Grass Fires Keep Local

Firemen Busy Saturday

A major grass fire that burned off some 600 acres of ranch land in the Morton Valley area was contained by firemen from Cisco, Eastland and Ranger after some three hours of work last Saturday afternoon. There were no reports of property damage in the fire.

Cisco Firemen Larry Wiekell, Jerry Doggett and David Gill took one truck to Morton Valley and assisted

with efforts to control and put out the fire. Rain showers late in the day helped the cause, firemen reported.

Smoke from the grass fire was visible for 25 miles or more, causing many calls to firemen in Cisco and other cities. In Cisco, firemen were called to East 10th Street when someone decided the smoke from Morton Valley was being caused by a local blaze.

Brother Of Cisco Man Is Missing

The brother of a Cisco man has been missing from his home at Lake Brownwood for over a week, according to information received here.

Ernest E. Foller, 68, brother of Walter Foller who

lives between Cisco and Eastland, was last seen at 8:15 p.m. Saturday, July 27, headed towards Bangs, according to his wife, Christine Foller.

He was in a light green older model Chevrolet pickup with a white ladder rack in the bed of the pickup.

Foller is seriously ill with emphysema, according to Mrs. Foller.

Anyone knowing the whereabouts of Mr. Foller should contact the Brown County Sheriff's office, 646-5510, or their local authorities.

Around Town

By Duke Dixon

The hot weather has finally broken. These cool mornings and not so hot afternoons are really nice.

We can remember in the not too distant past the summers that started with 100 degree weather and lasted through mid- or late-September.

Our rains in early spring and a not so hot June and July have really kept us in a very pleasant summer.

School days are fast approaching. We're sure every youngster in Cisco is looking forward to hitting the books again.

School starting does remind us that fall is just around the corner.

Fall means cooler weather, a very pretty time of year as the trees begin to lose their leaves. Football comes to mind and we are certain most of us around here enjoy the sport.

Vacation time is still here. Some of us have already enjoyed that time, and others of us are still looking forward to it. Joan of this office is leaving for two weeks this coming weekend.

When she returns, we'll let her know whether or not she was missed.

We want to take this opportunity to congratulate all the summer Little League and Softball players. You had a good summer season. The games were all good and the activities for the summer will be remembered for a long time.

Summer slump in business is leaving and business is

beginning to pick up. We see several more shoppers in stores these days.

Store specials, back to school sales, and summer clearances are helping to stimulate business.

We appreciate our local businesses and our citizens who Shop Cisco First.

'Sounds Of

Praise' At 4th St.

Church Of Christ

The Sounds of Praise from Southwest Bible Institute will perform at 7:30 p.m. Saturday, Aug. 9, at the Church of Christ, 4th and Ave. J, Cisco.

The public is invited to attend. Admission is free.

Administrators

To Attend

Seminar

Supt. Ray Saunders and three Cisco Public School principals and two teachers were attending a seminar for administration officials of area schools in Eastland this week.

Local principals attending the daily 8 to 5:30 sessions were Jack Martin, high school; Jim Puryear, junior high school; and Bob Lindsey, primary and intermediate school. Jon Denison of the elementary school and Fran Justice of the high school were taking part in sessions devoted to evaluation and career ladder matters, it was reported.

Seminar sessions were due to continue through this week, it was reported.

PROGRESS OF Golden Triangle Royalty & Oil, Inc., during the past year was outlined by Robert Kamon, left, president of the company, and Dr. Thys R. Johnson, Duluth, Minn., chairman of the board, at the stockholder's meeting in Cisco last Friday.

BARBECUE WITH All the trimmings was served by Oscar Weeks, pictured above, at the Golden Triangle Royalty & Oil, Inc., annual meeting here last Friday. Chef Weeks has a wide reputation as a caterer for area meetings and dinners.

QUESTIONS Concerning restoration work at the Mobley Hilton were being answered by Dick Woolley, local banker and member of the hotel board, to Mrs. Mary Smithers of Benton, Ark., when the above picture was made Friday at the hotel. Mrs. Smithers is a stockholder of Golden Royalty & Oil, Inc., and was here attending the annual meeting.

Golden Triangle Royalty Hosts Stockholders Meeting

Stockholders of Golden Triangle Royalty & Oil, Inc., applauded news that royalty income will begin flowing into the company treasury this year from the firm's vast holdings in Australia at their annual meeting at Kamon House in Cisco last Friday.

President Robert Kamon of GTRO displayed a copy of the first check received recently from operators of wells in a new field on a concession under which the company owns substantial royalty interests. A favorable ruling was received from high courts in Australia recently, clearing the way for GTRO to receive its share of the oil income, Mr. Kamon said.

Some 125 stockholders from throughout Texas and a half dozen states attended the meeting, which Dr. Thys B. Johnson, chairman of the board, presided over.

A five per cent stock dividend was declared for stockholders of record on Sept. 16 and payable Oct. 15th.

In his report to stockholders, Mr. Kamon said the company now has production under three blocks of their Australian holdings. Block ATP 299P has 15 wells with a daily potential of 17,556,000 barrels. Thirteen of the wells were drilled in 1985 and there has not been a dry hole on the block, Mr. Kamon said.

ATP 267P, another block under which GTRO has royalty interests, has production and plans for additional drilling have been announced. There has also been a discovery on ATP 251, and GTRO owns royalty there.

Executive Vice President Lloyd L. London reminded stockholders that properties of the company consist chiefly of over-riding royalty interests in Queensland, Australia, under 62,184,640 acres, including 3,429,584 net royalty acres along with 11.5 per cent net profits interest under 11,923,200 acres, and small royalties and working interests under 103 producing oil and gas wells in the

Saturday Rain Cools Cisco

Rain measuring up to three inches fell in the Cisco area last Saturday night as a thunderstorm moved through the region. A severe electrical storm that accompanied the rain clouds struck a number of electric power lines, causing service interruptions of up to three hours.

The rain was confined largely to the Cisco area. While gauges in the city registered from two and a half to three inches, the catch at Lake Cisco was about half that amount, averaging 1.4 inches. Scranton reported half an inch. Up to an inch fell at Pleasant Hill, Romney and Nimrod. Eastland reported about a quarter of an inch, and Putnam received about an inch.

West Texas Utilities Company had repair crews work-

ing over town from soon after the time the storm struck around 7:30 p.m. until 10 a.m. Sunday, reported Manager Jack Kennedy. The workers included men and equipment from Abilene.

Cisco Volunteer Fire Department members had equipment and men out to help in three "high water" areas - Avenue M at 9th Street, the Breckenridge Highway near the old Otis plant, and a low place on Beech Street.

Television cable service was out for some three hours.

City Manager Mike Moore reported that lightning hit the city water department plant at Lake Cisco and burned out a motor protector that was replaced by city workers Sunday without any

interruption in city water pumping.

"The good rain was worth more than the trouble caused by the electrical storm," Mr. Moore said. He added that the runoff into Lake Cisco amounted to very little as the rain was lighter at the lake and that the area was dry.

The rain brought temporary relief from sweltering temperatures that had engulfed the area for more than a week. Thermometers had soared over the 100-degree mark several times during the week. Threatening weather and clouds Sunday and Monday helped keep temperatures down. Forecasters, however, called for a return of the hot weather Tuesday.

