FARMERS URGED TO HAVE SEED DELINTED SOON AS POSSIBLE
 Mr. I. L. Edgar, manager of the local Farmers Co-op Gin, is urging all farmers to have their cotton seed delinted as soon as they can possibly do so. Please read the ad elsewhere in the Tribune.

Minnie Mae Roberson was delightfully surprised with a visit by a former schoolmate, Jewel E. of Abilene, who spent the week-end with her. Jewel left Quitaque in the early thirties. Five school mates got together for a visit Sunday afternoon. They were Minnie Mae, Jewel, Mary Pittman, Myrtice Gillespie and Geneva Curtis. Mrs. Estelle Thompson was also a dinner guest of Minnie Mae. They spent the afternoon reminiscing and singing old songs that they enjoyed when they were in school together.

Mr. and Mrs. Jack Holcomb visited her mother, Mrs. Fred Lacy in Turkey Monday afternoon.

City Council Calls Election

The Quitaque City Council met in regular session on the first Monday of February and called an election, to be held at the City Hall on the first Tuesday in April, which will be Tuesday, April 3, 1962.
 Purpose of the election is to elect a Mayor and two Councilmen. Those whose terms are expiring are Alton Johnson, Mayor; and the terms of Councilmen W. J. Rice and Joe Bedwell. The remaining three Councilmen, Bert Grundy, O. R. Stark, Jr., and M. L. Roberson, expressed their desire that the three whose terms expire be placed on the ballot for re-election. Others desiring to seek any of these offices must file with the City Secretary not later than 5:00 P.M. March 13, 1962.
 Leon McCracken was appointed to serve as Election Judge, with Mabel Wilson and Eula Morris as Clerks.

Silverton Man Killed In Farm Accident

Services Held For H. P. Ledbetter, Sr. At Silverton

Services were held Saturday afternoon at 4:30 in the First Baptist Church at Silverton for Homer Paul Ledbetter, 79, who died last Thursday at 6:50 P. M. at the home of his son, Paul Ledbetter, Route 1, Silverton.
 The Rev. Carlos McLeod, pastor of First Baptist Church at Silverton, officiated. Interment was in Silverton Cemetery under direction of Roberts Funeral Home. Grandsons acted as pall bearers.
 Mr. Ledbetter was born January 6, 1883, in Buncomb County, N. C. He was married to the former Annie Florence Ingram on Feb. 13, 1905, in Texarkana. She preceded him in death on March 9, 1960.
 The couple came to Briscoe County in 1926 where he engaged in farming. In 1940 they moved to Amarillo where they made their home until her death. He is a long-time member of the First Baptist Church at Silverton.
 Survivors include four sons, Paul of Silverton, Lloyd and Eldon of Amarillo and H. P. Jr. of Fort Collins, Colo.; one daughter, Mrs. Lillius Ruth McJimey, Silverton; three brothers, three sisters; ten grandchildren and ten great-grandchildren.

Mr. and Mrs. Wes Harvey returned last Monday from a week's visit and sight-seeing trip to Houston and Galveston. Their son, Howard Harvey and wife of Amarillo came by for them. They visited Mrs. Howard Harvey's parents, Mr. and Mrs. M. O. Doake at Houston. They drove on to Galveston to visit historical points of interest there. They saw the Texas monument, went through the tunnel where the water above them was deep enough to float ships and rode a ferry boat. Mrs. Harvey said they went over, under and through the water while they were at Galveston. They also saw the Battleship Texas. Mrs. Harvey returned home with a number of souvenirs, including seashells, and moss from the trees. It was a most pleasant trip for them.

Mr. and Mrs. Orval Cobb went to Decatur Wednesday to attend the funeral of an uncle of Mr. Cobb's. Mr. and Mrs. H. O. Dyer accompanied them and will visit two sons in Tyler. Mr. Dyer will celebrate his 78th birthday on Friday, March 9, and he was hoping to be able to do some fishing in the lake near Tyler on his birthday.

Mr. and Mrs. J. C. Rholerick, Jr., Jimmy and Eddie spent last Sunday with his sister, Mrs. Clayton Johnson and her family.

Mr. and Mrs. C. C. Moss of Anson spent the week-end with her parents, Mr. and Mrs. J. T. Bradley, and her sister, the Dick Taylors.

