

# THE QUITAQUE POST

YOUR HOME-OWNED NEWSPAPER

VOLUME XI

QUITAQUE, BRISCOE COUNTY, TEXAS, THURSDAY, APRIL 16, 1936

No. 20

## Do You Know QUITAQUE?

How well do you know your own Home Town?

Quitauque? Its an interesting place, we discovered, looking over what might be termed as a private census, compiled and submitted to the Post by Mrs. W. P. Hall.

Did you know that there are one hundred places of business in the city, including churches, schools, and other establishments where people may ply their various trades? Or did you care? They're listed below, but don't look now. See how many you can name.

Under vital statistics, we suppose, Mrs. Hall has listed a few choice bits of miscellaneous information:

There are forty-one widows in the city, but only EIGHT widowers—Only four spinsters, and a grand total of THREE old Bachelors. It seems that there just aren't enough Old Bachelors (not counting Senator Lewis) and Widowers in the community to go around.

Forty-one Quitauque young people are away at school or at work—Count 'em, 41.

And now for the Bureau of Census—Quitauque has:

4 Churches	3 C'ubs
3 Missionary Societies	1 Lodge
2 Hotels	2 Tailor Shops
2 Barber Shops	2 Hardware Stores
2 Markets	1 Dentist
2 Rooming Houses	2 Lumber Yards
2 Drug Stores	2 Produce Stores
2 Beauty Shops	2 Relief Rooms
1 Wrecking Shop	1 Post Office
1 Second Hand Store	1 Shoe Shop
1 Bakery	1 Theatre
1 City Hall	1 Bank
1 Utilities Office	1 Publishing Plant
1 Variety Store	1 Undertaker
2 Store Houses	1 Gas Office
1 Domino Parlor	1 Ice Plant
1 Coal Yard	1 Depot
3 Dry Goods Stores	3 Laundries
1 Telephone Office	1 J. P. Office
3 G'ns	3 Tourist Camps
3 Wholesale Gas Cos.	3 Garages
4 Cafes	9 Filling Stations
10 Grocery Stores.	

## NEARLY \$800,000 LOANED IN COUNTY BY FEDERAL AGENCIES

SAN ANTONIO, April 15—During the period from May 1, 1933, through December 31, 1935, 270 Federal Land Bank and Land Commissioner loans, amounting to \$790,900, were closed in Briscoe County, according to an announcement made by H. P. Drought, State Director of the National Emergency Council for Texas. Of this number, 108 loans, amounting to \$469,100 were made by the Federal Land Bank, and 162 loans, amounting to \$321,800, were made by the Land Bank Commissioner.

The total amount of loans closed by the Federal Land Bank and Land Bank Commission in Texas during the above period was \$137,850,750, representing 46,380 individual loans.

## REVIVAL AT M. E. CHURCH IN PROGRESS

### Two Visiting Pastors Assisting In Services

Opening services of the annual Methodist Spring revival were conducted last evening (Wednesday) before a good crowd at the Methodist Church, with Rev. Frank Beauchamp, pastor of the Methodist Church of McAdoo, delivering the opening sermon in the absence of Rev. W. L. Tittle, Presiding Elder of the Plainview District, who will conduct the meeting.

Rev. Tittle was called to conduct a funeral service Wednesday afternoon, and was unable to fill the pulpit here for the opening services, but will be present for services today (Thursday), according to plans. Rev. Tittle will be assisted in the services by Rev. Beauchamp, who is to conduct the song services and assist in personal work during the twelve day revival.

The visiting pastor was welcomed and introduced Wednesday evening by Rev. Geo. L. Keever, pastor of the local church.

Revival services will continue for twelve days, closing with the evening services Sunday, April 26, Rev. Keever announced.

Rev. Tittle and Rev. Beauchamp today joined the local pastor in extending a sincere and cordial wel-

## Woman's Culture Club Entertained Jr. Club Last Thursday

Members of the Senior Woman's Culture Club were hostesses to the Junior Club Wednesday evening, April 8, in a six o'clock dinner, followed by an entertaining program, at the home of Mrs. E. C. Price.

