Mobley-Hilton To Be Turned Over To Directors Soon

The restoration of the Mobley Hotel is the first of the Conrad Hilton chain is expected to be completed and the building turned over to the board of directors of the Conrad N. Hilton Memorial Park and Community Center within ten days, Vice President Dick Woolley reported Monday.

The board, along with architects and supervisors for Bennett Construction Company, conducted an official tour of the building last week and found only a few minor details to be finished before acceptance of the building, Mr. Woolley said. Another meeting of the board, architects and contractors is

expected to be scheduled early next week.

The Mobley renovation project was made possible by a 1.2 million dollar grant by the Conrad N. Hilton Foundation of Los Angeles. The Mobley was purchased by the late hotel magnet soon after WWI and it became the first of the chain of hotels built by Mr. Hilton.

The rehabilitated hotel will serve as a museum, community center, park and as the offices of the Cisco Chamber of Commerce. The CoC, operating out of temporary offices since their building was destroyed by fire several

weeks ago, is expected to move to the Mobley next month.

A water well drilled several months ago to provide water to keep the grounds and park surrounding the building was expected to begin operating this week. Pumping equipment has been installed and a pipeline is to be run to connect with the watering system.

Construction work began on the project last year. Formal dedication ceremonies are scheduled for October, 1986, as part of the state's sesquicentennial program.

REMINDER!

Voluntary Water Conservation

The City of Cisco reminds all residents that the city's voluntary water conservation is still in effect, and during this hot and dry weather, people should be more cognizant of that fact, according to City Manager Mike Moore.

Over the last two weeks water consumption was up 35 per cent over the previous two weeks. Mr. Moore said. If water consumption continues at this rate and the citizens can't voluntarily cut back on water usage, the city

council will have no choice but to look at mandatory curtailment, which might mean higher water rates, he said.

The voluntary water conservation program means that watering is restricted to two days a week, Tuesday and Saturday, from 1 a. m. until 12 noon.

Mr. Moore asked that people of Cisco work together in order to conserve our resource of water. He added that the city looks very badly upon flagrant violators of the voluntary water conservation program.

Rita Clements Due In Eastland Wednesday 2:30

Mrs. Bill Clements will be in Eastland at the Chamber of Commerce Wednesday, to visit and answer any questions about her husband's campaign for governor.

Mrs. Clements is traveling through Texas in support of her husband's candidacy

and will make the Eastland stop from 2:30 until 3:30.

Mrs. Clements will be arriving in Eastland from Breckenridge where she will be at 12:30.

This will not be the first time that Rita Clements has been to Eastland and cer-

tainly we hope not the last. Mrs. Clements and the Grand Marshal during the parade for the Eastland County Fair several years ago.

Everyone is invited to attend and visit with Mrs. Clements on her stop in Eastland.

TROOPERS To Be In Eastland

Get ready Eastland and surrounding areas. "America's Corps" is on the way! The TROOPERS will arrive here around 8:30 p.m. Wednesday for rehearsal/lodging before traveling to Dallas for a competition there Thursday evening.

The term "America's Corps" has been linked with the TROOPERS because people all across the U.S. and Canada recognize and appreciate the dignity, discipline, and class personified by the corps. During the 1984 Tournament of Roses parade in California and recent 4th of July celebrations in Maine, New Hampshire, and Wisconsin, thousands of parade watchers cheered as they marched down the street. They have received standing ovations in almost every stadium—the most recent being Mile High in Denver, Colorado—just by marching onto the field. And, throughout the years they have often received more audience response than higher ranked corps. Thus, the title was well chosen.

Although the rehearsals here will be practice sessions (no uniforms), there will be full performance run throughs on Wednesday evening and Thursday at noon. A tentative rehearsal schedule follows this article. All sessions are open to the public and are free of

charge. Concessions stands will be open.

The corps will be housed at EHS during their stay here. The EHS Band Boosters, assisted by various local organizations, businesses, and individuals, is in charge of concessions, feeding the group, post card sales, etc. All proceeds will go toward expenses to house and feed the some 150 member group, consisting of 128 members aged 14-21, instructors, sponsors, drivers, etc.

If you enjoy hearing patriotic music played on drums and bugles and seeing dedicated, disciplined young persons perform intricate precision drills, bring the family to Maverick Stadium and help make "America's Corps" feel welcome TEXAS style!

Oklahoma Power Station Receives First Trainload Of Coal

The first train-load of fuel coal arrived at the Oklahoma Power Station near Vernon Monday, with a crowd of special guests and news media representatives on hand to help West Texas Utilities Company celebrate the event and witness the unloading.

The 110-car Burlington Northern train pulled in at 11 a.m. bringing more than 11,000 tons of coal from Exxon's Rawhide Mine at Gillette, Wyoming. Monday's load marked the beginning of a stockpile which will accumulate a 45-day supply before the plant is placed in operation late this year.

The bulk of the coal reserve will be stockpiled outside, on a packed coal base laid this past week, while some will be placed in day storage inside two 23,000-ton capacity silos near the unloading side. After the plant is in operation, coal may be conveyed directly to the boilers for immediate use if necessary.

Monday's visitors got a first hand view of the coal unloading operation, and later were taken on a guided tour of other facilities of the plant, where hundreds of workmen were busy with final stages of construction. When the plant is on line and ready to produce power, approximately 110 people will be staffed to operate the facility.

Glen D. Churchill of Abilene, president of WTU, told the group during a luncheon in the Administration Building that construction work is on schedule and the plant is expected to be completed in December.

"So far, everything has been accomplished in accordance with our plans," Churchill said. Noting that this will be WTU's first coal-burning power plant, Churchill said his company was pleased to be doing business with Burlington Northern Railway and Exxon Coal U.S.A.

"Considering their reputation and especially our dealings with them so far, we feel that our fuel supply is in good hands."

The plant's coal-handling facilities, which held the spotlight Monday, utilize a rotary car dumper capable of unloading a unit train of 110 cars in about four hours. After the locomotive places the train in position, the unloader mechanism takes control and dumps the coal into a high pit as each car is moved up in succession. This takes place in the Rotary Car Dumper Building.

When in full operation, the plant will burn four or five train-loads of coal per week.

