Jo's Jottin's

Congratulations to the Cisco High School Lobo Marching Band and Director Wayne White. They brought home a II Rating from the UIL District Marching Contest held at Shotwell Stadium in Abilene Saturday. In our opinion, we have the best looking band around!

In the November 1990 edition of *Texas Monthly*, there is an article entitled "Vanishing Texas" written by Larry L. King with photographs by Harry DeZitter. In the article, King writes "My childhood theatre was the Palace in Cisco, where for 9 cents those under twelve years could enjoy each Saturday a feature movie—usually a cowboy shoot-'em-up—plus a cartoon, a newsreel, a thrilling new chapter in heart-stopping action serials, and previews of coming attractions, which established new standards of hyperbole." He goes on writing about experiences in the Palace Theatre. And he includes stories about Scranton and Putnam in the article. Interesting reading!

Bill Whitaker's column in the Monday *Abilene Reporter-News* was about Dr. Joe Stamey. It was entitled "McM scholar undecided on 'Stamey tree'." We reprint as follows:

"In case you wondered, Dr. Joe Stamey, McMurry University's deservedly honored Texas CASE Professor of the Year, has yet to decide what tree will be planted on campus in his name.

"During last week's Carleton-Willson Lectures, McMurry's president, Dr. Thomas Kim, not only presented Dr. Stamey with a

plaque from the Council for Advancement and Support of Educators (CASE) but invited him to select a tree to be rooted in his honor.

"It will forevermore be known as The Joe Stamey Tree.

"By the weekend, however, Dr. Stamey — an eminent scholar and stout wit but reportedly quite ignorant about botany — had yet to make a decision.

"He's had a lot of suggestions though," wife Sarah Stamey told me. "Some of them have said maybe a nut tree or a fruit tree. But he doesn't really know much about trees."

"Dr. Kim reportedly worried about making the unique offer to Dr. Stamey. He feared the longtime professor of philosophy and religion might pick a full-grown sequoia tree to have erected in his own honor.

"However, Sarah assures me The Joe Stamey Tree will start as a sapling.

"Dr. Kim says he's often encountered Joe Stamey's famed streak of independence. He recalled how one of Dr. Stamey's students — one irked about a rule requiring him to live on campus — even wrote a five-page dissertation on the matter, picking the rule apart with the sure logic taught by his teacher.

"That," Dr. Kim said drolly, "was the kind of person inspired by Dr. Stamey." "Incidentally, Dr. Kim thought about replying in kind, using the same tools of reason and logic. But he said usage of such tools doesn't come easy to him.

"Oh, forget it," he finally told the student, after a flustered stab at logic. "Just stay in the dorm!"

Calvary Baptist Will Hold Hallelujah Party Saturday

Calvary Baptist Church, 1801 Conrad Hilton, will host a Hallelujah Party from 7 to 9 p.m. Saturday, Oct. 27, in the gym behind the church.

The party will be for children in grades kindergarten through sixth. All of the children of Cisco are invited. This is an alternative to Halloween, trick or treats, or having the children on the streets.

There will be fun and games for everyone, including a hay ride, cotton candy, refreshments, and a treat bag to take home.

Clothing Bank Now Open At Wesley Methodist

The First United Methodist Church and Wesley Methodist Church clothing bank is open at Wesley Methodist Church, located at East 11th Street and Avenue A.

The clothing bank has good warm clothing available for all members of the family. They also have several good coats which can be distributed to those needing them, a church spokesperson said.

Service Club Selling Tickets For Quilt

Cisco Service Club will be selling fund-raiser tickets for a quilt made by the club members to celebrate the fiftieth anniversary of Cisco Junior College.

The pieced and tacked quilt is 62x62, a perfect size for a wall hanging, lap throw, or stadium blanket. The quilt is a blue and white variable star pattern surrounding a medalion center. The center is applied with a gray 50 outlined in red with a blue CJC overlay. The 50 symbolizes the fifty years of excellence in education by Cisco Junior College.

Tickets will be sold for \$1 at C.J.C. home games, Dean

Loboes Travel To San Saba; JV To Play Here Thursday

The Cisco Loboes, with three games remaining on the schedule, travel to San Saba Friday night for a game at Student Council Observing Red Ribbon Week.

The Cisco High School Student Council would like everyone in the community to join them in supporting Red Ribbon Week, October 21-29. This national campaign seeks to present a unified and visible commitment toward the creation of a drug-free America. The red ribbon symbolizes a healthy, drug-free lifestyle—no use of any illegal drug and no abuse of any legal drug.

Many times the world of the high school student is removed and separated from the world of adults. But in the national war on drugs, high school students are front-line troops. And while not all battles in that war result in victory for our nation, on the high school scene, the news is encouraging. The latest annual survey shows that drug use among seniors is at its lowest level since the survey began in 1975.

There is still much to do because we all know by now the terrible toll that drugs take. They destroy lives, and the tragedy is compounded when the victims are young people who are just reaching adulthood.

The CHS Student Council has been urged by the U.S. Drug Enforcement Administration and the National High School Athletic Coaches Association to observe the period from October 21-29 as Red Ribbon Week. We would like you to join with us in asking that we all think hard about drug abuse and resolve once more to fight it at every turn. When you see red ribbons in various places this week, let it be a reminder that Cisco High School students are pleased and proud to join in this campaign.

Drug, or by any club member. The quilt will be displayed at Dean Drug, CJC games, and the CJC bookstore. A drawing will be held to determine the winner at the CJC homecoming game November 17, 1990.

7:30 p.m.

The Loboes were defeated by a speedy Bangs Dragons 43-to-14 last Friday night at Bangs. This was the Loboes' third loss of the season.

San Saba has a very strong team and defeated the Eastland Mavericks 27-to-3 last Friday. San Saba enters this week's action with a 6-0-1 record. Cisco is 4-3 for the season.

In other 8-2A action Fri-

day, Goldthwaite is at Coleman; De Leon at Eastland; and Bangs at Ranger.

The Cisco Junior Varsity will meet the San Saba JV at 6 p.m. Thursday at Chesley Field.

The seventh and eighth grade junior high teams travel to San Saba Thursday with action set to begin at 5 p.m.

A large crowd is expected to follow the Loboes to San Saba.

TRICK OR TREAT HALLOWEEN

Ghosts and goblins will trick or treat in Cisco on Halloween Night, Oct. 31, it has been reported.

Eastland County Selected As Pilot For Extension Service

County Commissioners Monday approved the purchase of computer equipment and accepted a participating agreement with the Texas Extension Service. David Tunmire, County Extension Agent (Agriculture) brought the request to the Court.

Under this agreement Eastland County will become the pilot county for advanced agricultural technology in District 8. This District consists of 18 counties in North Central Texas, with headquarters at Stephenville.

The new computer and equipment will be installed in the Extension Service office at

Eastland, and tied directly to Texas A & M University. The County will pay approximately \$1500 as its share (one-fourth) of the computer printer, supplies and service contract. The state will pay the other three-fourths.

Tunmire described the computer as state-of-the-art equipment, and told of advantages of having it here. The equipment would be very useful in handling data from experimental work, he said, producing graphs and charts for clientele. Being on-line to A & M would make information accessibility faster.

"When we call A & M we'll

get VIP treatment," Tunmire said. He added that Eastland County would have access to advanced programs coming from the University.

This top-line equipment, which would include a laser printer and fax machine, was also described by the County Agent as an "addition" and "enhancement" to present equipment in the Extension office. It is not a replacement, he said.

Tunmire noted that the pilot program would help make Eastland a "showcase County" for Extension work in the District and State.

ESCO Elevator Gives Extended Service Contract To County

County Judge Scott Bailey brought at letter from ESCO Elevator Co. of Fort Worth to the Commissioners Meeting Monday. This company installed the new Courthouse elevator, which has been out of service a number of times since installation.

The company apologized for the excessive amount of trouble the elevator breakdowns had caused, and said personnel would continue to monitor the equipment. ESCO offered to extend a 3-mo. warranty and extra 9 months, with no additional charge to the county.

The Commissioners accepted the offer of the extra service guarantee. Judge Bailey said a letter will be written accepting this offer.

The Commissioners said the elevator had been working well for a week now, and they did not really anticipate any more problems. They also said a carpet could be installed in the elevator by a local contractor.

On another matter, Buddy Notgrass, who owns property between Carbon and Long Branch, asked for clarification of an order to close a portion of County Road 397. He said a sign had been placed where it was cutting off access to his property.

The commissioners assured Notgrass that the closing of a portion of the road on washed-out Greer Creek were not meant to deny him access. Signs showing where the road had been closed had been correctly posted, but someone had apparently moved a sign to the Notgrass property.

L. T. Owen, Pct. 3 Commissioner, said he would see that the sign was returned to the proper location.

Another agenda item concerned the renewal of Fire-fighting Contracts with the cities of Eastland and Cisco. Renewal of the contracts was approved by a vote of 3-1, with Commissioner L. T. Owen abstaining from voting.

Also approved was the County's Computer Service Contract with Harley Gwyn. His work was described as very satisfactory.