The Easter motif was tastefully carried out in decorations and table arrangements.

Officers of the two clubs were seated together at the large center table, other members being placed at smaller tables arranged for four. Place cards were cleverly arranged in the form of chocolate bunnies.

Each table was decorated with an Easter basket as a centerpiece, baby chicks, and Easter eggs and flowers carrying out the holiday scheme.

A two-course dinner was served.

A salad plate, with salad in a lettuce cup surrounded by olives, potato chips and wafers, was followed by a dessert course of lemon pie with iced tea.

Following the dinner, the party was adjourned to the parlor of the Price home for an entertaining program, opened with a group song, "Texas, Our Texas." Reports on the recent District Federated Club convention, held at Lubbock last week, were presented by the Junior Delegate, Mrs. Jimmie Partin; the Senior President, Mrs. P. P. Rumph, acting delegate in the absence of the regular representative; and Mrs. J. W. Ewing, Senior Club representative at the pioneer dinner honoring pioneer women residents of the Panhandle since 1900.

Interesting reports on events at the convention were also made by Mrs. E. G. Rice and Mrs. E. C. Price.

A musical program was presented opened with a whistling solo by Miss Bess Baucom, followed by a vocal solo by Miss Wanda King, accompanied at the piano by Miss Yvonne Thomas. Piano selections by Mrs. Price, the last her own composition featuring Yankee Doodle and Dixie played in unison, ended the social hour.

The following guests were present: from the Senior Club, Mesdames P. P. Rumph, A. Vinyard, O. D. Lowry, E. W. Scheid, Noman Hamilton, Paul Hamilton, H. G. Gar-

## Where Houston Celebrates Winning of Texas Freedom

Houston will be host to thousands April 12-21 when the San Jacinto Centennial Celebrations hold forth for ten gala days. Visitors will witness colorful parades and pageants, and an entertainment highlight will be a public ball on Main Street in front of the site of the old capitol of the Republic of Texas. On San Jacinto Day 100,000 will participate in a pontifical field mass and other ceremonies to be broadcast nationally over both major networks. At the right is the gigantic shaft to be erected on the battlefield in honor of the heroes of Texas' struggle for liberty.

## Commissioner's Court Employs H. D. Agent

Acting upon petitions from local and Silverton Home Demonstration Clubs, the County Commissioner's Court Monday contracted for a full time County Home Demonstration Agent to start work here on July 1, Judge W. W. Martin announced.

The Demonstrator for the county will be appointed by the District H. D. head from the Texas A & M Extension Service rolls, Judge Martin stated. The County Commissioners Monday signed a contract for a term of six months, beginning in July.

H. D. Clubs were recently organized in both Quitauque and Silverton, the Silverton Floral Club pioneering in the movement. Organizations are being perfected in several rural communities at this time.

Mrs. J. F. Jago was named President of the Quitauque club.

## RURAL SCHOOL CENSUS SHOW LOSS FROM 1935

Consolidated Census rolls for the Rural School of Briscoe County this year show a loss of 39 students, as compared with the 1935 census, Judge W. W. Martin announced Wednesday.

A total of 569 students was tabulated in census reports in the ten rural schools now operating in the county, as compared with 608 total in 1935. The loss is not due to transfer of students to city schools, Judge Martin stated, as the census was taken before the transfer was effected.

Twenty-three teachers are employed in the ten rural schools in this county. Three rural schools have been discontinued recently.

## FLOYD COUNTY PAVING CONTRACT IS LET

FLOYDADA.—Contract in the amount of \$162,927 was awarded last week for the construction of 19 miles of paving on Highway No. 28 in Floyd County. Work will begin at an early date.

## AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

The new farm program is at a stand still just now pending the arrival of worksheets and application blanks. There is lots of discussion going on throughout the county as to "how the thing works." The first impression one gets from hearing the new set up explained is not so hot, but with a little thought and study one will see that the program offers an ideal set up for crop rotation and general soil building—and besides that it offers a pay day for doing those things.