Mr. and Mrs. Hughie Waterman and Mr. and Mrs. Gordon Hewlett and children drove to Lake Altus Sunday sightseeing.

The Tribune received a note this week from Mrs. E. T. Lyons from Truth or Consequences, N. M. stating that her mother, Mrs. J. H. Simmons, who is in Crum Nursing Home at Lockney, is able to have callers and she can have visitors any time during the day or early evening, since there are no special hours such as in a hospital.

Mr. and Mrs. Buster Chadwick, Stephanie and Laqueta drove to Austin Wednesday of last week to attend the Quitaque - Aspermont basketball game. While in Austin they toured the Capitol building, each one sat in the Governor's chair during his absence and visited other points of interest for the children as well as the adults. After leaving Austin, they went on to San Antonio, where they were guests at the home of Buck's brother and his family, Mr. and Mrs. Clarence Chadwick. There they visited the Alamo, the zoo, inspected the largest airplane ever built and attended more historical and educational points of interest. They returned home Sunday night.

Mr. and Mrs. Ray Payne and children spent the weekend in Lubbock with relatives. They visited Mr. and Mrs. F. E. Cook and children, Mr. and Mrs. Roy Matthews and family, and Mr. and Mrs. Ted Matthews and family.

Mr. and Mrs. R. S. Garvin moved to Paducah Tuesday morning. We are sorry to see them go, but due to reasons of health they felt that they must do so to be nearer to medical facilities since they had no transportation to get back and forth for medical attention.

No Extension For Inspection of Motor Vehicles

Austin — Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced today that there will be no extension of the April 15 deadline for inspection of all motor vehicles in Texas.
 "The April 15 deadline this year falls on a Sunday, a day when most inspection stations are closed," Garrison noted. "We are not asking these stations to remain open that day, and, under the law, there can be no extension of the deadline."
 He said approximately 2,000,000 vehicles in the state remain to be inspected during the remaining 10 weeks of the 1962 inspection period. He urged motorists to get their inspection stickers early, pointing out that as the deadline approaches waiting lines will begin forming.
 "We would like to point out that the purpose of motor vehicle inspection is to discover any defect that might become a link in a chain of events leading to an accident," the DPS Director said.
 "It is encouraging to note that since the inspection program began in 1951, vehicles having a defect that was a causative factor in fatal accidents decreased from 13 per cent to three percent."
 Under the law, persons operating vehicles without the 1962 inspection sticker on after April 16 are subject to arrest. Authority to enforce the provisions of the Texas Motor Vehicle Inspection Act is vested in the patrolmen of the Department of Public Safety, Sheriffs and their deputies, and city policemen.

Funeral services were held Thursday, March 8, for Truman Stephens, 34, of Silverton, at the Church of Christ in Silverton.
 Stephens was killed Tuesday night at 11:15 on his farm near Silverton when a tank on which he was welding exploded, killing him almost immediately, according to reports received here. Curtis Monk, who was holding a light for Stephens while he worked, was reported to have been thrown several feet by the blast, was not injured.
 According to details received here, the tank had at one time been used to store gasoline, but has been used lately for hauling water and Stephens thought it would be safe for the welding.
 He was born November 13 1927, in Briscoe County, the son of Mr. and Mrs. Barney Stephens.
 Surviving, in addition to his parents, are his widow, one son Phillip, and one daughter, Becky, all of the home; one sister, Mrs. Robert Isbell, of Aztec, New Mexico.

Dick Taylor took Mr. and Mrs. J. T. Bradley to Plainview Tuesday for medical attention.

Mr. Harold Janeway of Plainview, a staff member of the High Plains Research Foundation at Halfway, was a Quitaque visitor Tuesday. Mr. Janeway does Public Relations work for the Foundation. He was making arrangements for a Board of Trustees meeting later this month and had called on O. R. Stark, a member of the Board. He also paid a visit to the Tribune while in town.

Mr. and Mrs. Horace McDonald and family spent the week-end in Midland with her sister and family, Mr. and Mrs. Roy Monk.

