Imprisoned Americans say they never gave up while in Cuban prison

MIAMI (AP) - "I never gave up," said Larry Lunt after he and three others stepped onto U.S. soil after years of imprisonment in Cuba on espionage and political charges.

Gaunt, tired and somewhat bewildered, the four Americans arrived at Miami International Airport on Monday night, only hours after learning their release was imminent.

Imprisoned since the Cold War days of the mid-1960s, the four were released 10 days after the United States freed four Puerto Rican terrorists.

The State Department denied any "package deal" with Cuba, but officials acknowledged awareness of Cuban President Fidel Castro's public offer to release the Americans in return for release of the Puerto

"I'm happy, I'm happy, I'm three times happy," said estatic Juan Tur, 62, in Spanish as he hugged his wife and daughter. Tur was sent to prison by Castro in 1963 for "counter-revolutionary activities.'

The freed Americans were Lunt, 56, a Saratoga, Wyo., rancher sentenced to 30 years in 1965 for espionage; Tur, a Tampa native; Everett Jackson, 39,

of Los Angeles, sentenced to 30 years for espionage in 1967; and Claudio Rodriques Morales, 49, of Mayaguez, Puerto Rico, sentenced to 20 years in 1966 for smuggling people out of

"I feel very deeply and immensely happy," Lunt said. "All I want to do is go back to Wyoming and ranching."

Jackson said he parachuted into Cuba in 1967 to photograph old missile sites for "journalistic purposes." However, during an interview in Cuba two years ago with a group of visiting congressmen, Jackson said he had been shot down while flying over Cuba on assignment for a California newspaper.

"I had an agreement with the CIA that I was not working for them," Jackson said. "But they were interested in information and they were interested in what I was going to

WASHINGTON (AP) - White House officials insist that President Carter is in no mood to compromise on the presence of Soviet combat troops in Cuba, despite the lack of any visible progress in the latest round of negotiations with the Russians.

Top-level U.S. and Soviet negotiators held an unusually brief meeting, lasting 27 minutes, at the State Department on Monday with no sign of State Cyrus R. Vance and Soviet Ambassador Anatoly Dobrynin was their fourth since Dobrynin returned to Washington from home leave in Moscow to discuss the troops issue, which is undermining prospects for Senate ratification of the strategic arms treaty.

The other Vance-Dobrynin meetings have lasted well over an hour

Monday's session followed a morning White House meeting in which President Carter and his top national security advisers made some unspecified decisions about the troop issue, White House press secretary Jody

Powell would not disclose what happened at the White House session. "We do not intend to conduct the negotiations in public," he said.

But he did say the United States continues to view the presence of Soviet combat troops on the island as "unacceptable" and as "a very seri-

ous matter." A White House official, who asked not to be named, later told reporters that Powell's statement should not be taken lightly, but was a careful reiteration of the U.S. position designed to dispel any ideas that Carter is ready

to soften that position. The Soviets deny they have stationed a combat brigade on the island 90 miles from Florida, but U.S. officials insist they have solid evidence of a Soviet brigade of as many as 3,000 men, equipped with tanks, armored personnel carriers and artillery.

The U.S. officials say the brigade apparently has been stationed in Cuba for several years but was only recently discovered by U.S. intelli-

Firemen remained on duty today amid smoldering ruins left by the blaze that destroyed 24 Laurel Canyon homes in the Hollywood Hills over the weekend.

City Fire Chief John Gerrard said some of the homes might have been saved if the department had been at the staff levels set up before passage of Proposition 13, the referendum which cut California property taxes and forced public spending cutbacks. Engine companies now have four men instead of five, and off-duty firefighters were called in to supplement working crews, he said.

"It takes two hours to call a man in, get him to the station, get him in uniform and out to the fire," he said.

Just a little place for two ...or three or four or more

FRAMINGHAM, Mass. (AP) - A heated pool would be nice, but a tennis court is a must for the home Johnny Carson will rent for five days while he performs at the Chateau de Ville here next month.

Clover Associates of Framingham said Carson will pay \$1,000 rent for five days, provided the house: is on an acre of land; has luxurious furnishings; has four or more bedrooms and three or more bathrooms, and is within 30 minutes of Framingham.

Advertisements seeking the house, which appeared in local newspapers over the weekend, did not mention Carson by name, but Clover broker Lucille Leaman said she's sure those who have answered the advertisement know who it is. "They can put two and two together."

Carson's West Coast booking agent, Stan Irwin, said Carson always chooses a private home for his outside appearances to avoid crowds and lines in hotel

Carson is scheduled to appear at the club Oct. 12-14.

No longer a hurricane, Henri drifts to northwest

VERACRUZ, Mexico (AP) - After an "erratic dance" off eastern Mexico, Hurricane Henri was downgraded to a tropical storm today as it began to drift northwest toward the Gulf coast town of Tampico, 250 miles north of here, the U.S. National Weather Service in Miami said.

Henri's top winds were averaging about 65 mph, down 10 mph in the last 24 hours. But the U.S. weather agency

Cloudiness to continue

Sunbathers may need to wait a few more days before trying to get that ast patch of summer tan.

Weathermen at the National Weather Service at Midland Regional Airport are calling for considerable cloudiness tonight with a slight chance of light rain.

It will be partly cloudy Wednesday with warmer afternoons, the weather-

High Wednesday is projected for the upper 70s, with the overnight low expected to be in the upper 50s.

The high Monday was 73, much cooler than the record 98 set in 1977. Overnight low was 60, much warmer than the record 47 set in 1971.

There should be light and variable winds at 5 to 10 mph tonight, the weathermen say.

Only a trace of precipitation was recorded Tuesday, keeping this year's precipitation total at 12.21 inches.

Flash flood watches were posted for the Texas coastal plains today as widespread rain and fog descended

over the area late Monday. Brownsville reported over three inches of rain from Monday night until early Tuesday morning. Houston had three-quarters of an inch and Corpus Christi reported a half inch of rainfall during the same period.

The storm was located about 150 miles southeast of Tampico and continued to weaken, the Weather Service said. Because of its nearly stationary course it was difficult to predict whether it would hit the United States

Earlier, the Meteorological Service here had warned residents along the coast from Tampico north to Soto La Marina to prepare for "hurricane force winds.

Efforts to cap a runaway offshore oil well in Campeche Bay were suspended and the well continued to spew thousands of barrels of crude oil into the Gulf of Mexico. The oil slick was washing up on Texas coast beaches.

About 2,000 Mexicans were forced from flooded homes Monday in lowlying areas of Ciudad del Carmen, an

island in Campeche Bay. About 200 fishermen and their families in the village of Casitas, 180 miles north of here, sought higher ground when tides three feet higher than normal swept into their homes.

"Oil drilling operations were halted in the entire southern zone, both on land and offshore, and offshore platforms were evacuated Monday," officials of PEMEX, the government oil monopoly said.

The port of Coatzacoalcos in oil-rich Veracruz state was closed and crude pumping was suspended at the Pajaritos, Veracruz, terminal, where oil is loaded onto tankers, Pemex offi-

Electric energy interruptions at Cactus, in the natural gas and oil fields in southern Mexico's Reforma fields, closed down 19 wells, officials reported.

PEMEX stopped loading an oil tanker because high winds cut hoses as the ship was taking on crude destined for Spain. The ship was forced to seek shelter in Campeche Bay and was only partially loaded.

Leadership Midland class set

The 1979 class of Leadership Midland, which is designed to find and help develop future leaders in Mid-land, will hold its first of nine sessions on Oct. 11.

The announcement was made today in a press conference at the Midland Chamber of Commerce.

The program is co-sponsored by the chamber and Midland College.

The class of 42 participants will attend a series of nine one-day sessions covering community needs and concerns. The sessions offer information on the city through lectures, dialogue between the participants and community decision-makers, and tours of various community plants and facilities.

The 1979 Leadership Midland participants are: G.B. Bailey, Woody Bailey, Fran Billingsley, James Borron, Ann Bradford, Doug Burleson, Mike Butler, Johnny Cappadonna, Jim Chapman, David Childress, Cyn Choate, Dr. Billy Cook, Jumper Davis, Marti Garza, Kathleen Gilluly, Doug Graham, Dr. Jim Holman, Al Keller, Hill Glover, Jim Henry, Ken

Reagan Legg is Leadership Midland program chairman, and Parker Humes is chairman of the curriculum and arrangements committee. Wilbur Yeager Jr. is finance committee chairman, and Harriet Herd is selections committee chairman.

Harry Clark and Patsy Wilson are co-chairmen of the follow-up committee. Joann Foster is chairman of the publicity committee.

Judge to take polygraph test

STANTON — County Judge Jimmy Mathis is scheduled to take a poly-graph test in the continuing search for almost \$1,300 missing from the Martin County tax office.

The money, reportedly taken at three different intervals since about Aug. 27, included \$697.35 in checks and \$582.36 in cash, according to Martin County Tax Assessor-Collector Donnie Kennedy.

The money was taken from the safe in the office, apparently by someone who "had keys and knew the combination," Mrs. Kennedy said.

