QUITAQUE, BRISCOE COUNTY, TEXAS, THURSDAY NOVEMBER 10, 1938

Number 50

Digest of the Hunting Laws for 1938 Season

Mid-November ushers in the big hunting season in Texas. First on the list is the migratory waterfowl season, opening Nov. 15. Tens of thousands of ducks and geese now flapping their wings on their southward migrations are evidence enough that the men who manage blinds will enjoy 45 days of extended waterfowl shooting this year. The lengthened season this year as well as the partial lifting of restrictions protecting certain species, is the result of an increase in the duck and geese populations resulting from a program of rehabilitating waterfowl breeding grounds, located mainly in Canada.

Under new federal migratory waterfowl regulations Texas duck hunting will have a 45-day open season year compared to a 30-day open season in 1937; and in addition may set a limited number of species hitherto protected.

The open season on ducks and geese, Wilson's snipe or jacksnipe, coot, is from Nov. 15 to Dec. 29. Not only has the open season on ducks and geese been lengthened but possession limits have been doubled.

The bag limit on ducks, except the mallard duck, is 10 in the aggregate of all kinds, the same as last season but the possession limit has been doubled to 20 in the aggregate.

This season hunters may take canvasbacks, redheads, buffleheads or ruddy ducks in their daily bag, or an aggregate of three birds of the different species. The possession limit for these ducks is six of any single species, or six in the aggregate.

The daily bag limit on geese and brant is five in the aggregate of all kinds, and the possession limit has been increased to 10 in the aggregate.

As was the case last year, waterfowl and coot may be hunted in season from 7 a. m. to 4 p. m.

Not more than two days' bag limit of lawfully taken and lawfully possessed ducks and geese may be transported in one calendar week. Transportation last season was limited to one day's bag.

Chief restrictions in this year's federal regulations that have been continued from last year are:

Baiting of waterfowl and the use of live duck and geese decoys in hunting waterfowl are not authorized regardless of the distance between the bait or the decoys and the shooter.

The three-shell limit on repeating or automatic shotguns, in effect the last three seasons, is continued. Hunters may shoot waterfowl with shotguns only, not larger than No. 10 gauge. Ross, geese, wood ducks, and swans are still protected.

On Nov. 16, one day after the opening of the season is ducks and geese comes the grand opening of the state's deer and wild turkey seasons, which run concurrently through December 31.

Many countries have special laws governing deer hunting. Sportsmen are advised to consult their game warden, or a digest of the hunting laws before taking off for the field.

Wild turkeys, also found in most abundance in the hill country, are reported more plentiful than at any time since 1931. The bag limit on wild turkeys is three gobblers a season. Many counties have special laws on wild turkey shooting.

When the new is beginning to wear off of the waterfowl, deer, turkey and bear seasons, sportsmen will be stirred to further activity by the opening of the quail and chachalaca season on December 1. The season continues through Jan. 16, 1939.

Quail and chachalaca may be shot with rifles if sportsmen desire. If shotguns are used, they must not be larger than No. 10 gauge, and must be permanently plugged to a three-shell capacity. The bag limit on quail is 12 a day and not more than 36 a week. The possession limit is 36. The bag limit on chachalacas is five a day and not more than 10 a week. The possession limit is 10.

The dove season in this area closed October 31.

Dr Price went to Plainview Tuesday night to attend the monthly medical meeting, being accompanied by Mrs Price and her sister, Mrs Wess Woodward and small son. Dr Price had an emergency call while there and had to return home.

King Infant Drowns In Tank at Home

William Eugene King, 14 months old son and only child of Mrs Oscar King, living between Gasoline and Flomot, was drowned last Wednesday afternoon in a concrete tank in the yard of the family home.

The child was playing in the yard while Mrs King was doing some quilting in the house and the little fellow had not been out of her sight but a few minutes when she laid her quilting aside to look for him, finding the lifeless little body floating in the water tank.

An inquest was held by Justice Messimer of Quitaque whose verdict was that the child had fallen into the tank while playing.

Funeral services were conducted at the home at 11 o'clock Thursday morning by Rev. Eldridge, pastor of the Flomot Baptist church. Burial was in Flomot cemetery under direction of Hardcastle Funeral Home.

First Snow Warns Winter Is Near

Quitaque area had its first snow of the season Sunday night, people waking Monday to find the ground covered with a blanket of white. The fall was perhaps an inch deep.

