A Good Crowd Attended **Memorial Day Services**

A good crowd of Cisco area residents gathered at Oakwood Cemetery at 10 a.m. Monday to pay tribute to deceased military veterans, many of whom died on foreign battle fields, in a Memorial Day program sponsored by the John William Butts Post 123 of the American Legion.

The Rev. Harry Garvin, pastor of First Baptist Church and a veteran of 16 years as a missionary in Uganda, was the speaker, and he told the audience that having lived there has given him a special appreciation for the type of freedom enjoyed by Americans.

Mr. Garvin recalled that in 1971 the dictator Edie Amin seized control of Uganda "and there was no freedom and no human rights." The conuntry and its people were left in shambles in the wake of the dictator's iron rule, Mr. Garvin said.

'The meaning of our country's flag became very real for me and those who had known freedom." Mr. Garvin said. "Every single family in Uganda had at least one member murdered by the dictator's men," he added.

Mr.Garvin used Matthew 6:23 as a text to urge respect for God and country, the American Legion's slogan. He said the military was a place where all men were equal partners, regardless of "They are men of one

blood - all sharing in the fight to preserve our freedoms and our liberties," he said. "Our country has gone to wars to help the right side win and then we have worked to rebuild war torn countries.

"The nation that forgets God will never stand. We must always remember what God has given us and work hard to protect it. God has blessed wa as a nation and we must do our part to share these belssings with others.

Mr. Garvin concluded his talk by quoting the Johnny Cash poem,"Our Ragged

Post Commander Brad Kimbrough served as master of ceremonies and introduced the speaker. Miss Claudia Waite sang two patriotic songs, and Bugler Stephanie Kimbrough sounded "Taps" to conclude the program.

The cemetery flag, and others in town, flew at halfmast until noon Monday when they were raised. Miniature flags were available to cemetery visitors for use in decorating the graves of deceased veterans.

The cemetery, which was in excellent condition, held open house during the day.

Cisco Police Make **Arrests Over Weekend**

Cisco police made several arrests and handled a number of burglary and incident reports over the Memorial Day weekend, according to a report by Detective Risa Livingston.

Two men were arrested, one by Policeman Kenneth Preston and one by Officer Chris Key, on public intoxication charges. They were placed in the county jail. One man was arrested on a city traffic warrant.

Last Saturday, police were called when a man pulled a gun and threatened another, firing two shots. The case was under investigation,

Around Town

By Duke Dixon-

Monday was Memorial Day. A time to remember and pay tribute to those who fought and died to protect our freedoms.

There were Memorial Day programs all around the county. In most cases the theme was remember those who served. I'm so proud that we as a nation are beginning to re-remember the idea of a memorial. All of our national holidays are taking too much of a commercial overtone.

Memorial Day is a day set aside by Congress to remember those who served. Those who left their homes and homeland and went to war. Some came home many did not, but the memorial is to honor those still with us and pay a memorial tribute to those who died.

As I listened last night to the news from around the area, Memorial Day has returned to Memorial Day.

I was very proud to hear of the including of the seven Challenger Astronauts in memorial services. They served just as other pioneers served in this great country of ours.

Well graduation is Friday night. Seniors from CHS will say goodbye to an era in their lives.

Welcome to the adult world graduates. As you leave high school and begin to take your place in the world of self responsibility, good luck.

Remember what Brother Sipe told you Sunday night. Take it with you whether you continue on in school or take a job and begin to become in-

dependent. As Bro. Sipe said "Keep a smile on your face."

From all reports the CHS presentation of "Oklahoma" was a big success. Congratulations to all who worked so hard to present a good play. Not only to those on stage, but to those behind the scenes. After all they are as much a part of the production as anyone.

Congratulations to Mrs. Lela Lloyd on her winning first prize from the Abilene Writer's Guild contest.

Mrs. Lloyd is writing a book about the Mobley-Hilton and a portion of her book is what won the prize. Our hats off to Mrs. Lloyd and all those who help keep our Cisco Heritage alive.

