Eastland Family Planning Clinic To Be Held July 12

The regular Family Planning Clinic will be held July 12, 1990. Applications are taken from 10:00 a.m. until 5:00 p.m. Family Planning services available in this clinic will include: consultation, physical exam with a Pap test, laboratory examination, appropriate methods of birth control, birth control supplies and education regarding birth control and continuing supervision.

This program provides services to income eligible clients and charges a small co-pay fee. Private patients are welcome to participate. The clinic is held monthly at 204 N. Lamar and Central Texas Opportunities, Inc. of Coleman, Texas is the provider for the Texas Department of Human Services.

For more information concerning this clinic please call 817-629-3421.

Summer Registration For CJC To Be Held July 16

Registration for the second summer session at the Cisco Junior College campus will be held on July 16 from 9 a.m. to 4 p.m. and 6 p.m. to 8 p.m.

Day classes held on Monday through Thursday will be English 123, History 123, and PE 121 and 221.

Night classes held on Monday and Wednesday nights will be English 223, History 123, and Math 123. Tuesday and Thursday night classes are English 123 and Government 223.

Developmental Education classes held on Monday and Wednesday nights will be Writing I, II, III. Tuesday and Thursday night Developmental Education classes will be Basic Mathematics, Elementary Algebra, and Reading I, II, III.

The first class day is July 17.

For more information, contact the Cisco Junior College Admission's office at (817) 442-2567.

Nutrition Program

The Fourth of July is over, the heat continues, but if you will note the Senior Center members continue to attend the center for several reasons. One of course is the fellowship. Nowhere in the city can the older citizen come and meet their friends as they do at the centers. The second is to learn more about different aspects concerning their health and other problems. Finally, they come together to participate in a nutritious luncheon. Well planned and well-balanced. Be sure and call the registrar today: Cisco 442-1557 and Eastland 629-1382 for reservations.

Cisco programs for the week: Musical program by Rev. James Moore, Senior

Citizen Band and Choir entertained. July 4, The Senior Citizen Band played at the City Park Festival. Dinner music by Lois Holder, Gerald Parks and Mildred Johnston. Blood Pressure by Mable Thetford.

Eastland programs for the week: Dinner music by Lou and Lois Jones, LaRue Broussard and Ruth Kendrick.

Menus for the week: Monday— Fish nuggets, tartar sauce, steamed cabbage,

blackeyed peas, jellied tomato salad, sliced peaches, cornbread, butter and milk.

Wednesday— Chicken fried steak, cream gravy, mashed potatoes, mixed vegetables, cran-apple tapioca, bread, butter and milk.

Friday— Oven fried chicken, mashed potatoes, cream gravy, green beans, corn, apple raisin carrot slaw, jello with peaches, bread, butter and milk.

BREAST CANCER DETECTION UNIT available to area women!

THURSDAY, JULY 26TH
RANGER GENERAL HOSPITAL
Hwy. 80 WEST
RANGER, TEXAS

Call 647-1156 for appointment

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated

that over 37,000 women die each year as a result of breast cancer. Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. The cost is only \$60.00. A mammogram can detect a cancer this small, even before it can be felt.

THANK YOU

May we take this opportunity to thank each one who had any part in comforting and ministering to the family in the loss of our dear mother, grandmother, and sister, Ethel Greenwood Lovell. To those that came to the home, brought food, sent flowers, memorials, cards, made phone calls, for the many prayers, helped serve lunch at the home and all other deeds we are so grateful. Especially do we appreciate those that served as pallbearers and the ones that rendered the beautiful music.

To Rev. Sherl Taylor and Rev. George Weeks for the comforting and inspiring messages.

May God bless each of you,

We love you,

...THE RESEARCHER'S GUIDE TO AMERICAN GENEALOGY, by Val D. Greenwood. Second edition, completely revised and updated.

Designed to answer practically all the researcher's needs, this 2nd edition is updated to include all major developments in the field, and is an essential text for the present generation of researchers in American genealogy. While it instructs the researcher in the timeless principles of genealogical research, it also identifies the various of genealogical classes of records employed in that research, groups them in convenient tables and charts, gives their location, explains their uses, and evaluates each of them in the context of the research process.

Part I - BACKGROUND TO RESEARCH: chapters - Understanding Genealogical Research; Familiar Record Practices: Problems and Terminology; Analyzing the Pedigree and the Place: Evalu-

ation of Evidence; An Introduction to Research Tools; The Library; An Introduction to Research Tools; Reference Materials; Organizing and Evaluating Research Findings; Successful Correspondence.