The weather had been ideal up to Saturday afternoon when the wind whipped to the north and the temperature began skidding toward the basement, reaching a low of about 30 degrees. During Sunday occasional stray snowflakes were visible, so it was not a great surprise to find the white carpet Monday morning.

Monday broke clear but cold and the snow that was exposed to the sun's rays didn't linger long; however in shaded spots with temperature to match, the snow held its own and remained on the ground a couple of days.

SPUR—FLOMOT BATTLE RESULTS IN A TIE

Spur—The Spur Bulldogs and Flomot Longhorns battled to a 26-26 football tie here Friday afternoon in a District 4-B conference game.

Spur held a distinct statistical edge with 21 first downs against nine and six penetrations to the Longhorns' three, but there was no agreement before this game as to penetrations or first downs, and the game went into the official records as a tie.

C Hurst scored the first two Spur touchdowns, counting in the first and second periods. Wilhoit scored the third in the second and added the final marker in the fourth.

Amonette did all the scoring for the Longhorns, his 80-yard kickoff return in the second period kicking his way.

Haralson kicked the extra points for Spur and Gilbert and Brown kicked them up for Flomot.

SPECIAL SONG SERVICE AT METH. CHURCH SUNDAY EVE

Next Sunday is the last regular service before the meeting of the annual conference at Memphis Wednesday, Nov. 16. Let us make the church school hour one of real work and interest. It is the purpose of the pastor to bring a message on the Constraining Motive of Life. You are invited.

At the evening hour there is to be a great song program. The pastor will make a brief report or summary of the report which he will make to the conference. Let's make this a real praise service. We will be looking for you.

Geo. L. Keever, Pastor

DRIVE NEW PLYMOUTH HOME

Mr and Mrs Venus Gillespie returned Sunday night from Detroit driving a new Plymouth coupe. They came home by way of Kentucky, bringing his mother, Mrs Mae Gillespie with them. They left her in Wellington to visit her daughter for about two weeks after which she will come here to be with her sons.

Myrtice was so delighted with the trees in their autumn foliage that she doesn't mention the other "sights" she enjoyed on the trip but brought home with her a few colorful branches to show the folks here whose only familiarity with trees is through shelter belt plantings.

O C Love and Johnny Saunders who are in a CCC camp at Perryton, spent Sunday here with home folks.

1938 RED CROSS POSTER

The appealing figure of the Red Cross woman presents a plea for your annual membership in the Red Cross during the week beginning Armistice Day and ending Thanksgiving Day.

PROCLAMATION

Each year Americans in every community are called upon to take part in a great nationwide movement to relieve human suffering and raise health standards in this country. I refer to the work done by the Briscoe County chapter of the American Red Cross and thousands of other chapters throughout the country.

It is not necessary, I know, for me to remind citizens of our community that the work of the Red Cross is a vital, both from the standpoint of welfare contribution to our community the year-round local program and work on a national basis such as the relief for victims of disasters, the fight against epidemics, public health nursing for isolated communities, or assistance to service men or disabled veterans, Red Cross aid to those needing help has proved its worth.

For years past our community has had a share in this work through contributions made by local citizens. The annual membership Roll Call of the Red Cross, through which such work is supported, is from Armistice Day through Thanksgiving Day. Your support during this period will insure a continuation of Red Cross work here and in other parts of the country. The Red Cross asks so little, yet does so much, that we cannot afford to deny such an appeal.

I am pleased, therefore, as Mayor of Quitaque, to designate this period as a time when all members will be asked to renew their memberships, and those who have not enrolled before are asked to add their names to the ranks of Red Cross members in the community.

J. W. EWING
Mayor of Quitaque

AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

A good many farmers have been wishing for that freeze to come along to hasten the opening of those late cotton bolls. If Sunday nites' whizzer wasn't enough to satisfy everyone along that line maybe they had better go to Alaska. The little snow that came along with that hard freeze will serve to keep this struggling wheat alive for a few more days.

From the present prospects we should make about 40 bushels of wheat per acre next year. When our prospects are A-plus we usually turn out about 6 or 7 bushels, but when they are zero we double that amount. Now that our prospects are zero minus, there's no telling how much wheat we might make.

Lubbock Meeting

On Nov. 1 and 2 all county committees and county agents together with Administrative Assistants from District 2 (19 counties) met at Lubbock to discuss the 1938 program and to take a peep at the 1939 program.