Farmers have known for a long time that the farms should be terraced, that crop rotation should be practiced and that the land should be generally rebuilt, but so far very few farmers have made any attempt to do anything about it. It is believed that under the new set up at

## Second Coat of Caliche Now Being Placed On Streets

Opening of the pit at the top of the cap rock Tuesday marks the beginning of operations for laying the last course of caliche on the four blocks of city streets already prepared, Mayor J. W. Ewing stated Tuesday afternoon.

Two blocks on Main Street, and one north of Main on First Street, have already received the initial courses, while a fourth block, south on First Street from Main, is nearing completion.

Concrete curbing on all four blocks has been completed.

The work is going forward under the auspices of the Works Progress Administration, a part of a \$20,000 city paving project approved by the Administration. Seven blocks of the city streets are scheduled to receive hot-topping with caliche base before work is complete.

Laying of the final caliche course on the four blocks now being prepared is scheduled to start this week and will place the stretch in readiness for hot topping when WPA authorities permit it to begin.

## J. M. HONEA ENTERS SANITARIUM IN MISSOURI

J. M. Honea, well-known Briscoe County pioneer, left Tuesday morning for Savannah, Missouri, where he will enter a sanitarium for treatment. He was accompanied by his son, Sheriff N. R. (Jake) Honea, of Silverton. Sheriff Honea will return the latter part of this week.

## CORRECTION

In the advertisement of Persons & Sons, on page 2 of last week's Quitauque Post, appeared the following: "Used Chevrolet Truck, with regular and dump bed, \$50.00." The price is an error, and should have been \$150.00. The Post regrets this error and is glad to make this correction.

Spend your money in Quitauque.

## Fire Destroys Small House Friday Night

A sudden fire early Friday morning completely destroyed a two room frame residence, occupied at the time by Mr. and Mrs. Wilard Pointner and Mr. and Mrs. Red Craig, on Wilson Street between First and Second in the south part of town. The building was owned by C. E. Anderson.

Loss was estimated at five hundred dollars. No insurance was carried on the building, Anderson said.

The fire was discovered at 1:30 Friday morning, the frame structure being almost completely enveloped in flames before the alarm was sounded. The local fire department made a run to the scene, but directed their efforts to saving nearby structures as the flames, fanned by a high north wind, were beyond control.

Occupants of the house escaped without injury, but were unable to save any of their household furnishings. No other property was damaged.

Origin of the blaze was not determined.

## West Texas Chamber of Commerce Meets May 11-13, Amarillo

AMARILLO, April 14.—Elaborate preparations are being made for the West Texas Chamber of Commerce convention, to be held here May 11 to 13.

Amarillo's Chamber of Commerce already has appointed convention committee chairmen, among them being Gene Howe, known generally as "Old Tack" through his newspaper column. He heads the convention's program committee for the host city.

Jed Rix, convention manager, who has established offices here, has predicted a new attendance record will be set at the eighteenth annual meeting.

Advance hotel reservations for the convention are being received daily. Railroad passenger agents are busy preparing schedules for special trains to the convention.

Scores of bands will be brought by the delegations and one musical organization will be selected at the convention to play at Ft. Worth's opening of the Frontier Celebration early in June.

Rules for the "Home Town" speaking contest, another feature of the convention, already have been mailed to school superintendents, chamber of commerce secretaries and directors of the WTCC in each affiliated town.

Ray Nichols, Vernon publisher, who is president of WTCC and D. A. Barden of Stamford, WTCC general manager, conferred here last week with Amarilloans about preparations for the convention.

Governors of Texas, Oklahoma and New Mexico have been invited to attend.

There will be speakers of national prominence on each program during the three-day session.

Special entertainment will be provided for all convention visitors.