Part 2 RECORDS AND THEIR USE: CHAPTERS - Compiled Sources and Newspapers; Vital Records; Census Returns; Using Census returns; Understanding Probate Records and Basic Legal Terminology; What About Wills?; The Intestate - Miscellaneous Probate Records - Guardianships; Government Land: Colonial and American; Local Land Records; Abstracting Wills and Deeds; Court Records; Church Records; American Aids to Finding the Home of the Immigrant Ancestor; Military Records: Colonial Wars and the American Revolution; Military records: After the Revolution; Cemetery and Burial Records.

Part 3 - SOME NEW IDEAS: chapters - Computers in Genealogy; Family History: Going Beyond Genealogy.

Each chapter is thoroughly descriptive in its subject. One of, if not the most complete, up to date guide and all-purpose reference book. Absolutely amazing, the amount of information found in this fine volume.

"Chosen by the National Genealogical Society as the basic text for their home study course."

Indexed, 623 pp., illustrated, cloth (hard cover). Item #2362, \$24.95 plus \$2.50 P&H. Maryland and Michigan residents add appropriate taxes. Genealogical Publishing Co., Inc., 1001 N. Calvert Street, Dept. P.P., Baltimore, MD 21202.

...MRS. RUTH TERRY DENNEY, 535 S. Pary Way, El Dorado, AR 71730, would like information concerning the WHITEHEAD BURIAL

LOT in the OVILLA CEMETERY, near Waxachi, TX. There are ten monuments in this lot, all made of Vermont marble. Half of the burials are of the surname WHITEHEAD, two of which are my maternal grandparents, J.W. and ELIZABETH WHITEHEAD. The remaining burials in this lot are if the surname MOFFETT. Who were the MOFFETTS? Could this be Elizabeth's family? Was her maiden name MOFFETT? If not, can someone tell me how the MOFFETTS are connected to the WHITEHEADS? All information is sincerely appreciated.

...DOROTHY MILLER, 452 Pine Street, Ranger, TX 76470 writes: I have in my possession, a very old photo album which contains some beautiful old family pictures that are not related to my family. These pictures relate to the family surnames of SMITH, CURETON,

NICHOLS, O'BRIEN, ANDREW(S) and McALPINE during the mid 1800s to the early 1900s. There are three death cards, the earliest dated 1889; and the towns of Morgan, TX and WACO, TX are mentioned. I would like very much to see these pictures back with their own families, and will gladly give them to someone who can properly identify the persons in them. To identify, send information of your families that may be connected to these names and places in the time period before mentioned. I will answer all inquiries, which include a self addressed stamped envelope.

...Send queries and notices; books and other material for review to Pilgrims To Pioneers, P.O. Box 99, Ranger, TX 76470

GOOD DEAL ON A GREAT TIRE

At Stake: Self-Government

by Bernice Prescott
Part 1

We have been had again, by the power structure within our state Legislature, aided and abetted by other elected officials and State Judge Scott McCown.

The total state budget for the fiscal year 1989-90 was \$25 billion, 236 billion, 558 thousand, 051 hundred.

Of this total amount, approximately 45% (\$9 billion, 555 million, 321 thousand, 2 hundred and 61) was allocated to state education.

Add to this amount federal funds and local school taxes, and the sum being spent on education defies all logic particularly when we consider that while the cost of education has gone through the floor.

None-the-less, the power structure in our two legislative houses adamantly persisting through six (6) special sessions (at a cost of \$1,386,000) that more money was the only solution to educational inadequacies and inefficiencies.

The power structure won and the tax-payers lost (as well as quality education) to the tune of an \$528 million increase in educational spending for the fiscal year 1990-91, with projections of tripling that amount over the next five years.

One only has to read the new Educational Reform bill to realize that it is only a costly re-hash of the "new innovative instructional idea" syndrome which pulled the plug on quality education initially.

The lack of quality educational opportunities is not due to an inadequacy in educational funding but to an overabundance of bureaucratic intervention. Our schools have become laboratories for testing drawing-board theories rather than institutions of learning.

Today's students are not being educated with true applicable knowledge, they are being programmed for material success.

