Local Wheat Harvest Nearly Finished

The wheat harvest in this area should be just about wound up this week, providing no more rain is received, according to Arville Setliff, manager of the local elevator.

Fifteen and one-half cars have been received at the elevator up to Thursday morning. Manager Setliff said that over sixty carloads of wheat was shipped by the local elevator last year.

Setliff estimated that near half of this year's wheat crop has been lost to the stormy weather that this section has undergone for almost a month. Hardest hit were the farmers north and east of Quitaque.

FORMER GASOLINE RESIDENT DIES AT BROWNWOOD

Vert Brown, of Brownwood, Texas, who was reared in the Gasoline community, passed away suddenly on June 9 after being stricken with a heart attack.

Survivors include his wife of the home; two sons, Dale of the home and Eddy of Lamesa; his mother, Mrs. J. R. Brown and one sister, Nellie Brown, both of Lockney; and two grandsons.

Burial was in the Brownwood Cemetery.

Several from Lockney and Floydada attended the funeral services.

A WORD FROM THE HOLMANS

The Tribune received a check from the James Holmans for the renewal of their subscription to the Tribune. Bro. Holman sent their thanks to everyone here for their going-away gifts and said, "We want to renew our subscription to the Tribune in order to keep tabs on what you folk are doing. We believe that we will like it fine here. The challenge is great, and there is plenty of hard work to do. Vacation Bible School starts here Monday. Thanks for everything. The Holmans."

FUNERAL SERVICE FOR J. T. BRADLEY HELD HERE LAST SUNDAY

James Tillman Bradley passed away Friday, June 15, 1962, at 2:10 A. M. in Traveck Hospital in Matador, where he had been a patient for 6 days.

Memorial services were held in the Quitaque School Auditorium Sunday, June 11, at 2:30 P. M.

Mr. Bradley had been in ill health for the past two years. He suffered a broken hip in a fall at his home on May 3rd.

The Rev. Roy Davidson, pastor of the Quitaque Baptist Church officiated at the funeral service, assisted by the Rev. Kenneth Metzger, pastor of the Quitaque Methodist Church. Interment was in Rest Haven Cemetery.

Mr. Bradley was born August 10, 1885 in Fayetteville, Ark. He was 76 years, 10 months, 5 days at time of his death. He came to Texas in 1906 and settled in Tarrant County. He married Miss Bertie E. Hunt in Earth County, October 18, 1907.

They came to Briscoe County and Quitaque from Sherman, Grayson County Texas on December 24, 1928.

He was engaged in farming until ill health forced him to retire. Acting Pall Bearers were Jack Chandler, Walter Kelly, Jake Merrell, A. L. Morris, Orb Payne, and Warren Payne.

Honorary pall bearers were: James Brunson, Charlie Grundy, Chester Hawkins, Leon McCracken, Seburn Neatherlin, Ray Persons, E. Rice, Orlin Stark, and Runt Dell.

Survivors include the wife of

Local Streets Get New Paving

The streets of Quitaque have taken on a new look this week. Every paved street in town, except main street, has been re-done with a new coat of tar and gravel.

In addition to the street work, several home owners have taken advantage of the work crew being in town and had driveways and improvements around homes re-done.

Carl Offield Construction Co. of Wichita Falls is doing the work and have done a very nice job.

REV. AND MRS. MARVIN FISHER IN CHILDRESS HOSPITAL

Rev. and Mrs. Marvin Fisher of Silverton are both patients in a Childress hospital after being injured in an auto accident several days ago. Bro. Fisher is pastor of the Methodist Church at Silverton.

Mrs. Fisher entered the hospital on Friday of last week and was scheduled to undergo surgery Wednesday morning and reports were that she had required several blood transfusions.

The Rev. Fisher entered the hospital on Monday of this week for treatment of a broken vertebra sustained in the auto accident.

BURGESSES SEND GREETINGS

The Tribune received a letter from the Roy Burgesses and a renewal subscription for the E. E. Burgesses as a Father's Day gift. They report Mr. and Mrs. Burgesses as being in about the same health, and all of the other two families are well. They send their regards to all their friends in Quitaque.

Mr. and Mrs. Jerry King of Silverton spent Sunday with his parents, Mr. and Mrs. John King.

New Pastor Has Hectic Beginning

Rev. Kenneth Metzger, newly appointed pastor of the local Methodist Church, has had a very hectic and busy time these first two weeks of his pastorate.

Mrs. Metzger has been ill all this time and is presently a patient in Bethania Hospital at Wichita Falls, after undergoing major surgery on Thursday of last week. Bro. Metzger reports that she is recovering satisfactorily but it will probably be several weeks before she is able to come to her home here.

In addition to his wife's illness, his pastoral duties, the problems of moving and getting things straightened around in a new home, there have been several funerals to assist with since his coming on a new field.

The Rev. Metzger came to Quitaque from the Farge-Wildcat appointment, which is located north of Vernon. He had served there for three years. During those three years Bro. Metzger commuted to Perkins School of Theology at SMU and finished his work there this past spring. He received his BA degree at McMurry in Abilene.