What Is The Bill Of Rights?
 How many Americans know the answer to this question? Each day brings forth on the radio, the television, and the newspapers new suggestions and observations about Communism, what it means, what it stands for, and how to defend against it. Personally, I have always been a member of the school of thought that the best defense is a good offense. When I was in school our football coach told me one day that you could not win a football game unless you could get your hands on the ball. In other words, you can't make a touchdown as long as the opposition has the ball. I began to wonder recently, perhaps we were not giving too much free advertising to Communism and paying too little attention to the priceless heritage that we have. Hence, I set out in a limited way to find out what the average American knows about his country. Feeling that the key to Americanism is the Bill of Rights, I chose it for the key question to be asked. I made a point of asking general questions in different areas of our economy this question: "Where could I find the Bill of Rights?" The right answer is simple. It is, "The Bill of Rights is the first ten amendments to the Constitution of the United States." Out of this question I posed this question: "I got the right answer seven times. In all fairness, I should say that I did not pose this question to people that were known to me, to be so connected with the government or with the legal profession that they would probably know the answer. On the other hand, the ones I put the question to were total strangers to me and the test was conducted over a period of approximately six months in different areas of the nation. The answers ranged from the sublime to the ridiculous. One was a complete recitation of the Bill of Rights, which came from a bearded fellow wearing tennis shoes. He not only recited the ten amendments word for word, but followed me around for ten minutes undertaking to give me additional information for which I had not asked. This experience caused me to suspend the test for about two weeks. The other extreme in answers could be the one which I got from a cab driver. He advised me that he did not know that the Bill of Rights was lost. This opened a very interesting conversation, because I explained to him that there was quite a division of opinion in this country on the subject. I found out that he had no idea where to look for the Bill of Rights, but he assured me that he would look it up and read it word for word.
 In view of these experiences,

Indictments were brought Monday, March 5, against Dallas Eugene Hurt, 34, and his nephew, Roger William Throneberry, 19, by the Briscoe County Grand Jury, in the automobile death of W. A. Stephens. Both are being held in lieu of \$5,000 bond each on charges of murder with a motor vehicle and failure to stop and render aid.
 W. A. Stephens, 76, was killed as he and Mrs. Stephens were crossing the street on their way to church, and was struck by a car.
 The car did not stop. Mr. Stephens was rushed to Swisher County Hospital in Tulia by a son, and was pronounced dead on arrival.
 He was a retired farmer. His wife received a slight injury to her right hand.
 Later in the night Ralph Ferguson, Floydada night watchman, found a car abandoned in the Floydada city park near the swimming pool with the motor apparently burned out.
 Hurt and Throneberry were arrested about 11 P. M. at a nearby tourist court where they had rented a room for the night.
 The complaint was sworn to by Briscoe County Sheriff Johnnie Lanham, and District Attorney John Stapleton of Floydada and Briscoe County Attorney George Miller filed the charges.
 Floyd County Sheriff Walter Holiums said Throneberry implicated Hurt as the driver of the car.
 Mr. Stephens was born Feb. 1, 1886, in Alabama. He was married to Margaret Vaughan at Erick, Okla., in 1906. Mr. Stephens was a member of First Baptist Church. They moved to Briscoe County in 1919.
 Funeral services were held Saturday afternoon at 2 o'clock at the First Baptist Church in Silverton with the pastor, Rev. Carlos McLeod officiating. He was assisted by the Rev. Marvin Fisher, pastor of First Methodist Church at Silverton. Interment was in the Silverton Cemetery with Roberts Funeral Home in charge of arrangements. Grandsons acted as pall bearers.
 Survivors include his wife, of the home; six sons, Cecil H. and Lyndon E., both of Portales, N. M., Elbert, Homer, Doyle and Lloyd, all of Silverton; one daughter, Mrs. Rex Holt of Silverton; four brothers, George of Erick, Okla., A. N. of Fresno, Calif., C. R. of Perryton, and R. E. of Silverton; four sisters, Mrs. C. B. Warren of Oklahoma City, Mrs. Eva Wright of Farmington, N. M., Mrs. Ben Lusk of Dover, Ark., and Mrs. Grace Stallwart of Blair, Okla.; 22 grandchildren, and seven great-grandchildren.

Mr. and Mrs. C. P. Richmond visited relatives in Amarillo Sunday.
 Mr. and Mrs. H. B. Finney spent Monday in Davidson, Okla. with his brother and wife, Buck and Ann Finney.