Employees in the tax office already have taken polygraph tests, according to Stanton Police Chief Jerry

The county judge and other employees and officials with keys to the building now are being asked to take the tests.

Chrysler models in EPA's Top 10

WASHINGTON (AP) - The financially troubled Chrysler Corp. is the only American automaker to offer 1980 models ranking among the Top 10 in fuel economy, the Environmental Protection Agency announced today.

Two models of the diesel-powered Volkswagen Rabbit - both made in Germany - head the EPA mileage list for the second consecutive year. The five-speed manual transmission version is rated at 42 miles per gallon and the four-speed Rabbit at 40 mpg.

Two Chrysler models - the Dodge Colt and the Plymouth Champ — tied for the next best mileage figures at an estimated 37 mpg each.

That topped all U.S. manufacturers, gasoline or diesel-powered, and all foreign car makers except Volkswagen.

Some autos were not included on today's list and will be covered in an updated version to be published early

next year, EPA said. Of the Top 10 cars, six are gasoline powered.

Tied for fifth place - behind the two Volkswagens, the Dodge Colt and Plymouth Champ - are two dieselpowered Volkswagen Dashers and a gasoline-fueled Honda Civic with a five-speed transmission. Each of the fifth-place cars is rated at 36 mpg.

Rounding out the Top 10, each getting an estimated 35 mpg, are a Honda Civic with a four-speed transmission, and a Dodge Colt and a Plymouth Champ with four-speed transmissions slightly different from the Colt and Champ models ranking higher on the list.

San Francisco officials endeavor to reopen strike-bound schools

By The Associated Press

Officials in San Francisco vowed to open school for half the system's pupils despite a teacher walkout now in its second week as strikes by teachers in two New Jersey school districts

More than 34,000 teachers today are on strike nationwide, disrupting classes for 677,400 pupils in Alabama, California, Illinois, Indiana, Louisiana, Michigan, New Jersey, Ohio, Pennsylvania and Washington.

Negotiators for Indianapolis teachers and the board were allowed to go home Monday night after spending most of the day sequestered in a court jury room by order of Marion County Circuit Judge Frank P. Huse.

While contract talks continued, Huse threatened \$25-a-day fines against every teacher who does not show up for work. There was no report on progress in the dispute, which has kept about 1,300 of the 3,400 teachers in the district off the job.

In Detroit, negotiators for 12,000 teachers and the school board are

resuming talks today under an order issued Monday by Wayne County Circuit Court Judge Patrick Duggan.

State mediators Robert B. Blackwell and Robert Piasarski brought the two sides together Monday night. Although a news blackout continued, Blackwell said the talks are "looking good.

In the nation's largest strike since schools began opening three weeks ago, about 300 Detroit schools have stayed closed for 189,000 pupils since teachers walked out Sept. 10. Teachers in Paterson, N.J., ratified

a new contract Monday calling for a 30 percent wage increase over three years, a family dental plan to begin next year and an individual prescription plan to begin in 1981. The salary increase amounts to an average of \$4,300 over the life of the contract for 1,700 Paterson teachers, who currently earn an average of \$14,300.

In Woodbridge, N.J., teachers returned to work Monday afternoon, but the district's 15,000 students, who have attended classes on half-day sessions since the strike began Sept.

4, had already gone home for the day. The 1,100 teachers ratified a new twoyear contract Monday calling for a 9 percent increase each year.

San Francisco School Superintendent Robert Alioto said Monday that classes for 30,000 kindergarten through fifth grade pupils would be taught beginning Thursday by administrative, supervisory and substitute personnel. Classes for 30,000 junior high and high school pupils would also eventually resume, he said.

"We'll continue the negotiations but the progress has been agonizingly slow," Alioto said. "We cannot continue holding up school...the first duty is to the child.'

The 3,500-member union has demanded the rehiring of 1,200 teachers fired in the spring and is seeking a 5.7 percent wage increase.

Meanwhile, classes resumed for 16,-000 Springfield, Ill., students Monday when 935 teachers ended their strike, but teachers hoisted picket signs in East Cleveland and North Canton, Ohio, boosting the number of striking teachers in that state to more than

Nurses, attendants reject plan

PROVIDENCE, R.I. (AP) - More than 1,900 nurses and attendants at the Rhode Island Medical Center remained off the job today after the nurses rejected a state-backed plan to

end their five-day-old walkout. The Department of Mental Health, Retardation and Hospitals has been operating the hospitals, which serve about 1.600 patients, with the help of National Guardsmen and volunteers, A judge was to consider a contempt

of court motion against their union leaders at a hearing today. The nurses voted 74-20 Monday

night at a closed meeting to reject the compromise and keep their picket lines up. The compromise would have guaranteed them a voice in negotiations over staffing levels.

The strike began Thursday after the state questioned whether the nurses could participate in arbitration hearings on the staffing issue because they had changed unions over the summer.

The nurses now belong to Local 79 of the National Association of Government Employees. When the state and Medical Center unions first agreed to submit their staffing dispute to arbitration, they belonged to a different

The vote put the dispute back in the hands of Superior Court Judge Anthony A. Giannini, who ruled Friday that the strike violated the state law prohibiting walkouts by state employees. Giannini ordered the nurses to return to work, but they voted overwhelmingly Saturday to defy his rul-

The judge began a hearing Monday on the state's motion to have union leaders held in contempt, but delayed the hearing to give the 220-member

union time to consider the state's proposal.

ICC studies rail strike situation

WASHINGTON (AP) - The Interstate Commerce Commission is discussing ways to resume shipments of farm products beginning to pile up because of a three-week strike against the Rock Island railroad.

The ICC was meeting today to review options for using its "directed service" authority, under which it could arrange for other railroads to manage the system until the financially-troubled Rock Island could resume operations itself. ICC spokesman Larry Lesser said

the commission also would discuss directed service concerning another ailing Midwestern carrier, the Milwaukee Road. Both railroads are in financial reorganization under federal bankruptcy laws. The strike against the Rock Island,

a major grain and soybean hauler, is choking shipments throughout the railroad's 13-state, 7,000-mile route.

The Carter administration, pressured by midwestern governors and members of Congress to end the strike, has formed a task force that favors directed service as the best way to resume shipments, an administration source said.

Directed service is required because the railroad lacks adequate financial resources for a return to full service, said the source, who declined to be identified.

The source said the task force composed of officials from the transportation and labor departments, National Mediation Board and ICC said action on directed service is now in the hands of the ICC, an independent agency that prizes its auton-

Special legislation and a presidential back-to-work order to striking workers under the National Railway Labor Act also may be needed as part of the plan for resuming rail service,

The ICC reportedly has balked at administration pressure to move swiftly for directed service by arguing that it needs to conduct an exten-

sive review because of the complexities involved.

Lesser said the ICC must ponder several questions about directed ser-

Guard posted near Karen Quinlan after man offers to sell photo

MORRIS TOWNSHIP, N.J. (AP) -A 24-hour guard has been posted at the Morris View nursing home here after a Bronx man produced photographs he said were of Karen Ann

The Daily Record of Morristown notified Morris County Sheriff John Fox Friday when the man, who identified himself as Donald Roberts, offered to sell a photograph for \$50,-

Fox said he sent an officer to the hospital to protect the privacy of the 25-year-old comatose woman and 360 other patients in the home from curiosity-seekers.

Irving Gabren, Morris View administrator said the incident was a false alarm. "I don't think anyone got in to take a picture.

Gabren and Fox said guards were still stationed at the home Monday but neither would say how long they would remain there.

Fox said the sheriff's office will not investigate the authenticity of the

John Hatch, managing editor of The Daily Record, said he was "95 to 99 percent sure" the photographs were

of Miss Quinlan. "It was her nose, her eyes, her

facial features," he said.

The pictures showed a young woman with close-cropped hair lying on her side with her legs and arms drawn up, he said. She was covered with a sheet and intravenous equip-

Roberts reportedly told editors the pictures were taken by an unidenti-

fied photographer several months Hatch said the paper contacted the sheriff's office for a comment on the

apparent breach of security. Miss Quinlan lapsed into a coma April 14, 1975, from what police said was a near fatal combination of alcohol and drugs.

There is a solution

The Internal Revenue Service's first comprehensive report on tax evasion in these United States. which was submitted to Congress recently, is not expected to sweeten the jaundiced opinion of taxes and government held presently by many Americans.

According to the IRS estimates, U.S. taxpayers failed to report \$135 billion in income and thereby evaded \$25 billion in federal taxes during 1976.

Moreover, the IRS and the General Accounting Office agree that as many as six million Americans fail to file federal income tax returns on legitimate income each year, or almost 10 percent of those required to report their incomes.

Knowing that such statistics would make conscientious taxpayers all the more disgruntled the IRS released its report reluctantly and only in response to congressional orders.

Inasmuch as IRS bureaucrats would have a vested interest in not disclosing too much tax evasion that disparaged their effectiveness, it appears these figures, stunning as they seem, are on the low side.

