recordings have been made, numerous companies have been commercially selling the recordings without authorization or compensation to Mr. Scourby or the AFB. Consequently, the public in many instances has been duped into purchasing very poor quality tapes.

NEVA's Legal Staff determined that many state statues make it illegal to offer for sale recordings without the permission of the owner and artist. The new agreement grants NEVA exclusive commercial recor-

over 18 months of negotiations. The agreement also provides that the AFB will provide NEVA copies of the original tape masters so that the quality of the tapes will be better than ever.

We have taken the time at NEVA to properly negotiate an agreement with Mr. Scourby, the AFB, and the ABS, and will market these tapes in a dignified and lawful way that befits the subject matter," David Allen, NEVA President said. Aven continued that both NEVA and Mr. Scourby will actively seek to stop the unathorized duplication and

unlawful sale of these tapes. In the 1983 "Year of the Bible" proclamation, President Reagan pointed out the Bible was helpful in shaping the ideals set forth in the Declaration of Independence and the Constitution. The proclamation quotes President Andrew Jackson who said "The Bible is the rock on which our Republic rests." President Lincoln said, "The Bible is the best gift God has ever given to

man. "Aven added, "The Bible cassettes are very popular since they fit today's fast paced lifestyle and offer a flexibility never before available to the general public." "The convenience of listening to the tapes while driving, at work, or at leisure will enable people to draw on the Bible's Inspirational message as never before. Making the Bible more available to people through cassett tapes will impact millions of people in a positive and substantial way."

The company will offer these Bible cassettes via national TV advertisements which will highlight the historical importance the Bible has played in our country's development

With each order NEVA will send (at no charge), a specially produced copy of

the Bible. "The proclamaand hold tion will serve to remind our employees. citizens of the importance of

William J. Dennis, research director for the NFIB Foundation, points to several other factors contributing to the nearunanimous recommendation to cut federal pensions. "The salary comparison studies use mega-corporations' pay scales as the 'private industry' norm, yet bigbusiness salaries far outstrip those offered by small firms," Dennis said.

"Indeed" Dennis added, "considering the hours they work, a sizeable minority of small-business owners don't even make minimum wage. So they're not disposed to sympathize with claims that government workers are underpaid to begin with."

Dennis noted that the overwhelming mandate to pare benefits suggests that even those small-business owners who think federal salaries may be "non-competitive" feel the government "has gone way overboard" in using benefits to counterbalance pay differentials.

Program To

Crack Down On Trucks

Attorney General Jim Mattox and the Texas Department of Highways and Public Transporation Tuesday announced a new program to crack down on overloaded trucks along Texas highways, an effort aimed at saving the State

millions of dollars a year. Mattox and Highway Commissioners Robert C. Lanier, chairman, Robert H. Dedman and John R. Butler Jr. announced the stepped-up enforcement effort during a Capitol news conference Tuesday afternoon.

A study by the Center for Transportation Research at the University of Texas estimates that overweight trucks and the damage they do to Texas highways will cost the State approximately

\$261 million in repairs and

administrative costs over the next 20 years. "In these times of limited budgets, the State of Texas should not have to be hit unnesessarily to repair highway damage that occurs because of overloaded

vehicles," Mattox said. The Highway Department, which manages approximately 72,000 miles of highway in Texas, says that a state criminal statue against overloaded vehicles has proven to be no deterrant to violators, Mattox

said. "With fines ranging from only \$100 to a maximum of \$200," he said, "many vehicle operators view these minor fines as a part of doing business. They pay them and go on about their business. Some operators have received as many as 500 tickets in year, and it hasn't stopped

"These small fines cannot pay for the damage to our

criminal fines are not a deterrant to overloaded truckers," Mattox said.

"Today, we are kicking off a new and stricter enforcement effort," Mattox said. "We believe we can get the attention of these violators if they have to pay higher penalties.

"It goes back to the same idea I've urged for nursing home reform. Hit them where it hurts - in their pocket-books," Mattox said.

"We are prepared to file civil complaints against violators, seeking injunctive relief and damages that will amount to much more than small criminal fines," he said. "If we are successful, the people of Texas will be saved from millions of dollars of highway repairs and our highways will be safer for the driving public." Mattox's special task force will be headed by Watson Arnold, special assistant attorney general.

