Congressman Walter Rogers' Newsletter

from about 22 cents a pound ports. to about 36 cents a pound?

In an effort to find the answers to these and other questions involving the food industry, the Senate this week cousin, Palmer Quarlls, at Am. passed and the House will soon arillo last Thursday. consider legislation establishing "National Commission on Food Marketing." This 15member bipartisan panel (including five Senators and five House members) would make a and business relationship of taken out there. food marketing firms? (2) What will the food industry be like in the future if present industry structure be consistent with the national longrun interest? What will be the effect of this structure on the family farm—on the consumer? (4) What kind of food marketing system do we want?

The food industry involves expenditures of \$70 billion annually at retail. About 11 mil. lion Americans are employed by it. All segments of the food processing industry — farm organizations, major food chains and grocer associations, and and Mr. Owens, fishing in irrilabor unions-support the pro- gation reservoirs there caught posed Commission study. The President has recommended en- of 75 pounds. He said that he actment of the legislation.

Panhandle wheat farmers and catt'emen should be especially are vacationing at Truth or interested in the results of such Consequences, N. M. Pete and a study. Today — and for a Gerald came in the middle of number of months-no segment | the week to tend to some busiof American agriculture has been ness and then went back to do more adversely affected by eco- some more fishing. Pete said benomic factors beyond its control fore he left the first time that than has the cattle industry. he was going after the old 'pa-Senator Gale McGee of Wyom- pa" but, though they had ing, in urging that the Com- caught a few small ones, they mission be established, told the still had not landed the big Senate this week, . . . I would one. point out that the American cattleman has lost more than \$2 billion since his prices started to fall about two years ago. I Commencement Exercises here believe that he is entitled to last Fridy evening and spent the know why his prices have drop- night with Bob's parents, Mr. has been quite ill, but is reported ped to the point where he can no longer make a living while at the same time the price the housewife is paying for her beer has not dropped at all. And beef is not the only area where there seems to be little relationship between the price paid the producer and that paid by the consumer."

Americans today enjoy the lowest food prices in the history of the world—less than 19 percent of take-home pay. Yet the farmers' accomplishments in improved production have not brought to them the security and income that such an achievement should normally produce.

For some time there has been a trend in this country toward casting a blanket indictment against the American farmer. Farm programs generally have programs." The word 'subsidy' family.

IN SEARCH OF ANSWERS | has come to be associated with The farmer's share of the the American farmer, especially food dollar has declined from by those who have not under-47 cents in 1950 to 37 cents stood overall economic probtoday. In the past 16 years, the lems involved. The truth is that class of QHS. prices received by farmers for it would be impossible for me their products have dropped 12 to list in one newsletter the difpercent while the prices paid ferent businesses that enjoy diby consumers have increased 29 rect and indirect subsidies far greater than any that ever went Why? Why has the retail to the American farmer. I feel price of bread increased from that a debt of gratitude is owed about 14 cents a loaf to about the American farmers by the 22 cents in the past 15 years? American people generally. Our Why in this same period has farmers are certainly entitled to the price paid to farmers for the fair treatment in the marketwheat in the loaf of bread de- place, whether they be grain clined slightly? The "market- producers, cattle producers, fiber ing spread" affecting bread has producers, milk producers, or increased about 80 percent. By otherwise. And in keeping with the same token, why has the this thought, one of the prime farm-retail price spread for beef protections afforded them increased in the past 15 years should be aginst excessive im-

Mr. and Mrs. M. L. Roberon left Sunday to attend mar. ket in Dallas for their store.

Sybil Stone and O. D. Short of Lubbock spent Sunday with land wheat here is averaging been referred to as "subsidy Mr. and Mrs. Dick Polk and under 10 bushels per acre for Alvie Davis in Silverton last the most part

QUITAQUE LIONS CLUB HAS CREATED AN ANNUAL SCHOLARSHIP

The Quitaque Lions Club has recently established a \$100 Scholarship which will be awarded annually to the Valedictorian of each graduating

There is only one condition to the award, just as with any scholarship, and that is that the \$100 will be given to the recipient only after he or she has enrolled in school for further education. The winner of the award may attend any school of his choice, whether it be college, a trade school such as barber school, beauty school, etc., but he must be enrolled in school before receiving his scholarship. The money can be used then as needed, for tuition books, clothing, or wherever he chooses.

Almost anyone can use an extra hundred bucks when starting off to college and the Lions Club is to be commended for Mr. and Mrs. Pierce White setting up such a fund. The award will also be an incentive for a student to study harder in order to win the honor of being valedictorian of his class.

> Jim Saul, who was valedictorian of this year's class is the winner of the first Lions Schol. arship. He plans to attend Way. land Baptist College.

Mr. and Mrs. A. C. Barrett Willie Gragson caught a 3-1b Grade graduation exercises and had to report back Tuesday for follows granddaughter, Susie Seaney, Commencement exercises for the Senior class of McLean High ter Friday night's program.

> Mr. and Mrs. Roy Coleman of Memphis had lunch with her sister, Mrs. Carrie Wise last Thursday.

Mr. and Mrs. John Pigg and amily of Kress visited her mother, Mrs. Aline Welch Sun.

Mr. and Mrs. Sid McFall pent the week-end in McLean, guests of their son, Billy Joe and his family. Mr. McFall caught a nice-sized cat fish while they were there, the first one he had ever caught in his

MRS. DORA STROUP UNDERGOES SURGERY LAST WEEK

Mrs. Dora Stroup was admit. ted to Plainview Hospital and Clinic last Wednesday and underwent surgery Thursday. She and Mrs. Clyde Saul. They to be some improved at this 214, c/o Plainview Hospital & Clinic Fdn., Plainview.

