Items Of Interest From Cap Rock SC District

Supervisors: Earl L. Cantwell, chairman; Louie Kitchens, Obra Watson, Pierce White, Bray Cook.

Hubert Setliff and Lawrence Bedwell, cooperators in the Gasoline Conservation Group, seeded 12 acres of Sand and Weeping Love Grass on their farms. The seed was planted in 40 inch rows and will be cultivated similar to other row crops according to Mr. Setliff. Seed for these plantings were furnished by the supervisors of the Cap Rock Soil Conservation District as a part of their assistance to a complete soil and water conservation program adopted on these farms. These grasses are adapted to light sandy soils which are found in this vicinity.

Grady Wimberly, Alvin Redin, Edwin Crass, H. H. McPherson and Charles Wallace, cooperators with the Cap Rock Soil Conservation District, are planning to make seeding on improve pasture this fall.

"Improved pasture is the only solution for the irrigation farmer," according to Fulton Gregg, a cooperator of the Gregg Conservation Group. Mr. Gregg seeded six acres early last September to a mixture of Smooth Broome, Crested Wheat, Perennial Rye Grasses and Alfalfa and is very highly pleased with grazing obtained to date. The only fault Mr. Gregg found with Improved Pasture was that he did not have enough acres seeded to this crop. He plans to make that correction by seeding 30 additional acres in the near future.

Ew Whitfield, a cooperator two miles south of Silverton, established irrigation ditches on 80 acres of native pasture last Friday. Mr. Whitfield has obtained good results by rotating watering of grass land and not watering the same land every year.

Vet Will Test Cattle For Bangs Disease Here

Dr. J. H. Brown, veterinarian from Tulla, will be in the Quitaque community Monday, May 13, to test dairy cattle for Bangs disease. This is not the first test made by the Livestock Sanitary Commission but it is the follow up test that should be made at the expense of the owner.

Dr. Brown will test the cattle for \$1.00 per head if there are as many as fifty animals to be tested in one day. According to Leo White, county agent, there are fifty-four cows on the list to be tested Monday. Anyone else wishing to have their animals tested on that day may leave word at the Pioneer Pharmacy before Monday and the veterinarian can be notified. All cattle to be tested should be kept in the lot and someone should be present at the time the veterinarian arrives to help with the stock.

The \$1.00 fee will be due at the time the blood sample is drawn since the record will be mailed back from the laboratory.

Bangs disease causes a tremendous loss in calves each year and also causes undulant fever in humans. Leo White says that the only way to stamp out this loss and this disease which causes so much discomfort is to test all the cattle in the county. Dairy cows that show negative to the test should be tested each year and herds that have positive reactors should be tested each six months until all reactors are gone. Cattle reacting to the test must be sold for slaughter and they should leave the place as soon as possible after they are known reactors in order not to infect the other cattle on the place.

The test for Bangs disease should not be confused with the tubercular test. About six years ago enough tubercular tests were run to establish that this area was free from TB. Cattle shipped from this area do not require a TB test and cattle can be shipped across the state line by having a veterinarian certify where they are from.

Roy Leslie was over Wednesday from Floydada on business.

Vows Exchanged In Pretty Home Wedding

In the presence of the family and a few close friends, vows were exchanged Sunday evening at 6 o'clock uniting in marriage Miss Frances Graham, daughter of Mr. and Mrs. Joe Graham of Quitaque and Robert N. Young, son of Mr. and Mrs. Tom Young of Tulla.

Rev. E. B. Thompson of the Quitaque Methodist church read the impressive double ring ceremony in the living room at the home of the bride's parents. Feathery and graceful, tall sheaves of pink-tinged salt cedar were arranged for a background of white gladiolus, larkspur and greenery, and white candles in tall candelabra. The wedding party stood before this pretty floral arrangement, and about the room bowls of carnations and other flowers were used for further decorations.

The bride was attractive in a powder blue suit and blouse of navy crepe. She wore a tiny half-hat of blue roses and her other accessories were navy. Her flowers were Sweetheart roses in a shoulder corsage. On her right hand she wore her mother's wedding band for some thing old, and for something borrowed she carried an imported linen handkerchief belonging to her bridesmaid.

