BAIRD, CALLAHAN COUNTY, TEXAS, FRIDAY, JUNE 6, 1941

NUMBER TWENTY-SIX

Luncheon Club Discusses Community Fair

The first June meeting of the Luncheon Club, Wednesday had an attendance of 31 members. A delegation of eight was named to attend the banquet in Fort Worth, tonight, honoring Hon. Ruben Williams, new member of the State Highway Department and Hon. Harry Hines, his predecessor in this department. The following named members were named:

Judge B. H. Freeland, Judge B. L. Russell, Judge L. B. Lewis, Ashby White, Carl Lamb, Olaf G. South, Harold Ray, Eddie Bullock.

The next meeting of the Club will be on June 18th, which is the annual picnic for the club members, their families and guests. This picnic will be held at the Lake on the Ace Hickman ranch at Belle Plain at 6:30 p. m.

B. L. Russell Jr., Ashby White and Ace Hickman were named as a committee to make arrangements for the picnic.

A topic of interest to every citizen of Baird was brought up for discussion by the club and that was the question of a Community Fair to be held in Baird this fall. The following named gentlemen were named as a committee to contact the business men of Baird as to their opinion in reference to the fair. The committee members are:

Roe Curtis, J. C. Shockey, W. B. Jones, Olaf Hollingshead and Hugh Curtis.

It will be recalled that a community fair was held here several years ago and was a splendid success and we trust it will be made an annual affair.

Hurt In Car Wreck

Miss Clara Brown, County Home Demonstration agent and Miss Vada Cole, Callahan County Home Supervisor, were both seriously hurt about 5:30 Wednesday afternoon when Miss Brown's car tured over on highway 183 near the Griggs ranch a mile south of the city.

Miss Brown suffered a broken shoulder and body bruises. Miss Cole an injured ankle and bruises. The ladies are suffering from nerve shock also.

Miss Brown and Miss Cole had been to Dressy.

Walter Gates Spoke Here For Landon Johnson

Walter Gates of San Saba spoke Tuesday of last week in Baird, as behalf of Lyndon Johnson, candidate for the United States Senate. Mr. Gates outlined Johnson's public record and called attention to his efforts in Congress to extend the rural electrification program, the furtherance of the National Youth program, his support of the Administration farm program and the new Parity bill recently enacted.

He stressed Johnson's experience in Congress and his knowledge of President Roosevelt's program for National defense, and that his vigorous support of the progressive policies of the Democratic party, had earned Johnson the respect and friendship of the President and the leaders of Congress and the Senate.

Gates called special attention to Lyndon Johnson's proposal to take the old age pension controversy out of the local politics, and for the Federal Government to take over the entire burden of paying an adequate pension in keeping with the high Standard of American living.

In conclusion Mr. Gates urged the voters to consider the grave situation abroad, and numerous programs for the benefit of the working people of America, and asked that they select a man of ability, experience and having the confidence of our leaders.

FOR RENT—Furnished or unfurnished rooms. See Mrs. R. F. McQueen, first house west of Baird High School.

Alvin Dill And Atrelle Estes Married

Miss Atrelle Estes became the bride of Pvt. Alvin Dill, of the 158th Battery Field Artillery 45th Division, Camp Barkeley, Abilene, at 3:00 p. m. Saturday, May 31st. The marriage taking place at the Episcopal church of Heavenly Rest in Abilene.

The marriage vows were taken before Chaplain Henry Martin, of the 158th Battery Field Artillery Camp Barkeley.

The young couple were accompanied by Mrs. Frank Estes, mother of the bride, Miss Bernice Robinson, of Baird and three friends, Paul Dolzel, Mike Ocharliske and Ward Webb all members of the grooms company at Camp Barkeley.

Mrs. Dill is the only child of Mr. and Mrs. Frank Estes, also the only grandchild of Mr. and Mrs. W. J. Cook, all of Baird, where she was born and reared. She is a graduate from the Baird High School in 1937. She is talented a good writer, who has won considerable recognition by her weekly column "Around Town", with Otto B. Grate, published in The Star.

Mr. Dill is the son of Mrs. W. O. Newton, of Lawnee, Okla., where he was reared. He has been in the service for some months.

For the present, Mr. and Mrs. Dill will make their home with Mrs. Dill's parents in Baird.

The Star expresses the sincere wish that "Otto B. Grate" and the young man she has chosen as a life partner will find many miles of happiness along life's highway.

JOHN VARNER PROMOTED IN R. O. T. C. UNIT

Upon the recommendation of Lt.-Col. James D. Bender, Prof. of Military Science and Tactics, and Dean J. Thomas Davis of John Tarleton Agricultural College Stephenville, John Varner, of Cottonwood, Texas, was recently appointed a provisional Sergeant for the school year 1941-42. Promotions were based on outstanding work in the R. O. T. C. Unit at Tarleton during the past year.

EASTERN STAR

The Eastern Star Chapter will meet in regular session Tuesday night June 10th. All members are urged to attend as matters of importance is to come before the chapter.

Mrs. Loula May Russell, W. M. Myrtle Boydston, Secretary

Charley West's Father Died In Hamilton

Claude West, 70 of Hamilton, father of Charlie West, of Baird, died suddenly at his home Wednesday morning. Mr. West had been in ill health for some time but seemingly was recovering and was able to attend to his business again.

Mr. West left immediately for Hamilton upon news of his father's death, and Mrs. West and sister Margaret Schrank, accompanied by Raymond Young and Miss Thelma White left later. A number of friends went down yesterday to attend the funeral, which was held at the Baptist church at 4 p. m.

Mr. West is survived by his wife, two sons, Charley West, Baird; and Lagree West, Hamilton and one daughter, Mrs. Ed Warren of Temple and three grandchildren.