Essentially, they are being yanked right out of their cradles into adulthood. As children and youth are individuals, not assembly line products, the

space-age pace of programmed learning results in the increasing number of drop-outs, failures, and defeatist attitudes, not the least of which are increased suicides.

Before the ink had dried on the Educational Reform bill and Gov. Clements had signed it into law, the Legislative power structure, including Lt. Gov. Bill Hobby had already started a hue-and-cry for even more tax increases to "improve" social programs, state high-ways, etc.

By meekly accepting the growing despotic activities of this power structure, they have interpreted our silence as consent.

As columnist Ann Landers often warns, we had better wake up and smell the coffee. Both the U.S. and Texas constitutions guarantee our right to self-government and self-determination, and specifies that government's role is as servant of the people.

During the last half of this twentieth century, we have become servants of government, even their serfs in the area of taxation.

We may not be able to touch members of the power structure with our votes at the ballot boxes, but as their actions effect all of us, then they are accountable to all of us.

We can certainly express our opinions to them via letter, telephone, fax-machines, and if necessary, a petition for a recall election.

The right to self-government must be maintained by vigilance and active participation.

Allison Reunion Held June 23

The descendants of the late Redmon and Betty Allison met at the Carbon School Cafeteria Saturday, June 23, 1990.

Those present were: Ha-

rold and Jean Allison, Ethel Allison and Sammy Allison of Muleshoe; Allison and Winnie Dingler of Granbury; Larry and Gwen Allison and children of Ballinger; George

TDH To Hold Immunization Clinic July 12

Texas Department of Health, 611 West Commerce in Eastland will hold two immunization clinics in July in an effort to ease overcrowding. The clinic dates for July are Thursday, July 12 and Wednesday, July 18. Immunizations will be given from 10:00 a.m. until 11:00 a.m. and from 1:00 p.m. until 3:00 p.m. Patent or legal guardian must be present to bring the child's immunization record. Cost of the immunizations are based on a sliding scale. For more information call 629-1788.

Public Invited To Join 'Friends Of Music' Group

The Eastland Music Study Club invited persons from this area who enjoy music to join the "Friends of Music" group. Frances Bishop, chairman of "Friends of Music," says the organization had 18 members last year, and she hopes for even more for the 1990-91 season.

This auxiliary group is composed of people who appreciate music but have limited time for club work. Members have a number of privileges associated with the Music Club, including invitations to musical programs during the year.

An exciting Music Club year is being planned right now by the Program Committee, Mrs. Bishop says. "Friends of Music" dues are only \$3 annually, and these may be mailed to Frances Bishop at Box 911, Eastland, Texas 76448.

Ruth Stewart, M.Ed.
Q. I need help in communicating with my husband. I try to talk to him, but he just doesn't understand my feelings. Do you have some ideas to help improve my skills?

A. The problem you describe is an all-too-common one that causes marriages to stay in shallow waters. May couples never attain the depths of love and compassion for which they long. Everyday words just do not provide enough insight, intimacy, and understanding.

Many people have discovered, however, the language of love - creating emotional word pictures.

In the next few weeks we will explore *The Language of Love* by Gary Smalley and John Trent, PhD.

Questions should be addressed to:

Letter To The Editor

Ever since there came out on the front page of your newspaper the supposedly comprehensive history of Carbon I have been mentally composing this article for the purpose of defending the record of that once-prosperous little cotton and peanut town. Some of the discrepancies contained in your coverage are treated hereinafter.

Firstly and foremost in view of its impact on Carbon comes the correction of your remarks to; the effect that Carbon never knew an oil boom. Such tripe!! When the Pieuett Field was brought in down along the Sabanna Creek in 1918-1919, Carbon certainly bore the brunt; of the activity associated with its development. And if ever there was a typical small boom town, Carbon fitted into the mold.

All materials for the development of the field . . . pipe, surface equipment and such was shipped in to Carbon via KATY Railroad, offloaded onto wagons and hauled overland on unpaved roads the 8-10 miles to the oil field. Until you've seen it (and I have) you cannot appreciate the extent to which mules and horses can be relied upon to perform much of the heavy work associated with an industrial development.

The Bank of Carbon owned and operated a livery stable which occupied the most of the block on the southwest corner of which the bank was situated. The "skinners" who handled the freight from the railroad to the oilfield used the livery stable as a place to feed and bed their animals. Oats . . . \$1.00 per bushel. Hay - \$1.00 per bale. These prices are dredged up from an aging mind of one who was

there. My father operated the livery stable for the Bank, and I spent many late-evening hours seeing that the mule skimmers had food and bedding for their animals.

