### CONGRESSMAN WALTER ROGERS' WASHINGTON NEWSLETTER

#### NOW YOU SEE HIM, NOW YOU DON'T

The Russian people must be completely confused by the recent turn of events. Since they are not allowed to speak out and to demand explanations, I wonder what is going on in their minds. It is possible to close the mouth of a human being by duress or otherwise, but it is impossible to stop the thinking machinery of a human being unless you physically destroy the individual. Despite the suppression to which the average Russian has been subjected, he must be presently asking himself, "Who and how much can I believe?" He has been told that the names of Karl Marx, Lenin and Stalin were synonymous with communism. He was first told that the name Trotsky was associated equally with Lenin. You will recall that Trotsky met his end by violence in Mexico. Historians have differed as to why, but they have not differed as to the fact that it was at the hands of the communists that he died.

During the life of Stalin, he was the lord and master of all the Russians and the satellites. Much has been written about the manner in which he wielded his power and his trials and tribulations in maintaining that power. Nevertheless, after his death in 1953, which was questioned in many circles as to its cause, his body was entombed beside that of Lenin. They laid side by side in a tomb in front of the Kremlin wall, adjacent to the vast Red Square. The faithful from all the Russias made their pilgrimage to this tomb to view the remains of these two communists, encased in glass, preserved in some sort of gaseous substance with a faint orange tinge; Lenin with his arms by his sides and his fists clenched, and a stern look on his face; Stalin, to the contrary, with his hands folded across his chest, a faint smile beneath his heavy mustache, his entire body completely relaxed, a picture of serenity—a picture completely contrary to the real Stalin of blood purge fame who has now been denounced and condemned by his fellow travellers, those who no doubt feared during the living days of Stalin that this fate might be visited upon them at any moment.

Why were the Russian people led to believe for more than seven years after his death that Stalin should be revered and worshipped? Had Stalin so entrenched himself with power in depth that it required this length of time to unshackle the stranglehold that he had gained? Surely the Russians must be thinking silently, "If Krushchev was associated with Stalin and his group, as he was, surely he knew the truth about this man. Why did he withhold this information from us these many years? Why has he stood atop the tomb holding the body of Stalin and praised this man to the vast crowds gathered in Red Square on so many occasions?"

Speaking of the thoughts that must be passing through the minds of Russians, it would be interesting to know what Krushchev is thinking. Surely he must be reviewing in his own mind the fate of Trotsky, the fate of Beria, the fate of Molotov, and last but not least, Stalin. He must be convinced that communism will not permit even the dead to rest in peace. He undoubtedly knows what is in store for him. His prime objective is to delay that end as long as possible.

All of the Soviet Republics should take note of what has transpired in this last meeting of the Communist Party Congress. Also, the satellites should view this with alarm. Certainly the newly independent countries should have little difficulty in choosing the path that will be best for their people. What better evidence than the short history of

(Continued On Back Page)

Bruce Patrick, small son of Mr. and Mrs. Arthur (Prof) Patrick had a very narrow escape with death or at least serious injury when he was kicked on the forehead by a horse last Saturday afternoon.

The mishap occurred at the home of his uncle and aunt, Mr. and Mrs. Earl Patrick.

According to reports received by the Tribune the lad had been riding a horse with his uncle, Earl, and they had returned to the barns and were feeding the stock when he got too close to the horse and was kicked.

The young fellow, who is about four years old, was rushed to the hospital at Lockney and although he is still there and running some temperature, it is believed that his injuries were not too serious. His face is still quite swollen.

## With The Sick

### W. J. CARTER IN HOSPITAL

Mr. W. J. Carter was taken to Stanley Hospital at Matador Wednesday of last week, suffering from low blood pressure and a near bout with pneumonia. Those visiting him Sunday were Mr. and Mrs. Clyde Monk and Linda of Muleshoe; Mr. and Mrs. Alvie Francis, Barry, and Becky of Silvertown; Mr. and Mrs. Ralph Carter; Mr. and Mrs. Boone McCracken; Mr. and Mrs. H. B. Finney; Mr. and Mrs. Johnny Brummett; Mr. and Mrs. Dick Hooks; Mr. and Mrs. John Rogers; Mrs. Walter Taylor, Lynette and Anna Jean; Mary Ellen McCracken; and Mr. and Mrs. E. D. Richmond of Turkey.

Mrs. Carter received word Tuesday morning that Mr. Carter was still running a little temperature and that it would probably be at least two more days before he would be allowed to return home.

### UNDERGOES SURGERY

Tom Persons of Plainview, son of Mr. and Mrs. Ray Persons, underwent emergency surgery Saturday evening at the Medical Center in Plainview. His condition was reported as satisfactory Sunday.

Mrs. B. K. Hamilton returned home Wednesday of last week after a ten day stay in Fort Worth with her daughter, Mrs. Jack Meeks and family. Mrs. Hamilton was under the care of a doctor for a back ailment while in Fort Worth. Mr. Hamilton drove down on Monday for a couple of days visit before returning Mrs. Hamilton home. She had a final check with her doctor before returning here. Her condition is much improved but she will have to take things easy for several weeks.

### HOME FROM HOSPITAL

Marvin Tracy, who has been a patient at Stanley Hospital for the past several days was returned to his home here Monday afternoon.

Among those visiting Mr. Tracy Sunday at the hospital were Mrs. W. E. Morrison, Mrs. Joe Woodruff, Misses Ina and Euna Bradshaw and all of them visited Mr. W. J. Carter, who is also a patient there.

Gus Gibson, Sr. was a patient at Stanley Hospital in Matador from Wednesday until Saturday of last week.

Mrs. Bill Woods and Earl Lee and Mrs. E. A. Puckett visited with Mr. and Mrs. Weldon Griffin and baby daughter, in Tulsa, Okla. over the week-end. Mrs. Puckett saw her great-granddaughter for the first time.

Sunday dinner guests at the Edgar Morrisons were all of their children and their families: Mr. and Mrs. Ray Morrison and son of Dallas; Mr. and Mrs. James Washington, Janie and Alicia of Springlake; Mr. and Mrs. Glynn Morrison and family; Mr. and Mrs. Jack Morrison and son; Earl Morrison and Geneva Curtis.