C & W Musical

Saturday Aug. 9

The Country Western Musical will be at the Corral Room in Cisco on Saturday, August 9 starting about 7 p.m. Everyone is invited, especially area musicians. There will be a concession stand.

United States.

"With the prospect of initial royalty income from Australia and the prospect of further discoveries on its holding through active exploration programs being paid for by other companies, GTRO faces 1986 and the coming years with confidence," Mr. London said.

Mr. London added that GTRO is essentially debt free and has no obligations to contribute to any of the drilling costs in development of its Australian holdings.

Mr. Kamon reported that Australia still does not have sufficient oil production to meet that country's needs and that the government is supporting the price of oil there. He reported that refineries are anxious to obtain all of the oil being produced and that pipelines are being run to new fields.

The stockholders re-elected Mr. Kamon, president; Mrs. Robert Kamon, secretary; Dr. Johnson, chairman of the board; Mr. London, executive vice president; Howard B. Siegel, Houston attorney, and Bernard R. Kissar, New York City, as directors.

Following the meeting, stockholders were served a barbecue lunch catered by Oscar Weeks of Cisco in the Kamon House yard.

After lunch, the stockholders were given a tour of the Mobley Hilton Hotel where a restoration project is nearing completion. Dick Woolley, president of First National Bank and member of the hotel's board of directors, directed the tour and told the visitors about the Hilton project.

The visitors were also given a tour of the home of Mr. and Mrs. London at Lake Cisco.

'Stoney' Foster

Still At Large

Eastland County residents, like others of this area, are concerned over the escape of Richard Donald 'Stoney' Foster from the Stephens County Jail Sunday night.

Eastland County law officers were directly involved when Foster seized seven hostages in a Breckenridge bank on May 10, 1984. Four of the hostages were released early in the ordeal after 12 hrs. the three remaining hostages slammed a bank vault door shut on Foster when he went to get food.

At press time Foster had not been located, although he was thought to be somewhere in the Possum Kingdom Lake area. Cindy Davis, who escaped with him, surrendered to Palo Pinto Sheriff's Deputies near the North 40 Bait and Tackle Shop on the east side of the lake.

Foster, who is sentenced to die for a 1984 Springtown murder, had a pretrial hearing July 24 on aggravated kidnapping charges stemming from the incident in Breckenridge. He had been brought back to the Stephens County jail, and reportedly kept there because the Stephens County Sheriff's Department didn't have the personnel available to transfer him back to the

Texas Department of corrections.

Sunday around 11:15 p.m. Foster was slipped a knife from the jail kitchen. He surprised a guard and forced him into a cell, tying him up and locking the cell. He took the jailer's keys and freed Davis from the women's section of the jail.

Foster took the jailer's pickup truck, which had a .22 caliber loaded pistol. After the escape the pickup ran out of gas, and Foster and Davis apparently separated.

Officers from several counties are combing the Possum Kingdom Lake vicinity, with Texas Rangers from Lubbock and Midland coordinating the search.

Foster, who has been involved in crime for several years, is considered violent, clever and unpredictable. His method of operation, Stephens County Sheriff James Cain said, is to steal a vehicle or get a hostage.

"People need to be careful not to pick up hitchhikers and to make sure their homes are secure," the Sheriff warned. "The man is extremely dangerous. He was found guilty of capital murder and is on death row."

All people are warned to be on the alert and report anything unusual.

The ice cream was furnished by some staff members and volunteers. Dr. Fred entertained the residents with patriotic songs played on the accordion.

Thursday, July 10, was cookout day for the residents' families and staff. We the staff would like to get to know the families better, which will help us to better understand the residents. We want the families to get to know us better also.

Thursday, July 17, the monthly birthday party was hosted by members of the Pleasant Hill Homemakers Club. Birthday honorees were Royce Kilgore and Robert Stephenson.

We appreciate all of the volunteers for services rendered our residents on a one to one basis and group activities. The residents look forward to seeing you.

Bob and Loveta Bevers came to entertain the residents. Mr. Bevers, the one man band, performed many of the residents favorite tunes. Our home is always open to anyone who would like to come by. We're always happy to see you.

Volunteers are always appreciated. We appreciate our staff too. No one knows what nursing home work is unless you've worked at a nursing home. We don't mind the work. That's why

RESIDENTS enjoy cookout at Canterbury Villa.

STAFF AND residents' families enjoy cookout.

It's good to be back in the Big Country again. After spending nearly six weeks at Farmington, New Mexico with my daughter, Mary Finley and Ross. The weather change is something else! When I left here June 20 it had rained every week and the country was lush and green. Now everything is burned to a crisp and the heat is almost unbearable. When I left Farmington Monday a.m. the temperature was 53 degrees!

I enjoyed my trip and visiting with my family. My granddaughters, Debbie Guerrero and two girls visited from Denver, also Denise and Toby Tettler from Grand Junction, Colo.

Ross Finley brought me home and he is still visiting his mother, Mrs. Bernice Williams, at Baird and brother the Jene Finleys. Also the Taylors.

I found that there had been a lot of sickness and accidents while I was away. Margie Weeks had suffered a heart attack. She is recovering. Ollie Burnam had inner ear trouble and was real sick. Mrs. Ruie Sunderman at the rest home at Baird fell and broke a hip.

I hear she is back at the home from the hospital in Abilene.

A Question...

When was the last time a New Yorker sent money to pay for your local schools?

Never, of course.

We Texans pay our own way with state and local taxes.

And yet, this year alone, Texans will send \$3 billion to New York, California and New Jersey and even Hong Kong.

That money will leave Texas in the form of mail orders for all kinds of merchandise.

Not one penny of Texas sales tax will be collected. And so, not one penny of sales tax will come back to Texas to help pay for our schools, highways, parks, hospitals and colleges.

The Congress is now considering requiring big national mail order firms to collect the sales tax and send it to the states, including the \$300 million a year to Texas.

Your congressman needs to hear from you. He needs to know that you think local merchants deserve fair treatment and fair competition.

Who says you can't undo the damage?

Believe it or not our Chief E-Z Liner can undo it. In fact, by literally reversing the collision action, gently pulling damage out the way it went in, our revolutionary Chief E-Z Liner actually squares and aligns your car with more accuracy and precision than it had when it was factory new. And that's especially true of today's unibody cars.

With our expert painting and finishing service, we can also undo even the worst kind of surface damage. So your car leaves our shop not only handling better than ever, but looking better than ever, too.

So who says your car will never be the same again? We say damage that's done can be undone. And we'll prove it with our E-Z Liner!

Area News Briefs

CISCO
Dan Dixon of Dixon Auto Supply is having a Grand Reopening in his new location at 600 Conrad Hilton Ave. He invites the public to come in and help celebrate with him. There will be refreshments, drawings for door prizes and in-store specials on Aug. 6, 7 and 8. For 21 years Dixon sold auto parts from his store at 615 Conrad Hilton Ave., but on June 11, the Dixon Auto Building caught fire and burned. Dixon has since worked very hard to get his store back in operation, and a lot of people from the area are expected to wish him well.

Stockholders from near and far gathered at the Kamon House on Aug. 1, for the annual meeting of Golden Triangle Royalty and Oil, Inc. Oscar Weeks, the Cisco Barbecue Chef, catered a meal to the visitors at noon. The stockholders heard important details about recent oil discoveries on property they hold royalty interests under in Australia.