Billy Bacon, Commis-

sioner of Pct. 4, gave the Jail Standards and Jail Inspection report. Bacon said the jail was in great shape, with a total of 13 prisoners in the facility. Three of these were reported to be on bench warrants, two for TDC, and one held on a "Blue" warrant.

On another item, Bacon reported that all the rural road signs were not up yet in Precinct 4. He planned to drive the roads and see what needed completing.

'Bind Us Together' To Be Presented At Calvary

"Bind Us Together" is a musical celebration of The Family and will be presented at Calvary Baptist Church at 6 p.m. Sunday, Oct. 28.

It is a call to family commitment, according to Rev. Ronnie Shackelford, pastor. "It is a worthy experience that exalts the One who not only created the family but who is also able to recreate the family," Rev. Shackelford said.

The Music Ministry Department of Elmcrest Baptist Church of Abilene will present this heart stirring musical production to Calvary.

"Bind Us Together" was written by Steve and Annie Chapman and Dennis and Karla Worley, and was arranged by Fletch Wiley. It will feature many soloists and ensembles that make up a cast of approximately 50 people.

Rev. Shackelford said, "It is a rare opportunity for our church to be able to host such a production and we want to invite everyone in the community to come and enjoy this night of worship with us."

Food Pantry Plans Annual Stew Supper November 6

Eastland County Food Pantry located at 204 N. Lamar, Eastland, will have their third annual Stew Supper November 6 from 5:00 to 7:30 at Camp Inspiration. Tickets will be \$4.00 for adults, \$2.00 for children. Supper will consist of all the stew you can eat. Cornbread or crackers, coffee or tea and fruit cobbler for dessert. Remember to go and vote then come and eat stew with us.

Eastland County Food Pantry has served a total of 257 families with a total of 812 members in these households from October 1, 1989 to September 30, 1990. Towns and communities served are as follows:

Make A Miracle Has Speakers Available Here

Make A Miracle OTTA (Organ Tissue Transplantation Awareness) was formed in March, 1990. Application into the coalition on Organ Tissue Transplantation Awareness of the Dallas and Fort Worth metroplex was submitted in May, and acceptance into the Coalition was granted in June.

The local organization was the first of its kind to be granted membership into the Coalition, another first for Cisco. Cisco's organization is referred to as the first Satellite.

Nelson and Mildred Geist of Scranton recently attended the Coalition Speakers' Bureau Training held at the Southwest Organ Bank in Dallas. It was a very informative program. Speakers are available for school and civic organization programs. For anyone interested in engaging a speaker, arrangements can be made by contacting Mildred Geist at 442-1528 or Penny Fields at 442-3535.

By Mrs. Luke Huskey

Mrs. Ruth Baker of Red Oak visited with her mother, Mrs. I.L. Walker, last Tuesday and Wednesday.

Bryant Edwards is recuperating at home after an extended stay in Humana Hospital, Abilene, for treatment.

Elma May Huskey visited with Mrs. Fairy Thompson and her sister-in-law, Mrs. Eddie Smith, in Bridgeport, a few days last week.

Mr. and Mrs. Eddie Sunbeck and Mrs. Dorothy Swenson of Austin spent the weekend with their cousins, Mr. and Mrs. E.C. Collinsworth and Mildred Smith.

Mr. and Mrs. Sam Brewster attended the funeral for her sister, Mrs. Nell Smith, in Cisco last Monday. Mrs. Smith passed away in an Abilene hospital. Burial was in Hot Spring, Ark.

Funeral for Donald Ray Hensley, 28, was held Oct. 13 in Fresno, Cal. He was born Jan. 6, 1962, in Hawthorne, Cal. Burial was in California. Survivors include his wife, Debbie Whitt Hensley; a daughter, Darcy Hensley; his parents, Mr. and Mrs. John Hensley of Fresno; two brothers, Johnny Hensley of California and Danny Hensley of Dallas; two sisters, Jeraldine Redde of Fresno and Delores of Tennessee; nieces and nephews.

Mr. and Mrs. Joe Hardin will be honored with a reception Saturday, Nov. 3, from 2 to 4 p.m. at the Moran Community Center. Mr. Hardin has been manager of the local West Texas Utilities Co. office in Moran. He is being transferred to Spur. The public is invited.

Mr. and Mrs. Dennis Odell of Abilene are the proud parents of a baby daughter born Monday, Oct. 15. The daughter

weighed seven pounds and five and a half ounces, and was 20 1/2 inches long. She was named Rence' Lee.

Grandparents are Mr. and Mrs. Sammy Simmons of Moran and Mr. and Mrs. Digger Odell of Abilene. Mrs. Ouida Eubanks of Abilene is the maternal great-grandmother.

The Moran Bulldogs beat the Newcastle football team with a 58-to-25 score Friday night. Good game, boys, keep it up.

The Bulldogs plays Lueders-Avoca Friday night, Oct. 26, in Lueders, starting at 7:30 p.m.

Moran and community are having some beautiful weather. A cold norther blew in Saturday night with strong wind. A large frost came Sunday night. Some damage was done from the frost. About 1/2 inch of rain fell Saturday night, which was needed. A good rain is always welcome and appreciated.

Mrs. Velma Bigsby of Midland has been visiting Mrs. C.A. Edwards for the last two weeks.

Lobo Junior Varsity Falls Short Of Victory Thursday

BY LARRY LINAM

The Cisco Lobo Junior Varsity came up a little short last Thursday night against the Bangs Dragons as they lost 12-to-8. The Lobo running game suffered a fierce defensive attack from Bangs linebackers David Guthrie and Juan Gonzales. However, due to some hard running by an injured but determined Cullen Rabel, Cisco JV full-back, the Bangs defense was put to the test all night long. It appeared to be purely a defensive match up with very little scoring to speak of with Bangs scoring two touchdowns; once in the first quarter with 4:20 left on the clock on a four-yard run by Cody Martin with the Lobos holding the Bangs came on another four yard plunge by Joey Estrada and again the Lobos held the PAT effort fruitless.

The first half clearly proved to be a defensive dual with very little ground given by either team. Although Bangs would start to move the ball on the ground they would find the going tough against the Lobos front wall of No. 77 Chris Mitchell, defensive end; No. 31 Cullen Rabel, linebacker; middle linebacker Tommy Thompson; defensive guards Jason Houston and Ronnie Simms and Matt Schaefer; reinforced by the quick hitting and ball pursuit of linebacker Jeff Linam and devastating blows by Brent Shepard. One could see that this was quickly becoming the Cisco Lobos' "Wall of Doom" for the Bangs Dragons.

The second half brought the Lobos out running and gunning by driving the ball from the Bangs 47 to score with 6:34 left in the third quarter. The points after were successful with Cullen Rabel driving the ball in behind good blocking of Houghton, Thompson and Mitchell. Rabel also scored the TD on a four yard run on the same play following a good lead block by Mike Harrison and Bobby Boladero. The gave the Lo-

boes the lead 8-0 in the game. Bangs then took the ensuing kickoff and drove it 64 yards to score with 6:42 left in the fourth quarter. Bangs mounted two more offensive attempts and found some hard-nosed Lobos. The pass receivers of Bangs found the secondary tough and when No. 22 Cody Martin started around the right end he met a very determined Jeff Linam and Jason Houston. The Lobos fought hard, played tough but fell short.

The JV will host San Saba Thursday at 6 p.m. at Chesley Field.

First Christian Plans Visitation Sunday Oct. 28

First Christian Church of Cisco is planning a Visitation Sunday October 28 to extend to the community an invitation to worship.

Special music and fellowship are planned and CIC students are especially extended an invitation.

"We feel the church needs to reach out more to spread the word, and those that seek peace and happiness in their lives can truly find it in God's House," according to the pastor, Dick Summers. Rev. Summers is preaching from the Book of Acts at this time and it is exciting and revealing. "Just try it and give God a chance to work in your life!"

Dental Dialogue

Dental Emergency

Q. What is considered a true dental emergency?
A. Basically there are three: when a patient experiences sudden severe pain, when a tooth has been knocked completely out, or when there is unusually heavy bleeding after dental surgery. In these situations you are entitled to immediate attention by your dentist, even if it happens to be the weekend. Of course, if you've had pain for several days and don't get around to calling your dentist until Sunday morning, you may not get much sympathy. But most dentists will work you into their weekend schedules, or, if it's a weekend, make arrangements to open their office for you. Sometimes a pain prescription can see you through until Monday when the office is open. If you have an emergency and can't reach your dentist, go to the nearest hospital emergency room.

This column is presented in the interest of better dental health. If you have any dental questions you would like answered, please contact the office of Dr. Cone C. Rice 963 East Main Str. Eastland, Texas Phone: 817-629-3843

Large Crowd Attends Autograph Party

A Review and Autograph Party for Duluth Jackson drew a large crowd to Eastland Memorial Library on Friday, Oct. 12.

Mrs. Jackson, author of the book of poetry 'Little Rabbit In My Garden' told the crowd about experiences which led to the writing of this book. All enjoyed her delightful account.

