Cisco Jr. High School Choir Will Present Operetta

The Gilbert and Sullivan operetta, "The Pirates of Penzance or The Slave of Duty," will be presented by the Cisco Junior High School Choir at 7:30 p.m. Thursday,

May 30, at the high school auditorium under the direction of Mrs. Davene Jeffcoat.

There will be no admission charges.

A synopsis of the operetta was given as follows:

"As a child, Frederick was apprenticed to a band of

pirates because his nurse misunderstood her instructions to see that he became a pilot. Frederick, though, detesting his trade, has remained faithful to his indentures.

"Having seen his first women, he agrees to marry

his old nurse, Ruth. But seeing a bevy of beautiful young women, the wards of Major General Stanley, he is taken with Mabel in particular. His fellow pirates carry off the girls. But the Major General tells the pirates he is an orphan and so arouses the

pirates' sympathies that they let his wards go free.

"Stanley's lie troubles him, but he takes consolation in Frederick's plan to lead the police against the pirates. However, Frederick discovers that since his birthday falls on a leap year day he has not fulfilled the 21 birthday falls on a leap year day he has not fulfilled the 21 birthdays of his indenture. Ever faithful to what he considers his duty, he rejoins the pirates and helps to capture Major General Stanley.

"Finally, the police intervene and capture the pirates. They are shown to be, in reality, merely noblemen who have gone away. They are pardoned and take the major general's ward to wife. Frederick and Mabel look forward to living happily ever after."

Members of the cast are: Major General Stanley, played by Steve Couch; Pirate King, David Zell; Samuel (his lieutenant), Dale Escobedo; Frederick, Aaron Whitley; Pirates, Jeff Roark, Dusty Walton, Daryle Johnson and Ross Escobedo.

Ruth, Tina Crozier; Sergeant of Police, Alicia Lambeth; Police, Leoner Soto, Jana Muller, Lisa Donica, Danielle Rabel and Stephanie Kimbrough;

Mabel, Katrina Denison; Edith, Wendy Wester; Kate, Jayne Willingham; Isabel, Rachel Valek; and Girls, Dawn Garebaldi, Julie Dennis, Kim Clinton, Jami Roberts and Allison Williams.

Susan Wester is the accompanist for the operetta. Scenery and props were arranged by Mr. and Mrs. Steve Zell and Mr. and Mrs. Arlie Whitley, assisted by David and Sara Zell, Aaron and Amy Whitley, Stephanie Kimbrough, Jayne Will-

ingham, Dawn Garebaldi, Wendy Wester, Kim Rhodes, Rachael Valek, Kim Clinton, and Jarrod and Jerry Jeffcoat.

Special thanks were extended to the following: Austin's Furniture Co., Cisco Lumber & Supply, Carl Kleiner, Nimrod Pipe and Supply, the parents of students and to Principal Jim Puryear, to Martha Davis for help with the program and to Evelyn Kirk.

The public was invited to attend.

C.R. SAUNDERS

Board Hires New Superintendent

C.R. Saunders, 49, of Anton, has been employed as superintendent of the Cisco Public Schools and will officially take over his duties here July 1, according to an announcement by Dr. Allen McGinness, president of the school board.

Mr. Saunders, who was given a two-year contract, will succeed James Couch, who resigned the position last month. Mr. Couch, who will be on vacation during June, will be in and out of the office to assist with the transition, Dr. McGinness said.

The new superintendent has been at Anton, 25 miles northwest of Lubbock, for ten years as a principal and as superintendent. He has been in the teaching profession for 25 years, including assignments as a vocational agriculture teacher, coach and science teacher.

Mr. Saunders, a native of the Texas Panhandle, holds BS and MS degrees from Texas Tech and has done

post graduate study at Southwest Plains College and graduate study at Colorado School of Mines and Texas Tech. He holds certificates in administration, biology and vocational agriculture.

Mr. Saunders, who is married with four daughters, is a Presbyterian and a member of the Lions Club. He plans to spend the coming weekend in Cisco and to be in and out during June as plans are made to move his family here and to assume his duties July 1, Dr. McGinness said.

The new superintendent was hired after the board received some 50 applicants for the position and interviewed eight candidates. The contract with Mr. Saunders was signed after the board held a called meeting last Friday night. The announcement was withheld until Mr. Saunders could meet with the board at Anton and resign as their superintendent.

Firemen and Policemen Assist Eastland Authorities

Nine Cisco firemen and five police officers assisted authorities at Eastland last Friday and Saturday after a train derailment and chemical fire resulted in evacuation of hundreds of residents and considerable property destruction.

Police Chief Billy Rains and Firemen Johnny Jarvis were overcome by heat Friday afternoon after they donned protective gear and sought to get close enough to the wreckage and fire to make pictures requested by authorities.

Mr. Jarvis was admitted to the Eastland Memorial Hospital where he remained over the weekend. Mr. Rains was given oxygen and first aid and recovered without hospitalization.

Firemen making the trip were Chief C.W. Guthrie, Larry Weikel, David Gill, Joe Jarvis, Johnny Jarvis, Dennis Stovall, Gerald Jackson and Richard Connell. They took one fire truck and the department's emergency unit.

Chief Rains and Detective Sergeant Tom Barrett went to Eastland soon after news

Gun Club Plans Meeting Monday

The Cisco Gun Club will meet Monday, June 3, at 7 p.m. at the First National Bank Community Room. All members are urged to attend this meeting to plan the upcoming "eat out/shoot out" during the month of June.

of the tragic event was released. They assisted with traffic control work much of the day Friday. Late in the day, Policemen R.D. Kirkland and Risa Livingston and Sergeant Larry Jernigan went to Eastland to help during the night.

The First Baptist Church of Cisco took in some 65 residents of the Northview Development Center who were evacuated from Eastland Friday. The group remained at the church until Sunday afternoon when the "All Clear" was sounded and they were returned to Eastland.

Cisco Junior College made dormitory rooms available to people needing quarters after evacuating their homes in Eastland.

Ciscoans Pay Tribute To Deceased War Veterans

Ciscoans paid tribute to deceased veterans of wars in the annual Memorial Day service Monday at Oakwood Cemetery. The event was sponsored by the John Williams Butts Post 123 of the American Legion.

Dr. Kenneth E. Breeze, pastor of First Christian

Church, urged those in attendance to live the kind of lives that would reflect credit on their community, their churches and their nation in a talk that featured the 10 a.m. program.

A former Army chaplain, Dr. Breeze noted that "the flag flying here today stands

for freedom and is a symbol of the blood our people shed to keep it flying."

Christianity is represented by a minority in the world, Dr. Breeze said, urging that efforts in its behalf be renewed. "We must find places in the church and the community to help take charge

of America to eliminate a likelihood of generation gaps," he said. "The church is the hope of those who would put an end to blood spilling."

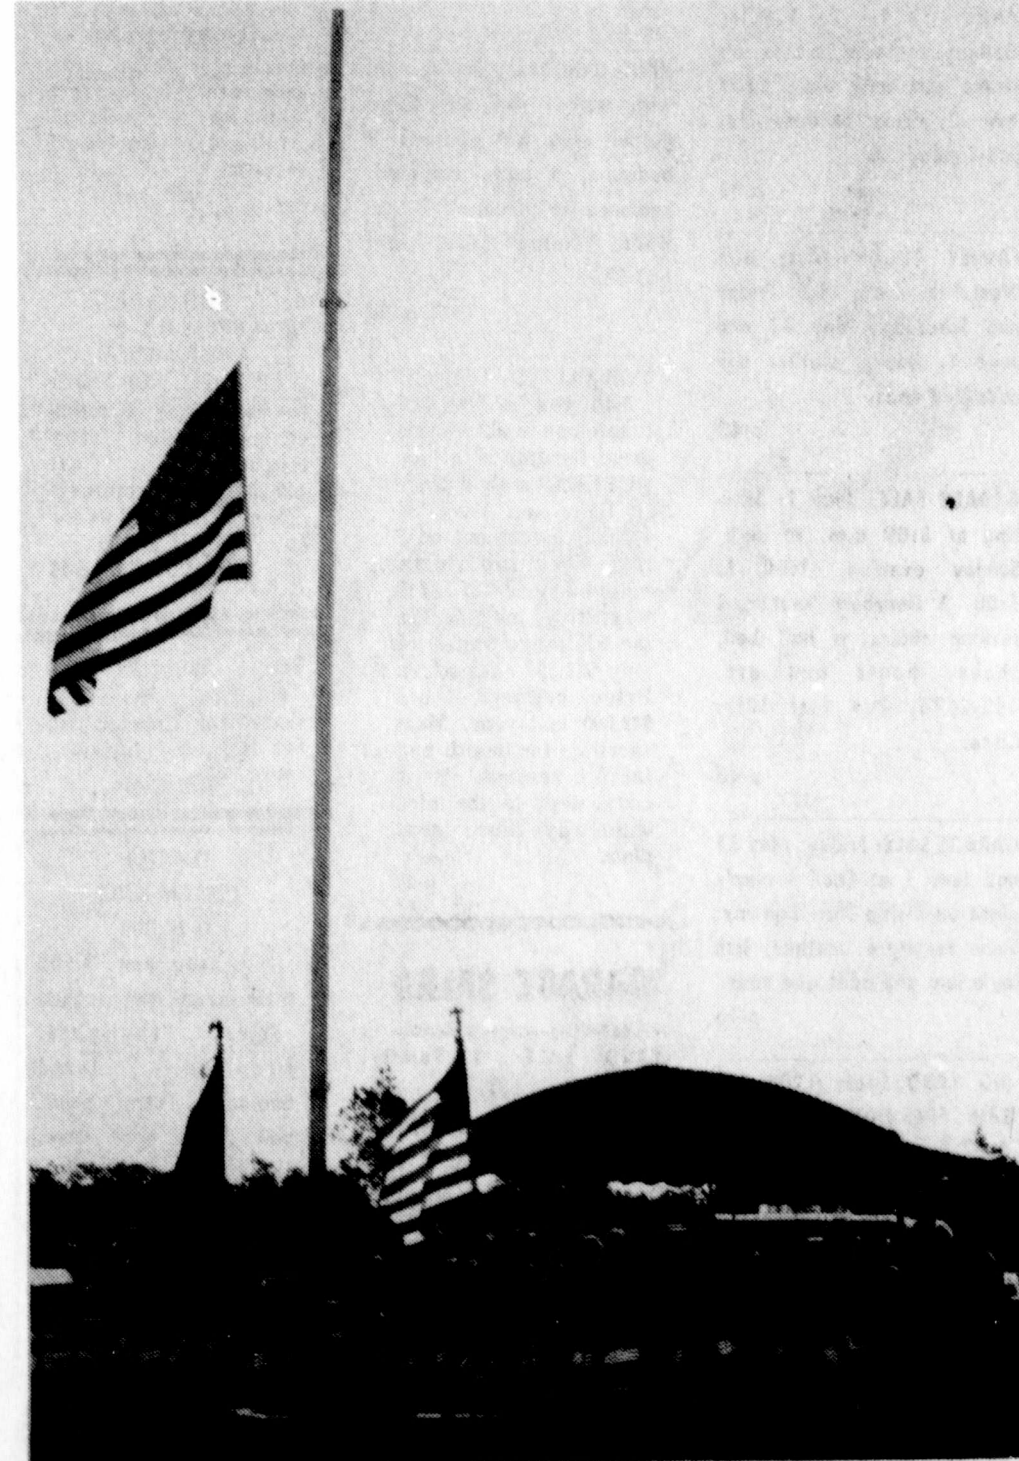

Brad Kimbrough, Legion post commander, served as master of ceremonies. The program opened with the invocation by the Rev. Ronnie Shackelford, pastor of Calvary Baptist Church. A medley of songs, including America, Amazing Grace, and The Star-Spangled Banner, was sung by Mrs. Claudia Waite and Mrs. Teresa Winnett.