Oklahoma and Central Power and Light Co., both associated with WTU in the Central and South West System. Other shares are owned by the Oklahoma Municipal Power Authority and the City of Brownsville.

Representatives from three of the co-owners were present Monday, including Dick Brooks, president of CP&L; Harry Dawson of Oklahoma Municipal Power Authority; and Bill Towers and Homer Trevino of Brownsville.

Net generating capacity of the Oklahoma unit will be 665,000 kilowatts. WTU's share of 364,000 kilowatts will be more than one-third of the capacity of its existing power plants.

Total Employment

Is Citizens Goal

That's the goal for citizens served by this local newspaper!

In an effort to provide opportunities for the unemployed to find employment, this local newspaper will provide FREE HELP WANTED Classified Ads to employers until further notice.

Length is limited to 25 words or less. Written copy should be brought to the local office and the FREE HELP WANTED ADS will run one time in five newspapers: Cisco Press, Callahan County Star, Eastland Telegram, Ranger Times, and Rising Star.

Around Town

By Duke Dixon

The Dog Days of Summer are fully upon us. Over 100 degree temperatures are forecast for at least the rest of the week.

Let's all be thankful though, that we did get rain earlier this spring and summer. We're not suffering as the deep south is right now.

Friday and Saturday of this week, Pride Marketing of Texas is opening it's new facility, here on Conrad Hilton Avenue.

The Grand Opening Celebration will be going on at the same time.

We got up early last Monday morning to be in Abilene, to go to the New WTU, Oklahoma Power Plant, near Vernon.

The tour was very interesting; seeing a new power plant and how it will operate.

The plant is an engineering feat, that puts up to date technology to work for us.

We were told that the plant is the first coal fire facility for WTU, and is the first to be completely computer controlled. Other power plants use computers in certain areas.

From the coal car dump, to the scrubbed air that is finally released through a 458 foot chimney, the plant is fully computer-operator, operated.

Operators situated throughout the plant, sit at control panels to oversee the operations. Each control station operates a certain section of the plant.

WTU says the maximum output of electricity is 665,000 kilowatts of electrici-

ty, and will require 100 tons of coal an hour to produce that amount.

Expected production though, is to use only 200 tons of coal per hour, so that will reduce the kilowatts produced in proportion.

WTU is very proud of their new plant as well they should be. It has stayed in cost projections as well as time table projections. For example, in 1981 Exxon Coal Co. contracted to deliver the first train load of coal in July of 1986, and all was in readiness for that delivery, Monday, July 29, 1986.

The next projection, is to produce electricity by December of 1986, and that too is going to be met.

As we started out talking about the Dog Days of Summer being here. Let's not forget, keep cool, don't get over heated, and use sensible ways to combat the heat. We don't want anyone to be overcome by heat or heat exhaustion.

A small shed was destroyed by fire in the 300 block of West 17th Street last Saturday, according to a Cisco Fire Department report. There was no other property on the lot, firemen said. Cause of the blaze was not determined.

Firemen put out a grass fire between 15th and 16th streets on Railroad Avenue last Sunday, and went to the I-20 south access road near the C.S. Dill home on Monday to put out a grass fire. No damage was reported at either fire.

Cisco Rotary Club

Inducts Three New

Members Wed.

The Cisco Rotary Club inducted three new members as the feature of their weekly luncheon meeting last Thursday noon at the Colony Restaurant. The new members are: The Rev. Kenneth Diehm, pastor of First United Methodist Church; Bill Philpott, First National Indemnity Company; and Bill Austin, Jr., local furniture store official.

Secretary Bill Reynolds of the club directed the induction ceremonies.

Wyley Peebles, head of the music department at Cisco Junior College, showed picture slides made during a recent tour of the British Isles as the program feature. Vice President Jerry Morgan presided in the absence of President Joe Cooper.

Pioneer Exes On The Lighter Side

Plan Reunion

The Pioneer Ex-Students Association is having their 66th Annual Pioneer, Liberty, Sabano, Cook, Curtis, Gunn, Peak, Hickman, and Crocker School reunion at the Pioneer Tabernacle Saturday, Aug. 2, at Pioneer, Texas.

Lunch will be catered by Colony Restaurant of Cisco at \$4.50 per plate. All ex-students and friends will be welcomed.

The butcher, who had a particularly good day, proudly put his last chicken on the scale and weighed it. "That will be \$2.50," he told the customer.

"That really is a little too small," replied the woman. "Don't you have anything larger?"

Hesitating, but thinking fast, the butcher returned the chicken to the refrigerator, then took it out again. "This one," he said, "will be \$3.00."

The woman looked a long time at the chicken, then at the butcher and finally made a decision. "I know what," she said, "I'll take both."

Area News Briefs

RANGER

Alford Bush is now serving as Justice of the Peace, Pct. 2, having been sworn into office by Judge Scott Bailey on July 24. Bush, who won the Democratic Primary run-off for the office, was appointed to serve the unexpired term of Luther Maxwell. The elective term begins Jan. 1, 1987. The office of Justice of the Peace is an extremely important one, and Ranger has been without a local J.P. since last November.

A "Lazy Days of Summer" Holiday has been declared for all Ranger on Saturday, Aug. 2. The festivities will center around the City Park, where the Ranger P.T.O. will begin selling food at 6 p.m. A program of live music will begin at the City Pool at 7 p.m., and continue until midnight. Musicians from Ranger and around the county will participate. An additional event will be a diving contest, with six judges to decide the winners. All are welcome to come and enjoy the celebration.

Several young people from Ranger attended the State FFA Convention in Amarillo recently. Amy McDonald went in public speaking, Jimmy Hatton and Kyle Compton as voting delegates, and Misty Barrett, oilbelt district president, served on the courtesy corps. Tom and Michelle Arnold accompanied the FFA members.

CISCO

Jack Martin, who has served as vice principal of Hargrave High School in the Houston area for the past three years, has been hired as Cisco High School principal. He will assume this job Friday, August 1. Martin is a graduate of West Texas State University at Canyon, earning both his Bachelor's and Masters Degrees there. He will be moving to Cisco with his wife, Carol and their daughter Danielle. He is active in the Methodist Church, and plays the violin and piano.