Farmington, N. M. is the home town of the Rev. Metzger. His wife grew up in Archer City near Wichita Falls, where her parents still live. She will go to their home for awhile after leaving the hospital. The Metzgers have a four months-old son, Mark Alan.

The entire community of Quitaque joins with the membership of the Methodist Church in welcoming the Metzgers to Quitaque and wish for Mrs. Metzger a speedy recovery.

LOCAL SCOUTS TO ATTEND PHILMONT SCOUT RANCH TREK

Howard Schmidt, Council Camping and Activities Chairman, announces the Council Philmont Scout Ranch Trek to leave on Monday, June 25th, as some twenty-one boys and three adult leaders from the South Plains Council head for the 127,000 acre ranch in the northern part of New Mexico.

Adult leaders for this high adventure trek are: Doug Pitts, Jr. of Matador; Dr. Bob Roberson of Levelland, and Charles Varner of Lamesa.

The boys going on this trip are: Dusty Whittle, Joe Guess and David Bradshaw of Idalou; Mike Roberson and Jimmy Rowe of Levelland; Don Seigler, Kenneth Pitts, Roger Vinsoon, John Barnhill, of Matador; J. M. (Mac) Willson, III, of Floydada; Dusty Bailey, and Rex Harmon, of Quitaque; Vance Liston and Kenneth Morrison of Lorenzo; Johnny Hillhouse and Jack Jacques of Tahoka; Ronny Foley, Ben Luscomb, John E. Rappier, Richard Cook, Jr. and Allan Johnson, all of Lubbock.

The group will check into Philmont Scout Ranch about noon on Monday, traveling by chartered bus, and will start on the mountain trails on Tuesday, and there they will have a ten-day experience, which will include hiking, camping, cooking, observing wild life and game, and doing some fishing plus many other things as is offered in the great out-of-doors in the Land of Enchantment.

Philmont attracted some 15,000 boys and adult leaders during the past year, and the 1962 camping season promises to attract more. These boys and leaders come from all over the United States and many foreign countries.

These Scouts may earn several merit badges while on this experience, and will have an opportunity to prove themselves as real campers, being on the mountain trails for ten days. Incidentally, they have to pack, or carry, every-

LION SWEETHEART

Chlonez Woods

The Quitaque Lions Club had a jam up good meeting Monday night at their regular meeting. Don't know whether it was because of or in spite of the rain.

The Guild served a nice meal of fried chicken and everything fattening.

Lion Joe Tooley of Pampa and Mrs. Tooley were down for the meeting. Lion Joe Tooley was more or less in an official capacity as he installed the officers for the coming year. He made a very inspiring talk on Lionism, and then installed the following officers: Tail Twister John P. Mason, Lion Tamer Jimmy Davidson, First V. Pres. Buck Chadwick, Second V. Pres. Elmer Berryhill, Third V. Pres. Maynard (Fish) Wilson, James Brunson. Two year directors Bob Ham, O. R. Stark, Jr. Another important member of the Club for this year is Chlonez Woods, Sweetheart.

Here is something for you ladies to remember, that is if your husband is a Lion. Family Night will be July 16. I was tempted to say you could forget about cooking, round up all of the kids, and come to the park for a free meal. Then, from past experiences it is very difficult for men to do something without the help of a few ladies. Some of you may be called on mixing ice cream, cooking prunes or something, but then that will not be like cooking a complete meal. You may want to remember it anyway July 16, at the City Park along about 7:00 p. m. Family Night for the Lions.

Survivors include his three sons, Joe Garner, Jr. of Houston, John of Silverton and Dale of Turkey; six daughters, Frances Paddock of Klomath, Ore, Maudie Tennant of Abilene, Jewel Hadaway of Turkey, Mary Duncan of Amarillo, Edith Stagg of Phoenix, Ariz., Betty Ruth Smith of Houston; a brother, L. E. Garner, and a sister, Mrs. Ada Jones, both of Quanah; 19 grandchildren and 17 great-grandchildren.

Some merit badges and rank advancement were passed while the boys were there.

To complete the week on Friday night the Order of the Arrow had a Tap Out Campfire to select new candidates for the organization. The candidates from Troop 264 and Quitaque are Rex Harmon, Dusty Bailey, and R. J. Harmon. The Troop returned home Saturday after a successful camp.

Several from Quitaque attended the Campfire Program Friday night. They were Mrs. Allen Brummett and Connie, Mrs. Paul Bailey and Debbie, Myrtice Gillespie, Mrs. Jake Merrell, Jo Beth and Jerry, Lela Mae Hutcheson, Jimmy Davidson, Johnny Powell, John Fulton, Mr. and Mrs. R. J. Harmon and Mr. and Mrs. Jimmy Baird.

Mrs. Odell Johnston had dental surgery in Tulsa last Friday. She went back Tuesday to have the stitches removed. Sammy also had dental work on Tuesday.

Mr. and Mrs. Buddy Price and children went to Paducah Sunday. They are on vacation this week.

The Tribune Has A Birthday

This week's issue of the Tribune is Volume 3, Number 1, which means that it is beginning its third year of existence beginning with this issue. Actually, last week should have been the anniversary, but readers might recall that an accident happened as the third issue was about to be printed and that issue did not ever come to life and one week was lost.