The program ended with the benediction by Rev. Shackelford and the sounding of "Taps" by Miss Stephanie Kimbrough. The cemetery flag flew at half-mast during the program and through the morning hours.

Following the program, the Legion Post made miniature flags available to those who desired to place them on the grave of loved ones.

THE THREE young ladies shown above were on the program for the Memorial Day service Monday at Oakwood Cemetery. Seated are Mrs. Teresa Winnett, left, and Mrs. Claudia Waite, who sang a medley of songs, and Stephanie Kimbrough, who played "Taps" on her trumpet. (Staff Photo)

THE FLAG WAS flying at half-mast during the Memorial Day program at Oakwood Cemetery on Monday. A tent erected by Kimbrough Funeral Home housed seats provided by Cisco Junior College for those attending the service. (Staff Photo)

SPEAKER FOR the Memorial Day service was Dr. Kenneth E. Breeze, pastor of First Christian Church, who is shown at right above. The Rev. Ronnie Shackelford, left, was on the program for invocation and the benediction. (Staff Photo)

HALL OF REMARKS

BY HERREL HALLMARK

EVERYTHING seemed to be getting back to normal in Eastland County early this week as clean-up efforts in Eastland continued at the site of the truck-train accident last Friday. The resulting explosion and chemical spill caused approximately 1,000 persons to be evacuated from their homes for the weekend.

Most of the people had been allowed back into the area by Monday evening.

The accident had an effect on this newspaper since our publishing facilities are located inside the mile evacuation area from the railroad tracks. Normally printed on Friday evenings, the newspaper was not able to print its edition until Saturday night when the evacuation area was relaxed.

Since my family had been planning to attend a wedding in Altus, Oklahoma on Saturday afternoon, I left out early Saturday morning without putting together the pages

for the Press. We called back on Saturday afternoon and were told the printing office had still not been allowed to open and Sunday on the way back from Altus, we kept hearing on the radio that the evacuation was still in effect.

However, upon getting back home we found out the area had been lessened and the papers were put out on Saturday night. Most subscribers probably did not get their papers until Tuesday, since Monday was a holiday.

Hopefully, the Eastland County area will not have any more "scare" for a while.

We are still praising God there were no more serious injuries last weekend than occurred during the accident.

TWO WOMEN who attended the Cisco All-School Reunion in April did not get their name included in the list of exes printed in the paper. They said they did not sign up at the reunion, but they did attend the event.

They were Vernal Lee Doyle Tarver of El Campo, Texas and Emily Jones Nichols of Cisco. Both were from the class of 1945.

Carp Tourney Set

Registration for the annual Cisco Pump Carp Tournament will continue through May 31, 1985. Registration can be made at Cisco Pump located on East Hwy. 80, in Cisco. The tournament will start at 3:00 p.m. Saturday, June 1, and go through 12:00 noon, Sunday, June 2. All ages are invited to participate.

Entry fee is \$5.00. Calcutta is \$1.00. The Calcutta goes to the largest fish caught. Fishing and boating license is required. Weigh in will be at the Point at 12:00 noon Sunday. Winning money will be from the entry fees. First place winnings are 50 percent, 2nd place is 30 percent and 3rd place is 20 percent.

Softball Assoc. Is Sponsoring Tourney

Cisco Softball Association is sponsoring a Teenage Girls Softball Tournament on May 30, 31, and June 1, 1985. Teams from Cisco, Eastland, Ranger, Gorman & DeLeon will play in the double elimination, fast-pitch softball tournament. Games will begin at 6:00 p.m. Thursday, May 30, 1985. There will be 3 games Thursday night, 3 games Friday night and games all day Saturday, beginning at 9:00 a.m.

Homecooked barbecue sandwiches will be served Thursday and Friday evenings. On Saturday, a

barbecue plate lunch with potato salad, beans & bread will be available. Come out to Whitley Field and enjoy watching the teenage girls play softball!

McCullochs To Observe 40th Anniversary

June and Woodard McCulloch will be honored at a 40th wedding anniversary reception given by their children. The event will be on Thursday, May 30, 1985, in the Mitchell Baptist Church reception room, from 7 to 9 p.m.

All friends of the couple are invited to attend.

Dr. Pepper In Ranger Plant Receives Award

The County Adult Leaders President Bobby Little presented Tim Stubbs the Ranger Dr. Pepper Plant Manager with a "Appreciation Plaque" Thursday May the 2nd. For the Community involvement that the plant has shown for Ranger and the county.

The Dr. Pepper Plant donated the concession stands for the County Livestock Show. All of the proceeds received, will go directly back into the community to the youth and their activities.

Pictured above are: Jerry Jackson, James Arnold, Tim Stubbs, and Bobby Little.

Wards Video Library Will Stay Open Late

The Wards Video Library in Eastland will be open until 8 p.m. beginning Monday, six days a week. Owner-Manager Edwin Carey has announced.

The Library, located on East Main St., offers over 1,100 films for rent as well as players.

With so much daylight left at the end of the day, Carey said we felt that the public would appreciate the opportunity to visit the Library after regular hours to make selections or to return film.

Rev. Johnson To Minister At Word Of Life

Rev. Virgil Johnson, evangelist-teacher, will be the guest speaker at the Word of Life Church, 501 S. Lamar, Eastland, on Wednesday, May 29, at 7:30 p.m.

Rev. Johnson has a unique ministry in that he not only possesses the Word and Power of God, but also the demonstration. He is an experienced minister of the Gospel having pastored 20 years. He has also done missionary and evangelistic work. The gifts of the Spirit have been in operation through him since the age of 15. He is a noted authority on the Nine Spiritual Gifts and has traveled extensively throughout India, England, Australia and South Africa teaching seminars to thousands. He has recently authored his first book, "How to Discern Spirits", which will soon be published.

God has given Rev. Johnson a special love for His people. When Rev. Johnson ministers to the needs of people, he does so through faith, love and wisdom. Everyone is invited to attend.

'Little Buddy' needs help for record

Dear Editor:

The following letter appeared in the May issue of "The Rotarian" and I think it is worth all of us giving a helping hand with very little effort.

"A child named 'Little Buddy' is dying of leukemia. His goal for the remainder of his life is to become listed in the Guinness Book of World Records. He would hope to

accomplish this honor by receiving the greatest number of postcards ever. His address is:

"Little Buddy
P.O. Box 76

"Paisley, Renfrewshire
Scotland, United Kingdom

"Can we help this child reach his goal?"

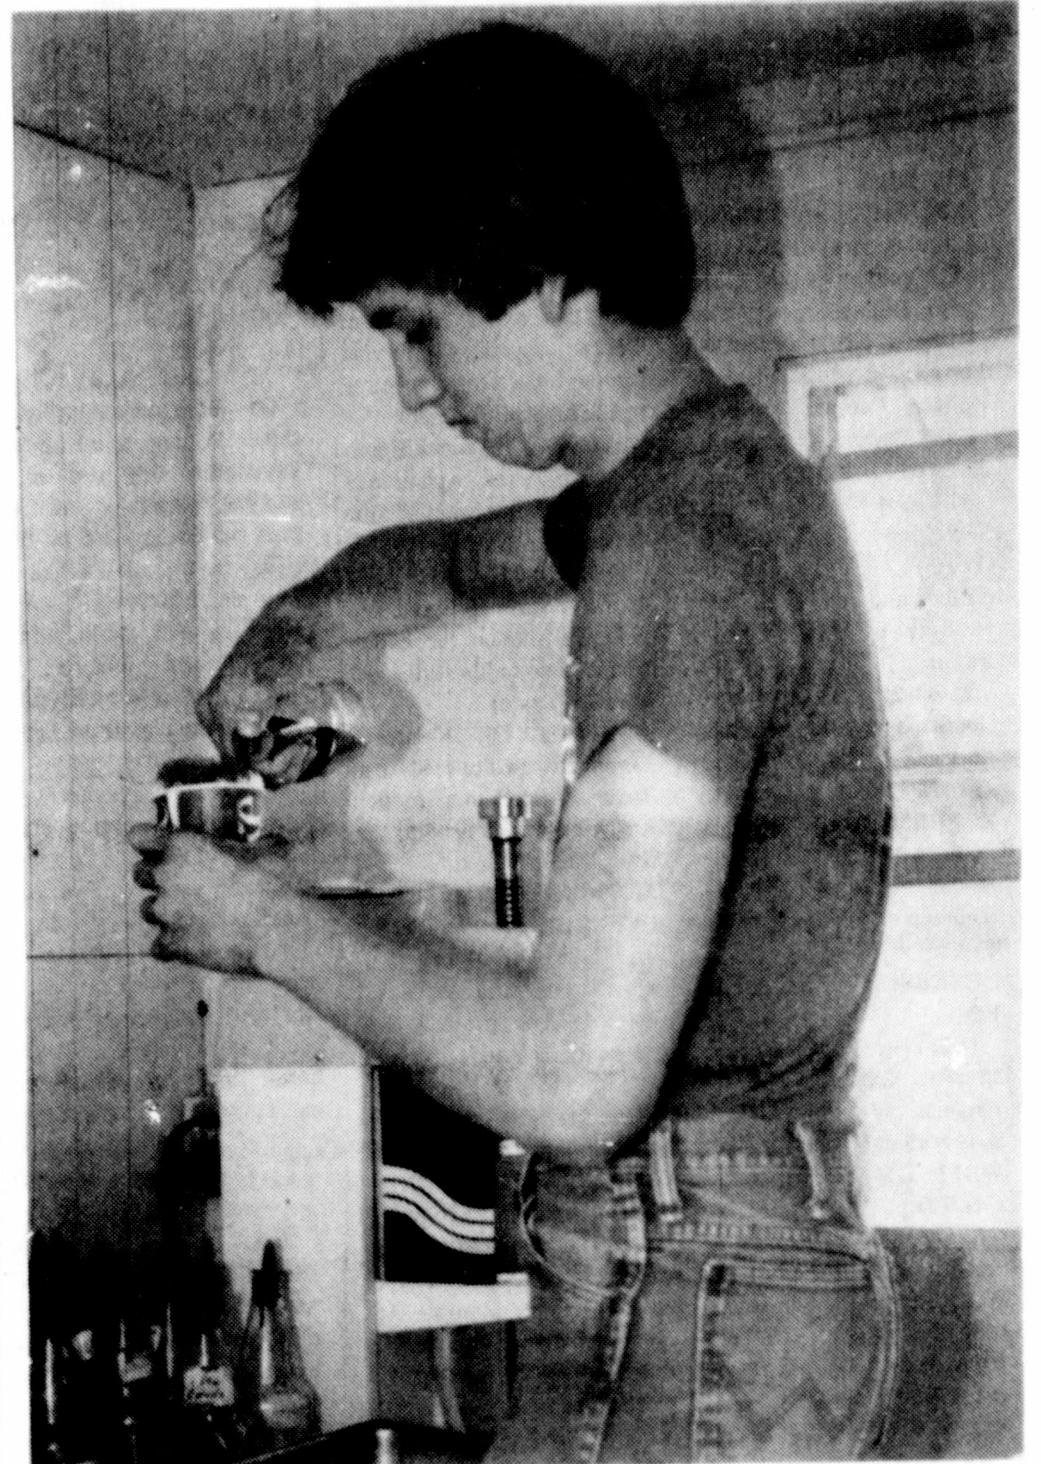

The postage on a post card to Scotland is 28 cents.