Noting that he wanted to give them something that they might remember about their graduation, the Rev. Buddy Sipe told members of the Cisco High School senior class that he would encourage them to "go out and become a SLOB" in a address Sunday nitht.

Discussing the word

"Others," Rev. Sipe said that "too many of us put our own desires and needs above those of others." He encouraged study of the word of God and learn to rely on it in achieving what he meant by using the word

Rev. Sipe's second suggestion to the graduates in the baccalaurate address was to 'sing a song. "Don't ever stop singing,"

he said, recalling that the children of Israel stopped singing and began wandering and became homeless. "Prosperity and happiness desert people who literally stop singing," he noted.

The service, held at Cisco Junior College's Harrell Fine Arts Auditorium, began with the processional played by Mrs. Buddy Sipe. The Invocation and welcome were given by the Rev. Frank

Williams, pastor of the First United Methodist Church. The audience sand "Onward Christian Soldiers.'

The Rev. Otto Urban, pastor of Redeemer Lutheran Church, read passages frokm Proverbs, chapters 2,3 and 4,1 as the scripture reading. Jim Hatcher, minister at the Flatwoods Church of Christ, gave the benediction, and the recessional was played by Mrs. Sipe.

Members graduating class, dressed in traditional caps and gowns, marched into the auditokrium as the program

50,000 Christian **Activists Expected For** "LIFE-AID"

"LIFE-AID will be the pivotal moral event of the decade; the starting point for an American Reformation," stated Richie Martin, Director of Judgement in the Gate: A LIFE-AID Concert-Rally taking place in Dallas, Texas on June 7, 1986 from 10 a.m. to 6 p.m.

Over 50,000 people will attend the eventl, and approximately 50 million television and radio households via satellite will participate. LIFE-AID will call Christian activists everywhere into action against pornography, abortion and secular humanism in America.

"Abortion, for instance,1 never should have been legalized in America. But. once it was legbalized, the religious leadership should have mobilized all of the Christian people against that court decision. Unfortunately, this did not take poace," said Martin. "So today's generation of Christilans are saying that we're going to draw the line on the secular humanist control of our land. The way we see it, if today's Christilans don't stand against America's moral erosion, no one will"

The concert-rally is to be held at North Lake Park in Dallas, a large recreational part in Northwest Dallas. The event is free and will feature Christian recording artists Debbie Boone, Leon Patillo, Chris Christian, Gabriel, Chuck Girard, Vernard Johnson, Jamie Owens-Collins, Wayne Watson, 2nd Chapter of Acts and many more. It will also feature religious leaders such as Dr. Bill Bright, Dr. Norm Geisler, Melody Green, E.V. Hill, Beverly LaHaye, Marlin Maddoux, James Robison, John Whitehead and Don Wildmon.

"Never before have so many believers been linked together live with the express purpose of resisting the evil infulence in American Society. Like Live-Aid and Farm-Aid, LIFE-AID represents normal folks deeply committed to a common cause, the moral equivalent of Woodstock. Baby Boomer Christians, the grass roots culture in motion in America today, will take on a national purpose," said Michael K. Clifford, founder and president, Victory Communica-

Richie Martin -

LIFE-AID Director

Richie Martin, Director of Judgement in the Gate: a LIFE-AID Concert, has dedicated his life to mobilizing Christians to become active in their faith by taking a stand against the erosion of the Christian Foundations of America

He is one of an emerging breed of Christian voices calling for revival through repentance. Mr. Martin is strong in his belief that unless the 20th century church takes Jesus Christ into mainstream America it will risk forfeiting the loyalty of millions and be dismissed as an irrelevant social club with no meaning for the twentieth century.

Richie Martin is a New Orleans native and hold a bachelor of arts degree in education from Southeastern Louisiana University and an Associate of Practical Theology Degree from Christ For The Nations Institute, Dallas, Texas. The Jaycees Dunkin' Booth, of course, is a part of the full day's activities on June 7.