JUNE PENSIONS TO GET ANOTHER CUT

Texas old age pensioners will suffer a \$2.00 slash in payments for June, the public welfare department announced today.

An average of \$9.50 will be paid 140,000 persons next month, \$2.00 less than the May average. The reduction was declared due to insufficient state funds.

Cooperative Marketing Purchasing Assn.

Callahan County farmers who have participated in the Farm Security program met in the District court room and organized a county wide Marketing and Purchasing Association, unincorporated.

This step is the beginning of what is anticipated to be cooperative movement among the farmers in Callahan County. Cooperative Marketing and Purchasing Association have proved especially helpful to farmers through out the United States and progressive families first step toward improving Marketing and Purchasing conditions for Callahan County families.

At this meeting a Board of Directors was elected to serve for one year. Directors are as follows:

President, Irvin G. Mobley, Jr. Putnam;

Vice-President, Charles Z. Anderson, Dudley;

Secretary-Treasurer, Mrs. C. B. Young, Eula;

Director, David C. Foster, Atwell;

Director, John A. Robinson, Oplin.

These directors were selected by a group of farmers present at the meeting, Mr. Guss Hill, Cooperative Specialist, and Mr. Robert Fisher, District Rural Supervisor, ever present and explained the advantages of such a cooperative to the farmers.

Others families are urged to contact one of the directors or the Farm Security Personnel if you are in terested in joining this organization.

Charter members of the cooperative are:

Leo Atchley, Charles Anderson William A. Courington, C. P. Burklow, John A. Roberson, Robert Smedley, O. C. Jones, Robert Barnett, Hollis A. Versyp, W. C. Shrum, W. T. Jones, W. G. Black Olin W. Elliott, Will Poindexter, I. G. Mobley, George W. Parker, Dave W. Owens, Jethro S. Jackson

C. A. A. Flying Course Sponsored By N. Y. A.

The National Youth Administration is making arrangements for eligible young men to live at the NYA Ranger Resident Center and take C. A. A. Flying Course this Summer. Those young men accepted will have an opportunity to complete 35 hours of flying and obtain their private flying license. The course starts June 15th and ends about August 31st.

The young men will live at the Ranger Resident Center where they will work on the project 4 hours a day. They will fly during the afternoons and attend ground school at night.

Eligible men must meet the following regulations: 19 to 24 years of age, high school graduate 24 hours college credits, and be able to pass a thorough physical examination.

Application may be placed with John W. Webb, NYA Counselor, who will be in Baird on Friday of each week. Those who are interested must place their application before June 15th.

T-P TRAINMEN HURT IN EXPLOSION

Three crewmen on a Texas and Pacific locomotive were injured near Big Spring, Texas, when an engine blew up, while enroute to Big Spring, from Sweetwater. The injured men were, Mack Simmons, engineer; M. E. Anderson, fireman, and A. B. Dyer, conductor. The men were carried to a Big Spring hospital where their injuries were dressed. The men were hurled from the cab by the explosion.

COOKED FOOD SALE

The G. A. Class of the Baptist Church will hold a cooked food sale Saturday June 28th.

Radio's Most Unique Studio Texas Product

G. B. DEALEY.

Attention of the radio world is focused upon Dallas and Texas by the announcement of G. B. Dealey, Dallas publisher, that the new studios for WFAA and KGKO, most unique and unusual radio facilities in the United States will be officially opened Monday, June 23. The studios are in a penthouse atop the Santa Fe Building, Dallas, and present the most revolutionary acoustical development known to radio and sound engineering. Mr. Dealey is chairman of the board of A. H. Belo Corporation, publishers of The Dallas Morning News and owners of Texas radio stations WFAA and KGKO. The opening of the new studios will be celebrated by a national radiobroadcast Saturday, June 21, to be participated in by radio "big wigs" and famous stars of radio, screen and stage. The studios are Texas produced.

62,000 Texans Belong To W. O. W.

More than 62,000 Texans are members of Woodmen of the World Life Insurance Society, it was revealed today in a survey published by the Fraternal Monitor, a national fraternal magazine. This is more members than any other fraternal life society has in the state.

Fifty-six societies reported a total of 312,578 members in the state, with 62,086 of them members of the Woodmen of the World.

The Woodmen of the World, which leads all fraternal life societies in point of assets and financial strength, also ranks first in point of membership in more states than any other organization.

These states are: Alabama, Arizona, Arkansas, Florida, Georgia Louisiana, Mississippi, New Mexico North Carolina, South Carolina, Texas, and Virginia. In addition W. O. W. ranks second in Tenn.

It was estimated that fraternal members of Texas had \$264,953,566 of life protection in the 56 reporting societies at the beginning of this year. Approximately \$67,800,000 of this amount was in the Woodmen of the World.

With assets of more than 130 million dollars, the Woodmen of the World is outstanding among life insurance institutions of America.

Visits Son In Chanute Field

Mr. and Mrs. Arthur Johnson and daughter, Goley, left Wednesday morning for Rantoul Ill., where they will visit their son, Vernon Johnson a student in the Air Corps Mechanical School at Chanute Field and who will be one of the graduates of the school to-night. Vernon has been selected as an instructor in the air mechanical service but does not know yet where he will be stationed. He has been a student there since last December.

Mr. and Mrs. Johnson, Goley, and Vernon will visit Chicago and other near by cities. Mr. and Mrs. Johnson and daughter expect to gone two weeks.

Other Baird boys in the Air corps school at Chanute Field are Bill Austin, Bobby Owens, and Sterling Reynolds. Billy Harris also of Baird is a civilian instructor in the school.

