

THE MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

LITTERA SCRIPTA MANET—THE WRITTEN WORD ENDURES

MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, OCTOBER 1, 1942

TWENTIETH YEAR, No. 38

Rubber Boots And Shoes Are On Ration List

Because of the serious rubber shortage, certificate rationing of men's rubber boots and rubber work shoes has been ordered by the Office of Price Administration to insure necessary supplies of this footwear for men working on jobs essential to the war effort or the public health and safety. E. W. Johnson, chairman of the Bailey County War Price and Rationing Board, announced today.

Mr. Johnson said this action was taken at the direction of the War Production Administration. Effective at midnight September 29, Mr. Johnson said the OPA ordered all sales and shipments of six types of men's rubber boots and rubber work shoes frozen to prevent a buyers' run on the stocks now on hand and also to give dealers time to take inventory.

All retailers, wholesalers, and manufacturers of the rationed footwear are required to obtain OPA inventory forms from their War Price and Rationing Board on either Thursday, Friday or Saturday of this week.

The "freeze" period will end on Monday, October 5, when rationing to customers begins. The Bailey County War Price and Rationing Board will be open to workers and company purchasing agents who need certificates entitling them to buy the rationed footwear. Mr. Johnson said.

"To get a certificate," Mr. Johnson explained, "the applicant must fill out two copies of a form that will be available at the local War Price and Rationing Board. These can be obtained by coming to the board in person, writing for them, or sending a representative.

Mass Meeting Of Farmers Set For Friday Night

A mass meeting for the purpose of discussing problems confronting the small farmer will be held at the district courtroom in Muleshoe at 8:30 p. m. Friday night, October 2.

Frank Overturn, Amarillo, state secretary of the Texas Farmers' Union, will make the principal address. All farmers and their families, teachers, ministers, and anyone working for cooperatives are especially invited to attend.

"Are you for families on the land. Are you for a farm home for every family who wants to live on the land? Are you for a plan making it possible and within the reach of every farm family to own its own farm home? If your answers to these questions are in the affirmative, then you will be interested in Friday night's meeting.

It will be necessary for farmers to write their own ticket if they expect their needs to be considered at the peace tables.

RED CROSS NEWS

The following ladies met at the Red Cross rooms in an all-day meeting Thursday, Sept. 24, and finished up the odds and ends of sewing: Mesdames St. Clair, Young, Eason, Lee, Paul, Wallace, Carles, Witte, Jennings, Snyder, Hart, Cook, McHorse, Douglas and Madis.

The rooms will be open each Wednesday afternoon for work, and we are asking as many as can, to come and help. We also need more sewing machines. We have about 500 yards of material to cut and pass out, and 75 pounds of yarn to be knitted into sweaters for our boys and men in the service. Everyone is asked to help that can. Mrs. G. O. Jennings is our knitting instructor. Let's go!

Messrs. Harold and Woodrow Bonner and families of Phoenix, Ariz., left the first of the week, after a two weeks' visit with the O. D. Troutman family.

Mrs. C. R. Stevens of Amherst, spent the weekend in Muleshoe visiting Mr. and Mrs. Cecil Tate, and other friends.

Wilburn (Pankie) Barbour of Tulsa spent the weekend in Muleshoe visiting his parents, Mr. and Mrs. H. O. Barbour.

Watson Baptists To Build Church

Members of the Watson Baptist church voted Sunday to erect a new church building, to be located on the northwest corner of the E. R. Wittner farm. Plans are being drawn up and estimates were to have been submitted Wednesday night to the building committee.

Watson has one of the largest memberships, if not the largest, of any community in this territory. They had 114 present at Sunday school last Sunday, and the regular membership is 129. Members from the Goodland church are to join the Watson membership in building the new structure, it was said. Rev. R. W. Harris, of Morton, has been called as a full time pastor, taking up his new duties Sept. 1.

Ex-Reporter Jones Writes Pals From Sands Of Florida

A letter the first of the week from former Star Reporter Bobby Jones says that he is getting a long life and is liking the U. S. Coast Guard better every day. The only trouble is, we can't keep up with him. He is now stationed at Hollywood, Fla., and writes as follows:

Dear Clyde and Charlie: I am settled now, I hope, and it is a good thing, because I was about to lose myself. I was a boy with big ideas when I was in high school. Always wanted to go to Florida for the winter. Well, that is one big idea that came true, but not as I had planned. However, you can't have everything, so why worry? I went to town last night and met a girl—one with a little of this and a little of that. I was getting along fine until she said: "Have you been to you? That got me." Just dusted my shoulder and said: "Sit, that ain't dandruff, that's salt!" When I told her I was from Muleshoe she wouldn't believe it, although she had believed all the "tall ones," I had told her.

Well, folks, here I am, over 2,000 mile from home and have met people that knew people that I knew, and they lived over 1,200 miles from me. It sure seems funny in a way.