## QUITAQUE WINS FIFTH PLACE IN DISTRICT MEET

### Ray Morrison Break Record; Sachse and Lee Win Firsts

Heaving the twelve-pound shaft a new district record of fifty seven inches, Ray Morrison, F track and field star, was a standing performer in the District 4 Interscholastic Track Meet at Childress. Morrison eclipsed the old record of 48 feet, 1 1/2 inches, set by Matador in 1933, by two feet in his final attempt. He exceeded the old mark three consecutive heaves in competition far behind.

Elliott Lee repeated his last performance in the mile run, winning first place in the event a second time in District 4 as he the long circuit in five minutes, seconds.

The local track squad captured fifth place in the meet, six and one-half points behind the winning Estelline team, in one of the closest finishes in District 4 history. Estelline placed first with 22 point, Wellington 2nd with 19, Tell 3rd with 16 1/2, Childress 4th with 16, and Quitauque fifth with 15 1/2.

After capturing two first places, the local squad completed their total with points in four other events; Eddleman placing third in the 120 yard high hurdles, Hall 4th in the

## Quitauque College Students Spend Easter at Home

Twelve local students from six prominent Texas colleges were represented in the Easter homecoming group here last week-end. Texas Tech of Lubbock, WTSTC of Canyon, Amarillo Junior College, NTSTC of Denton, and two business colleges, in Lubbock and Wichita Falls, were represented.

Bernice Grundy and Mary Dorcas Hamilton from Texas Tech arrived Friday to spend the holidays with their parents, Mr. and Mrs. Ed Grundy and Mr. and Mrs. J. N. Hamilton. Miss Grundy was accompanied by Margaret Elliott Wise of Amarillo.

Rucker Hawkins and Amos Persons returned last week-end from Lubbock, where they have been attending business college. Miss Edna Hawkins, from the same school spent the week-end in Quitauque.

Misses Lucille Persons and Rosemary and Isabel Price arrived Friday from Denton, where they are attending NTSTC, spending the holidays here with their parents, Mrs. Amos Persons and Dr. and Mrs. E. C. Price.

Buddy Grundy, business college student from Wichita Falls, spent several days here during Easter with his parents, Mr. and Mrs. J. L. Grundy.

Paul Vinyard, student at Amarillo Junior College, returned Monday to that city after visiting his parents, Mr. and Mrs. A. Vinyard, here during the week-end.

Joe Weldon Bailey, Marcus Graham and Joe Ed Cupell from WTSTC at Canyon spent Easter here with their parents, Mr. and Mrs. H. J. Bailey, Mr. and Mrs. Joe Graham, and Mr. and Mrs. J. E. Cupell, returning to Canyon Tuesday.

## NOTICE

The offices of the Quitauque Post will be closed Friday and Saturday of this week, as the entire staff (both of us) will attend the Panhandle Press Association convention at Amarillo during the week-end. All business here should be transacted before five o'clock Thursday afternoon.

Folk Leader

Gertrude Knott, noted authority on folk lore, is supervising handling of the third annual national folk festival, which will open at the Texas Centennial Exposition in Dallas June 14. Special attention will be paid this year to the songs of the old Southwest. Miss Knott's staff plans to make the festival the largest on record.

Texas Almanac Is Interesting Book With 100,000 Facts

The book of 100,000 facts—the 1936 Texas Almanac—is just off the press. It is the largest volume in the history of this publication—a total of 512 pages, profusely illustrated. The 1936 book, although designed as the "Centennial Edition" and compiled in tribute to the grand celebration in Texas this year, misses only 21 years of reaching its own centennial year, having first been issued in 1857 by the Galveston News—the parent organization of The Dallas News, its present publishers. While much new material of historical nature is included in the new issue, none of the chapters that has made the Texas Almanac the standard reference book of Texas in the past has been omitted.

There are more than 100,000 facts about the history, natural resources, crops, livestock, industries, commerce, transportation, finance, government, politics, educational system, cultural institutions and other phases of Texas economic, political and social development.