Six Farmers Chosen As Prospective Home Owners

Six families in Callahan County have been chosen through the Tenant Purchase program of the Farm Security Administration as prospective home owners for the year of 1940-1941. The families chosen are:

Fuller F. Beaver
Fred C. Kniffin
Robbie A. Farmer
Carl I. Guna
W. E. Millhorn
Everett Wright

These families were chose by the Tenant Purchase committee from a number of applicants, as being typical families eligible for the purchase of farms under the farm loan program. They were instructed to select the farms they wish to buy and make their home in Callahan County. Family sized farms will be purchased and loans advanced for the purchase of land and any other improvements necessary, such as building the home, barns, out-buildings, fencing, terracing water supplies and other land improvements to bring the farm into full production.

Applications are accepted continuously at the Farm Security office on the third floor of the court house at Baird, Texas. Any tenant, share cropper, or farm laborer interested in farm ownership may secure application blanks from Monday through Saturday noon, at the FSA office

Mrs. Sophia Hill Died Wednesday Morning

Mrs. Sophia Martin Hill, member of one of Callahan counties prominent pioneer families, died at 2:00 a. m., Tuesday morning following a short illness.

Funeral services were held at the Baptist church at Admiral, Wednesday afternoon at 2 o'clock. Rev. A. A. Davis, pastor of the Baird Baptist church, of which deceased was a loyal member conducted the services.

Pall bearers were:

W. B. Atchison, W. D. Boydston, Olin Jones, J. R. Black, L. L. Blackburn and Herbie Martin. Wylie Funeral Home had charge of funeral arrangements.

Mrs. Hill was the daughter of the late Mr. and Mrs. Henry Martin pioneer residents of the Admiral community, where they established a home in 1880, when Mrs. Hill was about 11 years old, and she has lived in Callahan county since; has lived in Baird for more than 20 years.

Mrs. Hill was a devoted Christian, joining the Baptist church at Admiral in early life. She was a kind, friendly woman who made friends wherever she went. She had not been quite well for sometime but had recently returned from an extended visit with her brother, A. P. Martin and family at Tulsa, and her death came as a severe shock to her family and friends.

Mrs. Hill was born Sept. 7, 1869 in Senatobia, Tate Co. Miss. Mrs. Hill was 71 years 8 months and 15 days of age. She was married to John Reed Hill at Admiral, July 3, 1887, who predeceased her in death 51 years ago. She was the mother of two children, both boys, one who died in infancy the other son John H. Hill of Baird survives his mother. Other survivors are:

Two brothers, A. P. Martin, of Tulsa and Walter C. Martin of Cottage Grove, Oregon; Two grandchildren: three nieces and five nephews.

A. P. Martin and son Howard of Tulsa and a niece, Mrs. V. B. Eoff and husband of Blanket, attended the funeral.

Judge and Mrs. J. R. Black, Mr. and Mrs. Everett Little, Mr. and Mrs. W. M. Moutry, Mrs. Clark and other friends from Abilene attended the funeral.

METHODIST ENCAMPMENT

The Methodist Intermediate Encampment will be held at Buffalo Gap July 7-12. All children ages 12 to 15 are invited to attend \$4.00 per child expenses.

Mrs. White retiring worthy matron was presented with a past matrons pin, a gift from the chapter. This has been the custom of the chaptersince its organization. Mrs. Russell, newly installed worthy matron, was presented with a beautiful bouquet, a short program honoring the new officers was given.

HOMEMAKING GIRLS BEGIN SUMMER PROJECTS

Thirty-nine girls are taking projects this summer. The purpose of summer projects is to enable the girls to put into practice some of the things they have studied during the year. Most of the girls do a variety of things some of the experiences planned are: canning, planning and preparing meals, sewing for self and other members of the family gardening, raising chickens, caring for the house, and improving the house and the yard in such ways as refinishing chairs, making dressing table, painting bed, cutting weeds and grass, cleaning yard and providing containers for trash. One of the goals that we are stressing this summer is trying to keep well by eating the right foods. This means learning to like some new foods for many of us.

Besides the various experiences which the girls have at home, we plan to do several things at school which we call our troupe project. For our group project we plan to work on a hooked rug for the clothing room, to make some garments for the Red Cross, and to arrange a window display which will show the foods we need to include in our diet each week. (The Texas Standard) in comparison with the ration of the French people.

Baird Baptist Revival Begins June 15th.

Pastor A. A. Davis of the First Baptist Church, Baird, announces the Baptist Revival, which will begin June 15th and run through June 29th. Great interest is already being shown in anticipation of a great revival. Pastor I. E. Enlow, A. B. M. A. of the First Baptist Church of Dry Ridge, Kentucky, will do the preaching in this meeting and Mrs. Enlow will do special work with the young people.

Pastor Enlow, for many years a member of the State Mission Board or Kentucky, a graduate of Georgetown, College, Georgetown Ky., and the Southern Baptist Theological Seminary of Louisville, Kentucky, is considered one of the outstanding preachers of the State of Kentucky. Dr. Paul Montgomery, ten years pastor of the Central Baptist Church in Winchester, Ky. says, "I consider . . . Enlow one of the greatest Gospel preachers of Kentucky." Dr. F. Patrick Dennison, Pastor of First Baptist Church, Bergin, Ky. and for many years an evangelist with the Blue Mountain Evangelists of Blue Mountain, Mississippi, says of Enlow, "I consider him a real pastor's helper, one who knows how to win souls and leave a permanent work behind." Dr. A. R. Abernathy of Dry Ridge Ky. who was Professor of Bible in the old Simmons College at Abilene, Tex. from 1908 to 1910, and later through 1916, Professor of Bible in Georgetown College in Georgetown, Ky. says, of L. E. Enlow "He is my pastor now, used to be his teacher in Georgetown. I consider him one of the safest, most scriptural, Pastor Evangelist, I have ever known. A tender heart, a sweet spirit, and an unusually clear conception of the Scriptures, will endear him in the hearts of any congregation of people to whom he preaches. He is above all a soul winner for Jesus."