Miss Ethelyn Bailey was the bridesmaid and she wore a grey suit with black accessories and a shoulder corsage of pink roses. The bride's gift to her attendant was a gold vanity case.

The bridegroom was attended by Walter Taylor of Quitaque as best man.

Guests were registered in a guest book at which Miss Billye Tibbetts presided. Mrs. Marcellus Graham of Childress lighted the tall tapers just before the bridal party entered.

A reception was held following the wedding ceremony and the beautiful three-tiered cake, topped with miniature bride and groom, was served with punch to the guests. The table was covered with an Italian cut-work cloth and centered with a bowl of snapdragon and columbine. The punch was served from a tall crystal bowl at which Mrs. E. J. Hamilton presided. The bride and groom cut the first slice and served it to his mother, and then Miss Bailey took charge of the serving.

The happy couple left for a wedding trip to Ruidosa, N. M., and a visit with the bride's brother, Marcus Graham and wife at Satanta, Kansas.

They will be at home in Amarillo.

The bride is a graduate of the Quitaque schools. She entered nurses training at St. Paul hospital at Dallas in 1940 and became a registered nurse. She was with the leading hospitals in Dallas until she enlisted in the Army nurse corps in February, 1945, and was stationed at Brooks General Hospital, San Antonio. She received her discharge on December 10, 1945, and has since been practicing her profession in Amarillo.

Mr. Young is also a graduate of the Quitaque schools. He enlisted in the navy in February, 1942, and served in the radar division of the naval air corps. He received his discharge from service on January 19, 1946, at Norman, Okla., after serving three years, eleven months, and 16 days.

Clean-up Campaign In Quitaque Next Week

At the regular meeting of the city council last Wednesday night the new mayor, M. L. Roberson, and the new alderman Roy Burgess, were sworn in and assumed their new duties.

The council declared a clean-up campaign for the city, starting now, and request that all property owners clean up their premises and place their tin cans and other rubbish in boxes or sacks and pile it where it will be convenient for the trucks to pick it up. The trucks will begin operation Monday, May 20, Mayor Roberson stated, and the hauling will be free to the citizens.

The mayor reminds the folks that vacant lots in town are not dumping grounds and requests people not to use them for such. Also he requests those owning vacant lots to have them cleaned up. It will not only help the looks of our town but it will help prevent spreading of diseases.

"Complaints of degrading chickens are being received by the city and the council urges all chickens owners to please pen them up and keep them from annoying other folks as well as destroying their flowers, gardens, etc." Mayor Roberson stated.

Other complaints are coming into the city office and to the individual members of the council concerning the dog nuisance in town. If you have a dog, and you place any value on it, please see that it is kept penned up or chained where it will not molest other people—and keep it off the streets.

Let's be a good neighbor and comply with the above requests.

Base Ball Score

Turkey and Quitaque hooked up for another baseball contest Sunday afternoon at the Turkey ball orchard and spent the whole afternoon reaching a decision, the score finally winding up 13 to 9 in favor of Quitaque.

It looks from here like we are going to have some pretty good ball games this summer—when the weather warms up and the boys settle down and get a little more practice.

The score Sunday:

	H	R	E
Quitaque	13	9	5
Turkey	9	11	6

Starting line-up and batting order for Quitaque: Wilson ss, Bedwell 2b, P. John p, Rush 1b, Ed Morrison c, M. Morrison cf, Meyers 3b, Dick Cooper lf, Herrington rf.

For Turkey: Duncan Chandler rf, Wayne Hunter ss, Buchanan 3b, M. Thrasher 2b, Stewart cf, A. Setliff lf, Bill Farley 1b, H. Hunter c, Buster Hanna p.

QUITAQUE THE BALL GAME—(IT SAYS HERE)

Quitaque won two ball games Sunday, the baseball game at Turkey and a soft ball game played

at Quitaque between the home team and Gray Mule. In the latter game, the score, as reported, was 14 and 8 in favor of Quitaque. However reports on the game were confusing, to say the least, and we quote from any number of sources.