Friends, family members and other interested persons from Eastland, Cisco, Ranger, Albany and various places were present. Among the special guests were the author's husband, T.G. Jackson, and Ruth Stewart of Cisco, wife of Dale Stewart, the book's illustrator. The Cisco Writers Club sponsored the event.

T.G. and Duluth Jackson grew up in Carbon, but moved away and lived in many places before retiring in Eastland. The book highlights the southwest, but also reflects other locations in which the family has lived.

Joy Jordan, Eastland librarian, and Library volunteers from the Thursday Afternoon Club gave a welcome to visitors. Members of the Cisco Writers Club: Lela Latch Lloyd, Betty Townsend, Evelyn Valek, Mary Anna Ziehr, Viola Payne and others registered guests, displayed copies of Duluth Jackson's book, and served refreshments.

The table was set with a heirloom crocheted cloth, centered with a blue and gold cake, a replica of the 'Little Rabbit In My Garden' book cover. This was created and sketched by Betty Hogan of Southern Belle Bakery. Punch was also served to the guests. Golden chrysanthemums

on the serving table and an arrangement of greenery and miniature zinnias on the registration table completed the decor.

All present indicated a lot of interest in Duluth Jackson's book, and encouraged her to

keep on writing!

'Little Rabbit In My Garden' printed by Times Publishing Co., is now for sale at The Eastland Telegram, The Cisco Press and Eastland Drug.

Putnam Extension Homemakers Club Has Interesting Program

The Putnam Extension Homemakers Club met at the Community Center, 12 p.m. Oct. 3, 1990, with 6 members and extension agent, Debbie Giles present.

The theme was an "International Affair" and each person dressed in the costume of the country that they represented and brought a covered dish that was popular in that country.

After the luncheon Evelyn Fry, dressed in a lovely Hawaiian dress gave an interesting talk about Hawaii.

Ida Mae Waddell dressed

as a pioneer, talked about the life of the early Western Pioneers.

Dressed as a Greek, Gerry Brandon told about life in Greece. She also had some pretty pottery and dolls, she had brought from there.

Meta Ishenhower in an Indian Sari, gave a good descriptive talk about India.

Debbie Giles was a representative of China and Ida Hazlewood, Mexico.

Next meeting will be Nov. 2, 1990, on "Elderly Abuse". New members and visitors are welcome.

Faith Baptist Church News

On Sunday November 4, the classes of Faith Baptist Church in Cisco will begin a verse-by-verse study of the Gospel of John, the fourth of the four Gospels. Whereas Matthew presents Christ as the King, Mark as the working servant of Jehovah, and Luke as Man, John presents Him as God (John 1:1). John's Gospel gives many words of Jesus, as well as events, not given by the other three inspired writers. The key work of this Gospel is "believe," which occurs 99 times. The key verse is found in chapter 20 and verse 31.

"These are written that ye might believe that Jesus is the Christ, the Son of God, and that believing ye might have life through his Name." The words "life," "eternal life" and "everlasting life" occur 37 times. "Believing" is connected with this eternal

life many times.

The children from ages 3 to 12 will be taught with visual aids making the scenes and events of this beautiful Gospel more vivid to their minds. Pastor M. H. Clark teaches all the adults in the main auditorium. The Sunday School is at 10 a.m., followed by the preaching services at 11 a.m. and 7 p.m. The church is at W. 18th and Ave J. Visitors are always welcome.

From Page 1 Stew Supper

Families served by Eastland County Food Pantry must have a referral from Texas Department of Human Services or from their pastor stating their need. Families will be served once in 6 months unless an emergency arises. The pantry relies on the communities and churches to donate food and money. Monies donated is used to purchase food from Abilene Food Bank. Special diet foods - like diabetics. Food stamps cannot buy paper products like diapers and toilet tissue nor soaps of any kind (personal, laundry or dish) these items are purchased when needed and have not been donated. We try to keep eggs, canned milk, biscuits, corn kits, pinto beans, mac. dinner on hand at all times. The Food Pantry Board and workers are strictly volunteer.

DAVID CRAIN

David Crain Will Lead Revival Services In Cisco

The East Cisco Baptist Church is excited to announce the upcoming revival beginning Sunday, Oct. 28, and going through Wednesday, Oct. 31. East Cisco Baptist Church, under the pastoral

leadership of Rev. Larry Linam, is inviting everyone in the Cisco and Eastland County area to attend this revival meeting.

The church has been instrumental this year in help-

ing to bring moving and powerful spiritual events into Cisco. This again, is another effort to do the same; move and affect everyone in this area for Jesus Christ. Rev. Linam, pastor, said, "This has been the biggest part of my vision and reason for coming here — to win souls to Jesus Christ, the answer to life's perplexing times."

"David Crain is a high-energy, dynamic musician and speaker who will inspire and challenge you to live for Christ." He has several albums on the market and his music is known for its variety of style. David has ministered to thousands in the past several years in conferences, concerts, revivals, youth rallies (like the Youth Evangelism Conference in Dallas where more than 5,000 attended). Davis makes his home in Grand Saline, Texas, with his wife and two sons, Joshua and Caleb.

The revival schedule is as follows: Sunday is "Super Sunday" beginning at 9:45 a.m. with Sunday Bible Services, and revival services at 10:50 a.m. and 6:30 p.m.

Monday through Wednesday the services begin at 7:30 p.m. A nursery is provided each night. Also each night has a "special emphasis."

There will be youth fellowship following the Sunday and Tuesday night services.

Monday night is children's night with a fellowship before church time at 6:30 p.m. Wednesday night will be a family night with coffee and

Transplanted to the sleepy town of Fryburg, California, Mafia informant Vinnie Antonelli (Steve Martin) tries to charm through Assistant D A Hannah Stubbs (Joan Cusack), who would rather see him behind bars. This new Warner Bros. comedy will show at the Majestic Friday-Monday, Oct. 26-29.

'My Blue Heaven' Opens At Majestic Friday

The current Warner Brothers film "My Blue Heaven" will begin at the Majestic Theatre in Eastland on Friday, Oct. 26, and run through Monday, October 29. Showtime will be 7:30 each evening and tickets will be \$3.00 at the box office. This picture is rated PG13.

In this new comedy Vinnie

cake fellowship following the concluding service.

"Make your plans to attend and come ready to receive a blessing from God!" Rev. Linam said.

Antonelli (Steve Martin) is a member of a mob who saves his own neck by agreeing to turn state evidence against fellow criminals.

Sheltered under the government's Witness Protection Program, Vinnie has a new name and identity - but the same silver-tongued, con man personality. He is moved to the small California town of Fryburg, where he becomes the responsibility of Government Agent Barney Coopersmith (Rick Moranis).

Unfortunately other mobsters have also been relocated in Fryburg, and all this is just too much for Hannah Stubbs (Joan Cusack), an inflexible Assistant District Attorney.

This strange mix of characters provide some truly funny episodes in this different sort of picture.

"I have no wish to repeat myself, and I prefer new challenges," explains Producer Herbert Ross, telling why he decided to make the picture. "I was attracted to 'My Blue Heaven' because it has the rare quality of charm, and

because it offered me an opportunity to work with Steve Martin again."

Steve Martin fans - as well as others - will find results of this work enjoyable.

Artist Kenneth Wyatt To Be Featured In Show

Kenneth Wyatt, nationally known Religious and Western artist will be featured in a one-man show at Thompson Gallery, 270 N. Belknap St., Stephenville, on November 3rd from 4:30 to 7:30 p.m. and on November 4th from 1:30 to 4:30 p.m.

Mr. Wyatt's most challenging religious art was the undertaking to do all of the apostles which was recently completed and printed. Proceeds from the sale of the 1000 signed and numbered sets of the prints will provide funds to eight seminaries to provide

full-time professors of evangelism in every school of theology within the United Methodist Church.

Mr. Wyatt has long been known for his excellent Western, landscape and portrait art. Among his more famous owners include former President Ronald Reagan, Queen Elizabeth of England, Ken Curtis of Festus fame and many others.

The one-man show will feature some 20 recent pieces of art-work by the artist. It is free to the public and everyone is invited.

This is a sample of the western paintings which will be displayed in the Art Show of Kenneth Wyatt. The realism of the picture demonstrates that Wyatt has knowledge of his subject.

water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters.

In Texas, conservation districts are a legal subdivision of state government organized by local agricultural landowners. All conservation programs managed by the district are of a voluntary nature to the landowner or operator and are offered on a

nondiscriminatory basis without regards for race, color, national origin, age, sex, religion, marital status or handicap.

Other directors of the Upper Leon board are George Steel, Rising Star; Leo Williams, Desdemona; and J.W. Sadberry, DeLeon.

Ruth Stewart, M.Ed.

Q. What are the four stages of the personality identification process?

A. There are 4 pathways to identity:
1. Identity Foreclosure occurs when the individual lives according to standards and goals set forth by the parents. Family ties and strong religious affiliation usually predominate. The parents have spent a great deal of quality time with the child and then in adolescence and early adulthood these expectations are carried out. Peer influence is not as strong as family and religious regulations. The type of person who has Identity Foreclosure does not experience identity crises as compared to the other pathways to identity.