DICK LaPORTE
P.O. Box 5466

Abilene, Texas 79665

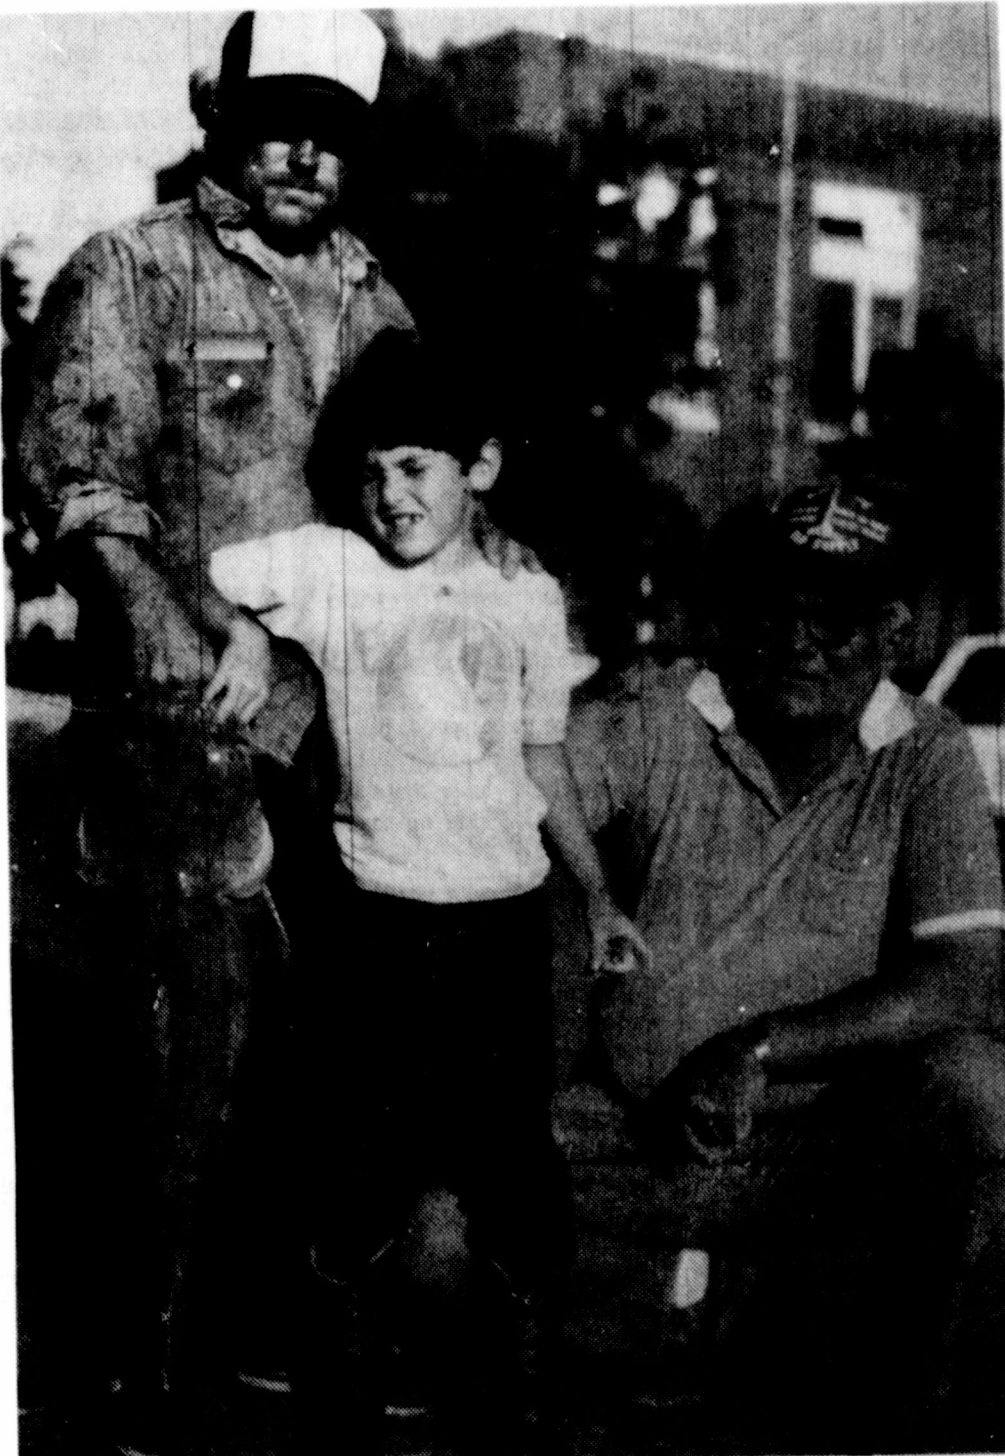

New Business

TROPICAL SNO STAND- Cliff Hatcher is shown making a customer a sno-cone at the new business located east of Quickway Grocery on the parking lot. The stand is being run by the Cisco High School senior this summer and it is owned by Roy Dennis. The new Tropical Sno offers a large variety of tropical flavors instead of the traditional sno-cone flavors. It also offers a slightly different type of ice, with its shaved ice which is reported to be softer than the traditional. (staff photo)

Trotline Catch Here

A 20-LB. BLUE Catfish was taken from a trotline at Lake Cisco early Monday by Benny Gary, left, and son, Benny, Jr., 7, and Bobby Ingram. They are pictured above with the big fish. Benny, a driller for an oil rig crew in this area, said they used perch as bait for their trotline. The 20-pounder was the only fish they caught Monday. (Staff Photo)

CAPITOL UPDATE

by Jim Parker

One of the more significant things to happen during the Legislature this past week was the passage of S.B. 784. This bill, as passed by the House, would allow cities to levy an additional 1 cent sales tax and would, additionally, allow counties to collect a 1/2 cent sales tax, with cities being the primary collecting agent.

The revenues generated back to the counties and cities, would have to be used to grant ad valorem tax relief to residents.

I know this is, the strictest sense of the word, a "new tax" and I suppose criticism could be leveled on that basis; however, it appears to me to be highly desirable

Hail Hits Rising Star And Area

A thundercloud rolled into Rising Star about 6 p.m. Monday bringing with it hail up to the size of golf ball and baseballs.

The storm lasted more than an hour, damaging gardens, trees and some buildings. It covered a wide area around the town, with rain falling with the hail.

because it, at least, is a small step away from the funding of local governmental subdivisions solely through the use of ad valorem taxation. Ad valorem taxes are placed on those individuals who acquire and keep tangible, personal, and real property and under a strict ad valorem tax system, absolutely no burden is placed on those individuals who never acquire or accumulate taxable property. The sales tax aims at consumption and, while it has been referred to as a "regressive tax" because it applies equally to all income levels, I am now convinced that such a tax is the only way we can ever effectively cause all persons using government services to pay some share of the expenses.

City and county ad valorem tax relief is, admittedly, a small step but I remain convinced that it sets a precedent that should be encouraged.

S.B. 784 will require sixteen votes in the Senate and the Governor's signature to be come the law of the land and I hope I can shortly report to you that those goals have been achieved.

A police report from a car out in the storm described pea sized to marble sized hail, then bigger - finally baseball sized. "My front window is out!" The officer said. "When I come in I'll bring what's left of the car!"

Wedding

Wedding vows of Miss Mary Elizabeth Pennington and Mr. Timothy Jones will be exchanged at the First Baptist Church of Eastland on Saturday, the first day of June at 7:30 in the evening. All friends and relatives are invited to attend.

There is no report at press time on the damage to crops.

Spotlights and Sidelines

by Julia Worthey

Maybe it's an over-active imagination or an over-active thyroid. Or maybe it's realizing the actual, rather than the academic, difference between "sympathy" and "empathy".

Leaving home shortly after leaning out the window to watch billows of black smoke and red flames boil into the air north of us was a matter of picking up my purse, walking downstairs and locking the door behind me.

"Irritated" was the way I felt as at that time there had been no official warning to leave—just a lady headed home (I guess) remarking to Walton, who was on the street in front of The Pizza House, that, "They are moving people out."

So, we went. No, we had no extra clothing. As an example of great presence of mind under pressure, I did put the checkbooks in my purse but not the bills.

However, Walton and I agreed we'd probably be back home by five o'clock. No big deal. We had some business errands we had been putting off, so we further agreed that Mandi would have a better day with her friends at Mrs. Housson's than riding around with us.

By the time we decided that other parents might be taking the disaster more to heart and picking up their

wee ones—thereby increasing the unease of the uncollected ones, especially Mandi—her Aunt Catherine had picked up Mandi and they were looking for us.

Once we knew Mandi and Catherine had each other, Walton and I settled down (using the term loosely) with the Paynes to listen to the radio, to try to call our sons, and to visit between times with Viola Payne and her son, Marvin. We had wound up on the Paynes doorsteps like a couple of "boll weevils just a-looking" for a home."

Before stopping to think where we would be, Catherine checked out Bethel Baptist, Camp Inspiration and City Hall.

Listening to Catherine and Mandi, who admitted she was "a little skee-uhed," trying to complete calls to people who weren't at home to answer phones, and hearing Viola checking her food supplies and sleeping facilities, brought me closer to understanding the dispossessed.

Our plight as temporary evacuees only touched the emotions people must experience when they leave everything but their breath behind them.

Refugees, displaced persons, evacuees, the dispossessed, the evicted—my sympathy for such persons is now enhanced by empathy.

Our experience is about the size of a microdot in the metroplex when compared with weeks, months and years of people who leave home and never can go back.

We fared well. We had plenty of food, comfortable shelter with good friends, and our family components here were together. Our clothing was adequate, but by late Saturday, anyone downwind was in the wrong place.