The food here is better than it was in New Orleans, and I like it swell. I'll have to close for this time. Regards and luck to you all.

Your "Darn" Friend, Bob

Jackets To Play At Springlake

Muleshoe high school's football team, still seeking a victory, will play the Springlake Wolverines Friday afternoon on the Springlake gridiron.

Last Friday afternoon, the Yellowjackets, coached by Principal Jack Williams, lost to the Morton Indians, 13-0, on the latter's grid.

The local squad, lighter and more inexperienced than any other team ever to represent the school, is showing gradual improvement.

Members of the squad are showing plenty of fight, and are fully as deserving of every local fan's support as any other team in the school's history.

FRESHMEN ELECT OFFICERS

The Freshman class of Muleshoe high school elected the following officers this week:

Lee Roy Thomas, president; John Gray, vice president; Margaret Ann Johnson, secretary; treasurer; Barbara and Lee Roy Thomas, pep leaders; June Clark, program chairman.

There are 107 Freshmen this year and the class meets every other week. —Reporter.

Mrs. Melba Moore of Brownwood spent the weekend here as the guest of friends.

Misses Juanita Harmon and Mary Lee Tidwell spent the weekend at Larid visiting Mrs. Zona Harmon.

Pvt. Howard K. Davis of the Army Air Corps, stationed at Plainview, spent the weekend in the home of Mrs. Snow Davis and daughter, Mildred. Private Davis was formerly principal of the Muleshoe grade school.

Hunting Nazis in North Africa

Many British two-pounder anti-tank guns are now mounted on fast trucks so they can move quickly around the desert. As shown in this dramatic picture, the gun's crew files without lumbering. They make daring forays behind the enemy's lines to play havoc with supply columns and lightly armored vehicles, even taking toll of heavy Nazi tanks.

STRANGE AS IT SEEMS EDITOR GETS BOUQUET

Thanks to Mr. Dave Aylesworth for a fine bouquet of daisies and carnas, brought to The Journal office last Friday. If we could indulge in a hobby, it would be flowers, and this section has some of the best this year that we have ever seen.

Mr. Aylesworth came here in June, and has an 80-acre farm about two miles west of Muleshoe near the Copley place. Being an experienced nurseryman, he has started working along that line and has the foundation stock out now.

Shipment Of Phosphate Is Received Here

The Bailey County Agricultural Conservation Association has received 200,000 pounds of 20 percent superphosphate within the last few days.

According to J. C. Smith, county administrative officer, these two cars of superphosphate were assigned to the AAA at this time in order to assure alfalfa growers that this fertilizer would be available for the 1943 crop. Consented transportation facilities might have made it impossible to obtain the material at a later date.

Bailey county used 305,700 lbs. of 20 percent superphosphate furnished by the AAA in 1942. This material was used on alfalfa and biennial clovers. It is estimated that 90 percent of the alfalfa acreage in the county for 1942 was fertilized with this material. And, almost without exception, every producer has reported excellent results. In several instances, producers have reported that their alfalfa production has been doubled.

The 200,000 pounds recently received is stored in Muleshoe, and producers may make application for the material any time. It is expected that most of the superphosphate will be distributed to producers about Dec. 1, 1942, the beginning of the new program year.

AT THE HOSPITAL

Dismissed: Mrs. Hollis Thorne and daughter; Arlen Yonaka; Cherry Williams; Wynona Blair.

Births: Mr. and Mrs. Melvin Clark, a daughter; Mr. and Mrs. J. N. Hollis, a son; Mr. and Mrs. Virgil Cummings of Dimmitt, a son.

Medical patient: Mrs. A. B. Carpenter of Maple.

Disabilities: Frank and Ray Foster, children of Mr. and Mrs. Homer Foster.

AND "TO DESTROY?"

In the reading manual from which German children gather the rudiments of their knowledge, the example to explain the words "to create" was formerly "God created the world." Now this has been changed to: "The Pheucher has created order."

Mr. and Mrs. Homer Millsap and son, Ted, and Cecil Harvey, of Carlsbad, N. C., were here over the weekend visiting relatives and friends.

Mrs. Howard Alfred and daughter, Patricia Ann, of Quitaque, spent the weekend in the home of Mrs. J. C. Hammons.

Funeral Rites Held Friday For J. W. Gatewood

Funeral services for J. W. Gatewood, 64, who died September 22 at his home three miles west of Muleshoe, were held Friday afternoon at the Church of Christ. Reverend Donley, pastor officiated, and burial was at the local cemetery.

Mr. Gatewood, who moved to this vicinity from near Dimmitt about two years ago, had been ill more than a month.

A native of Tarrant county, Texas, he had been a life-long resident of this state. Before moving to near Dimmitt in 1934, he lived at Hedley in Donley county, and in Bosque county.