When the curtain comes up for the musical "Annie" at the Roof Garden Theatre Aug. 7, the part of Orphan Annie's dog, Sandy will be played by Whiskers, the trusty watch dog out at the Jammie Fry place. You'd never know that a few years ago Whiskers suffered fractures in both front legs - at the same time. Jammie rigged up some splints for the damaged paws, and Whiskers was able to drag himself around. In a few weeks the splints came off. "Annie" plays Aug. 7-9 and Aug. 14-16 for dinner and

Aug. 10-14-16 for special matinees. Call Cisco Junior College for tickets.

Lloyd R. Swindle has been presented a 25-year Service Pin from the U.S. Postal Service. Postmaster Wiley G. Cox made the presentation at the Postoffice on July 31. After serving two years in the military service, Swindle joined the U.S. Post Office in Cisco as a clerk/cARRIER. For the past seven years he has been the Route Carrier on Route 2. He and his wife, Kathleen Rich Swindle, have two children, Susan Swindle Schaefer and Gregory Swindle.

EASTLAND
The Eastland water supply has been hampered by heavy demand and mussels that clog the pumps. So water use is being curtailed by order of the Eastland City Commissioners. An odd-even water rationing program has begun and all rural residents that receive water from the Eastland County Water Supply District has been made to the Ranger area also. Lake Leon is full, but the storage tanks are being drained faster than they can be refilled by the pumps. The rationing will remain in effect until further notice. Hopefully rains will ease the situation.

An Early Childhood Class could be offered at Siebert Elementary School during the 1986-87 school year for non-English speaking or economically deprived four-year-olds. Fifteen students must be identified for this class, please ask the parents to come by Siebert Elementary and register or call

629-2377 for more information.

The Eastland County Extension Homemakers are making a special red-white-blue Sesquicentennial quilt as a fund raiser for the County E.H. Council. All clubs have helped piece the quilt, and the quilting will begin Thursday, Aug. 7, at the home of Dorothy Underwood in Morton Valley. Everyone is asked to bring a covered dish, and stay for a day of fellowship and some good old-fashioned quilting. The final day of quilting will be Thursday, Aug. 12.

Renovation is underway on the building formerly occupied by the Eastland Telegram on the south side of the Courthouse Square. Paradise Donut Shop plans to open in this location around the middle of August. Besides a large variety of freshly made doughnuts, the shop will carry the famous Blue Bell ice cream.

Charles Walker of Eastland was elected to the Texas Pecan Growers Association Board of Directors at the 63rd Annual Conference in Fort Worth July 20-23. Walker will serve a two-year term for the pecan growers, which has more than 1,000 members across the state. Besides his office on this board of directors, Charles Walker also serves as Chairman of the Eastland County Program Building Committee.

July 29 was a big day for Eastland County 4-H'ers at the District Contest. Twenty-five of the twenty-nine record books turned in competed for the District level. A number of awards were won by young people from various parts of the county. State bound records include: Jerry Long, recreation; La Dawn Little, agriculture; Amy McDonald, Santa Fe; and Toby Long, beef production. Congratulations are in order for all those who competed, and best of success at state.

RANGER
Everyone likes rain in August, but it's too bad when it rains out a big program at the Swimming Pool. "Lazy Days of Summer", including food, music, and a diving contest, had to be postponed due to thundershowers around 6 p.m. Saturday, Aug. 2. Wonder what happened to that homemade ice cream the PTO was preparing? But who wants to swim with lightning darting

around! Several showers moved through Ranger during the afternoon, cooling the air and giving plants some needed moisture.

Amanda Voight and Joanna Wallace will perform in the musical production of "Annie", which is being presented at the Laguna Hotel in Cisco. Both of the girls are very talented, and have performed in other events this summer. They are members of the Jammie Dee Dancers of Ranger and also are members of the "Life of Christ" Pageant, which is performed at Kendrick Amphitheatre. Joanna is the daughter of Eddie and Carol Wallace of Ranger, and Amanda is the ward and great niece of Betty Bullock of Ranger.

BAIRD
The Callahan-Shackelford County Farm Bureau has scheduled this year's Talent Find Contest for Friday, Aug. 8, 7:30 p.m. at Baird High School Auditorium. Participants in the contest must be between the ages of 16-21 as of Sept. 1, 1986. They must be amateurs, and local Farm Bureau members or members of a Farm Bureau family. Contestants will be judged on audience appeal and performance, and winners will have an opportunity to compete up to the state level.

Drinking Age To Raise Sept. 1

On Sept. 1, the legal age for drinking alcoholic beverages in Texas will go from 19 to 21.

The Texas Alcoholic Beverage Commission reminded Texans that the change will cover several laws.

Beginning Sept. 1, possession of an alcoholic beverage by a person under 21 will be a misdemeanor with a possible fine of \$25 to \$200.

Sale of alcoholic beverages to underage people is the most serious offense, the commission noted. The penalty for a first violation is a \$100 to \$500 fine and a year in jail. A second violation can lead to the same jail term and a fine of up to \$1,000.

Rev. and Mrs. Schoenborn from San Antonio have been visiting her mother Mrs. Paul Weiser in Cisco.

THE KEY TO LOWER COOLING BILLS ...YOUR THERMOSTAT!

RAISE YOUR THERMOSTAT SETTING TO LOWER YOUR COOLING BILLS

You can lower your cooling bill up to 50% by raising the temperature in your home from 72° to 78°. West Texas Utilities recommends that you set your thermostat at 78° or higher for efficient summer cooling. Portable fans or ceiling fans can help the higher thermostat settings feel more comfortable.

Also, check the filter in your air conditioning system regularly. A dirty filter could keep your system from operating as efficiently as possible. Clean permanent filters according to manufacturer's instructions, and replace non-permanent filters.

For more conservation tips on summer cooling, call your local WTU office.

Home Economics Task Force: "Good Parenting A Top Need"

By Viola Payne

The Home Economics Task Force of the Program Builders met three times between April 15 and June 24, discussing various issues. They eventually decided on six different issues of critical concern, and listed them in the order of importance.

Their findings named some of the same issues decided upon by the Youth Task Force, showing the close relationship between the two.

Mary Webb of Nimrod, Executive Director of the Southwestern Peanut Growers Association of Gorman, was Discussion Leader for the Home Economics group. Mrs. Oleta Moseley of Eastland was the Recorder.

Committee members participating in this long-range Extension Service Program Building were Kitty McCracken, Ruth Cartee, Edna Bint, Ethel Heager, Lois Robinson, Dorothy Underwood, Ruby Halbert and Betty Cross.

Discussion Leader Mary Webb brought the six critical issues before a group gathered in the High School Library. The first was (1) PARENTING. She stated that nearly half of all mothers with pre-school children work outside the home, and that creates a special set of problems. Divorce is a factor in parenting - children lose the full-time care of one parent when there is a divorce. And single parents have many hardships, including lack of sufficient income.

There are a number of teenage pregnancies in Eastland County, Mrs. Webb said, and this does not lead to good parenting. There is drug abuse and emotional disturbances among children of this county, indicating a need for more instruction on parenting skills.

Other needs include temporary shelters for abused women and children.

