Public Hearing On Proposed Hospital Tax Hike Monday At Hilton Center been successfully "turned In addition to the tax A public hearing on the

proposed tax rate hike for the Cisco Hospital District will be held Monday, Sept. 24, at 6 p.m. in the Hilton Community Center, according to Bob Connor, hospital board president. The public is urged to attend this important hearing. The Cisco Hospital District

is attempting to increase its tax rate to a point which promises to support the operation of E.L. Graham Memorial Hospital, which has been closed since August 25.

The new tax rate, 50 cents per hundred dollar valuation, will establish a firm base for the hospital when it is reopened, Mr. Connor said. That amount would generate some \$500,000 per year.

money, a start-up fund of some \$300,000 must come from other sources, and community leaders are planning an organization to attempt raising that amount. This will be used in physician recruitment and alternative health care delivery services.

Plans call for the Graham Memorial Hospital to reopen in October. A hospital management firm, Preferred Management Corporation of Shawnee, Oklahoma, will manage the hospital. The corporation is currently managing 11 hospitals, all in rural situations similar to Cisco's and each engaged under similar circumstances. Each of these hospitals, in Texas, Oklahoma and Kansas, has

The hospital board, in consultation with the management firm, has deemed the 50 cent rate necessary to operate the hospital on a sound basis. The board president said, "By keeping the hospital, Cisco stands to gain, in addition to convenient and adequate health services, opportunity to recruit new physicians for the town, and retain local ambulance service from the hospital base rather than out-of-town service, which result in emergency service delays."

The approximately \$1,500,000 annually generated by the hospital will be retained in Cisco, and medicare and medicaid payments will be used in Cisco treatment rather than other locations. The aged and poor of the town can be served much better in a local health facility, Mr. Connor added.

CJC Has Record Enrollment

A record enrollment of 2,068 was reported to the Board of Regents at its regular meeting on September 17. The Board learned that the Cisco campus enrollment of 746 is the biggest it has been since 1972.

On campus enrollment is up 5.2% and off campus is up 11.7% over the Fall 1989. On campus academic semester has increase by 20.6% over last fall, but vocational decreased 6.6%. Off campus academic increased by 41.6% and vocational decreased by 17%.

The Board approved a full math position in Abilene and authorized the hiring beginning with the spring semester, 1991.

In other business, the Regents heard the following:

* Report on search for faculties in Abilene for academic classes.

* Report on the postponement purchase of computer hardware and software for the Study Skills Center. * Report on Lions Club

Bowl game.

* Report on vocational program evaluation.

* The Board also dealt with routine personnel matters.

The next meeting of the CJC Board of Regents will be October 8, 1990.

No one is born with prejudice. It is acquired. But once acquired it is hard to disarm. It is one of the most difficult obstacles to combat. The word is derived from two words which mean "to judge before" or "to judge ahead of time." In other words, to prejudge before having heard. It exists when a person is down on something he isn't up on. It is based on feeling rather than on reasoning and understanding. It usually comes from pride, anger, greed or jealousy.

Lots of people think they have convictions...when they only have prejudices. Convictions grow out of opionions formed after considering both sides. Prejudices grow out of opinions formed without taking the trouble ... or really wanting ... to hear both sides. All of us have our full share for both.

Sometimes it's hard to tell which is which. We cling stubbornly to inherited or selfevolved opinions...'believing' they are right. There is a test we can take ... the test that will tell us in a hurry whether what we are sounding off about so loudly is a conviction or simply a prejudice. "How does the opinion we hug to our bosom jibe with the Golden Rule?"

We think the question has significance? Don't you?

New Record Setters In Texas

Have you or someone you know set a Texas Parks and Wildlife Water Body Fish Record. More than likely you have, this is a program so new many lakes have no entry in any species catagory. None of our country lakes are represented and very few in our area. Anything from Warmouth to Carp, bass to channel catfish.

Anglers may write to Texas State Fish Records Committee, Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, TX 78744 for forms.

The following are a few lakes I felt everyone might be interested in seeing the current water body fish records. Some are local and some are a little further off.

Amistad - Carp, 10.54 pounds, Lauren Boston; Largemouth Bass, 15.58 lbs., Jay Hiler; Smallmouth Buffalo, 28.13, Charles L. Boston; Striped Bass, 45.00, Tom J. Reavis.

He states that Eastland County needs more Foster Parents - right now. Only a few homes in the County are certified to keep foster children.

Classes For Foster

Rodriquez wishes to emphasize the need for families to accept sibling groups. There is also a definite need to minority families to accept children.