## MRS. JAMES BRUNSON BUYS TAILOR SHOP

Elsewhere in this issue of the Tribune will be found the announcement that Mrs. James Brunson has bought the Quitaque Cleaners and will reopen the shop for business on Friday of this week.

Mrs. Brunson states that she will strive to give the very best in cleaning and tailoring service, just as has been the custom of the Quitaque Cleaners in past years.

Mrs. Brunson has not secured all of her helpers as this is being written but experienced help will be hired to assist her in the business.

Mrs. Brunson will appreciate your business and assures you that satisfaction is guaranteed.

### IN-SERVICE TRAINING DATE CHANGED

Supt. Johnny Mason announces that the In-Service training for the local teachers will be held next Wednesday, November 15 instead of the last Wednesday of the month as previously scheduled. The buses will run early that day so parents can expect their children home early on that day.

Reason for the change is because of scheduling differences encountered by some of those who are to appear on the program that day.

Supt. Mason states that as far as he knows at the present time, this is the only change in the In-Service Training schedule for the year.

### STATE SOIL TESTING LAB EXPANDED

College Station, Nov. 8 — The increasing interest in soil testing, as the foundation for soil improving programs and the resulting increase in the number of soil samples submitted to the State Laboratory, has necessitated expansion of the facilities, said, Dr. R. E. Patterson, Dean of Agriculture at Texas A&M College.

Dean Patterson added farmers and ranchmen have found that crop and pasture yields can be increased by following recommendations supplied by the Laboratory Soil tests will determine the proper amounts and kinds of fertilizers, and limestone required for profitable production.

The new laboratory, located on the second floor of the College's Old Creamery Building, was put into operation immediately after the move on October 26. It will continue to be operated by the Texas Agriculture Extension Service with Extension Soil Chemist W. F. Bennett in charge.

In commenting on the new facility, Extension Director John E. Hutchison said, "The new laboratory will enable us to provide better service to the agriculturists of the state. The new quarters will provide additional space and increase the capacity of the laboratory."

In addition to the State Laboratory, the Extension Service also operates facilities at Seymour and Lubbock. During the past year, September 1960 through August 1961, the three labs handled 13,987 soil samples. Harris County was high with 702 samples submitted.

Castro, Parmer, Lamb, Hale and Wilbarger counties followed in that order. Samples were also received and tested from seven other states and from Mexico, Brazil, Argentina, The Bahamas and Virgin Islands. The High Plains Laboratory at Lubbock began operation last November, which is under the supervision of J. H. Valentine. Baylor County Agent R. L. McClung is in charge of the Seymour facility.

Mr. and Mrs. Jack Grundy of Houston spent Saturday night with his parents, Mr. and Mrs. I. G. Grundy. They had attended Tech Homecoming at Lubbock and visited with their son, Richard, who is a student at Tech.

## Lions Roar -

(By George R. Colvin)

The Quitaque Lions enjoyed another delicious meal and nice program Monday evening at their regular meeting at the School Cafeteria. I have been informed that the Quitaque Lions Club has some real good programs for the future. So-o, you Lions keep that in mind. There may be some that you will not want to miss.

The program Monday night was presented by Lion James Holman. It was about our Possessions. Lion Holman pointed out that we never possess anything until we use it. In this he pointed out three of our possessions. The first of these was "Opportunity to Improve, or To Be Better than We Are." The second possession is "We Are Entitled to Happiness", and we can best secure this in service to others. The third great possession that we have is "Religious Freedom," and if we do not use it there is danger of our losing it.

At the Directors meeting Monday morning at 6 o'clock it was agreed to sponsor a Lions Zone meeting Nov. 9. The Turkey Shoot was set for Nov. 18th with the following committeemen named: Jack Morrison, general chairman; Bill Griffin, Publicity Chairman; O. R. Stark and Ray Doyle Ramsey in charge of ticket sales and list but not least, Elmer Berryhill & James Brunson are to secure the Turkeys.

They say there is always one Smart Aleck in every crowd. There must have been one at the Director's meeting, for such a diabolical plot as come out of that meeting is seldom conceived. It seems that some one thought it would be a good idea for the last Lion to arrive at each meeting to have the pleasure of taking care of a pig for two weeks. That honor this time went to Lion Sid Bogan.

You Lions remember there will be some good programs coming up, and it might be a good idea to get there a little early.

### OES SPONSORING 42 PARTY

Autin, Nov. 8 — Dove hunting in the Northern Zone of Texas came to a legal end at sunset, October 30. It will now be illegal to shoot mourning doves in this area. The South Zone season will be open until sunset on Dec. 5, except in the Rio Grande Valley, where mourners were killed during the three-day white-wing season. In that area the season will close at sunset, Dec. 2.

Mr. and Mrs. J. T. Rogers, Jr. spent the weekend in Sudan, visiting at the home of her uncle and aunt, Mr. and Mrs. Griff Boyles, and Mr. and Mrs. Bill Boyles and family and Mr. and Mrs. Adrian Martin and family.

Mr. and Mrs. O. R. Stark spent the week-end in Lubbock, attending Tech Homecoming.

## CUB SCOUT PACK TO BE ORGANIZED HERE

Boys, ages 8-11 will be glad to know that Cub Scouts will again be in operation in Quitaque.

Monday night, November 13th, at the close of the PTA meeting at the school, there will be a meeting with interested boys and parents to discuss details.

First Methodist Church has agreed to be the sponsoring organization, with Jack Morrison as Cubmaster and Walter Taylor as assistant Cubmaster. Jimmy Davidson will be Chairman of the Pack Committee, and George Ray Colvin the Institutional Representative. Grady Tyler and John Fulton are on the Pack Committee and others will probably be added to that committee as they agree to serve.

Den Mothers are needed. No more than 8 boys will be allowed

## PTA To Meet Monday Night

The Quitaque Parent Teachers Association will have its first meeting of the year Monday night at 7:30 at the School auditorium. The first four grades will have charge of the program.

Everyone is urged and invited to attend this very important meeting.

### "JUNGLE WONDERS" TO BE PRESENTED AT SCHOOL AUDITORIUM MONDAY AFTERNOON

The Augsburgs have spent much of their time studying Zoology. As representatives of the United States Society of Zoology, they have presented their program to student groups all over the United States.