We've got the answers you need

There have been a lot of changes in the phone business the past couple of years. And, if you're anything like the average telephone custemer, you probably wonder from time to time what's going on?

We've always considered keeping you up to date a critical element in your service. Even though we don't furnish all of it anymore, you're still our customers, and we appreciate your business.

That's why we began offering free Tele-Help booklets shortly after the breakup of the Bell System in 1984. These booklets answer commonly-asked questions about telephone services and equipment.

17 ways to help you

We recently introduced five new booklets explaining long distanceoperator services, telephone etiquette, phone use for children, services for disabled people and services for older adults.

And, of course, our original 12 Tele-Help booklets can still be ordered. They talk about phone service, phone bills, home phone repair, telephone equipment, long distance service, saving money on phone service, easy access dialing, home security, establishing new service, home telephone wiring, local service options and handling annoying telephone calls.

Booklets are short, easy to read and understand - a handy quick reference. So, you can now choose from 17 different booklets! The booklets are also available in Spanish.

And business customers will also enjoy reading our special guide entitled "The Tele-Help Guide for Small Business Customers." It provides information on topics such as repair, customer contacts and telephone security.

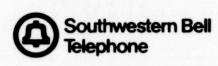

Help is here: Tele-Help

Tele-Help booklets are just one part of Southwestern Bell Telephone's customer service program. Each month you receive either a business or residence customer Tele-Help insert in your bill. These inserts tell you about important telephone services, industry changes, various community relations programs, happenings around Texas, and other tips and tidbits.

Just look in the front of your Southwestern Bell Telephone's white pages directory, and you'll find a Tele-Help section there, too. Your business office, emergency and other important numbers are also listed. Tele-Help is only one of our many projects geared toward helping

customers get the most value from their service. We're here to help, so call on us. We pay attention to your questions, because we want you to be happy, feel comfortable with and under-

stand your phone service. To order Tele-Help booklets, call toll-free 1-800-325-2686 or look for the order coupon in your monthly Tele-Help bill insert.

A POEM

The rain keeps falling and the ground is soaking wet. Out of last years' crop I ain't sold nothing yet But, I still remember the

last words I ever heard my Pappy say, If a man got the will-he will make it some way.

My brother came by and borrowed my last ten-probably be another year before I see him again. Loaning money to kinfolks just never did pay But I've got the will-I'll

make it some way.

My wife and 6 kids are all sick with the flu-And I guess I'll wind up

catching it too The Dr. said the stork was headed back our way-But I've got the will-I'll make it some way.

I went down to the banker to get myself a loan I'd come out a lot better if I'd just stayed at home. I still got last year's note to

But I got the will-I'll make it some way.

Bill collectors, they just keep on coming by, Ain't received no money and they are still wondering

I done been sued by 2 of them just today-But, I got the will-I'll make

it some way.

The medicare crisis got folks shook up a bit, But I'm afraid we ain't seen the worst of it yet. But the Lord Himself promised that he's never for-

County Appraisal Review

It was announced in January of 1986 by the Eastland County Appraisal District that in order to be in compliance with the requirements of the state property tax code a complete review of taxable property within Eastland County for 1986 was being conducted. The State Property Tax Code requires that a periodic review or reappraisal of all properties be conducted at

least once every four years. The review work is now almost completed within the County. It is expected to be completed by June 1, 1986. The field work is being conducted by the same firm that handled the initial reappraisal in 1982, Western Appraisal Company of Hereford.

Although all property will be reviewed, the 1986 value of all property will not be increased.

Property owners whose

values will be changed for 1986 will receive Notices of Reappraisal sometime in June or July. Those receiving notices will fall into one of the below listed categories. If you are not in one of these categories, then a notice will be sent out. 1. NEW PROPERTY FOR

Example: New residence,

new business, etc. 2. Proposed 1986 value above the 1986 rendered

value. 3. Proposed 1986 value is higher by more than \$1,000 than the 1985 value of the

same property. For additional information, please contact the Eastland County Appraisal District at 629-8597.