New Book Describes Colorful Figures

The people who helped shape Texas were as varied and as colorful as the wildflowers that sweep the state. Take, for example, Belle Boyd, the beautiful Confederate spy who used her feminine wiles to lure information from Union soldiers. Or how about "Choctaw Bill" Robinson, a Baptist minister who came from Texas in 1848 and preached with a gun beside his Bible until his death at the age of 89.

These figures and many others are brought to life in a new book published by the Texas Hostorical Commission entitled Shadows on the Land, An Anthology of Texas Historical Marker Stories. The book is a compilation of more than 50 stories written from research information available through the THC's Marker Department.

The stories that first appeared in newspapers across the state, where they generated widespread interest in the state's historical marker program. Each story includes the locations of the historical marker discussed, and 14 photographs illustrate the tales

With more than 9,000 historical markers in Texas, the THC's marker program is an ongoing reminder of the people's history, acting as a reflection of the state's rich heritage and cultural diversity. In addition, the markers chronicle the history of the architecture, events, and archeology that helped determine the development of modern-day Texas.

The book is written by

Myra Hargrave McIlvain, an Austin freelance writer and public speaker. She is the author of 6 Central Texas Auto Tours and Texas Auto Trails: The Southeast.

Scenes From Saturday's Christmas Parade In Downtown Cisco

Winners Named **For Annual**

Parade Here

The Annual Cisco Christmas Parade was held December 1, and each year it seems to be better than the last.

Several floats were entered in the parade: Bands participated from the Intermediate school, Junior High and High School, as well as the Cisco Junior College Wrangler Band and Belles. Also a riding club from Ranger was present for the parade and several individuals marched downtown to start the Christmas Season in Cisco. Winners were:

Float division-First, Ken-Amphitheater drick Religious Diorama and Museum, and Second place, Redeemer Lutheran Church. **Children's Division- First** place, Micah & Jarrett and Kevin Dacy, (all cousins); Second place, Brownie Troop of Cisco; and Third place, Katie Keyes.

The Cisco High School Band received a trophy along with the Wrangler Band and Belles.

Wranglers Defeat **Cooke County JC**

The Wranglers of Cisco Junior College defeated Gym Monday night. Cooke County JC's Lions by a score of 83-to-74 in a basketball game at CJC

The Wranglers go to Temple Friday, Dec. 7, to play Temple JC. Both the CJC men and women teams will be in action here Wednesday night, Dec. 12, when they host teams from Western Oklahoma State College of Altus, Okla.

The Wranglers are scheduled to play Richland College of Dallas at the CJC Gym Monday night, Dec. 10.

In the Monday night game, Cisco had a 39-to-30 half-time lead but saw Cooke put on a scoring spree to even the count midway in the second half. The Wranglers were able to get the visitors under control and had a 11-point lead when the final buzzer sounded.

Melven Jones was the leading CJC point maker with 27. Auldon Robinson had 24 points, and Cedrick Ellis had 10.

The Wranglers of Coach Dan Montgomery are now 94 for the year. Stats for the game follow:

Installing, Maintaining A Septic System

With the high demand for rural and suburban residential properties, finding the ideal soil and site conditions for a septic tank system may be difficult.

However, with proper planning and care, the headaches, nose aches, health hazards and neighborhood scorn of septic system failure can be avoided, says Dr. B.L. Carlile, soils specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"There's more to a good working septic system that just digging a hole in the ground," Carlile says.

The first step to a satisfactorily working septic system is to study the soil and select the best site for the system before it is installed. "Failure to adequately evaluate soil and site conditions before construction and to protect the site during construction are the major causes of failure," Carlile savs.

Soil conditions will determine the success or failure of a system. A percolaton test is not sufficient, he stresses. Soil properties such as texture, structure, drainage, depth to restrictive layers, and the presence of shrink-swell clays must be evaluated.

Site limitations must also be considered, including the depth to seasonal or perched water tables, excessive surface or subsurface water flows, areas of cuts and fills, and the site's position on a slope.

"Remember, when buying property, wastewater

disposal should be one of the first things you consider," Carlile emphasizes. "Don't get stuck with a site you can't build on and don't build on a site you're stuck with." The local soil conservation district office or county Ex-

Once the site is approved for a septic system, a properly designed unit must be correctly installed and maintained for success.

associated with septic systems could be eliminated or minimized through common sense and a little knowledge," Carlile points out

"For example, dig trenches when the soil is dry, place them on the counter of the site, and scarify or score trench walls. Also, level the distribution box, keep heavy equipment off the absorption area, and divert surface or drainage water away from the system," suggests

Carlile. Once the system is installed, the best and cheapest insurance for good performance is proper care and maintenance by the homeowner, he says. Forty dollars of maintenance can help save a thousand dollars worth of repair.