The children will enjoy the antics of the monkeys, and the clever tricks the dogs perform. Gus and Casey bring to their audience a perfect example of what kindness, patience and training can do with animals.

A real trouper is Boon, a Hamadryas Baboon, an unusual animal who does a variety of tricks—even a ball game. Watch for the surprises in Boon's act.

You will be amazed at the dogs—among them Irish Setters and others of no so certain ancestry. These little dogs sit up, shake hand and do all sorts of tricks.

Even the grownups will join the kids in their enjoyment of Judy, a Rhesus monkey and Mary Jane, a Guenée Baboon, as they go to school and have a baboon tea party.

ADD . . . entertaining monkeys, plus remarkable baboons, plus amazing dogs, plus all the charm and showmanship of Gus and Casey and you will have a show no one will want to pass up.

The Augsburgs' "Jungle Wonders" will be presented in the School auditorium next Monday, Nov. 13, at 1:00 P. M. under the sponsorship of the Panther Club. Admission prices for the show will be 15 cents for elementary grades, 20 cents for High School students and 25 cents for adults. Everyone is invited to attend the show.

Mr. and Mrs. Warren Carpenter and Renee and Mr. and Mrs. Mort Hawkins visited the museum at Canyon Sunday afternoon. There is an art exhibit on display on the third floor of the museum and will remain on exhibit through the month of November. Mrs. Ewing Vaughan, sister-in-law of Mrs. Gaston Owens, has several pictures on display there. The public is invited to visit this display. Tea was served to the visitors Sunday.

Mr. and Mrs. John Reagan and Frieda visited the Reagan's daughter and her family, Mr. and Mrs. Kenneth Murdock and children in Lockney over the week-end.

In a den, and older, more experienced Boy Scouts will serve each den as Den Chiefs. Dens can only be organized as mothers are available to serve as Den Mothers. Boys whose parents are helping in the organization will be given first preference in enrollment. There may be but one den of 8 boys to begin with, but there can be others depending on the response. Mothers who are interested and would like more details may call Cubmaster Jack Morrison. Scoutmaster Paul Bailey is giving his full cooperation and encouragement. Since he has served as Cubmaster in the past, he can answer many questions.

An enrollment fee of \$2 will be collected from each boy. He will then be asked to bring 10 cents to each den meeting.

## Panthers Slip Past Owls, 59-47

## Driver Education Auto Delivered To Local School

Supt. Johnny Mason reported this week that the automobile to be used in the Driver Education classes has been delivered to the local schools.

The car, a white 1962 Bel Air Chevrolet, is being furnished the Quitaque Schools by Simpson Chevrolet Co. of Silvertown.

The new Chevrolet is equipped with safety belts and later on will have dual controls installed, although at the present time is equipped with only the conventional controls.

Mr. Mason, who is the instructor in the Driver Education classes, says that the students will be driving on the local streets and roads, and that many of the drivers are beginners and requests that local people be on the lookout for the auto and to give the new drivers all the breaks.

The Driver Training program enables a student to learn the traffic laws and signs under a state certified driver training instructor. After spending 30 hours in the classroom the student is required to pass the state written exam. If he passes he is issued an operator's license just like the one possessed by adults. However, there is a restriction placed on his license which requires him to have a licensed driver in the front seat when he is in physical control of the car on public streets and roads. This restriction is removed after the student drives 6 hours behind the wheel and passes the driving exam at the end of the semester. If the student satisfactorily completes the course he also earns ½ credit which can be counted toward graduation.

Too any student who drives recklessly or drives in such a manner as to endanger life or property can be dropped from the course without credit.

### DOVE SHOOTING SEASON ENDED

The Quitaque Eastern Star is sponsoring a 42 party at the School House, Friday evening, Nov. 10, at 7 o'clock.

Admission prices will be 50 cents per person and refreshments will be served.

### MAYOR'S PROCLAMATION

Whereas the strength of America and the greatness of Texas was founded and has thrived upon individual and mutual contributions by agriculture, labor, business and industry; and

Whereas these groups contribute greatly to the prosperity of this area and to the well-being of consumer throughout the state and nation, and

Whereas a greater recognition of the interdependence between agriculture, business, labor and industry will lead to a better mutual appreciation of the contributions of each:

Now, therefore, I, Alton Johnson, Mayor of the City of Quitaque, do hereby designate the period from Nov. 17 through Nov. 23, Farm-City Week in Quitaque, to be observed as an integral part of National Farm-City Week.

I request local groups, civic clubs, and farm organizations to emphasize the interdependence between the family farm and the city in their programs at meetings; in discussions, exhibits, pageants and whatever other means will strengthen the ties and increase the appreciation of the value of these contributions to the welfare of the city of Quitaque and the surrounding area by agriculture labor, business and industry.

IN WITNESS WHEREOF, I have hereunto set my hand at the City of Quitaque, this 8th day of November, in the year of our Lord nineteen hundred and sixty one.

Quitaque High School's basketball teams drove over to Hedley Tuesday night and split a double-header with the Owls and Owlettes, the Panthers easing by the Owls 59-47, while the Pantherettes were beaten 45-18.

The Owlettes are just too much for the Pantherettes to handle, and the margin of victory could have been much greater than it was.

Janice Dudley again led in the scoring column for the local lassies with 12 points; Jimmy Mayfield dropped in a pair of field goals for four points and Judy Colvin and Chloez Woods each made one free shot to round out the scoring for the Pantherettes. The Hedley girls have a very fine team and will be hard to beat this season.

The Panthers tamed the Owls to the tune of 79-47 here two weeks ago and last night the Owls again got 47 points but the Panthers were able to rack up 59 points this time with the starters playing all the way. The hustling Owls have come a long way in the past two weeks and it might be just as well that the Panthers do not have to meet them again this season—at least for awhile.

Sammy Johnston led the Panthers with 25 points. The game was close all the way. The Panthers led all the way, scoring first and building 14-8 lead at the end of the first period of play. The Owls kept pecking away during the second quarter and at one time narrowed the lead to 2 points but could never quite close the gap and were behind at halftime 20-24. The Panthers increased their margin to seven points, 40-33 at the end of three periods and during the fourth quarter started to pull away and wound up with a 12-point 59-47 victory.

