Lubbock Invites Roach

Lavern Roach of Plainview, one of the leading contenders for the world's middleweight boxing crown has been approached by a group of civic-minded Lubbock sportsmen, who have offered the former Marine fighting ace a guarantee of \$7,500 to stage an exhibition in the Hub City in June.

The group of sportsmen, desiring to remain anonymous, has signed Bert Kahn as promoter of the fight, which will be held in either Texas Tech's new stadium, or at Rosenthal Field.

Roach's opponent would be Wild Bill McDowell, one of the most ringwise veterans in the boxing profession. McDowell, at present in Phoenix, Ariz., already has accepted a smaller guarantee to fight the Plainview boxer.

A majority of the profits from the fight would be given either to the Lubbock Boys club or to the Matador club at Tech, after expenses had been taken out of the gross.

Kahn yesterday afternoon filed a night letter through Western Union to Chris Dundee, one of Roach's managers. The gist of the message was that Lubbock, the South Plains and West Texas was proud of him, wanted to see him fight, but could not go to New York. The wire also stated that such a fight, staged here in June, would draw a capacity gate and that proceeds would help the Boys Club go over the top in its financial drive.

The telegram also urged him to name his own date, gave him a guarantee of \$7,500, transportation and Lubbock expenses and wished him luck in his fight against Marcel Cerdan of France in Madison Square Garden on March 12.

Roach's ability is well known to Texas fight fans, but McDowell is only fairly well known, although he also comes from the Lone Star state. He has fought such outstanding clouters as Kid Azteca, Midget Mexico, Kid Chocolate, Tami Mauriello and others.

One of McDowell's greatest fights, the one in which he came closest to reaching the top, was with Tami Mauriello in Patterson, N.J. six years ago. McDowell obviously was winning the first seven rounds when, in the eighth canto he began to clown. Mauriello knocked McDowell down, but instead of recovering, McDowell started crawling for the ropes. The referee immediately halted the fight, although the Texan protested that he had been clowning and was not hurt.

The proposed fight, if staged in the mammoth new Tech stadium, could accommodate a crowd of approximately 40,000 persons. It would draw fans from the entire South Plains and probably an even larger area.

Motion picture companies already have signified an interest in taking films, while broadcast rights would also be obtained.

It would be Lubbock's biggest fight since Babe Ritchie met Max Baer at the Panhandle-South fairgrounds.

Basketball Season Ends

The last verse of the last chapter to Quitaque's basketball has been written for the season of 1947-48.

On last Friday morning at 9:30 the girls squad, minus Roxie Price who remained home on account of illness in the family, and Melba Jo Woods who was on a mired bus some miles from town when we left.

We reached Amarillo a little after 12 p.m. where the group lunched. We were scheduled to play at 3:00 p.m. and reached White Deer gym at 2:30. The girls were hurried into play soon after getting into playing togs. In a strange atmosphere with little time to look about and relax the players started the game under strong handicaps. From the beginning fouls were handed them thick and fast. We would not claim that we were discriminated against, for on the whole it seemed that the Dimmitt teams got as many penalties as did ours, but it seemed that the fire was concentrated on two or three of the Quitaque sextette especially the guards. Both the Barretts were off by the half. Una Lee Duck who has played well on the B team all season was sent on for Sue, and Jo Bedwell who has been a good forward for the B's had to do her best as substitute for Reba Jo.

At the half, the lassies in gold were 9 points behind, but, having found themselves began climbing on their opponents. Early in the 4th quarter the score was 23 to 25 Dimmitt, and the game ended 24-28 for Dimmitt.

Near the end of the meele the girls were cheered by the appearance of "Lob", "Proff", Ken, Bobby Jack and Earnest.

At the close of the afternoon games the squad, including the boys, drove back to Panhandle for dinner (supper), where all enjoyed themselves. At 7 p.m. we were back at White Deer where three good games were watched.