The primary maintenance point in a septic system is the septic tank, says Carlile. Inspect the tank by measuring scum depth and sludge depth in the tank once a year. If the scum surface is within one inche of the top of

Fishing Report Terry L. Wilson

At this time we would like to announce our top five anglers for the 1984 season. 5th Butch Willingham, 4th Tommy Maynard, 3rd Don Flowers, 2nd Will Johnson and our angler of the year with 41 lbs. Terry Wilson.

Terry also won our big bass of the year award with a nice fish back in March coming from Lake Proctor, 6 pounds and 8 ounces. Along with 2 lovely trophies, Terry also was presented with \$100.00 check. There were a total of 64 attending this years event.

Our winners of the door prizes were Mrs. Lee Barbe was drawn for a lovely bowl set, Jason Maynard received a graphite rod and reel combo, and Tommy Maynard as drawn for a Berkley Lightning rod.

December 6th we shall hold our monthly club meeting at the Eastland National Bank Bldg. Items of great importance will be discussed during this meeting, not only for this years end, but preparations towards a continued growth next year. Don't forget those monthly weight slips.

Area lakes are producing some fine fishing. Palo Pinto crappie excellent, bass poor. Hubbard crappie good, bass good, stripers fair. Leon bass good, crappie good, strippers fair. Proctor bass good, crappie good, catfish good. Daniels crappie good, bass good. Pioneer recently

produced 2 bass in the six pound range, plus some smaller fish, crappie good, catfish poor.

Don't forget when planning a trip during our cold months, take some extra clothing in case you become wet, change immediately and seek shelter and warmth. Hypotermia can kill rapidly.

EASTLAND

Special Days For Special People will be Wednesday, Dec. 5, through Saturday, Dec. 8, in Eastland. Merchants throughout town will be offering extra special values to those who shop in Eastland. Look over the extra section in this newspaper about the outstanding things available in Eastland. The Retail Trades Commission of the Chamber of Commerce is sponsoring this Pre-Christmas shopping extravaganza.

There will be a rummage sale in the Conference Room of Centennial Memorial Library from 12 to 5:30 p.m. on Dec. 7, 10, 12, 14, 17 and 19. There will be a baked goods, Christmas decorations, clothing and many other items. The proceeds from the sale will help pay for repairs on the building. The public is invited to come by.

"Hole In The Ground", a mystery comedy, will be presented by the Eastland High School Senior Class Friday, Dec. 7, at 7:30 p.m. in the EHS Auditorium. Mrs. Kathi Stapp is the director, and David Luna is the assistant director. Leading characters are played by Don Rossander, Traci Carter, Richard Viehmann and Karyn Ritter.

The streets of Eastland are going to get 5% times brighter in the next few months. Around 130 street lights are going to be converted to the new, bright mercury vapor style. This will begin soon in the southeast part of town, and will eventually be completed throughout the city. The City Commission has approved a contract with Texas Electric Service Co. to make the changes in lighting at no cost to the city. The figure cost will be about the same as the present bill for street lighting.

The Ladies Auxiliary of the Eastland Fire Department will sponsor a "Magic of Christmas" show on Saturday, Dec. 8, at 7 p.m. at the Eastland High School Auditorium. There will be clowns, music, magicians and many other features. Santa will put in a speical appearance. Advance tickets are \$3 for adults and \$2 for children. Come and enjoy this magical time with some youngster in your life.

Let the Extension Homemakers do your holiday baking! The Extension Homemakers will have a bake sale at the annual Eastland County Pecan Show Friday, Dec. 7, in the courthouse lobby. Homemade pies, cakes, candies and other goodies will be sold throughout the day. Many of these food items can go in the freezer and be used for Christmas. That is, provided you can keep from eating them for that long!

Thursday, December 6, is designated as the O.T. Killions Day in Eastland County. County Judge Bailey issued the proclamation in honor of the Killions, who are moving from Eastland to the Dallas area. The Killions have lived in Eastland County 18 years, pastoring the Assembly of God Church in Cisco for 16 of those years. They moved to

Eastland two years ago, shortly after retirement from the ministry of the Cisco Church, and O.T. Killion's retirement as Municipal Judge of Cisco. The couple has worked in a number of clubs and community service organizations, in addition to church activities.

