Congressman Walter Rogers' Newsletter

The House of Representatives will convene at Noon on January 9, 1963 for one of the most hectic sessions in history. It will probably begin with a highly controversial fight over proposed Rules changes. This will be only the beginning, because there are many domestic and international problems that must be faced up to in the coming year. Many of the domestic problems can be worked out and reconciled without too much difficulty. However, the international problems will not prove so easy. These could very well have a serious impact on what happens to the domestic issues. 1963 could well be the year in which telling decisions could be made in many countries with relation to the ability of peoples around the earth to sustain democratic forms of government. This country has been able to set the pace of true representative government for a number of years. It has tried to provide the leadership that would make it possible for other nations to follow in our footsteps. Nations in Europe have failed miserably to develop representative government by the people which has any stability. This was proven by the developments in Germany and Italy after World War II. Attempts are being made in many other parts of the world to develop government of the people, by the people, and for the people. Many of these attempts have failed miserably in the Western Hemisphere, as will probably be the case in the new and emerging continent of Africa. In any event, our own country must continue to follow the dictates of our Constitution and our Bill of Rights and continue a true representative form of government under law. Let us hope that 1963 will produce some good results in other parts of the world.

Sick Report -

POP CLARK IN HOSPITAL

S. J. "Pop" Clark is in Methodist Hospital at Lubbock where he was taken by Roberts Funeral Home ambulance when he became ill on New Years Day at about 10 A. M.

Mr. Clark had been in his store, the Pioneer Drug, and was apparently about to enter his car to return home when he was stricken. His automobile was parked in front of the drug store. Mrs. Pete Blankenship, who was driving down the street, saw that Mr. Clark was in trouble and pulled in to the curb and rushed to his aid. Mr. Clark was falling before she could get to him but Mrs. Blankenship did reach him before his head struck the ground. He fell just behind his auto.

The ambulance was immediately called for and he was rushed to the hospital. He was driven to the hospital by Pete Rice, accompanied by Mrs. Clark and Elmer Berryhill.

He is reported to be recovering and visitors stated that he was in good spirits. Mr. Clark suffered a stroke several weeks ago but was back on the job at his place of business during the Christmas season. The doctors had not diagnosed his latest illness as this was written, but reports were that he did not seem to be paralyzed anywhere.

Mrs. Wayne White entered the Lockney General Hospital in Lockney Saturday for observation. At the latest report she is feeling better, but she is scheduled for surgery Friday morning.

Mr. and Mrs. Donnie Brunson and Mr. and Mrs. B. K. Hamilton were in Lockney Sunday afternoon to visit Mrs. Bobby Brunson in the Lockney General Hospital.

Mr. and Mrs. Gene Mayfield and family of Borger spent the weekend at the home of his parents, Mr. and Mrs. J. A. Mayfield. Miss Judy Burton of Claude also spent the week-end with Jimmie Dell Mayfield.

Mrs. Mattie Gilbert spent Monday night, Tuesday and Tuesday night with Mrs. J. T. Bradley. Mrs. Gilbert is returning to her home at Decatur after visiting several months here.

Mr. and Mrs. Boone McCracken, Mr. and Mrs. W. J. Carter and Mr. and Mrs. Clyde Monk and Linda of Muleshoe spent New Year's Day with the Alvie Francis' at Silverton. When the Carters returned home they were pleasantly surprised to find they had visitors. Their grandson and family, Mr. and Mrs. J. R. Carter, Paula, Peggy and David of Muleshoe and Mrs. Stewart McCracken, Jo Beth and Ronnie of Tulsa and Mrs. Estelle Davidson and grandson Jimmy Don Davidson all were at the Carter home for a visit. Mrs. McCracken and children returned home Wednesday morning after Jo Beth became ill.

Mr. and Mrs. Tom Weems of Carlsbad, N. M. are visiting their daughter, Mr. and Mrs. Elmer Lanham. Other guests for Christmas dinner were Mr. and Mrs. J. R. Lanham and Mr. and Mrs. Jake Kaiser.

Mr. and Mrs. Johnny Brummett spent part of the holidays in Spearman with their daughter and family, Mr. and Mrs. Claude Sheets. They also visited other relatives while there.