At 12:30 Saturday night all were back in Amarillo. There the squad put up at Amarillo Hotel. The coach and bus driver, Travis Morrison, went straight off to bed leaving the gals to be looked after by Mrs. A. L. Morris and Mrs. Orlin Stark who had very obligingly gone along for that purpose. Of course the girls were altogether capable of taking care of themselves and needed no "looking after". But all were happy and thankful to have two of the mothers along. 9:30 a.m. Saturday found us all in the hotel coffee shop where a good breakfast was enjoyed by each one. Leaving Amarillo about 11:30 we arrived back at the home city in due time.

We pronounce the trip well worth all it cost in time, effort and money.

Girls on the squad were Sue and Reba Jo Barrett, Jareene Holcomb, Patsy Stark, Alpha Mae McFall, Ima Lee Morris, Una Lee Duck, Jo Dean Bedwell and Paulita McCracken, Jimmie Faye Wither.

Real finish to basketball '47-48 was written Tuesday night when picked men from the schools in this district assembled at Quitaque gym for the all-district game. Not all the schools were represented but enough for a fine game and some lesser ones on the side. A big crowd attended and a good time was had. The "West" trounced the "East" to the tune of 69 to 36. Travis Morrison and Mr. Bingham refereed.

METHODIST YOUTH MEETING

HERE MARCH 9TH

The Quitaque Methodist young people, with the help of the WSCS are to be hosts to the young people's Sub-District meeting next Tuesday evening (March 9) at 7:30. This is an interesting and beneficial meeting and all local young people are urged to attend. We are glad of what these meetings have meant and what can mean to our young people as a step toward better training for more efficient christian service. The public is invited.

A good well of excellent quality was brought in at about 135 feet, on the J. T. Persons place on the highway west of town and Mr. Persons reported this week that plans were progressing on their home which they planned to build there in the immediate future.

Meeting Held Monday Favors Road Program

A fair size group responded Monday afternoon to the mass meeting called to discuss a road bond election. Of the thirty-five or so men who attended, farmers and business men were represented about equally. Only one or two expressed themselves publicly, but most of those present at the meeting registered approval of the project.

Mr. Potts of Floydada, resident engineer for the state highway department, was present and explained the procedure for securing aid and the setup under the state highway department's plan to assume part of the expense of building farm-to-market roads, and the maintenance of them.

In explaining the setup, Mr. Potts spoke very favorably of the plan. He stated that the counties got a real bargain as the highway department furnished one-fourth of expense of building the road, furnished the engineering requirements, and the upkeep. The last item in itself was quite a saving as it released to the counties, funds now needed for upkeep of the road, for maintenance of other roads, resulting in more improved roads all round.

The project under consideration is 7 miles of paving, from the west corner of Main street in Quitaque south to the county line, and from the end of the new strip of paving at Gasoline south to the county line.

It was estimated that the 7 miles of paving under consideration would cost around \$8,000 per mile, or \$56,000. With the state highway department paying part of the costs, a bond issue of around \$45,000 would furnish the funds required by the road district.

Further discussion revealed that this road district had retired bonds only last year (1947) and that taxes had been reduced. It was stated that the district could, without undue strain, take care of the bond issue needed for the new paving. Taxpayers in the road district could estimate the cost to them of the proposed bond issue would be 10c on the \$100 above what their taxes were in 1946.

Mr. Potts explained that a petition carefully drawn up to describe construction planned, and location of the roads, and bearing the prescribed number of signatures of qualified voters, was the first step in the project. This was ordered done at the meeting. He also stated that the district highway engineer had already heard some discussion of this project and viewed it with favor. He was of the opinion that the state commission would pass their approval.

HAND BADLY LACERATED

Harold Lewis was seriously injured Monday afternoon while operating the electric saw at the Willson & Son lumber yard. Harold was sawing a piece of plank in which there was a large knot. When the saw blade struck the knot, the board split in two, one end was thrust into his chest. Instinctively, he threw out his hand which struck the saw blade.

The thumb and first finger of his left hand were almost severed and he bled profusely, however he suffered more pain from the jab in the chest than from the lacerated hand.

