CLASS WILL

By Bobby Jack Ham We, the class of 1948, in the town of Quitaque, the county of Briscoe in the State of Texas, being in as good mental condition as usual, and in much better temper than usual, do hereby make this our last will and testament, rendering void

and of no avail any former will or wills that may have been previously made by us during a period of temporary optimism.

And in this maner do we dispose of our possessions:

To the Junior class we give, reluctantly but of necessity, our mantle of dignity. We realize that the class can never fill it but, since it is expected of them, our advice is "Grin and wear it".

To our good friends, the Sophomore class, we leave our patience. It will also be found useful as the only means by which they can endure the Juniors.

To the young and unsophisticated Freshmen we leave a map of the school building, so that they will highway, but if you'll watch as you this year, Richard Tibbetts, Walt- tions and give their recommenda- ther Harold Gattis, Pecan Ga not get lost and roam about in everybody's way looking for their classrooms. We include with this just before you reach the shelter map our little book entitled "How belt where you make the turn to To Tell the Teachers", a pamplet reach the Hamilton home, you will compiled by us after four years of get a very good view of it. The site arduous study.

We also give and bequeath to the teachers our very kindest regards iful. It is a big, rambling cream and our sincere gratitude for their colored brick place, with cream unfailing kindness and aid.

GASOLINE NEWS

Post Office or some where for me or send it by the school children? By Mrs. Sid McFall -Mrs. Sid McFall.

Hello Folks, I've been asked to write some news for the paper Mr. and Mrs. W. E. Helms and every week. Wont you please help Jo Edd spent Saturday and Sunday me by leaving your news at the with her parents at Lockney.

Son McCracken returned home Sunday from taking his sister Miss Mary Jo to Temple where she became the bride of Wade Polk on Saturday, May 15th. We wish them continued happiness.

Mr. and Mrs E. D Richmond and boys were Sunday guests of her mother and sister Mrs. Mattie Mc-Cracken and Miss Mary Ellen. Folks, we still have Sunday School every Sunday at 10 o'clock. Wish that everybody that will, would come. We surely need more people out. Only 12 last Sunday. Sunday May 23, Bro. R. D Trostle

will preach here and every first Sunday Bro. Shannon from Turkey will bring a message. Everyone is invited.

Mrs. Boone McCracken was hostess Friday evening to a few boys of the community to celebrate her son Stewart's 13th birthday. The boys cooked their supper out over a camp fire and had wieners, fried potatoes, pickles, fruit, cake and koolade. Those present were Stewart McCracken, Jo Edd Helms, Bobby Finney, Melvin Carter, Jack McFall, and two girls Mozelle Carter and Glenda Jaun McCracken.

Mr. and Mrs. Boone McCracken and children and Mrs. W. J. Carter made a business trip to Plainview Saturday to have Paulita's glasses changed.

Mr. and Mrs. Raiph Carter and children went to Pampa Sunday and spent the night, then took their small son Melvin to the Amarillo hospital Monday for ear treatment.

There is quite a bit of moving around town now. Mr. and Mrs. Nook Bedwell and children moved nto the back of their store at Quitaque. Mr and Mrs. Ernest Morrison are having to store their things until they can finish their house at Quitaque as they have sold the one they are now living in. The Gene Chandlers sold their house to Mr. and Mrs. J. W. Carter.

Is Servel Available? Of Course! Most Models Now.

We're fortunate, here in the Panhandle, because close to the heart of the world's largest gas fields. W means, of course, that we enjoy gas rates that are an the lowest in the nation.

And that's why Servel gives us a double pay-off in low co operation. Servel's tiny gas flame is famous for economics operating cost everywhere. Here, in the Panhandle, it's exceptionally low.