The meeting will begin Sunday morning, June 15th, with services daily through the week at 10:00 A. M. The Baptists of Baird will welcome with open hearts and open arms this splendid preacher and, is wife, who are strangers to Texas, Texas people, and Texas Churches. It appears to us that now is the logical time for a great revival meeting in Baird. Let us expect it, pray for it, and work for it. We invite every one to attend any and all of these services throughout this meeting.

Homemaking Girls Begin Summer Projects

Thirty-nine girls are taking projects this summer. The purpose of summer projects is to enable the girls to put into practice some of the things they have studied during the year. Most of the girls do a variety of things some of the experiences planned are: canning, planning and preparing meals, sewing for self and other members of the family gardening, raising chickens, caring for the house, and improving the house and the yard in such ways as refinishing chairs, making dressing table, painting bed, cutting weeds and grass, cleaning yard and providing containers for trash. AROUND TOWN

With OTTO B. GRATE

Hi there, chillun, if this column seems a little out of focus this week you'll have to over-look it, please, and just kindly bear with your reporter until he reaches somewhere around normal. Business will go on as usual in this corner, and if any of you Around Towners had any ideas that you could step out of line and feel sure of your antics not reaching print you may as well put that out of your heads and try being good boys and girls. I'll have to admit that the Otto B Grate vigil did lax a little this week. They tell me we've had lovely weather in the home town this week, but I wouldn't know. I forgot to notice.

Apologies to Raymond Young. We failed to mention the town fancy jaloopies and their names, Young's true love, the ever faithful "Gracie", which has been carrying our district clerk hither and yon for a year and half, was slighted. This was purely unintentional and we hope this will make up for the neglect.

One of the most attractive spots in town is the E. L. Woodley yard with its lovely flower and shrub arrangements. Mrs. Woodley's bed of snowy Shasta daisies are as pretty as you'll find anywhere.

By the way, if you have a lawn which is in need of care you might contact young Robert Warren. He does a right neat job of cutting grass and does it willingly and without retribution, of course there are a few requirements that you must meet before Robert will contract for your work. You must have an attractive young daughter around fourteen or fifteen years of age. The Lewis family meets all qualifications and any afternoon you can see Casanova Warren grooming the Lewis yard while the lady who prompted such gallantry

looks on with approval. Puppy love is something young men thrive on.

The only real Mexican Pinion tree in Baird, and probably in the county, can be found in the Bob Norrell yard. It's worth going that way to see, and a lovely oddity.

If there is ever any research performed to determine a small boy's lung power I'm sure that at least one Baird Band member will startle the scientific world with his indefatigable supply of wind. Foster Henderson, my good neighbor, should hold the record for keeping the ompahs of his bass horn echoing. Now his mother is wondering if any other band instrument carries less volume, and if it does she intends to have her son transferred to that department immediately.

Here's a good one that they tell on the 36th division boys stationed near Rising Star for maneuvers. Tents, trucks, and all of that have been carefully camouflaged for the sham battles so when a soft drink stand was erected for the soldiers convenience it was necessary to hide that too. The job of camouflaging was so good that they say they have only located one of the two stands and the boys are still combing the shinary for the other one.

Spotlight of the week goes to Mrs. George Frazier and children, Mrs. Frazier's friends are many for her attractive personality, sincere friendliness, and interest in her acquaintances makes her popular wherever she goes. Mrs. Frazier takes part in her town's activities and is bringing up a lovely family of children that are a compliment to her teaching and influence.

NOTICE TO THE PUBLIC

The Loper and Butler Help-Ur-Self Laundries, announce the following prices: Quilts and Blankets 25 cents each. Pick-up and Delivery 5 cents each way.

News From AAA Office

E. L. Pierson

Farmers Approve Quotas For Wheat By Big Vote

Callahan County wheat growers approved wheat marketing quotas by 94.3 percent. The voting by communities was as follows: Baird 21 for, 3 against; Putnam 20 for, 1 against; Cross Plains 16 for and 1 against; Lanham 8 for and 0 against; Oplin 11 for and 1 against. The total vote for the county is 105 votes with 99 in favor and 6 against.

The growers of wheat over the nation joined producers of cotton and tobacco Saturday in granting the Agriculture Department authority to control the sales of their crops this year.

In a nationwide referendum wheat farmers voted decisively for a departmental proposal to invoke the rigid marketing quota provisions of the 1938 farm act to keep the surplus production of this year's bread grain crop off the market until it might be needed.

Quotas on cotton and tobacco were approved in referendum held last winter.

Virtually complete returns from the wheat referendum gave 397,559 votes for and 96,223 against quotas. This was slightly over 80 percent, or far in excess of the necessary two-thirds.

Texas voted 10,809 for and 858 against the quotas. The Oklahoma vote was 30,717 for and 7,413 against.

By approving quotas, wheat farmers were virtually assured a Government wheat loan of 85 percent of parity, or about 97 cents a bushel compared with last year's 56 percent of parity or 72 cents a bushel. The loans were contingent upon approval of quotas and the availability of funds. Legislation providing loan funds is now pending Congress.

Under quotas, farmers will be limited to the sale of wheat produced on their 1941 AAA planting allotments, plus any wheat from previous crops. Grain produced in excess of acreages would be subject to a penalty tax of 50 percent of the loan rate.

The National wheat loan rate is 98 cents per bushel. The penalty rate will be 49 cents per bushel on excess wheat acres

times the normal wheat yield. The county rate per bushel has not yet been established.

Texans Called On To Double Purchase Of Defense Bonds

Following the President's talk on Tuesday, I have come to the conclusion that it is my duty to call on the citizens of Texas to double their efforts to aid America, and we must have an all-out purchase of defense bonds and savings stamps.