2. Identity Achievement is the process of testing options. Once they have been personally tested the individual commits to a way of living. These individuals may have had parents who were absent or unavailable for comments about the dilemma in the child's early years. It is possible also that the parents may have encouraged the child's own decision-making to find out for themselves what they liked.

3. Moratorium is the active exploratory phase. Peer pressures cause much experimentation with morality, drugs or religions. There is a lack of commitment. There is often a lack of follow through. These individuals are usually easily persuaded to try new things.

4. Identity Diffusion is neither crisis or commitment. Childhood resolutions are abandoned, but there is a drifting or avoidance of the identification task. SOURCE: Finding Herself by Ruthellen Josselson

SEEDS FROM THE SOWER
Michael A. Guado
Minister, Georgia

Early one morning a man of God was arrested by a ruthless mob and imprisoned. In his cell he wrote, "What can a Christian do?"
Just before he was executed, he added, "He can pray, do right, and wait for God's own time."
Yes, we should pray; for prayer will transform people and places. And we should do right. It's never right to do wrong.
Then we should wait for God's own time. Nations don't rise without His providence, and sparrows don't fall without His notice. In His time we'll see that in all things God works for our good.
Believe Him, won't you?

Cancer Detection Unit To Be In Cisco October 25

The Mobile Breast Cancer Detection Unit of Odessa, Texas, which services Cisco, Texas today received the certification of the American College of Radiology Mammography Accreditation Program.

Mammography is an x-ray examination of the breast, which the American Cancer Society and other medical experts see as the best means for early detection of breast cancer.

The program is voluntary and is designed to insure that women receive optimum quality mammographic examinations. The process is done through a peer review evaluation of the facility's staff qualifications, equipment, quality control and quality assurance programs, image quality, and breast dose. The accreditation must be renewed every three years.

The accreditation program was instituted because of the concerns of radiologists, other national medical organizations, and the public that qualified personnel perform and interpret mammograms and that dedicated mammographic equipment be

used. The American College of Radiology received an American Cancer Society Control Grant which was used to pilot test the Accreditation Program.

Breast cancer will strike one in 10 American women. The American Cancer Society predicts that about 41,000 women will die of breast cancer this year. As there is no way to prevent the disease, early detection and treatment offer the greatest hope for survival.

The American Cancer Society recommends that women do monthly breast self-exams and have regular physical breast exams by a doctor. It further recommends mammography on the following schedule:

A baseline mammogram (for reference) between age 35 and 39.

A mammogram every one or two years between age 40 and 49.

An annual mammogram from age 50.

The Breast Cancer Detection Unit will be in Cisco, Texas on Thursday, October 25. You may call 629-2222 for an appointment.

Wildlife Corn
Aflatoxin Warning
 Texas Parks and Wildlife Department officials are concerned that corn being fed to wildlife may be contaminated with aflatoxin.
 Bobby Alexander, acting

wildlife division director, said half the corn tested this year by the Texas Department of Agriculture contained aflatoxin. Eighteen percent of the samples contained 300 parts per billion or greater and 31 percent contained 20 to 300

PPB. Birds, especially turkeys, are very susceptible to aflatoxin greater than 20 PPB, he said. If possible, corn fed to wildlife should contain less than 20 PPB.
 It would be advisable to check with your dealer to determine the concentrations of aflatoxin in corn you plan to feed to wildlife. If this is not possible, it is possible to have the grain tested at a commercial lab by sending a

sample usually 5-6 pounds of corn.
 Aflatoxin is produced when corn is grown during drought conditions. Corn containing less than 20 PPB is considered safe for wildlife consumption.
 High winds Saturday from the south and the same from the north Sunday made fishing anywhere but in the bathtub a challenge.
 The second E.C.B.C. mini classic was held during this rather abrupt weather change. Nine anglers attended Saturday, but with the cold and rain Sunday only five answered the call. The two day combined totals for the winners were 1st Terry Wilson, 8.93; 2nd Butch Willingham, 8.63; 3rd and Big Bass Tommy Maynard, 6.50 BB 3.39.

This event was open to the top 16 finishes by weight for the past season.

County Hay Show Results

Area producers donated about 150 round bales and 80 square bales to the Eastland County Livestock Raisers Association for the 1990 Eastland County Hay Show held October 20, 1990. Following the show, the hay was auctioned off to help pay for the Eastland County Livestock Show Barn. The auction raised approximately \$3300. Auctioneer was Tommy Seay of Gorman.

Dr. Dale Lovelace, Extension Forage Specialist from Dallas, judged the hay show and presented a program on quality hay production. David Humiston, president of the Eastland County Livestock Raisers Association presented the division champion plaques. The Coastal Bermudagrass division was won by Jimmy Joy of Cross Plains with a score of 94.5 out of 100 and 12.60% crude protein. Edwin Lummus of Ranger won the Sorghum-Sudan Hybrids and Forage Sorghums division with a score of 89 and 10.97% crude protein. The champion of the Small Grains and Other Annuals went to Lester Ferrell of Ranger with a score of 74 and 8.50% crude protein.

The results of the hay show with exhibitor's hometown, placing, and percent crude protein follows: Coastal Bermudagrass Division: Chris Brown, Carbon, Red 6.90%; John Brittain, Eastland, Red 8%; Jimmy Joy, Cross Plains, Blue 12.60%; Letty Craddock, Ranger, Red 7.70%; Joe McCollum, Eastland, Blue 11.50%; Tommy Claborn, Cisco, Blue 10.80%; Robert Gorr, Cisco, Red 10%; J.B. Steed Offers Business Owner Seminar Via Satellite Nov. 5

Robert Steed, the Edward D. Jones & Co. investment representative in Eastland, will host a retirement-planning seminar for small-business owners Nov. 5 titled "Focus on Business." It will be broadcast live via satellite from the firm's St. Louis, Mo., headquarters.

"Most of us look forward to a comfortable retirement, and business owners need to be taking the initiative to protect their financial future," Steed said. "And for those whose businesses operate on a calendar year and who want to begin reaping the tax advantages of a business retirement plan, there's a Dec. 31 deadline in order to set up a plan for 1990. This seminar will enable business owners to evaluate their alternatives well before that deadline."

The seminar will feature a discussion on ways business owners can be sure they're properly prepared for retirement. Various retirement plans as well as investments that are appropriate for retirement planning will also be reviewed. These presentations will be followed by a question-and-answer session during which guests will be able to ask questions of the retirement experts in the firm's home office.

The program will be broadcast live at two times, 5:30 p.m. and 7:30 p.m. To reserve a seat at either session, contact Steed's office at 629-3851. Anyone unable to attend the program can stop by the office after Nov. 5 to view

it on videotape.

Edward D. Jones & Co. is the largest investment firm in the nation in terms of retail offices, and it is one of only a handful of firms to serve more than one million investors. Its registered representatives sell traditionally conservative investments to individual investors exclusively. Steeds office is located at 107 W. Main.

Railroad Commission Begins Federal Monitoring Program

Keeping abreast of developments in Washington that affect the Texas energy industry is the purpose of a new monitoring program announced by the Texas Railroad Commission today.

The Commission said its federal monitoring program will spotlight and analyze congressional actions, major policy statements and rulemakings by the Federal Energy Regulatory Commission, and other energy-related regulatory actions.

According to Chairman Kent Hance and Commissioners John Sharp and James E. (Jim) Nugent, Texas needs to be actively involved in the shaping of a national energy policy. The new program will provide vital information to the agency, helping it to take effective action as energy matters are being considered in Washington, the commissioners said.

Gary D. Compton, head of the oil and gas regulatory and government affairs section of the Amarillo and Dallas law firm of Whittenburg, Whittenburg, and Schachter will assist the Commission with the program. Compton has held positions in the oil and gas industry, served as a legal advisor to the Railroad Commission's Blue Ribbon Natural Gas Rules Committee, and is presently a member of the legal committee of the Interstate Oil Compact Commission. Compton's law firm is affiliated with a Washington and New York-based firm.

Voters Urged To Look Carefully At Candidates

Senator Bob Glasgow has urged voters to look carefully at the candidates in the Texas Comptroller race.

John Sharp has served on the Texas Railroad Commission since 1987. He has also served as a State Senator and State Representative, as well as being a successful small businessman, Glasgow said. "Sharp's opponent is a man always known as Glenn Har-

ding and now is using the name 'Warren G. Harding, Jr.' on the ballot in the hope that voters will recognize the name as that of the dead 29th in fact, this Harding has no base of support in either the Republican or Democratic Party."

SAMUEL ANDREW DAVIS, JR.

Davis Celebrates 90th Birthday

Saturday, September 29, 1990, fifty-six family and friends celebrated Samuel Andrew Davis, Jr. ninetieth birthday at Roy and Venita Smith's, Yellow Mound Road, Eastland. Hostesses were Sharon Davis, Wylleene Davis, Kathryn Schmidt, and Venita Smith. Mr. Davis was asked to recount a few experiences in his full and extended life.