Mr. and Mrs. Clinton Thomas of Kress spent the day Sunday with Mr. and Mrs. John Mason and family.

Mr. and Mrs. Seburn Neatherlin were hosts for dinner Monday for their children, Mr. and Mrs. Alton Lane and family of Rupert, Idaho, and Mr. and Mrs. Barney Joe Martn and children of Plainview.

Mr. and Mrs. Alton Lane and children of Rupert, Idaho have been visiting their parents, Mr. and Mrs. Seburn Neatherlin and Mr. and Mrs. Luke Lane in Turkey during the holidays.

SCHOOL CENSUS BEING TAKEN

The School Census has begun for the Quitaque Independent School District, Supt. Johnny Mason has announced.

The annual headcount of all school-age students and youngsters who will be in school or of school age next September, began officially on January 1.

Students between the ages of 6 and 17 inclusive, as of Sept. 1, 1963 will be included in the scholastic count.

All youngsters residing in the Quitaque Independent School District will be included on the census roll.

The oldest child of a family will be given a census blank on which all school age children will be listed. It should be filled out properly and returned at the very earliest possible time to the teacher who handed it out.

People who have children starting to school but who do not have other children in school now should contact Supt. Mason for a census blank or have a neighbor bring them one. By all means, have your child listed on the census, since this means dollars to your school district, and it will also give school officials an approximate number of students to expect to be enrolling next September.

Quitaque Team Wins Outsiders BB Tournament

Quitaque won another basketball championship Saturday night, this one an "outsiders" tournament at Roaring Springs sponsored by their Lions Club.

The Quitaque team defeated Turkey in the finals to win a nice trophy. No scores were available of the three games played by the Quitaque team.

On Thursday night the Quitaque team took a lop-sided win over the host Roaring Springs team, then won over Matador on Friday night to advance to the finals on Saturday night against Turkey.

In the girls division Matador defeated Turkey for first place. The Guthrie boys and Roaring Springs girls teams won consolation honors.

In the men's division teams were entered from Crosbyton, Guthrie, Matador, Patton Springs, Turkey, Quitaque and host Roaring Springs.

Making up the squad for the Quitaque team were: Coach Gene King, Jimmy Davidson, Butch and Verlon Hamilton, Melvin Carter, Gus Gibson, Jr., Teddy Bedwell, Felix Johnson, Deloy Myers, Murry Wayne Morrison and Tommy Baird.

CEMETERY ASSOCIATION DIRECTORS EXPRESS APPRECIATION

January 1st always brings the past year back to all of us. To your Cemetery Association, it has done that in a special way. So much has happened in 1962 that we can only begin to thank each of you for your wonderful support.

Your response to the appeal for contributions was very good, and we can report to you that we are to begin 1963 with all figures in the black. This is a good feeling for us as there has always been a sense of uneasiness when there has been nothing with which to pay for the care of our Cemetery. We have every right to be proud of our Cemetery, and we are sure that every one will desire to keep it just so. The improvement done by the Lion's Club is a thing to be very proud of and we can never thank that organization enough for this project.

By this time, you will have your reminder that now is the time to make your contributions. Many people have asked how we arrive at the number of contributors. Each of us has a chance to become a part of this community project. Those having loved ones resting here, or who own any portion of the cemetery, or who has in the past made a contribution and yet owns no part, but who still has an interest in this community project.

Again, let us, the Directors of the Quitaque Cemetery Association, thank you for your help in keeping our cemetery beautiful.

FUNERAL SERVICES HELD FRIDAY FOR MURDOCK INFANT

CONSIDERABLE BUILDING AND IMPROVEMENTS SLATED HERE

Considerable improvements and new building is scheduled for this year, with some of it already underway.

The First National Bank is undergoing improvements with a new bookkeeping department being added. The new department will be located in the rear of the cafe building and entrance will be made through the west wall of the bank building near the door to the vault.

Plans call for all of the bookkeeping equipment to be moved into the space. The posting machines, Recordak, Addressograph, copying machine, files check-viewer and other pieces of equipment will be permanently located there, according to O. R. Stark. He says that the new room will be complete in every respect, with paneled walls, tiled floors, and an intercommunication system with the lobby and front office. There will be an abundance of counter space, and a large amount of storage space will be provided by shelves and cabinets.