Cisco Civic League members will be attending the 15th Annual Texas Folklife Festival in San Antonio July 31 to Aug. 3. Working under the direction of Jo Ann Cermin, members of the league will demonstrate how early Texas residents made bread without ovens and fashioned candles without wicks. They will cook corn-bread dough on the blade of a hoe, and coat cat tails with several layers of tallow to make candles. These demonstrations are also used during Cisco Folklife Festivals each spring.

Mr. and Mrs. Gene Conger have purchased an interest in the Sonic Drive In, and will be managing the facility. Conger started working for the Sonic in August, 1979, and has been the Assistant Manager for the last five years. Gene says he and

his wife, Velia, are looking forward to serving Cisco and area residents for a long time. He invites all to come by and try the food.

Rex Fields, volunteer fireman of the Cisco Volunteer Fire Department, attended the 57th Annual Texas Fireman's Training School July 20-25 at College Station, A&M Campus. Fields was sponsored by the Eastland County Farm Bureau and Texas Farm Bureau Insurance Companies. Since beginning this program, the Farm Bureau and insurance companies have sponsored 100 firemen at the school.

Reservations are now open for CJC's final summer theatre production, "Annie". August 7-9 and 14-16 are dinner performances, with dinner being served from 7 to 7:45 p.m. and curtain at 8 p.m. August 10 is a dessert-only matinee with curtain at 2 p.m. August 11-13 are dessert only performances, with curtain at 5 p.m. Dinner performances are \$15 and dessert shows are \$7.50. Reservations may be made by calling 442-2567 or 442-2589 after 4 p.m.

EASTLAND

Rita Clements, wife of Republican gubernatorial Candidate Bill Clements, is the guest at a reception at the Chamber of Commerce, 102 South Seaman, from 2:30 - 3:30 p.m. Wednesday, July 30. Mrs. Clements has visited Eastland several times in the past, and is expected to be greeted by a number of people here. While not busy campaigning for her husband, Mrs. Clements devotes much time on major fund-raising efforts for non-profit institutions.

The Eastland Music Study Club invites all persons interested in music to join "Friends of Music", a group affiliated with the Music Study Club. Members of this group will have a number of privileges, such as attending Music Club concerts or social affairs at their convenience. The membership fee will be \$3 annually, and this may be mailed to Helen Lund, Music Club Treasurer, P.O. Box 30 Eastland, Texas 76448, or left with Viola Payne at the Eastland Telegram.

Heather's Hallmark Cards Inc. of Eastland has been named a "Gold Crown" store by the company. Only about 20 percent of the Hallmark stores are selected to become this elite type of shop. Selections are based on sales volume, the image projected, the store location and retail management performance. Barbara Parker is the owner and manager of the local store, and her employees are Pearl Rexroat, Joyce Grubbs and Genie Ake.

R.D. Weeks, Eastland musician, won First Place in

the Fiddler's Contest at the Sesquicentennial Celebration in Benjamin, Texas on July 26. Cliff Andrews of Cisco accompanied him on the guitar. This was an "Open" contest, where all ages of players competed in one group. Mr. Weeks has also won places in various other contests since his big First at the Cowboy Reunion in Stamford on July 5.

The Eastland County Commissioners discussed the implementation of indigent care in the county during their meeting on Monday, July 28. Around 400 to 500 persons are expected to be eligible for this care, which was mandated under a plan set forth by the last session of the Texas State Legislature. Persons eligible for county care will live outside the four hospital districts in the county.

Lone Cedar

3-Person Scramble

A three person scramble golf tournament will be held August 9 and 10 at Lone Cedar Country Club in Eastland. There will be cash prizes. Saturday night, Aug. 9, there will be meal and players auction. Entry fee will be \$135 per team. Tee off time will be 8:30 and 1:30 p.m. Call Jerry Doyle 647-3613 to enter.

Mangum

Baptist Singing

Mangum Baptist Church will hold their monthly singing Thursday, July 31, at 7 p.m. All singers and visitors are invited to attend.

Ten Miles of I-20 To Be Resurfaced Here

Ten miles of the outside westbound lane of Interstate 20 will be resurfaced soon through a contract awarded by the highway commission in its July meeting.

Work should begin this fall on a stretch of the busy freeway from Texas 206 near Cisco to Texas 6 near Eastland. An unstable surface on the far westbound lane will be removed and replaced with a fresh overlay.

About 12,000 vehicles a day, including many large

trucks, use this segment of interstate. Traffic will not be interrupted during construction.

The work, expected to take about three months to complete, will be performed by T.M. Brown & Sons, Inc. of Abilene, at a cost of \$144,919.00.

Revenue to fund this project is available from increased motor fuel taxes and vehicle registration fees, approved by a special session of the Legislature in 1984.

Fox Reunion Is Sunday

The Annual Fox Family Reunion will be held Sunday Aug. 3 at the Olden Gym. This will be the 76th Reunion.

There will be a business

meeting preceding the noon meal. Visiting and singing will follow the lunch.

All relatives and friends are invited to attend.

Commissioners Decline Insurance - Discuss Indigent Health Care

Eastland County Commissioners held a regular meeting on Monday, July 28, in the Commissioners Courtroom. Present were Richard Robinson, commissioner of Pct. 1; Bill Riddell, commissioner of Pct. 2; L.T. Owen, commissioner of Pct. 3; and C.B. Dill, commissioner of Pct. 4. County Judge Scott Bailey presided, and County Clerk Joann Johnson recorded minutes.

Several county officials and other citizens stopped by the Courtroom during the session. One of these was Helen Orr, administrator of Graham Memorial Hospital in Cisco. She said that she wished to listen to the discussion of how the county would implement the new Indigent Health Ruling, and how it might affect the local hospitals.

This was only one of the items on the agenda. It, like some of the other topics, concerned how the county could follow regulations and still pay for what was required.

One item which was not brought up at this meeting was figures on the 1986-87 county budget.

Judge Bailey stated the amounts could not be finalized on the up-coming budget until more information as to possible county tax income was available from the Eastland County Appraisal District.

The county was recently reappraised and indications were that final decisions had

not been reached between the Appraisal District and some property owners, and that taxing entities had not determined final rates.

The Commissioners did approve the renewal of three contracts with Patterson Ambulance Service. This will include the jail and courthouse. Also approved was the renewal of an outside audit contract with Smith, Verrett and Parker.

