State Sovereignty Further Diminished

We say it so often—"United States"—that some citizens tend to overlook the true meaning. The United States consists of just that—United States—separate political entities joined together in common purpose, forming one Nation in a complex "federal" relationship ordained by the Constitution. Our system is one of dual sovereignty. Our people stand in a twofold relationship to sovereign authority, as citizens of the national government and as citizens of their particular States. We are all familiar with the indisputable fact that the sovereign authority of the national government has become increasingly more powerful while that of the States has been diminished. It is a trend many of us are doing our best to reverse.

A near-mortal blow to this system was struck one month ago by the United States Supreme Court. On June 15, the Court held that legislatures of six States are apportioned in ways that violate the Federal Constitution, specifically the so-called "Equal Protection Clause" of the Fourteenth Amendment.

The effect of the court decision is this: States must structure their legislatures so that all the members of each house represent substantially the same number of people. While cases involving only six States were before the court, the decision undoubtedly means that legislatures in all but a few of the other 44 States are apportioned in ways contrary to the Court's interpretation of the Constitution.

The June 15 decision has touched off a furore in Congress, which went back into Session this week after a two-week recess. More than 80 proposals have been introduced in the House of Representatives in an effort to overturn the effect of the court decision.

Most of the proposals call for an amendment to the Constitution to permit States to apportion at least one house of their bicameral (two house) legislatures on a basis other than population. Typical of these proposals is that introduced by Honorable Wright Patman of Texas, the dean of the Texas delegation in the House, whose resolution is supported by the Texas Members, including me. The wording of Congressman Patman's proposed amendment is simple and to the point: "Nothing in the Constitution of the United States shall prohibit a State, having a bicameral legislature, from apportioning the membership of one house of its legislature on factors other than population." It is my hope that Congress will not adjourn until an amendment to the Constitution identical or similar to that advanced by Congressman Patman is adopted by the House and Senate and sent to the States for ratification.

The Supreme Court decision on State legislative apportionment denies to the States the employment of a principle of apportionment which is incorporated in the U. S. Congress. The "Great Compromise" of the Constitutional Convention of 1787 settled a question that had threatened to block approval by the delegates of any compact establishing a national government. The "Great Compromise" satisfied the argument of the small States that a proportional system in both houses of Congress would fail to provide proper representation of

their interests. Therefore, it was determined that the House should be apportioned by equal representation of population. The U. S. Senate was to have two members from each State, regardless of the size of its population or extent of its territory.

Justice Harlan, issuing a strong dissent from the majority opinion of the Court, said these decisions "have the effect of placing basic aspects of state political systems under the pervasive overlordship of the federal judiciary." Why? Because if the State legislatures refuse to correct apportionment, the Federal courts themselves will set out to set legislative district boundaries. This is totally unconscionable with Federal-State relationships as determined by the Constitution, law and custom.

Singly, one by one, the Supreme Court settles the questions of constitutionality. Thus, Jefferson advocated that the Court be stripped of the right to determine constitutionality of acts of Congress or State legislatures. Until the people of this Nation demand that the Constitution be amended to permit Congress to override decisions of the Court declaring statutes unconstitutional, the problem typified in the legislative apportionment cases will be repeated time and time again. I am continuing to press for the adoption of a Constitutional amendment I have introduced to give Congress the power "by statute passed by two-thirds of each House of Congress" to overturn Federal Court decisions invalidating acts of Congress or State legislatures.

Telephone Strike Finally Ended

San Angelo — The official signing of a three year contract which will cost the company approximately \$1 million annually in increased wages and benefits, was signed on August 7 by officials of General Telephone Company of the Southwest and Communications Workers of America.

Agreement on the new contract was reached June 11 and formal signing was delayed until final agreement was reached on the exact wording of the contract.

The new contract which became effective June 1 with wage increases retroactive to April 27 can be reopened June 1, 1965 for negotiations on basic wage increases and may be reopened again in 1966 for negotiations of basic wage rates, vacations and force adjustment procedures.

Frank A. Lennberg, director of personnel and chief negotiator for the company, emphasized that throughout year-long negotiations every effort was made to negotiate a contract which would be equitable to employees, the shareowners who own the company and the customers. Ultimately, the effects of increased operating costs which cannot be absorbed by increased production and improved operating efficiency must be taken out of the shareowners' equity or passed to customers in the form of increased costs of communications. Lennberg said.