He is survived by his wife, five daughters and four sons. The daughters are: Mrs. J. W. Birchfield of Dimmitt; Mrs. Earl D. Jones of Amarillo; Mrs. Osa Black of Quail; Mrs. Curtis Owens of Fort Worth, and Miss Willadene Gatewood. The sons: Gordon Gatewood of Roaring Springs, Tex.; Pvt. Oren Gatewood of Fort Sill, Okla.; Pvt. Nolan Gatewood of Denver, Colo., and Sgt. L. C. Gatewood of New River, N. C.

Other survivors include four sisters and two brothers, and a number of grandchildren. Relatives here for the funeral services included all of Mr. Gatewood's children.

V-Mail Letter Is Received From T.H.

The first V-Mail letter to be received by us came in yesterday. It was from Spencer Beavers, who is in the Navy, stationed at Pearl Harbor. He is getting a long fine and says:

I received the first issue of The Journal this morning, and I sure did enjoy it. Thanks a lot for sending it to me here. It was dated August 14, but that is news right off the press for me. This is a good beautiful island. We are getting good eats, so I guess I can't say anything about not liking it because I know that is more than a lot of the boys are getting. Write soon.

Spencer Beavers, N.H.S. Box 1358, Pearl Harbor, T. H.

WATSON CROPS GOOD

Cotton and feed crops in the Watson community are the best in many years, it was said Monday. However, like all communities in the county, the labor problem is one that is not being solved very fast. Farmers have been unable to get cotton pickers in sufficient numbers as yet. Estimates place the yield at an average of a half bale and better.

BLACKOUT OUT

In view of the demonstrations which always accompany the showing of newsreels at Bruges in Belgium, German authorities have ordered all movie managers to keep a certain number of lights on in the theatre throughout the program so that the demonstrators can be identified.

Clarence Jordan and son, Troy, of Clovis, were business visitors here Saturday.

Table manners: When in doubt whether to use the fork or spoon, use the knife and remove all doubt.

MRS. MUSSON'S MOTHER DIES AT NOBLE, OKLA.

Mrs. M. A. Klinglesmith, 91 years old, mother of Mrs. H. E. Musson of Muleshoe, died early Sunday afternoon at the home of her daughter at Noble, Okla. She had been ill for some time.

Mr. and Mrs. Musson were visiting their son at Pecos, Tex., when they received word of Mrs. Klinglesmith's death, and left immediately for Noble, where funeral services were held Tuesday.

Farm Bureau Membership Is Increasing

Membership in the Bailey County Farm Bureau is increasing each day, according to officials, and Tuesday, it was announced that there were now 140 paid-up members, almost double the 1941 membership. Members are continuing to come in, and it is predicted that the next month will see the local organization with one of the largest memberships of any county in this section of the state.

Last Thursday, the bureau sent the following telegram to Cong. George Mahon and Senators Tom Connally and W. Lee O'Daniel:

"Bailey County Farm Bureau respectfully requests your support in seeing that farm labor cost is included in the parity formula and that definite ceiling be provided on wages at a comparable level with ceiling farm prices; and that farm price support thru government loan be raised from the present 85 percent to 90 percent of parity."

The next day — Friday — the following telegram was received from Senator O'Daniel:

"Thanks for wire. Amendment having my full support."
W. Lee O'Daniel

ON HUNTING TRIP

A party of big game hunters left Wednesday afternoon for the Gunnison county of Colorado to help open the hunting season in that state. A truck with supplies left Tuesday and will be on hand with the camp when the sportsmen arrive. Roy White and Garvin Thorne went with the truck, and Ray Griffiths, Jess Osborn, O'Neal Rockey, Dr. A. E. Lewis, Roy Jordan and Gil Willard made up the party leaving Wednesday. B. B. Blankenship, colored cook, is also with the party and claims to be the only cook in the county who knows how to prepare bear meat.

P.-T. A. MEETING

The next regular meeting of the Muleshoe P.-T. A. will be held at the high school auditorium Monday evening, October 5. An excellent program has been prepared and all parents and students are asked to attend.

Mr. and Mrs. Irvin St. Clair and son, Billy Jim, were in Muleshoe Friday to attend the football game and visit relatives.

Mrs. Geneva Boyles and Mrs. Reb Thomas of Amarillo were Sunday visitors in the W. W. Locke home.

Among the smaller duties of life I hardly know of one more important than that of not praising where praise is not due. —SYDNEY SMITH

I get more help in my work from a good help than from any other kind of thoughtfulness. —JOHN

Burrow Gin Gets Its First Bale

Burrow Gin Company got its first bale of the 1942 crop Tuesday morning. The bale, weighing 548 pounds, was ginned from 1,780 pounds of seed cotton, coming from the Jess Osborn farm just west of town.