After receiving first aid treatment here, Harold was taken to Plainview sanitarium, accompanied by his mother and father, Mr. and Mrs. Alva Davis, and Alton Johnson. He remained in the hospital for several days treatment Mrs. Davis staying there with him. He was reported to be getting along very well.

DOC CHANDLER VERY ILL

AT PLAINVIEW HOSPITAL

W. V. (Doc) Chandler was taken to the Plainview sanitarium last Friday where he is quite a sick man. He suffered several heart attacks and has been kept under an oxygen tent. All of his children have been called to his bedside. Bub Chandler of near San Francisco, Cal., arrived the first of the week, and a request through the Red Cross for an emergency furlough for Joe Chandler, who is in Germany, has been granted. Doc, who is 69 years old, has been remarkably healthy all of his years, and this is his first illness.

City-School Elections First Week In April

Two important local elections will be held in Quitaque next month. A city election on the first Tuesday in April and a school election on the first Saturday in April. The posting of these election dates imposes upon every citizen of the town and school district a distinct responsibility.

There is lots of criticism (and very little praise) every day of the operation of the duties of the city council and the school board. Unless you exercise your privilege of expressing your choice in the selection of the men who serve on these boards, you should not criticize their actions.

Give these coming elections serious consideration. They are important to you. Do your part to put in office men you think will serve best.

In order to be printed on the school ballots, names of candidates must be submitted to the County School Superintendent (Judge J. W. Lyon, Jr.) ten days before the date set for the election, which is Saturday, April 3. The present school board is composed of George Owens, president; Bert Grundy, Alton Johnson, Joe Bedwell, Jim Mayfield, J. T. Persons and J. K. Patrick. The terms of George Owens and J. K. Patrick expired this year, and two members will be elected to fill their places. You are urged to give this careful attention and to submit your choice to the county superintendent so that the names may be printed on the ballot.

Four members will be chosen for the city council this year, to fill the four vacancies left by the expiration of the terms of Mayor M. L. Roberson, and Councilmen Roy Burgess, I. G. Grundy and Orlin Stark. Other members of the city council are W. J. Rice and Frank Gillespie. Names to appear on the city ballots should be presented to the city secretary.

FARM MEETING AT PLAINVIEW TO DISCUSS WATER SITUATION

The Texas Farm Bureau Federation will sponsor a water hearing to be held at Plainview on March 8, it was announced today by J. Walter Hammond of Tye, state Farm Bureau president. The hearing is scheduled for the purpose of studying the underground and surface water situation in Texas and to discuss the desirability of underground water control legislation, Hammond said. The meeting will begin at 10:00 a. m. in the City Auditorium.

W. R. Tilson of Meadow, state Farm Bureau director of the Plains area, will be host for the hearing. Farm Bureau Directors Joe M. Hatton of Amarillo and C. H. DeVaney of Coahoma will be co-chairmen, with Hatton presiding during the morning session and DeVaney at the afternoon session.

In explaining the purpose of the hearing, Hammond said, "In the last session of the legislature, there was an effort made to pass legislation to regulate the use of underground water. The measure failed of passage because there was insufficient information to determine what legislation, if any, should be enacted. Therefore, the board of directors of the Texas Farm Bureau believe it advisable to sponsor a hearing to seek information as to the available supply of surface and underground water, with an eye to making the best possible use of the water supply to meet the approval of the present and potential water users."

MUSIC RECITAL

Music students of Mrs. C. E. Bedwell will be presented in a recital next week, the junior pupils presenting their program on Wednesday, March 10 at 2:45 in the afternoon at the school auditorium. The senior recital will be Friday afternoon, March 12, at 2:45, also in the school auditorium.

The public is cordially invited to both of these recitals.

Mrs. Bedwell will present her students in their final recital for this term on May 7.

Bobby Morris became very ill Sunday and Monday was taken to the hospital at Memphis for examination. Tests were still being run on Bobby's condition Wednesday and the doctors had not reported what they thought was his trouble.

It's Red Cross Time

The 1948 Red Cross Fund Drive began March 1st., and it is hoped that the \$1000.00 goal will be reached before the final date of March 31.