He also points out that new laws have changed various aspects of foster parenting. Foster parents can now become eligible to adopt children, including those they keep. Single people can now be Foster Parents, and couples where both the husband and wife work away from the home can become Foster Parents

So a number of things about Foster Parenting have changed - but some things never change. That's the need for kind, loving, patient people who will make a commitment to helping chil-

Foreign Farm Owners Reminded Of 90 Day Rule

Jerry Harris, Chairman of the Texas State Agricultural Stabilization and Conservation Committee, reminds foreign investors who acquire or transfer any interest other than a security interest in agricultural land to report the transaction within 90 days.

"The Foregin Disclosure Report is still required by

law," said Harris, "and those who are late in reporting or who fail to report face possible penalties." The report must be filed if all or part of the agricultural land is sold, or the title is transferred to another person, he explained. ASCS is responsible for

keeping track of how much

agricultural land is owned or

REALTOR-

controlled by foreign individuals or interests. Foreign investors have reported owning about 12.9 million acres of agricultural land in the United States.

According to Harris, a foreign disclosure report must be filed when a single foreign individual, organization, or government holds a direct or indirect interest of 10 percent or more; when a group of foreign individuals, organi-

zations, or governments, acting in concert, hold a aggregate interest of 10 percent or more; when a group of foreign individuals, organizations and governments each with less than 10 percent and not acting in concert hold an aggregate of 50 percent interest in more in agricultural land.

"Agricultural land is any tract of more than 10 acres season approaches, the probnow in agricultural, forestry, or timber production. This includes land in agricultural use when purchased, as well as land later converted to agricultural use," Harris said. Foreigners who own or have an interest in 10 acres or less do not need to report unless annual proceeds from the sale of agricultural products grown on these acres exceed \$1,000.

The ASCS official explained that interest means any right, title, or legal share of ownership in agricultural land, such as partnerships, trusts, estates, or shares in a corporation that owns agricultural land.

Eastland County Bass Club Report

Burgess wins at Lake Leon Ciuck Burgess won the weckly open jackpot held by the E. C. B. C. on Lake Leon Sunday, Sept. 16th. Chuck had two fish to finish ahead of 15 other angless. Coming in second was Bud Wood with one fish. The next E. C. B. C. open jackpot will be on Sunday, Sept. 23 from 5 to 8 p.m. Headquarters will be at the ramp at Chock-O-Block. Also Chuck Burgess finished in fourth place in the MCMH tournament held on Lake Granbury on Sept. 16th. Congratulations, Chuck.

The E.C.B.C.'s top six anglers for the year are now final. They are Butch Willingham, Gary Harton, Tommy Maynard, Terry Wilson, Jimmy Johnson and Tony Wells. These anglers have qualified for the Honey Hole BCH Top-Six tournament to be held in October on Lake Whitney. Also the E.C.B.C.'s Angler of the year is Butch Willingham.

Plans are in the works for the mini-classic to be held in October. The top 16 anglers will fish a draw event on two different lakes. Money that the club has designated as mini-classic money will be paid to the anglers. In the mini-classic, the top 8 place furnish the boat and draw partners from the second 8

anglers. On the second day, the same anglers who furnished boats on the first day will draw for different partners. This is a good way to learn different fishing techniques and different parts of the lake to fish. There will be more information on this later. Remember the next open jackpot on Sunday Sept. 23. This jackpot is open to anyone who wants to fish even if you don't have a boat. There will be someone that would be glad to take you.

The E.C.B.C. would like to invite members to come to the next club meeting on Oct. 4, 1990 at the Eastland National Bank. This meeting will start at 7:30 p.m. If anyone would like more information about our club call Gary Harton at 647-3888 or any active member that you might know.

First State Bank Folds In Eastland

Depositors and others who previously conducted business with First State Bank of **Rising Star in Eastland will** now conduct business with the parent facility in Rising Star, Saran Anderson, an E FDIC official told this newspaper Friday morning.

Customers may continue to use check blanks on the bank, he said, and these will be honored.

A telephone call to the First State Bank of Rising Star in Eastland Friday morning was answered: "FDIC", by an Eastland County Sheriff's Dept. deputy.

The deputy explained that the Sheriff's office was notified at 3 p.m. Thursday to provide security for the East Main St. facility, which was being closed.

Its parent bank, First State Bank of Rising Star reportedly was to re-open Friday morning as the Peoples State Bank of Clyde. Another sister facility, First Comanche Bank, was not expected to reopen, an FDIC spokesman said.

Employees of the Eastland facility, which has been open for about three years, were to learn Friday morning if and where there services would be needed.

No bids were received for the Comanche bank which had about \$34 million in assests and depositors will be paid, the FDIC said.

An FDIC spokesman said the Comanche bank failed formally accepted into the because it made loans that club, Mrs. Flora McCanlies borrowers failed to repay.

failed largely as a result of poor quality loans made by prior bank management, coupled with a locally depressed real estate market. The capital deficiency could not be remedied.