Peter M. Gutmann, professor of economics and finance, City University of New York, asserts the subterranean and untaxed U.S. economy accounted for about \$220 billion last year, more than 10 percent of the gross national prod-

Professor Gutmann estimates that 3.5 million Americans are employed exclusively in the subterranean economy, full time or part time — skimming off cash as owners or employees of small businesses, keeping part of the sales taxes or pocketing the income from gambling and illegal activities such as prostitution and drug

The City of Stanton and Martin County lost one of their top citizens last week in the death of Cecil Bridges, a former resident of Midland and Crane and a longtime Stanton resident.

There weren't many things, if any, of a civic, church or service club nature, in which Cecil Bridges had not been involved in his home community and in West Texas generally.

He was a former mayor of Stanton, a past president of the Martin County Chamber of Commerce, and a former director of the West Texas Chamber of Commerce. He also had served as president of the Stanton Lions Club and was a past district governor of Lions International. He had headed all sorts of projects and campaigns, leading the way in working and giving in most instances. He also was active in his Masonic Lodge and in his church, First United Method-

CHARLEY REESE 'Fewer than 100 persons can wreck the U.S. economy'

By CHARLEY REESE SUN BELT SYNDICATE

ORLANDO, Fla. - Can fewer than 100 people wreck the economy of the United States? Yes, if they are strategically located in government and allowed to continue their operation unopposed.

Is there such a group? Yes. Now it may strike you as strange that a group of people would actually desire to wreck the economy. That sounds downright un-American. Well, it is certainly out of the mainstream, as they say, of American tradition.

But this is actually happening and it is most important for the American people to understand it. These people, a collection of zealots from environmental and public interest groups whom President Carter has appointed, intend to bring us to our ecnomic knees - for a "good" cause, natural-

You see, these people know what is good for us and they know that we are too stupid to adopt their ideas voluntarily. Therefore they will smash the economy and out of the social wreckage that will follow build their own vision of the good society which is socialism.

Dr. H. Peter Metzger has called these people the "coercive Utopians" and he did a great job more than a year ago summarizing who they are and what they are doing. Like a lot of important information, it seems to have fallen through the crack.

Charley Reese

Some of the examples Dr. Metzger cited in his original speech confirm my own opinion of President Carter. For instance, the President used the energy calculations of Amory Lovins in a major speech just 24 hours after Lovins visited the White House. Lovins is a non-college graduate who poses as a scientist and works for Friends of the Earth. His energy figures have all been discredited.

The President, however, has 14 people on the White House staff who come from these public interest groups, including his chief speech writer and so it's no surprise that Lovins' nonsense finds its way into presidential speeches.

Metzger has cited even more appalling situations such as the case of John Leshy who is an attorney. While employed by the Natural Resources Defense Council, a fanatic antigrowth outfit, he helped prepare a suit against the Department of Interior. He ends up an attorney for the Department of the Interior "defending" them against the suit. It's no suprise that the outcome resulted in his former employer winning veto power over the granting of federal coal leases.

There are, according to Metzger, four assistant attorney generals who were lawyers for these anti-growth organizations. Just how objective can a man like James Moorman, former executive director of the Sierra Club's legal defense fund be? The answer is 'not very.'

If you are wondering why, in the face of an energy crisis, the federal government is tying up millions of acres of public land which promises to contain a lot of oil, you might like to know that the Carter-appointee in charge of the Roadless Area Review and Evaluation Committee is George Davis, former executive director of the Wilderness Society

These nation-wreckers and their cohorts in the private organizations are attacking on every front - blocking or delaying nuclear energy projects, water projects, oil pipelines, refineries, coal mines, and oil exploration.

From the outside, they attack with court suits: from within the government, they work by delaying and blocking and creating insurmountable redtape unil, like the California pipeline, they kill it.

Ralph Nader has stated their goal: a reduction of U.S. energy consumption by 50 percent! In the same interview. Nader acknowlaged that this can only be achieved by an economic disaster. Nader, and his ideological friends, think our suffering is worth their goal.

The kind of people who would create another Great Depression in order to achieve a political goal deserve, at least, tar and feathers.

SALT II and Red troops in Cuba

By JACK ANDERSON

WASHINGTON - What disturbs some senators the most about the Soviet Union's latest military provocation in Cuba was the time it took for our intelligence agencies to discover and confirm the presence of Russian combat troops fewer than 100 miles from the U.S. mainland.

For the speed with which we can catch the Soviets in violations is a vital question, which must be resolved before the Senate is likely to ratify SALT II.

From secret documents and intelligence sources, our associate Dale Van Atta has pieced together a case history of one suspected Soviet treaty violation. The painstaking efforts of our intelligence agencies to determine the facts illustrates the care they use

The chips in this particular game were new silos at missile centers in the Soviet Union. The stakes were high. Were the Russians cheating on the number of missiles they had?

Up until 1970, the Soviets had put their missile-site control centers in underground bunkers near the missile silos. In that year, they began replacing these relatively primitive bunkers with underground silos that looked identical to those that housed the missiles.

When the first SALT agreement was signed in 1972, U.S. officials expressed concern that the new silos might be intended for actual missiles - an illegal stretching of the agreedon limit. The Soviets assured U.S. representatives the silos were to be

used only as launch-control centers. The intelligence agencies were ordered to check it out. It should be noted, perhaps to the disappointment of incurable romantics, that our espionage was carried out mainly by electronic surveillance, not the undercover spies of popular fiction. The intelligence agencies can't count on getting reliable information from covert agents and informants - data from such sources is regarded as a corroborative bonus.

The intelligence analysts eventually decided the Russians had told the truth, and listed five reasons for this conclusion: Capsules put in the new silos were the same kind that housed control equipment elsewhere. Protruding antennas, cable patterns and outbuildings fit the launch-control function. Only one of the new silos was being built at each missile site. New silos were the only visible launch-control centers at two sites where no underground bunkers existed, and all the new silos had been built next to the command centers they

were replacing. The Americans continued to bring the new silos up in discussions with the Soviets as late as 1976, while the intelligence agencies worked on a supplementary assignment: What would it take to convert the controlcenter silos into missile holders?

The answer to this one was that such modification would be extensive, time-consuming and costly - and, more importantly, hard to hide.

So the intelligence analysts were able to tell President Carter in 1977 that "the extent of these modifications would make it very hard to adapt the silos in significant numbers without detection." On the strength of that assurance, the United States dropped the subject.

SWISS SHUFFLE: The Air Force and the State Department put pressure on the International Communication Agency to throw a \$7.5 million contract to a Swiss firm under questionable circumstances. It was part of a deal to help two politically powerful pals, Northrup and General Electric, get a juicy aircraft contract from the Swiss.

The loser in this shady international backscratching deal was a small, efficient American firm - and possibly the American taxpavers as well Here's how the fast shuffle was worked, according to internal government documents:

In a carrot-and-stick approach, the Defense Department got the Swiss government to buy \$233 million worth of Northrup-GE F5 jet fighters. Then the brass hats sought to give a Swiss firm, Brown Boveri, the contract for 12 Voice of America transmitters.

The stick was applied to ICA, first getting the agency to waive U.S. regulation, designed to give business to American firms and then - even more outrageously - shaving the specifications so the chosen Swiss firm could meet them

The Swiss company was initially told that "restrictions of the Balance of-Payments Program may well apply to the proposed transmitter procurement." Two weeks later, then-assistant Air Force secretary Everett Keech - apparently tipped off by Brown Boveri - wrote to ICA director John Reinhardt, urging "favorable consideration" to waive the rules favoring American companies.

Then-assistant Secretary of State Richard Vine added his weight, telling Reinhardt the waiver was "of great political importance in Switzerland." Finally, when the Brown Boveri designs turned out to be inadequate, the contract specs were rewritten to suit the Swiss firm.

With this help, Brown Boveri came in with a bid of \$650,000 lower than the only U.S. bidder, Continental Electronics Manufacturing Co. of Dallas.

As explanation for the hankypanky, ICA points to the \$650,000 'saving' as justification and stressed that the waiver also allowed other European firms to bid. ICA denied pressure had anything to do with the waiver, and claimed the amedment of the specifications was "routine."

But Continental disputes the socalled savings, pointing out that the Treasury has lost far more in taxes than would have been paid by the company, and its workers, subcontractors and suppliers.

INSIDE REPORT: Bypassing Robert Strauss can get a person in trouble

By ROWLAND EVANS AND ROBERT NOVAK

WASHINGTON - Outgoing United Nations Ambassador Andrew Young's condemnation of Israel's "wrong and unacceptable" military operations in Lebanon was not cleared with Robert Strauss, President Carter's special Mideast emissary, or with Zbigniew Brzezinski, Carter's national security adviser.

Strauss was informed of Young's Aug. 29 speech to the U.N. security council "only hours" before it was made. Although completely opposed to Israel's indiscriminate bombing and shelling of southern Lebanon, Strauss was furious on two counts: first, at not being consulted; and second, because he felt his peace mission would be further undermined by Young's harsh language.

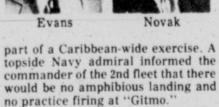

Strauss complained to both the president and Secretary of State Cyrus Vance and was assured the bypass had been "accidental." As for Brzezinski and the national security council, no official word about Young's U.N. speech was ever received from the State Department.