The Texas Almanac, always in demand by business and professional men and women and students in the Lone Star State, will be more in demand this year than ever before. Texas history is more glamorous and richly appealing on the State's 100th birthday. Thousands of out-of-state visitors and newcomers will find this birthday edition particularly acceptable. No individual or organization is so thoroughly equipped to present in book form a compendium of Texas data. Facts and figures come from all parts of the State to find, in well edited form, their niche in this widely demanded handbook on Texas—its past, present and future.

(The Post acknowledges, with thanks, the complimentary copy of the Texas Almanac, and congratulates the publishers of the Dallas News upon achievement.)

CLASS HISTORY

One day in early September a number of boys and girls enrolled in the sophomore class of Quitaque High School. They were feeling rather elated as they were now sophomores and not freshmen. The names of the enrolled are as follows:

Harold Bogan, Jack Bickford, Charlie Burgess, Charity Cain, Howard Castleberry, Opal Cotton, Ione Craig, Elsie Stephens, Dorris Kimbell, Christeen Merrell, Nora Da'e Lew's, Jimmy Payne, Inetha Hawkins, Dorothy Dee Sachse, Edna Young, Margie Roberts, Koren Keever, Genevieve Smith, Clarence Grant, Wren Vinyard, Bob Young, Leroy Cupell, Polk Ha'l, R. E. Se'f, Bryant Eddleman, Edwin Dorsey, Wayne Whittington, Billy Hutcheson, Margerie Wakefield, Walter Taylor and J. D. McCutchin.

Mr. Trenton Dav's welcomed them as he was their sponsor and also math instructor. He has proven himself an asset to the class since then. Mr. Davis embarked upon the sea of matrimony during our Christmas holidays. May the sea always be smooth for this couple.

THE SENIOR MEDITATION (SOPHISTICATED)

It seems that the Seniors are nearing the last battle of the year in the complete examining of their qualities which will guide them on the rough road of college. This last bump, which is called the last six weeks test is merely a starter for the bumps of college or outside life, but it is indeed a rough finish for high school.

The boat carrying the Seniors has met 16 such bumps since September, but they are in hopes that the seventeenth will be that one which is the softest as well as the last. Six weeks tests are unfair to seniors in that they cover a period which is beyond ability of a person's memory who has been trying to remember good times for five weeks and four days of that six weeks. (Sophistica-

"There, There, Little Girl... We Will Have A Gas Range..."

Now that's decided this young couple can go right ahead and get married. You see, Patsy is a smart and thrifty modern and knows WHY she's holding out for one. A modern gas range is virtual guarantee of mealtime success—it's thoroughly insulated to keep the kitchen cool, and it's SO quick—you can prepare delicious, tasty meals in NO time. What's more, with the new low gas rate, it's VERY inexpensive.

SOPHOMORES IN THE SPOTLIGHT

It is true, that you seldom see a Sophomore in the spotlight, but when you do, the light is really bright.

It usually takes a student in high school about a year to get started and six months to finish. So you can readily see that the Sophomores are neither starting nor trying to finish. They are too busy at work to be bothered with either. Next year, the Sophomores will be Juniors. Life begins in High School during your Junior Year and believe me, the Sophomores will be heard.

More than 30,000 calves are branded yearly on the King ranch.

ATTRACTS FISHERMEN

Port Aransas, deep sea fishing center on the Gulf Coast near Corpus Christi, annually attracts thousands of fishermen from all parts of the nation. Many world renowned sport fishermen visit there each summer to fish for tarpon, silver kings of the Gulf, which are landed in large numbers each season. Port Aransas pits its Texas Tarpon Rodeo on June 21 as a Centennial year attraction.

come, both to members and friends of the local Methodist Church, and to all Christians and people of this and nearby communities, to attend the revival services.

Rev. Keever Sunday outlined plans for a successful revival, and expressed his appreciation for the cooperation and interest already shown in the meeting.

Special services for high and grade school students are planned for this week, definite announcement to be made later.

Services will be conducted each morning, beginning at 10 o'clock, with evening services scheduled for eight o'clock.