After a comparison of the two programs it was found that there were no material changes coming up on the 1939 program. As was the case in '38 there will be special allotments for cotton, and wheat is also in for a special allotment for 1939.

Our 1939 cotton allotment is practically the same as for 1938. Provisions are made for the new farmer who has never planted any cotton. The plantings of cotton on new land is permitted but by no means encouraged. Men who plant cotton for the first time in 1939 will draw their allotment from a small county reserve.

In 1939 there will be two payments made with respect to wheat and cot-

ton. There will be a conservation, payment and a parity payment to every farmer who stays within his acreage allotments.

Turkey Market

The Thanksgiving market has opened up at 13c today for No 1's. We can't see all the hand writing on the wall, but our hurried observation makes us ponder if the produce handlers haven't decided to "take" another turkey crop rather than buy it. We of course realize that our local boys are paying every penny they can afford to, but we still wonder if further down-or-up—the line there isn't a little side figuring going on. Our hurried observation shows that there is about 4 percent more turkeys on the farms this year than last—but in that same page we notice that there is a 50 percent reduction in frozen turkeys and frozen poultry. Now the thing that we failed to see in this observation was—why the cut in prices.—Lamb, hogs and cattle are still well up in prices.

Of course we're not anxious to pool our turkeys—nor or we hot to carry them over 'til the Christmas market, but we have been known to ro such a thing in Briscoe county, and have made money at it. We could do it again too.

Community Meetings

A series of educational meetings has been scheduled for the various communities in Briscoe county. At these meetings an attempt will be made to show the background of events that brought us into the present farm program. This background will

Lucile Johnson and W. F. Brittain, Jr. Wed

W F Brittain, Jr., and Miss Lucile Johnson of Turkey were married Saturday night at the Methodist parsonage at Silverton, Rev Peacock, resident pastor, reading the ceremony.

The couple was accompanied by Mr and Mrs Horace Leggett of Turkey. Mrs Brittain is the charming daughter of Mr and Mrs Jess A Johnson of Turkey. She finished her high school work in the Turkey schools, later attending Draughon's Business college at Fort Worth.

W F, Jr., is the son of Mr and Mrs W F Brittain of Quitaque, completing his high school work here in 1931, and continuing his studies at Canyon and Sul Ross. He has been following the baker's trade for about 3 years and at present is employed at the Turkey Bakery.

The couple have an apartment at the Lacey Hotel, Turkey, and have started housekeeping. The Post wishes to join their many friends in wishing for them a long life of health, happiness and prosperity.

Armistice Day To Be Observed Quietly

Quitaque will observe Armistice Day. The schools will dismiss this afternoon (Thursday) until Monday and the mercantile establishments will be closed. Some of the stores will open for a short while Friday morning, especially the grocery stores, but most business houses will remain closed for the day.

The Queen Theatre will have its regular show Friday night and has an excellent picture for the occasion, Robert Taylor and Maureen O'Sullivan in "The Crowd Roars."

Many of the local folks will go to Flomot in the afternoon to witness the football game between Flomot and Lockney, which promises plenty of entertainment.

Juniors Will Convince You 'People are Funny'

The people of Quitaque and its environs will be afforded an opportunity to see an extraordinarily humorous play, Friday, November 18 at the school auditorium. "People Are Funny" is a farce-comedy which will be presented by the junior class to help defray the expenses for the annual Junior-Senior banquet.

The presentation of "People Are Funny" will prove to Quitaque that we have a local Andy Hardy right here in our midst. Have a lot of fun with us. Come out and see our lovely lady Andy Hardy. Watch Jane Scott get a much deserved paddling and believe it or not see Lorene Rhoderick blush.

Come to help us feed the seniors! (We promise the building will be heated.)

NEW TRAFFIC REGULATIONS ARE WORKING SMOOTHLY

Quitaque's new parking regulations went into effect Saturday and seemed to be "just what the people wanted" as there were very few infractions of the rules.

A very large crowd was in town, town and with the new parking regulations in effect and folks giving their cooperation the usual street jams were particularly noticeable by their absence. Traffic moved smoothly and with ease, a great improvement over the many past months.

The new regulations were not made for the safety and welfare of the public, the safety and welfare of the public. Let's keep on respecting the rules.

Miss Gwen Olyn Hamilton

A fine girl, weight six pounds and nine ounces, arrived Sunday evening at 7:45 at the Denton Clinic to swell the ranks of the Hamilton clan. Her father, Paul Hamilton, stated that he had gone to Denton to get a boy, but why he would expect to get a boy in a town that boasts a hundred girls to every boy is beyond us. Judging from his communication he is highly pleased, and they have named the baby Gwendolyn, which has a happy sound. Mrs Hamilton and the baby are doing fine.