Rates May Be Increased
Several precedent setting items are related to the new contract, according to E. H. Danner, president of General Telephone Company of the Southwest: (1) The dollar amount involv-

BASEBALL SEASON ENDS FOR LOCAL KIDS

Quitaque's Little Leaguers wound up their baseball season by taking another lopsided win over the Turkey Little Leaguers. The game was halted before it was officially over so there was not an official final score. The Quitaque lads won 10 and lost only three games during the summer's activities. All of their games were with Turkey. Several boys who played during the summer were not present when the above picture was made. In the top row, left to right is Jerry Merrell, Bruce McWilliams, Ronnie Hutcheson, Ysidro Leal, and Phineas Ivory. Bottom row left to right: Stanley Price, Larry Price, Johnny Griffin and Scotty Stark.

Only six PeeWees were on hand when the pictures were made. The PeeWees also played all of their games with Turkey and the locals did not fare quite as well as the bigger boys. The PeeWees won 3, lost 5 and played five tie games with their Turkey neighbors. In the top row, left to right is David Johnston, Eddie Owens, and Gus Cavazos. Bottom row, left to right is Steve McWilliams, Randy Stark and Dee Whittington.

TURKEY INVITES NEIGHBORS TO FREE FEED

There will be a free barbecue for all in the Turkey trade area from 6:00 p. m. until 10:00 p. m., Saturday, August 29 in front of the high school building.

This is to be a community-wide affair sponsored by the businessmen and merchants of Turkey for their friends in this trade area which includes Northfield, White Flat, Flomot, Parnell, Weatherly, Gasoline and Quitaque.

So come one, come all—bring your family and enjoy an old fashioned barbecue prepared and cooked in the traditional way by Pat Brittain, Squint House, Red Williams and Gordon Bain. Dr. Richard M. Hall is chairman for the affair and has completed plans for a program.

Congressman Walter Rogers will be the main speaker. Old time western music and a gospel quartet also will be featured.

ed is the largest amount in the company's history. (2) It is for the longest contract agreement period. (3) Negotiations on the new contract were the longest—just nine days shy of one year—in the history of the company.

Over \$600,000 of the annual cost of the new contract relate to increased employee benefits. Danner pointed out. Some \$548,000 of the increase involves improved or new pension costs; \$43,700 of the increase goes toward the company's contribution toward primary health insurance and extraordinary medical expense plan, and \$17,000 relates to increased company costs related to improved vacation benefits.

Increased wages reflect only \$343,600 of the total annual cost of the new contract, Danner said.

Graveside Rites Held Wednesday For W. M. King

Funeral services for William Max King, 80, of Colorado Springs, Colo., were held at Swan Funeral Home of Colorado Springs Tuesday at 3 o'clock with the Rev. Richard D. Yancey, Baptist minister officiating. Graveside rites were held in Quitaque at 3 o'clock Wednesday. The Rev. Miller Robinson of Matador officiating. Pallbearers were Murry Morrison, Ralph Carter, H. B. Finney, Ray Persons, and Morris Wilson. Burial was in Rest Haven Cemetery under direction of Seigler Funeral Home of Turkey and Roberts Funeral Home of Quitaque.

Mr. King, a long-time resident of Quitaque, died Monday in a Colorado Springs hospital, was born August 19, 1883, in Delta County, Texas. Mr. King was a retired farmer and was a former County Commissioner of Briscoe County.

He was a member of the Baptist Church and Masonic Lodge. He is survived by three sons, John of Quitaque, Raymond (Bill) of Colorado Springs, Joe of Dumas; one daughter, Mrs. Roy Winton of Roswell, N. M.; a sister, Mrs. Myrtle Vaughn of Ft. Smith, Ark.; 11 grandchildren and 18 great-grandchildren.

Mr. and Mrs. C. P. Richmond visited her aunt and uncle, Mr. and Mrs. E. L. Hayes and daughter at Quail Sunday. In the afternoon they all drove to Texola, Oklahoma where they visited Mrs. Richmond's uncle, Joe Bradley and family.

Highway Patrol July Report

The Highway Patrol investigated three rural traffic accidents in Briscoe County during the month of July, according to Sergeant W. E. Wells, Patrol Supervisor of this area.

These wrecks accounted for two persons injured, and an estimated property damage of \$1,800.00.