My first reaction was that the whole thing was ridiculous—such things happen to other people. They do. They happened to us, too, and Eastland coped.

I've never "been to" a disaster before, but Eastland, her neighbors, the imported experts—the way the situation has been handled may go down as a classic example of how to react in an emergency.

All honor to those responsible.

LICENSED AND BONDED

Disability Under SSI

The definition of disability under the supplemental security income (SSI) program is generally the same as under the Social Security disability program—that is, a physical or mental impairment that prevents a person from doing any substantial work and that is expected to last at least 12 months or to result in death. The definition applies to individuals 18 or older.

A disabled child under 18 may also be eligible for SSI monthly payments if his or her disability is as severe as one that would prevent an adult from working and if it is expected to last at least 12 months or result in death. A retarded adult or a retarded child may also be considered disabled under the law.

Regardless of age, a person may be eligible for SSI benefits if his or her vision is 20/200 or less or if his or her visual field is limited to 20 degrees or less with the best corrective lenses. Even if a person's visual impairment is not considered serious enough to fall within the

definition of blindness, it may still be considered serious enough for the person to be considered disabled for SSI purposes.

The decision as to disability or blindness is made by an agency of the State in which the applicant lives.

Additional information

about SSI benefits as a blind or disabled person may be obtained from any Social Security office.

Mission Nuestra Señora de la Purísima Concepcion in San Antonio is the oldest unrestored church in the United States, standing as completed since 1755. More commonly referred to as Mission Concepcion, the twin-towered structure was under construction for over 20 years. It is one of four historic missions on the "Mission Trail," all of which were established by Franciscan Friars in the early 18th Century. T.T.D.A. photo by Richard Reynolds.

BIG BASS - Sam Beggs, Sr. (L) and Jackie Hallmark (R) of Eastland share in the winnings from the KEAN Big Bass Tournament held at Hubbard Lake in Breckenridge May 18 and 19.

Mr. Beggs caught a 4.19 lb. bass that took the Big Bass of the 11-12 hour win. That win netted him \$250.00. He then placed 7th in the top 10 of the tournament and was awarded \$1,800.00 for a total of \$2,050.00.

Mr. Beggs and Mr. Hallmark were partners in the tournament and divided the total winnings.

Larry Henson also of Eastland won the Big Bass of the 1-2 Hour on Sunday.

This year's tournament had the largest number of entries with a total of 1,880.

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

A boy from Kansas visited California. As he looked out across the ocean, a friend asked, "What do you think of it?" "It's wonderful!" he exclaimed. "But I hate to see all that water doing nothing."

It is that way with a lot of people. They can do something, but they will not do anything. They should do something, but they do not do anything. They take all they can, but they never give anything in return.

Their motto is, "Live and let live." But a better motto is, "Live and help others live."

Life becomes an exciting

adventure when we shoulder our responsibilities gladly, share our talents generously, show our love genuinely, and serve others graciously.

It was this way with our Lord. He said, "Whosoever will be great among you, let him be your minister; and whosoever will be chief among you, let him be your servant; even as the Son of man came not to be ministered unto, but to minister, and to give His life a ransom for many."

All that is necessary for evil to triumph is for good men to do nothing. So I am going to do all I can for Christ and my country. Won't you?

CPSC ISSUES SEASONAL WARNING ON DRAIN GRATES OF WADING POOLS

The U.S. Consumer Product Safety Commission issues this seasonal safety alert to warn consumers of the risk of dismemberment to children associated with broken grates or missing drain grates on in-ground wading pools.

The Commission is aware of at least eight tragic incidents involving children who sat on drain holes and were trapped. In some incidents, the children's intestines were sucked from their bodies.

A 4-year old boy suffered permanent injury when he lost 75-80% of his small intestine and his appendix while sitting

on a drain hole at a private community wading pool. The grate (cover) to the drain hole had been broken and removed from the pool the day before the accident. In a similar incident a 4-year old girl was trapped over a drain hole and was released from the drain suction only after the wading pool's pump was turned off. Examination revealed that the child's intestines had been sucked from her body.

The Commission has investigated these and similar incidents, and has also alerted state and local governments regarding this hazard. The Commission has discussed the potential

gated has a pump that draws the water from the base of the wading pool through the drain hole to the filtering system and then returns the water to the pool. Children are attracted to the hole itself and the sucking action of the drain.

The Commission urges parents to closely supervise children using wading pools and not allow them to play with drain holes or covers. The Commission and NSPI urges pool owners, managers and lifeguards to follow a list of precautions issued by the National Spa and Pool Institute as part of the organization's industry standard.

BRINGS YOU THESE IMPORTANT TIPS... YOU AUTO KNOW

Replace fuel filters periodically. This preventive maintenance can avert clogging of carburetor jets, and eventual carburetor failure.

Do-it-yourself headlight test: check reflection in a store window at night. You don't even have to get out of the car. See that lights are on, and aimed correctly.

Fancy video screens are being planned for auto dashboards. They're said to be simpler to understand than conventional instrument displays. In the future, satellite navigation that shows you on a video map where the car is, and the best way to get where you're going.

Are your seat belts working? They should self-adjust to let you move about, yet latch tight in case of a sudden stop.

Engine saver: manually shift into lower gears if your automatic transmission doesn't do it when climbing hills and long grades. Feed gas smoothly for best results.

New-Used Cars
 Gasoline saver: the energy-efficient engines on your new (and late-model used) cars at Jim Caldwell Motors, 314 W. Main, Eastland, Texas 76448, 629-2636. Come see them soon.

Jiminez's Family Prayers Answered Near The Blast

Mrs. Micaela Jimenez, L, her granddaughter Victoria, R, and son Everisto Jimenez, standing. All believe Mrs. Jimenez, Victoria, and little Heather Chapman were miraculously saved from the explosion.

By Viola Payne
 "It's a miracle!" That's the way Everisto Jimenez describes the survival of his mother, Micaela Jimenez, his four-year-old daughter Victoria, and 20 mo. old Heather Marie Chapman, daughter of the Kenneth Chapmans. The little girls and his mother were all at the Jimenez home at 412 North Bassett during the explosion Friday - just about 50 yds. away from the blast. Mrs. Jimenez, 72, was tak-

ing care of the girls, just as she does each weekday. She stepped outside to hang out clothing, but happened to glance toward Seaman. A large truck was barreling down the road toward the railroad crossing, with a long train arriving at the same place. "I knew the truck could not stop!" Mrs. Jimenez speaks in both English and Spanish - trying to describe how terrible it really was. At the instant she realized what was happening, she

says, she leaped into the house, instinctive headed for the children.

The explosion slammed against the walls, and a ball of fire lifted - probably somewhere above her home. There was a terrible noise, more shock waves, intense heat, and debris falling.

She opened her front door and saw a huge fire and black smoke at the tracks. The trees around the house were on fire and the grass was smouldering.

"The house was so hot I thought it would burst into fire," she says. "I knew we must get away from there!"

She started walking outside, away from the fire, holding the children. "I was crying over and over to the Lord to save us," she says.

She was met by her son Everisto who had been at his work at Goodyear on East Main when the blast came.

"I felt the vibrations and saw the ball of fire," he says. But he cannot explain the vision that filled his mind. "I knew that something burning was falling on my mother's house," he says. "She and the children were in terrible danger."

Within seconds he was in a truck headed there. "I'm glad I didn't hit anyone." He shakes his head.

The road he took ended across the riverbed from the house. He could see trees and grass on fire, and his mother and the children weaving through the heat toward him. "At first I thought my mother was crying," he says. "But she was not doing that at all - she was asking the Lord to save them."

At this time Kenneth Chapman also arrived near the

house. He grabbed his child, and he and Everisto placed both children on the motorcycle. He hurried off with the children to his Cycle Shop.

Everisto took his mother to the home of a neighbor, then rushed back to the house and put out several

fires. He found that a railing blown from a train had ignited plastic bags filled with grass clippings. He found broken windows and a hole in the house. But the fire became so intense and the smoke so thick that he had to leave - and he hasn't been

back since.

Micaela Jimenez and little Victoria are staying at the home of Mrs. Jimenez's daughter, Ramona Gaeta. (Mrs. Rueben Gaeta) All of them, along with Everisto,

are so very thankful for the lives that were spared. "That's the part that really matters," says Everisto.

NOTICE

Mangum Baptist Church will have the regular monthly singing Thursday, May 30, at 7 p.m. The singing will be held at Nimrod Baptist church and everyone is invited to attend.

Diet came after years of testing

By Karen Kruse
 Travel News Service
 MONTEREY, CA—The modern laboratories and research facilities of the Cambridge Plan some 80 miles south of San Francisco are not as widely known as those in the computer area near San Jose to the north, known as Silicon Valley, but they also are helping develop plans of benefit to millions.

Work in the Cambridge Plan laboratories is designed to help Americans solve their weight problems.

As an adjunct to the development of the Cambridge diet formula used by millions, the researchers here are perfecting recipes to assist in the diet control efforts which have been of help to so many.

The problems which come from being overweight are almost too numerous to mention. They include several which relate directly to health, but they also include others which relate to how men and women func-

tion in work and social situations.

Clinical tests have shown an average weight loss by diet plan users of from 16 to 20 pounds in four weeks, a decrease in serum cholesterol and triglycerides and no metabolic or clinical complications of abnormalities in cardiac function. No harmful side effects were reported in clinical tests.

The Cambridge diet, available throughout America from Cambridge Plan counselors, provides all needed nutrients, vitamins and minerals with a calorie intake of only 330 calories per day.

Among the new recipes developed in the Cambridge Plan research division is one for a tasty drink:

COCONUT ALMOND FUDGE
 1 scoop chocolate drink formula
 9 oz. cold water
 1/2 packet of Sweet'n'Low
 3 ice cubes
 Few drops of coconut and almond extracts
 Blend until smooth.

Cabins & Pavilion Being Restored

REMODELING--The store, pavilion and cabins located near the "Point" at Lake Cisco are being remodeled by Lanny Sledge of Ranger. He retired after 22 years in the Navy and during that time he had 17 years duty in a nuclear submarine. After purchasing the property at Lake Cisco he began the work in mid-January. The pavilion can be rented for reunions or other get togethers. It features two

bathrooms and a kitchen with stove and refrigerators and a large barbecue pit. Shown standing behind the pit are Lanny's family, (left to right) Gerald Sledge, his father; Jeralyn Sledge, his wife; and Lanny Sledge. Mrs. Gerald Sledge, Lanny's mother is helping this week but was unable for the photo. Jeralyn and Lanny have a son, Chad, who is a freshman at Ranger High School. (Staff Photo)

NEW LOOK--The cabins located near the "Point" at Lake Cisco are having a complete remodeling job by Lanny Sledge of Ranger. He said there was a lot of work to be done to the cabins inside and out, but it is coming along fairly well. He also plans to open a store in

about three weeks located across the street from the cabins. A bait house at the store is now in operation. Lanny reports that future plans include a boat dock and fishing pier located at the Point. (Staff Photo)

Putnam News

By Mrs. R.B. Taylor

Putnam country has been blessed again with a good rain. Nearly two inches fell during showers Monday and Wednesday. How good for the gardens. I'm sure the grain farmers were not glad to see it and also those who have not planted cotton but now we are having sunshine and hope everyone is happy.