Panthers End Successful Season

The Quitaque Panthers lost to the Aspermont Hornets in the first round of play at the state basketball tournament in Austin last week, 66-59, but not before the Panthers put on one of their famous last-half rallies and almost upset the favored Hornets.
 The Panthers fell behind from the opening buzzer and had to play catchup all the first half and trailed 25-29 at half time. James Starkey started to hit his jump shot from the side during the second half and pulled the Quitaque lads into a 56-54 lead with a little more than 20 minutes left to play and it looked like the Panthers might win another close one, but at this point all-statester John Godfrey took command for the Hornets and pulled the game out of the fire.

James Starkey sparked the Panthers in this game, hitting for 21 points, 17 of them in the last half. Dellis Monk picked up four quick fouls, which handicapped him most of the game and he fouled off late in the last period. Sammy Johnston sat out the last quarter after fouling out at the end of the third.
 Aspermont was dumped by Roxton in the second round of play, but then went on to win third place over Hawley, topping them by 19 points.

The Panthers were naturally disappointed in losing at Austin, but are rightly proud of the record that they have compiled this season. They are the first Quitaque basketball team to win the regional championship and go to the state tournament.
 At least 100 fans from Quitaque went to Austin to see the local champs in action. There were also fans from several other towns in this district spotted in Austin.
 Quitaque wound up its very successful season with 33 wins and 4 losses. Those 4 games were lost by a total of 16 points. The Panthers were the highest scoring team in the Panhandle in any classification and one of the highest scoring class B team in the state, averaging almost 71 points per game for the 37 games played. Quitaque scored 2653 points during the season, while their opponents totaled 1519, an average of 41 per game.

This year's team was a well balanced team with no super-scoring star in the lineup. When one of the boys was having a cold night, one or two others would be hitting well. At least seven of the team squad was high point man a time or two during the season. The team scoring was as follows:

Three Panthers, Sammy Johnston, Jack Johnson, and James Starkey made the all-district team; three made all regional, Sammy, James and Dellis Monk, and Sammy was picked on the first team all-state.

James Starkey and Sammy Johnston were honorable mention selections on the all-tournament team at Austin, it was announced Thursday.

Four of the starters and reserve Bob Saul are seniors and A. B. Lyles has moved to Turkey so Coach Roberts will have Jack Johnston, Jack Johnson, and James Starkey on the team.

and their wives and the high school faculty and their wives and other invited guests. Around seventy were in attendance.
 Coach Jim Roberts and his Panthers were seated at the head table which was decorated with a very novel centerpiece, created by Mary Pittman. The arrangement was in the form of a gold basketball court, complete with goals and basketball, featuring yellow gladioli in centerpiece.
 After a very delicious meal, the Rev. James Holman and Mrs. Geneva Curtis led in a sing song period, in which Coach Roberts, Supt. Mason, and Pantherettes and Panthers were recognized. The coach, when called upon for his speech stated that he realized a lifelong ambition in getting a trip to Austin, since it was his first trip to state, also. Supt. Mason paid fine tribute to the boys and girls of both squads, in the manner in which they conducted themselves here at home and away on trips, in their association with the other teams they played.
 Mrs. Ruby Hamilton presented a humorous reading to the group and the Rev. and Mrs. Roy Davidson sang a duet to round out the program. The evening was most enjoyable for all present.

The Panthers were met by the townspeople of Quitaque last Friday on their return from Austin and were escorted to the Bank Community room for a reception and a snack of sandwiches, and other goodies, a treat from local friends. This was followed by a period of visiting and gabfest over their trip to Austin.
 Tuesday night, in Fellowship Hall at First Methodist Church, the Panthers and Pantherettes were honored with a buffet dinner prepared by the ladies of the Methodist Church. Other honored guests were the school board members

DO NOT TRIM SHRUBBERY UNTIL SURE OF DAMAGE

College Station, Feb. 14 — If you're like most other Texans, you have some ornamental plants in your yard that were damaged by the recent hard freezes. The natural inclination is to remove the damaged growth, but Harlan Smith, extension plant pathologist, advises against being too hasty.

If there is any doubt that twigs and branches have been killed it is best to wait a few weeks until such damage can be easily seen, says Smith. At that time prune the plant back to live wood by making the pruning cut several inches below the last sign of dead wood.

