LITTERA SCRIPTA MANET—THE WRITTEN WORD ENDURES

MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, MAY 28, 1942

TWENTIETH YEAR, No. 29

Highway Dept To Help Collect Scrap Metal

An intensive campaign to collect scrap metal in this area and throughout the entire state to set it to steel mills where it is urgently needed now in the manufacture of steel for the nation's war effort is being launched by the Texas Highway Department. It is announced by W. H. Clements, local maintenance foreman for the highway department.

All persons living in unincorporated towns and in rural areas are urged to collect their scrap metal from their properties and deposit it on the right-of-way along state highways. Such scrap should not contain car batteries, tin cans, or pieces too heavy to be loaded by hand. It will be picked up by State Highway Department trucks as they turn to section warehouses and then will be made available to the government for shipment to mills.

District Engineer S. C. Mcary of the highway department as been instructed by the State Highway Engineer, D. C. Greer, to have the personnel in the field throughout his district, cooperate with local organizations in order to make the undertaking effective as quickly as possible. The scrap will be turned over to the U. S. O., or to the U. S. Scouts in each area, which organizations will make it available to the government.

Thomas L. Mullickan, representative of the War Production Administration in Texas, states that there are amounts of scrap metals collected in this state. A number of the country's steel furnaces have had to close down because of the acute shortage of scrap. From 60 percent to 90 percent of scrap is mixed with pig-iron to make steel, it is pointed out by M. Nelson, chief of the production board, declares that the winning or losing of the war depends on your ability to collect and move the scrap to the mills.

It is expected that the campaign in this state will result in the collection of the urgently needed scrap, which otherwise would be readily obtained from communities, farms, and other properties. There is no doubt but that a many tons of steel scrap are collected in Texas in this year. The highway department workers in the field will be a lookout for the right-of-way of highways by citizens who collect it in highway for shipment to mills from rail point in each area.

Shipment of scrap to mills en route in the past by freight rates according to fullness of the wagon, but have been substantially reduced and the government is now arranging further reduction in an effort to help get needed material to the points out the following: equivalents as essential manufacture of armaments; and grenades. pounds; rifles (30 cal.); pounds; light machine guns; 8 anti-airguns (37); 1 tank; 1 ship.

ROLL APPEAR AT INTERVALS. Some of our commendations of manpower war effort has been such an extent that only when names of soldiers, Marines were added to this week. Any of a man in the name is not on Journal office is furnish us the information.

Special Election Set For June 16

A mayor to serve the City of Muleshoe during the ensuing term will be chosen at a special election to be held Tuesday, June 16. The special election is the outgrowth of a protest, registered against the vote for mayor in the regular municipal election in April.

The incumbent, R. L. Brown, was the only candidate who had filed for the position up to Tuesday afternoon, according to the city secretary.

Ration Board Gives Ruling On Sugar Books

Local rationing boards are setting numerous applications for ration books from citizens who, at the time of registration, possessed an excess amount of sugar. The local board received instructions from the state administrator last Friday, cautioning them to exercise extreme care in determining the eligibility of the applicant to receive these books.

For your information, we quote from a memorandum from Max McCullough, regional administrator: "No war ration books will be issued to persons who registered excess amounts of sugar until a sufficient number of ration periods have expired during which the consumer—if he had ration stamps—might have purchased an amount of sugar equal to his excess. At the present time, no family or individual should consume a greater amount of sugar than a pound per person each two weeks."

The local board wishes to remind the public that it is their desire to be fair to everyone in these matters, and asks the public to follow the above instructions.

Tire Board Report

Tires and tubes issued by the county board for the week of May 23 went to the following applicants:

Passenger Car Recaps: W. R. Adams, farmer; W. E. Kirkland, farmer; O. E. Duncan, farmer; Haskell E. Kirby, farmer. **Truck Recaps:** Willie W. Williams, farmer, 2 pickup tires; A. J. Lenderson, Gulf wholesale, 2 truck tires; Claude H. Wilson, trucker, 2 truck tires; H. C. Holt, Panhandle wholesale, 4 tires; L. C. Cox, trucker, 4 tires; Muleshoe Implement & Supply, pickup tire; H. C. Nickels, farmer, 4 truck tires. **Obsolete Tires:** Harry Green, farmer, 2 trailer tires; Leonard L. Estep, farmer, 2 passenger tires; George W. Y. Hutton, 2 trailer tires.

Truck and Tractor Tires and Tubes: Harry Green, farmer, trailer tube; George W. Y. Hutton, trailer tube; H. P. Coleman, farmer, one rear tractor tire; George P. Shaver, farmer, one rear tractor tire; Troy Atkinson, farmer, two rear tractor tires; C. E. Dotson, farmer, one rear tractor tire; Lum McBride, farmer, one front tractor tire; Joe Simmscher, farmer, one rear tractor tire; J. B. Davis, farmer, two rear tractor tires and tubes; Joel W. Lee, trucker, one truck tire; J. E. Arnold, farmer, one truck tire and tube; R. L. Hobbs, farmer, one truck tire; J. M. Angel, well driller, one pickup tire and tube; Wm. S. F. Mathieson, farmer, one pickup tire.