Fashion Advice by Etheleen Johnson

Summer is almost here and as the weather gets warmer, fashions get lighter and brighter. The key to Summer dressing this season is layering to achieve a total fashion look and keep your cool when the temperature soars!

Ribbed tank tops and sleeveless tees are perfect for layering under the popular "big shirt" or unconstructed blazer. Wear

with this season's fashionable print bottoms in patterns such as floral, geometric, dot and paisley...don't be afraid to mix prints! The sleevless mock turtleneck returns the Summer on sweaters. blouses and dresses and, again, is perfect for layering. Classic for work and fun for leisure time, this look offer unlimited versatility.

Good news for those of us who like the comfort and style of shorts but weren't blessed with perfect figures: short lengths are decidedly longer, and waistbands are elastic or pleated for a flattering effect. For Juniors, "jams" return, the longlength, widly patterned short with a drawstring waist, so popular during the sixties surfer craze!

Slim is in but the sexiest swim suits this Summer are, suprisingly, one-piece. Look for streamlined, sport tank suits in sleek solids and different fabrications, such as cotton blend. For those at the fashion forefront, two suits can be worn togeter layered in contrasting colors!

Our fashion watchword for Summer '86, really, is FUN! Mix and match prints and patterns, layer tanks, t-shirts and big shirts to make your own, personal fashion statement. You'll be

CPO'S REPORT

The recent activities off the north coast of Africa (you have not forgot!) came closer to reality for students in CISCO'S middle grades when they heard CHIEF PETTY OFFICER MEL CARMACK tell them, "I was there..."

MEL is the son-in-law of the TRUMAN KIRKS of Cisco, and EVELYN KIRK (Mrs. Truman) teaches fourth grade. She asked Mel to talk to her class, but interest expanded to include 4, 5, and 6 grades.

Mel, stationed in Abilene as a recruiter for several years, reported for duty aboard the USS SCOTT and was on it when it cross-crossed Khadafy's imaginary line several times before K's home was bomb-

Evelyn said Mel was pleased and a little surprised by the quality questions he fielded from the students about the SCOTT and the aircraft carrier, SARATOGA.

As VIOLA PAYNE wrote not long ago, "This is war." The young'uns may be telling us they're up with us and maybe ahead on this awareness stuff.

Mel has gone back for reassignment, and KAY, his wife, and their three children are at home in Abilene to wait for his next leave.

Yep, this is war.

MEMORIAL DAY

As a legal holiday,

Memorial Day falls on Monday now to give everyone a
longer R & R time.

It probably doens't make a great deal of difference to

the fellows who earned the holiday for us. Lump it with Armistice-Veteran's Day, and it would be the same with them.

Anyway, for whatever reason, have a good-safe as possible-time.

GOING TO GRANDMA'S

The visits to Grandma's were delightful. We walked down a tree-lined trail where the sunlight played in little spots along the way. Trees were tall, grasses light and cool. Every rock and flower along the path was perfectly placed. I always walked kinda slow along the trail, wanted to make the journey as long as possible. I felt so close to the One who made all this so serenely perfect.

Grandma was always glad to see us come. After the visit and time came to go home, she loaded us down with cookies and one of her wonderful biscuits with a piece of ham or bacon, onion and a pickle. Away I went down the trail home, with my hands full of goodies and my heart full of happiness.

Norris Starr, a Southwestern Bell Telephone outside plant technician, talks to elementary school students about playing it safe.

Southwestern Bell Telephone's "Kid Care Kit" Now Available

How would your children react in an emergency? Would they know how to protect themselves?

Situation: Your young child is home alone. The doorbell rings. Your child looks through the peephole and sees a stranger.

What to do: Your child should never open the door to a stranger-especially when you're not at home. And he shouldn't unlock the door even if the person says it's an emergency or that he is a policeman.