CARTER'S GUANTANAMO "NO"

Even before taking office, President Carter vetoed an amphibious landing exercise at the U.S. Guantanamo naval base in Cuba. The veto was a prelude to his effort toward full recognition of Fidel Castro's Cuba, now shattered in the wake of that Soviet brigade in Cuba.

For three months elements of the U.S. 2nd fleet had been planning an "opposed" landing operation at "Gitmo," followed by routine practice firing of 155-millimeter guns, as

Nothing was put in writing. The cancellation was a political damagelimiting operation by shrewd Navy officers who knew that although President-elect Carter could not legally lift a finger against the planned exercise, going ahead with it would create major dangers for the Navy after inauguration.

Carter's turn-the-other-cheek efforts to entice Castro into full friendship with the U.S. have failed all along the line, topped by discovery of the Soviet brigade in Cuba. But "Gitmo" exercises are still out of

MOYNIHAN FOR PRESIDENT

New York leaders of the draft-Kennedy movement have passed word to Sen. Daniel Patrick Moynihan that he is their choice to oppose President Carter for the Democratic presidential nomination if Sen. Edward M. Kennedy won't run.

That ought to buttress the likelihood of Moynihan running as a favorite son in New York's presidential primary if Kennedy bows out. Gov. Hugh Carey has the same intention, but Moynihan's higher ratings with both rankand-file Democrats and party leaders favor him over the governor. What is surprising is support from

the committed liberals in the draft-Kennedy movement, most of whom vigorously opposed Moynihan for the Senate nomination in 1976. One reason: Moynihan's inflexible support for Israel, which has supplanted questions of ideological purity among many liberal Democrats

STENNIS FOR SALT

The importance of Sen. John Stennis, venerable chairman of the Senate Armed Services Committee, to the SALT camp continued when he effectively killed hearings that might have generated opposition against the arms limitation treaty.

The hearings had been scheduled for Sept. 10 by the Armed Services Subcommittee on Procurement headed by Sen. Harry Byrd of Virginia. Intelligence officials from both the Pentagon and the CIA were to testify on the level of Soviet military procurement. That would inevitably have led to unfavorable comparison with U.S. procurement, fueling opposition to SALT II.

But Stennis, who has helped pro-SALT White House moves in the past,, approached Byrd last week and argued that it would create "confusion" for the Armed Services Committee to carry on two SALT-connected hearings. Stennis asked indefinite postponement (in effect, at least until after the Armed Services Committee makes its report on SALT II to the Senate). Byrd acceded to the chairman's wishes.

DOLE AND SALT The conscious leftward drift by Sen. Robert Dole in his long-shot quest for the Republican presidential nomination was brought up short when, under pressure from influential party figures, he cancelled a pro-SALT appearance before the Senate Foreign Relations Committee Sept. 5.

The avowed reason for the cancellation was to protest Soviet troops in Cuba. But Dole could have shifted his testimony to Sept. 14 if he wished, and he decided against that. The real reason for the change was angry reaction of old friends who had seen his prepared testimony.

They told Dole the testimony was so. loaded in favor of the treaty that it would be bound to generate anti-Dole criticism from influential Republicans. The implication was clear: delivering that testimony might deprive him of support not only for his quixotic presidential drive but, more seriously, for his Senate re-election

KAREN FIDLER & **LEIGH ANNE JONES**

Hey, all you winners out there in Rebeland, last Friday night our mighty Rebel Express rolled over El Paso Austin's Puny Panthers with an unbelievable score of 51 to 13! All right, Rebels. Our mighty Stonewall Brigade held up the proud Rebel tradition as it pounced on those pups with a score of 35 to 16. Way to go, guys; keep up the good work! Don't you Rebel fans miss the next exciting episode of the 'Mighty Rebel Express on its way to State" as the Rebels pulverize those Plainview Bulldogs at 8 p.m. Friday in Midland Memorial Stadium. Our Stonewall Brigade will pounce on those Panthers from Fort Stockton at 7 p.m. Thursday, there. Everybody come and watch our Mighty Macs do their stuff!!

REBELETTES: Don't forget to be at squad meetings Wednesday morning at 7:45. Girls, you need to get your points and hear the Rebelette scoop for this week.

Things really got rollin' Friday night when the Dixie Disco started spinning those spectacular tunes as Rebeland celebrated the victory over those puny Panthers. Thanks go to our disco D.J.'s Ron Applin. Greg Collins and Miss Huckabay. Not even the Sad Eyes of the Panthers as they turned the other way to take it to the showers, knowing that a Little Bit of Soap will wash away the tears.

The Amarillo Sandies knew Permian had had Too Much Heaven and put them to Shame, (Knock on Wood) as they Rang Permian's Bell with a tragic score of 9 to 0. Sorry Panthers, but congratulations to Midland High for Freaking Out El Paso Eastwood.

Rah-rah-ree — A great big congratulations goes to our 1979-1980 Junior Varsity Cheerleaders. They are Teresa Fleetwood, Connie Freeman, Tina Green, Patricia Johns, Lisa Paxton, Pam Taylor, Marla Wentworth and Martha Wentworth. Way to go

Be sure and EVERYBODY come to the Pep Rally this week and fire our Might Rebel Express up to pounce on Plainview Friday night. Good Luck Rebels, we're behind you all the way!!!

Until next week, Karen, Gina & Leigh Anne

P.S. Good luck to Midland High this week.

P.S.S. Thank you, Brenda Crawford, for being so

P.S.S.S. Just remember: As long as there are people, they are going to do what they want to.

P.S.S.S.S. THANKS TO THE GRAPEVINE for supplying the records to make our Dixie Disco

P.P.S.S.S. Thanks to the male caller, and we know, but we'll do it our way!!

BC says: Thanks to Kathy Turner, Donna McMann and Paula Huckabay for their help in making Friday's dance a success.

A couple of "drugstore" cowboys, showing their strength, beat up a mean ole wastebasket and ripped the towel cabinet from the wall. Now this is something any 4-year-old can do, but those two caused us to suffer, because at future dances the bathroom will have to be locked. Sorry guys, it hurts me

Speaking of dances, our Junior Council is not very quick to respond to their responsibility for setting up and cleaning up. However, thanks to our 100 Club, the job was done very well. Future dances depend on you Junior Council members - and you had better respond.

Thanks to the following for their help Saturday. Susan Gilles, Robin Bailey, Buni Browning, Sherry Nimz, Kelly Isaccs, Patty Hung and Jeanie Roper of the 100 Club and Greg Collins and Doug Fox for the Junior Council.

SHEINWOLD ON BRIDGE

Choose Right Suit

By Alfred Sheinwold

Prosperity is when your pay exceeds your deductions or when your aces and kings are enough for the way your partner plays a hand.

Today's declarer took the king of spades and gave up a club. Back came a spade to the ace, and South foolishly tried a finesse with the jack of diamonds. East returned a third spade.

The diamonds didn't break favorably, the clubs were not yet set up, and South went down slowly and painfully.

ANOTHER CLUB After winning the ace of nades South should give up another club. If it were necessary to rely on clubs or iamonds, the clubs offered a better chance. Moreover, 1 the clubs broke badly, South could still switch to diamonds and would make his contract each opponent had three

diamonds or even if the suit broke 4-2 as long as West had the queen. If you need a suit to break as equally as possible, choose a suit with an odd number of cards missing (like today's clubs) rather than a suit with an even number missing (like today's diamonds)

DAILY QUESTION

ANSWER: Bid two hearts. Raise partner's overcall with a light hand. Nothing bad can happen as long as you have good trump support. If partner has a light hand too, the opponents have game-going strength and you are complicating their bidding.

Second oil spill suit filed

HOUSTON (AP) - A second \$100 million lawsuit has been filed in federal court seeking damages resulting from the world's largest oil spill.

Named as defendants in the suit filed Monday were PEMEX, the Mexican national oil company; Permargo, a privately-owned Mexican drilling company; and SEDCO, Inc., the Dallas firm that supplied the drilling equipment for the well. The same defendants were named in a \$155 million lawsuit filed Thursday by a group of Texas fishermen.

The suit alleges the spill, which resulted from a June 3 blowout of a PEMEX well in the Bay of Campeche, caused at least \$100 million in damages.

The suit was filed in behalf of the Willacy County Navigation Dist., White Sands Developers, Hilton Sea Island Hotel, Port Mansfield Utility District and all Willacy and Cameron county subsidivions that lost tax revenues as a result of the spill.

U.S. District Judge Robert O'Conor has granted SEDCO requests that all claims be filed in Houston and set an October 23 deadline

The Monday suit alleges the navigation district has lost unspecified amounts of revenue from its seafood processing operations and marketing of ice and fuel to fishermen because of the oil spill

The district's Port Mansfield Seafood Plant announced Friday it was closing until next spring because of business losses since the spill. The plant has about 15 full-time and 100 part-time employees.

Because of sharply curtailed tourist trade in the South Texas area, the Hilton Sea Island alleges it has lost more than \$1 million since oil began washing up on the beaches in early Au-

Director of DPS resigns saying 'the time had come'

DALLAS (AP) - Col. Wilson E. Speir resigned as director of the Texas Department of Public Safety today, saying he felt "the time had come."