AT FORT KNOX, KY. Millard Moore, who recently joined the Army, is stationed at Fort Knox, Ky. His wife, Mrs. Neva Douglas Moore, reports. He is with a medical detachment of the 49th Armored Infantry. Millard was transferred to Fort Knox from Fort Sill, Okla. He remained at Fort Sill only a few days after leaving the Lubbock center.

THE GIRL HE LEFT BEHIND

SOLDIER'S FOXHOLE DIVERSION—Private Vincent Costante at Fort Benning, Georgia, models a sculptured likeness of the girl he left behind. Active service in the foxholes has no terrors for the United States Army soldier of 1942. Possessed of talent, ingenuity and a will to win, he finds diversion wherever he may be. It is an old American trait. At Valley Forge after a dreary winter had passed the Continentals played a game which since has been evolved into baseball. Confederate cavalrymen with "Jeb" Stuart rode their best when they joined in rollicking song, and veterans of the old 156th Pennsylvania Infantry used to tell of their lively card games on the rocks of Little Round Top during Pickett's charge at Gettysburg. It's the same indomitable spirit that so long has kept chips up over our Corregidor.

Farmers Busy Putting Out Hopper Poison

Grasshopper poisoning got under way in the county Monday, and thousands of pounds of the mixture is being put out. A mixing plant has been set up at Needmore, and farmers can secure the poison there. There is a charge of about 20 cents per hundred pounds, it was said, to pay expense of mixing and other incidental expense.

Hopper infestation is the worst in many years, but by getting an early start, it is thought that the pests can be eliminated before any great damage can be done. County Agent Sam Logan urges all farmers to put the poison out along all turn-rows just as soon as a field has been planted. There is plenty of poison available and now is the time to use it.

City Water Lines Extended 700 Feet

Extensions totaling more than 700 feet have been made in the southeast part of town to the city water system, it was reported this week by city officials. These extensions afford Muleshoe almost 100 percent water coverage.

The extensions, consisting of two-inch pipe, begin at the Homer Millsaps property and continue southward. Four new patrons have been added since completion of the work, and several other families contemplate taking advantage of the service, officials said.

SHALLOW WATER MAN BUYS BAILEY COUNTY FARM LAND

In a deal consummated this week J. P. Hutton of Shallow-water, purchased J. D. McInlyre's 160-acre place, eight miles west of Muleshoe, R. L. Brown, local realtor, reports. Hutton has rented a house in Muleshoe and is moving his family—a wife and three children of school age—here from Shallow-water. A new home will be constructed on the property Hutton bought from McInlyre.

BANK TO CLOSE JUNE 3

The Muleshoe State Bank will remain open Memorial Day, Saturday, May 30, but will be closed all day Wednesday, June 3, in observance of Jefferson Davis' birthday, it was announced this week.

—Buy A Bond And Bomb A Bum.—

Bailey County's USO Quota Is Set At \$800

J. L. Alsup was appointed chairman of the USO committee for Bailey County Friday, and is making preparations for raising this county's quota which, he said, was \$800.

Bailey county has not contributed to the USO. It is understood, yet it probably has as many or more men in the service than any county in the state in proportion to size.

For the benefit of those who do not understand about the USO, it is an organization made up of the Red Cross, Salvation Army, Jewish Welfare, YMCA, and other organizations for the benefit of soldiers, sailors, marines, or any of the men in the armed forces. It provides entertainment of all kinds for the boys, as well as the promotion of athletic events, has guest houses, where parents or friends of the men in service can go for visits, etc. It is the organization which looks after the morale of the men, and we have the word of many of them that the job is being well done.

The state of Texas is called upon for \$1,110,000 as its share for the USO and this sum has been prorated among the counties. Plans for the raising of Bailey county's share will be announced next week. Mr. Alsup said, and it is hoped that it can be done quickly. In the meantime, he is thinking the matter over, and is ready to give all the assistance possible when you are called upon. It is another one of your many moral duties which should be taken care of.

Mrs. Bertha Roach Dies In California

Funeral services for Mrs. Bertha Leflew Roach, former Muleshoe resident, who died May 18, at Corcoran, Calif., were held May 20 at Hansford, Calif.

Mrs. Roach will be remembered by many Muleshoe residents. She and Mr. Roach lived here several years, where they were engaged in the cafe business.