The Commissioners turned down an offer from the U.S. Insurance Group (Local Agent Ledbetter Insurance Co. of Cisco) for \$4,000 to cover Courthouse damage, feeling that it was far too low. The major damage to the building is in the southwest corner of the basement area and the hallway outside.

Persons who were in the building during the May 24 explosion recalled how the walls shook and light fixtures swayed.

Judge Bailey stated that the Court would not even know possible costs of repairing the building until the plaster was cleared away from cracks in the walls.

He suggested, and the Commissioners approved, a plan to hire people to scrape away plaster and see what the walls look like. This will be done on weekends, when the building is not in use.

Judge Bailey brought the Court the latest information he had received on the In-

digent Health Plan, which was mandated at the last session of the Texas State Legislature.

This stated that the county would be held responsible for indigent persons who live outside the boundaries of the four hospital districts in Eastland County. Those who reside inside the districts of Eastland Memorial Hospital, Graham Memorial Hospital in Cisco, Ranger General Hospital and Blackwell in Gorman will continue under current plans at each facility.

According to date Judge Bailey had received, between 350 to 400 persons will probably be income-eligible for Indigent Care in the areas covered.

Mrs. Orr asked about the county's plans along this line, indicating that she did not think Graham Memorial Hospital was in a position to be a mandated provider.

"We are studying this carefully," Judge Bailey said. "Most of the counties will have a mandated provider."

He said that more information will be forthcoming on this Health Plan. A sample for an application will run in the newspapers. The Department of Human Services will make the decisions on applications.

There was much discussion on the far-reaching effects of this new law.

Legal Drinking Age To Raise Sept. 1 Suspect Arrested In Dallas

On Sept. 1, the legal age for drinking alcoholic beverages in Texas will go from 19 to 21.

The Texas Alcoholic Beverage Commission reminded Texans that the change will cover several laws.

Beginning Sept. 1, possession of an alcoholic beverage by a person under 21 will be a misdemeanor with a possible fine of \$25 to \$200.

Sale of alcoholic beverages to underage people is the most serious offense, the commission noted. The penalty for a first violation is a \$100 to \$500 fine and a year in jail. A second violation can lead to the same jail term and a fine of up to \$1,000.

In other business, the Commissioners approved a pipeline crossing requested by Snow Oil Co. It will cross County Road 164 in two places in Pct. 1, about five miles northwest of Eastland.

A 19-year-old woman charged with beating and robbing an elderly Ranger woman May 7 was arrested Monday in Dallas.

Tonya Renea Young, who was a student at Ranger Junior College at the time of the incident, was charged with aggravated assault.

Ranger Police Officer Albert Biggs and Margaret Thomas were escorting Young to Eastland County Monday afternoon.

Young is accused of pushing her way into the home of the elderly woman as she was handed a glass of water. Once inside she allegedly beat the woman and tied her up, threatening her with a pair of scissors.

She reportedly locked the woman in the bathroom after taking her purse, containing money, check books and credit cards. She then allegedly stole the woman's car. Police said the car was recovered.

When the elderly woman managed to free herself she found that her house had been set on fire.

The State Budget - A Moving Target

The legislature left Austin in 1985 with a state budget that was balanced—just barely—but balanced. Early in 1986 the bottom fell out of the oil market, and the impact began to ripple through the Texas economy.

* On February 13 the comptroller released a downward revision in his revenue estimate that predicted \$1.3 billion revenue shortfall for the current 1986-1987 budget period; the governor asked all state agencies to cut their expenditures by 13% to make up the difference.

* On June 27 the comptroller laid another \$1 billion hit on state revenues noting that the state economy was in worse shape than he had foreseen four months earlier. That brought the difference between budgeted expenditures and projected income to \$2.3 billion.

About the end of this month, the comptroller is expected to release yet another revenue forecast, and this time the shortfall will be about \$3 billion.

On August 6th the legislature will meet in a special session called by the governor to address the state budget pro'lems.

THREE-PART BUDGET PROGRAM

The current state budget problem consists of three issues.

* The cash-flow problem. Before year-end, the state will exhaust its capacity to

borrow from other funds to cover shortfalls in the general revenue fund. As a consequence, the treasurer will be forced to write hot checks. Banks have agreed to cover the checks in return for not having to pay interest on state deposits. It is estimated that about \$1 billion in additional revenue or reduced spending would be needed to postpone the cash-flow problem until the legislature has time to act during the 1987 regular session.

* The 1986-1987 Deficit. The revenue shortfall for the current 1986-1987 biennium is now estimated to be on the order of \$3 billion. (Any revenue or expenditure actions taken to solve the cash-flow problem would reduce that amount.) That shortfall is not required to be eliminated prior to the close of FY 1987-August 31st of next year. However, any deficit remaining would reduce the revenue available for the 1988-1989 biennium.

* The 1988-1989 Budget. Available revenues from the existing tax structure are projected to be at least \$5 billion short of funding even a carry-forward 1988-1989 budget, i.e., the minimum amount needed to cover the 1986-1987 deficit, to meet court orders and constitutional and statutory requirements, and to fund all other programs at their 1986-1987 levels.

BUDGET PROBLEM LACKS DEFINITION

The Texas economy has shown no signs of having fully digested the current problems: unemployment is still rising and unemployment compensation benefit pay outs are hitting a 21-time record level; the real estate market is still flat; the service industries are only now being hit. Because the fiscal problem is a moving target, and not yet fully defined, developing a solution appropriate to 1989 is difficult.

If oil prices were to climb back to an \$18 to \$20 range—perhaps in response to a federal import tax—and the national economy continues to grow at current rates, there likely would be some improvement in Texas' fiscal outlook in 1987. On the other hand, if oil prices remain below \$15 and the U.S.

enters a recession, the Texas economy will remain dormant for a longer period.

If Texas' fiscal problems are short-term, then it is appropriate to develop short-term solutions. The legislature might, for example, consider:

* Furloughs for some state employees rather than layoffs;

* Temporary rather than permanent tax increases;

* Temporary diversion of permanent fund income into current spending.

If on the other hand Texas' fiscal problems are viewed as long-range, then clearly something more drastic is required. Not only will major budgetary surgery be needed, but a restructuring of the entire tax system might be required.