This was a good game for the Panthers, who were not really tested in their first two outings.

Tuesday night saw the Panthers having to hustle all the way and work for every point. The Hedley crew comes to play and they crowd you all the way and are going to be hard to handle as the season progresses.

Here is the scoring:

	FG	FT	PF	TP
Starkey, James	5	2	1	12
Johnston, Sam	12	1	2	25
Monk, Dellis	3	8	4	14
Johnson, Jack	2	0	1	4
Phelps, Robert	2	0	1	4
TOTALS:	24	11	9	59

Free throws missed: Starkey 0; S. Johnston 1; Monk 4; J. Johnson 2; Phelps 1.

Next Tuesday night, November 14, the Pantherettes and Panthers host the teams from Clarendon High school. These should be a pair of good ball games and local fans are urged to turn out and see our teams in action. Game time is at 7 o'clock.

Friday night of next week the local teams go to Roaring Springs for a pair of games.

### MR. AND MRS. BUDDY COLVIN ARE PARENTS OF A SON

Mr. and Mrs. Buddy Colvin are the proud parents of a new son, born Monday, October 30, at 5:17 A. M. in a hospital at Big Spring. He was named James Marcel and he weighed 7 pounds and 14 ounces.

Grandparents are Mr. and Mrs. George Ray Colvin of Quitaque and Mr. and Mrs. Joe Gilmore of O'Donnel. This is the first grandchild for either family. Mr. and Mrs. George Ray Colvin visited the new grandson at the Joe Gilmore's Sunday. George Ray said he could see no resemblance between himself and the new grandson except the big feet and hands.

Mr. and Mrs. A. C. Barrett and Mr. and Mrs. Clarence Barrett visited Tom persons and Mrs. J. N. Hamilton in Plainview hospitals Sunday afternoon. They also visited little Bruce Patrick in Lockney General Hospital.

## LOCALS

Mr. and Mrs. Homer Gregg of Plainview visited friends and relatives here in Quitaque Sunday.

Mr. and Mrs. Perry Vines, Morzetta and Kenneth spent Sunday afternoon in Brice at the home of his parents, Mr. and Mrs. W. M. Vines.

Mrs. Johnnie Morrison and Mrs. Ruby Cushmanberry attended a bridal shower for their niece, Mrs. Morris Troxell, nee Earnestine Young at Memphis Thursday night.

Layne Cushmanberry of Amarillo spent the weekend with his parents, Mr. and Mrs. Reg Cushmanberry.

Lela Mae Hutcheson, Myrtice Gillespie and Mrs. Paul Bailey were in Lubbock Sunday afternoon.

Mr. and Mrs. Cecil Seaneys and children of McLean stopped by in

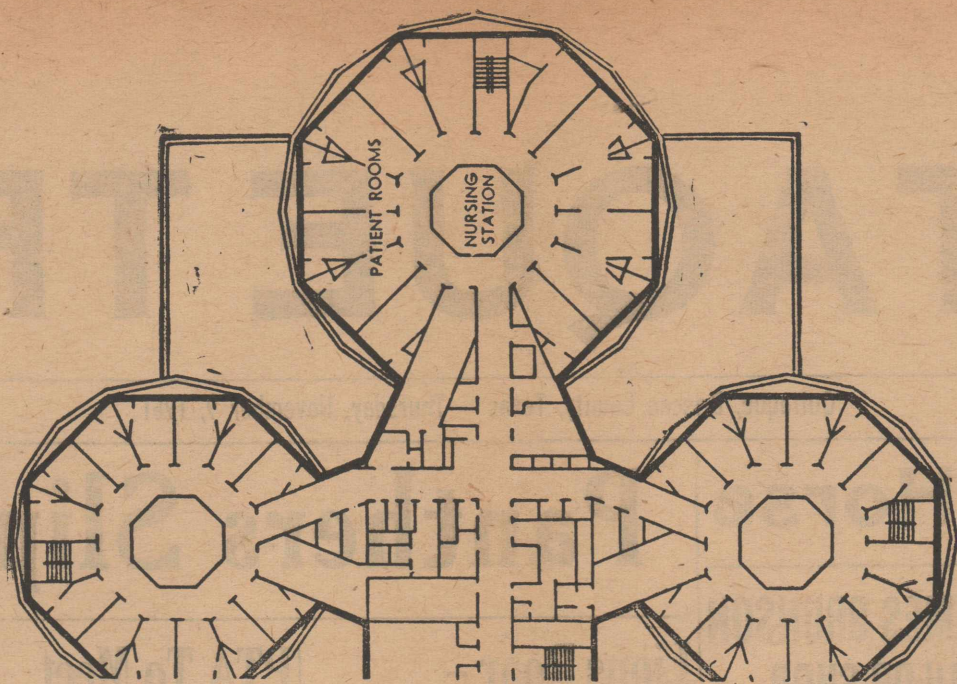

Quitaque for a visit with her parents, Mr. and Mrs. A. C. Barrett Sunday afternoon and found no one at home. The Barretts were in Plainview. The Seaneys left a note saying that they had been here.

George Seaneys of Silverton was a Quitaque business visitor Monday morning. He stopped at the A. C. Barretts for a short visit.

Mrs. Buster Chadwick and Mrs. Vance Robison were business visitors in Plainview Tuesday.

Mr. and Mrs. Gaston Owens and Eddie spent Sunday afternoon in Silverton with Mrs. Owens' brothers, Eural Vaughan and Mr. and Mrs. Ewing Vaughan.

It was reported here over the weekend that Jack Holcomb has completed treatments at Northwest Texas Hospital in Amarillo and is showing improvement. He hopes

### NEW HOSPITAL CONCEPT —

No patient's room will be more than a half-dozen steps from a nursing station in the new Scott and White Memorial Hospital and Clinic to be built in Temple. Ground will

be broken Dec. 2 by Vice President Lyndon B. Johnson on the \$8 million structure. Patient rooms are in tiers around central nursing stations, and the central part of the building itself houses clinic fa-

cilities such as X-ray. First floor will house consultation and examination rooms. Later, additional medical education buildings will be erected on the 300-acre campus.

to visit in Quitaque one day this week if he feels up to the trip.