J C Rhoderick and family drove to Amarillo Sunday evening to take his mother who had been here visiting to her home. They returned home Monday.

'Little Dogies' Shipped To Northern Markets

Git along little dogies! The time of year has come when the little dogies must say good-bye to their mamas and journey to some far away home. But it's their misfortune and none of our own. In fact it's quite good fortune to the man who sells them. Practically all of the 1938 calf crop in this section has been sold, most of it going as feeders to northern states. A few herds remain unsorted as yet, but early sales are expected. Near 2000 head of calves have gone from this particular area to feeder lots in the north, principally to the corn belt states, where an increase in cattle on feed is predicted for this season.

Many northern buyers make yearly trips to this section of the country, in lieu of purchasing feeder calves. Roy Haigler, of Washington Court House, Ohio, has bought the Matador Ranch calves for thirteen consecutive years. This year he also bought the O W Stroup calves, which consisted of about 150 head of heifers and steers.

J W Taylor sold 330 steers and heifers to F H Arnold, of Emporia, Kan.

J B Russell sold about 150 head to Kansas buyers.

J C and W E Bursleson, Whiteflat, sold 400 head of steers and heifers.

A. L. McMurtry, Silverton sold 240 mixed calves to Barrick and Norris, Amarillo.

J H Burson, Silverton sold 218 head to a Denver, Colo., buyer.

Other local ranchers who have made recent sales are Bert Hawkins, Mrs Nora Bolton, P C Hamilton and J H Vaughn.

Some amusing, though possibly serious incidents transpired during the recent round-ups. O W Stroup having a steer which had defied all attempts to corral him, decided to use some of his calf roping skill and bring the animal in. The result was that the steer escaped with the rope around its neck and was not found for several days. In the meantime Mr Stroup had all the neighbors looking for the fugitive steer. Various ones who joined in the hunt tracked the animal with the dragging rope over several sections, and even to the top of the plains. It was finally found by Ray Persons, and the calf was loaded in a trailer and brought home. These old cowboys ain't what they used to be, eh?

Jim Taylor raised such fine sturdy calves that it took all the king's horses and all the king's men to herd them. When turned out of the corral on the plains the calves ran all the way to J B Russell's where they "went over the scales." The cowpunchers had to prove themselves real cowboys. When the day's work was done every man and horse was exhausted.

Most of the calves in this area sold at remarkably good prices, bringing as much as 7c and 8c per pound. Local producers have come out of the "dumps" somewhat.

After a winter of heavy feeding, these yearlings will top the northern markets and will inevitably reach the slaughtering pens. Afterwards they'll be found grazing the tables in the form of juicy steaks, for which the northern people pay sixty cents per pound.

There's one lamentable fact about the beef situation here in the south. We just don't keep enough of it at home. We raise our fine calves, ship them to the north, and keep the scrubs at home to eat. Too often the beef we get at the home market is the kind that is chucked under the side of one's plate after despairing of the effort to masticate it. There ought to be "a law agin' it." Of course no one blames the producers for selling to northern buyers when that is the best market, but can't the South use some of its own first class beef?

How about the organization of a Beef Consumers Protective Association (BCPA) to be in style to insure us against inedible beef.

ELECTION VERY QUIET

Tuesday's election went off very quietly in Quitaque, 89 votes being polled. The voting strength of the local box is about 450 thus showing the interest manifested. From a monetary standpoint it cost better than two-bits per vote to hold the election in Quitaque.

Cotton Receipts

Cotton receipts in Quitaque up to Wednesday night were 3572 bales.

LOCAL BRIEFS

Mrs W W Cain returned last Thursday with her little daughter, Evelyn, from Dallas where Evelyn underwent treatment at the Scottish Rite Hospital. The little girl is greatly improved and was dismissed until next spring.

Get the Fad and Eat With Dad at Dad's Cafe—Short orders, sandwiches of all kinds, Hamburgers

FOR SALE—Sow with five pigs. H. A. Berry.

Mrs Shorty Woods was shopping in Amarillo Monday.

Miss Minnie Mae Roberson was in Childress Tuesday.

FOR SALE or trade for maize heads—good young ewes. D O Bomar, Bomar Drug Store, Silverton. 49-4c

Amos Persons and Lockett Payne attended the football games at Spur and Paducah last Friday afternoon and night.