IMMEDIATE PROBLEM IS CASH-FLOW

Cash-flow is the only part of the budget problem that requires immediate legislative attention. (And, even that is not absolutely essential; while it is unseemly, the state has written hot checks before.) A combination of spending cuts, deferring employee salary increases, and delaying payments to the state re-

Cisco Cheerleading Clinic Has Good Turnout

The Cisco High School Varsity Cheerleaders had a good turnout for their recent cheerleading clinic. Renee Dillard—head cheerleader, Kery Campbell, Aki Kleiner, Leigh Callarman, Debbie Endsley, Christy Smith, and mascot Chris Griffith had their hands full with 25 girls participating in the clinic.

Attending the clinic were Cisco Junior High Cheerleaders Lela Beckett, head cheerleader, Kerrie Jessup, and Misty McCulloch, who are the 8th grade cheerleaders; the 7th

grade cheerleaders are Patricia Hutchens, Stefani Carlile, Amy Saunders, and alternate Brandi McCulloch.

Also attending the cheerleading clinic were Kathryn Williamson of Eastland, Kirsten Kent, Angie Garvin, Mandi Senterfelt, Angie Boyd, Scooter Young, Jose Flores, Jane Hounshell, Ann Hounshell, Amy Anderson, Ann Marie Wright, Billie Jo Cozart, Lisa Moore, Meredith Davies, Amy Whitley, Heather Duncan, April Duncan, and Shelly Agnew of Cisco.

requirement funds might be enough to see the state over the hump until the January legislative session. MAJOR BUDGET DECISIONS CAN BE DEFERRED TO REGULAR SESSION Parts two and three of the budget problem could be addressed during the regular session. Delaying an attempt to arrive at a solution would mean just that much more time for the longer-term economic picture to develop and to come into focus. A delay also would provide time for a more thorough analysis of revenue and spending options.

Dinner Theatre Receives Number of Children For "Annie"

When a community theatre puts out a local audition notice, they never know what kind of response to expect. When the Laguna Roof Garden Dinner Theatre put out a notice at the end of May for auditions for children in their last dinner theatre production, "Annie," they had no idea what their response would be. The result was a full day of singing, dancing, and reading auditions from an overwhelming number of children from Cisco, Eastland and Ranger. From this audition came a cast of 21 delightful and talented little girls to play various orphan roles in "Annie."

Playing the part of Molly is Ann Vernon from Eastland, Tessie is Lillian Lewis of Cisco, July is April Duncan of Cisco, Pepper is Rachel Valek of Cisco, Sunny is Heather Parker of Cisco, Kate is Toby Gosch of Cisco, and Duffy is Amy Whitley of Cisco.

Because of the long ten performance run of "Annie", the other orphan parts will be split to play on every other night. "A" orphans, who will perform on August 7, 9, 11, 13 and 15 are: Heather and Sunshine Duncan of Cisco, Shelly Perry of Eastland, Carrie Conger of Cisco, Mandy Senterfitt of Cisco and Katherine Smith of Eastland. "B" orphans who will perform on August 8, 10, 12, 14, and 16 are: Amanda Voigt of Ranger, Joanna Wallace of Ranger, DiAnn and Cristal Rose of

Eastland, Jamie, Laurie and Stacy Boersma of Cisco, and Anna Odom of Cisco.

"Annie" opens August 7. August 7-9 and 14-16 are dinner performances beginning at 8 p.m. with dinner being served at 7 p.m. August 10 is a matinee dessert only performance with curtain at 2 p.m. and dessert at intermission. August 11-13 are also dessert only performances with curtain at 8 p.m. and dessert at intermission. For reservations call 442-2567 or 442-2589 after 4 p.m.

...if you are interested in buying real estate soon or at any time in the future. Buying good titles is just as important as buying good food or good medicine. Yet some people have spent their life-time savings for a farm or city property with little or no thought about the title. Of course, they will learn better later, but why not avoid the pitfalls and expense of poor judgement by getting an abstract or title insurance policy first and buying the property later?

4-H NEWS

By Crystal Wilbanks, County Agent

The Eastland County Horse Show was held last Saturday in Cisco. We had a good turnout with 27 youngsters and adults participating. Overall Grand Champion was Amy McDonald. She won a custom made leather halter and lead rope furnished by OK Shoe Shop in Cisco. This halter was highlighted by silver trimmings which was donated by the First National Bank in Cisco. Overall Reserve Champion was Darcie Pope of gustine. For her efforts, Darcie won a leather halter donated by Olney Savings of Cisco. In the 8 and under age group Crystal Pope was high point and received a pair of spurs donated by Cisco Horse Auction. Tessie Ingram was reserve high point in this age division and won a saddle pad donated by Cisco Horse Auction. Darcie Pope won the 9-13 age division and received a headstall and bit donated by Farm & Ranch Supply of Cisco. Reserve high point in this age group was a tie between Kimberly Wilson of Gustine and Cliff Jay Hall of Rising Star.

and won a halter with lead rop donated by Cisco Horse Auction. It was pretty stiff competition in the adult division. Teresa Ingram of Cisco came out on top as Champion and received a headstall, reins and bit donated by Olney Savings in Cisco. June Guess of Ranger was reserve champion and received a halter donated by Leon River Feed and Seed of Eastland.

Other awards include: High point judged events - Amy McDonald - gift certificate from Greer's Western Store.

Reserve high point judged - Darcie Pope - wash brush donated by Thornton's Feed Mill.

Champion timed events - Amy McDonald - Bell boots donated by Olney Savings in Cisco.

Reserve champion timed events - Darcie Pope - Bat donated by Thornton's Feed Store.

Champion showmanship and halter - tie Darcie Pope and Kimberly Wilson - fly set 7 day fly repellent donated by C&D Feed Co. of Eastland and Curry Comb donated by Olney Savings of Cisco.

Adults - champion judged - Teresa Ingram - brush given by Farm and Ranch Supply.

Reserve champion judged - June Guess - brush donated by Olney Savings of Cisco.

Spotlights and Sidelights

IS IT ECONOMICAL?

The problem is one of economics, I understand. That's about the extent of my understanding.

The way it was: Mandi and I were a little early for our picnic meeting in the park below Lake Cisco dam. We drove as close to the graffiti-ed dam face as we could, then circled toward the park.