Picking around Muleshoe will not open up for several days yet, it was stated, the crop here being somewhat later than in the south part of the county. Maple and Enochs have ginned more cotton to date than any other points in the county, both places having received several bales of the new crop. Few pickers have arrived in this section, but it is thought that help will be plentiful, or at least sufficient, by the time cotton is well open.

CCC Granaries Are Received By County AAA

Bailey county has received its first shipment of granaries from the Commodity Credit Corporation this week. The granaries are constructed in two sizes. The smaller granary is 12 by 16 by 10 high, and holds 1,592 bushels of grain (89,000 pounds). The large granary is 14 by 16 by 10 high, and holds 1,845 bushels of grain (103,000 pounds).

The first shipment received consisted of two cars — 10 of the smaller granaries. The county expects to receive 40 of the larger granaries in the near future. Persons desiring to receive one of these granaries should contact the Bailey County AAA office.

There is a CCC farm-stored grain sorghum loan for 1942. The loan rates are: No. 1 grain sorghum 55 cents per bushel (56-lb. bu.) or Grade No. 1, 55c per bushel (55-lb. bu.), same per bushel, or 98c rate per hundred.

Grade No. 2, 53c per bushel, or 94c per hundred.
Grade No. 3, 50c per bushel or 89c per hundred.
Grain sorghum placed in farm-stored loan must contain 13 percent, or less, moisture.

Save Now For Tax Payments

Few Bailey county people have given much thought to income tax payments, but you are being warned that now is the time to lay aside for the big event. When March 1, 1943, rolls around, people who have never before paid income taxes will have to shell down. No one knows at this time what the amount of your tax will be, but it is going to be heavy.

Tax savings notes, in Series A and C are now available at banks over the country. Series A is in denominations of \$21, \$50, \$100, \$500, \$1000, and \$5,000 each. Purchase these certificates in a manner similar to a "lay-away plan," so that when the time comes, your tax money is ready. Of course, many will say that March 1 is a long way off. But it is going to be much easier to start putting the money aside now than to have to dig the whole amount up on short notice. Make inquiry at your bank just as soon as possible about these certificates. They'll be glad to explain the plan to you in full, and it may save you a lot of grief later.

BEAUTY SHOP RE-OPENS

The Triple-O Beauty Shop reopened for business last Thursday, after having been closed for a few days for remodeling. The shop has added a new permanent wave machine and new dryer, as well as new furniture and fixtures. The public is cordially invited to call at any time and inspect the shop. See their ad in this issue of The Journal.

The thorns which I have reaped are of the tree I planted; they have torn me — and I bleed! I should have known what fruit would spring from such a seed. —GEORGE G. BYRON

IT'S CORP. FORMBY NOW

A picture forwarded this week from State Sen. Marshall Formby says that he is now a corporal. Senator Formby volunteered for Army service early last spring. "All experienced knitters," she said, "are asked to do what they can to help get this quota out on time. For those who would like to learn to knit, there will be an instructor at the Red Cross work room each Wednesday afternoon. For business women and high school girls who wish to knit, I will be glad to teach or help with your knitting at my home each Wednesday evening from 7 to 9 o'clock.

Let's cooperate and do our share toward helping with the war work."

The boor is of no use in conversation. He contributes nothing worth hearing, and takes offense at everything. —ARISTOTLE

Take a little more help in my work from a good help than from any other kind of thoughtfulness. —JOHN

Short Course Is Arranged By Agencies

Another step in meeting wartime production problems is being taken by the Bailey County Agricultural Victory Council and cooperating agencies in arranging a one-day short course in Muleshoe.

The program will be similar to the ones held at Texas A. & M. College prior to December 7, Sam Logan, county agent of the A. & M. Extension Service, said. With the farmers' important part in the war effort recently spotlighted in Congress, it was thought that now, more than ever before, food and feed production problems should be tackled on a united and well-trained basis. In order to aid in solving these numerous problems, Miss Lillie Gentry, home demonstration agent, F. W. Jones, vocational agricultural instructor and Sam Logan, county agent, have arranged a very appropriate program, one that farmers and farm women will be pleased to attend.

Discussions and enlightening information will be brought to the group by some of the best qualified and trained men and women of the state. The program will be adapted to local problems and will be of benefit to men, women, boys and girls alike, and everyone is invited.

Appearing on the program will be Miss Winifred Jones, food preservation specialist of the Extension Service; Mrs. Dora Barnes, clothing specialist of the Extension Service; Dr. Fred G. Harbaugh, veterinarian of Texas Tech.; J. D. Strickland, poultry specialist of Texas Tech.; A. L. Smith, beef specialist of the Extension Service, and E. R. Budaly, dairy specialist of the Extension Service.

The program starts promptly at 10:30 a. m. and will be held at Fellowship Hall, next to the Methodist church, Muleshoe. Everyone is asked to bring a basket lunch as the programs will continue until 4 p. m. Lunch will be spread in the old-time, good neighbor way. With gasoline rationing just around the corner, this may be the last program of its kind for the duration.