According to Elmer Lanham, who played for Gray Mule, his team couldn't whip Quitaque and the umpire too, (we quote with permission), and according to Manager Slim Eddleman of the Quitaque team, Gray Mule had his team beat until they ran in Elmer. And according to the lineups we have, Quitaque had Gray Mule outnumbered in the first place.

Quitaque line-up: Travis Morrison, pitcher; Roy Grundy, catcher; Steve Mayfield, 1st base; Spider Lewis, 2nd base; Henry Hasty, 3rd base; James Reed, ss; Price, rover; Glynn Morrison, center field; Lloyd Stidham, right field; Cecil Reed, left field.

Gray Mule line-up: Ray Payne pitcher; Buck Payne, catcher; Arch Payne, 1st base; Warren Payne, ss; Bill Payne, left field; (Orb and F. Payne were out of own); Elmer Lanham, 2nd base; J. C. Moss, 3rd base; Weldon Slayton, center field; Beck, right field. Red Moss, umpire.

Closing Exercises For Schools Begin Sunday

Commencement exercises for the Quitaque seniors will begin Sunday, May 12 with the baccalaureate service at the school auditorium at 8 p. m. Rev. A. L. Shaw will deliver the baccalaureate address. Mrs. C. E. Bedwell will play the processional and recessional and accompaniments. The vocal music will be under direction of George Owens, who has arranged a quartet number by Mrs. Roy Burgess, Miss Willadeen Owens, C. E. Bedwell and Mr. Owens; and two selections by a choir.

School will close Friday, May 17, and graduation exercises for both high school and grade school seniors will be held that night.

Quitaque School Board Plans For Next Term

At the regular meeting of the Quitaque school board Monday night, plans for the next term of school were discussed. The increased expense of operation of the school and a decided decrease in the scholastic enrollment has made it necessary that the board revise the regulations and methods of operation which have been in effect.

The matter of transportation has proven quite expensive and the board finds that it must discontinue the practice of operating a bus outside the limits of Quitaque District and to operate only such buses as will be necessary to transport the pupils within the limits of its own district. This matter will effect those wishing to transfer into the District, as it will become necessary for those pupils residing outside the District and wishing to transfer into the Quitaque District to provide their own means of transportation.

Tuition will be charged those pupils who transfer into the District, the amount of which will be computed upon the per pupil cost less such amount as is contributed from State funds.

It is anticipated that a less number of teachers will be employed in view of the decreased enrollment and it is with regret that the board finds it necessary to adopt these means of fitting the school to our situation.

Plans for consolidation of other Districts with the Quitaque District are pending and will be subject to an election which may be called for such purpose.

The superintendent has been instructed to proceed with plans for the next term of school on the basis of these changes and the board asks for the continued splendid cooperation of the patrons of the school in these plans by which it is expected that a full term of the regular courses both in grade school and high school will be provided.

Do Not Leave Junk On Highway Dept. Asks

Spring has brought with it as usual, the urge to give our homes and property a thorough cleaning. As a result there is always a lot of junk to haul away. Through a misunderstanding or lack of knowledge of State Highway Department regulations, some people have been dumping their junk on the highway right-of-way at various places.

The State Highway Department takes this means of asking that all citizens please cooperate with it in keeping our highways as neat, clean and safe as possible. Please dispose of all junk, bottles, waste-paper, etc., in the proper places. Such debris left on the right-of-way may become scattered onto the pavement where it becomes a hazard to all who travel our highways.

day. They took bedding and food with them and camped for the night at the park.

The Quitaque chapter tied with Wellington for third place in the over-all competition with eight chapters competing. Clarendon placed first and Estelline second.

One first place was taken by Quitaque when Lynn Rhoderick placed first in extemporaneous speech. His subject was "My Long Time Project of Work," and he had stiff competition.

Wayne White placed second in public speaking. In this contest competitors wrote a theme on their chosen subject, (in this case, Soil Conservation), and then spoke without notes.

The literary and chapter conducting contests were judged by T. L. Leach, itinerant teacher trainer of the agriculture education staff of Texas Tech at Lubbock.