Although their new house is not

Basketball returns to Quitaque following a two weeks holiday as the Panthers host the Flomot Longhorns Friday night in the local gym. It will open District play for the defending district and regional champion Panthers.

The Pantherettes will not play due to the fact that Flomot does not have a girls team this year. Two junior high teams will be played, however, with the Quitaque boys and girls teams meeting Flomot.

The Panthers, riding a six game winning streak, will be favored to repeat as district champions and surprisingly to some, the chief opposition will probably come from Matador. Estelline had been tabbed as the team most likely to give the Panthers the most trouble in district competition. However, the Matadors upset Estelline at the Matador tourney several weeks ago. Whether either team can generate enough steam to take the Panthers remains to be seen. The Quitaque lads, after a rocky start that saw them win only 2 of their first 8 games, looked real good the several games.

Next Tuesday night, January 8, the local teams will host the Turks from Turkey in a pair of district tilts. The Panthers have not met the Turks thus far the current season, but the Pantherettes own 1 victory over the Turkettes, having played them in the Silverton Tournament.

Estelline comes to Quitaque on Friday night, January 11 for two games.

4-H Club To Be Be Organized At Gasoline

A meeting will be held in the Community Building at Gasoline next Tuesday evening at 7:30 for the purpose of organizing a 4-H Club.

All interested boys and girls, together with their parents are urged to be present.

-Co. Agent Clarence Kerns

Mr. and Mrs. Earl Lewis of Lubbock visited their daughter, Mrs. Billy Shannon and family last Wednesday. Mrs. Lewis remained for a longer visit.

Mr. and Mrs. Leroy Duvall and Robert of Tipton, Okla. visited Mr. and Mrs. Chester Hawkins during the holidays.

completely finished, Wilma and Vellie Hodges are occupying their beautiful new home.

The new brick home of Mr. and Mrs. Johnny Powell is well underway and they are hoping that it will not be too long until they can move in to that one.

The foundations have been run and plumbing installed in the new home of Bob Ham, which will be located just east of the Babe Chandler home.

James Barefield reported that they expect to begin construction soon on their new home, which will be located behind the school building just west of the Jimmy Pointer home.

In addition to the business and home improvements scheduled for Quitaque, the Texas Highway Commission has recently approved an expenditure of \$205,000 for Briscoe County for 1963. This will be used to improve the stretch of Highway 86 from Quitaque to the top of the Caprock. The road will be widened, reconditioned and resurfaced and other improvements made.

SCIENCE FACT AND FABLE

BACK IN 1676, A POPULAR REMEDY FOR THE COMMON COLD WAS A SYRUP MADE OF GARLIC AND BROWN SUGAR CANDY, MADE BY GRINDING THE GARLIC INTO A LIQUID PASTE AND BOILING IT WITH THE CANDY.

ANOTHER REMEDY, BASED ON THE OLD SAYING, "AN APPLE A DAY KEEPS THE DOCTOR AWAY," WAS EATING A "RAW PIPPIN," A TYPE OF APPLE.

TO THIS DAY, SCIENTIST HAVE NOT DISCOVERED A CURE FOR THE COMMON COLD. BEST ADVICE: SEE YOUR DOCTOR, GET SUFFICIENT REST, AND DRINK PLENTY OF LIQUIDS. SOME DRUG PREPARATIONS, SUCH AS CORYBAN-D, REDUCE FEVER AND RELIEVE HEADACHES AND OTHER SYMPTOMS OF THE COMMON COLD.

Teen Talk Translators Needed For Events in March of Dimes

What's a gym jam? A Salk hop? A sock shuffle?

Do you give up? Want a translation?

All three are names of dances that will be held by teenagers across the country this January in honor of the 25th Anniversary March of Dimes.

The authority for this information is a blonde, hazel-eyed beauty who is national chairman for the Teen Age Program (TAP) of The National Foundation-March of Dimes.

She's Suzie Willett, 18, Wilmington, Del., a freshman at Russell Sage College, Troy, N.Y., where she is studying nursing. She became a March of Dimes volunteer several years ago because she "wanted to help people."