We are going to have a big bill to pay in order to protect this land we love so well—and it will be worth every cent it costs to know that our country and those we love are safe. And when I stop and think that our Government thought for enough ahead to make plans to borrow money from us that it could pay back with interest, I swell with pride. The United States Government could have just imposed higher and higher taxes on us money to be paid in and nothing received in return but protection, protection would have been a lot, but instead we are lending our money and will get it back with interest. When you buy one of these bonds, you are buying confidence in your country, your family, and your neighbor and yourself. You are making money for yourself, and, by lending it to the Government, you are making it work for your country.

I could think of no more fitting memorial to those who gave their lives in the last war than to ask that all Texans do their bit now toward preparing defenses which we hope will protect us and save the lives of our native sons.

Sincerely yours,
FRANK SCOFIELD
State Administrator
Defense Savings Staff
of Texas

Navy Reduces Minimum Height Requirement For Aviation

A dispatch from the Navy Department received this morning at the office of the Naval Aviation Cadet Selection Board, 524 Allen Building, Dallas definitely reduces the minimum height limit for Naval Aviation students from 5' 6" to 5' 4". This will be good news to many candidates who were otherwise qualified, but who could not quite stretch to 5' 6".

Commander Laverents Senior Member of the Aviation Cadet Selection Board this morning stated that he heartily approved of this change, as in his opinion, a man 5' 4" tall was physically able to handle the controls of Naval airplanes, as modern planes are equipped with controls which are adjustable to meet the requirements of the individual pilot. He further stated that the 5' 6" minimum height has always been considered a mimitary requisite instead of physical.

Education requirements for Naval Aviation Training were recently modified eliminating mathematics from the college credits necessary. All other requirements remain the same.

Interested candidate should contact the nearest U. S. Navy Recruiting Station.

Rural People Urged To Feed Chickens For Egg Production

Feeding chickens for more eggs is a real opportunity for farm families to aid defense and add to their incomes. Extension Service workers are tiling rural people, following announcement of a Department of Agriculture plan for supporting the market price of eggs during the next two years.

Jennie Camp, extension specialist in home production planning has pointed out that plenty of feed for farm poultry flocks means more eggs, and more eggs help assure ample food supplies for this country, Great Britain, and other countries resisting aggression. She says since commercial poultrymen already are feeding their flocks to get the most possible eggs, extra eggs must come from special feeding of farm hens.

Here are some tips George McCarthy, extension poultry husbandman, gives farm families on their expansion of poultry flocks: "Feed plenty of mash, either home-mixed or commercial, and all the grain the hens will clean up at night" he says. "Keep

fresh clean water where the hens can get to it easily at all times.

Wet mash is an excellent appetizer. It should be fed in a crumbly state, and once started, must be kept up. Extra eggs will pay for the additional work."

Both specialists explain that eggs are an ideal means of turning ever-normal reserves of feed into defense foods, and that increased production can be maintained by better feeding. Their advice is: Give the hens all they will eat this spring. Don't make them rustle for their feed."

O. D. Welch.

BAIRD, TEXAS
(Member Federal Deposit Insurance Corporation)

WHAT'S YOUR SCORE ON THIS QUIZ ?

Like to know more about Your Electric Servant? Run through this quiz . . . it's full of facts and explains why Electric Service is GOOD . . . and CHEAP . . . in West Texas.

Q. How much more light do you get for your money now than you got 10 years ago?

A. You get, for about the same money, two or three times as much Electric Service as you did then. And bulbs today give about twice as much light with the same amount of electricity. Twice as much service for twice-as-good bulbs means four times as much light for your money!

Q. How much per day do most families spend for electric service?

A. The majority of our customers pay us less than 10 cents a day (the cost of a shoe shine or a good cigar), using, say, lights, vacuum cleaner, radio, toaster, and refrigerator.

Q. What do you say to a husband (or wife) who fusses at you for letting a 100-watt light burn all night?

A. "Don't get excited, dear. Believe it or not, it costs only about a nickel—and maybe it scared a burglar away!"

Q. Who owns Your Electric Servant?

A. You do. Every family who has a bank account or a life insurance policy is part owner. The money you put in the bank, or pay to an insurance company, is invested in various businesses, including electric utilities. This makes you one of the millions who have a stake in the American system of private initiative and enterprise.

Q. Just how dependable is electric service in West Texas?

A. Equally as good as any in the nation! And better than in any foreign country!

Yes, electric service has constantly improved and rates have steadily gone down. Remember that this BETTER SERVICE at LOWER COST to you has been brought about by our trained and experienced organization of over 1,000 men and women, working under a system of private initiative and enterprise . . . the only kind of system ever to bring better living conditions to ALL the people.

West Texas Utilities Company

HERE'S THE OFFER

Send your old electric bill to our nearest local office. If yours is the oldest we receive by June 15, it is worth \$50 to you—if one of the 10 next oldest, we will pay \$5 for it. It must be for service in the home, dated 15 or more years ago, and must be accompanied by a letter, 100 words or less, telling something about the kind of service and the cost at the time the bill was paid. All present customers of the West Texas Utilities, or its predecessors in this community, (excepting employees) are eligible.

the ROAD AHEAD

Old Man Texas is today looking ahead and planning.

Beside the great farming and ranching country which Texans have built, he sees a new industrial empire here.

Already the start has been made. Some industries, such as petroleum, are now showing what can be done to utilize Texas' vast natural resources. Today this industry refines with Texas labor over four-fifths as much oil as the State produces. Its

products make up nearly one-half of all Texas manufacturing. Altogether petroleum provides the living for almost one-sixth of our people.

But this is only a beginning.

Texas has many other raw materials, unexceeded by any other State. Texas has in oil and gas the cheap and dependable fuel supply essential to industry. Texas is the gateway to Latin America, our new foreign market.

