LOCAL TEAMS OPEN BASKETBALL SEASON WITH TWO WINS OVER FLOMOT HIGH SCHOOL

A new basketball season got un- against Hedley and they will wan derway here Tuesday night when to avenge those losses. The teams the local High School teams took would appreciate a bunch of fans on the teams from Flomot.

The Pantherettes won the opener. 37-22 and then defending district champion Panthers clouted the Longhorns 106-28, in one of the highest totals ever run up by any team on the local hardwoods.

Janice Dudley popped the nets for 22 points to lead the pantherettes to victory. Sharon Bailey canned a pair of field goals for 4 points

ing the fate of the Kent Creek Watershed came this week and the word was good—Approved! Thus a dream of several years standing is soon to begin to come true for the planners of this project, which started unfolding in 1954.

Virgil Henson announced announced earlier in the week that the Watershed had been approved and that State officers from Temple and Waco will be here the latter Board of Directors of the Watershed. They will have maps of the Watershed and will go over the plans with the Board and show what their recommendations from the State will be. It is not known how many or which of the struct ures have been approved.

It is believed by the local Board of Directors that around eleven miles of improvements will be made along Kent Creek and that ependitures will run between \$500,000 and \$1 million.

The work will be done by local contractors, and sealed bids will be received after published notification of sealed bids to be received. Each structure will be bid on separately. More definite plans will come when the Board meets with the

WORLD ORDER SUNDAY

October 22nd is designated as "World Order" Sunday at First Methodist Church. The Sunday evening message, "The Stewardship of Christian Unity" will commemorate this special day. Literature on the work of United Nations will be distributed. Most people think of the UN as being only an instrument to strive for peace. Many of its other "Good Samatarian" deeds are unknown. Through WHO and UNICEF the hungry are being fed, the sick healed, travel made safe, and drugs controlled. There are 99 nations who belong to the United Nations Organiza-

Every man, woman, and child of the United States are taxed 78 cents each year to help carry on its work. These and other facts will be presented in the folder to be distributed Sunday, which is entitled, "What Is Your UNQ?"

METHODIST CHURCH BOARD TO MEET MONDAY NIGHT

All members of the five Commis sions of First Methodist Church are being called together for a meeting at 7 o'clock Monday night at the church, and members of the Official Board are to meet at 8 his brother and wife, Mr. and Mrs. o'clock the same evening.

Unseen people at work

What's behind your telephone?

Well, many things. Miles of wire, hundreds of poles, intricate equipment.

... and, unseen people.

Trained, experienced, dedicated people who work hard to provide good telephone service. People who are interested in you and in this community.

Yes, behind your telephone are people ... the people who are, in actual fact, your telephone company.

WEST TEXAS UTILITIES COMPANY RECEIVES SAFE DRIVERS AWARD

National honors for an outstanding safe driving performance have been won again by the employees of the West Teras Utilities Company in the Public Utilities Group 1 Division of the 30th National Fleet

National Safety Council.

Group 1, in which West Texas Utilities Company was the second place winner, was composed of the motor vehicle fleets of 40 major American utility companies. In this group, which was the largest in the and Reporter, Devorah McKay. contest, the vehicles of each of the competing fleets operated 175,000 miles or more per month during

The award is based on the employee's safe driving record for the period from July, 1960 through June 1961. During that period, WTU employees operated 5,227,938 miles vith a rate of .23 of an accident per 100,000 miles of operation.

mployees who operate the comany vehicles," stated Cal Young, WTU President. "This is an honor of which we are very proud.

"We feel strongly that driving safely on our streets, roads and highways is one of our responsibilities to the people we serve. Ours is a service organization, and cerainly the safe operation of the large number of automobiles, pickups and trucks which we operate in 50 counties is as much our responsibility as is good electric service to our customers."

The WTU employees safety activities are directed by Doyle Gray, Safety Engineer, and George Clerk, Jr., manager of the company's Insurance and Safety Department.

Gray accepted the awards for the employees at a luncheon in the LaSalle Hotel's grand ballroom. More than 600 safety experts from the nation's motor transportation industry attended the luncheon.

In presenting the awards, K. K. Halbrooks, Director of Accident Prevention Division, National Auto-Transporters Association. congratulated the winners and other participants on steadily improving their safety performance. The combined average rate of

matically or otherwise so long as the enslavement of the mind and body of man continues as one of the pillars of the communist philosophy, or so long as freedom and dignity of the individual remain a pillar supporting the form of government to which we subscribe. Perhaps a number of rough spots could have been avoided had our diplomatic policies been in the hands of seasoned, experienced and educated diplomats. Certainly, we should make every effort to know and understand what is going on in the rest of the world and try to assign to the trouble spots men of great experience and knowledge in international matters. In order to do this, it will be necessary to cease the assignment to foreign posts of men qualified only by their friendship with the administration in power in this country. We should begin now to build a diplomatic corps that will be open to all citizens of this country willing and able to qualify themselves to serve in that capacity. Legislation is presently pending that would commence this operation, and I sincerely hope it passes.

Whatever may be done, we must recognize that this conflict that began in October, 1917, will continue until the USSR abandons its policy of enslavement or this country abandons the guarantee of freedom spelled out in the Constitution, the latter of which will never occur.