Families lack skills in dealing with pressures and stress, and this sometimes leads to violence. More communication is certainly needed among family members, and more time should be set aside for this.

Mrs. Webb listed (2) LIFESTYLES as being of major concern. In this county a number of people are elderly, and many of these have financial and emotional problems. Some do not have adequate physical care, and many times there is loneliness and isolation.

The dual-earner families, where the mother works to increase family income, find themselves in a fast-paced lifestyle. There is need for time and stress management in order to cope with work and family demands.

Divorce is listed as an experience which brings a great change in Lifestyle.

In Critical Issue (3) FAMILY ECONOMICS, the major concern of families was listed as having ample money to meet their needs. Mrs. Webb stated that bankruptcies were increasing, which indicated jobs closing out or families becoming over-extended on credit. The drop in oil-gas and agriculture income has had a drastic effect on Eastland County families. Female heads of families are increasing, and these families are more likely to be living below the poverty level. Unemployment is also increasing - there is need for more industry for jobs.

The field of critical issue No. (4) NUTRITION, is also very important, Mrs. Webb said. That means good nutrition for all ages, for dietary habits can affect the risks of certain diseases. Another factor is that a high percentage of people are overweight, and this has a

negative effect on health. People eat too many foods high in fats and sugar. Education is also needed on how to stretch the food dollar to get the most nutrition.

Issue No. (5) HEALTH, was listed as being tied in with NUTRITION. One of the major concerns, however, was the rising cost of health care, which is almost beyond the ability of the average person to pay for. There were ways to improve health which should be followed - weight control, exercise, no smoking, and avoiding alcoholic beverages.

In discussing HEALTH Mrs. Webb again voiced the concern of the Home Economics group over teenage pregnancies. She also referred to the abuse of children and elderly people. "These are all problems which need addressing," she said.

The last Critical Issue defined was (6) VOLUNTEERISM. "With the current trends of government spending cuts on services, less services will be available to help individuals," the Discussion Leader said. "Volunteers are needed in areas of community life." Mrs. Webb suggested that young people could be used in volunteer efforts - they have lots of energy and time.

After this report was concluded a number of individuals present expressed agreement with the Home Economics Task Force. When they voted on Issues to be sent on to the State level, several of the Home Economics Issues were included. These were PARENTING, HEALTH, NUTRITION, AND LIFESTYLES.

Later, on July 10, Program Building Executive Committee members met to decide

on issues to be addressed here in the county in 1987. The very first one selected was PARENTING, which was also a top issue under the Youth category. Other issues from the Home Economics list which will be on the 1987 agenda are NUTRITION and HEALTH.

The people who worked on various Task Forces realize that identifying a problem does not necessarily solve it. Much more work is needed before any of these issues can be brought under control.

In the months to come various educational programs and information on how to deal with critical issues will be available from the County Extension Service. The County Agents and numerous Eastland County citizens will attempt to solve these problems. A number of the concerns will also be discussed in depth in the Eastland County Newspapers. Such efforts are bound to finally have some results.

Delia Eaves Returns From European Vacation

Delia Eaves has returned from a vacation trip and visit with a friend, Kelly Pharris in England and many points of interest in Europe. Ms. Pharris and Delia are former teachers in the Kermit School District, and Ms. Pharris now teaches 3, 4 and 5 year old handicapped children in the Locheheed Air Force Base School System near London and Delia is a first grade teacher in the Ennis School District.

Kelly's mother, Mrs. Gay Taylor of Cloudcroft, N.M. and sister, Lisa Taublee of Arlington made the trip with Delia. They left DFW on June 13 and returned on July 5.

On their arrival in London, Kelly met them and they drove to the coast of England and crossed the English Channel on a ferry and spent the first night in Brugge, Belgium. After a couple of days of sightseeing, they journeyed by train to Amsterdam, Holland, Heidelberg, Germany, through the Swiss Alps and Switzerland to Venice and Rome Italy, spending about two days at each stop they made. They took a Gondola ride in the Grande Canal of Venice and visited the Cathedral of St. Mark. Going

1986 Cattlemen's Round-Up For Crippled Children Now Underway

ABILENE - More than 200 Texas livestock raisers are rounding up support for the Cattlemen's Round-Up for Crippled Children. The annual event benefits the West Texas Rehabilitation Center in Abilene and San Angelo.

Livestock donated by ranchers are collected at designated points in each community and transported to the auction site, explains Jim Alexander of Abilene, general chairman. "The area chairman's role is to make a personal pledge, then ask friends and neighbors to join them in the annual CRCC drive."

Aubrey Stokes of San Angelo serves as general CRCC co-chairman.

Area chairmen are: Cisco - Jim Choate; Moran - Bert Jones and Sam Snyder; Put-

nam - John Doyle Isenhower; Eastland - Lloyd Coan and Mrs. Austin McCloud; Carbon - Sid Waynick.

Sales of livestock are converted to dollars and the amount helps provide treatment for nearly 11,000 handicapped persons of all ages.

"It will take over \$4.7 million for us to treat those we will serve in 1986," says Shelley V. Smith, president and executive director of WTRC. "At least 54 percent of that budget must come from donations and events such as the Cattlemen's Round-Up. The balance comes from contract and insurance payments as no federal funds are used in treatment."

WTRC personnel provide top quality care in physical, occupational and speech therapy, audiology, orthotics, psychology, education and social services, all without charge to patients except for hearing aids and braces.

Despite a sluggish economy and depression agricultural markets, CRCC officials are optimistic ranchers will agree that this cause deserves their donations of stock or cash.

Scheduled dates for the

Round-Up are Cattle Sale - Sept. 29, Abilene Auction; Horse Sale - Oct. 4, Abilene Auction; Coleman Sale - Oct. 8; Stephenville Sale - Oct. 8; Junction Sheep and Goat Sale - Oct. 13; San Saba Sale - Oct. 16; and Brownwood Sale - Nov. 3.

Persons wishing to make a donation to the Cattlemen's Round-Up should contact the area chairman or call Smith at WTRC in Abilene, 915/692-1633.

In 1960 when the late Fort Chadbourne rancher Conda Wylie donated 20 steers to be sold to defray operational expenses of WTRC, it was the start of something big. Almost spontaneously this gathering of livestock for the fall sale was called "Cattlemen's Round-Up for Crippled Children."

WTRC opened in 1953 in Abilene and moved into its own building in 1955. The first San Angelo facility opened in 1977, and a new \$2.5 million building in San Angelo was ready for patients in the fall of 1982.

A professional staff of more than 150 persons provides out-patient treatment for both acute and chronic conditions. WTRC's uniqueness is derived from the scope of its comprehensive rehabilitation services and its "no charge" policy.