The apricots are beginning to ripen. My neighbor brought me some yesterday and how good they are!

Mrs. Fred Graham was very painfully injured the first of the week when she got her hand caught in the wringer of a washing machine. She went to a hospital at DeLeon, two of her fingers were badly mangled. She is home now but will not be able to use her hand for some time.

Mr. J.D. Bilbrey of near Scranton underwent lung surgery Monday at Dallas Veterans Hospital. At last report he is doing fine. Mrs. Annie Mae Donaway is supervisor at the nutrition program at the Community Center until Mrs. Bilbrey returns.

Maggie Cook of Baird went to Sherman last week for a check up following surgery at a hospital there.

Mrs. Ollie Burnam returned home this week after spending several days with her daughter, Retha and Bill Brown at Weatherford. Debbie Townsend was one

of the graduates at Baird High School this week. Debbie is the only student from Putnam to graduate this year.

Marie and Bill Lewis are spending several days at Dallas where they will lay tile at the Summit Hotel there.

Visiting the G.W. Weeks' have been the John Rices of Gorman; their son, Roger of Abilene, and John who is still home from Baylor, he will go back soon where he will do post graduate work on a master's degree.

Judy Maxwell and children will spend the weekend attending a family reunion at Lake Leon. The members of her mother's family, the Cook family will be there.

Don Weathermon of San Antonio spent the weekend with his parents, the Sid Weathermons recently.

Ollie Burnam had lunch Thursday at Cisco with Faye Wood of Cisco and Flossie Burnam of Stanton.

Ramsey Family Holds Reunion

The John Ashley Ramsey family reunion was held in Cisco on May 25, 26 and 27 with the full family meeting day on Sunday the 26th at the Best Western, White Elephant Inn on I-20.

It has been many years since there was a reunion for the family and many of the younger generations had never met.

John Ashley (d. 1909) and Ella Ann Andrews Ramsey (d. 1920) are buried in the Cisco area. They moved to this area from Florida in the early 1900's and lived in this area for several years. They lived at what is now the Maples place in the Rising Star area.

There were 92 present at the reunion. Those attending were from the families of, Joyce Marshall of San Antonio, Tex.; Gerald Ramsey of Morton, Tex.; Geraldine Taylor, Cross Plains, Tex.; Belva Stokes, Midland, Tex.; Sue Pinson, Brownfield, Tex.; Peggy Anderson, Arlington, Tex.; Bobby Ramsey, Phoenix, Az.; A. Murl Ramsey, Lewisville, Tex.; Opal Breaseale, Austin, Tex.; Garland W. Ramsey, Ruidoso, New Mex.; Mrs. Verrah Mae Drummond, Bossier City, La.; Arlace J. Ramsey, Carlsbad, New Mex.; Adlia Troy Ramsey, Portales, New Mex.; Leslie M. Allender, Eugene, Oregon; Thelma Jo Tisdale, Sundown, Tex.; Bill Turner,

Waco, Tex.; A.M. Ramsey, Jr. Lewisville, Tex.; Mrs. Cora Ramsey, Morton, Tex.; Mrs. Beth Ramsey, Phoenix, Az.; Earl Ramsey, Seattle, Wash.; Toby Ramsey, Albany, Ia.; Ruth Barrett, Austin, Tex.; Mr. and Mrs. Homer Smith, Eastland, Tex.; Tom Drummond, Shreveport, La.; Pat Hobbs, Jal. N.M.; Shirley Proctor, McKinney, Tex.; W.C. Ramsey, Gallup, N.M.; Ms. Shirley Ramsey, Dallas, Tex.; and Ms. Wyrton Ramsey, Baton Rouge, La.

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

The only thing to do about anything is the right thing. That is our business. It is the Lord's business to see that the one who does right comes out right.

The case of Doeg, the wicked one, against whom the 52nd Psalm is directed, and David, the righteous

one, proves that the triumph of right over wrong is sure.

The doers of wickedness, like Doeg, are likened in this Psalm to a tree that is plucked out of the land. But the doers of righteousness, like David, are likened to an olive tree that is pro-

ected by the Lord. What a contrast!

See the stability of the righteous. The olive tree with its roots spreading is strongly established. It is the first named "king" of the trees in the Bible.

Here too is seen the site of the righteous: "in the house of the Lord." How beautifully situated for enjoyment and enrichment! Whom the Lord plants, He protects. He is always kept in His presence for His pleasure, for He is precious to Him.

See the suitability of the righteous. The olive tree is the most useful tree in the Bible Lands: berries for food and branches for furnish-

ings. Are we fruitful or fruitless? I would rather be a useful olive tree protected by the Lord than a useless tree plucked up by the Lord. How about you?

WORD of GOD

Therefore shall evil come upon thee; thou shalt not know from whence it riseth; and mischief shall fall upon thee; thou shalt not be able to put it off, and desolation shall come upon thee suddenly, which thou shalt not know.

Isaiah 1: 11

Cemetery In Excellent Shape

OAKWOOD Cemetery's condition is excellent as the above picture shows. Scores of visitors were in the cemetery Monday during the annual Memorial Day observance. Graves of

deceased military veterans were decorated with miniature United States Flags.

Why Haven't You Moved Your Checking Account To Olney Savings?

- 1** Maybe because you didn't know that Olney Savings offers interest-bearing checking accounts.
- 2** Maybe because you didn't know that on a variety of checking accounts, Olney Savings pays current market interest rates.
- 3** Maybe because you are waiting for us to tell you that we want you to move your checking account to Olney Savings. We do.

You would never invest your savings in an account that didn't earn interest. So why allow yourself to have a non-interest bearing checking account?

Think about it, and then come see us soon, or call and we'll come see you.

OLNEY SAVINGS

We're Neighbors. You Can Believe in Us.

'No Way To Describe Extent Of Potential Danger'

There is probably no way to describe the extent of the potential danger that existed for some ten hours for Eastland as the result of the train-truck crash and resulting explosion, fire and leaking chemicals Friday.

That's the opinion of Sheriff Don Underwood and Police Chief Lyndell Underwood who both emphasized that the hazard was greater than can possibly be imagined.

"Had the tank car of hydrofluoric acid been exploded by LPG explosion," they said, "it would have completely wiped out an area of at least two miles in diameter."

Several were burned and injured, but it was a miracle that no one was killed from the accident.

Clean-up of the area has been continuous and Monday, the Memorial Day

found most of Eastland closed, and thankful that the event had not been more tragic.

Swift, complete cooperation between the emergency personnel and the general public is credited with confining the damage and threat of injury and fatalities.

When the truck and train collided, one of three LPG tankers in a row, exploded and went "airborne", landing eventually in the yard of the Ben Sancillio family. In its flight, it clear a parapet and moved through a grove of trees behind the N. Seaman Baptist Church "that looked like a tornado had gone through."

Had it hit in a level line with the ground and hit the hydrofluoric acid car and exploded it, the results could have been devastating for miles, from what is now known.

One of the veteran rail officials stated that this derailment and resulting danger is the greatest he has ever witnessed.

The second LPG tank had its end blown out and caught fire and it is the one that was still smoking Monday. The third LPG tank remained intact with no particular threat.

An estimated 50,000 gallons of sulfuric acid was spilled on the ground as the result of ruptures to the seven cars carrying that chemical, it was reported.

Unconfirmed reports of

contaminated foodstuffs at restaurants and food stores are apparently false, the sheriff said, indicating that the various health departments have been tested and report no dangers.

Sheriff Underwood had just gone under the red light on Main St. and was on the southside of Hood King Motor Co. when the blast went off. He radioed dispatch that there was a tremendous fire on N. Seaman St., and circled the block, going to Seaman and Moss where he started halting traffic to make

room for the emergency vehicles. His call was logged in at 10:04 a.m. Friday.

Apparently Volunteer Firemen Robert Webb and Phillip Arther were the first to the fire station and took a truck. City Secretary

Juanita Grissom went immediately to the fire station; the trucks and firemen were gone and she automatically wrote down the time: 10:05 a.m.

Webb and Arther went immediately to the wrecked

truck cab and began removing Gaylon Nelms, driver, and were quickly joined by Ambulance Crews Mr. and Mrs. Tommy Patterson.

Also quickly on the scene were DPS Weight-Man Acey Steele and DPS Patrolman

Tom Walls, who recognized the situation and through dispatch, got on the phone to the emergency hazardous materials office for instructions on the handling of the materials. The railroad conductor had provided a manifest for the train which showed the makeup of the cars and their contents.

The lawmen were advised that water should not be played on the fires because of the danger of further contamination and life-threatening conditions.

Also called for and put into immediate practice was the evacuation which first went south to Moss St., then later extended to Main St., and later extended to Valley St., where it remained until 8 p.m. Saturday when the premitter was moved back to St. permitting some residents to move back home and some businesses to function.

"We hated to do it," the chief said, "but it was a matter of saving lives. And people have really been cooperative, and we appreciate the way they helped us."

Texas Highway Dept. Maintenance Chief Bill Claborn's crews were busy Friday doing repair work on S. Seaman St., and they were immediately drafted into helping set up and maintain roadblocks at the four entrances to the city to keep highway traffic from coming in and also helping manning the barricades at the evacuation lines.

At 8 p.m. Sunday, the evacuation line was once again moved to Moss St. and there was hope that Highway 69 could be reopened Monday evening at 8.

Guesses are that it may take a week to ten days to get the tracks repaired for rail traffic.

Workmen continue cleanup on railroad tracks after Friday's collision and derailment. The above photo shows railroad crew installing new railroad signal lights. (Photos by Terry Simmons)

People in Things

IT WAS 3 a.m. Thursday, May 23, and almost everybody was asleep aboard a ship in the Caribbean waters. There was a ring on a stateroom telephone and Gus Smothers of Cisco aroused enough to answer. She was informed that "It's a boy!" A new grandson!

Ryan Matthew Johnson had arrived two and a half weeks early at Hendrick Hospital, Abilene, and he was resting comfortably. So were his mother, Sheila, and his dad, Matt, of Cisco.

Mrs. Smothers got home last weekend after a delightful Caribbean cruise with stops in Cancun, Cozumel, Grand Cayman and the Bahamas. With her were D.W. Kinchen, Shawn Fisher, and Darleen Donnam, all of Cisco. Patrino Bogle of Hamlin and Janelle Wenzel of Dallas.

Mrs. Johnson and little Matt got home Monday from the hospital. He is the first boy in the family. Mrs. Smothers' three children are daughters and Daughter Sharon Wilcoxen has two daughters. So, Gus and her three daughters now have a boy in the family. And they're real pleased.