The local teams placed 4th in senior chapter conducting and 4th in junior chapter conducting. In these contests the teams were composed of the following boys:

Senior chapter conducting: President, Bobby Slayton; reporter, Carl Lee Davis; treasurer, Curtis Monk; vice president, Lynn Hamilton; secretary, Lob Hamilton; watch dog, Ray Doyle Ramsey; Greenhands, Arthur Patrick and Ernest Barbee; first conductor, Clarence Lewis.

Junior chapter conducting: President, Lynn Rhoderick; reporter, Chester Wayne Hamilton; treasurer, Tipps Hamilton; vice president, James Baird; secretary, Larry Tunnell; watch dog, Roy Monk; first conductor, Charles Ramsey; Greenhands, Ray Savage and Dogie Woods.

Roy Grundy placed third in the tennis contests. Kenneth Hamilton entered in baseball and Floyd Stidham entered a chapter conducting team but they did not place.

Twenty-three boys attended the meet, and the group as a whole made a very good impression, their adviser reports. Teachers and others who attended the encampment, were high in their praise of the Quitaque boys, commenting on their good behavior and nice manners. And the adviser said that he was certainly pleased with the trip and his boys.

GIRL SCOUT ORGANIZATION TO BE DISCUSSED HERE

Miss Ida Mae McClure of the National Girl Scout staff, who is working in the Panhandle area, and Mrs. Tony Burson of Silverton, were in Quitaque Thursday in the interest of promoting a Girl Scout organization here.

A meeting was called for Wednesday, May 15, at the school auditorium, from 2 until 3 o'clock, when the work will be explained. Mrs. Burson will be present to give information to all girls who are interested. All girls from the first grade through high school are eligible, and those who attend the meeting should be accompanied by their mothers.

The Girls Scouts have had an organization at Silverton since 1941, and during the war years has been increasingly active, with

Observe Anniversary Of Golden Wedding

One of the biggest social events of the year at Gustine took place in that little city Sunday when Mr. and Mrs. Sam B. Todd observed their Golden Wedding anniversary. Attractive formal invitations had been issued, inviting guests to their home for the occasion.

The couple's only son, Sam Todd of San Antonio, met the guests at the door and invited them into the reception room and presented them to the receiving line which was composed of the daughters and daughter-in-law, Mrs. Willis Walker, Mrs. Paul Meacham, Mrs. Lawrence Hedrick, all of Turkey; Miss Grace Todd of Gustine, and Mrs. Sam Todd of San Antonio.

Miss Norma Louise Walker presided over the guest book, which was gold and white, and the guests signed in gold ink. The desk was attractively decorated with a miniature wedding couple and gold bells.

Miss Jeanette Meacham ushered the guests into the dining room where refreshments of gold punch, gold and white checkerboard sandwiches, cookies and olives were served. An arrangement of gold lilies and iris centered the table, flanked by gold tapers in crystal holders. The delicious punch was poured by Mrs. A. P. Cox who was assisted by Mrs. C. Willingham.

Gloria Hedrick and Donald Todd ushered the guests into the living room where they were received by Mr. and Mrs. Todd.

Many were present for this social event who attended the wedding fifty years ago which was performed by Mrs. Todd's father, Rev. W. L. Skinner, then pastor of the Baptist church. It was recalled that the crowd attending the wedding was so large that the opera house in which the ceremony took place could scarcely accommodate the guests.

During the afternoon from 2 until 7 o'clock 119 relatives and friends signed the guest register, the youngest present being their seven-weeks old granddaughter Marilyn Todd.

Among the out-of-town guests were Mr. and Mrs. Jess Jenkins of Walnut Springs.

Mr. and Mrs. Todd received many nice gifts during the day in token of their valued citizenship and the esteem in which they are held.

G. H. Jones reported Wednesday that he had sold 122 head of calves from his ranch east of Turkey that were being delivered that day to P. C. Hamilton of Quitaque. The entire herd averaged a little under 600 pounds each, Mr. Jones said. Hamilton is shipping the calves to Iowa feed lots where they will be fed out and fattened on corn.