Since that time, the Tribune has seen many ups and downs but the publishers have always managed to make the mails with a paper. We hope that our readers have enjoyed reading about their friends, neighbors and acquaintances through these pages.

Four Local Boys Attending Camp

Four Quitaque boys went to Plainview Wednesday for a ten day stay at Wayland, where they will attend the annual Wayland Summer Basketball Camp. Mrs. Alton Johnson carried the boys to Plainview.

Attending the camp are Jack Johnson, Cappy Wise, Phil Barefield and Jim Saul.

Dr. Garner Rites Held At Turkey

Dr. J. E. Garner, a physician here for the past 46 years, died at 2 p. m. Monday at Thurmond's Rest Home in Amarillo, where he had stayed for a week.

Funeral services will be held at 10 a. m. Thursday in the Turkey Church of Christ with Alva Johnson and Jack Hutton officiating. Burial will be in Dreamland Cemetery under the direction of Eudy Seale Funeral Home. Pallbearers will be the grandsons.

Dr. Garner, 88, was born Aug. 4, 1873, in Center Point, Ark. He had been a doctor for the past 54 years and while in Turkey had his offices over City Drug. He was a member of the Church of Christ.

Survivors include his three sons, Joe Garner, Jr. of Houston, John of Silverton and Dale of Turkey; six daughters, Frances Paddock of Klomath, Ore, Maudie Tennant of Abilene, Jewel Hadaway of Turkey, Mary Duncan of Amarillo, Edith Stagg of Phoenix, Ariz., Betty Ruth Smith of Houston; a brother, L. E. Garner, and a sister, Mrs. Ada Jones, both of Quanah; 19 grandchildren and 17 great-grandchildren.

PAYNE FAMILY REUNION

More than one-hundred people gathered for a Payne Family Reunion, which was held Sunday at the Legion Hall east of town.

The noon meal was served buffet style and everyone present enjoyed a day of visiting and playing dominoes.

Present to make the day a most pleasant one were the following:

Mr. and Mrs. Joe Titus of Plainview; Mr. and Mrs. Alton Titus and family of Fort Worth; Mr. and Mrs. Harvey Payne, Amarillo; Mr. and Mrs. Phillip Payne of Lone Oak; Mr. and Mrs. A. W. Payne, Lockney; Mr. and Mrs. Frank Hawkins and Joe Frank, Lockney; Mr. and Mrs. Paul Kinard and family of Clovis; Mr. and Mrs. Von Davis and family of Plainview; Mrs. Laverne Lively of Amarillo; Mrs. Jim Fuqua and boys and Mrs. Frances Martin of Portales; Mr. and Mrs. Buck Payne, Silverton;

Mr. and Mrs. A. J. Noble and Janet, Denver City; Mr. and Mrs. Bennie Reagan and Zane of Silverton; Mr. and Mrs. Lonnie Payne

OPEN HOUSE TO BE HELD AT O. E. CHANDLER HOME

Mr. and Mrs. O. E. Chandler announce that they will hold Open House at their new home next Sunday afternoon, June 24, between the hours of 3:00 and 5:00.

They invite everyone to come and see their new home.

The house is located northeast across the street from the Baptist Church.

LITTLE PETE MEETS THE VEEP

Jarrell Rice, graduate student at West Texas State College, attended the Tenth Annual Conference of the Texas Council for Social Studies at the University of Texas, June 14th and 15th.

Those attending the convention from Canyon were three other graduate students and their instructor, Dr. Dan Selakovich.

The keynote speaker was Vice-President Lyndon B. Johnson, whom Jarrell had an opportunity to meet.

Funeral Services Held Here For

O. V. Simpson

Funeral services for O. V. Simpson, a former resident of Gasoline and Quitaque, were held here in the Baptist Church Tuesday at 2:00 P. M.

Mr. Simpson died in Amarillo Osteopathic Hospital at 1:21 A. M. Sunday. He was a mechanic and for several years operated an auto repair shop here in Quitaque. He had lived in Amarillo since 1952.

The Rev. Bill Purdy of Amarillo officiated at the funeral service, assisted by Rev. Kenneth Metzger, pastor of the First Methodist Church of Quitaque.

Interment was in Rest Haven Cemetery at Quitaque under the direction of Roberts Funeral Home Inc.