MR. FRANK Judia of Chattanooga has returned home after spending ten days or so visiting his mother, Mrs. Ray Judia, and friends and relatives. Glad to hear that Mr. Vernon Frasier, the barber, is back home after a stay in the Eastland hospital. Carol Cavender of Washington, D.C., is visiting home folks. The David Callerman family is back home after spending a week vacationing at Hudson, New Mexico. Betty Allard of Olney Springs spent Memorial Day weekend in Fort Worth with relatives.

FRANK ATTENDING the Memorial Day services with various "at" and "in" ceremonies last Monday were particularly impressed with the fine condition of the cemetery. President Alan White of the cemetery association noted that they have been hampered by a water tap problem lately.

Contributions continue to come in for the cemetery's upkeep. Mr. AW told us. A man called him Sunday. He was from Kerrville and visited graves of loved ones and wanted to hand Mr. AW a \$50 bill for the cemetery fund. Contributions that support the cemetery come in approximately 70 per cent from out-of-town residents, he said.

Ours is a large cemetery and the upkeep is costly. It takes about \$1,000 per month during the summer months to keep the place clean.

DO YOU HAVE any extra evergreen shrubs or floral plants that you'd like to share? Mr. Ed Wendt, who is in charge of building the new putting green at the Cisco Country Club, would like to have some shrubs and plants to place around the green.

The putting green, you know, is being built with funds donated by golfers and friends of the late Letha Stafford as a memorial to her. Mrs. LS was a long-time member and supporter of the country club and golf course, and the putting green is a tribute that her friends feel would be especially appreciated by her.

If you'd like to help with shrubs, call Ed Wendt.

MR. BOB BENNIE, who is doing a good job of keeping the golf course beautiful and playable, is off for a vacation of a couple of weeks, and Ed Wendt is substituting for him. Mr. BB's vacation plans included playing in an Abilene golf tournament as the partner of Mr. Bob Justice, formerly of Cisco. The Ed Bradshaws were in Gatesville last weekend to attend the reunion of Mrs. ED's high school graduating class. Home from classes at Baylor University in Truett, Texas, one of the Bradshaws, Tony, will be a second year member and plans to complete work for a degree in engineering, and to take the CPA exams.

FRANK ATTENDING the Memorial Day services with various "at" and "in" ceremonies last Monday were particularly impressed with the fine condition of the cemetery. President Alan White of the cemetery association noted that they have been hampered by a water tap problem lately.

and Ronald Reagan. They drove over to Abilene for a night on the town.

Last Saturday morning, Mr. ELJ was approached by three men who wanted some kind of work to earn a few bucks. So he put them to work cleaning the flower beds in their back yard. After it was finished, the men left the amount of pay for their labor up to Mr. ELJ.

When he paid them, he was satisfied and the men were satisfied. Next day, Mr. ELJ learned that the men were hoboos aboard the freight train that derailed at Eastland. They were given sleeping quarters at GJC.

THERE WAS a family fish fry for the Bill Hesters and the Gilbert Garceses last Sunday night. The two couples went fishing last Friday night over at a lake near Haskell. They caught eight or ten catfish on a trotline, and the fish weighed up to seven pounds.

When thunder and lightning woke them up around 1 a.m. Saturday, the Hesters and the Garceses loaded up and came home. The Hesters own and operate the Colony Restaurant.

DR. ELWIN Skiles, retired minister and president

Obituaries

Services For Katy Ivey Are Tuesday

Services for Mrs. W.L. (Katy) Ivey, 85, of Baird, were at 2:30 p.m. Tuesday in Parker Funeral Home.

The Rev. Richard Wood, pastor of Baird Presbyterian Church officiated, assisted by the Rev. Howard Hollowell, retired minister.

emeritus of Hardin Simmons University, spoke at the First Baptist Church in Cisco last Sunday night. He told the congregation that it was in the Cisco church that he became a Christian back in the late 1920s and where he was ordained as a minister in 1932.

Dr. Skiles recalled his growing up years in Cisco. He has held some outstanding positions as a minister and church leader and, although retired, remains active in the church and as a good citizen.

Burial was in Ross Cemetery.

Mrs. Ivey died at 7:35 a.m. Sunday at Humana Hospital in Abilene after a lengthy illness.

Born March 3, 1900, in Marlin, she was the daughter of Mr. and Mrs. W.T. Norwood, pioneer settlers of Falls County. After graduating from Marlin High School, she attended University of Texas, McMurry College and Hardin-Simmons University where she received her B.A. degree.

She taught at several schools in central Texas before coming to Baird to teach in 1922. She also taught in Putnam. On June 15, 1924, she married William Lee Ivey, a rancher, in Marlin. He died March 9, 1963.

She was a member of Baird Presbyterian Church, the Wednesday Study Club, Baird Garden Club, Business and Professional Women's Association, Callahan County Historical Commission. She had served with the United Way, the local Salvation Army board, and she was a director of Baird Chamber of Commerce for two years.

In 1974 she was named

"out-standing clubwoman" of Mesquite District Texas Federation of Womens' Clubs and was a life member of the district. In 1976 she received the Howard Farmer award given by the Baird Chamber of Commerce for civic activity. In 1978 she was chosen coming home queen at Baird school homecoming. For many years she had been chairman of the board of Callahan County Library, sponsored by Wednesday Club.

Survivors include two daughters, Janice Ferguson of Cisco and Carol Moring of Austin; a son, Thomas of Big Spring; two sisters, Mrs. R.V. Pinson of Cleburne and Mrs. Tom Goode of Duncan, Okla.; 12 grandchildren; and seven great-grandchildren.

Grandsons were named as pallbearers.

Honorary pallbearers will be granddaughters. The family request memorials be sent to Callahan County Library and Baird Cemetery Association.

award the contract at a called meeting or as directed by the Board. Bids may not be withdrawn or modified after time set for receipt of bids.

The classroom buildings and remodeling program, setting forth the requirements, schematic plans, outline specifications, instructions to bidders, and contract documents, may be obtained from Mr. James Couch, Superintendent, 610 Conrad Hilton Ave., Cisco, Texas, 817-442-3056, or from Lee Stuart and Associates, Architects, P.O. Box 11590, 1150 E. Mansfield Highway, Fort Worth, Texas 76119, 817-478-1497, upon deposit of twenty-five dollars (\$25.00) made payable to the architect. Deposit will be refunded in full if all documents are returned, in good condition, within ten (10) days following receipt of bids. Plans will be available May 23, 1985.

A cashier's check or certified check on a state or national bank in the State of Texas, payable without recourse to the CISCO I.S.D., or an acceptable Surety Proposal Bond, in an amount not less than five percent (5%) of the largest possible bid, including consideration of alternates, must accompany each bid as a guarantee that, if awarded the contract, the bidder will promptly enter into a contract and execute bonds on forms provided as outlines in the Specifications and Instructions to Bidders. A Performance Bond and Payment Bond in the amount of one-hundred percent (100%) of the contract price will be required.

The work will be awarded under a single prime contract, and including general construction, HVAC, plumbing, and electrical work. Attention is called to the fact that not less than the prevailing wage rates for the neighboring area to be paid on this project.

The Board of Trustees reserves the right to reject any and all bids, and to waive any formalities or procedural requirements in order to award the contract deemed to be in the best interests of the Cisco Independent School District. (Amendment will)

Drilling Bits

Flowing 306,000 CF gas per day, the No. 12 Hagaman (South) has been completed in Eastland County's Hagaman Field by Ridge Oil.

It was drilled to 3,800-ft. total depth and will produce from an interval in the 3500 Formation, 3,855 to 3,657 feet into the wellbore. Production tests were run on a 7/64-in. choke, and the absolute open flow rating was 1,475,000 CFD.

The location is in the E. Sims Survey, A-1270, 15 miles north-northwest of Desdemona.

Michael D. Brown of Ft. Worth has filed for permit to drill the No. 1 J.D. Pittman, a 1,900-ft. developmental well two miles north of Seranton, Eastland County. Location is in a 95-acre lease in the H&TC Survey, A-192. The well will be located in the Seranton Field.

Plug-and-abandon orders have been issued for the No. 1 Carter, a developmental venture of Brazos Resources in Eastland County's Marson Field. Spudded December 3, the well had reached 3,199-ft. total depth. Drillsite was four miles south of Carbon in the J.I. Craig Survey, A-666.

Three new producers have been brought on line in Eastland County's Ranger Field, with Sun Exploration & Production of Abilene as the operator.

Located four to five miles west of Ranger, the wells are designated as the No. 635 North Walker-Ranger Unit, and the No. 636 North Walker-Ranger Unit. The No. 635 well is located in the John White Survey, A-507. The No. 636 well is located in the J.W. White Survey, A-508, and the No. 637 well is located in the J.W. White Survey, A-509.

The well indicated ability to produce at the combined rate of 31 barrels of oil per day. Total drilling depths were 3,304, 3,618, and 3,800 feet, respectively.

The No. 638 well will produce commingled from perforations in the Marble Falls and Bond Formations, ranging from 3,350 to 3,278 feet into the wellbore. The other two wells will produce from Marble Falls Formation perforations, ranging from 3,305 to 3,254 feet into the wellbore.

An Abilene-based operator has staked location for the No. 1 Walker-Burton, a developmental well to be located five miles east of Cisco. With projected total depth of 3,700 feet, the well is in a 180-acre lease in Eastland County's H&TC Survey, A-219, West Eastland Field. The operator is De Soto Operating.

Eastland County's Reb Field gained a new producer

when Snow Oil completed the No. 1 Steward-Whittington three miles east of Eastland.

The well showed potential to pump 35 barrels of oil per day. It was taken to a 3,838-ft. bottom, and will produce from a set of perforations in the Marble Falls Formation, 3,236 to 3,260 feet into the wellbore.

The operation is located in the T&NO Survey, A-1201.

An undrilled location has been abandoned by Field Production at a drillsite two miles east-northeast of Rising Star, Eastland County. The venture had been designated as the No. 1 Winfrey.

A 1,400-ft. developmental well is planned by Hoffmann Oil of Eastland at a drillsite one mile southeast of Nimrod, Eastland County. The location is in a 96-acre lease in the H&TC Survey, A-1664. Well's designation is the No. 1-C O. Schaefer. It will be located in the East Nimrod Field.

Don H. Hnavey Oil Interest has filed first production figures on a new oil well in the Hanvey Field, Eastland County. The No. 1 Kupp indicated ability to pump 30 barrels of oil per day.

The operator has a lease in the SPRR Survey, A-457, with drillsite six miles north-northwest of Cisco.

The well will produce from an interval in the Conglomerate Formation, 3,795 to 3,800 feet into the wellbore. Total drilling depth was 4,148 feet.

The No. 1 R.C. Brown has been finaled by Earl D. Lee. It is a wildcat well located in the M.L. Smith Survey, A-24, with drillsite three miles south-southwest of Sabanno.

Daily potential of 74,000 CF gas per day was posted with the Railroad Commission. The well went to a 3,565-ft. bottom, and the absolute open flow rating was 79,000 CFD. Production will be from perforations in the Duffer Formation, 3,454 to 3,462 feet into the hole.