Each new industry means more jobs. It makes added tax values for our State and local governments, bigger payrolls for our workers, and greater prosperity for you and every other Texan.

Richey Revival At Abilene

Raymond T. Richey, widely-known evangelist, of Houston, is announced to open a two weeks tent revival in Abilene Thursday night, June 4. The meeting is described in red, white and blue posters as a "patriotic revival". A special appeal will be made to the men at Camp Barkeley, some 11 miles away, hundreds of whom flock to Abilene nightly for recreation or diversion. There are some 20,00 trainees at Camp Barkeley.

The Abilene campaign will be at Third and Sycamore streets, midtown, in a stone's throw of the highway which leads to Camp Barkeley. It will be tabernacled in a huge red, white and blue tent. The patriotic theme will prevail throughout the campaign.

The mammoth red, white and blue big top, said to be the only one of the kind in the country, and Mr. Richey's own idea, was recently used for a similar revival at Starke, Fla. a few miles from Camp Blandink. The Starke meeting is said to have had the endorsement of several of the chaplains serving at Camp Blandink. Just ahead of that revival, Evan-est Richey conducted a meeting at Key West, with a special appeal to the men at the Naval Station there.

Raymond T. Richey served as camp pastor during the first world war. He came into wide public notice about 20 years ago because of his large gospel of healing revivals. He has conducted major revival campaigns in Dallas, Fort Worth, Houston, Galveston, Beaumont and other Texas cities, and has spanned the country with the Gospel messages a score of times. He attracts large audiences.

Music will be made a big feature in the Abilene meeting by Mr. and Mrs. Ira F. E. Stanphill, of Springfield, Mo. vocalists and instrumentalists, Mr. Stanphill, of Springfield, Mo., song writer and conductor. Services will be held daily at 10 a. m. and 7:45 p. m. Sunday services will be at 2:45 p. m. and 7:45 p. m.

PERSONAL

Catherine James is home from N. T. S. T. C. at Denton for a few weeks.

Mrs. Charlie Powell and little daughters Shirley Glenn and Charlese, have returned to their home in Spur after a visit with their parents and grand-parents, Mr. and Mrs. R. L. Elliott.

Mrs. Mae Northcutt, of Abilene was in Baird, Wednesday to visit her son Wayne, and family. Her little grand-daughter, Bobbye Lou 4 year old daughter of Mr. and Mrs. Northcutt, who is sick.

Soldier boys home for the past week-end were: Truman and Truitt Black, Buddy Hart, Hoot McGowen, Tiny Murphy, Jack Jarvis and perhaps others that we did not meet.

Lewis Hill, student in the State University, the past year, will leave Saturday for Salem, Ill. where he will work for the Magnolia Oil Co., during the summer months.

Sam Orr, of Pasadena accompanied by his mother and sister, Mrs. M. D. Hoover and Zelma Hoover, of Dallas visited Mrs. Lee Estes and family the past week-end.

Mr. and Mrs. R. H. Garner of Balmorea and Buddy Hart, clerk in the 2nd Medical Lab. Fort Sam Houston spent the past week-end with their parents Mr. and Mrs. Fred Hart.

Mr. and Mrs. J. E. Hamilton, of Fort Worth, are visiting Mrs. Hamilton's mother and brother, Mrs. J. L. White and Braden White. Accompanied by Mrs. White, they visited relatives in Stamford last week-end.

Mrs. J. R. Parten, of Houston, is visiting her parents, Mr. and Mrs. E. L. Woodley. Mrs. Parten has been on a visit with her sister, Miss Mary Lynn Parten, in New York city. Major Parten joined his wife here yesterday.

Sheriff Norville is convalescing from his recent illness and is able to be out some and with the able assistance of his deputies, Bill Ray and Miss Maxine Williams are carrying on the work in the sheriff's department.

R. E. Bounds, who has been seriously ill is reported improving and has been moved from the hospital to his home. His daughter, Mrs. J. C. Taylor and family of Olney spent the past week-end with him and family.

Dr. and Mrs. V. E. Hill returned Tuesday from Austin and Houston. At Austin they were joined by their son, Lewis, a student in the University of Texas and went to Houston to visit their eldest son Clifton.

Mrs. J. Y. Gilliland and Mrs. Annie Asbury, who have been visiting Mrs. M. E. Moon and daughter, Miss Goldie and Mrs. A. Horn and family in Ft Worth the past month returned home Sunday. Mr. and Mrs. James C. Asbury went down Friday to accompany the ladies home.

Mrs. S. L. Stokes and son Sam Boydston Stokes, of Corpus Christi, spent the past week-end with Mrs. Stokes parents, Mr. and Mrs. W. D. Boydston. Sam is a student in Baylor University at Waco and his mother came up after him and on to Baird to visit the home folks.

Mrs. Earl Haley and daughter Miss Errolene, of Big Spring are visiting Mrs. Haley's parents, Mr. and Mrs. W. G. Bowls. Miss Errolene, a senior in Baird High School and transferred to Big Springs school when the family moved there some months ago, was one of the graduates of the school there last week.

Mrs. R. L. Alexander, Mrs. L. L. Blackburn and Mr. and Mrs. W. P. Brightwell returned this week from Atlantic City, where the ladies attended the National convention of Women's Federated Clubs. The party visited many places of interest on the trip. Mr. and Mrs. Brightwell visited a cousin, Miss Camilla Brightwell at Lineburg, Va. and stopped for a day in Dallas to visit their daughter, Mrs. Marshall Newcombe and family.