An enthusiastic worker, she traveled the state of Delaware and showed high school students how they could help carry out the March of Dimes programs to fight birth defects, arthritis and polio—a trio of cripples of concern to young people as well as to older age groups.

Is Top Tap

This fall and winter, as the top TAP, she's been corresponding and talking with teens all over the country, advising them how they can make themselves useful in March of Dimes activities in their home towns.

"Just about all the teens I've met in my travels for the March of Dimes really want to do something constructive," Suzie says. "Most of them join TAP groups because this gives them an opportunity to contribute to the life of their community."

"There have been several national surveys which show that Dr. Jonas Salk, who developed the killed-virus polio vaccine solely with March of Dimes support, is a hero to teens. It's easy to see why. Dr. Salk is a dedicated man, absorbed in his humanitarian work. Teens are very idealistic and they gladly give their respect to anyone who earns it. "I'm going to be a nurse because I want a career that in-

Suzie Willett, 18, Wilmington, Del., is national chairman of the Teen Age Program (TAP) for the 25th Anniversary March of Dimes held, as always, during the month of January.

popular benefits for the 1963 March of Dimes:

- Dances head the list, ranging from informal sock hops to Silver Anniversary Balls, glittering events which call for formal gowns and gardenias.
- Street sales—there seems to be an endless supply of items which TAPs plan to sell. These include tiny plastic Rainbow Crutches, balloons, lollipops, peanuts, donuts and carnations, among dozens of other products.
- Auctions—club members auction off their services to the highest bidder for a day or an afternoon, working as secretaries, baby sitters, shoe shiners and the like.
- "I'm thrilled that TAPs are so willing to pitch in and work for the March of Dimes," Suzie says. "This just proves one thing I've felt for some time—most of today's teens are idealistic, and they are searching for ways to express their idealism."

CHURCH NEWS

METHODIST NEWS

Sermon Subjects for Sunday:
 Morning Worship: "The World Seeks the King" (Matthew 2:2)
 Evening Worship: "The Poor in Spirit" (Matthew 5:3)

Sunday is Epiphany, the season of the world-wide proclamation of the Good News of the Christ. The Epiphany season dramatizes the task of the Church to bear such a witness to its faith that all races and all ages will see the Light that has come into the world and come to worship Him, as did the Wise Men of the East so long ago. The sacrament of Holy Communion will be celebrated at the morning worship service.

The Wesleyan Service Guild will meet Tuesday evening at 7:00 P.M. at the home of Minnie Mae Roberson.

THE DIVINE WORD
 John 1:1. In the beginning was

the Word, and the Word was with God and the Word was God.

John begins his Gospel by taking us back to the beginning, back to the time before the first star was placed in the heavens, back before the first angel became a swift messenger of God's will. There in the timeless past the all-pervasive presence of God filled a universe where no created thing had yet come into being. In that dateless eternity of long ago, the Son of God already bore the title "the Word."

The Bible gives Jesus many names and titles. Each one expresses something about His character and ministry. He is called Lord to express our relationship to Him under the New Covenant. He is called Jesus to express His ministry of salvation to the world.

March of Dimes Helps With 'Assist' from Coincidence

Kathy Anderson is too young at 18 months to understand coincidence. This is the story of how it tipped the balance in a life-and-death battle for her—hopefully, in favor of life.

During reassuring check-up visit to March of Dimes-financed Birth Defects Clinical Study Center at Children's Hospital, Columbus, Ohio, Kathy Anderson, 18 months, gets loving embrace from parents, Jim and Barbara Anderson of Grundy, Va.

The first child of Mr. and Mrs. James Anderson of Grundy, Va., Kathy was born in December, 1960 with spina bifida—a severe birth defect in which the spinal column fails to close completely. Its cause is unknown and there are too few specialists in its treatment.

Mrs. Anderson had been sent home, uncertain of her baby's future, while Kathy remained in the hospital. The doctors were undecided on the next move.

Helpful Neighbor Phones
 Ten days passed. Then the Andersons' telephone rang. It was a neighbor who had just read a magazine story about Linda Breeze of Columbus, Ohio, the 1961 March of Dimes Foster Girl.