He is survived by his wife, Lois of the home; three sons, H. B. (Dock) Simpson of Silverton, Wayne of Oklahoma City and Doyle of Gage, Oklahoma; one daughter, Mrs. Henry Shannon of Amarillo, three stepsons, two stepdaughters; one brother, two sisters and fourteen grandchildren.

and Lonnie Wayne, Lazbuddie; Mr. and Mrs. H. M. Stanley, San Jon, N. M.; Mr. and Mrs. Henry Payne and Mark Allen, Colbert, Okla.; Mr. and Mrs. Vergil George and family, Lockney; Mr. and Mrs. Bill Slover, Matador; Mrs. Bill Stevens, Denver City; Bobby Morris, Tulsa; Dick Titus;

Mr. and Mrs. Cecil Payne and Bill, Mr. and Mrs. O. C. Payne, Mr. and Mrs. Ray Payne and family, Mr. and Mrs. Warren Payne and family, Mr. and Mrs. F. Payne, Mr. and Mrs. Jim Stockton and family, Mr. and Mrs. Pete Stockton, Mr. and Mrs. Fred Stockton and family, Mrs. Bettie Tyler, Mr. Lockett Payne, Mr. and Mrs. Mort Hawkins, Mr. and Mrs. Cecil Reagan and Barbara, Mr. and Mrs. Ronnie Carpenter and Rodney, Mr. and Mrs. Joe David Payne and family, Mr. and Mrs. A. W. Payne, Jr. and Veta Ann and Mr. and Mrs. Jud Watson, all of Quitaque.

Word has been received here that Mrs. Abe Vineyard has had a major surgery recently in Hendrick's Memorial Hospital in Abilene and has been seriously ill. She has been moved to the home of her son, Wren, and is some better at this writing. Mr. and Mrs. Vineyard lived in Quitaque at one time and he was depot agent. He is deceased and Mrs. Vineyard makes her home in Turkey. She has a number of friends here who will be interested in hearing of her condition.

Last week the optimistic view on these pages was that it appeared that the weather had perhaps settled down and that farmers could get to work and get some farming done.

We did have some sunshine and the farmers did get to work and get some farming done, but the weather did not remain settled for long. Monday the same turbulence that plagued the Panhandle for the past several weeks returned to our area and after blowing much dirt and threatenings of more violent weather passed over us and dumped 1.35 inches of rain here in town.

Our immediate area once again was spared the floods and heavy hail damage suffered by those in the upper Panhandle and to the east of us. Heavier amounts of rainfall were received between the Caprock Grocery and Silvercery.

However, north of Quitaque in the Antelope Flat community heavy damage from hail was reported along with heavy rains. The storm traveled east down Red River toward the Childress-Vernon-Wichita Falls area. Childress County was reported to have had all of their crops wiped out.

Many of the local farmers do not know yet how much of their cotton can be saved. They will be scratching to bring up the newly planted seed and trying to save what can possibly be saved. There is some cotton planted in April and some planted in May that is looking good, but for the most part the cotton crop in this area will be very late.

West Texans are hoping for much sunshine and a very late fall.

NOOK BEDWELL IN HOSPITAL

Nook Bedwell is in Stanley Hospital at Matador, having been taken there Thursday of last week. Contrary to first reports received here, Nook did not have a "heart attack." His doctor described it as heart pains, according to Mrs. Bedwell who talked with his doctor Tuesday afternoon.

Nook must remain in the hospital until the doctor feels that the condition is under control, which will not be for several days probably.

JOHNNY GRIFFIN IS HOME

Johnny Griffin, young son of Mr. and Mrs. Bill Griffin, was returned to his home here Tuesday morning. Johnny is recovering satisfactorily from the accidental gunshot wound he suffered last week. He is confined to the house and has been ordered by his doctor to take it very easy for some time yet.

TO THE FINEST PEOPLE IN THE WORLD

We do not have the words to describe how very grateful and humble we feel toward our town and many friends who stood so very close by during our anxious hours following Johnny's accident. Most of all, of course, we are grateful to the Lord for having spared Johnny's life.

There are so many things we would like to say to our friends, but simply let us say this: thank you for all your prayers, your visits, the flowers and the many gifts. A time like this is made more bearable by good neighbors and friends such as you here in Quitaque.

May the Lord bless you all.
The Bill Griffin Family
The Bill Woods Family

Mrs. Donnie Brunson and Debbie drove to Oklahoma City Sunday. Mrs. Brunson was scheduled for ear surgery there Tuesday. She was to enter the hospital Monday.

Mr. Leo Stewart of Turkey was taken to the hospital in Amarillo Sunday. He was scheduled for surgery Monday morning.

Mr. and Mrs. Billy Winton of Quanah stopped by Saturday to visit his uncle, Mr. and Mrs. John King. They were on their way to visit his parents in Roswell, N. M.

Mr. and Mrs. Guy Kimbell of Whiteflat visited his sister, Mrs. Anna Hughes Sunday.

Gwen and Teri Gibson are visiting their grandmother, Mrs. D. M. Bonner in Sunray. Their father, Gus Gibson, Jr. is working in Dallas.

Mr. and Mrs. Runt Vardell of Tulia and Mr. and Mrs. Carl Patrick of Lubbock attended the funeral service of J. T. Bradley Sunday. They visited in the home of Mr. and Mrs. O. E. Chandler. Carol Blankenship returned home with the Patrick's to spend this week.

Mr. and Mrs. G. L. Woods of Arnett, Okla. spent the week-end with Mr. and Mrs. E. E. Woods. The two Mr. Woods are brothers and their wives are sisters. The

group ate lunch Sunday with Mr. and Mrs. Shorty Woods.

Guests in the home of Mr. and Mrs. W. J. Carter Sunday were Mrs. Bernie Jaffe and children of Columbus, Ga., Mrs. O. J. Webb and children, Groton, Conn., Mrs. Alvie Francis and children of Silverton, Mr. and Mrs. Boone McCracken and Mr. and Mrs. Ralph Carter.