Elliott Lee and Bungy Rhoderick drove down to Paducah for the football game Friday night.

Do your Christmas shopping early—use our lay-away plan, Finley Variety Store.

Mrs Loving is very ill at the home of her daughter, Mrs Rawley Anderson, near Flomot.

Mayor and Mrs Ewing and Charline Gregg visited his brother at Estelline Sunday.

If you don't see what you want, ask for it—we might have it. Finley Variety Store.

WILL TRADE sheep for maize heads. Call or write D O Bomar at Bomar Drug Store, Silverton, 47-4c

Clinton Keeter, son of Mr and Mrs Claud Keeter, a private in the army and stationed at San Francisco, who

has been home on furlough left the first of the week to report for duty Thursday.

Mrs J W Ewing was in Plainview Tuesday having glasses fitted.

I have a stray sheep in my lot. If it's yours, pay for this ad and come get it. R E Dorsey, Gasoline.

Mrs F A King of Fort Worth visited her father, C R Badgett for a few days, while Mr King was on a business trip to El Paso.

Mr and Mrs Lee Gregg and children and Mr and Mrs Homer Gregg and Shirley spent Sunday with Arthur Gregg and family at Silverton.

Mr and Mrs Huck Berry and children visited relatives in Memphis Sunday. They were accompanied by Mrs Edna Cox.

Sell farming equipment for cash at rent (crop rent) 3 years, 505 acres land, 400 in cultivation, large house. Irvin F. Allen, Silverton, Texas.

We have a large stock of Christmas goods and more arriving daily—dolls, tricycles, wagons, etc. Finley Variety Store.

Tim Moore was in Childress Friday night to see the football game between Childress and Olney which the latter won 20 to 13.

HAVE YOU SEEN the new RCA Farm Radio that operates 1000 hours on \$4.95 and complete only costs \$29.95 on easy terms? Pioneer Drug Store.

Student assistants in Sul Ross college and the Alpine schools recently were named by Dr G P Smith, director of student teaching. On the list is Marcellus Graham of Quitaque, whose assignment is history and study hall in the high school.

A. L. Patterson, accompanied by Barney Bogan, Bill King, Floyd Anderson, Charles Truett Berry and Ralph Craig, attended the football game at Spur Friday afternoon between Flomot and Spur. They returned by Paducah for the night game between Quitaque and Paducah.

USED RADIOS for sale or trade—1 Atwater Kent Cabinet type, good order—Special \$10.00; 1 Dandy good RCA, \$25.00; 1 Extra good RCA, \$25.00; 1 Maytag Washer (110 volt) \$30.00. Pioneer Drug Store.

L T Gilcrease, who has been in the Plainview sanitarium a couple of weeks, was brought to his home south of town Sunday. Mr Gilcrease had an arm broken last March and has since experienced difficulty in getting it properly set. On this trip to the sanitarium the arm was reset again, which is the fourth time, and his friends hope this time a perfect job was done.

A pleasant visitor to the Post office Wednesday morning was Mrs Lillie B McClure, womans advisor of the Federal Security Administration. Mrs McClure covers several counties in this area, advising and directing her clients in the advancement of their diversification efforts and is well informed as to conditions generally, which she states are neither better nor worse than last year.

ON FINE ARTS PROGRAM Mrs F C Stanley of Lubbock, formerly of Plainview, and Miss Mary Andeline Russell of Plainview, appeared on the fine arts program at Amarillo last Thursday night at the opening meeting of the Seventh District Texas Federation of Music Clubs. Mrs Stanley gave a vocal number with Miss Russell accompanying. Mrs Stanley is a sister of Mrs Roy Burgess of Quitaque.

FFA BOYS ELECT SWEETHEART The FFA boys are going to elect them a sweetheart who will be their official representative in a district meeting in December to elect a district sweetheart and we hope to elect our representative as district sweetheart. The boys voted to give our sweetheart an FFA sweater with the official emblem on the front of it. The following girls are running as representatives from their classes: Jeane Hamilton, freshman; Wilmoth Case, sophomore; Ima Jo Overstreet, junior; and Dorothy Payne, senior.

FA sweetheart is the stuff. King says the sweetheart ent the FFA boys at the et at Childress. . . can't good in working hard to art? . . . Wonder why Lor-rick, Marie Hall and Wil-are so interested in the ball team? . . . Oles Case urkey about half the time. there's a cute little girl named Mary Jo. . . Be the next event. . . junior

books this week. We are going to present a real play. The name of it is "High Pressure Homes." We are planning on putting the play on about the second of December.