All speakers will appear on both the morning and afternoon programs. Opportunity will be given for questions and discussion, as the affair is strictly informal.

Red Cross Gets Yarn Shipment

Mrs. G. O. Jennings knitting instructor for the local Red Cross chapter, stated Tuesday that the chapter had recently received a large shipment of yarn to be made into garments for the Army and Navy.

"All experienced knitters," she said, "are asked to do what they can to help get this quota out on time. For those who would like to learn to knit, there will be an instructor at the Red Cross work room each Wednesday afternoon. For business women and high school girls who wish to knit, I will be glad to teach or help with your knitting at my home each Wednesday evening from 7 to 9 o'clock.

Let's cooperate and do our share toward helping with the war work."

In Bailey County, one year, \$1.50; Outside of County, one year, \$2.00

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

THINGS IN GENERAL

A letter from James W. Buchanan, who has been fighting with the Marines in the Solomon Islands, to his parents at Collinsville, Texas, was published editorially in the Fort Worth Star-Telegram last Monday. It should be published in every newspaper in the United States, and should be read to the owners of war plants and the heads of our big labor unions every morning for the duration. In his letter, Marine Buchanan says:

"I would give anything on God's green earth if I could be there for just one hour and talk to you

and the rest of the folks in the good old U. S. A. From what I hear over the radio, I believe the United States is asleep and doesn't realize its awful danger. If you only knew what we boys in the Solomons are up against, I believe you would give up all to help us win this war."

Of course, the labor unions and plant owners are not the only ones who should be read that letter every day. There are thousands of others. Each city, village and town has its share of "profit grabbing while the grabbing is good gentry." The lives of our boys mean little to them, apparently. You would think, by their actions, that the fight meant less than nothing, so far as the outcome would ever affect their lives. The owners of war plants are increasing profits. The CIO and AFL would like higher wages, fight each other on week days and cuss the farmers for the increased cost of living on Sundays.

We have often wondered just how the owners of war plants and the workers in these plants, could carry on their present policy if they have sons in the service as they have so often declared. We can't imagine a man, with a son in the Solomons, or any other front, taking part in a strike which would stop the flow of vital war material—material which his son might possibly be needing in order to save his life.

Only last Monday, Mr. Lewis, head of the CIO, refused to agree for miners to work more than 35 hours per week, unless "special arrangements" were made with him. Last week, a group of AFL workers at a war plant in Ohio, refused to work on war material because a group of CIO painters had painted some buildings on the grounds. The job had to be done over by AFL men.

We tried to picture in our feeble mind, the attack our boys made on the Solomon Islands recently. We wondered what would have happened if the Marines had refused to land and take up the fight, just because some of the Army Flying Fortresses had first bombed the Jap positions. Or, suppose the Navy dive bombers had refused to take part because both the Army and Marines were in on the show. Sounds silly. But it's just as sensible as the gooty spectacle that labor organizations and plant owners are putting on.

People are not only disgusted with labor and manufacturers. They are disgusted with government officials who permit such idiotic things to continue. None of them have done their cause much good with the public as a whole, and the harm they have done the nation is almost irreparable.

Lord help us all to read the above letter and profit by it.

A certain grocer was famed for selling tough meat. A man came into the store one day and asked for some beef. "Do you want it for boiling or roasting?" asked the grocer. "Neither," replied the man. "I want to use it for hinges on the stable door."

Washington Snapshots

by JAMES PRESTON

While suppressed emotions smoldered under the big Capitol dome, unprecedented activity swiftly followed the President's demand for Congressional action to curb inflation.

Branches of previously pig-nosed bills were jammed into the legislative hopper in the race for first place in the administration's deadline.

At a special Sunday session, Senate and House Democratic leaders agreed on the general form of a broad joint resolution described as giving the President "all the power he needs" to stabilize farm prices and wages.

On Monday Congress received two measures to compensate for the act passed on October 1. The Senate bill, for Banking and Currency Committee consideration, calls for stabilization of farm prices and industrial wages at about present levels, with Presidential authority to adjust both upward and downward, to eliminate "gross inequalities."

The House bill, presented by Representative Steagall, Banking and Currency Committee chairman, would peg farm prices at 100 percent of a new and higher parity which would include, as a factor, the average of industrial and farm wages. With farm prices and wages tied together, the bill would enact, for the duration and three years afterward, provisions for mandatory Government loans at 100 percent of parity on basic and non-basic agricultural commodities.

"Blank check" opposition, however, already is developing. Senator Taft of Ohio has introduced a bill to set up an economic control board with complete power over all elements entering into the cost of living.

Representative Ditter of Pennsylvania is sponsoring another measure. And there are indications that within a few days a bill to carry out the Baruch plan to freeze all elements in the economy will be offered.