Baptist Church

A. A. DAVIS Pastor

Regular service at the Baptist Church ext Sunday. We are grateful for the continued fine Spiritual Services. Let us personally realize as Christians now that the Lord is expecting personal effort personal interest, personal consecration and personal sacrifice on the part of his people. While the world is headed for the worst that can come to the human family — let us be at our best in the Lord. The darker the night the greater the need for light, a little light shines a long way. Our meeting begins Sunday June 15. Surely you will do your best in every way for the Lord's Glory. No Christian should be satisfied with anything short of the very best. The Lord Blesses Honest effort, and hears honest Prayers. Attend our services and worship the Lord with us Sunday. If you cannot come our way then please go to Church somewhere Sunday.

CARD OF THANKS

We wish to express our thanks and appreciation to our friends and neighbors for their kindness and help during the illness and death of our mother, sister and aunt, especially we are grateful to the members of the Rebecca Lodge, Baptist Church for their help in our hour of sorrow. Mr. and Mrs. Jno Hill Lon and Howard Martin The Griffin Children

QUALITY CAFE

Fred Estes, Manager.

Where's the best place to choose your new car?

A. ON THE ROAD!

WELL MATCH the "showroom value" of the Ford with anyone . . . but if you want to know how great a car this is, take one out on the road!

TEST THE PERFORMANCE . . . IN ACTION. There never was another low price engine like this 90 horsepower Ford V-8. Take it out in traffic—then step out on the open road—challenge the toughest hills. Draw your own conclusions!

TEST THE RIDE . . . IN ACTION. Ride on the pavement, then ride the roughest road you know. You'll find the new Ford ride is the kind of ride you like. Smooth where the going's good. Soft and steady over the bumps.

TEST THE ROOM . . . IN ACTION. Measurements show

this Ford greatest in its whole field in actual passenger space. A ride will show what this means. Bigness counts and here it is!

TEST THE VALUE . . . IN ACTION. Stop with the biggest hydraulic brakes anywhere near the price. Rest your toe on the pedal of a fine-car type of semi-centrifugal clutch. Flick through the gears with the easy, silent kind of finger-tip shift that high-priced cars use.

90 HORSEPOWER — V-8 SMOOTHNESS

FORD HAS THE QUALITY FEATURES

V-8 POWER—90 smooth horsepower. There never was a low price engine like this before.

NEW BEAUTY—When you look at the smooth flowing lines you see one of the few cars with really up-to-date styling this year.

A NEW RESTFUL RIDE—On the new Ford "Slow Motion Springs." A soft, quiet ride wholly new this year.

EXTRA VALUE—New ease of control with positive mechanical, fine-car type shift—extra-big hydraulic brakes—and the famous Ford semi-centrifugal clutch.

CLARA BROWN, Agent

A visit this week to Mrs. S. N. Bailey's garden the Union community proved to us that gardens can be successfully grown on the black land. Mrs. Bailey gave her husband all the credit for them always having a successful garden. They have lived on the same farm 16 years and she says that she cannot recall a year that they did not have a garden, naturally the garden is better some years than others. She says that the thing to her that makes their garden a success is that it is always planted early. She says early it really is early, many things are planted in January and practically every seed is in the ground by the last of February. Mrs. Bailey showed me her garden and young orchard with a great deal of pride. She had gathered beans to take to town to sell that morning, the potatoes were heavily

loaded, the white ones were more prolific than the red ones. If any one does not think that the land these grew on was not black, they are mistaken as we dug some and it not only was black but very gummy, but was worth the effort. Beets were growing well and were of the right size to can, she had beets on cooking that she as going to can. The nicest looking bermuda onions were growing, and they were the sweetest ones I have ever eaten, squashes were just beginning to bear, lettuce was young and tender, tomatoes vines with small tomatoes on them, corn that soon will have roasting ears, to can and to dry. It really was something to be proud of.

Mrs. Bailey says that always they select a good rich spot for the garden as they believe that a successful garden is worth more to them than that same land planted to something else. More to them in dollars and cents as garden cuts down grocery bills and then the food that grows in your garden is better for one.

and then the pleasure one gets from watching it grow. Mrs. Bailey said that her family did not care for too much canned food so she is going to try drying some of the vegetables. Cabbages were beginning to head and she was anxious for them to hurry up as the bug were beginning to do damage but she committed, well we may not have so many to carry over but we have and will enjoy those that we eat fresh.

She also realizes that because of the excess moisture we have had this year that the onions and potatoes will not likely to store successfully but that was small worry to her as she felt sure that they could sell them and they were eating them every day.

Mrs. Bailey and I took pictures of her garden and of the baskets of fresh vegetables that she had gathered. Mrs. Bailey had a very pretty year, as she explained not so much shrubby but things that she planted the seed of each year. The yard seemed to be her one hobby.

We went to the back and there were chickens running around every where. She plans to keep the pullets, as she realizes that eggs are likely to stay at a good price for several years to come. She had no expensive equipment but she made the best of what she had and looked to the future with a vision of better things.

Mrs. Bailey thinks that a live at home program is a sure way to help a farmer to have plenty of good food, health and a surer way of living. Some of these live at home items are a good garden, and a will to do, milk cows to furnish dairy products for the family table and any left over to be sold chickens for home consumption and the extra over to be sold for extra cash, and a great deal of pride in doing a good job of these things.

Another visit to the home of Mrs. Will Young of the Enterprise Community showed that the rural homemakers are realizing the need and place of some of the conveniences that will further happier homes. Mrs. Young had built a new cabinet in her kitchen, this cabinet showed what Mrs. Young had given some thought to the job before she had it constructed. A double window had been removed and two half windows had been put in, thus making her kitchen much lighter with the natural light. The cabinet had plenty of storage space, shelves as well as drawer space, the height was such that she could work with out having to stoop or stand too tall. A toe space at the bottom

makes standing at the cabinet more comfortable. The cabinet and woodwork is done in white, and the walls in a light sea blue thus making the kitchen much lighter. A sink with running water makes the kitchen chores much simpler and gives her extra time. The doors to the cabinet are made of 5-ply wood with smooth metal handles. Mrs. Young says that she thought she had a plenty good kitchen before but that now she now knows that with thought spent in making plans for convenience has given her a kitchen that helps her save time and a great deal of energy.