What I told Mandi about was fifty years old, give or take fifteen-to-twenty years.

dance, Saturday, August 2nd, at the Moylan Building in Eastland. The public is invited to attend. Music will be provided by the Recreation Team. Plenty of adult supervision will be available. The dance will begin at 8 p.m. and end at 11 p.m.

C'mon kids let's kick up our heels and have a good time!

I know that 8-in-August eyes did not see the sun-glint waters of three pools, the busy flow of semi-naked, laughing people, nor the daredevil take-offs from the tower in the "really deep" water.

I'm not sure how her imagination translated my memories, but what she saw was decay. The slides and swing that seldom hung still in my salad years now share standing room with encroaching grass and weeds.

It won't be long before mesquites and hackberries start cracking the concrete slabs of the "baby pool" and the "big pool" - probably have a toehold already. The "deep pool" had no paved bottom, and the brush already has taken it over.

Mandi accepted as identified the remains of the diving tower, but she balked at filling the necessary area

with water. She could see all those trees - all that grass, now just as thick in the "really deep pool" as they are on the "island" where sand reigned grittily supreme not long ago.

We stopped at the picnic area where the concrete slabs have most of their benches ripped off (literally, no pun intended but quite apt). Huge hunks of sandstone keep cars from parking under trees. The rock fence was added after I was picnicing elsewhere; so was the rock stage.

Mandi reported: "We looked at things, but it made O'ma sad."

She was so right. And I just mentioned that skating rink/dance floor above the dressing rooms for swimmers. I didn't tell her about the "zoo" on the hillside. I know I liked to trail around to look at the animals, but

the only one I remember clearly was a scuffed-up wolf that was never still. I didn't quite approve of the animals' accommodations - too hot and they smelled awful - but as long as they were there, I looked.

This situation, this failure to capitalize on an asset, may truly be laid at the door of "economics." I don't know.

Neither do I know the cause, or causes, of the deterioration of one of the outstanding assets of this area - not just Cisco; this area.

It doesn't matter to me whether economics or bickering brought about this state of affairs.

I don't know names, I don't want to. I don't even want a return to yesterday.

What I want is to see the graffiti on the dam painted out - or sandblasted - the undergrowth in the pools bulldozed, hacked, chopped or pulled out the dressing rooms, island bridge and the diving tower rebuilt; the parking the picnic areas plowed and seeded; hook-

District T.E.H.A. Camp Reservations Due

District T.E.H.A. Camp Reservations are due August 1st. The "fun-est" thing Extension Homemakers have is camp - this year August 20 and 21, at the State 4-H Center in Brownwood. Approximate cost is \$31.00 and includes meals, lodging, and registration fees. Keynot

ups for RV's installed - well, what I want is for the place to become again the location for family reunions and school outings.

Aside from a pleasant recreational spot for residents, wouldn't tourists peel off I-20 to see the world's largest "hollow-core dam"? Didn't the swimming pool rate the same "world's largest" tag?

This, I repeat, doesn't mean I want it just like it was; I agree that change is always with us.

But I like change to be for the better.

speakers include Dr. Don Newberry, President of Howard Payne University, and Ann Harris who was Vice President of Interfirst Bank in Brownwood and now works in Public Relations on Build The Future From The Past. There will be sessions on folklore needlework, sing-alongs, flag ceremonies, square dance instruction, nature walk, music through the years, craft-potpourri wreaths, and progressive games. Janell Gartrell of Glen Rose, is serving as camp chairman.

Each of the 18 counties will bring exhibits of the county's history and/or family heirlooms. Each camper is to bring a Sesquicentennial Apron for a parade. Reservations are due in the Extension Service Office before August 1. We've never had a camper unhappy - come along!!

The Carbon News

Mrs. Bob Hastings

Whew! It's hot! After the nice rain last Monday night the temperature has soared every day since!

Mr. and Mrs. Dale Walker returned last Sunday night after trip through South Texas. They visited Kent in San Antonio, friends in Medina and his sister Mrs. Lila Usery of Devine.

Mr. and Mrs. Sherl Taylor, Mr. and Mrs. Charles Morgan returned home Thursday night after a vacation trip visiting parks through eleven states. They also visited Mr. and Mrs. Jimmy Allred of Paducah, Kentucky and spent three days in Nashville, Tennessee. They report a great time and lots of lovely scenery and hot weather.

Abby Lindsey of Devine has been visiting her grandparents Mr. and Mrs. Truman Been.

Mr. and Mrs. Bill Sandlin, Heather, Clay and Cole were on vacation too last week. They toured Corpus Christi, Galveston, San Antonio and

also visited Six Flags.

Mr. and Mrs. Bill McGaha and family of Odessa spent the weekend with his parents Mr. and Mrs. Royce McGaha.

Mrs. Eunita Taylor and grandson Timmy of Breckenridge visited Mrs. Lora Sledge on Tuesday.

Mr. and Mrs. Howard Neeb of Windthorst and Mrs. Theola Neeb of Cross Plains were supper guests of Mr. and Mrs. Sherl Taylor on Friday evening.

Mr. and Mrs. Stan Horton and family Medical Missionaries in the Phillipine Islands visited Mr. and Mrs. Fred Tucker and family part of this week. They were visitors at the Baptist Church and talked of some of the work they were doing in Phillipines.

Mr. and Mrs. Jim Snead of Wasco, California are visiting Mr. and Mrs. Sherl Taylor this week.

Mr. and Mrs. Ricky Buller and son of Breckenridge and Leslie Petree of Abilene visited Mrs. Myrtle Maness

Lights From The Christian World

By Josephine Cleveland

Life is Worth Living is the title of a poem written by poet Donald Laverne Walker. It is one which I would like to share:

What life is worth will all depend
Upon the life you live, my friend.

Defeated lives need never be
Life's made to end in victory;

It's planned so all may someday see
Life is worth living

The greatest of the joys about
In lives where kindness is found.

When self is lost to other's needs,
on Sunday.

Mrs. Ophelia Rhymes of Breckenridge visited Mr. and Mrs. Bob Hastings Sunday evening.

Mrs. Delora Kimmel visited her sister in law Mrs. Margaret Swafford of Sweetwater.