Those who interpret the President's

L. T. Green, Jr. M. D. (Office at Hospital)

D. D. Lancaster M. D. (Office in Town)

MRS. ALLEN, R. N. Day Supervisor
MISS STANLEY, R. N. Night Supervisor

dent's demands as an ultimatum to the independent legislative branch of the government say that Congress now has three choices:

- (1) To take matters in its own hands and spell out a series of formulae for controlling all factors in the cost of living, including wages.
- (2) To adopt a single resolution authorizing the President to handle any of the problems as he may best determine, or
- (3) To ignore the President's demand; pass no legislation, and permit the Chief Executive to make good his threat to act without additional legislative authority.

While the many bills that are under consideration in both the Senate and House vary greatly in principle and detail, the trend is undoubtedly in the right direction because we shall eventually get a bill the purpose of which will be some kind of control over inflation. The President wants it. The Congress wants it, business wants it, the public wants it. Continued uncertainty in the situation is greatly aggravating matters and it is high time that specific measures were taken. What are we waiting for?

Electronic Tubes Do Many Jobs For Armed Forces

NEW YORK, N. Y. — Behind the scenes radio engineers have been developing electronic tubes to do new and surprising feats for the Army and Navy. In one plant alone twenty-five kinds of tubes are being produced for the armed forces, making possible unrivaled means of communication. The tubes range from large units which produce enough excess heat to warm a six-room house to a diminutive tube for portable one-watt sets called "walkie-talkie" stations.

In the near future airplanes which are now able to fly blind between airports will also be able to make blind landings in thick fog without any danger of collision. When the pilot of the future approaches his destination and finds the airport hidden under a blanket of fog, instead of having to fly on to the nearest field he will merely turn on his electronic blind landing equipment which will signal him where to start his glide for a perfect descent.

FIRST BAPTIST CHURCH

All the men of our church are urged to be present at the church at 8:30 Friday night to work out a proposed budget for this year. The pastor asks that all of our men be present.

The pastor is beginning a short series of sermons Sunday morning on the subject, "Maintaining the Church." The subject Sunday morning is "Maintaining the Church Through Organization." The pastor urges the attendance of all members. Visitors will always find a warm welcome at our services.

There are two kinds of voters; the ignorant ones and the ones who vote for your candidate.

THIS BUSINESS OF Living

BY SUSAN THAYER

"You just wouldn't believe a thing like this could happen here." I told John when he came home last night. "Here is a war plant closed down because of a dispute between two unions. Think of it, when every minute is precious, those men stop work just because the unions couldn't agree on which one should have a contract with grocery clerks. And because they couldn't agree, the wholesale houses were tied up, and of course that tied up the retail stores. Isn't it ridiculous?"

"Sure it's ridiculous," John said, "because the unions said no more strikes after Pearl Harbor," but they've had plenty of them since then. In fact, there were 222 war work stoppages in July alone, and most of these were unauthorized and over the most trivial issues."

"This is the way I feel about it," I told John. "I can't help thinking about all the boys we know right here in our own neighborhood who are out there fighting right now. I wonder how they'd feel if they heard their friends and relatives over at the new plant were sitting down on the job."

"Look," I said. "Here's something I read in a Detroit paper about that grocery strike:

Private Joe Smith, U. S. A. Somewhere in Egypt. Dear Joe:

Guess you'll hafta tell the boys there was a little hold-up in gittin' 'em the goods. There's been a little trouble here in town about who's gonna git the union dues of some grocery clerks.

Had to shut down the town's largest war production plant 'cause of it! Joe, I don't get it, but the story is that the union's organizing drive on grocery clerks kinda spread out to the gun-makers factory.

Some of the guys here think it's funny, but I kinda thought of you over there, and what a fix you'd be in if you lost your shootin' iron in a scrap.

Cousin, Will.

DAMRON DRUG STORE

ter of Mrs. Annie Haynes of Chapel street, became the bride of Talmadge Wayne Day, son of Mr. and Mrs. J. E. Day, of Muleshoe, Texas, in a double ring ceremony, on Sunday afternoon, September 13. The marriage service was performed at the home of the bride's brother, Leon Haynes of Douglas Circle, by Rev. William F. English.

Miss Haynes wore an ensemble of military blue with maroon accessories and a corsage of white gladioli. She was attended by Miss Frances Robinson of Walpole street. Miss Robinson wore a maroon outfit and corsage to match that of the bride. Francis Haynes, brother of the bride, was best man.

The home was beautifully decorated in patriotic colors and a profusion of cut flowers for the wedding and reception which followed the ceremony.

Mrs. Day attended the Norwood schools and is under-supervisor in a department of the Tope Deutchman Corp., from which she has an indefinite leave of absence.