"Well ninety years ago today at 6:30 a.m. on Saturday, September 29, 1900, I was born to Laurah Pencina and Samuel Andrew Davis, Sr. My life may be limited now, but I recollect many great times in my life. I was born 5 miles west of Ranger, the oldest of ten children. When I was two months old, we moved to a two story log cabin now known as the Old Davis Home Place. Mama gave birth to four more children in that log cabin and when I was ten years old on November 10, 1910, we moved to Chacoato, Oklahoma. It took us 21 days to make the trip in covered wagons. I drove 32 horses and mules down Main Street, Fort Worth - could have covered Fort Worth with a saddle blanket then it was so small. I remember how wet and cold I was - was getting close to winter. We went from Fort Worth through Sherman to Chocoato. Things were humming along pretty good until Daddy took typhoid fever for ninety one days. Daddy almost died. He stayed sick most of those two years and we had to sell the property. In the fall of 1913, we left with two teams of horses and six kids and moved to McKinney, Texas. I went to work in a cotton gin compressing cotton. Daddy went to work in an ice house shoveling coal into the boilers. In the fall of 1916, we moved back to Eastland County and then in 1917, we moved to Clay County to pick cotton. Buddy White and Dick Phillips went with us in wagons. Drillin started in Holiday in the Panther Field so we got a job with 3 mules to a scraper and fresno digging slush pits. Had fish tail bits in those days. The drillers' dirt man had quit him so I worked for \$4.50 a day for twelve hours a day. Was three months drilling that well.

In the fall of 1918, we moved back to Eastland County. In 1919 I went to work two miles west of Ranger hanging pipe and digging ditches. In the fall of 1919 I went to tool dressing for Old Man Healey. Then Albert Flaherty was superintendent for Sun Oil Company gonna drill three wells on the Higginbotham. Me, Aubrey Ramsour and Ellis Hensley dug slush pits 8 feet by 10 feet deep and the cellars for three locations. Bob Hess was driller for Smith and Hess. Bob thought I was smart and he started slapping me around, so I hit him with a nail bar, thought I had killed the old devil. I was pretty much a man then, so I pulled him up on the rig floor and washed his head, then I took him to old Dr. Lee and Dr. Howe - they were in the same office in Cisco. Then I started tool dressing for Smith and Hess and that started my life for 53 years in the oil field. I worked in the big boom in LeRay in 1919 - there were 36,000 people living in tents, houses and shacks; all that is left now is a cement slab where the train depot used to be. Guess I have worked in every oil patch in Texas, Oklahoma and New Mexico. October 13, 1975, I had a stroke. I was working for Royal Reese at that time. Ella Mehrea Carlisle and I have been married so many years I can't remember. I had 5 children: Charles Murray, Venita Marlene, Gerald Martin, June Marlow and Yvonnia Myrle. I am satisfied that my baby daughter went home to live with the Lord in November of 1986. I now have 11 grandchildren. "Rusty" Russ Martin Davis was also called home in April 1976. I have 9 great grandchildren. All my brother and sisters are gone except one.

I guess the greatest experience in my life was when I was seven years old (1907) at the Old Davis Homestead in a dream I saw the Lord come down in a gold shaft of radiant blinding light, and then again in 1936 in Big Spring, I had the same experience. I have been a member of Corinth Baptist Church for over 43 years. John Baker was there then - many preachers have come and gone and so have most of my friends and many of my family. My life now is praying every night for all my children, their children, watching TV and taking care of my dogs and chickens. Everything comes and goes but I have had many great times - I plan to live 'til I am 95 and when the Lord says "Andrew, now is the time to come home," I will be ready."

Fall-Time To Control Peach Leaf Curl

Fall is the time when peach tree care is often forgotten or neglected. Fall is an important time for the control of peach leaf curl. Now is the time to control this disease to insure a good crop next year. Applying a fungicide now can stop or reduce this disease that can attack peach trees.

Puckered and distorted peach tree leaves that were either bright red or light green in diseased areas last spring were due to peach leaf curl fungus. The only time to effectively control this disease is in the fall with a copper-containing fungicide. A commonly used fungicide is Kocide 101.

Timing of the fall spray is critical for effective control and for avoiding tree damage. Copper is a metal and can cause severe defoliation unless applied correctly.

It is suggested to spray when 70 percent of the leaves fall off the trees. Spraying too early will cause leaf shed or

cause the spray to be ineffective later.

Other fungicides containing chlorothalonil can also be used to control peach leaf curl. A fungicide in this category is Bravo 720.

Which ever fungicide you select make sure you read and follow the label instructions. Fall spraying is important to the health and production of peach trees. This also is the only time when peach leaf curl can be controlled.

Pharmacy Topics

Mom was right. Getting to bed earlier does help you feel better and work better. Researchers at Henry Ford Hospital in Detroit, testing healthy young men, found a 20 percent increase in performance levels. (Note: Just sleeping later doesn't work.)

Clinical trials are testing the use of interleukin-2 for hypertension. One dose may normalize blood pressure in some patients, say scientists at State University of New York Health Science Center in Syracuse.

New research at Boston University indicates that it's worthwhile for a woman of any age to quit smoking. Like men, women cut their heart attack risk when they stop.

Study in Italy indicates that olive oil not only lowers cholesterol but also lowers blood pressure and blood-sugar levels.

Music to soothe... Pre-mature infants at Georgia Baptist Medical Center in Atlanta were calmed, and had better oxygen levels, when they heard music tapes that combined womb sounds and women singing.

Prather Elected President Of Texas Statewide Telephone Cooperative

Toney Prather, Manager of Comanche County Telephone Co., Inc. in De Leon was recently elected President of Texas Statewide Telephone Cooperative, Inc. (TSTCI) at the organization's 1990 annual meeting. Prior to his election as President, Prather had served the past two years as a member of the TSTCI Board of Directors.

TSTCI represents 42 Co-

operative and privately owned telephone companies which were formed to provide service to persons residing in small towns and the vast rural and agriculture areas of Texas. More than 141,000 consumers receive their telephone service from TSTCI member systems.

TSTCI provides its members with legal, industry, regulatory, and legislative representation. The association is very active with the Texas Legislature, and participates in most matters brought before the Texas Public Utility Commission.

Prather comments: "The future of rural Texas is tied directly to the quality of its telecommunications capabilities. In an era of exploding technology, TSTCI's goal is to ensure that rural Texans receive telecommunications services that are equal in quality to those available to urban residents, at reasonable costs."

Breckenridge Fine Arts Center To Hold Palette Workshop

The Breckenridge Fine Arts Center will sponsor a one-day palette workshop on Thursday, Nov. 8. The instructor will be Shirley Toland Davis who lives in the Wayland Community. She is a graduate of Western State College, Gunnison, Colorado

with a major in art and English. She has done post graduate work in both majors.

Tuition for the one day workshop is \$20 per person; \$10 to audit. Deadline for registration is October 30.

Make checks payable to the Breckenridge Fine Arts Center, P.O. Box 549, Breckenridge, Tx. 76024.

For more information call (817) 559-6602. The BFAC is open from 11 a.m. until 5 p.m. Monday through Friday.

Morton Valley Home Extension Club News

On Oct. 10, 1990, The Morton Valley Home Extension Club met in the home of Irene Wende. Club President, Gerry Zummer called the meeting to order. The club creed and prayer was led by Estelle Leach. Tammy Belyeu, our Sec.-Treasurer for 1991, called the roll and read the minutes from the last meeting.

Vice President, Ardyth Caldwell gave a report on the TEHA State meeting, which was held Oct. 2-4 in Amarillo. Many interesting and

informative workshops and programs were presented and these will be presented to the Eastland County Extension Clubs during the coming year. Those attending the state meeting from Eastland Co. were Ardyth Caldwell, Hazle Barron, Francis Bishop and Wynelle Brown. The club voted to make another quilt for the West Texas Rehab Center.

The meeting was hosted by Irene Wende and Estelle Leach. They served delicious refreshments of sandwiches,

cookies, fresh fruit and dip, caramel corn and coffee to these members. Flo Williams, Helen Phillips, Edith Wilson, Irene Wende, Venita Miller, Gerry Zummer, Estelle Leach, Louella Kitchens, Edna Bint, Ardyth Caldwell, Alice Brooks, Tammy Belyeu and two children.

Desdemona News

First Baptist Church sponsored their young people to attend the Youth Retreat at the Palo Pinto Baptist Associational Retreat Center on October 19 and 20. Those attending were Bro. Joe, Cozette, and Misty Wortham; Moody and Hazel Koonce; Jessica, April and Scotty Walton; Sonja Martin; Angela Creed; Lisa Rainey; Mindy Keck; Tim Fox; C. J. Melton; Amanda Fuller all of Desdemona and Carol Ragland of Crowley. They reported a good time.

Eloise Lewis remains a patient in the Stephenville Hospital following a stroke.