Mrs. Young also has a very successful frame garden, she has been using it for two years and has something to eat growing in it the year round.

Mr. E. L. Pierson, Agricultural Officer of Callahan County has used a homemade lamp brooder for two years and has had success with growing chickens in it. He says that the brooder makes the care of the chickens easy and simple. The chickens must come from a blood-tested flock so they will be well when he puts them in the brooder, they also should come a strong healthy flock. Mr. Pierson says he cannot recall losing a chick because of sickness, he follows a good feeding program, and keeps the brooder clean. Several of Mr. Pierson's neighbors have built a brooder after seeing his. The brooder will take care of 50 to 60 chicks until they are 6 weeks of age. The chicks never get out of the brooder and never get on the ground.

The directions for making a brooder can be secured from the bulletin racks of the Extension Service Agents.

One Dish Meal training school was held for representatives of home demonstration clubs, Thursday in the homedemonstration Agents office. Sixteen women attended from Atwell, Clyde, Denton, Tecumseh, Cross Plains, Eula, Zion Hill and Denton communities.

The one dish meal is a stream lined meal, planned to perform its task of supplying the family food needs in a foukd friction and effort. And "friction" applies to disturbance of the pocketbook as well as to effort in the kitchen.

The one dish meal pattern is simple. First there is a protein-rich food, usually meat or cheese or perhaps fish or eggs. Then there is a starchy food, such as potatoes or a cereal in some form, corn or rice, macaroni or oodles. Frequently one or more succulent vegetables are added as well as onion, celery, parsley, and green pepper for seasoning. Tomatoes fit nicely into the main dish pattern, supplying color, flavor and liquid as well as valuable in vitamin 'C'.

Ideally, the one dish presents a balanced meal. But the children should always have their milk and frequently a crisp raw vegetable salad or a fruit dessert is also needed to round out the balance. The protein food, always found in a true one dish, is necessary for building and repairing body tissues; while starchy foods furnish calories at comparatively low cost. The succulent vegetable supply vitamins and minerals. The following receipts are the ones used at the training school.

NEW REMEDY FOR SCREW WORM

An effective remedy for screw-worm, the most destructive insect pest to livestock known is announced. The remedy is relatively inexpensive and consists of a correct compounding of the two principal materials — diphenylamine and benzol—at present advocated by the Dept. of Agriculture for treatment and prevention of screwworm cases, when applied to infected wounds, the compound is efficient is rapidly killing all screwworms in a wound. At the same time the remedy gives as good protection or better to all wounds against subsequent attack as materials heretofore recommended for this purpose.

This remedy was developed through research by the Bureau of Entomology and Plant Quarantine during 1940-1941.

It is applied with a one inch paint brush. It kills screwworms quickly, and they fall out of the wound therefore a second treatment is necessary because the worm carries out some of the chemical with them. The second treatment should be given in 24 to 48 hours then twice each week until the wound is healed.

A demonstration for the livestock men of this county will be held by the county agent in the near future, and they will be sent letters giving time and place of demonstration.

CIVIL SERVICE

Civil service examinations for the positions described below have been announced by the U. S. Civil Service Commission. Applications will be accepted at the Commissions Washington office not later than the closing dates specified. The salaries are subject to the usual 1-1-2 percent retirement deduction.

Landscape architect, various grades with salaries from 2,000 to \$5,600 a year. Applicants must have completed a 4-year college course with major study in landscaping architecture, engineering or design. For the junior grade, a 4-year general college course plus the completion of the work leading to an advanced degree in the fields listed above or in city planning will be accepted. For all but the junior grade professional experience in landscaping architecture is required. Applications must be filed not later than June 26, 1941.

To fill the needs in various Government agencies for nurses for hospital and public health nursing, medical technicians, and laboratory workers, two new examinations in these fields and a revised type of examination for junior graduate nurse have been announced. They are:
Public health nursing consultant \$2,600 and \$3,200 a year. Completion of a 4-year college course including or supplemented by at least 1 year of study in Public Health Nursing, graduation from an accredited school of nursing, and experience as public health

nursing supervisor are required. The closing date is July 26, 1941. Medical technician, \$1,620 to \$2,000 a year; junior laboratory helper, \$1,440 a year. The optional subjects are general and roentgenology and is addition for some of the positions, surgery. Applicants must have completed at least 14 units of high-school study unless they pass a written general test. Appropriate laboratory, clinical, or operating room experience is equied.

Junior graduate nurse, Veterans Administration, Public Health Service and Indian Field Service, \$1,620 a year. Applicants are no longer required to take a written test, and the vision requirement has been modified. Applications Applications for the positions will be rated as recieved until further notice.

of card-punch operators and tabulating machine operators listed below will be rated as recieved until further notice. Appointments will be made in Washington D. C. only. A written test will not be given.

Alphabetic card-punch operator under card-punch operator, \$1,260 a year. Applicants must have had at least p full months of paid experience in the operation of card-punch machines, or a training course which included 60 hours in actual operation of card punch machines.

Tabulating machine operator, alphabetic tabulating machine operator: \$1,260 to \$1,440 a year. Applicants must have had appropriate experience in the operation of electric tabulating or alphabetic tabulating machines.

Full information as to the requirements for these examinations, and applications forms may be obtained for Terrell Williams, Secretary of the Board of U. S. Civil Service Examiners, at the post office or from the Secretary of the Board of U. S. Civil Service Examiners, at any first or second-class post office.