Mr. Day is a graduate of the public schools of Texas and is second class storekeeper in the U. S. Navy, stationed in Philadelphia, and has been in the service for two and one-half years. The couple will make their home temporarily in Philadelphia.

Vaughan-Dotson Vows Are Spoken

Miss Dorothy Vaughan of Clovis and Bill Dotson of Farwell were married at Clovis Saturday, September 19.

The ceremony was performed in the parsonage of the First Baptist church with the Reverend Barber officiating.

The couple was attended by Charlene Jones of Clovis and Earl Stull, Jr., of Las Cruces.

The bride is the daughter of Mr. and Mrs. B. H. Vaughan of Clovis, and has lived in Clovis all her life. She is a graduate of the Clovis high school and was a member of the Order of Rainbow Girls.

The groom is the son of Mr. and Mrs. C. E. Dotson of Farwell and is a graduate of the Farwell high school, where he was outstanding in scholastic activities.

The couple will make their home in Clovis, where Mr. Dotson is employed by the Santa Fe Railway System.

Ward Heeler: "Say, my boy would like to get a job in your department."
Politician: "What can he do?"
Ward Heeler: "Nothing."
Politician: "That simplifies it. We won't have to break him in then."

LOOKING BACKWARD

FIFTEEN YEARS AGO
(From files of Oct., 1927)
R. L. Brown, O. N. Robinson and W. M. Pool, Jr., took the Bailey county exhibit to the Lubbock fair the first of the week.

W. B. Gwyn, who lives about four miles northwest of Muleshoe, will plant 600 acres to wheat this fall.

San Randal and family of Texico, N. M., and Mrs. F. A. Cook of San Diego, Calif., were here Sunday visiting in the J. P. Vaughn home.

Dudley Buzard underwent an operation for appendicitis at Plainview Wednesday.

Miss Beth Mardis left Sunday for Milford, where she will attend school.

TEN YEARS AGO
(From files of Oct., 1932)
Clark Smith, residing in the Wilson community, was killed Thursday night of last week when the roof of a cellar caved in on him.

The Muleshoe football team defeated Hale Center, 25-0, in a game played at the Lubbock fair.

G. P. Howell of Enochs received a message from Wichita Falls Monday advising him of the death of his father.

Miss Geneva Brasher and Leonard West were married Saturday evening at the Methodist church, Rev. E. C. Raney officiating. Mr. West is associated with the Gupion grocery firm.

Mark Countryman of the Burrow Gin Co. is here this week from Hobart, Okla.

FIVE YEARS AGO
(From files of Oct., 1937)
The Muleshoe Yellowjackets in their first football game of the season, defeated Dimmitt, 19-0.

S. R. Little, who recently purchased some of the property on which the old Muleshoe Hotel stood last week began laying rock foundations for erection of a fire-proof structure.

Mr. and Mrs. W. M. Slaughter of Beville visited here Sunday with the N. J. Holt family.

The Bailey county exhibit, arranged by R. L. Brown and Levi Churchill, won third place at the Bi-State Fair at Clovis.

Employers Are Reminded Of SS Tax Returns

DALLAS, Tex. — Employers were today reminded by W. A. Thomas, Collector, Second Texas District, Bureau of Internal Revenue, Dallas, that tax returns under the Social Security Act for each calendar quarter are due to be filed during the month following the end of the quarter.

At the same time Thomas warned employers to exercise the utmost care in reporting all Social Security account numbers.

"Most employers in the Second Texas District are complying with Internal Revenue regulations by furnishing correct names and account numbers on their returns," Thomas stated. "On the other hand, a small number of employers are not complying with the regulations which means that they must be contacted in order that missing numbers may be obtained." Mr. Thomas emphasized that this negligence on the part of a very few employers adds greatly to the normal work load and consumes the time of his limited personnel when their services are required on work more closely connected with the war effort. Carelessness in reporting account numbers also results in loss of time on the part of the employer since it is necessary for him to make a search for missing numbers or locate

THE TOWN THAT LET HIM DOWN

HE: Well, here's the city limits. Tomorrow I can see my customers around town. Are you tired?

SH: Not very. Does the car need anything?

HE: Yes, it does, but the map shows no Conoco station here.

SH: You and your Conoco Nth oil... but I don't blame you... the way this car performs.

HE: Here's the hotel, and a garage right across. Let's leave the car there, eh?

ATTENDANT: Good evening! In for the night?

HE: Yes. Fill the tank, grease her, check the oil, but don't drain.

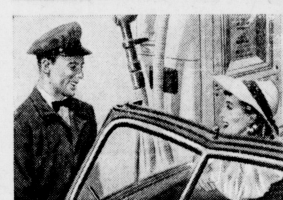

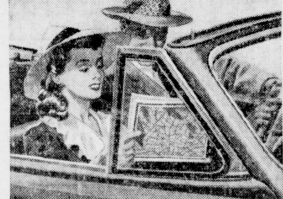

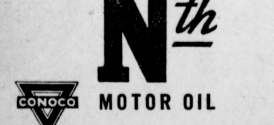

ATTENDANT: What brand do you use?