Survivors include the husband, Carl Roach, six daughters, Mrs. Margaret Collins of Muleshoe; Mrs. Lillian Harrowe; Mrs. Christine Robinson and Jean, Treva and Kay Roach, all of Corcoran; four granddaughters; her mother, Mrs. Susan Leflew of Littlefield, Tenn., and several brothers and sisters.

Mrs. Roach was born May 5, 1865 in Granger Co., Tennessee.

NOTICE TO SUBSCRIBERS

Look at the date on your paper to see if your subscription has expired. If it has mail or bring your renewal to The Journal office. Postal laws and regulations forbid us mailing the paper for any length of time to a delinquent subscriber. Keep posted on county and area news by keeping up to date with your subscription.

Wayne Garth is home from West Texas State College for the holidays.

RIP VAN WINKLE WAS A LUCKY MAN

When Rip Van Winkle woke up and wandered back to the old home town, he was neither recognized nor remembered. He found his wife gone, his daughter married, his native village remodeled, and America independent. He had slept clear through the Revolution! Nevertheless, Rip was a lucky man, because he never had known about him to this day if Washington Irving hadn't written him up.

Any industry that is contemplating liberation from advertising during World War II might well consider the plight in which Rip found himself. For after this war even a Washington Irving—if you could find one—might not be able to bring back into public favor a once popular trade name. IT ALWAYS pays to advertise!

Serial Numbers Are Given Bailey County Men of 44-65 Group

Serial numbers were assigned by the Bailey County Draft Board this week to 535 men between the ages of 44 and 65 who registered in the fourth draft April 27.

The serial numbers are the only numbers which will be allotted these men, it is explained. Their questionnaires will be mailed in the order their serial numbers appear.

1. Leonard Leslie Estep, Baileyboro.
2. Jeff Brown Gues, B'boro.
3. Louis Lewis, Muleshoe.
4. Thomas Henry Franklin Hemphill, Baileyboro.
5. Judson Rufus Webb, B'boro.
6. Winford Birdell Reeves, B'boro.
7. Connie Dayton Gupta, Muleshoe.

MORE NAMES NEXT WEEK

Lack of space prevents publication this week of all the registrants' names. Next week's journal, however, will carry the rest of the names.

Don't tell me there's a THIRD Thanksgiving!

CALM YOUR FEARS. All's well with Thanksgiving, even though you didn't expect to meet this bird... in the a.h. . . until November.

Phillips 66

For Your Car... For Your Country

The turkey is pictured here in advance of the season to dramatize the performance-facts about a great gasoline which is never in advance of the season!

Of course, as always, Phillips 66 Poly Gas is high test without higher price. But more than that, it is the right high test (volatility) for the month in which you buy and use it. Definitely changed every thirty days to match the monthly changes in temperature in your locality.

In December, Phillips 66 Poly Gas is a fast starting motor fuel. In August, it is a cooler summer gas. In May, it's right for between-season weather... always custom-tailored to deliver high mileage and peak-making performance.

Scientific laboratory and field surveys prove that no other gasoline—not a single one—is so completely and accurately matched, all year round, to the monthly variations in your weather.

If you wonder what this means in pep and power... in zip and pick-up... find out the facts in your own motor. Try just one tankful and judge for yourself.

Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners... because Phillips is **WORLD'S LARGEST PRODUCER of Natural High Test Gasoline.**

Frog Takes Importance As Product

are important, and the bullfrog never held in disrepute by food fanciers, has assumed even more importance as a vital natural resource.

For years many Texans have advocated a shortening of the season on taking frogs, which now may be gigger at any time of the year. Two local bills, introduced during the last two sessions of the legislature failed to pass, however.

The supply of frog-legs at Texas restaurants and hotels is in danger of diminishing because, in the opinion of Game Department biologists, the supply of these cold-blooded animals is being rapidly depleted because of overhunting.

Bullfrogs will not thrive in captivity. This has been demonstrated time and again. But if their native marshy habitat is properly managed, the frogs will multiply and the landowner can get a fancy price for his product.

LOOKING BACKWARD

FIFTEEN YEARS AGO
(From files of May 27, 1927)

Welton Winn of Lubbock was in the city Monday, guest of his son, Dan Winn. About June 1, Mr. Winn will begin publication of a farm paper at Lubbock.

J. B. Elmore of Harlingen, Tex. was here last week visiting his brother, W. C. Elmore.

Born to Mr. and Mrs. Ray Carter, May 20, a boy. They live in the Baileyboro community.

Misses Fannie and Jewel Anderson arrived in Muleshoe the first of the week from Erick, Okla. where Miss Fannie has been in school.

Born to Mr. and Mrs. Fritz Gaede, May 21, a fine girl.

The Methodist W. M. S. members met in the home of Mrs. J. F. Wallace to honor Mrs. Ivan Mardis and Miss Novella Elrod with a "kitchen shower."

TEN YEARS AGO
(From files of May 26, 1932)

At a meeting of the Muleshoe school board Monday night, R. A. Terrell, for three years coach at Farwell, was elected coach for the Muleshoe schools.