Cyrus B. Frost Jr. has given up on his efforts to make a producer out of the No. 2 Hoffmann-Roberts, a developmental venture in the Eastland Regular Field. Drillsite was two miles east of Nimrod in the H&TC Survey, A-256. Spudded April 18, the well had reached a total depth of 1,332 feet.

Drillsite has been staked for the No. 301 Northwest Ranger Unit, a 4,999-ft. developmental well in the Ranger Field, Eastland County. The operation will be located four miles north of Eastland in a 2,641-acre lease in the H&TC Survey, Section 4, Block 4. The

operator is Sun Exploration & Production of Abilene.

The No. 2 J.J. Finley has been completed in Eastland County's Lake Leon Field, with Tiki Exploration as the operator. Drillsite is five miles east of Eastland in the McLennan CSL Survey, A-367.

The well was drilled to 3,650-ft. total depth and will produce from an interval in the Duffer Formation, 3,544 to 3,586 feet into the wellbore. The well indicated ability to pump 21 barrels of oil per day.

At a location three miles east of Nimrod, Lone Star Operating has finaled a new oil producer in Eastland County's East Nimrod Field. The well is designated as the No. 1 Kingjack, pumping oil at the rate of 17 barrels per day.

Location is in a lease in the H&TC Survey, A-254. Bottomed at 1,232 feet, the well will produce from an interval in the Marble Falls Formation, 3,074 to 3,098 feet into the wellbore. Total drilling depth was 3,689 feet.

Western Production of Texas has filed for permit to drill the No. 2 Wright, a 3,350-ft. developmental well two miles west-southwest of Eastland. Location is in a 124-acre lease in the H&TC Survey, A-261, Eastland Regular Field.

A new producer has been brought on line in Eastland County's South Cisco Field, with Ameritech Oil & Gas as the operator.

Located one-half mile south of Cisco, the well is in a lease in the H&TC Survey, A-250. It is designated as the No. 1 Claborn '67'.

The well pumped oil at the rate of four barrels per day. It bottomed at 3,840 feet and will produce from Lake Formation perforations, 3,432 to 3,442 feet into the hole.

The No. 2 Speegle has been finaled by Eaton Petroleum. It is a developmental well in the Eastland Regular Field, five miles west-southwest of Cisco. Drillsite is in the H&TC Survey, A-188.

Daily potential of three barrels of oil was posted with the Railroad Commission. The well went to a 4,270-ft. bottom, and the production will be from perforations in the Caddo Formation, 3,085 to 3,112 feet into the wellbore.

A new producer has been brought on line in the Stephens Regular Field, with Mobil Production of Houston as the operator.

Located three miles west-northwest of Parks, the well is in the LAL Survey. It is designated as the No. 1210 Curry Unit.

The well indicated ability to produce 19 barrels of oil per day, along with 696 barrels of waste water. It bottomed at 3,252 feet and will produce from a set of perforations in the Caddo Lime Formation, 3,128 to 3,190 feet into the hole.

Drillsite has been staked for the No. 6 L.M. Pratt, a 4,085-ft. developmental well in the Stephens Regular Field. The operation will be located four miles north of Ivan in a 320-acre lease in the TE&L Survey. The operator is Burk Royalty of Wichita Falls.

The No. 1 McCauley, a 4,700-ft. developmental well, is scheduled to be drilled in Stephens County's O. Mueller Field. Eden Exploration of Mineral Wells is the operator. The well will be spudded in a 165-acre lease three miles south-southwest of Eolian in the OAL Survey.

At a location two miles west-southwest of Frankell, Thomas C. Canan has filed a

new oil producer in Stephens County's Munneryn Field.

The well is designated as the No. 3 Harris-Langford, pumping oil at the rate of 12 barrels per day.

Location is in the T&P Survey. Bottomed at 4,098 feet, the well will produce from perforations in the Mississippian Formation, 4001 to 4,020 feet into the wellbore.

A 4,400-ft. developmental well is planned by Ray Herring of Graham at a drillsite four miles north-northwest of Gunsight, Stephens County. The location is in a 358-acre lease in the T&P Survey. Well's designation is the No. C-9 Scarlett "C". It will be located in the Stephens Regular Field.

A Dallas-based operator has staked location for the No. 2 Sayre, a developmental well to be located five miles west-southwest of Crystal Falls, Stephens County. With projected total depth of 4,472 feet, the well is in a 510-acre lease in the T&NO Survey, Reid-McLennan Field. The operator is Premco Petroleum.

Palo Pinto County gained a new producer when Ameritech Oil & Gas completed the No. 2 Susan Kimberlin two miles south-southeast of Pickwick.

The well indicated ability to flow 280 barrels of oil per day on a 16/64-in. choke. It was taken to a 4,039-ft. bottom and will produce from a set of perforations in the Conglomerate Formation, 3,624 to 3,626 feet into the wellbore.

The operation is located in the BB&C Survey.

Williams Petroleum of Burkburnett has filed for permit to drill the No. 1 Hinkson, a 4,500-ft. developmental well two miles east-southeast of Pickwick, Palo Pinto County. The location is in a 943-acre lease in the Harding Survey. The well will be located in the Lax Field.

At a location one-half mile south of Brazos, Chester R. Upham, Jr. has finaled a new oil producer in Palo Pinto County's T&P Survey.

The well is designated as the No. 1 Virginia Bradford, pumping 26 barrels of oil per day.

The wildcat will produce from perforations in the Bend Conglomerate Formation, 3,790 to 3,802 feet into the wellbore. Total drilling depth was 4,512 feet.

STEVE HAINES, owner of The Steven Company, received award from Sam Kusumoto, President of Minolta Corporation, and Al Kusada, Vice President and General Manager of Minolta Business Equipment Division, recognizing The Steven Company for outstanding sales achievement. The awards ceremony capped a week-long incentive trip by Minolta for its leading copier dealers.

Steven Co. Cited By Minolta Corp.

THE STEVEN COMPANY of Eastland, Texas has been named to the 1985 Dealer Honor Council of Minolta Corporation's Business Equipment Division in recognition of its outstanding performance as a local supplier of Minolta copiers.

Steve Haines, owner of The Steven Company, accepted the honor during a special awards dinner held at the Hilton Hawaiian Village in Honolulu. Minolta's outstanding copier dealers were treated to a

week-long program of leisure and business activities at the exclusive Hawaiian resort.

"In honoring The Steven Company with this award," said Al Kusada, Vice President and General Manager for Minolta Corporation's Business Equipment Division, "Minolta recognizes one of its most outstanding dealers. We congratulate The Steven Company for all they have accomplished this year, and look forward to continuing our successful

relationship. Minolta Corporation's Business Equipment Division was created in 1968 to market the company's line of copiers in this country. In 1983 it introduced the Beta 450Z, the world's first copier with a variable zoom lens, and since has introduced a full line of Beta copiers. This month, Minolta begins marketing of the Minolta Office System, a "three-in-one" word processor, electronic typewriter and personal computer.

Memorial Day Weekend, 1985, will be remembered in Eastland County for the truck-train crash, explosion, fire, toxic material threat and evacuation.

Is that the world we live in today?

Remembering those who have gone on and how it used to be is a part of Memorial Day. And as did so many, it was a time for visiting the burial site of our loved ones.

And so in the calm of Sunday, with the partial evacuation still in effect but with the threat of other explosions and danger subsided, our family took a little bouquet of red silk tulips and went to the Pleasant Hill Cemetery, west of Carbon.

We've done it so many times before, but it was especially meaningful to me because, well, just because we were able to, as a family. To be with Gaynell, Vance and Amy in that calm setting after the horror and trauma of Friday and Saturday's scares, meant a lot. We were all grateful to be alive ourselves and thankful that there had been no fatalities, and we remembered those who were burned and in-

jured and hoped for them speedy recoveries.

Ours seems a scary age with contaminants barreling through our towns, and nuclear freight.

And undoubtedly in this age of mass scattering, it must be unique for our youngsters to have their paternal grandparents, both sets of paternal great-grandparents, aunts, uncles and assort kinfolks all buried in one cemetery.

And what a location Pleasant Hill is. Beautiful beyond description. We got there just at sunset and the crimson red fireball was such a pleasure to see compared to the man-made one we'd seen Friday. And yes, everything was green; the ponds were full; the wildflowers everywhere; and the cemetery trimmed and maintained to perfection. It's always struck us as such a safe and serene place. The kids have loved going there since they were in arms.

In the gate and down that west fence to the big cedar tree, underneath which are the graves of Fannie (13-27-95/8-16-81) and Hous

Memorial Day Happenings and Remembrances

(9-20-91/10-22-44), where we put the flowers in a little vase.

Have all ages been fraught with unknowns and uncertainties? Certainly.

Fannie and Hous lived through the Depression, World War One and Two, in which they worried about the safe return of three sons. Next to them is Sister Bobby Nell, (pneumonia, 1935, at 11 years of age), before penicillin.

Looking at the grave of J.C. (heart valve failure, 1985) reminds us that perhaps these 20 years later, what with all the improvements in heart surgery, who knows?

Moving on, there's the graves of Grandfather

Charles Homer O'Brien (4-22-46/2-10-20) and Grandmother Charlotte Belle (2-13-56/3-26-40).

Grandfather's grave also bears a Civil War Marker, and we are reminded of his hand-written account of that experience and a brief account of his own father, my great-grandfather, who came from Ireland in 1840 as a young man. (Thanks to Gaynell's research (four years and 100 letters) we now know his first name, Thomas, AND my great-grandmother's name; their birth and death dates and places; date of arrival in Mobile, Ala.; about a marriage contract for which he

paid a Catholic priest to marry my great-grandmother; the passenger list and date of arrival in Mobile; including his military records from the Mexican-American War of 1847. With this and her research on the maternal great-grandmother's name, our family tree is now complete.)

Charles Homer, in his own hand wrote:

"...was raised as an orphan boy, father having gone to the war of 1846 and never returned home. Never saw father. Mother married in Alabama, and married again, so when I was eight years old, on account of trou-

ble in the family had to leave Mother and live with other people until the War broke out between the North and South, I being between 14 and 15 years old at that time. And in February, 1862, then between 15 and 16 years old, joined Capt. W.T. Smith Co. of Cavalry which was raised near Hickory Flat in Chambers County, Alabama.

"Camped and drilled at Rock Mills in Randolph County. Went from there to Montgomery. Was there mustered into service and was attached to Hilyard's Command. Went from there to Chattanooga, Tenn. Then with Bray under Kirby Smith into Kentucky...There we had our first introduction to the Blue Coats."

As a courier he served in Kentucky, Tennessee and in to Virginia and on into North

Carolina and back into Georgia, rejoining Wheeler in front of Sherman on his way back to Savanna.

"Then up through S. Carolina and North Carolina...We stacked arms in the pine woods and surrendered on the 26 of April, 1865, and started for home. Got home about the 12th of May with no home. No work and no clothes, only our old gray uniform which we prized very highly."