HE: Conoco Nth.

ATTENDANT: Sorry, haven't got it... but this is the last straw, mister. You're the fifth driver this week demanding Conoco Nth. Seems like everybody knows about that Death Valley Test, when six engines were run to destruction. Conoco Nth out-miled the average of five other brands more than two to one. I'm going to get some in stock.

HE: Sure, your regular customers, too, will want Conoco Nth to OIL-PLATE their engine.

Conoco Nth helps keep your oil and your engine clean. It can save you repairs and many a quart. See Your Conoco Mileage Merchant today. Continental Oil Company

OIL IS AMMUNITION... USE IT WISELY

FOR THE DURATION of your car

Don't depend on hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. I will properly check your tires, oil, radiator, and battery. I will report anything that appears to need attention. I will keep a careful record and remind you when greasing and oil change are needed. I help you get maximum service and car life at least possible cost and trouble.

Your Mileage Merchant

Naval Reserve Is Still Open To Men Of Nation

Men who have recently been re-classified for selective service may enlist in the Naval Reserve, provided application is made before call to report for Army induction is mailed. Navy recruiting officers at Lubbock said to-

day. Many wait until it is too late and find themselves inducted when, as skilled men, they might have voluntarily enlisted in the Naval Reserve as petty officers at much higher rate of pay, it was said.

Physical standards for Naval Reserve enlistment have recently been lowered and many men previously rejected are now able to meet physical requirements.

Qualified men are urgently needed for operation and upkeep of Naval ships and stations. Petty officer ratings are now open to aviation and auto mechanics, bakers, cooks, carpenters, electricians, machinists, metalsmiths, painters, pattern makers, pharmacists and hospital attendants, radio technicians, and practically all types of experienced construction workers.

All Employables May Be Taken Off Welfare Rolls

AUSTIN, Tex. — The State Department of Public Welfare announced today that all employable persons now receiving federal surplus commodities or food stamps will be taken off the rolls if the request is made by the War Manpower Board and the County Commissioners Courts. The department had previously announced that all idle employable persons would be removed from the rolls if so requested and this has now been broadened to include the employed persons who have been receiving supplementary aid from the surplus food programs.

Commissioners Courts in a number of counties have reported labor shortages developing and have felt that the availability of surplus commodities discourages acceptance of farm employment. J. S. Murchison, executive director, said: "We are thoroughly familiar with the situation. Many of the families now receiving surplus commodities have no member physically able to work. They are composed of widows with small children, aged persons with unemployable dependents, physically or mentally incapacitated parents with children."

"There is a widespread demand in all counties to continue the Free School Lunch Program. The hungry school child is more noticeable to the public. In these families there is little or no property or income to be expended by inflation. The only way the war has affected such families is to expand their living costs and to push them back into the category of the forgotten man. The department feels that since the government has bought this surplus food, in order to relieve market conditions for the farmers at peak production and benefit the farmers, it is much better for it to be distributed to the needy than to be permitted to waste."

Undertakers have removed more obstacles from the path of progress than any other class of people.

Profit by adversity. When fate hands you a lemon, make lemonade.

NOTICE OF MARSHAL'S SALE

United States of America ss: Northern District of Texas

Public notice is hereby given that by virtue of a writ of Order of Sale, dated August 10th, A. D. 1942, issued out of the District Court, of the United States for the Northern District of Texas on a judgment rendered in said Court, on the 25th day of June, A. Local Church Is Cooperating In Special Week

The week of September 27—October 4 is being observed over the nation in the local churches of 40 Protestant denominations as a time when special consideration and primary emphasis is given to the work of Christian Education, seeking to develop an increasing consciousness of the importance of this work in the home, in the church and in the community. It is most important that every home be visited by workers and every pupil and parent be contacted in the interest of moral and spiritual education.

The Methodist church in Muleshoe is cooperating in the observance of this week by having a special program for the membership, parents and teachers on Wednesday evening at 8:30, and Sunday, September 27, work in the home, in the church and in the community. It is most important that every home be visited by workers and every pupil and parent be contacted in the interest of moral and spiritual education. The Methodist church in Muleshoe is cooperating in the observance of this week by having a special program for the membership, parents and teachers on Wednesday evening at 8:30, and Sunday, September 27, work in the home, in the church and in the community. It is most important that every home be visited by workers and every pupil and parent be contacted in the interest of moral and spiritual education.

The last Sunday of the week, October 4, will be celebrated by installation of officers and teachers and a consecration service for them, concluding with the communion service on this world wide communion day. "They first gave their own selves to the Lord, and unto us by the will of God."

CARD OF THANKS