However, the child should not ignore the doorbell, but say that his parents are resting and he isn't allowed to open the door right now. Your child should be instructed to call a neighbor for help, if the stranger doesn't go away.

This situation and the suggested solution is just one of potentially several dangerous situations covered in a booklet called "Southwestern Telephone's Kid Care Kit" that is being distributed in

Ranger Schools. "The booklet is a collection of safety and crime prevention tips for youngsters," said Larry Vernon, community rela-Southwestern Bell Telephone Company. "It is designed to help parents

Summer Reading

Program Begins

The Summer Reading Program at Eastland Memorial Library will begin Monday, June 16, at 10 a.m. This is for children Kindergarten through the 6th Grade, and all in the county are welcome. teach children how to handle an emergency without unduly frightening the child."

Suggestions are made for discussing a variety of threatening situations with the child and deciding the best way for the child to respond. It is recommended that the situation be talked about in a positive rather than a threatening manner. After deciding what action should be taken, the child and parent may "act out" the correct behavior.

"That's really important," said Vernon. "Sometimes kids know what to do, but by actually practicing with their parents they're a lot more likely to remember their lesson.

The booklet covers several aspects of personal safety from a child's standpoint. Vernon said one section of the booklet lists "stranger rules"-being cautious of people you don't know.

"Teaching your kids not to accept candy from a stranger just isn't enough nowadays. And when your children have some basic safety awareness, parents are going to feel a lot better knowing that they may be better equipped to handle

Quilters Meet At Community Center

This is summer weather, the thermometer has registered in the 90s nearly everyday this week. We did have a good rain last Saturday. About 12 inch according to our local weatherman John D. Isenhower. We have had 5.19 inchs of rain this year. That is way below normal. And this "dry norther" we are having today (Friday) is not very encouraging. However, old West Texas usually comes across when we think we are at the rows end so lets just keep hoping and praying Rain!

There hasn't been much going on here - this week.

The quilters met at the Community Center Tuesday. Mrs. Merle Guyger of Cisco is one. She is the former Merle Reed who taught in the Putnam and Cisco schools for many years.

The China Painters also met at the Back City Building Wednesday. We welcome any one who would like to come paint with us.

George and Nettie Ramsey of San Antonio visited the home folks and attended the services for Loren Everett last week end. Dianne Heidelburg of Breckenridge also attended

the Everett funeral. Bill and Dorothy Taylor of Weatherford and Ross Finley of Farmington, N.M., visited Mrs. R.B. Taylor last Sunday.

IT HAS LONG been a custom at Cisco High School for ministers with students in the graduating class to be invited to take part in the baccalaureate and commencement programs. This year, five seniors were PK's (preacher's kids), so they held a drawing for assignments on the baccalaureate program.

The Rev. Buddy Sipe, father of Sampty Sipe drew the "speaker's slip," and the others were drawn as follows: Rev. Frank Williams, father of Russ Williams, invocation; Rev. Cecil Deadman, father of James Deadman, song leader; Rev. Otto Urban, father of Nathan Urban, scripture reading; and Jim Hatcher, father of Cliff Hatcher, benediction, and the asked Sampty's mother, Carolyn Sipe, to play the processional and the recessional.

Opening his talk Sunday night, Rev. Sipe raised the question: Could anybody remember details of their own graduation? He said he wanted to make this year's baccalaureate something to remember, so he offered this opening advice: "Go Out and Be a SLOB." Read the story elsewhere in The Press about his talk, which was real effective.

AT FRIDAY night's commencement, there was one place for a parent to fill awarding diplomas. So the called on Mrs. Curt (Sue) Cevert, mother of Leslie Covert of the graduating class. As you know, Mrs. Covert is a member of the board of trustees of the school district and is the

board secretary If there is no parent with a student in the class, they call on the school board president to hand out diplomas. Mrs. Sipe was invited to play the precessional and recessional for this service as well as for the baccalaudreate.