In the summer of 1867 he "rambled" and landed in Arkansas, where he married Miss C.B. Rushing, in December, 1873 and in November, 1874 they moved with one child to Eastland County. They raised a large family, eight boys and three girls. (The last son, Norman, died in 1984).

Strolling across the cemetery, there's the graves

of Grandpa John Patton Hastings (3-18-54/11-18-19) and Grandmother Mary Louise Hastings (10-9-64/4-18-37). His parents were Hezekiah Hastings, and Permillia Power McLeroy. Her parents were D.L. Welch and Ermer Carter.

They came to Eastland County from Bell County when my mother was a child.

The twilight is fading as we begin to make our way up to the gate. A Memorial Day filled with memories.

Certainly, during their times and places, they faced perils and the unknowns.

As we look at our two with their lives ahead of them, we're convinced they'll do it with the same quality.

Faith.

Fishing Outdoors

Breckenridge Bass Club visited Lake Leon Sunday the 26th for their May tournament. 14 anglers were on hand, but had very little success, finding black bass of any size. Results were as follows. There were 15 fish brought to weigh in, with only 6 measuring the minimum length required. First place was taken by Ralph McKinney 14 1/2 pounds. Second Monty McIntimsey 14 pounds and third Rick Glenn 13 1/2 pounds. All anglers reported catching a number of fish below 10 inches.

Area lakes are slipping rapidly into that all too familiar summer slump. Leon bass slow, crappie fair, strippers slow, catfish still holding good on most areas of the lake. Coleman bass good to 3 pounds, strippers good, crappie fair, catfish fair. Graham, bass good to 4 pounds, crappie slow, sand bass good, catfish good. Brownwood, bass poor, crappie fair with one stringer of 30 wonder fish mixed with keepers, strippers good, catfish slow. Proctor bass slow

to 2 pounds, crappie fair, strippers good. Catfish excellent drift fishing.

Don't forget Thursday, June 6th at 7:30 p.m. we shall be holding perhaps one of our most important meetings of the year. All members are urged to attend and voice your ideas and suggestions on these matters. And what better time to bring a friend and introduce him into America's fastest growing recreational sport - Fishing. Not only is it relaxing but can provide some very nutritional meals for you and yours.

Tournaments on hand include June 9th Inver club tournament lake to be drawn Thursday, June 6th, June 22, Open Jackpot Lake Leon.

Don't forget folks only you can preserve our resources use them wisely, put out all campfires, pickup that trash, and perhaps let one of those keepers live for next time on our generation of sportsmen.

Area News Briefs

EASTLAND

Cleanup is continuing at the site of the train derailment and explosion on the north side of town. Eastland residents have been allowed to return to their homes. Jail inmates were transferred back to the local facility Monday. A tank car spewing toxic fumes was patched Sunday by Ken Chapman, owner of Ken's Motorcycle Shop in Eastland, after a welder employed by a hazardous materials firm was overcome by exhaustion. This damaged car, along with other derailed cars, has been removed from the scene, and layers of lime put on the ground. The quality of water and air has remained good, according to EPA chemists. At press time North Seaman (Highway 69) has been opened to travel by the public.

The annual Chamber of Commerce newcomers Barbecue will be held June 8 from 6 to 8 p.m. at city Park. Proceeds from the event will be donated to the Eastland Volunteer Fire Department to help acquire the "Jaws of Life". Tickets at \$5 each are available at the Chamber of Commerce office and from Chamber members. The Barbecue will be prepared by head chefs Jim Wright and Lewis Tiner, and it is guaranteed to be delicious. All are welcome to come enjoy this event.

The Eastland County Extension Homemakers Clubs will have a countywide meeting on Friday, June 7. All club members will be traveling to Kokomo for a Fun Day at the community Center. There will be Recreation Training, a luncheon, and a talk entitled "Picture Perfect Entertaining" by Kathryn Cawley of the Lone Star Gas Co., Abilene.

CISCO

Summer classes at Cisco Junior College will begin June 4, at all locations. Students may register at the Cisco campus on June 3 in the Registrar's office. The Cisco and Clyde campuses offer both day and night classes, with other campuses offering night classes only in the summer. For more information call Cisco 442-2567.

Factory buildings and 30 acres of land will be auctioned to the public by the Small Business Administration at 11 a.m. Tuesday, June 4, on the Courthouse steps in Eastland. This property is located a mile east of Cisco, and has been used for the manufacture of clay tile and other products. Substantial amounts of raw material are located on the land, which is just east of the city limits. Terms of the sale will be cash.

The Miniature Golf Course at Lake Cisco Park will open Friday, May 31, and will be open on weekends this summer from 4-10 p.m. Friday, Saturday and Sunday. Admission will be \$1 for adults, and 50 cents for children under 12. The 18 hole course is operated by the Cisco Kiwanis Club, and the public is invited to come out and play.

Cisco School trustees are continuing their search for a Superintendent to fill the position of James Couch, who resigned effective June 1. About eight applicants have been interviewed, with more expected in the near future.

RISING STAR

Local Businessmen have asked the Higginbothams store to reconsider its proposed closing on May 31. Officers of the store tentatively agreed to reconsider the closing, dependant on local and area residents using their buying power in the Rising Star store. The City Council and Mayor urge city and area residents to present Higginbothams officers with a show of faith by buying locally. This is the only store of its kind in the town, and the largest retail store.

The City Council, by request of some citizens of Rising Star, is asking all people to please refrain from playing ball in the City Park until 7:30 p.m. on Sunday and other times while church is in progress. After church is over, everyone is urged to go to the park and enjoy themselves and see the improvements that have been made by many volunteers.

Dr. Carpenter's office will be closed for vacation the first week in June - June 3-7. It will be open at 9 a.m. June 10, 1985

GORMAN

The class of 1965 of Gorman High School has set a date for their 20th Reunion for Saturday, July 13 at PAR Country Club on Lake Proctor, beginning at 10 a.m. All members of the Class and their families are invited to attend.

Crimestoppers will have their next meeting on Thursday, June 6, 7 p.m. at the Senior Citizens Center. The public is invited to this informative program, and encouraged to support the organization. Crimestoppers has been successful both in preventing and solving crimes in the area.

Proceeds from the Miss Gorman Little Miss Contests will be used to renovate the Old Fire Hall to add a Teen Center. The funds last year were also used for this project. The Gorman Chamber of Commerce is again sponsoring these events, and urge everyone to support the candidate of their choice.

TEXAS GARDENER TIPS

Crepe Myrtle: A Tree For All Seasons

The crepe myrtle, a deciduous shrub or small tree with striking blooms in the spring and summer, has become one of the most popular and beautiful plants grown in Texas. Few plants can offer the gardener so much for so long and yet demand so little.

It is easy to care for and can grow in nearly every type of soil. Sometimes called the "Lilac of the South," crepe myrtle gets its common name from its crepe-like, crinkled and ruffled petals and the resemblance of its leaves to the true myrtle.

The crepe myrtle makes outstanding contributions to a landscape in each season of the year. The flowering season begins in June or July in most of Texas and continues through fall. Each bloom, or panicle, is composed of hundreds of red, pink, white, lavender or purple flowers. In the fall,

leaves turn beautiful shades of yellow, orange or red. And in the winter, when the leaves fall, the crepe myrtle's bark and shape take on the look of a living sculpture. The trunk and branches have an attractively gnarled, twisted character. In spring and early summer, the bark exfoliates to reveal new bark ranging in color from light pink to pale green.

Crepe myrtle can be planted nearly year-round when using container-grown plants. Balled-and-burlapped plants, however, do best when planted during the dormant season or in very early spring.

Deep watering is required during dry spells in summer when it is growing and flowering. Insufficient watering may result in premature leaf drop.

Crepe myrtle requires little pruning to maintain its naturally graceful form, but you should tip prune to remove old flower clusters and promote more growth. Small, twiggy growth should be thinned out from underneath the canopy to keep the trunk clean and to allow free air circulation.

Another big plus for the crepe myrtle is its high resistance to insects and disease. In fact, it can be one of the most pest-free landscape plants available when located in a good growing site.

Shop for a Loan Since Rates Vary

Builders and the people who buy their houses aren't the only fans of asphalt shingles. More homeowners are reroofing with asphalt shingles now that the rates for home improvement loans are dropping.

Funds for reroofing and other home improvements can be obtained from many sources. Banks or savings and loan associations are the first that come to mind. Depending on the institution, the amount borrowed and the length of the repayment period, rates offered by banks and S&L's can vary by as much as five percent, says the Asphalt Roofing Manufacturers Association.

A survey of major banks and S&L's reveals rates between 14 and 19 percent, with most hovering around 16 percent. Most banks have a loan minimum of \$2,000 and a maximum of \$25,000. The Federal Housing Administration also insures Title 1 loans which are made available by commercial banks and S&L's at a maximum interest rate of 16 percent.

Consider Credit Unions

Credit unions are another source of home improvement loans, often at lower interest rates than either banks or S&L's. The funds a homeowner has in the credit union may be used as collateral. The interest

charged on a loan will usually be two percent or more than the rate paid on savings in the credit union.

A straight-life insurance policy could be another source of funds for a home improvement. Many policies have a loan agreement permitting the owner to borrow up to 95 percent of the cash value of the policy at five or six percent. Policies written after 1975, however, may require interest payments of up to eight percent. In either case, the face value of the policy is reduced by the amount of the loan outstanding.

Those with large savings accounts can borrow up to 95 percent of the money in the account at a rate of just two or three percentage points higher than the interest rate paid on savings. The money, meanwhile, continues to earn interest, but an amount equal to the

loan must remain in the account as security on the loan.

Once the funds for a home improvement such as reroofing have been obtained, consider the type of roofing you want. Among those available are asphalt and fiber glass shingles, roll roofing, concrete and ceramic tiles, slate, terra, wood shingles and shakes, aluminum shingles and built-up roofing. Be sure the roofing you choose is rated fire resistant by the Underwriters Laboratories.

Asphalt shingles are the most widely used in both new home construction and remodeling. Used on four out of five American homes, they are economical, durable and attractive.

A new generation of prestige three-dimensional asphalt shingles gives roofs a distinctive appearance with dramatic, bold textures and attractive earthtone colors of browns and beiges that serve to relate a

home to its environment. They are designed to last up to 25 years or more with minimal maintenance.

Compare Costs

To determine the kind of protection you are buying when selecting shingles, keep in mind that the cost of labor is often the same regardless of the life expectancy of the roof.

To estimate the annual cost of a new roof, add the cost of labor and materials and divide the total by the shingle's life expectancy. You may discover that multi-layered asphalt shingles prove to be more economical because the cost of materials and labor is amortized over a longer period of time.

For additional information on roofing, send 50 cents for "A

Homeowner's Guide to Quality Roofing" to ARMA, P.O. Box 3248, Grand Central Station, New York, N.Y. 10163.

Reroofing with long-lasting, three-dimensional asphalt shingles is a definite improvement to your home. Multi-layered asphalt shingles are economical, durable, attractive and require little maintenance.