Speir, 62, said his retirement will be effective at the end of the year, ending 11 years as head of the state's police force.

"It was a very difficult decision to make," Speir said in a prepared statement released before a morning news conference. "But after 43 years of public service, including 38 years with the DPS, I felt the time had come to retire.

For several years, Speir headed the Midland regional office of the Department of Public Safety.

Speir is in Dallas for the annual convention of the International Association of Chiefs of Police, of which he is outgoing president.

Speir became director of the statewide police agency in 1968 after the death of Col. Homer Garrison Jr.

Speir rose through the ranks from highway patrolman to chief of the massive agency in his 38 years at the DPS. The agency's responsibilities range from driver licensing to criminal investigations by the Texas Rangers.

There was speculation in Austin that a leading contender for Speir's job was Jim Adams, former No. 2 man in the FBI and now executive director of Gov. Bill Clements' criminal justice division.

The director of the DPS is chosen by the three-member Texas Public Safety

Teachers to hear past president

ODESSA - Virginia Stacey of San Antonio, immediate past president of the Texas State Teachers Association, will speak at a TSTA-NEA District workshop for area teachers at 5 p.m. Thursday in Permian High School.

Workshop session topics will include political action, legislation, collective bargaining, teacher rights and the role of faculty representatives.

Vernon Vasbinder of Odessa, president of TSTA District 18, will preside.

Consultants for the discussion groups will be Roger de los Santos, A.H. Hooser and Art Coltharp of the TSTA central staff in Austin; Jewell Harris and Ken DeMore of the Abilene regional office, and George Segna, executive director of the Amarillo Classroom Teachers Association.

Skin disease teleconference topic

Skin disease will be the topic of the weekly teleconference to be broadcast from 2 to 3:30 p.m. Wednesday at Midland Memorial Hospital. This will be the second of a series of 90-minute medical teleconferences MMH is providing at no charge to participants. This series is especially designed for persons over 55.

Presenting the program will be members of the faculty of The University of Texas Health Sciences Center in San Antonio.

Teleconferences will be broadcast over a network of two-way audio systems with reception and transmission, similar to the quality of radio.

Interested persons wishing additional information should call Ellen Kennedy_RN, inservice director, at 682-7381.

Redskins rip Giants

WASHINGTON (AP) — It's a fair bet that New York's Brian Kelley and Washington Benny Malone aren't high on each other's party list.

In fact, if you're interested in fireworks, it might not be a bad idea to be in Giants Stadium in East Rutherford, N.J. on Nov. 25, when the Giants and Redskins renew their rivalry.

In their first meeting Monday night, the Redskins gained at least a touchdown from the confrontation between Kelley and Malone en route to a 27-0 thrashing of the Giants in an NFC East game

According to the participants, it all started early in the game. However, the culmination came when Kelley was penalized for kicking the Redskins' running back in the head after

a third down play which would have forced Washington to punt.

Instead, Kelley's outburst gave the Redskins new life in a drive which ended with Clarence Harmon's reception of a 4-yard touchdown toss from Joe Thiesmann

"It's personal between me and him," said Kelley, who also was charged earlier for running into the punter — another infraction which kept a Washington drive alive. "He knows what he did. It's personal and it started on the second play of the game. He said some things that you don't want to hear."

Malone said, however, that the mostly-hidden scuffle started with the Giants' Gary Jeter early in the game "and I was trying to protect myself.

I'll never back down. "It's going to stay personal. It started the first time I carried the ball," he said.

In between the eight penalties for 72 yards that the Giants were assessed, the Redskins dominated play, including a 31-yard pass interception by defensive tackle Karl Lorch which he turned into a touchdown.

"That's the only pass that I've caught in at least 10 years," he said. The last one was in junior college.'

Mark Moseley added field goals of 46 and 40 yards.

New York Coach Ray Perkins said merely, "We made too many mistakes and didn't play smart football on defense. We got burned early (on Lorch's interception), and we kept

two of their drives alive."

However, he added, "We played 60 minutes of football, and I'm proud of that, even though we lost."

Thiesmann wore a bandage around his head, where he had taken 15 stitches affter being smacked in the first half, said: "The key to our of-fense is the line. They put the 27 points on the board."

He added quickly, however, that the defense got one of the touchdowns. "The penalties helped our drives,"

he continued, "but they (the Giants) keep coming at you." Washington 3 14 7 3-27

Before starting against Montreal, Pittsburgh's Don Robinson found an autographed picture of Expos slugger Tony Perez hanging from his locker with the inscription: "See you in Sep-

"I don't know who put it there," said the 22-year-old pitcher. "I know that Tony has given me a lot of trouble at the plate and I guess someone wanted to remind me.

Perez didn't give Robinson too much trouble Monday night, though. As a matter of fact, neither did many other of the other Montreal hitters as the right-hander spun a six-hit, 2-1 victory in the opening of a key series between the National League East

Robinson was pumped up not only by the Perez needle, but by the earsplitting noise of the crowd, it

'When they announced Montreal's starting lineup, I was warming up in the bullpen and I couldn't hear myself think because of the roar of the crowd," said Robinson. "Then, before the ninth inning, they were roaring again - but they just seemed to get me up a little more. I started to throw the ball a little faster."

Cesar Cedeno hit a ninth-inning sacrifice fly to give Joe Niekro his 19th victory of the year as Houston defeated San Diego.

Rafael Landestoy opened the inning with a triple, the first hit off Bob Owchinko, 5-11, since Julio Gonzalez' triple in the fifth inning

Roger Metzger's two-run triple capped a five-run first inning that carried San Francisco over Cincinnati. The first four Giants singled off Mike LaCoss, 14-7. Bill North singled, took second on a balk and went to third when shortstop Dave Concepcion dropped LaCoss' throw on pickoff attempt

After Joe Strain singled, Mike Ivie hit an RBI single. Darrell Evans followed with another RBI single and Ivie socred the inning's third run on a wild pitch. After Larry Herndon was walked intentionally, Metzger cracked his seventh triple of the sea-

Manny Trillo raced home from third on third baseman Ken Reitz' error with two out in the ninth inning and Garry Maddox followed with a run-scoring single as the Philadelphia Phillies rallied for three runs to beat St. Louis.

Philadelphia left-hander Steve Carlton, 16-11, gained the victory. Tug McGraw pitched a scoreless ninth inning to earn his 16th save.

Lee spikers nab first win

It took Linda Weikel's extremely young Midland Lee Rebels a while to get going but they finally managed to notch their first victory of the year during what otherwise was a tough week.

The Rebel victory came in their last match of Saturday's tournament at Angelo State as they defeated Lubbock High 15-8, 15-7 in the last match of the event

In earlier tournament action, Lee lost 15-5, 15-5 to Snyder and dropped a tough 15-11, 10-15, 13-10 match to Abilene Cooper. Also, Pecos tripped the Rebel spikers 15-4, 15-6.

Lee, which according to Weikel has a "very inexperienced junior varsity and only two varsity starters back, opened the 1979 campaign Tuesday at home against Lamesa. The Golden Tornadoes prevailed in the varsity match 15-7, 15-13 and in the jayvee affair 15-5, 15-11.

Then last Thursday, Lee ventured to Monahans and dropped the varsity bout 15-7, 15-6 and the jayvee tussle 15-2, 15-7.

MHS boosters to meet

The Midland High Booster Club will meet today at 7:30 p.m. in the Midland High Youth Center for their weekly meeting. MHS football coach Dennie Hays

will show the film of the Bulldogs' 21-14 victory over El Paso Eastwood, and will give a scouting report on Friday's game with unbeaten Lubbock Monterey.

All persons interested in attending the meeting are welcome.

Ponies, Owls, Buffaloes are still undefeated

By RICHARD VINCENT **Sports Writer** Andrews, Stanton and Reagan County each posted their second straight impressive nonconference victory during last Friday's area

schoolboy football action. District 2-AAA Andrews, always tough at the Mustang Bowl, hammered struggling Lamesa of District 3-AAA 30-0. Andrews, with a host of people contributing, totaled 298 offensive yards but their defense may have come to the fore. In their opener, the Mustangs gave up a touchdown to Big Spring. Last week they fashioned a shutout and held the Golden Tornadoes, minus fullback James "Tank"

Goolsby, to 79 offensive yards. District 9-A Reagan County looked good enroute to their 21-0 verdict over a District 6-A McCamey squad that needed Marcus Welby as their physician. The Badgers were without the services of standout tackle Todd Sample and talented back Mike Hanks, both of whom were ill and

didn't dress for the constest. Then, after a couple of series against Reagan County's behemoth linemen, starting fullback Robert Arana and regular halfback B. J. Terry had to be helped from the

field As it turned out, Reagan County's defense spent more time in the McCamey backfield than the Badger backs. McCamey, which had 440 yards in their opener, was held to 72 steps, the constant victims of sacks. Meanwhile, crunching senior fullback Kent Burleson nicked the Badger defense for an unofficial 113 yards on the ground, 99 of which came in the first half, as the Owls finished with 247

yards from the infantry. Crafty quarterback Craig Eiland again directed a fine Stanton offense as the District 5-A Buffaloes thumped Class AA Coahoma 19-7. The 165pound junior threw two scoring strikes and swift wingback Bobby Mims romped 35 yards for the other

tally as the Buffs tallied 375 offensive City 7-0 and Sonora waylaid Ballinger yards, 287 of which came from a

steady ground game. There were a couple of first-time winners in the area last Friday as District 7-AA Crane and District 6-A