The equipment...pipe, casing and equipment...was unloaded from gondola cars along the "team track" of the railroad. In that operation a single draft animal...usually a heavy draft horse...was used with a combination of cables and "snatch blocks" to take the materials from the cars and to place them where they could be loaded onto wagons. Much of the material was off-loaded directly onto the wagons. And if you tried to support your observation that "Carbon never knew an oil boom"....I'd refer you to the mule skimmers who faced a fifteen to twenty mile round trip over a muddy road just to keep; the Pieuett Field going.

Thousands of board feet of lumber went into the construction of the drilling - pumping derricks. This had a direct impact on one of Walter Gilbert's enterprises other than his fictitious handling of the coal market. He managed the Carbon installation of Cameron Lumber Company. Sold a lot of rig lumber. It was said that Mr. Gilbert was a partner to Cameron Lumber.

Carbon at that time supported two major "General Mercantile" businesses. One was "Carbon Rading Company" which was founded and operated by Wirt Speer. The other was "Gorman Brothers." They competed for the business of the farmers of the community. Woodrow Speer was the son of Wirt Speer. Frank Stubblefield came into the picture long after Carbon Trading Company had to repair its store front.

Gorman Brothers was purchased by a retired M.D., a Doctor Wilson. He expanded the business to include a lumber yard. My father managed the lumber yard and the

hardware department of "Wilson" until it was destroyed by fire in the early thirties.

And back to the Pieuett Boom. All the standing room inside Yarbrough's Drug Store...known in those days as "Carbon Drug Store" would be occupied almost every evening by a wide assortment of lease hounds, mule skimmers, and a full range

of promoters and fast buck artists.

To cut this off before it becomes boresome...Carbon during the early twenties (before the period of time you were familiar with its development) was a thriving little cotton-and-corn town. At its peak in the late twenties it supported two (not one) blacksmith shops, two banks...Bank of Carbon and

First State Bank of Carbon; two gins (cotton gins, that is) two restaurants; a grist mill; Dingler's Hardware Store; two shoe-and-harness shops, a Ford agency...Carbon Motor Company, and with a bit of persuading Zin Phillips could arrange the delivery of a new Chevy.

And finally.....For Heaven's Sake stop referring to that animal whose regal rack of horns adorned the wall of Edgar Yarbrough's drug store as a moose. That was an elk which, according to tales told years ago was taken from the Jackson Hole Country of Wyoming by either Edgar Yarbrough or by "Black Walter" Gilbert...a cousin (I think) to your fictitious coal merchant. Could have been they had to share the honor of taking the beast. But the responsibility for taking the animal and bringing it past the taxidermist to adorn the wall of Carbon's Drug Store is dimmed by the prattle of a totally uninitiated citizen who re-identifies it as (for Pete's sake) "a moose."

I'd like to comment on the handling of watermelons but the details are so ludicrous as to make them much less than newsworthy.

I.W. Ussery

Carbon High School Class of 1928

PS...for what it's worth....

There was indeed a "Mrs. Boston" in the hacyon days of Carbon. Mrs. Boston owned and operated the Boston Hotel, which was situated directly across the street from the Katy Railroad Depot and across the street to the east of the hotel...the Commerical House. Mrs. Boston's son, Tom, was the local agent for M.K.T. railroad. The hotel was a popular boarding place for the local school teachers.

And A A Davis was the editor/publisher of the "CARBON MESSENGER." Mr. Davis had been the publisher of the forerunner of the "Messenger"...the "Herald," which was jokingly referred to as the "Carbon Headache." Mr. Davis was also Merritt Dunn's step-father. See if you can find someone who knows where Merritt Dunn got the name... "Wolf Eggs."

And among other little-known facts concerning Carbon is that the town once sported a "Marching Band." This I know, as I had a cousin who played alto horn in the band which (the band) was then trained by a Mr. King.

There's just a whole lot of things about Carbon which

have a certain appeal to many people. But to attempt to relate those incidents without a bit of factual research is ludicrous, to say the least.

VFW And Ladies Auxiliary Elects Officers June 30

The Veterans of Foreign Wars and the Ladies Auxiliary to the Veterans of Foreign Wars, Department of Texas, held its election and installation of officers on Saturday, June 30, 1990 in San Antonio at the State Convention. Pharmacy Topics

By Bob Mueller

Children with chicken pox seem to get better faster when treated with acyclovir, a widely used antiviral drug, according to a study at the University of Minnesota. The severity of the illness is reduced, too.