All records and data at the Eastland facility was being transferred to the Rising Star facility, where depositors and others may secure further information.

20th Century **Club Hold First Meeting**

The 20th Century Club held its first meeting of the fall season at the Cisco Public Library on Friday, Sept. 8 at 2:30 p.m. with president Audye Wagley presiding.

The summer events at the library were reviewed with special praise given librarian Linda Beebe for a very successful reading program, comprising 30 eager readers. Due to programs such as these, many new readers have become new members of the library. The library committee reported that volunteers had mended 82 books during

the summer; shelves had been dusted and books relocated. The new year books were distributed with special thanks for the Program Committee's work in writing and collating it.

Plans for the Texas Association Fiddler's Contest on Old Rip Day in Eastland are coming right along, says Robert D. Weeks, Contest Director.

James T. Wright will be Master of Ceremonies for the big event, which will be held on the south side of the Courthouse, beginning at 5 p.m. Oct. 6 Fiddle players, guitar pickers, other musicians and lovers of traditional music are expected to fill the courthouse square.

Weeks says there will be four Divisions in the Contest: Ages 0-17, 17-35, 36-60, and 61 and up. All first place winners will have a prize of \$75., with second \$50., third \$35., and fourth \$25.

The winners in all divisions will have a Grand Champion Play-off, and prizes will be \$80. for first and \$50. for second place.

There will also be a Guitar Contest with prizes of \$50., \$40., and \$30.

Jim Day of Burleson, President of the Texas Old Time Fiddler's Association, will be among those attending. Others are expected to come from Fort Worth, Houston, Austin, Midland, Lubbock, Gatesville and other places.

Robert Weeks says to bring your lawn chairs - come hear about three hours of some of the best fiddling and guitar playing in Texas.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Cisco Independent School District will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1989 by 7.9 percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on October 1, 1990, at 7:00 p.m. in the CISD Administration Building, 1100 Avenue I, Cisco, Texas 76437.

FOR the proposal:	Bruce Stovall, Rick Roark, Ron Rhodes, Ron Patton, Yolanda Anderson, David Callarman, Allen McGinness
AGAINST the proposal:	None
PRESENT and not voting:	None
ABSENT:	None

The statement above shows the percentage increase the proposed rate represents over the effective tax rate that the unit published on August 16, 1990. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	\$ 19,159.18	\$ 19,159.21
General exemptions awailable (amount available on the average home, not including senior citizen's or disabled person's		
exemptions)	5,000.00	5,000.00
Average taxable value	14,159.18	14,159.21
Tax rate	.9976	1.0419
Tax	141.25	147.52

Under this proposal taxes on the average home would increase by \$6.27 or 4.43 percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would increase by \$00.0443 per \$100 of taxable value or .0444 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

You And Your Living Faith

By REV. C.R. MANGONE **Interim Pastor** Redeemer Lutheran Church This is the second of a se-

ries of articles printed in your newspaper about you and your living faith. Today's word about the Word pertains to your Christian life. The subject today for you and your living faith, is about our unchanging God.

When our Lord and His disciples were invited to the wedding at Cana, He revealed His glory by changing water into wine.

While earthly substances, either by divine intervention or by a natural aging process change, God Himself is unchanging. The contrast between creature and Creator in this respect was not noted by Henry F. Lite in the hymn lines: "Change and decay in all around I see. O Thou who changest not, abide with me."

Yes, our world is full of changes as ages pass and time leaves its handwriting on all things. Haughty empires of the past lie in dust; others are ever now being carried to the graveyards of history. As for the future, "the heavens will vanish like smoke, and the earth will wear out like a grament" (Isaiah 51:6). All the while God remains constant and unchanging . Holy Scripture declares this truth as coming out of the mouth of God Himself: "I the Lord do not change" (Malachi 3:6). Again: "Thou art the same, and Thy years have no end" (Psalm 102:27).

Because God is unchanging in His nature, He is also constant in His Word, which is an unalterable on earth as it is "firmly fixed in the heavcns" (Psalm 119:89). This applies to the Law, as Jesus said: "Till heaven and earth accomplished" (Matt. 5:18). This applies also to God's promises in the Gospel. All

Post Office Announces Operaton Desert Tips

The Postal Service has some helpful hints for Americans mailing parcels or packages to military personnel deployed to Operation Desert Shield. Following these guidelines, your packages will get there promptly and efficiently.

Use a sturdy carton, large enough to accommodate the contents.

Use some form of cushioning to protect the articles inside. Seal the parcel securely. Use pressure-sensitive tape. Avoid using brown wrapping paper, cord or string on the outside.

Print the service member's name and address on the address portion of the package on one side only. It should include the service member's name, rank and service number, military organization or unit, and the APO/FPO address. It's important to have the current APO/FPO address, which should be available from that service member's base in the United