Remember Saturday night, October 27 is the monthly Desdemona Musical. Bring your friends for good music, good food and visiting. Plenty of sandwiches, drinks and homemade pie at the concession booth.

"Congratulations" to Jim

and Nona Grimshaw on their 65 wedding anniversary on Friday, October 26. Their children are Nell Ragland, Jay and Gene Grimshaw and families all of Desdemona.

Our sincere sympathy goes out to the family of Otis Griffith who was buried last Sunday in the Victor Cemetery. He is survived by his wife, Johnnie B. of Lake Leon, his mother, Veta Griffith of Forsan; two brothers, Burhl Griffith of Forsan and Royce Griffith of Big Springs; two sisters, Evelyn Burleson of Fort Worth and Loretta Crenshaw of Alba, a daughter-in-law and two grandchildren.

The Griffith family are former residents of Desdemona and attended school here.

Pug and Vonnie Guthery, Bob and Dolores Tucker attended the graveside rites of Otis Griffith on Sunday eve at Victor Cemetery.

Eastland County Horse Show Saturday

Come one, Come all to the Eastland County 4-H Horse Show. This is an event that is open to all Eastland County 4-H members and to anyone who cares to join 4-H. The horse show will be Saturday, October 20th, starting at 1:00 at the Ranger Jaycees Rodeo Arena. There will be different age groups to make the competition fair and more enjoyable. Also, there will be an age group for parents so all parents who wish to join in the fun are more than welcome.

The events that will be held are: Showmanship, Western Pleasure, Western Horsemanship, Western riding/or Reining, Flag race, Stake race, Pole Bending, Barrel Race.

This is a 4-H sponsored event that is conducted by the Texas Agriculture Extension Service which serves people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap, or national origin.

Children's Night Terrors More Severe Than Nightmares

Scary Halloween costumes may give some children nightmares, but more frightening for parents are a child's night terrors.

Unlike nightmares, which are emotionally caused, night terrors are a physical condition that causes children to abruptly "awaken" in the first half of the night. Although their eyes are open, children with this problem are still asleep. Symptoms include screaming, rapid heart beat and breathing, dilated pupils, goose bumps, confusion, and disorientation.

"During a night terror, a child is not in a state to be comforted," said Dr. Letha B. Cole, clinical associate professor of psychiatry at Baylor Taylor College of Medicine in Houston. "A parent should stay with the child and wait until it passes."

There is no known cause for night terrors, although they are linked to brain processes during sleep and growth. Onset of night terrors usually occurs between ages 4 and 12 and disappears in early adolescence.

Cole stresses that if the night terrors continue beyond and 12, then the child should

be evaluated by a mental health professional.

Only one to four percent of all children experience night terrors, and in 96 percent of these cases, someone in their family had them.

Nightmares, on the other hand, are bad dreams from which the child awakens distressed, but not confused or disoriented.

Overstimulation, such as frightening costumes or horror films often seen at Halloween can cause nightmares.

"Be aware that young children cannot differ between what is real and what is not," Cole said. "Ask the person in costume to remove the mask so that the child can see the difference."

Frequent nightmares are a sign that the child is worried about something. If there are other changes in behavior, then parents should seek professional help for their children.

"Parents need to realize the difference between night terrors and nightmares," Cole added. "They shouldn't worry about an occasional occurrence of either because they are part of child's natural growing process."

Working With Your Local Newspaper

Making News

Chances are, if you follow deadlines, concentrate on accuracy and maintain a good relationship with your editor, your organization will make the news and your information will make it out to the community.

This guide was developed by the National Newspaper Association, representatives of more than 5,000 community newspapers, to assist newspaper publishers in their effort to better serve their communities.

Everyone likes to read about his special interest, group or team in the community newspaper. You may be planning a benefit or other social event that needs the support of your local newspaper. Perhaps you would like to express your views or respond to the views of others.

This guide will give you the basics of dealing with your local editor, so that you can "get your story out" in the fastest, simplest way. It is a guide that will answer your basic questions about how news makes it to print, how to contact your newspaper and how to present your story. We offer this guide in the interest of working together to keep the community informed.

Publicity Basics

Only one person from your organization should be in touch with the newspaper.

It is often said there are three rules of journalism: accuracy, accuracy, and accuracy. Write everything down, check the spelling of names and never trust your memory.

Get your story to the newspaper as soon as possible.

Know the newspaper's deadlines. Whenever possible, let the newspaper know about the event before it takes place.

Use creativity. If you have an idea for a feature story, suggest it. Newspaper editors appreciate fresh ideas.

Never try to obtain publicity by pressure of friendship or business connections.

What's News?

Editors choose their news according to the importance of an event to their communities. A fire, a crime, or an accident is important - but so is the award your club gave last week. Club elections, new projects, unusual actions, social events, milestones, athletic events, benefits that need public support, and member participation in local, national or world events are all of interest to your community newspaper editor.

Packaging

Your newspaper sees a constant barrage of paper. You're already one step ahead if your news release or story is obviously local. However, remember that the typical editor must make quick decisions regarding newsworthiness. As a newspaper reader you know that your reading decisions are based first on the headline, and then on the first paragraph of the news item.

Give the most important information first. Be sure to give the "who, what, when, where and how" of the story right away. Background material should come last.

Include the name of the contact, the group, and a phone number at the top of the page for quick reference. When submitting a story to

your local newspaper, type it double-spaced on one side of 8 1/2-by-11-inch paper. Start about one-third of the way down the paper on the first page and leave ample margins. Number your pages. When you're done, type this symbol: ###

Writing

Use your simplest English. Never use fancy wording or terms that only a member of your club would understand. Watch the newspaper to learn its style. Most important, be honest, impartial, accurate and brief. Never use a quote unless it is direct and accurate, and always identify your sources.

Remember that there can be different writing styles for different parts of the newspaper. Use "I" only in letters to the editor or opinion columns. Give more description in feature stories. Keep your news writing to the point, with the most interesting and important information first.

Deadlines

Pre-planned events should always reach the editor's desk well before the last-minute rush. Learn your newspaper's deadlines, and keep as far ahead of them as possible. It is always best to stop by or call the newspaper office after the last issue has been published, rather than just before the presses roll. Remember that there will be times when an editor or reporter is simply too close to deadline to talk to you.

The Opinion Page

When you write letters to the editor, always include your name, address, affiliation (if any), and a phone number. As a matter of accountability, and to protect the newspaper from irresponsible letter writers, newspapers rarely publish a letter without this information. If you have an opinion, remember that the opin-

ion or editorial page is considered the property of the public; it's your page, so feel free to use it. Editors appreciate receiving your views for this page.

Pictures

Editors are always seeking good picture opportunities. If you think your story merits a photo, talk to the editor about it. If a newspaper photographer cannot make it to your event, take one yourself and include it with your story or release.

Always try for action, rather than posed, pictures. If little Jane Doe, for example, has been presented an award for volunteering at the local hospital, a picture of Jane at work is much better than one of the mayor presenting her with an award. Write the culcine, or description, of the photo on a separate piece of paper rather than the back of the photo, and list the names left to right.

Texas Historical Commission Book Award Encourages Scholarly Works On Texas History

Nominations are being accepted until December 31 for the Texas Historical Commission's 1990 T.R. Fehrenbach Book Award. Up to three cash prizes of \$1,000 each will be awarded to winning authors.

Anyone interested in Texas history may submit a nomination, which will be judged by a panel of distinguished Texas scholars. Winners will be recognized during the THC's annual preservation conference next spring. Eligible books must have been published between Jan. 1, 1990, and Dec. 31, 1990.

The book award was established in the 1960s and has grown into one of the most prestigious writing competitions in the state. It is named

Texas Has 186,000 Farms

The U. S. Department of Agriculture's Statistics Board placed Texas farms at 186,000 for 1990, about equal with the 186,000 operating in 1989. In 1988, Texas farms totaled 187,000.

According to the report 132 million acres of Texas land are in farms in 1990, about the same as 1988 and 1989.

Jerry Harris, Chairman of the Texas State Agricultural Stabilization and Conservation Committee, said Texas producers enrolled 16,462,012 acres of feed grains, wheat, upland and extra-long staple cotton, and rice in the 1990 acreage reduction programs. The programs are designed to maintain a level of stocks in line with market demand. Harris said, "3570,739 of these acres will be idled and placed in a

conserving use."

The number of farms in the United States in 1990 is estimated at 2.14 million, 1 percent less than last year. Total land in farms is 988 million acres, fractionally below last year. Since the number of farms has declined faster than land in farms, the average farm size increased from 457 acres in 1989 to 461 in 1990.

According to the USDA report, Texas retained its position as the State with the most farms, 186,000, and the most land in farms, 132 million acres, the same as last year. Next is Missouri, 108,000, followed by Iowa, 104,000. The sharpest drops came in Illinois, Indiana, and North Carolina, each down 3,000.