To find out how much of a shrub has been killed, use a knife or the thumbnail to scratch into the cambium layer, just beneath the bark, says Smith. Discoloration of this layer is a sign that the plant needs cutting back below such damage. If any bark has been split or cracked, this area should also be cut out. Often the damage is to the outside twigs and branches, and the plant will need only a slight clipping back.

Pruning shears should be dipped in a disinfectant such as 70 per cent denatured alcohol between cuts, the specialist advises.

With trees and large shrubs the cut end should be painted with shellac. After the shellac has dried, a wound dressing or disinfectant tree paint should be applied to the exposed area. You will get best results if you inspect the dressed surfaces periodically and recoat them once or twice a year. Before recoating, clean the wound with a stiff wire brush to remove all blisters and loose flakes. Be careful not to cover the new growth with these additional applications of wound dressing.

Smith says one way to lessen damage in case of another freeze is to water the plants thoroughly as soon as pipes thaw. This prevents drying, which causes more damage than the cold.

HEALTH AND SAFETY TIPS FROM THE AMERICAN MEDICAL ASSOCIATION

The remedies that have been suggested for hiccups are unlimited. Everyone has hiccups now and then and everyone has had "helpful suggestion" from friends and acquaintances on how to stop them.

Hiccups are spasmodic contractions of the diaphragm. They occur in healthy people spontaneously or from trivial causes. In rare cases hiccups will continue for long periods and control becomes difficult. In these instances, medical attention is required.

Babies often hiccup after rapid feeding, or swallowing of air. Sometimes hiccups are noted along with neurosis and with certain diseases, such as flu.

Today's Health, the magazine of the American Medical Association, offers several suggestions for curbing the hiccups —

— In the case of babies, administer sips of warm water; take the child in your arms, patting its back.

— One of the best remedies for simple hiccups in older children and adults is to lie down and relax.

— Other measures that sometimes help include: Drink water slowly, trying both warm and cold water if necessary; if an upset stomach sets off the hiccups, take a teaspoonful of baking soda in water; breathe in and out into a paper bag, so that the carbon dioxide level in the blood is raised.

The important thing in stopping the hiccups is to relax, and any prudent thing that helps the subject get his mind off the hiccups may be helpful.

There are occasional cases in medical history of individuals whose hiccups have persisted for hours or days. If hiccups don't go away after a reasonable period, say, an hour or two, call your doctor.

Price, spice and everything nice!

Who ever thought a car that saves like this could have so much sizzle? Chevrolet engineers, that's who! Liveliness and luxury for a low, low price were exactly what they had in mind to begin with. And they began from scratch with a whole carload of ingenious new ideas designed to give you more for your money. That spunky 6 with gas-sipping stinginess is just one example. Another: a new unitized Body by Fisher that's fit for a full-size family inside, easy to park

outside. Still another: tough but gentle one-piece Mono-Plate rear springs that outdo many a bigger car for quiet comfort. Any wonder Chevy II won Car Life magazine's 1962 Engineering Excellence award hands down? Installation of the new twenty-saw laboratory cotton gin at the High Plains Research Foundation was completed in February. Donors of the new gin were the Moss-Gordon Company of Lubbock, the Murray Company of Texas, and the John E. Mitchell Company of Dallas. Motors shafts, reducer drive, belts, wiring, fans, pipe and miscellan-

eous items were furnished by the Anderson & Bingham Sheet Metal Works, American Electric, Lubbock Electric, and South Plains Electric, all of Lubbock, the Morton Gin Company, Whitharral Co-op Gin, Needmore Co-op Gin, Earl Hobbs Gin of New Deal, Halfway Co-op Gin, Hodges Electric and Earl Eeds of Plainview.

The new facilities will speed up

completion and release data concerning the Foundations fifteen cotton research projects. Letters, calls and visitors to the Foundation requesting cotton research results start right after harvest. Information is requested on results of tests including varieties, fertilizer, skip-row, irrigation and planting on benches versus sloping land. They want to know the results with the costs and profits involved in each test.

Six hundred and thirteen cotton samples were ginned as soon as the gin was completed. These samples were sent to the classification office in Lubbock and the cotton testing laboratories at Texas Tech. The 1961 cotton research report will be completed by the Foundation staff when the laboratory records are received.

Dr. Thomas C. Longnecker, Director of the Foundation in expressing appreciation of the gifts said, "The new laboratory gin will increase the efficiency of our cotton research."