Rankin recorded triumphs. Coach Mike Patterson's Golden Cranes had the statistical edge over Class A Marfa but still had a tough go with the Shorthorns in a 7-3 affair. Riddled by three lost fumbles and an interception, Crane overcame a 3-0 deficit on Russell Sandoval's return of

an interception for a touchdown. Meanwhile, Rankin exterminated Sanderson 58-0 as Dwayne Turner's Red Devils made up for their seasonopening loss to a decent Eldorado

Leading the onslaught was sophomore fullback Terry Turner, a battering-ram who collected 163 rushing yards, 43 more on passes and scored three times. Also contributing immensely was junior Bobby Sanders, who hauled in passes worth 64 yards, recovered three enemy fumbles and

blocked one punt. One game involving a local team that's not a member of a district saw the Greenwood Rangers defeated 13-0 by the Grandfalls Cowboys. The

Rangers are 1-1 on the campaign. In other nonconference games of regional interest last Friday, all but one 2-AAA unit managed a victory. Ft. Stockton, with their second straight whitewash, handled Alpine 20-0 while Odessa Ector made it two in a row with a 40-22 nod over Ysleta Belair. Also, Pecos scuttled Carlsbad, N.M., 19-6. The only victim was Monahans, which toppled 14-13 to

Sweetwater and Snyder were the only 3-AAA winners, Sweetwater shading Colorado City 27-14. Brownfield lost 15-7 to Seminole and San Angelo Lake View lost a 15-14 heartbreaker to ranked Kerrville Tivy.

Three of four 7-AA squads notched

triumphs. Kermit trimmed Denver

27-16 while the only loser was Ozona,

blanked 13-0 by Junction. Along with Stanton, three other 5-A teams won contests, including ranked and powerful Seagraves and Shallowater. Seagraves blitzed Sundown 37-7, Shallowater sidestepped Hart 14-12 and Forsan ripped Garden City 46-12. On the other hand, Anton lost 12-6 to Amherst, O'Donnell lost 16-6 to Klondike, Plains lost 13-0 to New Deal

and Ropes lost 27-0 to Wilson. Things went bad for 6-A teams with the exceptions of Rankin and Clint, a 34-0 winner over Dell City. Iraan lost 25-6 to Eldorado while Marfa lost to

Reagan County, Eldorado, Mason and Junction were winning 9-A teams as Mason clipped then-rated San Saba 27-20 and Junction throttled Ozona 13-0. Menard lost 28-0 to Marble Falls and Bangs banged Wall 13-7.

Second week's results: Andrews 30, Lamesa 0; Fort Stockton 20, Alpine 0; Snyder 14, Monahans 13; Odessa Ector 40, Ysleta Belair 22; Pecos 19, Carisbad, N. M., Season's standings; Andrews 2-0-0; Fort Stockton 2-0-0; Odessa Ector 2-0-0; Pecos 2-0-0; Monahans 0-2-0.

Southern Methodist seeking hardship case for injured quarterback

DALLAS (AP) — Injured Southern Methodist quarterback Mike Ford as well as Coach Ron Meyer - would like to see the Southwest Conference allow him to come back for a fifth year of play as a hardship case.

Ford, the nation's total offense leader in 1978, suffered a torn ligament in his right knee Saturday night in a 27-7 victory over Texas Christian. He underwent surgery Sunday.

"I talked with him today and his intentions are he wants to come back for a fifth year," said Meyer of his junior quarterback, who averaged 268 yards per game last season.

Meyer also said Monday that SMU. would seek a hardship year for sophomore safety Blane Smith, who suffered a broken foot in the hard-hitting game against TCU.

Burnett takes first

Bart Burnett, McCamey, won first place in the Cycle Class of the drag races at Penwell over the weekend while Midland's Ricky Pole took third place. In the Amateur class, D.D.Dortch, Andrews, took first.

Lee Boosters meet

Midland Lee's Booster Club will meet at 7:30 p.m. today in the Lee High cafeteria. Films of the Lee-El Paso Austin game will be viewed and the Boosters will hear a scouting report on Plainview High, this week's Memorial Stadium opponent.

"I looked at the films of the injury and it was not a hard blow, it was certainly not malicious," said

Ford was hit on the right knee by the right shoulder of TCU tackle Fred Williams, who came over the top of a block by Mike Jusko.

"Mike had his leg planted and got hit by a helmet," said Meyer.

After the broken bone report was out of the way, Meyer had some good news for Mustang maniacs.

"We expect all of our freshmen running backs to be ready for the North Texas State game Saturday night," said Meyer.

Tailback Eric Dickerson, who gained only 15 yards in 15 carries, was dazed but did not suffere a concusfullback Craig James only suffered a bruised hand not a broken one as first

feared. Meyer said freshman Mike Fisher of Waco Richfield would backup Jim Bob Taylor at quarterback. Also frosh Layne Walker of Clovis, N.M. will

backup Fisher 'We have a lot of confidence in Jim Bob...he can throw the ball pretty well," said Meyer. "Mike Fisher can

throw the ball pretty good, too." Meyer also announced that freshman defensive tackle Michael Carter, who suffered a bruised knee two weeks ago, would be available to go against the Mean Green in Texas Stadium

Kansas City wants 4th straight

By The Associated Press If the Kansas City Royals have designs on their fourth straight American League West title, they're

headed in the right direction. The Royals moved within two games of first-place California by bombing the Angels 16-4 in Kansas City Monday in the opener of a three-game series. It's the closest the Royals have been to first place since Sept. 3 and was precisely the way they wanted to open the showdown.

Winning the first game big like this might give us a psychological edge," said Dennis Leonard, 13-10, who was supported by an 18-hit attack against four Angels pitchers and won for the seventh time in his last nine decisions. "It was my most important win of the year."

Also winning a key contest Monday was Minnesota, which belted Chicago 10-3 to move within three games of California.

Meanwhile, Baltimore reduced its magic number for clinching the East to three with a 2-1 squeaker over Detroit while Milwaukee rallied to beat Seattle 7-6; Boston dropped out of the East race after splitting a doubleheader with Toronto, losing 5-4. then winning 5-3; Cleveland swept two from New York, 5-1 and 6-5, and Texas topped Oakland 6-3.

Kansas City fashioned its victory behind an onslaught that saw every starter get at least one hit. Darrell Porter and Al Cowens each knocked in four runs, Porter boosting his season RBI total to a career-high 102 with a three-run homer in the seventh.

Pete LaCock also homered for the Royals.

'We've been psyching ourselves for this series and beating them like this will make us more psyched," said

"We're ready for a struggle every night," added Royals Manager Whitey Herzog.

The Angels have been struggling for the last week, losing five of six and two games off their lead.

"The score doesn't matter," said Angels Manager Jim Fregosi. "It could have been 3-2. It's just a onegame advantage.

Royals center fielder Amos Otis agreed. "When we come out Tuesday, it's

going to be 0-0," he said. "We had it tonight and they didn't." Twins 10, White Sox 3 Minnesota scored five times in the fifth with the benefit of just one hit, a two-run triple by Bombo Rivera. A bases-loaded walk, a wild pitch and a

The Red Sox handed Toronto the opener in the ninth inning. One-out singles by Rick Bosetti and J.J. Cannon preceded a double off the left-center field wall by Rick Cerone. Cerone went too far rounding second and Boston catcher Mike O'Berry tried to throw him out. O'Berry's peg sailed into center field and Cerone scored

the winning run. Fred Lynn and Jim Rice each hit home runs No. 38 in the nightcap, Lynn's a two-run shot and Rice's a three-run job.

Indians 5-6, Yankees 1-5 Rick Waits threw a five-hitter in the opener and Mike Hargrove ripped a

run-scoring triple in the bottom of the ninth of the nightcap to lead the Cleveland sweep. Jerry Narron, Bucky Dent and Reggie Jackson homered in the second contest for New York while Toby Harrah and Andre Thornton had consecutive homers for Cleveland.

Rangers 6, A's 3

Buddy Bell and Pat Putnam drove in two runs apiece and Jim Kern registered his 27th save for Texas. Putnam slammed his 18th homer of the season and Oakland's Rickey Henderson had his first major league

Linhart kicking self all the way to lockerroom

By BRUCE LOWITT

AP Sports Writer

Toni Linhart was kicking himself all the way into the lockerroom.

Linhart, who is supposed to kick field goals for the Baltimore Colts, spent most of last Sunday doing

anything but that. With 43 seconds to play in the first half of Baltimore's game in Cleveland and the Colts already leading 10-3, Linhart tried a 32-yarder, not too tough a distance for your average kicker.