TEXAS OUR NATIVE STATE

The bluebonnets grow throughout our native state,
They are the painter's paradise garnishing many a gate.
They are like a blue hat upon our native land,
They are a bouquet of elegance resting in our hand.
The mockingbird I love to hear,
their songs are lusty always clear,
I marvel at the varied notes that come so easily from their throat.
The songs of beauty they repeat in heartfelt music that is sweet.
The pecan trees grow very tall
its nuts are gathered in the fall,
its wood is used in varied ways,
its tasty meat wins much praise.
Chili is our native dish, there is no relationship to fish,
It's peppers add a spicy taste,
too hot it leaves a tearful face.
The beautiful Palmwood is our native stone;
to most people it is unknown.
The Lapidary is happy should he find such a lovely stone to refine.
The topaz stone is our state gem along the Llano it is found
Transparent, translucent like crystal,
In mass sometimes within the ground.
Our state's grass, Sideoats gramma like a perfect panorama of a green gown on mother earth,
A scene of beauty and of worth.
Our state motto is "friendship," from the Caddo Indians came the name
"Tejas—the Spanish interpretation, friendship has won our state acclaim.
Our state song is "Texas Our Texas," we sing it with our greatest pride.
For Texas as our native state is a homeland truly great.
Texas has two state holidays, reminder of historic cause:
Independence Day—March 2nd., San Jacinto Day—April 21st.
We are now free to make our laws.
The Texas Official State Seal does consist of a five point star, Encircled with a live oak branch, and also with an olive branch,
We are a state now free from war.
The Lone Star Flag our native flag with one white star on field of blue,
Horizontal stripes of white and red uniting us in all things true.
Six flags over our native state at one time flew over our land,
Spanish, French, Mexican, Republic of Texas, the United States, The Confederate States,
United American we stand.
The Longhorn Steer, the Mustang Horse, the Horned Frog, the Chaparral, the Windmill, the Oil Derrick, Cowboy and Corral,
Are symbols of our native state, this variety makes her great.
The Texas Flag Pledge, my state's pledge,
"Honor the Texas Flag,
I pledge allegiance to thee,
Texas one and indivisible."
Home of the brave, land of the free.
Our state citizenship designation,
"Texans" we call our name,
But it was the early "TEXIANS" That brought our state its fame.
Friendship, honesty - and integrity are the qualities of the Lone Star State,
These shall live evermore as virtues that make her great.

Kokomo News

Zelda Jordan

Summertime is surely here with the 100 plus temperatures that we've had the past few days. A cool rain shower would be so welcome.

Carol (Mrs. Doug) Atkins and daughter, Mindy of Dallas rendered the special music at the Sunday morning service at the Kokomo Baptist Church.

Other visitors were Doug Atkins and nephew, David Atkins of Dallas, Rev. and Mrs. T.H. Brown of Onalaska and Mexico, Mr. and Mrs. Jerry Gibbs, Darrell, Randall, Jerry and Barbara.

Joe, Glynda, Shannon and Brian Bond were presented a going away gift from members of the church and extended our love and best wishes to go with them to their new home in Gail. We will miss them. Joe is a deacon and a Sunday School teacher, Glynda is church organist and a Sunday School teacher and Shannon and Brian have also been very active in the church and community. Joe has been a coach and teacher and Glynda a teacher's aide in the Carbon School District, and will be coaching and teaching in the Borden School District at Gail.

Following the service, a bountiful covered dish lunch was served in the fellowship hall of the church.

At the night service at the Kokomo Baptist Church, Bro. and Mrs. T.H. Brown, missionaries to Mexico, showed slides of the missionary work being done there. It was very interesting to see pictures of the church building that Kokomo Baptist Church helped build by furnishing money for the building materials.

Bro. and Mrs. T.H. Brown were houseguests of Mr. and Mrs. Glenn Jordan for the weekend.

Steve Gilbert of Fort Worth and his fiancée, Kim Hill of Abilene spent the weekend here with Steve's grandparents, Mrs. Odie Rodgers, and Mr. and Mrs. Floyd Gilbert, and Floydene in Gorman. Steve and Kim and Mrs. Rodgers also visited with Mike and Alice Rodgers. Kim's mother, Mrs. Wylie Hill of Abilene also visited with Mrs. Odie Rodgers on Friday evening. Mrs. Joyce Gilbert and

Glenn of Oklahoma City were recent visitors with Mrs. Odie Rodgers and the Floyd Gilberts in Gorman. Joyce, Glenn and Berneice visited with Bob, Kathy, Kevin, Jason and Corby Rodgers in Brownwood and attended church services at the First Baptist Church on Sunday morning, July 20.

Mr. and Mrs. Jimmy Little and Mrs. Dora Garrett attended the Williams Family Reunion at the Texas Electric Reddy Room on Friday night.

Mr. and Mrs. Jimmy Little honored their son, Ray Neal Little of Eastland with a family get-together at their home on this birthday, Sunday, July 27. Those helping Ray Neal celebrate with ice cream and cookies were his wife, Melissa and their daughter, Emily, James Little, Jill Lowrance, Nelda, Cody and Jarad Falls of San Antonio, Mrs. Dora Garrett and Deliah Eaves of Ennis. Mrs. Mamie Little and Mrs. Dora Garrett also visited with the Little family on Saturday.

Nelda, Cody and Jarad Falls spent last week here with her parents, Mr. and Mrs. Jimmy Little. They also visited in Abilene and in Comanche with Tim's parents, Mr. and Mrs. Talmadge Falls before returning to their home in San Antonio.

Visitors with Mrs. Dora Garrett last week were Mr. and Mrs. Alvin Lasater, Mr. and Mrs. Jim Bennett of Eastland, Mrs. Nelda Falls, Cody and Jarad of San Antonio, Mrs. J.B. Blancet, Mrs. J.C. Clearman and Mrs. J.L. Morrow.

Mrs. Gene Wood and Mrs. Mary Bell Rivers of Odessa, Mrs. Floyd Wood of Carbon, Mrs. Bill Bradshaw of Gorman, Mrs. Ruth Bryant and

Mrs. Bill Joiner were recent visitors with Mrs. Albert Hendricks.
Deliah Eaves of Ennis visited Sunday until Tuesday with her parents, Mr. and Mrs. D.F. Eaves and grandmother, Mrs. Erma Eaves. Deliah has just returned from a vacation trip to Europe. Mrs. D.F. Eaves, Deliah and Mrs. Erma Eaves visited in Fort Worth on Tuesday and Mrs. Virda Mae Norris and Mrs. Erma Eaves remained for an extended visit with Mrs. Norris.

We are happy to learn that our grandson, Joe Miles, of Abilene had a more successful run at the Abilene Speedway on Saturday night, than at other times when his car developed mechanical trouble. He placed fourth in his heat and second in the B feature race that qualified him for the A feature race and was doing well in the race before a flat tire forced him out. Good work, Joe. Hope we get back up to see your races before long.

Our sincere sympathy to the family of Mr. Shelby Frazier who was buried in

the Simpson Cemetery on Saturday.

Nancy Hendricks visited with the Glenn Jordans on Monday evening.

Obituaries

Buford Hageman

CISCO-Funeral services for Buford P. Hageman, 64, were held at 10 a. m. Monday at the Kimbrough Funeral Home Chapel with W. K. Boyce, Church of Christ minister, officiating. He was assisted by Greg Knight of Rising Star.

Burial was in Oakwood Cemetery. Mr. Hageman died Saturday at E.L. Graham Memorial Hospital.

Born June 13, 1922, in Eastland County, he was a lifelong resident of this area. He was a U.S. Army veteran of World War II and was a longtime employee of West Texas Utilities Company.

Survivors include his wife, Louise Light Hageman of Cisco; two sons, David Hageman of Lubbock and Don Hageman of Cisco; and a sister, Minnie Strother of Hammond, La.