Of the funds raised, 43.1% of the money will remain in the county for home use, while 56.9% is turned over to the National Red Cross Chapter to be used by them during times of national disaster and in other Red Cross work.

The money which is retained in Briscoe County by the County Chapter is used to good advantage on needy cases arising in our home communities. Under the capable supervision of Mrs. G. W. Seaney as Home Service Chairman and her Assistant Mrs. Gladys Wise of Quitaque, \$821.64 was used by the local chapter last year to help needy cases, to extend loans to deserving people, and to assist more than a dozen service boys or veterans in securing emergency furloughs or getting discharges from service, securing hospitalization or disability aid in various ways.

Mrs. D. T. Northcutt, County Red Cross Chapter Treasurer, Mrs. G. W. Seaney and Mrs. Gladys Wise, Home Service Chairman make the following report on local help which was given by the County Chapter last year.

Eight families were assisted in getting medical aid or other necessities in the amount of \$312.73.

Four loans were made by the local chapter in the amount of \$134.16.

Under the directions of W. Coffee, Jr., chairman of the disaster Committee, The Local Red Cross Chapter also gave assistance to the cyclone stricken town of Higgins last year. Three truck loads of clothing and other supplies were gathered and sent to the stricken area and \$362.90 in money was sent in by the Briscoe County Chapter of the Red Cross to be used to help relieve the disaster victims.

County Fund Campaign Chairman Leo White announces the following Community Chairman and workers have been appointed to work with him in the 1948 Fund Drive. Your help and co-operation in working with these people is urged. Let us all do our part to make this 1948 Drive a great success.

Marion Roberson, chairman, Quitaque.

Silverton: Dee McWilliams, Chairman, Mr. and Mrs. Judd Donnell, J. E. (Doc) Minyard, Mrs. Jimmie Stevenson, Bud Perkins, Mr. and Mrs. Billie Wood, Mr. and Mrs. Shafe Weaver, Rev. G. A. Elrod, Wm. F. Talley.

J. L. Self, Haylake; W. E. Helms, Gasoline; Tom Pierce, Kent and others in the Silverton area.

DOG WARNS OF FIRE DANGER

The home of Mr. and Mrs. Park Bolton, a few miles north of the highway, east of Quitaque, was very likely saved from destruction by fire last week, by the alertness of their small pet dog. The little tan feist which they befriended about four years ago, sleeps in the house and one morning last week, Mrs. Bolton was awakened by the animal whining and pulling at the bedclothes.

She opened her eyes to discover the room black with smoke. Mr. Bolton had arisen earlier, lighted the oil stove in the kitchen and returned to bed and to sleep.

When the dog awakened her, she called Mr. Bolton and when they opened the kitchen door, they found that room black with soot and over the stove it appeared that a great cloud of soot and smoke was boiling with streaks of fire shooting from it. She threw open the window and turned out the fires in the store. However, it was reported, that the blaze in the burners did not appear to have run up, but it seemed that gas had formed the ball of cloud over the stove and if it had exploded the whole house would have burst into flames.

They were fortunate the little dog alarmed them when it did. Every room in the house, it was stated, was stained with smoke and soot.

Mrs. Berna Stewart went to Dallas last week and gave a blood transfusion to her sister Miss Evelyn Cain who is in Baylor hospital there. A cousin from Oklahoma also gave some blood. Evelyn is getting along nicely.

BE SURE YOU'RE RIGHT WHEN YOU TURN LEFT

You have to keep left to be right, according to W. J. Elliott, Chief of the Texas Highway Patrol.

"But let me tell you what I mean, before you think I sound mixed up" he said. "A left turn in heavy traffic is one of the most difficult maneuvers in an automobile, and it causes traffic tie-ups and accidents when bungled."

Chief Elliott said that the Texas Highway Patrol is cooperating in a nationwide "Know and Obey Traffic Laws" program and he cited National Safety Council statistics to show the need for such a program.

At least 3 1/2 per cent of all fatal pedestrian and non-pedestrian accidents involve a turning vehicle, and improper turning was reported in from 4 to 5 per cent of all accidents.

