Mrs. Birt Lane and Martha Setliff of Plainview came later and they all attended the funeral services for Mr. Gene Chandler. day. Mr. and Mrs. Bedwell and Myra Setliff rer. ained until after church Sunday ni ht.

J. Carter Sunday afternoon.

Night, April 12

The Senior Class of Quitaque High School is working hard on its class play, "Kissin' Cousin," a three - act comedy, which will be presented next Thursday night, April 12, in the school auditorium.

The play involves the antics of a Southern belle, Lucy Lee Saunders, who attempts to interrupt the lives of her more Northern cousin and her friends, by appropriating all the boys of the neighborhood, who, (as men usually are) are most willing victims. How the girls retaliate, and how the boys deny all part,

Those in the play are:

ennie Desmond-Jimmie Mayfield Tom Jackson - James Starkey Quitaque winners were as follows: Bruce Bartlett — Robert Phelps

Randolph Fitzhugh — Sammy Johnston

Jodie Armstrong—Tommy Johnson Other members of the Senior Class will help the cast and Mrs Merrell in all the various activities which are involved in the product-The Senior Class cordially in-

vites you to spend next Thursday evening enjoying their play. Admission prices are 75 cents for

adults and 35 cents for grade school

Enjoy the Balanced Comfort of Safe,

Flameless

COMFORT-

CONDITIONED

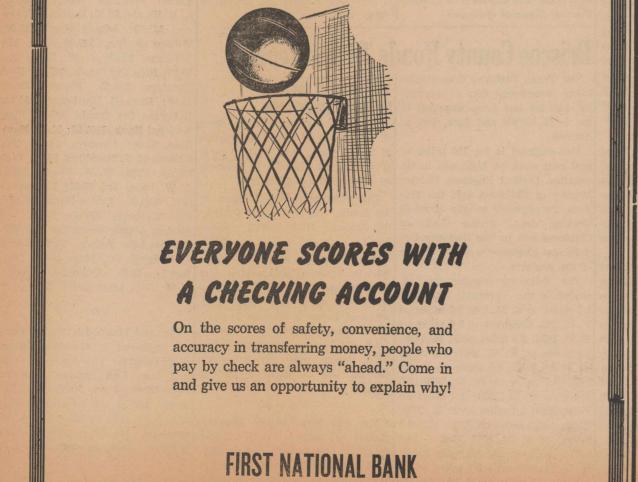

Heating

NEW LOW RATE Speaking of economy, did you know that homes served by West Texas Utilities Company are heated during the winter months at a low low 1¢ rate per kilowatt hour? Enjoy this new, low rate in your home! Ask a WTU representative to discuss this new rate with you

SAFETY, cleanliness and economy are the best-known features of flameless electric heating - so well known, in fact, folks sometimes take for granted that the all-electric Medallion home is the MOST COMFORTABLE, too! Only electricity can heat so evenly, heat so quickly, heat so dependably. When you're buying or building a home, look for the medallion that tells you your home will be "comfort-conditioned" with flameless electricity.

The theme of the clinic will be FIRST BAPTIST CHURCH NOTES -

The WMS of the First Baptist Church met Tuesday at 10:00 A.M. at the church for their circle meet-

The program was the first in a series on "Being Christian In Human Relationships". The topic for this program was "The Bible Instructs Us Thoroughly". The program dealt with Christian relations at home, with our neighbors, and with our world.

There were 14 ladies present. A very special program on mission needs and appointments is planned for Tuesday, April 10.

Flomot News Mrs. L. B. Turner

The Flomot Home Demonstration Club had its annual April Fool's Day party Tuesday evening in the school lunch room. Invitations had been sent out from the "Bug House" and the decorating commit tee tried to live up to the theme. There were little bugs, fat bugs, live bugs, artificial and dead bugs. Under the dunce cap in the center of the table lived an un suspecting lizard, but when Mrs. Dean Turner upset the dunce cap, out ran the lizard and up jumped the excited club women. The result of this was that the lizzard had to go.

Mrs. Frances Y. Wise was awarded a "facial" for being the only out of-town guest. As she was assisting the operator in removing the cap from the cold cream jar, an alligator covered coil jumped out, causing delay in the operation.

Mrs. G. D. Pope was recognized as the most accurate nut and was awarded a cocoanut.

Winners of prize costumes were Jourdan and Alfred Martin. Mrs. L. W. Crowell had trouble with fizzy matches.

Attending in addition to those already mentioned were Mesdames Judson Watson, M. J. Pyron, L. B. Turner, C. W. Bond, Joe Degan, L. E. Shorter, Sam Ross, W. T Ross, C. C. Jones, Hobson Burris O. D. Calvert, G. E. Washington, and Ikie Gilbert.

Mrs. Hubert Barnes of Vernon is again staying with her brother and family, the L. E. Shorters while Mrs. Shorter is in the hospital at Lockney for surgery.

Mrs. F. S .Bourland and Mrs. J. L. Speer and Mrs. R. W. Patrick visited in the home of Mrs. Wayne Hunter at Quitaque Tuesday.

Mr. and Mrs. James Monk returned home Sunday from an eight day visit with relatives at Wichita Falls with the A. M. Tanners, at Irving with the Leo Jacksons, at Hardin with the W. K. Beasleys and at Strawn with an aunt and uncle and at Ranger with an aunt.