Pallbearers were Danny Claborn, Billy Bacon, Freddy Anderson, Joe Walton, Carl Ziehr, and Martin Reich.

Mary Worthington

Services for Mary Worthington, 88, were Tuesday, August 5, 1986 at 4 p.m. at First Baptist Church in Dimmitt, Texas.

Burial was at Castro Memorial Gardens. Mary died at 9:27 Sunday, August 3 at Lubbock General Hospital.

Born in Potosi, Texas. She lived in Dimmitt, the last 11 years, moving here from Los Angeles.

She married J.D. Worthington, September 12, 1956 in Las Vegas, Nevada.

Mary attended Seth-Ward College near Planview, Texas, and Simmons College in Abilene, Texas. She was a past member of the Wilshire Bell Music Club of Los Angeles.

Survivors include her husband, J.D. of Dimmitt; 1step daughter, Carley O'Choa of Riverside, California; 2 sisters, Aline Bristow of Ft. Worth, and Lonye Wade of Stephenville, Texas; several nieces and nephews.

Family request that memorials be made to Dimmitt First Baptist Church, First United Methodist Church, or to a favorite charity.

Walter Smith

CISCO-Walter Alma Smith, 96, of Cross Plains died Sunday in a Brownwood hospital.

Services were at 4:30 p.m. Monday at Higginbotham Funeral Home Chapel in Rising Star with the Rev. Jasper Cook officiating. Burial was in May Cemetery.

Born in Hico, he was a longtime Rising Star resident. He was a farmer and a member of the Methodist Church.

Survivors include his wife, Oma Smith of Cross Plains; three daughters, Mary Pryer of Midland, Lona Rutledge of Scranton and Lois Chaik of Cottonwood; two sons, William A. Smith of Cameron and Roy W. Smith of Miles; 19 grandchildren; 33 great-grandchildren; and 12 great-great-grandchildren.

Jeanette Green Crowned Better Business Bureau As Miss Kokomo 1986

Members of the Kokomo Extension Homemakers Club and the Kokomo Community Club and their guests met at the Kokomo Community Center for their annual ice cream supper and family night on Wednesday night, July 23 at 8:00 p.m.

Highlight of the evening was the crowning of our new "Miss Kokomo", Jeanette Greene, by the outgoing "Miss Kokomo", Charla Little.

J.L. Morrow, President of the Community Club welcomed everyone and then turned the program to Mrs.

Bill Brown, President of the Homemakers Club, who expressed thanks and appreciation to Charla Little for the excellent way she represented Kokomo during her reign as Miss Kokomo.

Mrs. Brown presented Jeanette Greene to the crowd and told of her many interests and activities, and placed the "Miss Kokomo" ribbon and a corsage on Jeanette and Charla placed the crown on her head. Jeanette was presented a gift on behalf of the Community Club.

Jeanette is the daughter of

Mr. and Mrs. Lyle Greene of Gorman, formerly of Kokomo, and she will be a sophomore at Gorman High School this fall. She will represent the Kokomo Community in the DeLeon Peach and Melon Festival activities and other events throughout the area.

Ice cream, favorite toppings and cookies were enjoyed by all attending, along with lots of visiting and fellowship.

Special guests were Mr. and Mrs. Lyle Greene and their friends, Mr. and Mrs. Frank Weeden and Steve of Eastland.

My child enters kindergarten in the Fall. I have heard many discussions on the pros and cons of teaching academics to preschoolers. However, I do not want my child to be lacking in important areas. What are some things I can do to help my child adjust to his first days of his formal education?

A child develops in many ways - physically, socially, intellectually, emotionally and spiritually. They vary in their rate of development. Accept your child as he or she is - children are not all the same. Try to resist the temptation to compare your child to other children, including brothers and sisters.

Here are some ideas for development:

1. Visit interesting places (museums, zoo, libraries, historical sights, parks and others). Discuss them with your child and explain their importance.
2. Select safe, educational toys, such as those that need to be put together.
3. Play games, especially those that have educational value like number games,

guessing games (requiring thinking).

4. Encourage your child to do projects with other children. He/She will learn to cooperate and his/her social skills will improve.

5. Take your child on a train, bus or airplane.

6. Listen to your child. Encourage him/her to ask questions. Discuss ideas and tell stories.

7. Set a good example. If you are interested in learning, your child probably will be, too. Set a family reading time or some organized activity time or sharing time.

8. Get your child ready for school by showing your child the school; talk positively about school so your child will look forward to it as an exciting new experience.

9. When it is time for your child to go to school, don't cry or cling to him/her. This gives him/her a sense that it must be a bad place if Mommy is so upset.

10. Above all, teach your child the attributes of Jesus. He is ever present with you, at school as well as at home. He hears you pray to Him wherever you may be. He

Lights From The Christian World

"Only eight more days in this calendar year," a friend remarked. "Have you had a birthday this year? If not, you will have to hurry for this year is almost over."

My friend waited for my reply. "Yes," I said, "I've already had a birthday this year."

"I heard about a woman who had a birthday party," my friend continued. "Each time she has any kind of a party her friends could expect them to be different and very interesting. This time it was no different. She invited her friends to her own birthday party. Then she gave each of them who came a beautiful wrapped gift."

"That was unusual," I remarked.

"But," my friend exclaimed, "What was more unusual is that no one remembered to bring her a gift."

Friend, God gave each of us a gift. His only Son, who was born in a stable in Bethlehem of Judea. This wonderful gift provides us with someone who "sticketh closer than a brother." His name is Jesus and He is One knows when you are hurt, when you are happy or sad. He cares for you and will never leave you. Teach your child II Timothy 1:7. HAPPY SCHOOL DAYS!

Basically this is a group of businesses, who have banded together to police the business community, and make it an honest and trustworthy group.

There are three services offered. The first is to the business man. If a business is 6 months to a year old (so that it will have had time to establish itself in the community), it can apply for membership in the BBB.

There is a very nominal fee charged for membership, but if a business displays the BBB membership card you know they have been checked out, and are reputable business people.

Another service is to the public, and it is free. This service needs to be used BEFORE a purchase is made or a service contracted for. All an individual needs to do is call the BBB (they now have a toll free number for the 13 counties of the Big Country they serve - 800-592-4619), and ask what kind of reputation the business or individual has.

The last service is also for the public, and is free. If an individual is dissatisfied with a service that is rendered, or a product they have purchased, then certainly they should call the BBB. There is nothing they can do to correct the situation, but they can certainly pass on the information to others, so they will not have the same experience.

The key is - if you are in business - take pride in being a BETTER BUSINESS and join. If you are an individual - check BEFORE you spend your money. But, if you are unfortunate enough to get taken on a deal, do your fellow men a service, and report it.

What unusual gifts—faith, hope and love. Doesn't He deserve a gift in return?

"YOU ARE WHAT YOU EAT"

By Pat Elliott

It's true, you are what you eat! Junk food, quick-stop restaurants and hectic lifestyles combine to create a nation of obese individuals.

For the many millions of busy people, prepackaged foods seem to be an easy solution. However, many of these foods are highly refined and quickly digested, leaving one feeling hungry shortly after a meal.

Preparing nutritious foods ahead of time will help combat this problem, and will also help ensure the family of good nutrition.