Murry Wayne Morrison, Judy Colvin and Bailey Eddleman took Mrs. W. E. Morrison to Plainview Sunday to visit Mr. and Mrs. Hubert Setliff and family. Mrs. Morrison was to have minor surgery while in Plainview.

Mrs. Corky Davis and son of Amarillo visited her parents, Mr. and Mrs. Lon McKay this past week-end.

Beth Sheets of Spearman spent last week with her grandparents, Mr. and Mrs. Johnny Brummett.

Mrs. Wallace Johnston was called to Amarillo Tuesday night due to the illness of her daughter, Mrs. John Kyle. Mrs. Johnston returned home Saturday evening.

Rev. and Mrs. James R. Smith, Carol Ann Myers, and Elaine Reagan are attending the Assembly of God Youth Camp at Roaring Springs.

Mr. and Mrs. Odell Setliff and family of Turkey had lunch Sunday with Mr. and Mrs. James Brunson. Mr. Setliff spoke at both services at the Church of Christ.

Mr. and Mrs. Buster Chadwick and girls have just returned from a ten day vacation trip. They went by Dallas and visited Buster's sister, Mrs. Dub Elam and family. Mr. and Mrs. Elam and boys accompanied them to Forman, Ark. to visit another sister, Mrs. Bud Woods and family. Mr. and Mrs. Tim Chadwick's children were all there but one daughter.

On Sunday, the Chadwick's went to Idebal, Okla. to attend the "50th" Wedding Anniversary of Busters Grandparents, Mr. and Mrs. Harry Spillman.

They returned to Dallas early Monday morning to return Mr. and Mrs. Elam and boys to their home. After leaving Dallas, the Chadwick's spent the day at "Six Flags Over Texas." To the ones that have never been to "Six Flags", the Chadwick's can recommend it as a wonderful vacation spot, especially for your children. Some even say it is better than California's "Disneyland". They returned home Monday night.

Mrs. Jewel Spikes of Hubbard, Texas, is visiting her brother, Mr. Mr. and Mrs. John A. Johnson.

Mr. and Mrs. John Lindsay and children of Lubbock and Mrs. J. R. Nall of Turkey were week-end guests of Mr. Ollie Nall.

Mr. and Mrs. D. Oneal of Silverton were in town on business last Thursday. Mrs. Oneal stopped by the Tribune for a short visit. It

was the first time for Mr. Oneal to visit Quitaque for several months due to illness and surgery.

CENSUS TAKERS STAY BUSY

Contrary to popular belief, the U. S. Census Bureau does not fold its tents and fade away between the big 10-year population and housing counts, according to Director James W. Stroud of the Bureau's permanent regional field office at Dallas. The Dallas region covers the States of Arkansas, Louisiana, Oklahoma, and Texas.

Mr. Stroud points out that nine major censuses will be conducted between now and the next decennial census in 1970. The first of these major censuses will be the 1962 Census of Governments which is conducted every five years. Then comes the five-year Censuses of Business, Manufacturers and Mineral Industries. These will be taken in 1964 and 1969, covering business operations in 1963 and 1968 respectively. The Census of Agriculture will be conducted in 1964 and 1969.

In addition to these major censuses, the Bureau carries out a wide variety of current surveys on a monthly, quarterly, and annual basis. Topics covered in the current surveys include employment and unemployment, population characteristics, health, housing, retail and wholesale trade, manufacturing, and related subjects. The purpose of the current surveys is to supplement and keep up to date the detailed information collected in a major census.

The Current Population Survey, conducted 12 times a year, is probably the best known Census Bureau interim activity since it provides monthly information on employment and unemployment. Information obtained by interviews in 333 sample areas of the country is combined to furnish statistics for national estimates. Information on migration, income, school enrollment, and other pertinent subjects is collected from time to time in the Current Population Survey in addition to the facts on employment and unemployment.

Prepared by American Foundation for Animal Health

A dairy cow is a highly complex production unit which, unfortunately, breaks down occasionally. Many of the problems causing cows to break down can be traced to the constant efforts to boost production. Among the most important problems of these valuable, high-producing animals are milk fever, ketosis and mastitis.

Cows stricken by milk fever can be saved if treated promptly enough.

Milk fever, which often occurs 12 to 72 hours after calving, causes the heaviest death losses. First symptoms of milk fever include staggering and weaving. Later, the cow becomes prostrate with head and neck drawn sharply to one side. If a veterinarian can get to the stricken cow promptly, he can often save her. But time is an important element and the veterinarian should be called immediately if signs of milk fever are noticed.

Ketosis results when there is not a proper nutritive intake or utilization. When this occurs, the cow's body begins to tear itself down by converting fat into sugar and leaving "ketones" free to circulate in the cow's system.

Symptoms of this disease include loss of appetite, decrease in milk production, excitement, staggering, swaying, biting or drooling. Ketosis also can be treated and the animal often saved if the veterinarian is called in soon enough.