What has made our class famous in high school—

The handsome countenance of Bob Grundy; the winning ways of Allene Broxton; the ability of Johnnie Gowins to placate the teachers; quiet manners of Nora Dale Lewis and Juanita Case; ability of J C and Jane to get credits without working; our inclination to study rather than have good times; the stand-in that Starkey and Richard and Starkey have with lower class girls.

Congratulations to Dorothy Payne, FFA sweetheart-elect, and to Ima Jo Overstreet and Jean Hamilton. Looks as though the FFA boys took no chances.

Mrs Scoggins: Robert Burns wrote "To a Field Mouse."

Juanita Mayhall: Did he get any answers?

Hear! Juanita Case talking something about a set of silver ware. (That's all right Juanita, you ran a good race.)

Mr Scheid's radio a block away playing old cowboy songs. That's all right, Mr Scheid, we all get homesick at times.

The pep squad girls talking about the disappointment they had in going to Paducah.

JUNIOR NEWS

Our junior queen is Ima Jo Overstreet. She is extremely pretty and we would certainly like to make her FFA sweetheart. (She already is that—but not officially). Votes are a penny a piece—Vote for her.

The juniors are planning a mighty scrumptious performance for their hilarious Jr. play. You can't afford to miss it because just look who's in the cast of characters:

Jessie Budd, a defeated mother is none other than Genelle Auburg. Helene Budd: pretty daughter, quiet, well bred and attractive in every manner—perfectly fitted to Emily Margaret Gardiner.

Betty Budd, a wise child, flip but lovable—we know the first and hope the last—Jane Scott.

Winnie Wehle, bashful to an annoying extent—can you imagine Lorene Rhoderick blushing? Well why try to imagine it—come see her.

Florence Fairchild, goodlooking, dark and well attired—who does this fit? Why Ima Jo, ofcourse.

Gladys Bliss is an attractive blond—Maurine Boswell is more than attractive don'tcha think?

Olga Oginspanski, exotic type and is a foreigner—Nadint Morris makes you think she is a French countess—you'd better come see her—it may be the nearest you'll ever come to seeing a titled person.

Prudence Paine—typical country relative. This is colorfully enacted by Mildred Coker.

Pamela Paine—and she really is a pain. Come watch Marie Hall make love to her cousin Kenny and get Bet-Panther SCream Gal 2

ty in dutch. Pamela is the daughter of Prudence.

Kenny Budd—if ever a part fitted

a person—this fits Edwin Drake. Arthur Fairchild, handsome and intriguing—this is W E Helms.

John Budd, an easy-going head of a typical American family. Harrassed from all sides, retains a sense of humor. Walter Patrick will make you laugh 'till you cry—if you see this play.

Jack Whitman, a goodlooking, juvenile—Lucky Joe King, he is partners with Emily Margaret.

Elmer Wehle—About fifty, bald and wizened—if you want to know what Marion Wilson will look like many years hence—just come see.

Gossip Column

What two certain Jr girls hope two certain Flomot brothers attend the junior play? (Or is it Turkey brothers?)

Bill King had better quit visiting school during the noon hour—or he's gonna get his name in the paper—n he wouldn't like that!

That's a mighty pretty watch Reba is sporting. Birthdays ar nice, aren't they Reba? Especially, when you have a boy friend like Walter.

Ima Jo thinks they are nice—if you have a boy friend like James (at Weatherford.) She says she is now fully grown up—she celebrated her fifteenth birthday Saturday with a trip to Amarillo.

SOPHOMORE CHATTER

We are very proud to have the students who have been missing school to catch the cotton, back with us again.

Did you know. . . that there has not been a sophomore "red head," enrolled this year?

Why. . . is Euton Stephenson a great hit with the Merrell brothers? That's simple, if you know Euton.

Latest song hit: "Those History Pop-Test's Blues."

A Poem

Bob and Will are brothers
 Bob loves a girl
 Will loves a girl,
 And it seems they love each other.

Guess Who

1. A girl who has beautiful black hair?

2. A boy who resembles a movie star we call Tyrone Power?

A girl who has very becoming sea-blue eyes.

A boy who has been very popular with several girls lately.

A girl with a very pleasing voice.