Pointing out that about twice as many turning accidents involve left turns as right turns, Captain Polk Ivy of the Amarillo District listed five rules to remember in making a left turn.

1. Keep next to the centerline or center of the roadway, so that no car will approach from behind on your left as you turn.

2. Turn around two points, one where the center of the street or road you are on meets the crosswalk or property line, and the other where the center of the street or road you are turning into leaves the crosswalk or property line.

3. Start to get in the proper lane for turning far enough back, at least a block before the turn.

4. Use hand signals before making the turn and be sure to make a full turn. Don't cut corners!

5. Always respect the right of way of other drivers who are at the intersection or approaching so close as to be a hazard.

WEATHER NOTES

Prevailing weather this week has been cold and up until Thursday morning, little moisture had developed. However, the mercury was way down Thursday morning sleet was falling and the ground was icy and slippery underfoot.

Clouds were heavy last with a little moisture falling the skies clearing over the end.

Moisture through February recorded by the government was as follows:

Feb. 1-7, .75 inch; none; Feb. 21-27, .73 from Feb. 27 to Mar. inch. Totalling 1.54

FAMILY REUNION

A pleasant family reunion was enjoyed at the Ed Dunavant home Sunday, when most of their children and grandchildren were there for the day, making twenty-two present for a pleasant dinner and visit.

They were Mr. and Mrs. Elmer Melton and children of Panhandle, Mr. and Mrs. Bob Hyman and children and Mrs. Florence Tipps and children of Amarillo, Mr. and Mrs. Gene Gibson and baby of Turkey, Mr. and Mrs. Dunavant and son Teddy.

This And That About One Thing and Another

One—only one—masculine reader of The Post has told us that he like the "This and That" business. But he said, he wasn't too interested in the recipes, though he did renew his subscription and said he didn't want to miss a copy of the paper. Perhaps, he thinks we will improve on the column—or the recipes will improve his wife's cooking. But the ladies (far and near) like the recipes. Here is a much appreciated letter from Mrs. Cleota Burns (former Cleota Rogers) from Bell, Calif., who says she thinks we have "a wonderful idea for getting the recipe column started," and she sends some interesting recipes, you will surely want to try.

We are so crowded for space in our little paper, we can't get in all the gossip we know and the recipes too, so we have to skip around and try to please some readers one week, and others the next week. Someday we hope to have enough help in the shop and newsprint on hand to increase the size of our paper. So in case the recipes get left out for a week, don't despair, they will get back in.

Mrs. Burns has many friends here who will be interested to know that her husband is teaching handcraft at South Gate Junior High School, and likes his job fine. She says "we are only 3-4 of a mile from school so Leslie sleeps until the last minute, and then leaves in one of those Bumstead rushes every morning" Mr. Burns graduated from the University of California at Santa Barbara on Feb. 1. They are both attending night classes twice a week for extension courses.

KIFFLIN COOKIES

—Minnie Mae Roberson
1 lb. butter 1 qt. flour
½ cup sugar, or more if desired
sweeter.

1½ cups nuts, chopped vanilla
Have butter soft, add nuts and sugar and let stand several hours, if convenient. Add vanilla and flour and mix well. Make out on cookie sheet and cook 45 minutes, very slowly.

When done, take up and roll in powdered sugar while still hot.

Half this recipe makes lots of cookies.
Someone asked the other day, what we thought of the assassination of Gandhi and we didn't have words to express our feelings. But someone else did, in the very words we would have used if we could. We don't now who J. Loyd Rice is, but this clipping gives expression for himself, and thousands of others:

THIS CHANGING WORLD
Gandhi is dead, but the spirit of a powerful leader lives on. The smoke of his funeral pyre has ascended, and may his influence thus ascend in the hearts and lives of leaders throughout the world. Gandhi loved liberty, and was a man of peace. God give us more men of peace today. So many of the great leaders in the development of our civilization have been warriors, that it is a relief to know of a man who could stand the pressure of an enemy invasion of his home land and resist only passively.