Miss Henrietta Overton and Henry Cooper of the Wilson community were married at Clovis May 23.

E. J. Calloway of Enochs, who purchased a thoroughbred boar last week and was attacked by same on arrival home, was more seriously injured than was first thought. He was taken to a Lubbock hospital Saturday with a broken jaw and other injuries.

Mr. and Mrs. James Davis and son of Rutledge, Tenn. arrived here Monday and purchased a 26-acre farm about four miles southwest of Muleshoe. They plan to improve the place and to establish a tourist camp.

B. M. Keese has been re-elected superintendent of the Baileyboro school.

FIVE YEARS AGO
(From files of May 27, 1937)

Announcement of the engagement and approaching marriage of Miss Adella Beavers to Claude Harrison, Jr. of Canyon, was made Thursday night of last week at a party given by Mr. and Mrs. Ray Griffiths.

Mr. and Mrs. Terrell Huff are the parents of a baby boy, born May 20.

R. B. Dennis and children left last week for Temple to visit his daughter, Mrs. Euell Porter, who recently underwent an operation in a sanitarium there.

Mr. and Mrs. Lester W. Gore, who live 10 miles southwest of Muleshoe, announce the birth of a son, May 23.

the elementary fundamentals of seamanship and naval procedure he will be assigned to active duty either with the United States fleet at sea, or at a naval shore station either here or abroad.

ROCKEY IN INDIANA

Pvt. Glenn Rockey of the U. S. Air Corps is now at Madison, Ind., where he was sent following his graduation from a mechanics school at LaGuardia Field, New York City. Glenn talked to his father, Neil Rockey, by long distance telephone Saturday night, advising him of the transfer and declaring that he was "rearin' to go" in the service of his country.

A BACKGROUND to meet TODAY'S PROBLEMS

The accumulated experiences of the Muleshoe State Bank covers a great many years. During this time we have seen Muleshoe trade territory pass thru many business cycles, each with its succession of complicated economic factors. Each of these phases in turn has created its own special problems. Let us discuss your financial problems with you. For upon your success our own success depends.

DEE WARNER
WILLIAM H. EUBANKS
- FOR COMR. PRECINCT 4:**
ARTHUR SHAFER

Rulings Given On Eligibility For New Cars

There has been some confusion as to who is eligible for new automobiles. The Journal has been asked to publish the official rulings on this phase of rationing. An eligible applicant may establish need for an automobile by meeting any of the following conditions:
That he must travel quickly and would be better able to do so by automobile than by other means of transportation;
That he must transport passengers or heavy or bulky tools or material;
That he must travel at least three miles in going to and coming from work;
That he would have to spend at least one and one-half hours in going to and coming from work without a car, and could save 45 minutes by using one.
That his work is arduous, or his hours unusually long, or that he must travel late at night;
That local transportation services are over-crowded;
That his physical condition would make it a hardship for him to walk or to use public transportation facilities;
That he clearly needs an automobile because of other unusual circumstances.
If the applicant fulfills one or more of the above conditions, he may qualify for a new car purchase certificate by showing that he does not already have an automobile adequate for his purposes. A board may decide that a car is inadequate if (a) it is a 1939 or earlier model; or (b) it has been driven more than 40,000 miles; or (c) it has been rendered unserviceable by fire, collision or otherwise; or (d) it is not reliable enough for the services it is to perform; or (e) demands upon the applicant for the specified services have increased to such an extent that he needs an additional automobile to render such services.

From where I sit
by Joe Marsh

Every Friday night a bunch of us fellows get together over at Bill Webster's place. We wouldn't miss those weekly get-togethers for anything.
There are seven in the group—Bill Webster, Judge Cunningham, Pete Swanson, Old Doc McGinnis the dentist, and young Doc Mitchell the M.D., the government man Bob Newcomb, and myself.
We don't play cards. We don't sing or carry on.
We just sit quietly and talk—and drink a glass or two of beer.
I guess we discuss just about everything under the sun—politics, business, family affairs, music, farming, hunting, fishing, and what not.
But mostly we like to chew the fat about life's experience and a man's philosophy in these times.
You mightn't settin' and talkin' much fun. But if when a man begins to the age of re- in on...
And it's worth a glass of good talk and sec- ity none men get together thing peace- human about it- uring down
They call it a fine moderation. Do idea is good py that's why I predict future fellowship and 20. However, sign of the coun- my, not only for duries, I've more of the full us. This is a time when we have a man in higher under: A had the
Anyhow it's a gether an. ytimes ough way we win- the the more oft—don't care to the to conserve ends for new
To sort of help out the conversation, we've found mellow beer particularly relaxing. Every one of us likes the tangy taste of beer... and now and then Judge Cunningham insists on ale for everybody.