Mr. and Mrs. Hugh Reed of Wichita Falls spent from Friday until Sunday with her brother, H. B. and Mrs. Finney.

Mr. and Mrs. Corky Morris and Celia spent the weekend at the home of his parents, Mr. and Mrs. Buddy Morris.

Mr. and Mrs. Orlin Stark visited Mr. and Mrs. Bill Middleton in Amarillo Saturday evening.

Mr. and Mrs. M. L. Roberson and Minnie Mae Roberson visited Mrs. Dutch Tidwell in Tulia Sunday afternoon. They had planned to visit Mrs. Tidwell's mother, Mrs. Frances Christopher who has been in the Tulia Hospital for several weeks but her condition did not permit her to receive visitors Sunday.

Mrs. H. B. Finney drove to Amarillo Thursday afternoon and spent the night with her daughter, Mrs. Ronald Kaiser and her family.

Mr. and Mrs. Edgar Jouett of Alamogordo, N. M. and Mr. and Mrs. E. G. Johnson and Wayne of Estelline were week-end visitors at the home of Mr. and Mrs. Travis Morrison.

Visitors at the home of their parents, Mr. and Mrs. H. S. Foster, over the week-end were Mr. and

Mrs. Zack Foster and family of Dalhart; Mr. and Mrs. Artie Dockery and family of Lubbock; Mr. and Mrs. Wilbert Barbican and family of Amarillo; and Mr. and Mrs. Jimmy Fred Foster and family of Estelline. Also visiting at the Foster home were Mr. and Mrs. Phillips and family of Parnell and Elmer McCarvin of Luther Ranch.

Join the Cub Scouts—Calling all boys ages 8, 9 & 10 as the Cub Scouting program awaits you with lots of things to do; handicraft, games, ceremonies, trips, tours, and the opportunity to wear a Cub uniform and to have fun with a group of boys your own age. Remember — be at the Methodist Church next Monday night.

Mr. and Mrs. John Kinug visited their son and wife, Mr. and Mrs. Jerry King in Silverton Sunday afternoon.

Mr. and Mrs. Bob Morris and children visited their parents, Mr. and Mrs. C. H. Hamner and Mr. and Mrs. A. L. Morris over the weekend.

Mr. and Mrs. J. C. Cates of Spearman visited his sister and her family the Joe Bedwell's, and Mrs. Cates' relatives, the Johnny Brummetts and the Horace McDonald family from Wednesday until Friday of last week.

Mrs. Buddy Riddle and children

of Fort Worth spent the week-end with her parents, Mr. and Mrs. Joe Bedwell and Donna.

### WAYLAND HOMECOMING SET FOR NOVEMBER 17 & 18

Plainview — (Spl) Happy Holidays is the theme for the tenth annual Homecoming at Wayland Baptist College, Plainview, when a full schedule of activity is planned for Nov. 17-18.

Reigning over festivities will be the Homecoming Queen chosen from a regal array of 12 young women from six states and Japan.

The student body elects the queen after appearances in talent and style shows.

Starting off festivities will be the Homecoming play, "Tiger at the Gates," with performances set for Nov. 16-17. The Association of Former students will sponsor a chapel program Nov. 17 with Dr. S. Boyd Stewart, chairman of the division of arts and sciences at Texas College of Arts and Sciences, Kingsville, as featured speaker. During the chapel the Coming Home Queen, elected from the honor class of 1941 by her former classmates, will be presented.

Perhaps the most thrilling moment of all, at least for one young lady, will be the crowning of the Homecoming Queen at the Nov.

The Quitaque Tribune — Thursday, November 9, 1961

## APPLE PECAN ROLLS make a Good Breakfast Better

Their plumes of cinnamon and apple drifting through the house make these rolls warm persuaders for generous breakfasts.

They whip up appetites. Before you know it, the members of the family are eating—and enjoying—the sound breakfast essential to build quick energy for the morning's work.

These Apple Pecan Rolls are light and hot and love to drink up butter. Spicy with cinnamon, with a taffy-like topping, each bite is crunchy with nuts and tastes of apples. With good reason! The rolls enfold a thick filling of canned apple sauce and pecans blended with butter and brown sugar. And they stay so fresh and moist they can be made the afternoon before and just reheated in the morning.

1 package roll mix	1 1/2 cups canned apple sauce
2 tablespoons sugar	1/2 cup brown sugar
6 tablespoons butter or margarine	1/2 cup chopped pecans
	Cinnamon

Prepare roll mix according to directions on package, adding 2 tablespoons of sugar. Cover; let rise until double in bulk.

Add 2 tablespoons butter to apple sauce; cook 10 minutes to evaporate some of the liquid, stirring occasionally; cool. Melt remaining 4 tablespoons butter in 9"x9"x2" pan; add brown sugar and heat until melted.

Roll out dough to 17"x9"x1 1/2" rectangle; spread with cooled apple sauce, sprinkle with pecans and cinnamon; roll up jelly roll fashion. Slice in 1" slices. Arrange cut side up in pan on sugar mixture. Cover; let rise until double in bulk. Bake in hot oven, 400 degrees, 20-25 minutes. Serve warm. Makes 16 rolls.

17 banquet. Her identity will not be revealed until then. After the coronation the Queen and her court will have places of honor at the play starting at 8:15 P. M.

Saturday's festivities start with a parade in downtown Plainview at 10:30 A. M. After the procession of campus floats and bands from nearby high schools, the children of former students will stage a baby parade through "Story Book Land," one of the most popular activities for former Waylanders.

Famished students, faculty and friends will replenish their energy from the noon barbecue before they attend the concert by Reese Air Force Band and the talent show scheduled Saturday afternoon. Reunions for the classes of 1921, 1931,

1941, and 1951 will be Saturday afternoon at 4 o'clock.

After sparking their spirit at a bonfire and pep rally, everyone will be ready for the climaxing event — Homecoming basketball games when the Flying Queens, six times National AAU champions, meet the Boosters from Topeka, Kansas, and the Pioneers play the Southeastern Oklahoma Savages, from Durant. During the halftime of the game, prizes will be awarded for the best float, the best dorm display and the best nurtured beard, grown for the annual celebration.