The University of Southern California's School of Dentistry has done a five-year trial of a new dental "anesthesia" that doesn't use novacain or needles. Instead, low level of electrical current blocks pain signals.

On the way to a vaccine against Lyme disease, researchers at the University of Wisconsin have come up with a serum that prevents laboratory animals from developing symptoms.

For those who have difficulty digesting milk, adding a little chocolate helps. (Mama knew this -- but researchers at the University of Rhode Island checked it out scientifically.)

New once-a-day antibiotic, cefixime, is effective against many bacteria resistant to amoxicillin. It's available in both pediatric and adult dosages.

When new drugs became available, you'll find them at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347.

Engagement

Endsley-Thompson

Mr. and Mrs. Brian Endsley of Kansas City, Missouri, and Mr. and Mrs. Bruce Stovall of Cisco are pleased to announce the engagement of their daughter Debbie to Brad Thompson, son of Mr. and Mrs. Doug Thompson of Weatherford.

The bride is a graduate of Cisco High School and will be a junior at Angelo State

University in the fall.

The groom is a graduate of San Saba High School and McMurry College. He will be teaching and coaching in Grape Creek, Texas.

They will be married on July 28th at East Cisco Baptist Church at 11 a.m.

The couple will make their home in San Angelo.

Tarleton University Names Spring Semester Honor Roll

The A and B Honor Roll and Distinguished Student list for the Spring 1990 semester has been announced at Tarleton State University.

Included on the list were 237 students making the A Honor Roll and 762 making the B Honor Roll. There were 796 Distinguished Students named.

Miears-Wykes

Mr. and Mrs. Bill Miears of Gorman announce the engagement of their daughter, Dara DeAnne Wykes, to Dean Vincent Connolly, son of Mr. and Mrs. Eugene Connolly of College Station. The bride-elect is a 1989 graduate of Gorman High School and is a sophomore at

Texas A&M, majoring in aerospace engineering.

The prospective bridegroom is a 1987 graduate of A&M Consolidated High School in College Station, and is majoring in education at Texas A&M.

An August 25 wedding is planned at First Baptist Church of Gorman.

Jernigan-Whetstone

Mr. and Mrs. Larry Jernigan would like to announce the engagement and approaching marriage of their daughter Patricia Colleen to Phillip James Whetstone, son of Mr. and Mrs. Kenneth Whetstone. The couple will be united in marriage on Sat-

urday, July 14, 1990 and plan to make their home in Cisco.

Kokomo News

By Zelda Jordan

Aren't we thankful for air conditioning while the temperature hovers around the 100 degree mark. There isn't much we can do about the yards, gardens and crops burning up, unless you have plenty of water for them. We don't, and our intentions for having plenty of good fresh vegetables just may not materialize.

Visitors at the Kokomo Baptist Church on Sunday morning were Jim, Wilda and Becky Rodgers of Midlothian and Betty Little.

We extend our sincere sympathy to the family of Neil Eaves who passed away on Tuesday, June 12, and was buried in the Simpson Cemetery following funeral services at the Edwards Funeral Home in Eastland on Friday. Neil was a brother of Delmon F. Eaves and a former resident of Kokomo.

Mark Eaves of Arlington and Randy, Deliah and Christopher Lewis of Ennis came for their uncle Neil's funeral and visited with their parents, Delmon and Joyce Eaves. Deliah and Christopher remained for a visit until Tuesday, and Delmon and Joyce carried them home and remained for an overnight visit.

Verna Laminack of Lake Jackson also visited in the Eaves home and attended her brother Neil's funeral. The children of the late Mr. and Mrs. Peak Neil, Almos Neil of Brownfield, J. B. Neil and Billie Jean (Tooter) Bingham of Lamesa and Al and Jo Ann Ballard of Midland attended Neil's funeral and visited in the D. F. Eaves home.

A very large crowd of relatives and friends attended the funeral for Neil Eaves, but I don't have a list of them.

A lot of them had attended the Eaves Family Reunion on Sunday, June 10 at Kokomo Community Center. They reported they had a wonderful time and lots of good food. Ruth and Rodney Spencer

of Boerne, Jim, Wilda and Becky Rodgers of Midlothian, Bruce Rodgers of Fort Worth and Berneice Rodgers were visitors with Cullen and Ava Rodgers during the weekend.