The USDA report defines a farm as "any establishment from which \$1,000 or more of agricultural products were sold or would normally be sold during the year."

in honor of T.R. Fehrenbach, author, historian, and current chairman of the THC. Fehrenbach, the author of 18 books, including *Lone Star*, is considered one of Texas' leading authorities on Texas history. The award is co-sponsored by The Dow Chemical Company.

"Texas has a rich and fascinating history, and it's important to recognize and reward excellence in writing," said Curtis Tunnell, executive director of the THC.

The Texas Historical Commission is the official

state agency for historic preservation. Its staff administers a variety of programs that protect and preserve Texas' archaeological and architectural heritage.

For more information about the T.R. Fehrenbach Book Award or to request official guidelines and nomination form, contact the THC, Publications Department, P.O. Box 12276, Austin, Tx. 78711, (512) 463-6100.

SCIS To Hold Day Workshop November 9

The Senior Concerns and Issues Section of the State Board of Insurance will conduct a one-day regional workshop in Dallas on November 9, 1990, for professionals who work with older Texans. The conference is scheduled from 8:30 a.m. to 4 p.m. at the Dallas County offices of the Texas Agricultural Extension Service, 17360 Coit Road.

Subjects to be covered include Medicare supplement, long-term care insurance, misleading advertising and information on the federal Medicare and Medicaid programs.

This training workshop is part of the SBI's effort to address insurance problems facing Texas's 1.7 million seniors. The Dallas workshop offers a first-hand opportunity to receive current insurance information. Previous workshops were held in Austin and Houston.

While the workshop is designed for professionals involved with older Texans, it is open to senior citizens and the public on a space available basis.

For reservations and more information, contact Daryl King, Senior Concerns and Issues, State Board of Insurance, (512) 463-6515.

San Saba Overcomes Eastland 27-to-3

by Richard Kurklin
In a District 8-AA football game Friday in San Saba, the Eastland High Mavericks found the Armadillo line to be a little too big and quick. San Saba exerted enough control over the line of scrimmage to win the contest 27 to 3 and keep their title hopes alive. They are 3-0-1 in district.

The Mavericks played well much of the game, but seemed to wear down at times, allowing San Saba to score. The loss dropped the Mavs to 2-2 in district.

Mav Franklin Skinner returned the kick to midfield and Rojelio Bonilla ran for more, but the Mavs gambled on fourth down with a pass that fell incomplete. San Saba passed for a first and ran for two more, then ran a 5 yard touchdown and kicked the point.

Skinner ran for a first and Bonilla added more, but

Eastland had to punt. San Saba got a first on a penalty, but Eastland's defense held and they punted. Eastland also had to punt. Kyle Sargent broke through for the Mav defense, but San Saba ran for a first. The Armadillos led 7-0 as the quarter changed.

Bonilla intercepted for Eastland but his first down run was called back. Brent Sanderson passed to Sargent for a first, then passed to Bonilla for another. Bonilla ran and then caught a pass for another first. Jeff Morren kicked a field goal for Eastland with the ball snapped at the 11.

San Saba passed for two firsts against a tough Maverick defense, then punted. Bonilla ran for a first before Eastland punted. Eastland's defense shut down San Saba and the ball went over. Pass interference and runs by Bonilla and Sanderson picked up two firsts for Eastland as

the half ran out. San Saba led 7 to 3.

San Saba ran for three firsts including a long run, then ran 13 yards for the second touchdown. The kick was good.

Eastland fumbled the ball, and San Saba took it and ran 9 yards to score. Again the kick was good.

Eastland ran, then punted. San Saba received two firsts on penalties, then passed for a third. San Saba passed 4 yards to score, but missed the kick.

San Saba recovered an onside kick, but Tim Montgomery intercepted for Eastland. Sanderson passed to Sargent and Bonilla ran as the quarter changed. With San Saba leading 27 to 3, the ball went over.

San Saba ran for a first before Bill Hughes made an interception for Eastland. Bonilla ran for a first, then San Saba intercepted. The Armadillos ran for a first and punted. Eastland also had to punt. San Saba couldn't advance the ball and it went over. Bonilla ran for a first as time ran out.

Eastland will host district leading and undefeated De Leon Friday at 7:30.

CJC Wranglers Do The Scalping

BY K.D. FRAZIER

Tyler's own Warren Richardson gained sweet revenge Saturday night as the Cisco Junior College Wranglers beat the Tyler Junior College Apaches by a score of 33-to-16 at Chesley Field.

Richardson, a 5'3", 163 pound freshman, carried the ball a total of 19 times for 121 yards and two touchdowns. Other leading rushers for CJC were Reggie St. Romain of Baytown with 13 carries for 100 yards and a touchdown, and Eric Curl from Lufkin with 9 carries for 52 yards.

The quarterback duo of Robert Bland and Chris Bias had a successful night with 14 completions for 198 yards and a touchdown each. The leading receiver was Robert Brown with 5 catches for 78 yards and a touchdown.

The Wrangler offense was awesome with 512 yards total offense.

Once again the "Big D" shut down the opponent's

offense. The defense held Tyler to 5 first downs and 16 points. The leading defensive player was David Burns with 15 tackles.

The Apaches were first on the scoreboard as the Wranglers fumbled early in the first quarter. The Apaches were only able to score three points. This field goal was the first points the Wranglers have allowed in the first quarter all season. The Apaches lead was short lived as the Wranglers scored on a one yard run by Reggie St. Romain. Paul Burke from De Leon made the point after good. The score was CJC 7, TJC 3. The Wranglers scored yet again early in the second quarter. This time, Burke's PAT was not good. The Wranglers led 13-to-3.

Tyler bounced right back on first down and scored, making it CJC 13, TJC 10. Right before the half the Wrangler's Paul Burke connected on another field goal, and the Wranglers led 16-to-

10 at the half.

As the third quarter began CJC scored on another Paul Burke field goal. Tyler retaliated with a TD, but the PAT was no good. The Wranglers lead was shortened to 19-to-16. Cisco scored two more TD's late in the third quarter. The was as it would be for the rest of the night with the Wranglers winning 33-to-16. Neither team was able to score in the fourth quarter.

CJC is now 2-0 in conference play and 5-1 for the year. The Wranglers are preparing for a tough game Saturday, Oct. 27. They will face the defending National Champions and Texas Junior College champs, the Navarro Bulldogs. The game will be at 7:30 p.m. Saturday at Chesley Field. Come see what is sure to be a good game.

Stats for the Tyler game were as follows:

Passing: CJC, 14 of 29 and 1 interception; TJC, 3 of 13 and 2 interceptions.

Penalties: CJC, 10 for 100 yards; TJC, 9 for 65 yards.

Rushing: CJC, 315 yards; TJC, 215 yards.

Passing Yards: CJC, 198 yards; TJC, 31 yards.

Total Offense: CJC, 513 yards; TJC, 246 yards.

First Downs: CJC, 26; TJC, 5.

Bulldogs Defeated By Blue Cats 67-0

The Ranger Bulldogs traveled to Coleman last Friday evening and were defeated 67-0 by the Bluecats. Coleman took the offensive on the opening kickoff and scored a quick 7 points (PAT included). Coleman's defense kept the young Bulldog team from coming very close in their territory. The Bulldogs completed several passes in the first half but were unable to carry the ball against Coleman.

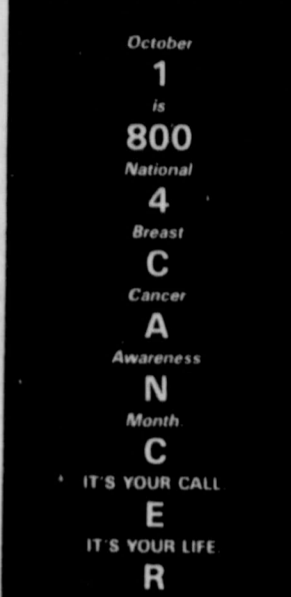

Clint Cantwell was injured during the game and required several stitches that will leave him out for the rest of the season. Sean Cockburn came in as quarterback and the Bulldogs became more aggressive during the second half. But the Bluecats were on a streak and not having won a game all year were determined to keep this one theirs.

Defensively, Stewart & Perkins displayed some great blocks and offensively, Rutledge, Howeth, Galindo and Hudson carried the ball for some yardage against the Bluecats.

The Bulldogs will host Bangs this Friday starting at 7:30 p.m. Bangs is a very

strong team and will be tough to beat. The Bulldogs are going to need your support these final games, so get out the blankets and head down to the field Friday night.

Loboes Fall Hard Against Bangs

BY: LEE LEWIS

The Cisco Loboes found out that a healthy Bangs offense was too much to handle as the Loboes suffered their third loss of the year to the tune of 43-to-14 Friday night in Bangs.

The Dragons took the lead in the first quarter, after several elusive runs but failed to convert the PAT.

The Loboes answered back with a nice 80-yard drive that Jay Nixon capped with a 4-yard touchdown plunge. The conversion attempt failed and the Loboes were as close as they would ever be to a win with a score at 6-to-6.

The Dragons then added 22 points before halftime and the Loboes had the roof cave in on them. The Bangs offense could do no wrong while the Cisco offense never seemed to be able to get off the ground.