Boy Scouting is for all boys, regardless of race, creed, color, or economic conditions.

 Sunday Evening — A special program.

## FIRST METHODIST NEWS NOTES — THREE SPECIAL EVENTS

The First Methodist Church is looking forward to three special events to occur during the Thanksgiving season. On Nov. 15th the youth of the church will have their annual Thanksgiving Banquet. Two turkeys have already been ordered for this feast. Rev. Dan Solomon, assistant minister of the First Methodist Church in Plainview, has been secured as the banquet speaker. The youth are allowed to bring friends to enjoy this with them.

Then, on Sunday, Nov. 19th, the great Thanksgiving Offering for

## CHURCH OF CHRIST

Morning Service 10:30  
 Evening Service 6:00  
 Bible Study  
 Wednesday 7:30

"Others" will be given to pay at least half the church's benevolences for the year. The minimum goal is \$1200, and it is hoped that the spirit of Thanksgiving to God will be such that the goal will be surpassed. Everything given beyond that minimum goal will mean that much less to raise at Easter. The money goes for the support of missionaries, retired ministers, schools and colleges, hospitals, home missions, and many other vital aspects of the Kingdom of our Lord. From this offering a percentage will go to the American Bible Society to help translate the Scriptures into languages, that as yet have no Bible.

On Sunday evening of the 19th, comes the United Thanksgiving Service of Quitaque where all Christians of all churches will be invited to come together to give thanks to God in a united manner. The service this year will be at the Methodist Church. A Community Choir will sing. All those loving to sing are invited to participate in this choir.

## CAROL CHOIR NEWS

The Carol Choir met Sunday, Nov. 5 at First Baptist Church. Those attending were Johnny Griffin, Danny Brooks, Anita Hunter, Sherry Stark, with Peggy Stephens substituting for Mrs. Cora Gragson, who was ill. The songs practiced were "Jesus Was Born In Bethlehem", "How Tall the Tree", and "Sing! Sing! Sing!" We hope that everyone will be practiced next Sunday afternoon.

—Reporter Sherry Stark

Cub Scouting is fun. There are almost 4,000 Cub Scouts in the South Plains Council. Cubbing is open to all boys who are between the ages of 8 and 10. Join in the fun.

Mrs. Mary Johnston and Mrs. Jewel Everhart of Lefors are visiting the Wallace Johnston's and the Odell Johnston's this week.

## MARSHALL FORMBY TO BE CANDIDATE FOR GOVERNOR

Marshall Formby says he is going to make a formal announcement as Democratic candidate for Governor in January.

Formby, who is a former Chairman of the Texas Highway Commission, says that he will have planks in his platform to simplify the tax system and to change the "unfair merit automobile insurance plan".

"Our taxing system is in a muddle," he said. "Cost of collecting the present sales tax is too costly and troublesome."

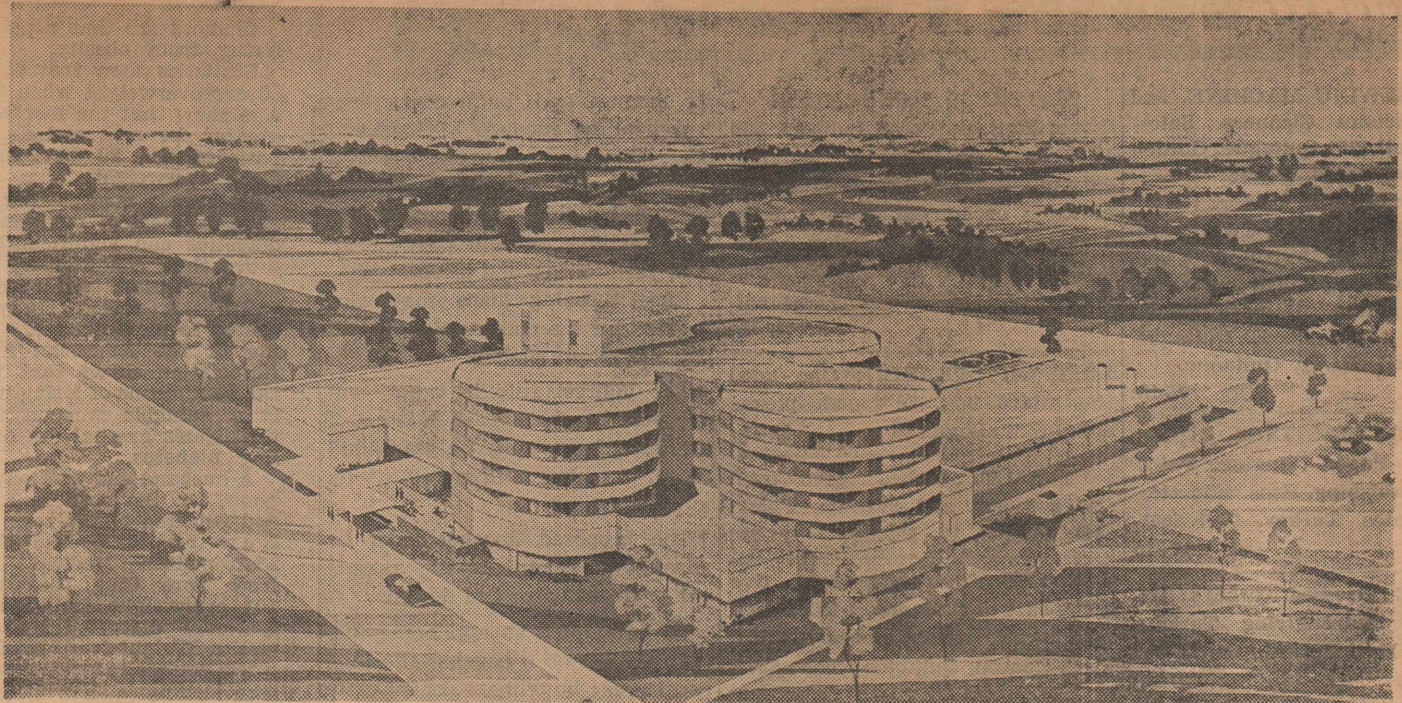

He said he is vigorously against the plan which is now in effect by orders of the State Insurance Board. Under the system, a driver who is convicted for a moving violation not only pays the ordinary fine but must pay a penalty in his insurance premiums for three years.