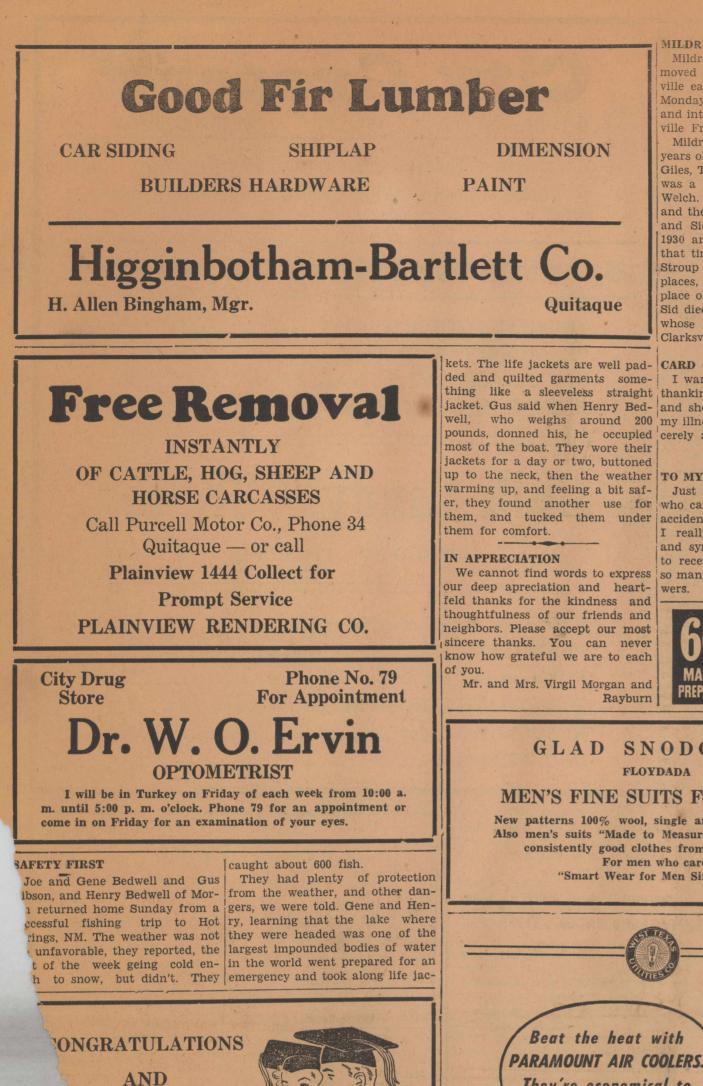

But there's more to it than that. Servel's Gas Refrigerator pays again because maintenance cost is almost unheard of regardless of age or years of service.

You see the Servel Gas Refrigerator has NO MOVING PARTS IN ITS FREEZING SYSTEM. There's no motor, no valves, no piston or pump, no machinery to grind, get noisy and wear out. Just a tiny natural (or liquid) gas flame does all the work. And, whoever heard of a noisy gas flame . . . or, a gas flame wearing out?

Yet, with all its ruggedness, Servel has not sacrificed beauty or convenience. Its gleaming white beauty of styling makes it a welcome addition to any home. Its big frozen food compartment holds a bushel of frozen foods. It's dew-action vegetable fresheners keep vegetables garden-fresh in appearance and taste. Shelves are adjustable to eleven different positions and are plastic-coated to keep them rust-free, scratch-free and make them easy to keep clean. STAY'S SILENT...LASTS LONGER

MILDRED DEMING DIES Mildred Deming, colored, who moved from Quitaque to Clarksville early in February, died there Monday, May 10. Funeral services and interment were held at Clarksville Friday, May 14.

Mildred who would have been 68 years old in November, was born in Giles, Tenn., and her first husband was a Methodist preacher named Welch. They had three sons and he and the sons all have died. Mildred and Sid Deming were married in 1930 and she had lived here from that time, working on the O. W. Stroup and Mrs. Anna Hughes places, until they moved to a little place of their own west of town. Sid died in May, 1945, and Mildred whose health was bad, went to Clarksville to be with relatives.

Thanks, Folks!

We are very happy over the nice reception given our new lumber yard in Turkey and take this means of expressing our thanks and appreciation to our friends for the nice patronage we are receiving and for their many words of encouragement.

New Lumber

We are increasing our stock as fast as possible and this week have received two truck loads of lumber-No. 1 flooring, siding, center-match, shiplap. Also dimensional lumber in 2x4-10 to 18 ft.; 2x6—10 to 18 ft. — and are expecting two more truck loads of lumber the latter part of this week.

We have plenty of metal roofing, hail screen, nails, roofing nails and putty.

Come to see us whether you need building material or not. But if you figure on building, figure with us.

TO ALL OUR FRIENDS AND COSTOMERS

Having leased the Coffee Shop to Mrs. H. K. Carpenter, we want to say a word of thanks for your patronage and appreciation for the fine friendships which we have enjoyed, while operating the cafe.

We trust that you will accord Mrs. Carpenter who will take charge Monday, May 31, the same friendliness and business that it has been our pleasure to receive, and assure you that she will do her best to please everyone.

> THANKS TO EVERYONE. **FAY and OLIVER PAYNE**