This little brown man of India was not a Christian according to our belief, yet he practiced more real Christianity than many who would brand him heathen. Gandhi might have been wrong in theory, but the evidence is that he was so right in practice. The leaders of the Catholic Church have often promoted wars, and protestant leaders have fought in the name of religion. Those claiming to follow the Prince of Peace have left a bloody record of violent persecu-

tion, hatred, and strife. Their influence is still so strong that Christianity today, in general, has lost its meaning, and most professors have not even begun to be Christian, but we call Gandhi pagan.

It is sad indeed that a man of peace had to be murdered by the hand of one who believes in violence. It makes us think that perhaps many more centuries will pass before the leaders of men will actually begin to follow Christ and practice Christianity in their dealings with each other.—J. Loyd Rice.

G.A.'S MEET

The G. A.'s met Monday afternoon. We enrolled a new member Peggy Peacock.

The standard of excellence chart was marked up to date. The girls practiced on the play to be presented at the church Sunday night.

Nine girls were present. They were: Peggy Peacock, Rochelle Craig, Gwendolyn Chase, Carol June Berry, Floretta Mae Stone, Jeanette Berry, Mattie Graham, Alpha Jean Allen, Mrs. A. E. Grag-

son and Earlette Grundy.

Mr. and Mrs. Archie Alexander and daughters JoJo and Mary Jane, of Big Spring, accompanied

by Mr. Pruitt also of Big Spring, were here over the week end visiting Mrs. Alexander's parents Mr. and Mrs. W. C. Womack, and other relatives and friends.

HIGH BLOOD PRESSURE CAUSE Has Been Discovered

And a Medicine has been formulated in a single tablet to be taken orally in your own home, no dieting, no restrictions of any kind; after being examined and all symptoms recorded, take the medicine as directed for thirty days, and if not satisfied, return, be re-examined and if there is no reduction in blood pressure, your money for medicine and professional service will be returned. Records of all cases are kept and are open to inspection by any one who cares to investigate. This is a new discovery. Write or phone for further information.

How to Put Up with Women's Styles

When Will Dudley's missus finally gave in to the new-style longer skirts, Will was mighty critical at first. Allowed as how women were a slave to fashion... ought to dress to please their husbands and not style designers.

Sue finally reminded Will of his habit of sitting by the radio Saturday afternoons in shirt sleeves and old slippers, listening to the sportcasts with a mellow glass of beer. Suggested that maybe Will was a slave to comfort.

And Will admitted she was right.

Perhaps the way somebody dresses isn't always to our taste—just as Will's glass of beer may be another person's cider.

But from where I sit, those little differences aren't important—unless we go out of our way to make them so, by being hypercritical. As Will says now: "Well, anyway, those long skirts hide a multitude of shins"... and lets it go at that!

OUR 32ND YEAR

LOCALS

Mr and Mrs. Joe King left their young son here last week for a visit with his grandparents Mr. and Mrs. D. C. Duck and family, and Saturday the grandparents took the youngster home to Cactus, re-

maining over Sunday for a visit.

Mr. and Mrs. P. C. Hamilton and sons of Plainview and Mr. and Mrs. Noman Hamilton and daughter Noma Lou of Floydada visited over the week end with their mother Mrs. Clara Hamilton and other relatives and friends here.

Cully Purcell of Sacramento, Cal. is here visiting his mother Mrs. U. C. Purcell and other relatives. He stopped enroute for a visit with his grandchildren at Roswell, NM., and plans to be here about another week.

Mr. and Mrs. John Lindsey moved Saturday into the place on the highway east of town vacated by the Jim T. Witchers, who left Tuesday morning (after a few days delay) to make their home in California.