"I don't think that a driver who is convicted of a minor traffic violation should be penalized \$60 to \$100 a year in insurance payments during the next three years," Formby said. "Going 35 miles an hour in a 30-mile zone does not necessarily make a man an unsafe driver."

Formby, a practicing attorney says: "When a man is convicted of a traffic violation or any crime, the court sets a penalty as provided by law as his punishment. Under the ruling of the Insurance Board, a driver convicted of a minor traffic violation not only pays the fine provided by law but he also must pay the insurance penalty for three years as set out by the Insurance Board. To me, this is double jeopardy."

Formby was born in Hopkins County in East Texas. He now lives in Plainview. While a member of the State Highway Commission he was a strong advocate of the Farm-to-Market road system.

## NEW SCOTT AND WHITE HOSPITAL TO BE BUILT AT TEMPLE

Temple, Texas — Remember when you were in the hospital, how you rang for the nurse and had to wait such a long time for her to make the trip down the hall to your room?

That won't happen at the new Scott and White Memorial Hospital and Clinic to be built at Temple. It is only six steps from the nurses' station to any room in the entire hospital!

This will be possible by making each floor of the hospital in a circle around the nursing station. There will be three short "towers" of such floors, each six floors high, to be sure that nurses can get to any of the 253 beds without delay.

Ground will be broken on the \$3 million structure on Dec. 2 when Vice President Lyndon B. Johnson joins the president of the American Medical Association and the head of Mayo Clinic in ceremonies at the 300-acre site on a hill overlooking Temple from the South.

The circular hospital units will be

Since the founding of the Boy Scouts of America in 1910, millions of American men and women have joined in helping fulfill its purpose and in so doing have built a movement which is a vital part of the American life.

Mr. and Mrs. Am Rorie and children of Fort Worth spent the weekend with her father and brothers, Mr. Floyd Tiffin, Cowboy and J. B.

The hand that lifts the cup that cheers, is not the hand to shift the gears.

The coating of civilization is so thin that it often comes off with a little alcohol.

situated on each side of central clinic facilities which will provide consultation and examining rooms for 56 staff specialists and 40 intern and resident physicians, accommodating up to 50,000 patient registrations a year.

Also in the non-profit institution will be laboratory facilities for research as well as classrooms and libraries for the 71-year-old organization's medical education programs.

Design for the nursing unit is based on results of a research project out by the Methodist Hospital and Mayo Clinic in Rochester, Minn., with the assistance of Ellerbe and Co., consulting architects.

Texas architect is the Wyatt C. Hedrick firm in Fort Worth. They have called for bids, which will be opened November 28, in Temple.

Scott and White registered more than 40,000 patients in 1960 and its facilities have attended patients from each of Texas' 254 counties, from 43 other states and 12 foreign

countries. Graduate medical education in eight specialty fields have been extended to 527 intern and resident physicians who are now serving patients throughout the U. S. particularly in Texas and the Southwest. More than 1,000 nurses have been graduated from the Scott and White School of Nursing.

As the Temple Division of the University of Texas Postgraduate School of Medicine, Scott and White conducts diagnostic and treatment conferences for physicians and surgeons throughout the Southwest. Its basic research facilities have been widely acclaimed, and the new research center will bear the name of Olin Culberson, long time member of the Texas Railroad Commission.

Staff specialists at the memorial hospital work as a team through group practice, giving each patient the advantage of a special task force suited to his particular needs. Doctor's pay is limited to salaries, which are fixed by the trustees of

the hospital foundation. All revenue in excess of their modest salaries must be used in either medical education or research at the hospital.

Russian communism. Although retribution is slow, it is sure, as can be testified to by Hitler, Mussolini, now Stalin and, in the not too distant future, Mr. Krushchev.  
The comrades will be so busy burying and re-burying each other that they will have little time to carry out their threat to bury this country, which they now know was the height of fantasy.

**RURAL HOUSING LOANS PROGRAM EXPANDED**  
Families living in small rural communities and in rural areas, even though not engaged in farming may now be eligible for the housing loans made by the Farmers Home Administration, according to Claude Moore, the agency's county supervisor for Swisher and Briscoe counties.  
The Housing Act of 1961 broadened the eligibility requirements for rural housing loans. As a result owners of non-farm tracts in rural areas and in small rural communities of not more than 2,500, as well as farmers, may be eligible for this type of credit.  
"This program is an important new tool in promoting the development of rural areas," Mr. Moore said. "Rural housing loans will not only help families obtain better homes but will put more carpenters, plumbers, and electricians to work, and will increase the sales in lumber yards and building supply firms."  
Housing loans are made for the construction, repair, and remodeling of dwellings and essential farm buildings and to provide water for farmstead and household use.  
In addition to major construction, funds are available to modern-

ize homes—add bathrooms, central heating, modern kitchens, and other home improvements—as well as to enlarge and remodel farm service buildings and put in related facilities such as paved feedlots, yard fences, and driveways.  
Rural housing loans may also be used for the construction of fall-out and storm shelter.

The interest rate is 4 per cent per year on the unpaid balance of the loan. Loans may be rescheduled for repayment over periods up to 33 years.

The proposed housing must be adequate to meet the family's needs yet modest in size and design.

To be eligible an applicant must own a farm or a housing site in a rural area; be without decent, safe and sanitary housing; be unable to obtain needed credit from other sources; and be without sufficient resources to provide the necessary housing on his own account. He must also have or be able to obtain sufficient income to meet payments on existing debts, take care of his other expenses, and make the payments on the proposed loan.

The local county supervisor of the Farmers Home Administration will review building plans and inspect the housing construction as it progresses in order to make certain that the borrower obtains sound and acceptable construction.  
The local county committee of the Farmers Home Administration determines the eligibility of applicants.

Farmers who need to enlarge or develop their farming operations in order to obtain enough income to pay for housing loans may obtain farm enlargement and development loans and farm management help from the Farmers Home Administration.

All loans are secured to the extent necessary to protect the Government's interest. Small improvement loans made in amounts of less than \$1,500 with the payments scheduled over periods up to 10 years may be secured by a promissory note. Other loans are secured by mortgage.