(Answers: 1. Aylien Woodruff, 2. R J Dorsey, 3. Naoma Matthews, 4. Curtis Latham, 5. Genevieve Merrell.

These Sophomores

Vanoi Cain: Mrs Scheid, did Edison make the first talking machine?

Mrs Scheid: No Vanoi, God made the first talking machine, but Edison made the first one that could be shut off.

FRESHMAN NEWS

We are glad to report Alger Farley up and around again. We have a few more in school now that it is too cold to pick cotton.

The pep squad girls were what you might call "hot" in their yells Friday night but they were pretty cold themselves.

The freshman "sweetheart" is Jeanne Hamilton. We hope she will get first place in the run off.

For Me To Know—And You to Find Out (Answers next week)

She is about 5 feet, 3 inches tall and is the prettiest girl in the freshman class. She is a brunette and has green eyes. Wears red beautifully.

And I think she is very much interested in a sophomore.

has black wavy hair and blue eyes. He is a very nice looking boy. He is one of our very best football players. I don't know his opinion of girls at the present.

Favorite Expressions of Freshmen

Jean McBride—I ain't just wolfin'!

Clyde Hobbs—You can't prove it by me.

Betty Bogan—I am going to choke you at sunrise.

Oles Case (with a frown)—Give that to me!

Willadean Owens—I mean it too.

Charles Auburg—Scoot over, Isabell Holloman—W-e-l-l-u-h, Monty Bob Moore—W-h-y?

Pauline Robertson—You go hop!

R J Dorsey—Well I'll say Evelyn Machen—My cow!

Jeanne Hamilton—I'm smart arn't I?

Dining Pleasure Enhanced By Proper Lighting

In this modernized dining room, well-chosen lighting fixtures add much to the decorative scheme, besides contributing to meal-time enjoyment.

By Jean Prentice

HOW can one make the dining room more pleasant?

A change in color scheme, new paint, wall paper, draperies, chair upholstery and lighting are some of the ways to do it.

The dining room shown here was recently re-decorated. All woodwork was done in soft grey-green, and the walls hung in a floral striped 18th Century paper of the same hue, with an accenting apricot tone in the pattern.

Then came new lighting. It helped as much as any other feature to lift the room to distinction.

The polished silver and gold of the four wall pockets shown here go well with the 18th Century furnishings, and the ceiling fixture has the same metal trim.

Even more important is the "feeling" of the light in this room, and the comfort it brings to the eyes. The light is soft and relaxing, and

its amount can be varied. With or without candles on the table, the wall pocket lights can be used. When more light is wanted directly on the table the ceiling fixture can be turned on.

Besides being more graceful in outer appearance, many of the newly designed fixtures provide lighting far superior to the old in terms of eye comfort. For example, indirect lighting of a very fine texture is contributed by the ceiling fixture shown here through the use of a 150-watt silvered bowl bulb that sends most of its light up to the ceiling.

But what can be done to modernize the very-frequently-seen candle-type fixtures, when a new fixture is beyond the reach of one's pocket-book? Using 40-watt bulbs in a five-candle fixture will give the right quantity of light, and inexpensive little parchment or plastic shades will improve the quality of light and the appearance of the fixture.

Mr Street: What is good management?
 Carmon Bass: When someone buys winter clothes in the summer.
 Mr Street: If that's true, something must have slipped upstairs.

Mrs Joe Slack, Celie Margaret and Jimmie spent the week end in Glton with her mother. Mrs J A Gowdy, while Prof. Slack attended the home-coming festivities and football game at Canyon.

Agricultural Briefs

(Continued from Page One)

be followed up with what has been done and is being done to remedy our present state of affairs. It is highly important that everyone interested in farming and farm income attend one or more of these meetings.

The places and dates of meetings are as follows:
Antelope Flat, Thursday, Nov. 10 at 7 p. m.
Silvertown, Monday, Nov. 14 at 7 p. m.
Quitaque, Tuesday, Nov. 15 at 7 p. m.
Kent, Thursday, Nov. 17 at 7 p. m.
Gasoline, Friday, Nov. 18 at 7 p. m.
San Jacinto, Friday, Nov. 25, 7 p. m.

Remember these dates and places. Mark your calendar so that you won't miss the meeting in your community. It's important that men, women and children attend these meetings.

(Received too late for last week)

With the cotton harvest nearing completion, we farmers will have time to look back and and make a few observations on what happened this year.