The rural traffic accident summary for Briscoe County from January through July shows a total of 16 crashes resulting in no persons killed, nine persons injured, and an estimated property damage of \$12,670.00.

Yes, it is hard to believe here in the middle of August that school days are almost here again. Do not be surprised if in a few days when you round a curve or top a hill when you meet a big yellow school bus. The Sergeant reminds all motorists of the state law regulating

traffic in regard to school buses. "The driver of a vehicle upon a highway outside the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which is stopped for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may proceed past such bus at a speed which is prudent, not exceeding 10 miles per hour, with due caution for the safety of such children."

Commenting on the upcoming Labor Day week-end facing Texas motorists, the veteran patrol supervisor said, "Many Texas families will be taking advantage of this last long summer week - end to take trips. Many of these families will be trying to cover too many miles. As a result, the possibilities of traffic crashes will be increased."

Because this holiday is mostly

Flomot School Begins August 31

Flomot school will begin on Monday, August 31, it has been announced this week.

The Flomot Board of Education has adopted the following calendar for the 1964-65 school year:

August 31 — School begins with a full day of work.

November 26-27 — Thanksgiving holidays.

December 19 — Christmas Holidays.

December 28 — Classes resume after holidays.

January 1 — New Years Day holiday.

Easter Holiday — One day.

May 14 — Schools ends (if no time lost due to bad weather).

The Board adopted a program of 100 working days for the teachers, which includes a faculty meeting at 9:00 a. m. on Friday, August 28 and for

Flomot Teacher Attends Workshop

Mrs. Leona Barron, who teaches in the Flomot schools, attended the Quannah Workshop of the Economy Company held on August 3-4. The programs of the workshop were devoted to the Phonetic Keys to Reading and Keys to Independence in Reading. Mrs. Earline Schoenfeld of the Cleburne school system was in charge of the program.

Mrs. Schoenfeld is an experienced teacher who has been highly successful in teaching the Keys Reading Program. The program was composed of demonstrations of actual classroom techniques of teaching reading in grades one through six. Each session was concluded with a question and answer period in which a high percent of the teachers participated. No college credit was given attendance.

Mrs. Barron reported that the program was refreshing with new ideas and many combinations of techniques which will be helpful to the student to individual independence in reading skills. It was pointed out that in a successful reading program the group 9-12 will read more than at any other age of their lives. If one idea were emphasized throughout the entire program, it was "Just hearing a child read in class is not teaching reading." At least part of the program will be started in the Flomot School system beginning in September, 1964.

a family affair, more persons will be occupying cars. Thus, any traffic accident might result in several casualties. This has been evidenced several times on Texas highways in recent weeks. During the 72-hour Labor Day week-end last year, 31 crashes claimed the lives of 44 persons.

Saturday, August 29, which has been set aside for teachers to prepare their rooms and materials for the opening of school. May 17 and 18 is a two day work period for teachers to clear their records, make out reports of the closing year, and completing requisitions for materials for the 1965-66 school year.

Flomot's first faculty meeting could hardly be called a get-acquainted meeting, because Mr. W. S. Rees is the only new faculty member. The school is indeed fortunate to be able to keep the high percentage of the previous faculty.

The faculty for the Flomot School is as follows: Mrs. Lesie Pope, Grade School Principal and First & Second Grade teacher; Mrs. Leona Barron, Third & Fourth Grades; Mr. W. S. Rees, Fifth & Sixth Grades; Mrs. Edith Timmons, High School Principal, Librarian, and Seventh and Eighth Grades; Miss Aba Humphreys, English and Commerce; Mr. Wayne Mackey, Shop, Junior High Math, and coach; Mr. Homer Bruton, Math and Science; and Supt. Barron, Driver Education, Civics and American History.

During the 1963-64 school year, the Flomot school system put into operation the program which the Texas Education Agency says must be put into use beginning in September of this year.

That year's head-start gives the school system time to become accustomed to the program instead of being forced into the change over a one year period.

Farmers Union Meets Monday

Gasoline Farmers Union regular meeting will be held Monday night, August 24 at 8 o'clock.

The public is invited to attend.

Mr. and Mrs. Jake Merrell and family are vacationing in Colorado this week. They left last Saturday night.

Mr. and Mrs. Edgar Morrison returned this week from a visit at the home of their son and his family, Mr. and Mrs. Travis Morrison and family at Ruidoso, N. M.