Mastitis is the most costly of all diseases of dairy cows. It can be caused by several different types of infective organisms which get into the delicate udder. To treat the disease successfully one must know which type of organism is causing the problem, and the source and measures for invasion. That takes careful diagnosis and then specialized treatment, plus close follow-up.

Mastitis is no disease to be "tinkered" with, and the farmer should be on guard against sure-shot, easy treatments. It takes long, careful, thorough work to clean mastitis out of a herd. But the rewards in profits can be large, once the disease has been whipped.

IT'S THE LAW IN TEXAS -

LEGAL TERMS

Words are good tools. All professions have to use them precisely to get their work done. Your doctor has words for your ills; and your pharmacist, for your drugs.

As a rule, we say what we have to say: If people do not get it the first time we tell them again. But you can't always do that in wills and contracts.

In legal papers, words need clear meanings for courts to interpret them right. Hence, technical terms such as the following:

1. **Real Property:** Land, buildings, fences, and things attached to the land such as streets and crops.
2. **Personal Property:** Movable things. Bonds, bank accounts, notes, cars, livestock, furniture, jewelry, clothing, television sets, etc.

3. **Community Property:** Property which a man or wife earn after marriage.

4. **Separate Property:** Gifts, inheritances, and some court awards received after marriage as well as things which a man or woman owned before marriage.

5. **Trusts:** You have a trust when someone holds title to property for another person's sake. Thus a man's will may have some person or concern hold and manage his business interests and turn the income over to his widow.

6. **Deposition:** A sworn statement to get or keep testimony for a law suit—a help when a witness is sick or far away, for instance; or when facts can be taken down in "discovery" proceedings to shorten

actual trial time. Depositions are of two kinds:

a. Lawyers on each side ask the witness questions before a notary public. His answers are taken down, and he signs the "transcript."

b. The lawyers write out their questions beforehand; and the answers given before a notary, are also written out. The notary sends the testimony to the court where it may be used during

hearings.

TWICE AS MUCH COOLING

With the patented features of Paramount Coolers

Yes! This famous Paramount 5000 c.f.m. evaporative cooler gives you up to twice as much cooling because of these patented features:

- Many coolers lose as much as 70% of cooling efficiency because dust, dirt and salts clog the filters. Patented No-Clog Sta-Fresh Filters are guaranteed clog-proof, assuring 100% cooling efficiency all summer long.
- Filters saturated with water become heavy and often sag and settle from the top, drawing hot, unfiltered, uncooled air into the cooler which may create as much as a 70% cooling loss. Patented Grip-Lock Filter Holders are guaranteed to prevent sagging and settling of filters assuring 100% cool, clean, filtered air.
- Without correct water trough adjustment, sections of the filters remain dry, resulting in substantial cooling loss and costly service expense. Patented Free-Flo Visible Water Troughs with external adjustment assure 100% saturation, and 100% cooling for the entire life of the cooler.
- Added feature — Patented Window Closing Attachment lets you close and lock your window. Eliminates entry of dust, rain and drafts into your home.

tendance at 7:00 P. M. The Women's Society of Christian Service meets at the church, Tuesday afternoon at 3:00 P. M.

First Baptist Notes

Mrs. Helen Berryhill took the ladies of the First Baptist Missionary Society on an instant flight to East Pakistan Tuesday morning. There she introduced us to our mission work and some of the missionaries serving in that area. Ladies representing the missionaries were Mrs. J. T. Rogers, Sr., Mrs. A. C. Barrett, Mrs. Sid Bogan and Mrs. Gaston Owens. Mrs. Gladys Wise inspired the women with a devotional. Fourteen ladies were present.

The Pastor's classes in "getting acquainted" with the young people of the church are continuing this week and for the next two weeks. It is hoped that each young person will keep his appointment.

JEHOVAH'S WITNESSES MET AT HOBBS, NEW MEXICO

Jehovah's Witnesses' 17th-congregation meet at Hobbs was concluded Sunday when the District Overseer, W. R. Thomas, spoke on the subject, "Who Will Rule the World?"

"This generation is to see the rightful ruler, Christ Jesus, shoulder his peaceful government foretold in Isa 9:6,7," Thomas of Brooklyn said in closing out a three-day conference of Jehovah's Witnesses in the Hobbs High School Auditorium.

Thomas speaking to the 685 persons assembled said, "The distress of nations with perplexity is only one of the many evidences that the Kingdom of God is soon to take over its earthly rulership and then God's will will be done on earth as it is in heaven."

M. C. Harbeck, supervisor of Texas Circuit No. 9, in his closing talk, "Hold Your Position," said, "A Christian's position and prospect is something to cherish but is to be maintained in this world of today only with the greatest

of vigilance." V. D. Tiffin, presiding minister of the Quitaque Congregation said the ministerial activity analysis of the circuit was made and plans laid to bring weaknesses up to circuit and national levels in harmony with the theme of the assembly, "Faithfully Increasing Our Praise to Jehovah."

TRAFFIC SAFETY URGED BY GOVERNOR DANIEL FOR COMIN HOLIDAY

Governor Price Daniel today urged Texas' 5,000,000 licensed automobile drivers to "follow the fine example you yourselves have set on the past two Fourth of July holidays and do everything you can to keep the holiday happy with the fewest possible traffic deaths."