Clean vegetables and prepare salads ahead of time. At serving time, broil lean meat, toss salad and heat vegetables in a microwave oven. Serve fresh fruit for dessert. Your family will have a nutritious meal that will contribute to good health and high energy.

FAITH

There is a place of peace and rest
Just beyond the evening star

Where weary souls cast off their load
To joy, peace and happiness.

We will see no tears in heaven

No sorrow worry or trouble we've known

Peace and joy and happiness

As we cast our crowns before the throne.

Why do we all reject Him
The one who loved us so
For He gave His all for us
Will you answer when He calls.

The Lord is tenderly calling
Calling out to you and me
With arms widely open
Just to ask and you shall receive.

...if you are interested in buying real estate soon or at any time in the future. Buying good titles is just as important as buying good food or good medicine. Yet some people have spent their life-time savings for a farm or city property with little or no thought about the title. Of course, they will learn better later, but why not avoid the pitfalls and expense of poor judgement by getting an abstract or title insurance policy first and buying the property later?

Two Students From Germany Visit In Local Home, See The Sights Of Eastland

Visitors in Eastland this week were Gerhard Welsandt and Tilman Stahluxe of West Germany who are doing the grand tour of the United States.

The two young men were shown the sights of Eastland, including the stamp mural, Old Rip, House of Webster, the schools, the City Park and other attractions.

They knew of Eastland from Vance O'Brien who stayed in the Welsandt home which is in a small town on the outskirts of Cologne a few years ago when the Hardin-Simmons University Cowboy Band toured Europe and appeared in concerts there. The families have stayed in "Christmas-card" contact since that time.

Planning to spend about three months touring this country, the two young men will return to Germany and enter public service for two years as part of their country's universal military training program. They flew to New York, bought a used station wagon and toured the mid-Atlantic states southward to Florida and the Keys and then came west along the Gulf Coast. In Texas they visited Houston, "South Fork" in Dallas and Eastland before setting out Wednesday bound for Carlsbad Caverns and the national parks and attractions toward the West Coast. They will do the upper midsection of the country including side trips into Canada before returning to

the east coast where they will sell their "traveling home" and fly home.

Welsandt, whose father is a pharmacist, enjoyed a visit with Pharmacist Don Stoner at Central Drug, as they compared the differences in the two professions here and there. In Germany, pharmacists do a lot more of their own compounding, and sell nothing in their shops except things pertaining to medical needs.

Stahluxe's father is an executive with Ford Motor Co. of Europe which has a large plant at Cologne. The Bayer Co. also has a large manufacturing plant in that western German area. As might be guessed they've had more than their share of mechanical pro-

blems with their used auto here on the trip even though it's provided self-contained sleeping facilities and living quarters for their tour.

And naturally they were impressed with the size (and heat) of Texas, remembering that the size of their country is about the size of New Mex-

ico. In mere matters of hours there, they can travel in various directions and be either at the Mediterranean, the North Sea, or any number of neighboring European countries. They both speak English well, stating that three years are required in their schools.

On repatriation of their country, they are hopeful, but wonder if it can be over.

They visited here in the home of Mr. and Mrs. H.V. O'Brien, who found them to be ultra polite, sensitive to American customs and quick to explain their own.

As good will ambassadors they left impressions that they are a credit to their parents and to their country.

Pending Bill Could Make Mail Order Firms Pay State Taxes

State Comptroller Bob Bullock said a bill pending in Congress to force out-of-state mail-order firms to collect state sales tax on goods shipped into Texas could bring the state millions in additional taxes.

"Mail-order firms have had a free ride for the last 19 years since a court decision handed them special privileges to legally avoid collecting taxes but we're about to turn that around," Bullock said.

Bullock said U.S. Rep. Jack Brooks is sponsoring a bill—H.R. 5021—that would require national mail-order firms to collect sales tax and send it to states, including as much as \$100 million a year to Texas.

Bullock said he thinks the Brooks' legislation stands a good chance of getting Congressional approval this session.

He said tax-free mail-order sales are out of step with the idea of fair and equal taxation.

"Our hometown Texas merchants are required to collect sales taxes and do so," Bullock said. "Out-of-state firms shouldn't get special treatment that results in unfair competition to Texas businesses."

Bullock also noted that mail-order sales have increased dramatically in the past few years as firms used more sophisticated marketing techniques and easy credit arrangements.

This is big business that's getting bigger each day, Bullock said.

Bullock said closing the mail-order sales tax loophole should help promote Texas businesses and jobs as well as provide the state with needed revenue.

The mail-order business is big business and it is costing the State of Texas big bucks in lost sales tax. But there is a move in Congress to change that—a move that would mean \$100 million a year in additional sales tax money for Texas.

where "our operators are standing by"—have been sheltered from state tax collectors for years by a U.S. Supreme Court ruling which said that only Congress has the power to make the mail-order houses collect and handle state sales taxes.

U.S. Rep. Jack Brooks of Beaumont has introduced a bill—H.R. 5021—to do just that. And, State Comptroller Bob Bullock is launching an all-out campaign to garner public support for passage of Brooks' bill.

Bullock says that the big national mail-order firms are pulling \$3 billion a year out of Texas while in return doing nothing to help pay for Texas schools, hospitals, highways and other state government services.

Further, those supporting H.R. 5021 point out that the out-of-state firms are enjoying an unfair competitive advantage over the hometown, taxpaying merchants.

That's true and the situation is getting worse. The mail-order business is growing by leaps and bounds. These are estimates that within a few years as much as 25 percent of all retail trade will be conducted by mail.

All Texas—including those who shop by mail—should want to see this loophole closed, both for the money it will mean to the state and for the justice it will do for Main Street merchants.

But as usual, Congress won't move on the bill until the Congressmen know that the folks back home want to see it passed.

Considering these tough economic times, Texas government would do well to snap shut loopholes and other special tax advantages before thinking about higher or additional taxes.

One worthwhile effort would be to put an end to the tax-free sale of mail-order goods coming into Texas.

State Comptroller Bob Bullock has been in the forefront of efforts to get the U.S. Congress to pass a law to require big national mail-order firms to collect sales taxes.

Since they don't, Texas loses as much as \$100 million a year.

These firms legally avoid the sales tax because a U.S.

Supreme Court decision 19 years ago held that states could not force out-of-state retailers to collect sales taxes.

Bullock has enlisted the help of U.S. Representative Jack Brooks of Beaumont to guide a bill through Congress to reverse the negative effects of the Court decision.

Besides the money this bill will bring to Texas, there are other good reasons to see that it's passed.

Two decades ago, there simply wasn't the volume of mail-order business that exists today in our society. There were not such conveniences as toll-free telephone numbers to order goods and easy credit card arrangements to pay for them.

Mail-orders sales have mushroomed in Texas and are expected to grow faster than the national average in the coming years.

Mail-order houses contend they should not have to collect taxes in state where there only presence is a sales catalog or a television advertisement. They say they receive little or no benefit from the programs financed by state taxes and shouldn't have to collect them.

This thinking is self-centered at best.

These firms exploit the Texas consumer market. At the very least, they use the banking and credit facilities of Texas to process payments. And, by their profits, they enjoy the benefits of the Texas market just as surely as they would if they had a retail store here.