CISCO

Eris Ritchie, president of the Conrad Hilton Memorial Park and Community Center, says that progress is being made in plans for restoration of the old Mobley Hotel, the first of the Hilton chain. A report from the architects is due in December, and is expected to contain cost estimates for restoration. Work should start no later than April 1, 1985, Ritchie believes. The hotel will be managed by the Chamber of Commerce when restored, and serve as assortment of community groups.

The Fine Arts Department of Cisco Junior College will present its annual Christmas Madrigal Dinner Thursday and Friday, Dec. 6 and 7, at 7 p.n.. in the Roof Garden Theatre. the Laguna Hotel. The 1984 edition of the dinner will have many of the same features as in years past. There will be a program of music along with the meal. Tickets are \$8.50 and may be picked up at the lobby, but reservations must be made in advance. Call 442-2567 between 8 a.m. and 4 p.m.

Are you looking for a distinctive Christmas gift for family or friends? The Cisco Writer's Club has a new book called "Piecework" which will go on sale this week. It contains prose and poetry from 14 local writers, with much of the material based on a southwestern theme. These books will be available at the First National Bank and Olney Savings Friday, Dec. 7, from 9 a.m. to 6 p.m. The cost for each book is \$4, and you might even get an autograph thrown in!

The Cisco City Council is considering a request to make buildings in the town more accessable to handicapped persons. It has been pointed out that high and uneven sidewalks and high steps into buildings make it very difficult for handicapped persons to get about and take care of their needs. Among the improvements considered are ramps on downtown sidewalks to the streets.

RANGER

There will be a Benefit Basketball Game on Monday, Dec. 10, 7:30 p.m. at the New Gym. This game will feature parents vs. teachers, and should be an exciting one. This game will be an opportunity to help raise the \$30,000 needed by the Ranger School to buy computers for the training of the children. There will be a concession stand at the game.

Bill's Dollar Store is having a Customer Appreciation Night, along with celebrating Mrs. Gladys Walker's 10th Anniversary as Manager. Gladys is going to have a "Moonlight

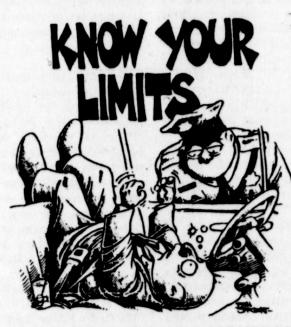

Retired Teachers To Meet Eastland County Retired Madness" sale Friday, Dec. 14 from 7 p.m. to 9 p.m. with 10% off on everything in the store. Come help Gladys and her staff celebrate.

The Ranger Jaycees have presented a check in the amount of \$300 to Ranger Boy's Club. It was given to Earl Lebredo, a director of the club, by Jaycee's President Bobby Adams. The Ranger Boy's Club operates a center at the park for the benefit of boys and girls up to age 18. Earl Lebredo has worked on this project and actively managed the clubhouse for a number of years. This activity receives its support from the people of Ranger.

GORMAN

The Chamber of Commerce will be sponsoring Santa's first visit to Gorman on Saturday, Dec. 15 at 2 p.m. downtown. There will be goodies for the children and they will have an opportunity to visit with Santa. He will arrive on the fire truck, and afterwards will be at Lasater's Discount Store to visit with the children.

American Ancestry

by James Pylant and **Thelma** Youtz

We are looking forward to writing this new column, which will concern American genealogical information. As this is a national column being offered to newspapers throughout the United States, there is no location restriction involved with the information published.

We hope that readers will find the information appearing in "Your American Ancestry," to be informative and helpful. Our goal is to promote interest in genealogy as a hobby and as a profession.

All information published will be free of charge.

General queries, which we ask you to have a maximum of approximately 50 words, will be limited to one query per person

Any details regarding reunions, family genealogical instructional courses, and society meetings are also welcomed. Books, microfilms. microfiche, or other publications available by societies, companies, and individuals will be reviewed only when a complimentary copy is submitted. Be sure to include details pertaining to cost and place of purchase.

Copies of this column may be obtained for 25 cents each, plus a self-addressed, stamped envelope

To make a profit in 1985, a farmer will have to be an 'astute marketer.

That means he must form expectations of two essential values for making sound marketing decisions-individual farm product growing costs and commodity prices.

"From the individual manager's standpoint, estimating his own production costs should be less difficult than trying to 'figure out the market'," notes Dr. Ashley Lovell of Stephenville, economist with the Texas Agricultural Extension Service, Texas A&M University System.