Mrs. George (Yvonne) Hoover of Ontario, CA, Bro. Joe O'Neal, Valeta Richardson and Ruth Bryant visited with Nancy Hendricks.

Joe and Barbara Fields and children, Michael, Caylea, Lisa and Falyn of Bryan visited with his parents, Mr. and Mrs. Vernon Fields, and Lindell during their vacation. Richard and Teresa Nachtigall and Taylor and Trevis of Morgan Mill also visited them. Lisa remained for a visit with the Nachtigalls and attended church camp at the Lake Brownwood Christian Camp with Teresa and Taylor last week.

Dwayne Snider of Stephenville and his mother, Mrs. Hazel Snider visited the Church Camp at Lake Brownwood on Monday night for a supper visit with Connie and Lisa Snider and Belinda Snider.

Roddy, Glenda and Sheri Miles of Abilene had Father's Day dinner with her parents, Glenn and Zelda Jordan.

Rev. and Mrs. Jimmy Nelson and Teresa of Obregon, Mexico were visiting last week with their son, Travis Nelson, and Mr. and Mrs. Clifford Nelson and with Mr. and Mrs. Gary Danley of Fort Worth. Travis accompanied his parents back to Mexico for a visit before he leaves later this month for the U. S. Air Force. Teresa remained in Fort Worth with her sister and brother-in-law Tena and Gary Danley so she might take drivers-ed this summer.

Stacy and Brenda Webb, Jacob and Kaci of Comanche and David and Judy Porter, Scarlett, Amanda and Sarah of Round Rock spent Father's Day with their parents, Oren and Norma Webb and it was also a birthday celebration for Oren who's birthday was June

16. They all attended Jacob's little league baseball game in Comanche on Saturday night. Jacob plays catcher for the "Cowboys" team and he hit a home run in Saturday night's game which they won 12 to 4. Congratulations to Jacob and his team. Scarlett and Amanda remained for a visit this week with their grandparents.

Cody and Jarad Falls of Arlington and Emily Little of Eastland spent Saturday night with their grandparents, the Jimmy Littles.

SHERI LYNN MILES

Sheri Lynn Miles, 17, is the daughter of Roddy and Glenda Miles of Rt. 4, Abilene, and the granddaughter of Glenn and Zelda Jordan of Rt. 1 Gorman and Mary Miles of Abilene and the late J. Conley Miles.

Sheri was the valedictorian of the 1990 Merkel High School graduating class with a grade average of 99.075. Commencement was June 1.

She was a A honor roll and Academic A-Team all four years in high school and a member of the National Honor Society her Junior and Senior years.

Other honors and activities include Who's Who in Psychology, Class Treasurer and FHA Historian her sophomore year; Who's Who in English III her Junior year and Exchange student of the month her Junior Year; Who's Who in Calculus, Merkel Exchange Club Student of the month and a nominee for Miss MHS her senior year. She was a member of the Student

Council for three years, a member of FHA and was in the UIL One-Act Play her sophomore year, a member of the Peer Assistance and Leadership Club her Junior and Senior years, a member of the Students for Sobriety, the Badger Boo Crew, Senior Play and Yearbook staff her senior year.

Sheri played volleyball, basketball and ran track her freshman year and played basketball her sophomore year.

She received the Valedictorian Scholarship from the F & M Bank of Merkel, the Texas Tech University Arts and Science Quest for Excellence Scholarship, Ex-Students Valedictorian Scholarship and Texas Tech Valedictorian Scholarship.

Her future plans are to attend Texas Tech University at Lubbock to seek a degree in Mass Communications and plan a career in Photojournalism or Broadcast Journalism.

Sheri is a member of the Tye Baptist Church and active in the Church Youth Group and served a Vacation Bible School Aide.

HSU White Horses Visit Schools

The Hardin-Simmons University White Horses made over 18 visits to churches and schools during the 1989-90 school year, according to a yearly report on the White Horses.

Dr. W. O. "Bill" Beazley said, approximately 3,076 children petted or sat on the horses during the school year and the horses were presented in over 12 parades. Several tours of the stables were given to school and church groups.

Dr. Beazley spoke about the White Horse tradition at HSU, within the school year, to eight different civic organizations.