MOTLEY COUNTY HOME DEMO CLUB MEETS AT MATADOR

(Delayed)

The Motley County Home Demo. Council met at their new time last Wednesday morning at 9 o'clock in the District Court Room at Matador with both clubs represented. Mrs. Sam Ross presided and Mrs. C. C. Jones was asked to act as secretary, in the absence of the regular secretary, Mrs. Wilburn Martin, who was unable to be present due to illness. Mrs. L. B Turner was asked to act as reporter in the absence of Mrs. Ruth

After roll call and reading of the minutes of the previous meeting were approved, reports were given by the committees and reports from the Clubs were heard. Whiteflat reported two meetings that were well attended with 9 members and 6 visitors present at the first meeting, which was on school cooperation. Miss Mary Jane Hamilton of Matador, a 4-H Club girl was the guest speaker at their meeting on 4-H. They reported a 42 Party successful and another 42 Party will be held on Fri-Mesdames J. H. GROWERS WHO WANT COTTON CLASSIFIED SHOULD MAKE REQUEST SOON AS COTTON IS PLANTED

College Station, April 5 — Growers who wish to have their cotton classed by the U.S. Department of Agriculture under provisions of the Prayer Meeting Smith-Doxey Act should apply for these services as soon as their cot- W.M.C. Wednesday ton is planted, says Fred Elliott, extension cotton specialist.

The Smith-Doxey Act provides for one free classification for each eligible bale of cotton. Samples must be submitted by a bonded sampler or by a public warehouse which issues negotiable receipts, explains

Each cotton improvement group Evening Worshp except those in southern Texas, must file an application with the cotton classing office serving its territory not later than August 1. Those counties south of a line from Dimmit to Karnes to Matagorda must file an application by June 1

Prompt application filing is necessary because time is needed for each group to arrange for submitting samples by an approved sampling agent to the proper classing office, says Elliott. At least 15 days are required to process applications and deliver sampling supplies.

Application forms for these servces may be obtained from county agents, cotton classing offices of the Cotton Division of the AMS, or from Church. The session will be flexible the area office in Dallas.

SELECTION OF PLANTING SEED VERY IMPORTANT, SAYS EXPERTS

College Station, April 5 — Top crop yields are dependent upon several factors but among the most important is the selection of planting seed. L. C. Coffey, extension agronomist who specializes in seed, places major emphasis on the selection of an adaptable variety or hybrid of the best possible quality.

He points out the Texas Seed Act requires that all seed sold in Texas must meet certain standards. The one exemption is the farmer who sells seed to his neighbor; hence, the seed does not enter the channels of trade. All other sellers of seed must have a Texas Tested Seed Label attached to the seed container.

This seed label must list the kind germination, number of noxious weed seed per pound, percentage of the adaptability of both varieties pure seed, inert matter and weed and hybrids.

The information carried on the ported a successful 4-H program. farmer, Coffey believes, would EXCEEDED MILLON DOLLARS Mrs. Ray Cruse was assisted in Those who plan to go to the knowingly buy weed seed, especial-

TEXAS FARM FAMILIES REPAY \$39,146,268 TO FHA IN 1961

Texas farm families repaid \$39, 146, 268 in principal and interest on U. S. Farmers Home Administration loans last year, L. J. Cappleman, the agency's State Director, announced in Temple today. This was 19.9 percent above collections of the previous year in the State.

A total of 3,078 Texas families completely repaid their loans in Mr. Cappleman said.

Mr. Cappleman said the Farmers Home Administration loan program is an outstanding example of those to Texas families. Following are USDA activities producing large re- some highlights of the agency's turns to the U.S. Treasury which nearly balance out initial cost.

Mr. Cappleman said the repay ment record of Texas farm families demonstrates their willingness to make sacrificies now in order to develop sound and efficient farms for the future.

Farmers Home Administration makes loans to young farmers, small farmers attempting to improve their operations, farmers whose equities have been wiped out by low returns of recent years, and those hard hit by natural disaster. Loans are made to both part-time and full-time farmers. Before these borrowers came to the Farmers Home Administration, they were unable to obtain credit from any other sources.

During the past 25 years, nationally, about two million farm families have borrowed \$5.5 billion from the Farmers Home Administration and its predecessors. To date they have repaid more than \$4 billion of this. Most of the amount outstanding has not fallen due. Interest collections far exceed losses on princi-

borrowers in Texas, Mr. Capple- Rural Housing Loans, all of these man said, is the management aid funds for the fiscal year of 1962,

aim is not only to produce better well as Watershed Loans.

WALTER ROGER'S NEWSLETTER

One of the great achievements in public health has been realized in

persisted at the pre-vaccine level have been at least 100,000 more the tremendous amount of researcr that went into its discovery, both by the government and private industry, paralytic polio has been reduced to the level of typhoid fever, diphtheria, and other diseases that once took tragic tolls of human lives. It has resulted in prevent ing at least 7,000 polio deaths and an estimated saving of \$300 million in polio medical care and personal income losses in the seven-year period that Salk vaccine has been available. It has also resulted in the prevention of thousands of twisted limbs and bodies of children, something that could not possibly be weighed in dollars and cents. It might also be pointed out that there has been a 77 per cent reduction in all polio, whether pararlytic or not, including unage group of 0 to 59, totalling 158 vaccine at all. This attests to the community.

The National Foundation, in a recent release, stressed the fact that to maintain the present condition with the respect to polio, newborn children should be vacthe last ten years. Between 1949 cinated. Other citizens who have and 1954, there was an estimated not yet been vaccinated, of course, yearly average of 162 cases of have the choice as a personal matparalytic polio per million persons ter to decide whether or not they in the United States. This period is will be vaccinated or run the risk used because it is the immediate of being stricken by the disease friends for all the help they gave five years prior to the advent of The fact for which we should all us during the illness and death of Salk Vaccine.