The article, in the monthly publication of the Loyal Order of Moose, told how Linda, also a spina bifida victim, had undergone an operation at Children's Hospital in Columbus, and was now making steady progress under a program of treatment and rehabilitation at the March of Dimes-financed Clinical Study Center there.

Mrs. Anderson, whose father-in-law is a Moose member, read the article for herself and promptly called her family physician, Dr. Thomas McDonald. They agreed on an immediate call to the Breeze family, 200 miles away.

Mrs. Breeze confirmed the story. She also praised the skills of Dr. Martin P. Sayers who had performed the operation on Linda and of Dr. William O. Robertson, director of the March of Dimes-supported Center.

With Dr. McDonald making the arrangements, Kathy was soon taken to Columbus for surgery by Dr. Sayers. The operation was successful, but Kathy then began to develop hydrocephalus, or water on the brain, which frequently accompanies the open spine condition. Dr. Sayers inserted a plastic tube which drains the excess fluid from Kathy's head

into her body to be absorbed. Kathy went back home to Grundy in February of 1961 after spending a month at Children's Hospital, but she's been a regular visitor since.

Faithfully each month from March through October, Mr. and Mrs. Anderson drove 650 miles, round trip, between Grundy and Columbus, leaving home at midnight to reach Children's Hospital at 8 a.m. and returning the same afternoon.

Kathy Checked Closely
 This enabled Dr. Robertson and all the other members of the Clinical Study Center's medical team to keep a close check on Kathy in the important early months and to act promptly on any changes in her condition.

Now that the critical stage is past, the Andersons must make that long auto trip only once every three months. But it doesn't seem so long to them now because it leads to hope for Kathy's future.

Despite her continued improvement, Kathy's problems are far from over. Says Dr. Robertson: "Kathy is a cheerful little girl who seems to be respond-

ing well to much of the treatment we are prescribing for her. However, like most children with severe birth defects of the central nervous system, she has complications which we can't fully correct because we don't know enough about them yet."

Centers Fight Crippling
 The expert medical team at the March of Dimes-supported center in Columbus and those in more than 50 other centers are working to improve diagnosis, treatment and rehabilitation techniques to help make possible nearly normal lives for the victims of crippling birth defects, arthritis and polio.

Jim and Barbara Anderson can only hope that the work of Dr. Robertson and his associates will bring a promising future to Kathy. But they can personally endorse his diagnosis of their daughter's disposition.

"She's a lively, happy baby who loves to have people around her," says Mrs. Anderson. "We try to keep her from getting spoiled but it's not easy. What can you do with four grandparents who have only one grandchild to fuss over?"

IT'S THE LAW IN TEXAS DEDUCTIONS FOR TAXES AND MEDICAL EXPENSES

Most state and local taxes are deductible on your income tax return, but Federal taxes, such as income, Social Security, estate and excise taxes are not. The taxes most commonly deducted on your return are state sales taxes, real estate taxes, personal property taxes, automobile license taxes, state gasoline taxes, driver's license fees and city income taxes.

While the ordinary real estate tax is deductible, special tax assessments which are levied against your property are not deductible if they are not for improvements, such as streets, sewers or sidewalks which increase the value of your property.

The Texas tax on gasoline is 5 cents per gallon. Gasoline taxes imposed vary from state to state. Deductions for gasoline taxes should, of course, be based upon the specific number of gallons purchased in Texas and other states.

However, where this computation is impossible due to inadequate

records, you can often arrive at a reasonable approximation of your gasoline taxes paid by determining the number of miles you drove your car in each state, dividing this figure by the number of miles you receive per gallon, and then multiplying the number of gallons used by the tax per gallon in the various states where you used your car.

In the case of the Texas sales tax, the Internal Revenue Service has issued a schedule of what it considers a reasonable estimate of sales tax based upon your income. If you do not have specific records this schedule should be used. Otherwise you may be called upon to substantiate your deduction.

Medical and dental expenses incurred by you and your dependents are deductible as itemized personal deductions in the year you pay your medical or dental bill.

Generally, these expenses include fees of doctors, dentists and nurses, hospital expenses, eye glasses, false teeth, hearing aids and premiums paid on hospital and medical insurance. Medicines and drugs are "medical expenses" only to the extent that they exceed 1 percent of your adjusted gross income.