Why worry about knowing production costs? A knowledge of historical and anticipation production costs is indispensable in farm management decisionmaking, emphasizes Lovell. Consider the importance of knowing how much it costs to produce a pound of cotton, a bushel of corn or a hundredweight of grain sorghum when evaluating these marketing alternatives: selling at harvest, storing and selling at a later date, forward contracting for delivery at harvest or at a later date, hedging in the futures market or using agricultural commodity options. Eastland County Pecan Show Opens Friday

The Eastland County Pecan Show opens in the courthouse lobby Friday, December 7. This will be the 32nd year for the original county pecan show in Texas. About 150 entries of the finest pecans in the county will be on display. They will represent about 40 different varieties. It will also include a bake show featuring delicious pecan pies, cakes, candy, nut bread, and cookies. There will also be a

pecan centerpiece class. The show is being sponsored by the Eastland County Pecan Growers Association and the Eastland Chamber of Commerce. James Wright, Chamber of Commerce manager, invites everyone to come and see the best quality pecans in

ing baked goods. Plaques will be given for the three champion entries

and rosettes to the reserve champion entries. Ribbons will be awarded to the first three place entries of each variety. In addition, ribbons will be given for the largest pecans and the smallest

pecans. Charles Walker, president of the pecan growers association says that there will be some good quality pecan in spite of a small crop this year due to the drought. The first place pecans in each class will go to the regional pecan show next week. All other pecans will be sold after the county show closes at noon Saturday.

Shelled pecan kernels will also be sold at the close of the show.

Anyone producing pecans may enter the pecan show. Each entry consists of 43 pecans. All entries must be entered at the Extension Service office by 4:00 p.m. Thursday.

On Friday morning, ten pecans from each entry will be weighed, shelled, and kernels weighed to determine the number of pecans in one pound and the percent kernel. Eastland Chamber of Commerce members will assist with the pecan show by shelling the pecans. Walker says this is an impor-

after winners have been selected, late Friday would be the best time. Pecans will be on display Saturday morning, but baked goods will not be displayed Saturday morning.

John Bailey **To Represent Lions** Club

John Bailey, senior student at Cisco High School, will go to Jacksboro Saturday to represent the Cisco Lions Club in a regional public speaking contest for high school students.

The contest will begin at 10 a.m. Saturday at the library of the Jacksboro High School building, according to Secretary Jasper Cook of the sponsoring Lions club. Young Bailey was nominated by the English Department of Cisco High School, Mr. Cook said.

Theme of speeches by students in the Lions contest will deal with why parents should interest themselves in the drug awareness program that Lions and other organizations are sponsoring, Mr. Cook said.

John is the son of Mr. and Mrs. Scott Bailey of Cisco. Winner of the regional contest will go to the state event where the winner will receive a \$1,000 scholarship. Second place winner will get a \$500 scholarship.

Winners of each state will compete in a national contest next summer, Mr. Cook said.

Letters To The Editor

The attributes and characteristics of God are the foundation for Christian faith and living. Who is God and what is He like? This is a big question, and I don't think that it can be answered completely, because the finite mind of man cannot comprehend the completeness of the Godhead. To mention a few of the at-

tributes of the Eternal God: He is omnipotent (Almighty), He is omnipresent (every where present at once), He is omniscient (all wise)

Throughout the Bible God is described as Almighty. "And when Abram was ninety years old and nine, the Lord appeared to Abram and said unto him, I am the Almighty God; walk before Me and be thou perfect." (Gen. 17:1). In speaking of Jesus Christ, it is recorded in (Rev. 1:8) "I am Alpha and Omega, the beginning and the ending, saith the Lord, which is, and which was, and which is to come, the

Almighty.' God is spoken of as being faithful: "Know therefore that the Lord thy God, He is God, which keepeth covenant and mercy with them that love Him and keep His commandments." (Deut. 7:9). "God is faithful, by Whom ye were called unto the fellowship of His Son Jesus Christ our Lord." (1 Cor. 1:9). "That by two im-. mutable things, in which it was impossible for God to consolation, who have fled for refuge to lay hold upon the hope set before us." (Heb. 6:18). One of the great

characteristics of God, our heavenly Father is love. In (1 John 4:16) we read, "We have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him."

Since God is Almighty, and all wise, and everywhere present, and He is faithful, and trustworthy, and a God of love; then we as a human creature have a solid foundation for faith, and Christian living.

If we believe these attributes, and characteristics of God; then we will be able to believe all the Bible, which is His word.