This weekend Mrs. Delora Kimmel enjoyed the visit of her great grandson Sean Chaney along with his mother Mrs. Diann Chaney and his grand mother Mrs. Nelda Chess of Midland.

man Carr who was buried in Bunyan (near Dublin) last Friday.

Morris and Agatha Nance spent a week in Cloudford, New Mexico on vacation recently.

Neta Gee of Ranger, John and Frances (Gee) Friday of Fort worth visited Sunday afternoon with Morris and Agatha Nance.

A "work day" is planned for Saturday, August 2, to clean up the school building for the 9th homecoming. All help will be appreciated.

When kindness soothes the heart that bleeds,
When hands work daily in good deeds
Life is worth living.

Should you conive with Death, my friend
And try to bring life to an end;

Beware! I say. Call off your bluff!
To kill the breath is not enough

For life's made of eternal stuff.

Life is worth living
Beyond this realm of care and strife
There lies a far more blessed life.

Seek Him Who daily seeks you out,
So you may someday hear His shout

And have no reason then to doubt
Life is worth living.

POETIC VERSES

By Robert Harbin

NO ONE BUT JESUS

As the sun sets in the west
The cares and problems of the day are past.
When death knocks at our door
Carrying our friends and loved ones before
Who will our sorrow bear
No one but Jesus

As we watch the Heavenly light
The evening star shining so bright

Who will watch over us through the night
No one but Jesus

When death knocks at our door
Carrying our friends and loved ones before
Who will our sorrow bear
No one but Jesus

Then we'll be united in the sky

Olden Baptist Church Has New Pastor

Recently, Olden Baptist Church called Ron Rogers to their church as pastor from Gillham, Arkansas. Reverend Rogers has served churches in Arkansas, Montana, Wyoming, and Texas. He has also had secular experience with IBM, and as a police officer on the Waco Police Force.

Reverend Rogers' education stems from Luther Rice Seminary, Criswell Bible College, Waco Police Academy, Texas State Technical Institute, McLennan Community College, Dallas County Junior College, and Ennis High School. The new pastor brings

with him his wife Patsy and his three children Rhonda-18, Cindy-16, and Russell 14. Rhonda will be attending Criswell Bible College in Dallas, Texas in the fall. Cindy and Russell will be attending Eastland High School respectively as a junior and a freshman.

Reverend Rogers says, "I am excited about being part of Olden Baptist Church and I am looking forward to the great things the Lord is going to do through our dear church."

Reverend Rogers has a reputation of being a strong Bible preacher and teacher.

Olden Baptist Dedicates New Building

Sunday, August 3, 1986, Olden Baptist Church will be dedicating their new educational building. Beginning at 1:00 p.m., there will be a meal served, followed by the dedication service. Reverend Bobby King, former pastor, will be the key-note speaker. This building project has

been in the planning and construction stages for over a year. It consists of five new classrooms, a large fellowship hall, kitchen, and restrooms.

Reverend Ron Rogers, pastor, would like to invite all to this special service, 1:00 p.m.; Sunday, August 3.

REFLECTING OUR WESTERN HERITAGE

Smoking is no joke to comedian Robert Klein.

Smoking Is No Joke

Smoking is no laughing matter for actor-comedian Robert Klein. Now an ex-smoker, he knows quitting can be a tough role to handle. That's why he teamed with the American Lung Association—the Christmas Seal People®—to create a public service antismoking TV, radio, and print campaign.

Kicking the habit was not a quick study for the acclaimed high-energy comedian, who has twice been nominated for a Grammy award for the best comedy album of the year and often has appeared on *The Tonight Show* and *The David Letterman Show*. "After three tries," Klein said, "I finally said good-bye to smoking."

Because he himself struggled to join the millions who are ex-smokers, Klein can speak with conviction about smokers who failed in earlier attempts but still long to quit. "Even the most addicted smokers can break the chains of smoking," Klein said emphatically. "They think they can't. But if I'm any example, they can."

Take it from this ex-smoker who was once a premed student: "Smoking is no joke. Lung cancer and emphysema are tough acts to follow."

CHEMICAL-FREE MOSQUITO CONTROL

by Judy Gustafson

Knowing your enemy is part of the battle. Mosquitoes develop through four stages—egg, larva, waterborne pupa, and adult—and can be grouped into three categories:

The Permanent Pool Group: Most species in this class inhabit bodies of fresh water, particularly quiet pools with abundant vegetation, such as permanent ponds, roadside ditches, canals, clogged streams, and irrigated land. Breeding is continuous, and the adults' flight range extends one to two miles from the breeding site.

The Floodwater Group: These usually appear early in the season. They breed in receding pools, on damp soil in grassy depressions, or along grassy shorelines that are intermittently flooded. The adult's flight range extends five to twenty miles from the breeding site.

The Artificial Container/Tree Hole Group: These lay their eggs in small, water-filled places—birdbaths, old cans and jars, and holes in trees. The habits of these insects resemble those of the floodwater group.

PHYSICAL CONTROL

The destruction of breeding habitats is one of the most basic ways to combat mosquitoes. (1) Making a pond's shallow shore steeper or deeper is effective, since it's unlikely that mosquitoes will breed in water over six inches deep. (2) Remove weed growth in shore areas to destroy the larvae's protection and food source. (3) Fill in depressions and potholes. (4) Drain standing water. (5) Empty all miscellaneous standing water sources. Any receptacle that holds water—old bottles, tin can water troughs, barrels, children's wading pools, and undrained boats—should be emptied, removed, covered, or turned upside down. Change the water in pet dishes daily and in birdbaths twice weekly, washing them as you do so. Either discard old tires or store them indoors. Screen any rain barrels and openings to water tanks, repair leaky plumbing and outdoor faucets, and check drain outlets from air conditioners. Clean leaf-clogged roof gutters and drain flat roofs.

BIOLOGICAL CONTROL

Some people encourage mosquito-eating toads to take up residence in their yards, while others build special birdhouses for such insect-snackers as purple martins. If your pond is large enough to support fish, try stocking it with mosquito fish (*Gambusia affinis*). They're only 2 1/2 inches long, but they've been credited with reducing mosquito propagation in ponds by 80 to 90%. They like shallow areas and will tolerate a fair amount of pollution but won't survive northern winters, so a yearly restocking might be necessary in cold-weather areas. You could also decorate your pond with some goldfish (*Carassius auratus*). They prefer clear, quiet pools with submerged vegetation, and while they don't spawn until they're two years old, they're prolific after that.