Sick Report -

Mrs. Daisy Bedwell returned home from Stanley Hospital Monday after spending a week there. She is reported to be im-

visited his brother, Elmer Rich. mond of Turkey, in the hospital at Memphis Saturday night and again Monday night. Mr. Richmond is in the hospital fol lowing a heart attack. He was feeling much better Monday ac. cording to reports.

Mrs. N. G. Smith of Plain-Groom Memorial Hospital since April 14, having undergone major surgery three times since entering the hospital. She is the mother of Mrs. James Kimbell. Her condition is reported as

Her address is: Mrs. N. G. Smith, c/o Groom Memorial Hospital and she would appreciate remembrances.

Bobby Kaiser, small son of Mr. and Mrs. Ronald Kaiser of Plainview and grandson of Mr. and Mrs. H. B. Finney has been in the hospital in serious condition. He entered the hospital reception Thursday night. A further medication. Mr. and Mrs. Finney spent Sunday with was a member of that class. On the Kaisers at the hospital and riday night they attended the Rhonda Kaiser came home with them. Mrs. Finney and Rhonad returned to Plainview Monday.

> Mrs. Wendell Farley underwent minor surgery in Pain- Ann Tyler, and Dee Whitting view Hospital and Clinic last ton. Friday. She returned home Sat. urday and at latest report is feeling fine.

Mr. and Mrs. Sid Bogan returned home Friday from their vacation trip, reporting a very pleasant trip. One thing of interest they saw on their trip was the Spearman - Graham Mule Train at Goodlett on their return home. There were 23 wagons and numbers on horseback in the train and they were having a good time.

Mr. and Mrs. Guy Hammons of Flomot were dinner guests of Mr. and Mrs. Mack Truelock Sunday.

GILL DAVIDSON HAD TONSILS REMOVED LAST WEEK

Gill Davidson, small son of Rev. and Mrs. Roy Davidson, had his tonsils removed at Tulia Hospital last Thursday. On top Captain, "All available highway of this, he cut his hand on a broken jar Sunday night, requiring four stitches to close the wound. Gill says he wants to writing. Her address is Room hurry and get well, and it seems that is about enough for a small boy at one time.

Highway Patrol Warn Motorists To Drive Careful

Captain J. W. Blackwell. Headquarters plans for enforcement activity were discussed. 'Over this weekend," said the of last week. patrol units will be in service. They will be using all means of detecting traffic violators. We anticipate that radar will be in service for a large part of the time." The Captain emphasized that the apprehension of viowill be on the lookout for the motorist who is having trouble and will try to be of assistance whenever possible," he said.

Last year with only a one day holiday there were seven deaths on highways in Texas. With the three-day holiday this year it is anticipated that there will be a substantial increase in the number of accidents, injuries and deaths on our streets and highways.

Here are a few pointers presented by the Captain to help you to have a safe, pleasant week_end:

1. Check vour car's safety equipment before leaving on a

COMMON CRUSADE

At the turn of our present century, medicine and the allied sciences — despite great strides made during the 1800s were still faced with many yet unconquered diseases of life-threatening and fatal potential.

Another 20 years or so were to pass before the discovery of insulin provided the spark that ignited the flame of modern-day drug research. First one and then another of the hitherto unmanageable diseases fell to the conquering power of the "new era" drugs -the hormones, sulfonamides, antibiotics, hypotensives, vaccines, and a host of others now available to worldwide medicine.

These are the fruits of a cooperative effort uniting medica science and the pharmaceutical laboratories in a common crusade against all human disease everywhere.

A Six Flags Spee-lunker musician gets an inspection of its weird coiffure by glamorous Donna Douglas (better known as television's Elly May Clampett) during a premier showing of the newest Six Flags ride...the Spee-lunker Cave. The Spee-lunkers have already taken over the operation of the Park's newest creation, which was coincident with Six Flags' beginning of its daily operation on June 1.

THE SPEE-LUNKERS CAVE READY FOR

SIX FLAGS SUMMER SEASON Six Flags Over Texas newest project, "The Spee-lunkers Cave" will be open to visitors on June 1, the day the Park officially com-

Costing \$300,000 the unique creation is the brainchild of Six Flags art director Randall Duell. Construction on the 600 foot maneight months and some 60 engineers, artists, electricians and special effects technicians will

wind up their efforts next week.

The Cave has been termed "a marvel of man's imagination, engineering and animation" by newsmen who inspected the three-quarter finished project last week. Miss Donna Douglas, star of the Beverly Hillbillies TV

secrets to be witnessed by the visiting 'explorers.' The boats are propelled 3½ feet per second by the force of the water through which are rated at 1,800 gallons per minute.

"A colony of 28 Spee-lunkers operate the Cave and being most talented little people, they are able to play instruments, do the 'Twist,' make rock candy from cave crystals, play cards, engage in turtle racing and absorb nour shment from cave air by osmosis through their oversize ears. "Also inhabiting the cave are

huge lobsters, flying bats, trees that dance the 'Twist' and a broken hull of a sunken ship whose crew still carries on some of the skylarking activities that time or another. "The ride culminates in a ter-

rific storm at sea in the cave where the wind hits 35 knots per show was also present for the tour and saw first hand the strange 30-inch high animated Spee-lunkers who inhabit the cave.

"Visitors will journey through the Cave," explained Mr. Duell, "aboard round Indian Bull boats. Inside the Cave it's completely dark save for the special fluores-

dark save for the special fluores-cent lights and paint which bring into full focus by the Speeabout a fascinating display of the lunkers Cave.