The Governor's plea signalled the opening of the annual Texas participation in the nation-wide "Slow Down and Live!" campaign, sponsored by the Association of State and Provincial Traffic Safety Coordinators. J. O. Musick, general manager of Texas Safety Association, is state coordinator for Texas. He is being joined by the Governor's Highway Safety Commission and numerous other traffic safety organizations in an effort to reduce highway deaths during the summer vacation period ending Labor Day.

Opened simultaneously was the statewide traffic campaign to save lives in Texas traffic during the one-day Fourth of July holiday, designated by the Texas Highway Department of Public Safety from 12:01 A. M. to 11:59 P. M. on Wednesday, July 4.

Governor Daniel announced the mailing of more than 60,000 pieces of safety materials to hundreds of law enforcement officers and traffic safety organizations and individual supporters throughout the state.

He said the Texas Press Association, Texas Daily Newspaper Association, Texas Association of Broadcasters, Texas Council of Safety Supervisors and the trucking industry, members and officials of the Texas Safety Association were all assisting in the public education and law enforcement program to keep the holiday safer.

The Governor addressed a special request to the Department of Public Safety, all Texas sheriffs and chiefs of police in Texas cities, asking that they "patrol the streets and highways as closely as possible on the Fourth and maintain your steady pressure on two principal types of violations: speeding and driving while drinking." The Governor also asked the cooperation of district and county attorneys during this campaign.

The Texas Association of Broadcasters advised the Governor's office that its member-stations will again this year sponsor their "Drive Lighted and Live!" campaign on the Fourth of July, Labor Day and Christmas - New Year's holiday. Cooperating radio and TV stations will suggest to their listeners that they burn their car headlights during the holiday daylight hours as a sign that they are driving safely and legally.

The Texas Council of Safety Supervisors, composed of safety directors for the Texas trucking industry, said it would ask all commercial vehicle operators to join in the "Drive Lighted" demonstration on the Fourth.

For the fourth time in the past 11 years, the Fourth will be observed as a one-day traffic holiday in Texas because it falls in the middle of the week. In 1956, the DPS forecast 11 deaths, and 12 persons were killed in traffic. In 1957, the forecast of ten was exceeded when 15 traffic deaths

WOMACK-STAPLES VOWS READ IN AMARILLO SATURDAY

Saturday evening, June 16 in the Temple Baptist Church of Amarillo, Miss Bonita Ann Womack, daughter of Mr. and Mrs. Everett L. Womack, became the bride of Romni Warren Staples, son of Mr. and Mrs. E. E. Staples, also of Amarillo.

The Rev. William B. Williams, pastor, officiated at the double ring ceremony and Miss Suzanne Bates, organist, presented traditional nuptial selections.

Matron of honor was Mrs. Hedy Podzemny and best man was Bobby Bellah of Canyon.

Given in marriage by her father, the bride wore a gown of white chantilly lace over taffeta, its styling features including a fitted bodice with a scalloped neckline embroidered with seed pearls and sequins. Her veil of imported silk illusion was attached to a half-crown of rhinestones and pearls. She carried a nosegay of white rosebuds atop a white Bible.

The bride attended Amarillo High School and the bridegroom was graduated from AHS. The couple will make their home in Burlington, Colo.

Mrs. G. H. Wagon attended the wedding of her granddaughter, Bonita Ann Womack, at Amarillo Saturday.

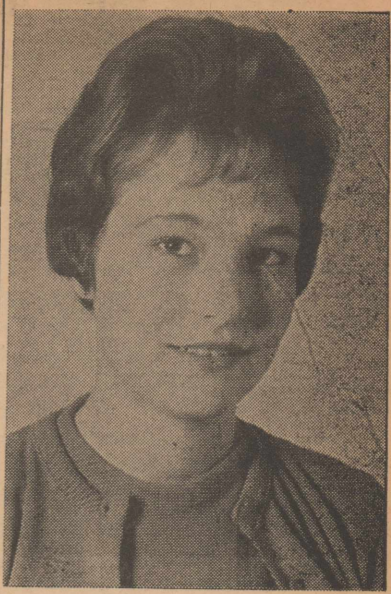

Mr. and Mrs. Warren Payne and sons were in Amarillo Saturday to attend the wedding of their niece and cousin, Bonita Ann Womack.

were recorded. But in 1961, only six deaths were counted against a prediction of 11.

The Statistical Services of the DPS will announce its 1962 Fourth of July traffic death prediction on Sunday, June 24.

Mr. and Mrs. Charles Rowell moved to their new home between Kress and Tulia last Wednesday. Charles will be farming for Mr. R. V. Fields of Kress.

ENGAGEMENT ANNOUNCED

DONNA FAY PAYNE

Mr. and Mrs. Buck Payne announce the engagement and approaching marriage of their daughter, Donna Fay, to Mr. Danny Green, son of Mr. and Mrs. Art Green of Flomot.

Wedding vows will be exchanged on July 21, in the home of the bride's parents in Silverton.