You are also entitled to deduct the cost of transportation primarily for and essential to the rendition of medical care. Medical expenses for which you receive reimbursement through hospital and medical insurance are deductible only to the extent that they exceed the amount received.

If you are under 65 years of age, your deduction for medical expenses is limited to those expenses for yourself, your wife and your dependents which exceed 3 percent of your adjusted gross income. This limitation does not apply to expenses for yourself or your wife, if either of you are over 65. It also does not apply to medical expenses in the care of your or your wife's mother or father if the parent receiving medical care is your dependent and is over 65. A "dependent" for the purpose of medical expense deduction is the same as in the case of exemptions, except the \$600 limit-

ation on gross income does not apply.

The deduction for medical expenses cannot exceed \$2,500 for each exemption you claim (except the exemptions for over 65 and blindness) with an overall maximum of \$5,000 on a separate return and \$10,000 on a joint return. If either you or your wife are over 65 and disabled, the maximum is raised \$15,000 and if both you and your wife are over 65 and disabled, the maximum is \$30,000.

DATES FOR JEHOVAH'S WITNESSES' MIDWINTER ASSEMBLY SET

Jehovah's Witnesses mid-winter assembly for Texas Circuit No. 9 will be held in Lubbock, January 11-13.

Each of the 16 congregations, from Wichita Falls to Hobbs and from Lamesa to Plainview, will make a report of their ministerial activity for the past six months. An analysis will be made of the circuits weaknesses and ways considered to bring the weaknesses up to circuit and national levels.

The presiding minister, V. D. Tiffin, of the Quitaque congregation said, "According to the 1962 annual service report ending last August, the 4,564 congregations of Jehovah's Witnesses in the United States had an eight per cent increase in the number of Witnesses preaching and teaching the good news of the kingdom."

In the 189 lands where the ministry work is done by Jehovah's Witnesses, Tiffin said, there was a 4.1 percent increase over last year in the number of those preaching "publicly and from house to house." He said this included 12 Communist dominated countries

and troubled areas where reports were incomplete.

The semi-annual circuit carries the theme, "Copy the Master's Zeal."

News For Motorists - Stabilizers For Road Safety

At left, New front Load-Leveler stabilizing unit overcomes "sag", greatly reduces front tire wear, helps maintain front-end alignment. Right, Cornering is safer, surer with new front stabilizing device, which also eliminates sidesway caused by crosswinds or passing trucks.

Approximately 40,000,000 cars on the road today suffer from "front end sag" — and most of their drivers don't know it. "Front end sag" sets in when the front coil springs take a "set". It happens when a car is anywhere from a few months to a year or more old. This "set" drops the front end an inch or more, and fouls up all the careful calculations of the automotive engineer who designed the front end parts to fit and work together at normal height.

Consequently, wheels don't run true, tires wear out faster, steering is harder and the ride is rougher.

Until recently, the only way to restore a car to the new car level was to replace the front coil springs. This is a difficult, costly job, requiring equipment lacking in most service stations and in many garages.

Some try to overcome sag by inserting hard rubber or metal boosters between the spring coils. These lift the front end all right, but can also break springs because the stress of spring action is concentrated where the boosters are inserted.

Now motorists can give their car a front end lift, without replacing coil springs or using spring-breaking boosters, by having a new front Load-Leveler stabilizing unit installed. Developed by the world's largest maker of ride control products, the Monroes Auto Equipment Co., this combination shock absorber and coil spring unit overcomes "front end sag" and the problems it causes.

Front Load-Levelers replace the conventional front shock absorbers and provide as much as 300 pounds of spring assist at the front end. This lifts the car back to normal height and restores the front end geometry. Front alignment is maintained, tire wear is substantially reduced, and steering is made easy again. Not only that, but a half-million miles of testing has proved that it gives a better, smoother ride, greatly increases cornering ability, and even eliminates sidesway caused by crosswinds or passing trucks.

Best of all, the company points out, the cost of a pair of front Load-Levelers is considerably less than the cost of replacing front springs. Installation can be made by anyone who can install shock absorbers, and units are available for practically every American car built since 1955.