### Agricultural Briefs - - -

(Continued from Page 1)

the committeeman measures your fields if he finds that you are short on rented acres or long on planted acres he will report you out of compliance and there will be no payment. We cannot ask that wheat be plowed up if you are long on acres. You must take care of that before measuring time—and that time may be this week or early next week. You get ready so you'll be ready when the committeeman does come along.

#### Hog News

Our final compliance papers on our Hog contracts have been mailed in this week. They have been ready since Dec., but the State Checker didn't get around to check us 'til this week. We may get paid off on that 2nd hog check in time to celebrate the 4th of July.

#### Wind Erosion

The wind erosion program in Briscoe County is fast drawing to a close. The first \$3000.00 have been used up and the second and last \$3000.00 have been ordered released—maybe I should have said "requested" to be released. When that happens we expect to wind up in a hurry.

### DR. E. C. PRICE ATTENDS MEDICAL CONVENTION

Dr. E. C. Price attended the closing session of the annual Spring Panhandle District Medical Society at Amarillo Wednesday. Over 150 doctors from over the Panhandle were present for the convention. Dr. Price was accompanied by Mrs. Price.

Last year the world sugar consumption reach the new high of 27,188,000 tons.

There are 114,000 blind persons in the United States today.

### Even Texas Dogs Go High-Hat

Down Dallas was even the pupper into the spirit of the coming Texas Centennial Exposition, which opens there June 6. Here is Bozette, seven-weeks-old, pedigreed Boston Terrier, getting into the spirit of things by using a 10-gallon hat for a kennel.

### Precinct 3 Votes Tie On Candidates of County Board

County officials were puzzled this week as a very quiet election for a position in the County Board of Trustees turned into a legal nightmare.

Voters of Precinct 3 last week went to the polls 112 strong to name their representative on the County school board. Two names appeared on the ticket—H. Roy Brown (for re-election) and J. M. Bradley. When the smoke of the battle cleared, three puzzled election officials discovered that each candidate had piled up a total of 56 votes—absolutely equal division of the precinct voting strength.

A re-count failed to establish a winning margin, so the headache is now in the hands of County Judge Martin, who is undecided whether to call another election, with possibly the same results; decide the issue on the flip of a coin; or let the candidates shoot marbles for the victory.

Two precinct elections were held last week to name members for two year terms on the County Board. Ed McMurtry being re-elected in District 4.

The personnel of the county board now includes C. R. Badgett, Precinct 2; F. M. Autry, Pct. 1; Ed McMurtry, Pct. 4; A. L. Patterson, Trustee-at-Large; and the disputed representative from Precinct 3.

### Amarillo Race Meet To Open On May 8th

AMARILLO, April 15.—The dull thud of horses' flying feet will sound on a brand new track next month when the spring race meeting of the Tri-State Fair Association will bring once more thoroughbred horse racing to the Panhandle. The dates are May 8-16.

A gradual increase in interest among stable owners and trainers has made the Tri-State track one of the country's leading minor plants. To meet the demand for more stables and better equipment, officials this spring have started a re-modeling program at the historic plant.

Although 50 new stalls have been added to the plant, the demand for stable space has been so great that Ted Taylor, Fair Manager, predicts an overflow of horses. During the spring meeting the overflow will be taken care of in the Fair's stock barns.

Officials who were in charge of the races last fall when a new record for minor tracks in Texas was set will be in charge this spring. The feature of the meeting will be a distance race for three-year-olds. It will carry a purse of \$500 and will be called the Chamber of Commerce Handicap.

Rust, the kind that eats iron and steel and other metals, causes an annual loss in the United States of over \$1,000,000,000.

Tell the average man your troubles and he'll tell you his in return. Then you'll have twice as many on your mind.

### Mrs. W. P. Hawkins Honored at Shower Thursday Evening

Mrs. W. P. Hawkins, who, before her marriage recently, was Mrs. Ava Ware, was honored Thursday evening at a surprise wedding shower at the A. L. Patterson home. Mrs. Patterson and her daughter, Ila Steele, were hostesses to a large group of friends of the bride at the affair.