The most outstanding observation from a dollars and cents standpoint is the fact that these boys who planted long staple cotton have netted from \$5 to \$7.50 per bale more for their cotton than we fellows who planted half and half cotton. We note also that the boys who planted long staple cotton got as good a yield per acre or better, than the ones who planted half and half—and their cotton opened as early too.

There might be many other observations that could be made regarding the difference in long and short staple cotton—all of which would be in favor of long staple cotton.

The moral to this little story is, we should all plant a better staple seed next year. There's one place for half and half seed—the oil mill. The sooner we run out of half and half seed the better off the cotton industry will be.

Cotton Improvement Meeting

In an effort to improve the staple length of cotton produced in Texas, the extension service is putting specialists in the field in an attempt to educate the cotton farmers along that line.

On November 22 at 2 p. m. in the district court room, we will have two of these extension men in Briscoe county. These men are E A Miller, cotton specialist and F E Lichte, gin specialist.

This meeting will be open to ginners, cotton producers, business men and everyone else who is interested in cotton. Mr Miller and Mr Lichte have a wealth of valuable information for us and it is hoped that a large crowd will be in attendance. Remember the time, date and place—Mark your calendar now so that you won't miss the meeting. Tell your neighbors too.

Lubbock Conference

Two days this week were spent at Lubbock in a conference where all county committeemen, administrative assistants, county agents, and home demonstration agents of district two met with State and National AAA representatives.

The two-day discussion was on both the 1938 and 1939 farm program. It was decided at this conference that many of the complaints on the present farm program were due to lack of information or to misinformation.

To correct these two evils it was decided that a series of community meetings be held throughout every county in the state. At these meetings the 1938 and 1939 farm program in all of its details will be brought to the farmers in the best most understandable manner possible.

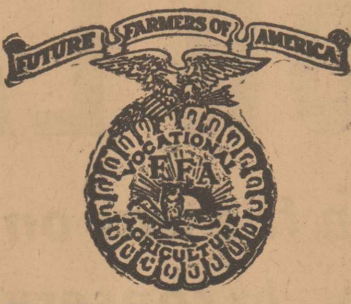

The success of any enterprise depends to a large degree upon how well that enterprise is understood by those who deal with it.

It is hoped that when the educational meetings are held in your community you'll be there and have your neighbors with you.

Final Date on Wheat Premiums

November 19th has been set by the Federal Crop Insurance Office as the final date for acceptance of premiums on the 1939 wheat insurance.

About 150 wheat insurance applications were taken in Briscoe county. To date there are about 50 who have not paid their premiums. If your premium is not paid by November 19 there will be no insurance on your wheat crop. Let's attend to this little job before its too late.

The FFA chapter held its regular monthly meeting Tuesday night. After the opening ceremony by the officers, the roll was called and answered by quotations on theft. The minutes were read by William Rucker and approved by the president Walter Patrick.

A program of work and our objectives for the year were set up and read by Floyd Anderson.

Stubble Grazing Is Dangerous

Stubble left on a field when the crop is harvested furnishes protection from wind erosion if not overgrazed. Too much grazing removes the protective cover of vegetation and trampling by livestock pulverizes the soil and permits blowing. Upper picture shows a stubble field being overgrazed. Bottom picture shows an overgrazed field which has suffered soil losses and is becoming hummocked.

We voted to have our banquet in January and a committee composed of W L Graham, Jack Powell and Joe King was named to see about the arrangements.

After the business session songs were sung by the group and the program was turned over to the chairman of the program committee, W E Helms. Our program was on Thrift and we were very sorry our guest speaker of the evening, Mr C E Bedwell was unable to be present.

The chapter voted to set up an FFA thrift account by depositing with the treasurer so much each month for six months after which he will draw out his money to be used to buy projects or used in any way which would prove beneficial to him.

A mind-reading stunt by Curtis Latham proved very interesting. After the program was over our guests for the evening were introduced, Mr. Street, Mrs Frank Hawkins, and candidates for our FFA Sweetheart, Jean Hamilton, freshman; Wilmoth Case, sophomore; Imo Jo Overstreet, junior; and Dorothy Payne, senior. We were happy to have them as our guests.

The meeting was then closed with the closing ceremony after which refreshments of doughnuts were served to members and guests.

GASOLINE NEWS

ETHEL CARTER

Mr and Mrs N L Bedwell, Mr and Mrs Eugene Bedwell of Quitaque were visitors in the home of Mr and Mrs L J Bedwell Sunday.