More than \$400 million has been authorized for rural housing over the next four years.

The Housing Act of 1961 also authorizes the Farmers Home Administration to insure loans for housing and related facilities for domestic farm labor. These loans may be made to farm owners, associations of farmers, state and local government units and non-profit associations.

Funds for these insured loans are provided by private investors. The Farmers Home Administration will make and service the loans, and insure their payment.

The total volume of insured loans may not exceed \$25 million in any one year.

Further information on rural housing loans may be obtained at the county office of the the Farmers Home Administration located on the second floor of the Tulia Bank

## Successful Dieting Helps Diabetics

Chances are that a person suffering from diabetes is also suffering from obesity.

Statistics show that 80 to 90 per cent of all diabetics over age 30 are overweight when the diabetes is discovered. The statistics also show that the mortality rate for this disease is 133 per cent greater for men and 83 per cent greater for women when the patients are 20 per cent or more overweight.

Extremely encouraging, however, is medical evidence that diabetics can significantly improve their condition by losing an appropriate amount of weight. A recent study presented to physicians at a meeting of the American Medical Association shows that Metrecal, as a means of losing weight, is a valuable weapon in the physician's arsenal for controlling diabetes.

A husband and wife physician team, Dr. Seymour L. Halpern and Anatred N. Halpern of the New York Medical College, Metropolitan Medical Center, New York City, recently put 101 overweight diabetics on a Metrecal diet for up to 10 weeks. Weight loss varied from a few pounds to several patients who lost more than 30 pounds.

Far more important, however, was the effect of the weight loss on the diabetic condition. Of the 76 patients who were receiving insulin or other anti-

diabetes drugs when they started the program, 21 patients discontinued altogether their diabetic medication after losing weight; 43 patients were able to reduce their medication; and many of the remaining 12 patients, while not changing medication, showed distinct improvement in control of their diabetes.

Almost all of the 101 patients studied had been obese for more than 10 years, and had failed in all attempts at weight reduction until they were put on the Metrecal diet.

The physicians warn, however, that diabetics should undertake a weight control program only under a physician's supervision because it is critical that adjustments be made in the patient's insulin (or related drug) therapy concurrently with the introduction of a change in the diet in order to avoid complications in the delicately balanced metabolism of a diabetic patient.

and Trust Company Building, on Second Street, Tulia, or on Tuesday morning of each week in the basement of the Court House in Silverton.

## DIFFERENT GRADES OF COTTON FROM THE SAME TRAILER

Why are two or more bales from the same trailer of seed cotton sometimes different in grade or staple length? Cotton farmers find this difficult to understand, especially when the cotton was all harvested the same day from a single field.

Anything that affects cotton's rate of growth and maturity, from planting to harvesting, can cause quality variations. A cotton field may contain several types of soil. High and low spots mean that some plants will get more water and plant food than others. Cotton planted in the shady parts of a field or near a dusty road may vary from other parts. Mixed planting seed may yield different qualities. Spot replanted cotton may vary from the early planted cotton.

Timing in the application of fertilizer or insecticides, or failure to apply them evenly, may cause big differences in the rate of plant growth and extent of insect damage. The amount of grass and weeds in different parts of a field may vary extensively due to cul-

tural practices or natural conditions.

There is variation in length of fiber attached to any one seed. There is variation in the size and condition of bolls and the quality of fiber within the boll depending upon its position on the plant.

Good harvesting practices are very important in keeping quality variations to a minimum. Excessive tramping of a portion of cotton in a trailer may cause trash to be difficult or impossible to remove.

The amount of moisture in seed cotton when it goes to the gin affects the efficiency of cleaning and drying equipment, so wet and dry cotton should not be mixed. Cotton picked early in the morning when dew is on or too soon after a shower will have more moisture. Rank cotton stays wet longer. A trailer should always be covered if rain begins to keep the exposed layers from getting wet.

The amount of trash in cotton depends a great deal on whether it hand picked, hand pulled, hand snapped, machine picked or stripped. Careless workers will get more leaf or trash in the cotton they harvest. Mechanical harvesters tend to blow light clean cotton to the rear of the trailer, while heavy trashy, trashy or wet cotton tends to fall in front.

These many variations that oc-

The Quitaque Tribune — Thursday, November 9, 1961

cur in cotton tend to remain localized in the cotton. Saw ginning and lint cleaning have a blending effect but this is largely confined within small areas. This frequently results to these variations being evident in different segments of a bale and the sample.

Poor ginning practices can easily result in different grades of cotton from one trailer even when the seed was uniform. Overflow cotton run back through the driers and cleaners may result in some parts of bales having different qualities.

Feeding too fast often causes a tight seed roll in gin stands, which will turn out a different quality of cotton from those fed at normal speeds. Enough time must be allowed for a clear separation between trailers and between bales, or cotton from one bale may appear as a thin layer, or plate in the next one.

Farmers can help prevent these occurrences by allowing the ginner sufficient time to do his job properly. After investing many months and dollars in a crop of cotton, it is poor business to take unnecessary losses by demanding faster service than the gin can provide when operating properly. It makes sense and perhaps dollars to wait a few more hours or days so that the ginner can do the best possible job.

Determination of the grade and staple by the classer is not based on exact measurements. The human element of judgment is always a factor in grading and stapling cotton. This is particularly true for borderline samples. In these cases a small amount of trash or slightly more color can cause samples from the same load to be given different classifications for grade. The Department has provided for a review classification for any samples which the owner considers to

have been improperly graded or stapled.

The Department makes every effort to fulfill its responsibility to the samples strictly in accordance with the official standards. It is the responsibility of the producer and ginner to do everything they can to preserve the inherent quality of the cotton prior to presentation for classification.

The Department encourages producers, ginners or other interested persons to visit the classing office to become acquainted with how cotton is classed.

Join the Boy Scouts — Calling all boys age 11 to 14 and older. This oldest and proven boy's program awaits you with all the adventure, fun, and great out-of-doors that means camping trips, hikes, cooking meals in the open and learning all the many Scouting skills. Scouts learn many new things and learn of democracy as members of a Patrol and wear a distinctive uniform and can earn badges and receive awards. Inquire with some of your friends who are now Scouts and find out when and how you may become a Boy Scout.