WEDDING PLANS REVEALED

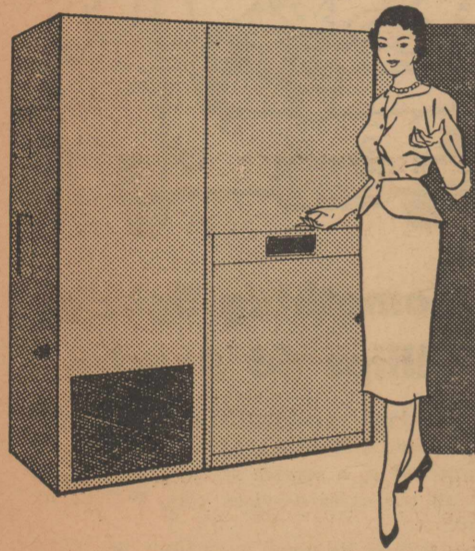

Mr. and Mrs. J. E. (Bill) Voyles of Dimmit, are announcing the engagement and forthcoming marriage of their daughter, Shirley, to Roy Gene Landry, son of Mr. and Mrs. Jack Landry of Turkey.

The wedding date has been set for Saturday, July 14. The couple plan to make their home in Turkey.

Rhonda and Russell Griffin spent the last two weeks with their grandparents, Mr. and Mrs. Walter Kelley. Their parents, Mr. and Mrs. Riley Griffin spent the weekend here with her parents, and returned the children to their home in Odessa.

NEWS from the High Plains Research Foundation

Six Fertilizer experiments on cotton were conducted at the High

Plains Research Foundation during 1961. They consisted of: (1) various rates and ratios of nitrogen and phosphate; (2) six different sources of phosphate; (3) six different methods of phosphate placement; (4) four different sources of nitrogen; (5) magnesium and trace elements and (6) pre-plant and sidedressed applications of nitrogen. Delbert Langford, Associate Agronomist, conducted the and sidedressed applications of nitrogen. Delbert Langford, Associate Agronomist, conducted the tests. Data on the tests are reported in Research Report No. 46, issued by the Foundation.

Four Fertilizer treatments out of the 15 compared showed significant yield increases. These were 40-0-0, 40-40-0, and 40-120-0. Fertilizer used in these tests were Urea (45%N) and Triple super phosphate (46% P2O5). None of the fertilizer treatments had any effect on Micronaire of strength of fiber. The basic fertilizer level of the soil was quite high. Rainfall of 13.87 inches and 11.9 inches of irrigation was received during the planting.

The six different phosphate materials were applied at the ratio to harvest period. of 80 pounds of P2O5 per acre. Nitrogen in the form of Anhydrous ammonia was applied at a total of 125 pounds per acre. Yields ranged from 711 pounds per acre with 20% super to 797 pounds with

phosphoric acid (52% P2O5).

The phosphate placement test included 230 pounds of nitrogen and 90 pounds of P2O5 per acre. Anhydrous ammonia was then applied at the rate of 100 pounds Nitrogen per acre. These made a total of 130 pounds of nitrogen and 90 pounds of P2O5 per acre. The highest yields from the six methods of application were obtained from the fertilizer banded 3 inches from the row and banded 10 inches from the row produced the second highest yield.

New tests designed to measure the carry over of nitrogen and phosphate from year to year have been initiated this year. These tests will be conducted for a period of not less than three years.

Cotton growers in the High Plains are continually striving to improve both the quality and yield of their cotton. Tests on one of the methods, mechanical topping of cotton, were conducted by Jim Valliant, Agricultural Engineer, at the High Plains Research Foundation last year.

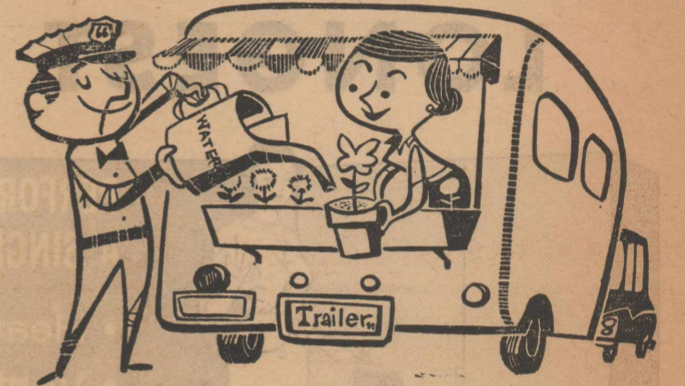

The two varieties of cotton used in the test represented both open boll and storm proof cottons. On September 14, the cotton was topped with a topping machine. The cotton plant was cut just above the topmost mature bolls, elim-

inating top foliage, small bolls and squares.

The net return per acre for the untopped stormproof was higher (\$168.18) than the topped cotton of the same variety (\$155.15). However, the reverse was true for open boll variety. Topped open boll yielded a net return of \$223.35 as compared to \$198.17 for the untopped.

Mr. Valliant also reports that no improvement in grade was detected in the topped cotton. The increase in yield of the open boll variety of cotton may have been due to the abundance of sunlight on mature bolls stimulating a longer growing season. This experiment will be conducted again in 1962.