ENJOY YOUR HOLIDAY LIGHTING MORE BY FOLLOWING THESE SAFETY TIPS FROM WTU:

Never leave your Christmas tree lights unattended. Unplug them when you go to bed or leave the house.

Make sure paper ornaments or tinsel do not touch light bulbs.

Check your outdoor and tree lights: discard sets with frayed wiring and replace burned out bulbs.

Use a wooden ladder or a metal one with rubber-tipped legs when installing outdoor lights. Be sure to stand on a dry surface.

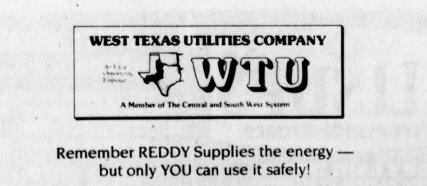

Use heat-resistant cords with grounding plugs, and do not overload too many lights or appliances on one circuit.

Use a water-filled stand for live trees and check the water-level daily.

Do not adjust outdoor lights or tree lights while they are turned on or connected to a power circuit.

Only purchase lights that have been checked for safety. Look for the Underwriter's Laboratory's or other safety label.

PLEASE REMEMBER ... Install and use the special holiday lighting carefully, safely and wisely, so that you, your family and friends can enjoy the spirit and beauty of this special season.

SANTA CLAUS is, of course, always the star of the show. And the show was last Saturday's Christmas Parade in downtown Cisco. But two other stars were Cowboy Clown Neal Moore and Curley the camel.

Santa Claus was played again this year by Mr. Bruce Smith and he's going to be a busy Santa this year for the Smiths have twin sons who are now a little over two years old and just right to appreciate Santa.

Curley, the camel, was led in the parade by Mr. Phil Kendrick of the Kendrick Egg Farm, the Diaorama and the Easter Pageant on Highway 80 east of town. Curley seemed to enjoy the parade, and Phil was in appropriate costume for the event.

SINCE THEY installed a new multi-million dollar printing press a few weeks ago, the Abilene Reporter-News has been using a process color (four colors) picture on their front page each day. And Monday morning's color picture was a very good one of Neal Moore of Cisco in his cowboy clown costume.

The picture and story were sent in by Evelyn Valek, Cisco correspondent for the RN. Evelyn also sent in a picture of Curley and Phil that appeared in the RN on Sunday. (You'll see pictures of the parade made by The Press staff elsewhere).

Mr. Moore tells us that he'll appear in Christmas parades in Eastland and Abilene with the CJC Band and Belles this month. And he'll use the cowboy costume for other area parades for several months. He often appears as a clown in parades. He'll visit Cisco and Eastland nursing homes in

costume, too. Mr. Moore's costume was made by Neal Moore, assisted by his daughter, Caryon, who works at Frist National Bank. Faith Ballard, assistant to County Home Demonstration Agent Janet Thomas at Eastland, helped Neal design his face painting to make the clown get up real effective. Ms. Ballard works with 4-H clubs

WE'RE SORRY TO report the death of Rancher Jammie Fry's Australian Shepard Dog - the one that would not open gates but would drive the pickup anytime Jammie started to the ranch.

When he got back home after a recent trip, Jammie missed the dog. Several days later, he found the dog dead in a shed near the house. Jammie figures the dog must have fallen out of the pickup to be run over by the truck or a trailer he was pulling that day.

Jammie will probably be in the market for another Australian Shephard Dog if you know of one on the market.

CJC's Yule Concert Set

The Fine Arts Department of Cisco Junior College will present its annual Combined Christmas Concert, Tuesday, December 11, at 7:30 p.m. in Harrell Fine Arts Auditorium. The concert will feature the Wrangler Band and Belles, the CJC Singers, and organist Steven Zell.

Immediately following the concert the lighting of the campus Christmas tree on the Mall in front of the Science Hall will take place.

The Band will begin with the program with a concert standard, "Tenth Regiment March," by R.B. Hall. The band will also present "Carillons at Christmastide," "Adeste Fideles," and "Christmas Music for Winds." The Wrangler Belles will dance 'Winter Wonderland,' choreographed by Belle Director, Nicki Harle. The Belles will also do some "sing-a-long" with the band on some familiar Christmas carols. Tim Jones directs the Wrangler Band. A vocal ensemble of the

CJC Singers will conclude the concert with two medleys of Christmas music. One is called "Christmer Cheer," and the other one is "Rhapsody of Christmas." Included will be