Oops. Wide to the right. Halfway through the fourth period, with the game now tied 10-10, the Colts reached Cleveland's 1-yard line and decided not to gamble on fourth down but to go for a "sure" three points on Linhart's chip-shot

18-yarder. Oops. Wide to the left. With six seconds to play and the Browns now ahead 13-10, the Colts struggled their way to the Cleveland 11-yard line and lined up for Linhart's 28-yarder

that would tie the game and send it into overtime. Oops. Wide to the right Final score: Cleveland 13, Baltimore 10.

Under normal circumstances a place-kicker who had just kicked the ball all over the place - except between the uprights - might expect to find a pink slip waiting for him in the lockerroom.

rgusn c 3 2 2 2 What 37-year-old Antoli Hallsjorg and treasury 3b 1010 er of the Colts. "Linhart," the man who signs the checks said, "I

give you a \$10,000 raise, starting today - just for the effort." Then he turned to the crowd around Lin-35 9 11 8 hart's locker and added: "He'll be the best kicker 00 101 010- 4 from now on.

Linhart couldn't believe it. "I don't think he really ngeles 1 LOB—meant to do that," he said. "I think he saw all those writers crowding around him and he wanted to say something to get them away from him, so he said, 'Linhart, here's \$10,000.' I think maybe that's why he did it.

"I didn't even know about it at first. He was off in a corner and I had maybe 15 writers around me when it happened. All of a sudden he stuck his hand in at me and said something and then I realized what he said. I was in shock. I don't even remember what I said. I think it was something like, 'Thank you. I'll try harder.

Women golfers tear up course fairways

OKLAHOMA CITY - The Midland College women's golf team stands in 19th place out of 21 teams here after the first round of the Susie Maxwell Berning Golf Classic at the Lincoln Park course with a 328 team score.

Only two junior college teams are in the tournament, and the meet features some of the top women's teams in the country. Temple is the other JC team, and MC is leading them.

Tulsa owns a 282 score to lead the tournament with a 70½ stroke average per player. Tulsa's Sharon Barrett fired a 68 to take the medalist lead, and that is one stroke off the course record set by Nancy Lopez in 1967. Three others stand at 69.

Other team leaders include Ohio State, 290; SMU, 294; Oklahoma, 298; and Texas, 302. Wendy Goodwin paced MC with a 77. Other Chaps were Debra Kargetta, 81; Maria Haasch, 82; Cheryl Bunton, 88; and Sheryl Guthrie, 90.

The tournament continues today. Campbell takes lead

WHEATON, Ill. (AP) - William Campbell of Huntington, W.Va., shot a one-under par 70 Monday sion. Backup tailback Charles Wa- at the Chicago Golf Club to take the first round lead goner's sprained ankle was better and in the 25th Senior Amateur Golf Championship. Campbell's round enabled him to establish a one

stroke lead over Brown McDonald of Warner Robbins, Ga. and Dale Morey of Highpoint, N.C. McDonald and Morey both fired even par 71's on the 6,587-yard course. Woodrow Gray, of Del City,

Okla., was fourth with a one-over par 72. Bob Cochran, of Chesterfield, Mo., Tom Draper, of Boca Raton, Fla., Leslie Fowler, of Boulder, Colo. and Ken Weavil, of Winston-Salem, N.C., each shot 73 and were two shots off the pace.

HOUSTON (AP) Gifford Nielsen's Cinderella dream of becoming a starting quarterback in the National Football League went up in a puff of smoke and a wave of Bum Phillips' wand Monday.

Nielsen, starting his second season as Dan Pastorini's understudy, completed 12 of 18 passes for 173 yards and one touchdown in his first regular season start as the Oilers decked Kansas City 20-6 Sunday while Pastorini nursed a

bruised shoulder. By Monday morning, however, Nielsen had returned to the ranks of the substitutes.

Phillips made it clear that Pastorini would be back in harness for Sunday's game at Cincinnati and the way Phillips said it indicated he didn't want any speculation about Nielsen pushing Pastorini for the starting job because of Nielsen's performance.

"There is no question that Dan will be back this week," Phillips said. "Dan could have played Sunday. He threw some before the game without much pain but we didn't

have to use him.' Phillips said Nielsen did an excellent job for his first pro start. "I was proud of him and for him," Phillips said.

Nielsen said he was pleased with the way the Oilers responded to him in the game, and wide receiver Ken Burrough confirmed it.

"Giff proved to me a long time ago that he was cool," Burrough said. "I guess he proved it to the public. I already had

confidence in him. While the Oilers were rejoicing over Nielsen's performance, the Chiefs were trying to get out of the Astrodome with rookie quarterback Steve Fuller in one piece. The Oiler defense sacked Fuller seven times for 41 yards in losses and inter-

cepted him four times. Rookie defensive end Jesse Baker got four of the sacks in the waning moments of the game.

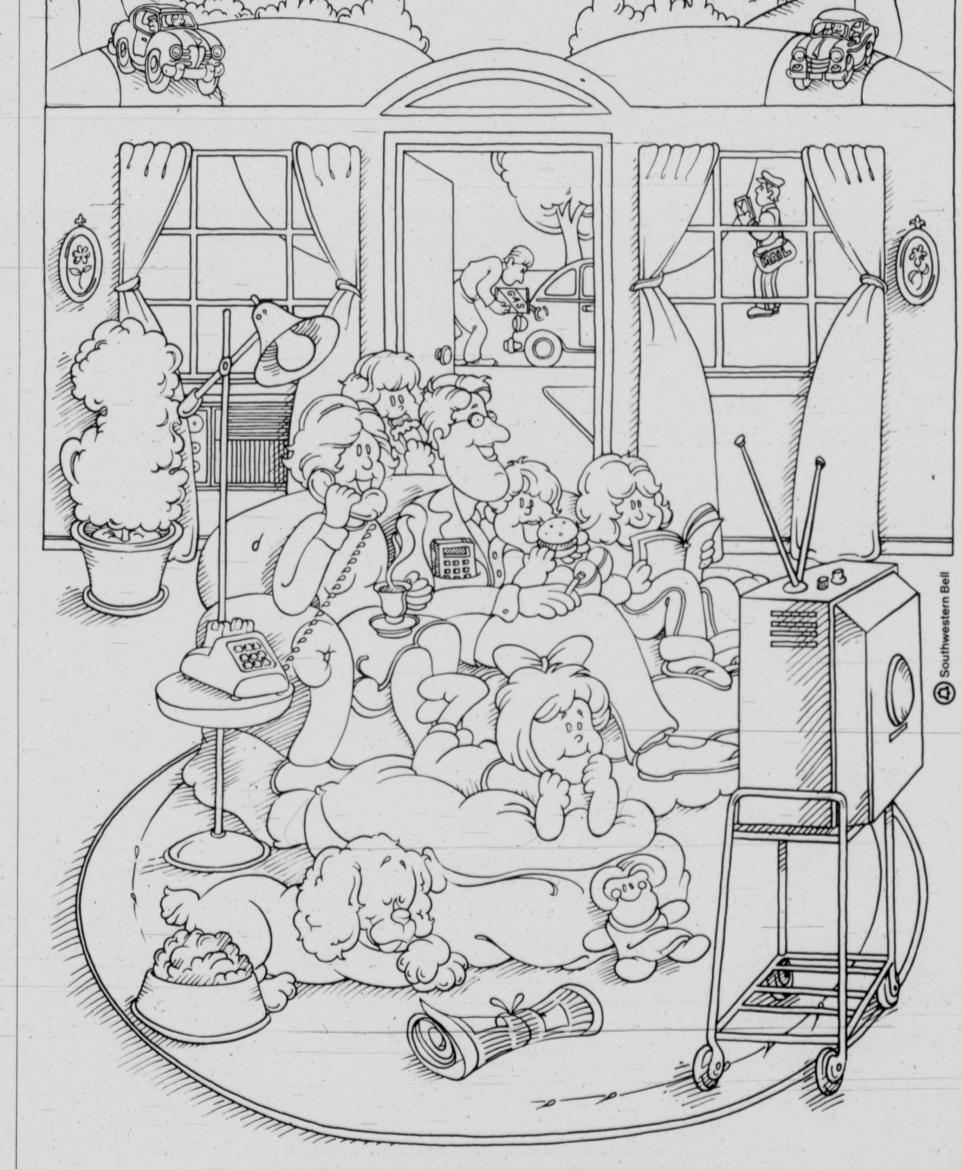

The Oiler defense held the Chiefs to a 55-yard punt return for a touchdown by J.T. Smith although Fuller directed KC inside the Oiler 20 several times with his passing.

"On the punt return, we didn't get set up to that side," Phillips said. "And when we finally got over there we didn't make the tackle.'

The Oilers, 2-1, go on the road to Cincinnati Sunday and despite the Bengals' 0-3 record, Phillips has no lack of re-

"They always seem to play well against us,' Phillips said.

Stock market loses

NEW YORK (AP) - Rising interest rates and gold prices combined today to drive down stock prices.
The Dow Jones average of

30 industrial stocks fell 5.12 to 876.19 during the first two hours of trading. Losers outnumbered advancers by a margin of almost 5-1 among New York Stock Exchangelisted issues.