Mrs. Bill Middleton went to Tulla Saturday where she underwent an operation of an impacted wisdom tooth. She was accompanied by Mrs. H. G. Gardiner, Mrs. E. A. Gragson and Mrs. C. R. Badgett

Mr. and Mrs. E. D. Richmond and boys were hosts Sunday at their home at Turkey to a dinner party honoring their mother Mrs. Mattie McCracken. Others enjoying the day and dinner were Mr. and Mrs. Boone McCracken and children, Mr. and Mrs. L. A. McCracken and son, Miss Mary Ellen McCracken. Mr. and Mrs. Clarence Richmond visited in the afternoon. **FOR SALE—1946 "DC" Case tractor and equipment, all in good shape.—Bob Eudy, Turkey, Rt. 1, 7-2**

Durwood Lewis took his mother and brother Mrs. Alva Davis and Carl Lee to Plainview Monday morning where the latter had a check at the sanitarium on the progress made by a leg which is healing nicely after a break. The doctors told Corky that he would be able to put his weight on the leg in about another two weeks.

Mr. and Mrs. Claude Hickey and children and Mr. and Mrs. Brigham Young and children, all of Memphis spent Sunday here with relatives. The sisters and sisters-in-law went up to Silverton and spent the afternoon with Mrs. Bryant Eddleman. They enjoyed a pleasant visit figuring out who is The Walking Man.

FOR SALE—One Wolarac Deep Freeze Box, and other cafe equipment. Phone No. 5, Flomot, Texas, Mrs. Harmon Moseley.

The families of Steve Mayfield and Bruce Price received messages from the boys Monday of this week advising them that they had arrived back in the States, and expected to be home in about two weeks. Both boys are in military service and have been stationed in the Pacific area. Glen Ramsey also went into service at the same time and has been with them, so he is expected to arrive home with them.

Mr. and Mrs. Bob Dunham of McAllen were here last week, visiting relatives. They went to Phillips with their mother Mrs. Maude Dunham, Scott Dunham and family and Buster Dunham and family of Silverton, where they visited another brother and sister, Sally Dunham and Mrs. Billie Gaston and daughter Thalia Ann. Their mother returned to Silverton with her sons to visit for another week while her apartment in Phillips is undergoing repairs.

FUN WITH MUSIC

There was a big time in the old town last Thursday night, up in the Womack's apartment. A group of musicians whom we'll call the "King Players of the Queen City" gathered for a little revelry and music and entertained the Womack's, and others within hearing distance, with some mighty fine music. The King Players include Earl Morrison at the piano, Cecil Purcell with the fiddle, Slick Merrell and his four string banjo, and Garrett Morrison, Johnny Cagle and Clark Payne, who all play electric guitars or other electric instruments. Oliver Payne who doesn't play a musical instrument (except the juke box) tuned in with whistle and song.

Two amplifiers and two recorders were on hand, so several recordings were made and played back for effect.

X-RAY LABORATORY

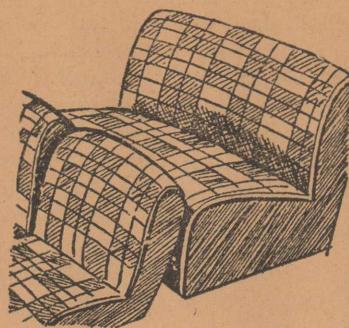

The new x-ray machine has been received and installed in the Shy clinic and is ready to operate. With the exception of the x-ray machinery at the Plainview clinic, this is the largest and best x-ray equipment in this part of the country, the doctor stated.

The laboratory includes a dark room and facilities for developing film, and with other laboratory equipment in his offices here, Dr. Shy says he has around \$10,000 worth of material which enables him to examine and prescribe for

his patients with confidence and assurance.

The little clinic in the legion building is growing right along and patients are coming here from an ever widening territory.

BIRTHDAY SUPPER

A group of friends took a birthday cake and other good eats, and went up to the Lawrence Bedwell's new home west of Plainview to help Mrs. Bedwell celebrate her birthday last Friday. They returned home that night—or the next morning, and all reported a pleasant visit. Making the trip from Quitauque were Mr. and Mrs. Dick Hooks, Mr. and Mrs. Homer Gregg, Mr. and Mrs. Leon Barham, Mr. and Mrs. Odell Setliff and son, Mr. and Mrs. Ralph Carter and children, Mr. and Mrs. J. R. Lusk and children, Mrs. Brunson and Betty. Several friends from Plainview also were present for the pleasant occasion.

TECH LETTER MAN