James, Donnie, and R. L. Brunson and their brother, Jess of California, and B. K. Hamilton spent from Wednesday of last week until Monday fishing at Lake Falcon. Another brother, George Brunson of Kress, met them at the lake. The group caught 554 fish weighing from a half-pound to 2-lbs.

Dr. Hall's Office Closed For Week

Dr. Richard M. Hall of Turkey has announced that his office will be closed from Wednesday noon of this week until Thursday, Aug. 27th.

Equalization Board Meets August 21

The Quitaque Independent School District Board of Equalization will meet Friday, Aug. 21 at the School Tax Office between 9 and 11 a. m.

PERMIT SIGNING FOR BOLL WEEVIL PROGRAM PUSHED

"Permits to spray, signed by every farmer with cotton in these seven counties, is a must if the Boll Weevil Control Program is to get underway on schedule." Bill Gunter, Area Extension Agronomist who is serving as Extension coordinator for the program, continued by saying the seven counties where permits must be signed are Motley, Briscoe, Floyd, Dickens, Crosby, Kent and Garza.

For those farmers who haven't attended a permit-signing meet-

ing in their county, several places have been designated where permits can be obtained and signed. These include the local county agricultural agent's office and the county ASCS office. In addition, permits can be obtained from the county and community chairmen of the Areawide Boll Weevil Control Program Committee.

Regardless of where you get the permits, make sure you get one and sign it promptly, says Gunter. The time is fast approach-

ing when the spray program must get started. Cotton farms for which permits have not been signed cannot be sprayed for overwintering boll weevil control, the Extension specialist emphasizes.

Not only will you be doing your neighbors a favor by helping stop the spread of the costly insect. You will also be acting to reduce boll weevil infestations—and control costs—on your farm this next year—and in years ahead.

Proposed **CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT**

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows:

"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof ever be

appropriated to or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

"AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

Mr. and Mrs. Benny Ray Turner of Amarillo are the proud parents of a baby daughter, born Saturday night at 12:30 a. m. in Northwest Texas Hospital. She weighed 7 lbs., 11 ozs. and has been named Cindy Ray. The Turners have another daughter, Regina Dawn who is 2 1/2 years old. Paternal grandparents are Mr. and Mrs. Malcolm Turner of Flomot and maternal grandparents are Mr. and Mrs. A. W. Womac of Floydada.

Cecil Seaney and Mrs. Dolores Johnson of Pampa were married in Wheeler on August 1. They are at home at McLean.

Mr. and Mrs. Glynn Barrett and children of Amarillo visited Mr. and Mrs. A. C. Barrett, Mr. and Mrs. Clarence Barrett and Charles, and Mr. and Mrs. D. C. Duck Saturday. They brought Glenna and Wanda Ramsey home after the girls had spent several days visiting in Amarillo.

"LET'S GO!" ... to scenic Arkansas in General Telephone Country

OKLAHOMA ARKANSAS
 TEXAS LOUISIANA

★ **PRESCOTT**
 Vacation Headquarters for Southwest Arkansas

Prescott-Vacation Headquarters

Situated in Southwest Arkansas, the bustling city of Prescott is the center of many scenic attractions. Eight miles away is ARKLA VILLAGE, an authentic re-creation of a typical frontier town of the mid-1880's, where there's fun for all the family. In another direction you take a ride on the Possum Trot Line of the READER RAILROAD driven by an old-fashioned steam engine. Go another way to a real DIAMOND MINE where, for a small fee, you can dig for your own diamonds (one woman found a \$15,000 stone). Then there's OLD WASHINGTON, a famous roadside inn, which around 1830 was the last outpost before reaching the wilderness of the West. To these attractions add NARROWS and WHITE OAK lakes, and you have a wonderful vacation spot — another of the many places to go and things to see in General Telephone Country.

AIR CONDITIONING MEANS MORE THAN just COOLING

GAS DOES THE COMPLETE JOB:

 COOLS	 HEATS
 CIRCULATES	 FILTERS
 VENTILATES	 CONTROLS MOISTURE

AND... DOES IT FOR LESS!

Air conditioning is more than just cooling. A combination of things is required to keep your home comfortable year 'round. GAS provides them all. And, GAS is far and away the most economical way to air condition. It is good to know that if your unit should ever need service or adjustment, you need only call Pioneer. We sell and stand behind GAS air conditioning units.