The tax-free situation also provides out-of-state retailers with a competitive advantage over thousands of in-state Texas merchants. Local businesses not only collect state sales taxes but also support our community and economy.

Bullock contends passage of the Brooks bill would put Texas' local merchants and businesses—many of whom already pay hefty tax bills—on equal footing with out-of-state competition.

In tough economic times, it doesn't make sense to endanger Texas businesses by giving out-of-state companies special tax treatment.

Provincial? Maybe. But fair? Absolutely.

Mrs. Bob Hastings

To all Golden Age Ex-Students of Carbon High School! Remember the second Saturday in October. October 11 will be homecoming day at the Carbon School Cafeteria. There will be letters with more information in the mail soon but mark your calendar for that day. October 11, 1986 now.

Mrs. Crickett Walker spent last week with her daughter, Mrs. Lila Ussery of Wesloco.

Mr. and Mrs. Obie Duncan, Mr. and Mrs. Walter Maynard and Mr. and Mrs. Paul Morris returned recently from a two week fishing trip to Plaloca, Colorado. They reported nice cool weather and good fishing. They also visited the Great Sand Dunes Monument in San Luis Valley, Colorado - the first sand they had really enjoyed. Ask them to tell you about it.

Mr. and Mrs. Marvin Hale visited his sister, Mrs. Fannie Bolin and family of Bastrop, Louisiana part of last week.

Brian and Brent Stubblefield of Garland are visiting this week with their grandparents Mr. and Mrs. Mack Stubblefield and Mr. and Mrs. Truett Morris.

Mr. and Mrs. Dave Unger, Sharon, Denise and Brent of Devine spent the weekend with Mr. and Mrs. Dale Walker.

Mrs. Dorothy Jackson spent the weekend with Mr. and Mrs. Stan Tucker and family of Sweetwater. On Saturday, they attended the Palo Duro Canyon musical in Palo Duro.

Mr. and Mrs. Bill Carlton of Odessa spent the weekend with Mr. and Mrs. Jim Hogan. Mrs. Lois Eaton of Cisco visited in the home on Saturday.

Mr. and Mrs. Royce McGaha accompanied their grandson Michael home on the weekend and visited with his parents Mr. and Mrs. Bill McGaha and Kimberly of Odessa.

Cecil Hogan of Mineral Wells was visiting relatives here Sunday.

HAS ROBERT Smith, young son of the Bobby Smiths, played in any junior golf tournaments this summer?

Has he ever! So far, he has played in seven and he has four 1st place, one 2nd place, and one 3rd place trophies. What is more, he was in Breckenridge on Tuesday, Aug. 5, to play in a junior tournament. And he is scheduled to play in one at Clyde this month.

Robert, who will be a 6th grader when school opens in September, has competed with a good many boys older than his 11 years. His grand-

father, Mr. Wilson Smith, is Bobby's manager and caddy. He takes Bobby to the tournaments and looks after him during the play.

The Bobby Smiths, by the way, spent last week vacationing at Tyler with the Homer Smiths, and Bobby and Robert played golf almost every day ... The Smiths are building a fence around their attractive home on Country Club Ridge.

SORRY TO HEAR that Whiskers didn't make it. His personal habits were just too much. And they replaced him in the cast of Annie. The part of Sandy, Orphan An-

nie's trusty dog, will be played in the Dinner Theatre musical by BeCALL, a female golden retriever owned by Richard Kurkin and formerly owned by Claudia Waite.

Whiskers, as you know, is Jammie Fry's dog and he's used to riding in a pickup over the ranch. He had great looks and seemed right and Mrs. Caroll Brown, director, told us "we tried, but Whiskers just lacked refinement."

They must have tried out six or eight dogs before BeCALL came along and filled the bill. Annie opens this week - Aug. 7-9 and Aug. 14-16 with dinner and matinees Aug. 10-14 and 16.

COOL AND delightful is how Mr. Jim Puryear, junior high principal, described their vacation. They got home last Saturday from Vail, Colorado, and they missed a lot of hot weather. Also enjoying the Vail trip were Mrs. Puryear's mother, who lives at Tyler, and Mike and Cindy Puryear and her parents of Lubbock.

THE STEVE Austins, who recently moved from Brownwood to Marfa, have moved again. This time, they're in Abilene. And he went to work Monday as a vice president at Bank of Commerce. They're living in an apartment until they buy a home ... Last weekend was the time of the annual gathering of a group of old Cisco neighbors who've mostly moved away. Only three couples made it this year—the Garner Altoms of Abilene, the Les Shermans of Kerrville, the Felton Underwoods of Abilene and Mrs. Wm. E. (Bill) Austin of Cisco. They met Saturday afternoon and night and were at First Baptist Church in Cisco Sunday morning.

A BONUS FOR folks attending the annual meeting of Golden Triangle Royalty and Oil, Inc. at Kamon House in

Cisco last Friday was a tour of the Mobley Hilton and a tour of the new home of Mr. and Mrs. Lloyd London. Mr. Dick Woolley showed the some 50 folks through the Mobley.

The group drove to Lake Cisco where the Londons have built a very nice home on the shore near the dam. The Londons have some 30 acres as their home site, and the view from their patio and sun deck is splendid. The home has just about every convenience you can think of, including a solar water heating plant. Furnishings include antiques and items of furniture collected by the Londons over the years.

The music room at the London home has Lloyd's organ and his grand piano plus television with VCR, a stereo system, radio and the like ... They have a basement ... Mrs. London plans to begin some landscaping work when the weather gets a little cooler.

MRS. MARSHALL Jones was in Fort Worth last Thursday to be with her sister while the latter's husband, Mr. Eddie Hayes, underwent major surgery. Mr. Hayes has now gone home and is reported to be doing nicely ... Mrs. Gerald Winnett, who underwent surgery at Hendrick Memorial Hospital last week, got home last Friday and is doing nicely ... And Mr. Wallace McCarver, who also underwent surgery at Hendrick last week, was due home Tuesday.

IF YOU THINK it has been hot in these parts talk with the Revis Greggs. They were in Las Vegas last week and the thermometers went to 130 degrees! ... Ken Kamon, son of the Robert Kamons, works for Phillips Petroleum in Odessa ... Kay Kamon Melton, daughter of the Robert Kamons, was in town last weekend attending the annual oil company

stockholders meeting and visiting home folks ... Read where the weakest part of a person's body is the small cell in your brain that controls the eating (or not eating) of cookies.

ANN WILLIAMS of Pat Maynard Real Estate reports that she hopes to move into the old downtown school board office building that she bought before long. The building needs a new roof and work on the interior, and Mrs. AW says she is trying to get on her husband Hollis Williams' list of people to do construction work for.

Mrs. AW reports that real estate has been moving better in Cisco lately. She has a number of signed sales contracts that will be closing before long.

CISCO GOLFERS Bennie Nichols, Bobby Smith and Delbert Schaefer entered a

three-man team scramble golf tournament over at the Baird-Clyde course last weekend. They had a good time but brought home no bacon ... Lone Cedar Country Club's three-man team scramble takes place this coming weekend, and the entry fee is \$135 per team ... The TECAT (teacher's exam) scheduled in July didn't take place here. All local teachers passed and didn't need to take the test. Understand there will be another test in October for any teachers who might want to take same.

Board To Discuss 86-87 Budget