To obtain these fish—and to learn about other mosquito-eating species—contact your State Department of Conservation or local fish farms.

People n Things

A FELLOW NEVER knows exactly what it's like to have fire destroy his home. That's what Mr. Frank Wilcoxon told us Monday. As you know, fire destroyed the nearly new Wilcoxon residence out near the Breckenridge highway about a month ago. And they're still trying to determine the contents of their home.

Lost in the fire were a good many items that were 100 years old - things that had been handed down through the family and priceless things. Although they had insurance, it won't start to cover the loss, he reports.

Since the fire, the Wilcoxens have been staying with her mother, Mrs. Fred Steffey, who lives nearby.

Mr. Wilcoxon reports that they have purchased the home of Mrs. Frank (Jo) Barrett at 401 West 9th and are to get possession this week. Understand Mrs. Barrett plans to move to Austin where her daughter resides.

READING THE court records in The Press some days ago, we noticed that a marriage license had been issued to Lou Jane Qualls and Jerry Davis, members of the faculty at Cisco High School. And our scouts report that they were married in a private ceremony at First United Methodist Church on Saturday, July 19.

Mrs. Davis is the high school librarian and is a native of Cisco. She is the daughter of the late Mr. and Mrs. Gill Walker. Mr. Davis, who teaches computer courses to junior and senior

high school students, is the son of Mr. and Mrs. Oral Davis of Rising Star.

Understand the Davises are honeymooning. You'll want to join us in offering congratulations to them.

BACK HOME after a flying trip to California to visit a sister is Mrs. Mariam Bledsoe, local retired teacher who lives out on Avenue N. And was at a restaurant with her sister when the recent earthquake began shaking the California countryside.

"Pay no attention - it's only an earthquake," Mrs. MB's sister advised her. After several minutes, things quit shaking and folks resumed the normal. It seems that earthquakes are a common occurrence for them, Mrs. MD reports.

COACH DOYLE Walker and several members of his Cisco High School football coaching staff were in Houston this weekend attending the annual school and meeting of the Texas High School Coaches Association. Coaches Rusty McLeskey and Brian McCulloch and maybe some others were with Mr. Walker for the week-long school.

There will probably be an announcement real soon regarding the beginning of fall football practice for the Lobos of Cisco High School.

THE SUNDAY School of First Baptist Church is holding their annual one-

club golf tournament at the Cisco Country Club on Friday, Aug. 1, reports Chairman Delbert Schaefer. In this event, each player in a foursome uses only one club during nine holes. And the players hit the ball alternately. It's a fun event and a good crowd is expected.

The Rev. Harry Garvin, pastor of First Baptist Church, attended the 30th anniversary reunion of his Leuders High School graduating class at Abilene last Saturday night. The David Callarmans got home Sunday night from Ruidoso after a 10-day vacation in the cool climate of that mountain country of New Mexico. Yes, they've thawed out, they report.

TWO WELL KNOWN Cisco ladies are patients for treatment of broken hips this week out at E.L. Graham Memorial Hospital. Mrs. Ella White of 1107 West 7th Street was out walking in the neighborhood of her home and a friendly dog jumped up on her, knocking her down. She suffered the hip fracture and a dislocated arm.

Mrs. W.W. Wallace of 1306 1/2 Royal Lane fell on the porch at her home and suffered a hip fracture.

Both are doing nicely. Mrs. E.G. Damron of Canterbury Villa was also a patient at the hospital and was doing nicely.

BACK HOME AFTER a flying trip to Alaska is Mrs. Mary Bob Leveridge of Cisco and Mr. and Mrs. Bruce Goleman of Ranger. They flew to Anchorage recently and enjoyed a tour of points of interest in the biggest state.

Mrs. Genie Arevaello, who lives out in California, is spending a few days visiting her parents, the Gene Damrons. She came to Texas to attend a seminar in Big D and is returning home via Cisco. Dr. and Mrs. Chief Brown are working on plans to attend a seminar and convention in Corpus Christi next week.

Cisco Gun Club News

The Cisco Gun Club will hold its regular monthly business meeting at 7:00 p.m. on Monday, August 4th

SOUTHWEST Enterprises' annual camping season for bands and cheerleaders and the like is drawing to a close this week, according to reports. Director Eris Ritchie is in San Antonio for the last of the summer camps this week and is due back home and in his offices here August 4th. The Mobbly Hilton water well was due to begin watering the plants at the old hotel this week. Dick Woolley, Brad Kimbrough and Don Shepard set the pump in the well last Friday and a pipeline now will be run from the pressure tank and to the yard system. Contractor Don Wallace was scheduled to dig a ditch for the line and to cover it up after the pipe is in place.

A LARGE CROWD turned out last Saturday for the auction sale at the home of the late Mr. and Mrs. George Boyd on West 6th Street. Everything in the residence was sold by the auctioneers. After the sale of the assorted household things, bids were accepted on the home. Understand there were two bids that are being considered by the Trust Department of the First State Bank, Abilene, which has been in charge of the property.

If the bank decides not to accept the highest of the two bids, understand the house will be turned over to Mr. Carl Gorr, local realtor, to offer it for sale.

at the Community Room of the First National Bank. The program for this meeting will be Mr. Kenneth Payne, Texas Parks and Wildlife Ranger, who will discuss the new laws and regulations for this upcoming hunting season. Also, members who are participating in the shooting tournaments will be brought up to date on the standings in all the different shooting classes as of the end of the sixth (out of eight) tournament. And, plans for the year-end banquet which is to be held November 3rd will be discussed. All members, as well as others interested in hunting and shooting sports, are invited and encouraged to attend the meeting.

Also, the gun club will be holding its shooting tournament this coming Saturday, August 2nd at the club range. The adult matches will start promptly at 1:00 p.m., with the usual matches in six different classes including shotgun, .22 pistol, large bore pistol, .22 rifle, and large bore rifle. There will also be the two matches with .22 rifle in the Junior Division, with these matches starting at 11:00 a.m.

As usual, a trophy will be awarded to the overall high scorer for the tournament, along with the patches and scoring points for each of the different shooting class matches. The public is invited to