Oil issues were among those hit by the decline. Mobil fell 1/2 to 481/2, Gulf slipped 1/4 to 32 5/8, and Standard of California was down 34 to 56 38.

Trans World Corp., the subject of takeover interest from Texas International Airlines, bucked the downtrend and was up 1% to 271/4 as the most actively traded issue on the Big Board.
AT&T slipped % to 55% as

the Federal Communications Commission rejected the giant utility's request for an immediate increase in authorized profit margins. The NYSE's index of more

than 1,500 common stocks fell .38 to 61.70 and the American Stock Exchange's market value index was down 1.45 to 222.42. Big Board volume in the

first two hours came to 17.52 million shares, up from the 17.27 million shares traded during the same period Mon-

100 mph chase nets suspect in theft case One of three men who allegedly stole a tool box from Dwayne Hamilton's pickup truck early

today was caught by Hamilton following a 100mph chase across town.

The man subsequently was treated at Midland Memorial Hospital for a possible broken nose and was jailed.

Theft charges have been filed against the man, Phillip Garland Townsend, 25, of Abilene.

And a warrant has been issued for the arrest of one of two other men allegedly involved, Midland police said today. Police say this is what they were told hap-

pened: Hamilton, 2401 Maxwell Drive, was awakened about midnight by his son, who apparently heard

some rustling outside the house. Once out of bed, Hamilton saw three men speed away in a sub-compact car. He gave chase in his pickup at speeds up to 100 mph.

Hamilton caught up with the car north of Garfield Street beyond FM 868, where the men stopped the car and headed out on foot.

Hamilton got out of his pickup, pursued one of the men on foot and caught him. He first took the man to his (Hamilton's) home

and then took him to the police station. Hamilton told officers he was unable to telephone police through the 9-11 emergency number. Hamilton returned to the scene where the chase had ended to get his toolbox from the car

he had pursued. The car was gone - with the tool box - and so were the other two men. Police said the car is listed as having been

Charges against Townsend were filed before Peace Justice Robert Pine. Bond had not been set as of noon today.

Agreement reached for rationing plan

WASHINGTON (AP) - House-Senate conferees have reached basic agreement on a compromise that would give Congress one chance to block a proposed standby-gas rationing plan once it has been drafted by the president, congressional sources say. If Congress did veto the president's first submis-

sion, he would be given a free hand to develop a second standby program without having to send it to Congress for prior approval, under the proposed compromise. Several members on both the House and Senate negotiating teams predicted their week-long stale-

the tentative agreement, expected to be formally adopted at a late afternoon session today. "It's already been accepted in principle by everyone," said a House Democrat on the committee who asked not to be identified.

mate on the rationing bill would be broken by

Sen. Bennett Johnston, D-La., acknowleged that Senate negotiators had already informally approved the "compromise" and were awaiting the reply of the House bargainers. "We're very close," Johnston said.

The conferees previously agreed to give Congress. the right to veto rationing at the time the president attempts to impose it - a power he would have only in a national fuel shortage of 20 percent or

At issue is whether Congress should also have an earlier say on details of the standby plan, when the president finishes drafting it and before it is put

The proposed agreement is a compromise between the Senate wish to give Congress the right of prior approval on any rationing scheme and the House bill, which would give the president a relatively free

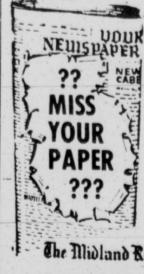

Meanwhile, President Carter's call last week for a freeze on heating oil prices - which have climbed more than 50 percent from last winter to 80-83 cents a gallon — is drawing mixed responses from major oil

Officials from Gulf and Sun Oil companies told the House Government Operations Committee's energy subcommittee Monday that they plan to hold prices as low as possible but can't guarantee there won't be more increases.

Gulf Vice President C.H. Bowman said further ncreases in crude oil prices might force up the price of heating oil. But at the same time, he suggested the possiblity that a mild winter could bring about a 'softening of the market" and lower prices to consumers Mobil Oil Corp., meanwhile, told the Energy De-

partment in a telegram that it would try to hold the line on home heating oil prices through the end of the year. But Standard Oil of Indiana (AMOCO) sent a telegram saying winter heating oil prices were 'impossible to predict." And Texaco, which had earlier earned the praise of

President Carter by announcing it would freeze its heating-oil prices for the rest of the year, agreed to discuss its policies with the House panel after a subpoena threat.

Pot third largest industry in U.S., PDAP head says

By SUSAN TOTH

The Palmer Drug Abuse Program is so successful "because there is such a vast problem," according to Ed Leach, national executive director of PDAP.

Leach, in Midland to promote the opening of the Palmer program here, told about 75 members of the Junior League of Midland today in Theatre Midland that marijuana has become the third largest industry in America, behind Exxon and General Motors, and the third largest import in the country, behind oil

As vast as the marijuana problem is, Leach noted, even more people will use alcohol and prescription

About 75 percent of the young people in the country are getting high periodically to frequently, he said, and the only difference, if any, in Midland and the rest of the country is that Midland's children have more money to buy the chemicals. "But money isn't the problem with drugs. You

don't worry about anything like that. "More are getting high than don't, and that makes

it normal by definition," Leach told the mostly The Palmer program, which began accidentally with a Houston drug addict trying to get straight, "replaces that way of life with people.

'Somebody comes in to us in trouble, we convince him to stay clean chemically for 30 days, to drop all

their old friends and see what happens," Leach, a former alcoholic and drug user said. The program also works with the family of the drug addict because the dependence between parents, spouses and the drug abuser is a pathological

sickness, he said. "Little Johnny or Mary are addicted to drugs, and Mom and Dad are addicted to little Johnny or Mary," he noted. "That is a very sick situa-

Peer pressure in schools now is a tremendous force, he said, and a dangerous one. 'If your kid is smoking marijuana once a week, he's in trouble. If someone gets involved in chemi-

cals and they like it, that's it.' Leach had little comfort for the parents in the audience during the question and answer period that

He recommended leading an exemplary life as the chief means of prevention in the home. Kids will tune parents out when they see the 'don't

Bomb court fight canceled

MADISON, Wis. (AP) — With a champagne toast "to the First Amendment," the staff of the Progressive magazine celebrated a government decision to cancel a court fight against an article on hydrogen bomb secrecy.

"We will publish it just as quickly as we can," publisher Erwin Knoll said Monday of the article, 'The H-Bomb Secret," by free-lance writer Howard

The next issue is to be mailed to subscribers Oct. 4. Knoll said it is uncertain whether there is time to get

the article in that issue. Cheers also went up in the offices of the Madison Press Connection, a small, two-year-old daily that published Sunday an article the government also says contained restricted weapons information.

'I am delighted that the government has done the right thing for once," said Press Connection editor Ron McCrea. "This policy of retroactive classification simply won't wash with the American public or Although it had contended publication could com-

promise national security, the Justice Department announced Monday that it was dropping two legal efforts to block the articles. Its suits were against the Progressive and the Daily Californian, a student newspaper at the Uni-

versity of California at Berkeley. "The reason for the dismissal was the publication of an article containing restricted information concerning thermonuclear weapons information by a newspaper in Madison, Wis.," Terrence Adamson, chief Justice Department spokesman, said in Wash-

He was referring to the Press Connection publication of the letter by Charles Hansen, 32, a computer programmer from Mountain View, Calif., who said studying nuclear weaponry was his hobby.

Adamson, who said the government believes national security may have been hurt by publication of the Hansen information, left open the possibility of criminal prosecution in connection with the article. The government claims the letter exposes three

critical factors of H-bomb construction. The letter cited Morland's claim that the information could be gleaned from public references. The Justice Department also said it would seek to vacate an order issued late Saturday against the Daily Californian, which had also been planning to

publish the Hansen letter. Cayce readings slated

The "Readings" of Edgar Cayce, the late American telepathist who is reputed to have been the master of clairvoyance, will be discussed and a Cayce film will be shown at 8 p.m. today in the Arbor Room of the Midland Hilton.

We will scope out the meditations set out in the Edgar Cayce 'Readings' given prior to 1940," said Wanda Graham, who is sponsoring the session, which is open to the public. The study-group session is through then the Asso-

ciation for Research and Enlightenment, which was formed to preserve the Cayce "Readings." Cayce, who died at age 68 in 1945, predicted that a

test period, somewhere 1958 and 1998, would bring with it "earth changes, upheavals...and would be in the midst of economic and material confusion..., Mrs. Graham said.

But the Cayce spirtuality "encourages people to take responsibility for their own lives," she said. "It (ARE) is a spiritual group — not religious; it doesn't quarrel with any group," she said.

When you buy a used car, what else do you get besides the car?

Wes Jones O'Neal James **Bill Baldwin Gary Uselton** Ray LeCocq Clyde Baldwin

In a good restaurant, when you buy a dinner, you get more than just food. You get service, a pleasant atmosphere, and a feeling that the owners would like you to come back.

It's the very same way that we like to sell used cars. Since our reputation is more "on the line" when we sell a used car, you can be sure we'll do everything we can to make our used car customer a satisfied customer.