The team would like to express their thanks to the team sponsors: Petro Starr and M & M Drilling. (Photo Courtesy of Cotton's Studio)

Lions Club: "Yes-- It Was Worth It"

By BOB SNYDER

The day began early for Ivan Webb and his fellow Lions of Cisco in preparing for the annual barbecue plus setting up for their ring toss, dart throw and a baseball throw as well as assisting other organizations in setting up for the day's activities. Preparations began many months prior to the big 4th of July celebration in Cisco but in the final account of what one does or does not do one gets only 10% for planning and 90% for execution.

The events behind the scenes cannot be overlooked. Lions Frank and Lefty Young doing acrobatics in getting a 75-pound fan attached to the ceiling of the pavilion only to find out that the monster didn't work. The trick of getting a band to play into the late evening for only drinks and a big barbecue sandwich. Darts being thrown at Lion Bob Snyder instead of at the balloons. Lion Ronnie Ledbetter getting beat at the baseball throw by a 6 year old. Lion J.V. Heyser serving two pound barbecue sandwiches instead of the appropriate 1/4 pound. Lion C.B. (Runt) Dill using his fingers to check the electrical system. Lion Jerry McBeth coming up with change for \$20.00 bills all day. From early in the morning into the evening the Lions were there to include of course the break down which carried on into the late evening hours of the 4th after most of us were relaxing after a great family outing.

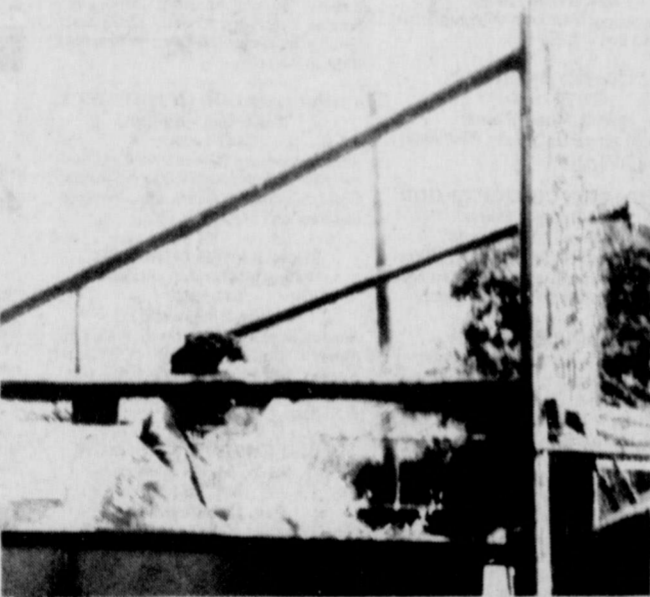

The biggest question for many of the Lions late in the evening of the 4th of July - "Was all the effort worth it?" But when that hard working

Lion thinks back over the day and remember the smiles on the children's faces and the laughter of the adults and of course the final count of the money made by the Cisco Lions Club to be used to help the less fortunate children of our area there is but only one answer - YES SIR, IT WAS WORTH EVERY DROP OF SWEAT AND MORE! -

Bible Baptist Youth Plan Bake Sale

The youth of Bible Baptist Church will have a bake sale from 8:30 a.m. until 12 noon Saturday, July 7, at Thrift Mart. Money raised from the sale will go toward a trip to Six Flags for the youth.

"CHEER" WORKSHOP FOR AREA GIRLS

WHAT: Cheerleading Workshop sponsored by the Cisco High Varsity Cheerleaders
WHO: Any girl that will be in the 3rd through 12th grade.

WHEN: July 23 - 27, 1990 8 a.m. - 11:30 a.m. Monday - Friday.

WHERE: Cisco High School

COST: Camp cost is \$27 which includes a specially designed T-shirt or \$20 and no T-shirt.

CHEERLEADING can be a valuable experience for anyone. Girls will learn cheers, chants, spirit dance, etc. Refreshments will also be served. Money earned will fund activities the cheerleaders sponsor through the school year. Daily awards will be given plus everyone will receive a certificate at the end of the week. Pictures will also be available - more information on this later. To enroll your child, please send in the following forms to Cisco High School, Front Street, Cisco, Tx 76437, Attn. Susan Watts or bring forms to the Cisco High School Office between the hours of 8 a.m. - 12 noon or 1 p.m. - 3 p.m. Please register your child by July 16, 1990. We are looking forward to an exciting week with the girls!