Twenty-four guests were present, and many lovely gifts were presented to the honoree. Many friends of the bride, unable to attend the showers, sent gifts and messages of congratulation.

The Patterson home was beautifully decorated in bright colors of the Easter motif. A lovely bridal cake, topped by a miniature bride and groom, formed the centerpiece of a festive table, surrounded by Easter rabbits and vari-colored eggs.

Refreshments of punch and cake were served to the following guests: Mesdames G. L. Keever, Paul Hamilton, E. C. Price, N. V. Hamilton, A. V. Tipps, J. W. Ewing, W. P. Hall, Jim Tunnel, O. D. Lowry, J. F. Jago, C. H. Gregg, N. B. Herrington, Guy Hawkins, H. G. Gardiner, E. W. Scheid, C. M. Walden, A. F. VanMeter, J. C. Rhoderick, and R. B. Persons; Meses Minnie Mae Roberson, Ruth Warden and Billie Rae Hutcheson, and the honoree, Mrs. Hawkins, and hostesses, Mrs. A. L. and Miss Ila Steele Patterson.

### Quitaque's Weather Control Man Has Tough Job !!

Quitaque's Weather Control Man, P. O. Woods, has troubles of his own, and is looking to Washington for assistance. P. O., with the assistance of Congressman Marvin Jones, plans to draft a Weather Control bill for Briscoe County. (Pat. pend.)

In an exclusive interview with your humble reporter Tuesday, the Hon. Mr. Woods let down the remnants of his hair and told his troubles:

Since he's been in control of the weather here, P. O. says, he hasn't been able to please anybody. P. O. has arranged the wind in strips, it seems, but the strip is 30 miles wide, and he can't turn it on without blowing out the whole county. The problem is to get it into narrow strips so the WCM (Weather Control Man) can direct it individually to suit his constituents.

When we humbly suggested that he turn it off altogether, our good friend almost wept. It seems the trouble is this—

O. W. Stroup, being a Baptist, P. O. says, likes lots of wind and water; and it takes plenty of wind to pump his windmill; while the Methodists' round and about don't object to a sprinkle of water occasionally but don't like the wind at all. The trouble is, P. O. mourns, that he can't turn on that 30-mile strip of wind to please everybody.

Being Briscoe County's official Weather Control Man has its drawbacks, one gathers. As soon as the boys at Washington get on the job, though, confidently predicts the WCM, we'll get that wind stripped up so we can point it in any direction. (The wind-bags in the coming political campaign might be of some assistance, the W. C. mogul sighs, but they can't be turned off to suit anybody.)

Anyone having any helpful suggestions will please address them to P. O. Woods, WCM, in care of the Quitaque Post.

There is considerably less than \$6,000,000,000 in circulation.

The driest spot on earth is the Atacama Desert in Chili.

### BAPTIST GIRLS ENJOY EASTER EGG HUNT

The class of young Intermediate girls of the Baptist Sunday school entertained the girls of the Junior class with an Easter party and egg hunt last Thursday at the home of Mrs. H. J. Inman.

When the girls had assembled they were led out to a plot of green grass where they hunted Easter eggs. The hunt was a very lively one as so many eggs were scattered to be found. When the hunt had ended the girls returned to the house for a period of games.

Mrs. Noman Hamilton and Ophelia Hatton directed several interesting games after which refreshments of sandwiches, cakes and lemonade were served to the following guests:

Mrs. Noman Hamilton, Betty Jo Bogan, Wiladeen Owens, Billy Joyce Wise, Ethel Wise, Sybil Barrett, Juanita Barrett, Johnnie Eddleman, Isabel Holoman, Wilma Lee Stevens, Reba Gowin, Maxine Gimore, Genevieve Stone, Ophelia Hatton, Norma J. Tracy, Clara Belle Cupell, Nadine Morris, Billie Tibbetts, Nadine Smith, Betty June Owens, Evelyn Wakefield, Esther Graham and Hubert Burrus Inman.