The Loboes came out in the second half and attempted to make a comeback as they drove to score their second

touchdown on a 3-yard blast by Nixon. Hoot Beckett passed to Terrence Fletcher for the 2-point conversion which made the score 28-to-14 in favor of the Dragons.

Cisco held the Dragons scoreless in the third quarter and got as close as the Dragon 3-yard line but failed to score again. The Dragons added two more touchdowns in the fourth quarter and gave Bangs a 43-to-14 victory.

The Loboes have run into hard luck of late but can still salvage the season should they pull out a couple of more victories. The Loboes must keep trying and probably be playing for pride they they must face San Saba, De Leon and Coleman before ending their season.

The Loboes must travel to San Saba this Friday in hopes of upsetting the Armadillos. San Saba played Eastland last week, coming away with a 27-to-3 victory over the Mavericks.

Wilson Wins Mini-Classic

The Eastland County Bass Club held its mini-classic this past weekend and the overall winner was Terry Wilson with a two day total of 5 fish weighing 8.93 pounds. In second place was Butch Willingham with 3 fish weighing 8.63 pounds. Third place was won by Tommy Maynard with 2 fish weighing 6.50 pounds.

Tommy also had the big bass of the two-day event with a nice fish going 3.37 pounds. Congratulations to these anglers. High winds and rain hampered this event because all anglers reported not many fish being caught. Spinner baits and worms seemed to be the best baits.

On Oct. 28, the ECBC will have its Guys and Dolls tournament to be held on Lake Proctor, headquartered at Sowell Creek Park. This is open to any couple who would

like to fish with us. There is no entry fee and hamburgers and all the fixings will be provided by the ECBC. We will fish from 8 to 12, break for lunch from 12 to 2, and fish from 2 to 6. We will also give out our awards for 1990 during the lunch break. This is a couples event and you do not have to be a member of ECBC but we would be glad to have you join up with us. If anyone would like more information on the Guys and Dolls tournament, please call Gary Horton at 647-3888, Butch Willingham at 442-3142 or Jimmy Johnson at 629-1921.

The weekly jackpot scheduled for Oct. 28 has been canceled due to the Guys and Dolls tournament.

Buckle Up!

Are The Mormons A Mystery To You?

Do you know what Mormons really believe? Some people have many mistaken ideas about our religion...so, we invite you to the church for an open-house so that we may tell you about our doctrine and answer any questions you may have. There will be a live 33 minute telecast from church headquarters in Salt Lake City, Utah. Following the telecast, representatives from many departments will enlighten you on a brief walk-thru of classes taught and basic doctrinal information. After the walk-thru, refreshment will be served.

Make it a family outing...come and find out what we have to offer...after all, we are a strongly family oriented church. There will be no pressure...just an opportunity to share with you what we have to offer and tell you how we feel about our Heavenly Father and His Son, Jesus Christ. Please join us this Sunday, October 28, at 6:45 p.m. at the meeting house of The Church of Jesus Christ of Latter-Day-Saints, located on county road (south extension of Folts Street) in the Southern section of Fox Hollow Addition in Eastland.

For additional information or directions to the meetinghouse, please call President Floyd Alldredge at 647-3827.

LETTER TO EDITOR

Dear Editor,
I have two things I would like to write about. Our hospital and our roads.

I would like to know why no one for the hospital ever gets the TV coverage that the opposing bunch does? They certainly spout off often enough.

If a few of them had to make a run to a hospital 45 miles away with someone fighting to breathe as I have had to do before we moved here they would know how important a hospital in our town really is.

I noticed different merchants are against our having a hospital. If I can find out which of the merchants are against it I will not spend another dollar in their store, shop, or whatever business they are in. I hope there are others who feel the same. Since we moved here in 1980 we have seen businesses ei-

ther leaving here and going to Eastland or quitting altogether. If we have to go out of town to get medical help — we the people — will spend our money out of town for lots of things that would normally be bought here. Then more of our towns' businesses will fail. A few more tax dollars won't hurt any of them or us to much when one considers what we are giving up.

The second thing I have on my mind is our roads. They are in terrible shape and Mr. Bacon thinks we will vote him back in office. What a dreamer. He only started work on this road after he lost the election earlier this year. And what has been done has not improved it any. We would like to have someone in the office that has some interest besides self.

Thanks for letting me say my piece.

HAWAII VISITORS-- Shown are four "Golden Girls" who recently enjoyed a tour of Hawaii. They are, left to right, Ann Etta Dunning, Alma S. Dunning, Helen Brashear and Angela Coats David. They are pictured in front of the International Market Place.

Golden Girls Do Hawaii

Alma S. Dunning, Helen Brashear and Ann Etta Dunning recently drove to Fort Worth to be joined by Angela Coats David for a three generation trip to Hawaii. They were boarded on an American Airline jet by Ann Etta's younger daughter, Nanette Coats Biddy, and Stewart and two-year old Ashley David. The group also had an impromptu brunch in Weatherford with Polly Wright of Cisco.

After a 7 1/2 hour flight from DFW to Honolulu they were greeted and escorted to their hotel across from Waikiki Beach at 11:30 p.m. Hawaii time. (Early to bed, early to rise.) Their days started no later than 6 a.m. and lasted well into the nights.

Some of the lovely sites visited were Pearl Harbor with a trip aboard the memorial above the USS Arizona, Hilo Hattie factory, Bishop Mu-

seum, Dole Pineapple cannery, Kodak Hula Show, International Market Place, (numerous shopping sprees), Royal Hawaiian Shopping Center, tour around the North Shore of Oahu to view the Diamond Head crater, famous beaches, and some wind surfing and surf boarding.

The girls then took a memorable ride on a small sailboat (very wet) along Waikiki Beach and in the evening a sunset dinner cruise with a great show and dancing. Following dinner it was off to the Don Ho Show.

The group flew to the garden island of Kauai, rented a car and drove to the scenic spots including the fern groves, caves, abundant wild flowers, canyons, beaches and primitive villages. In this island in addition to the sugar

Benefit Bake Sale Friday At Bank

There will be a bake sale at First National Bank on Friday, October 26, beginning at 9 a.m. to raise funds for Billy Boles to attend the Congressional Youth Leadership Conference in Washington D.C. in February.

This conference is by invitation only and a small percentage of high school students are nominated. Billy has been selected as one of the representatives for Cisco and Texas. He will be a part of the legislative process and attend several official functions while in Washington.

Any donation of cash or bake goods will very much appreciated.

Billy is the son of Jerry and Cecelia Boles. Jerry works for the City of Cisco and Cecelia is employed by First National Bank.

Fink Memorial Reunion Held

The annual memorial reunion in memory of Fink (Fink was held Sept. 15, 1990), from approximately 10 a.m. to 10 p.m. in the home of Gary, Judy and Dion Fink, 1501 Park Drive.

The hosts and hostesses for the event that brought together the descendants and Jimson relatives of Russell Fink were his sons, Bobby and Gary Fink, and their families.

They sent out clever invitations from "Fink Reunions: 'R' Us" in the Mexican theme (including the Spanish of suggested dishes the addressees might bring) to the Hallmarks, the Rogers, the Griegers, the Knights, the Burns, the Tabors, the Finks and the Kinard residences.

From morning until noon, those present enjoyed snacking and, for adults visiting, or swimming for the children.

At noon a salad luncheon was served with many salads and no two alike which was said to be unusual since so many people came from distant towns.

In the afternoon there was visiting; among some adults; and swimming for some adults and children.

Later in the evening there was a softball game in the park between the young adults and the young children.

At about 8 p.m. a typical Mexican supper was served, consisting of a table full of Mexican dishes, with beef enchilada as the star attraction. Desserts were available at both meals. Sweets such as cakes, pies and cookies were served.

After supper the children completed with each other to break the pinata that was hung in the carport. Jake Knight broke the pinata and the children enjoyed the candy.

Those present were Anne

companies are anticipated for many of the Eastland County peanuts. These bonuses will probably vary, Tunmire says.

Bumper Crop Expected In Peanut Harvest

"The peanut harvest is in full gear," reports David Tunmire, Eastland County Extension Agent.

Peanuts were being dug up to dry, and a lot of them are also being combined, says Tunmire.

The County Agent also says that it looks like a bumper crop this year, surpassing the \$105 million gross sales in peanuts reported for the county in 1989.

A current acreage estimate for Eastland County lists 26,000 acres in dry land and irrigated peanuts, almost all located in the south part of the county. Most peanuts here are grown under the government quota system.

Due to shortage of other locations, bonuses from

Hargrave Family Hosts Visitors

Visiting in the home of Wayne and Shirley Hargrave have been Kenneth Moss and his wife, Helen, from Lubbock; and Bob and Jean Baines of California. Jean was born in the Yellow Mound area when her father, Ray Brannan, was teaching in this area back in the 1920's and early 30's. Jean is doing family research now that Bob has retired and they were traveling on to Arizona for the winter months in their motor coach. They were treated to the Traditions "fish" night buffet and really enjoyed the visit.