INQUIRER'S CLASS MEETS SUNDAY
The Inquirer's Class for Non-Members will be organized and functioning this Sunday at The Methodist Church. Coffee will be served during the class by hostesses selected from the group. Brother Holman is the teacher and the sessions will be during the Sunday school hour in Fellowship Hall. The main purpose of the class is to answer questions concerning Christian Beliefs, the Bible, The Christian Church in general and The Methodist Church in particular. The discussion will center around matters that the individual class members are interested in. Any people not actively attending another church are invited to share in these sessions.

THE FIRST SUNDAY IN LENT
The thoughts of Christian people everywhere will be turning toward the Crucifixion and Resurrection of Jesus as we enter the special period of spiritual deepening and heart

NOTE OF THANKS
Pastor E. L. Lawrence and the members of Macedonia Baptist Church wish to acknowledge our appreciation to Mr. O. Stark for his recent contribution of \$50.00 to help with the remodeling and roofing of our church which is greatly needed. We plan to start repairs within a few days.
We thank you once - we thank you twice - we thank you one and all!

Sunday dinner guests at the home of Mr. and Mrs. J. W. Lyon were Mr. and Mrs. W. R. Kuykendall and Randy and Mr. and Mrs. Ray Kuykendall and three daughters of Amarillo.
Mrs. Scott Bolton took Mrs. Velma Brummett to Matador Tuesday where she boarded a bus for Dallas. Mrs. Brummett will visit a daughter there who has a child that is ill. Mrs. Bolton visited friends while in Matador.
Mr. and Mrs. Boone McCracken, Mary Ellen McCracken and Mrs. W. J. Carter attended the meeting of the Memphis Production Credit Association in Childress last Friday afternoon.

CARDS OF THANKS

I wish to take this means to thank everyone for the many cards, letters and gifts that I received while I was in the hospital at Plainview and since I have been in the Crum Nursing Home here in Lockney. I appreciate them all very much.

Mrs. J. H. Simmons

We want to thank all our friends who were so thoughtful and helped us in so many ways while Jonann was ill. Thank you for the cards, the flowers, the food, and especially do we thank you for the prayers offered in our behalf. May God bless each of you.

ARE YOU READY FOR A DROUGHT?

Frequent occurrence of drought is a part of the Texas Panhandle History.

As ranchers, we can be ready for

drought because we know it is coming.

Among stockmen a favorable year or two often encourages an unwise effort to make up for losses of past, less favorable seasons, by expanding livestock number. Wishing will not change the weather. Seldom does a series of five (5) years go by without a year or two of drought or very dry weather. The operator who has expanded his livestock in expectation of another favorable year doesn't like to sell his animals on a declining market until the threat of drought becomes a certainty — then it is likely to be too late.

Data gathered from ranchers with experience over the years indicate some practical means of managing the rangeland and the cattle to minimize the effects of the next drought. Basic management practices include conservative stocking, adequate supplemental feed supplies, seasonal use of the range, uniform distribution of livestock over the range, and inclusion of both steers and cows in the commercial herd.

Recommended adjustment during drought years include close cutting of dry cows and undesirable animals, and caution in restocking the range before good vigor has returned to the rangeland. Try not to be caught unprepared for drought — we all know we are due for a dry spell.

Mr. and Mrs. Stewart McCracken and children of Tulia and Mrs. Estelle Davidson were dinner guests of Mr. and Mrs. Boone McCracken Sunday.

Mr. and Mrs. O. R. Stark returned from Austin by Sweetwater and visited Mary's parents, Mr. and Mrs. Louie Hartgraves. Mrs. Hartgraves returned to Quitaque with them Sunday for a few days visit.

Mrs. Gaston Owens and Mrs. George Owens were in Turkey on business and visiting Monday afternoon.

Mr. and Mrs. B. K. Hamilton spent the week-end in Fort Worth at the home of their daughter and her family, the Jack Meeks. Mrs. Hamilton went for a check-up with her doctor and reports that she is recovering real good from recent surgery. The Hamiltons also made the acquaintance of their brand new granddaughter, Kena Lynn, daughter of Mr. and Mrs. Poss Hamilton who was born only last week. The Hamiltons report that mother and baby (and father and brother) are fine.
