P-TA Meeting Was Well Attended

The Quitaque P-TA met Monday night, October 12 in a regular meeting.

President John Bowman presided at the business meeting, during which time the minutes of the preceding meeting were read by the secretary, Mrs. Mary Woods, and the financial report was presented by treasurer Doyle Ramsey.

A committee was appointed by the association to investigate cost of air conditioning the school auditorium as a project of the P-TA for this year.

Following the business meeting a film, "All In A Lifetime" was shown.

Before dismissal, a transistor radio was given away, the lucky winner being Mrs. Dora Hawkins. This will be done at each meeting of the P-TA this year in an effort to boost attendance at the P-TA meetings. When a person pays his or her member dues, that name is dropped into a box and the drawing will be made from that box at each meeting. If a name is called and that person is not present, another name is called and this is done until a winner is found. That happened Monday night. The person whose name was drawn first was not present.

It is hoped that this idea will stimulate interest in attending meetings. The idea is taking the place of the room count, used in previous years. Every parent and others in the community should be interested enough in the various activities of the school to take an active part in the P-TA. Why don't YOU join.

After the business meeting, the group retired to the cafeteria for refreshments of cookies, punch and coffee.

A better than usual turnout was present at the meeting.

Mr. and Mrs. A. C. Barrett visited Mr. and Mrs. Cecil Seaney and children at McLean Sunday. They met Mr. and Mrs. George Seaney there for a visit, also.

Opal Brummett returned to her home here after spending 2½ months in Arizona with a niece.

THE JOHN L. GARNERS ARE HOME FROM HOSPITAL

Mrs. Garner suffered severe bruises and strained ligaments, and was also hospitalized for a few days. Both are home now and Mrs. Garner was in The Tribune office Tuesday and reported that John Luther is doing as well as possible, but is in quite a bit of pain much of the time. The injured leg is not in a cast, the doctor explaining that it will heal faster that way, although it will pain him more.

BRISCOE AND SWISHER COUNTY YOUNG FARM FAMILIES ARE BEING HELPED BY FHA

Donald B. Cruce, County Supervisor of Swisher and Briscoe County, advises that 36 young farm families are receiving loans to assist them in the purchase of farms, the construction of essential farm buildings, the acquisition of livestock and machinery, and funds for the further development of their resources this year.

"Over 1,000 young farmers less than 35 years of age have received the financial and technical assistance of the Farmers Home Administration in Texas this year," stated L. J. Cappelman, State Director. Mr. Cappelman reported that, "One of the major endeavors of the Farmers Home Administration in 1964 is to assist young farmers in accomplishing the extremely difficult task of acquiring the capital and the skill needed to take over the farms of their retiring elders."

Mr. Cruce stated that over the past 3 years, many young farmers who received the assistance of the Farmers Home Administration have been formally recognized as outstanding young farmers in the State by various publications and farm organizations.

The County Supervisor advised that this financial assistance is available to young farm families who are unable to obtain adequate credit from private sources, meet all other eligibility requirements, and have the ability and the desire to become successfully established in farming and ranching operations.

The awards were signed by Superintendent Mason and TSA President Quincy V. Tuma and General Manager J. O. Musick.

Basketball Season Begins Tuesday

The High School basketball season opens here Tuesday night when the local teams will try their claws against the Owls of Hedley High School.

A very attractive schedule has been lined up for local fans, including two games with state champion McAdoo.

For the first time since 1961 the Quitaque Panthers will not be overwhelming favorites to breeze to the district championship. Although it is certainly quite possible that the Panthers may win the title again it would be a little too soon to predict outright that they will for this year's team is starting from scratch, so to speak, because all seven of last year's regulars were lost by graduation and only two of the current crop of Panthers saw action with the first string last year, those two

Johnny King of Ft. Worth is spending this week with his parents, Mr. and Mrs. John King. John, Johnny and Jerry King of Silverton were in Amarillo Monday to consult with a bone specialist about Johnny's foot, which was injured in an auto accident several months ago. One sister, Mrs. Billy Wiggins and daughter of Lubbock, remained for a visit with Jean and her family this week.

FORMER RESIDENT BURIED AT LOCKNEY RECENTLY

Funeral services were held on Saturday, September 26 in the First Methodist Church at Lockney for Nellie Lee Brown, 67, a former resident of this community. The pastor, Rev. James Carter, officiated at the service. Burial was in the Flomot Cemetery.

Miss Brown, a teacher for 37 years, the last 14 in Lockney, died Wednesday, September 23 in Medical Arts Hospital in Lamesa. She had been seriously ill since undergoing surgery 3 months ago.

Miss Brown made her home with her parents in this community as a young girl. At the time of her death she was making her home at her farm in the Sandhill community south of Lockney. She had retired from the Lockney School system in the spring of this year. She was a member of the Order of the Eastern Star and of the Methodist Church.

She is survived by her mother, Mrs. Lula Mae Brown of Lockney; and two nephews, Eddie Brown of Lamesa and Dale Brown of Fairbanks, Alaska.

being Jamie Johnson and Monte Stephens. However, those two, plus Warren Lee Merrell, Larry Tipton and Eddie Monk performed as a unit that has seen a great deal of action the past couple of years and these five will form the nucleus for Coach Gene King's team this year.

They were pretty well able to hold their own against the other teams in the district although Matador probably will have more experienced boys in the district race. This young team may take some lumps in their first games, however, because they are tuning up against teams who have some good experienced boys returning from last year's team. Hedley, for instance has their big center, Chessir, back and last year's Panthers team had trouble containing his scoring outbursts. The Panthers have good potential and will improve all season long.

Coach King has not cut his squad yet, stating that there is considerable competition for a spot on the squad.

Candidates out for the team are Jamie Johnson, Warren Lee Merrell, Eddie Monk, Larry Tipton, Monte Stephens (the

CHILD PHOTOGRAPHS TO BE TAKEN AT TRIBUNE OFFICE ON SATURDAY, OCTOBER 24

Winston B. Lucas of Irving, Texas, an expert children's photographer will be in the office of The Quitaque Tribune Saturday, October 24 from 10 a. m. to 4 p. m. for the purpose of taking the pictures of the children of this community.

The publisher of this newspaper would like to give the readers of this paper a look at all of the children of our community and the only way we can do this is to publish them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality. Mr. Lucas will take the pictures and furnish The Tribune with engravings to run in the Tribune.

There is no charge to parents and no strings to the invitation to have your child's picture made for printing in the newspaper. And you are under no obligation to purchase photographs, although prints made be arranged for with the studio representative when you select the pose of your child that you want to be printed in this paper.

Your child may win a prize, too, for the Lucas Studio will select the three best photos from among the pictures taken here. First Prize will be a \$9.95 Large Bronze Portrait; Second Prize will be a \$5.95 Bronze Tone Portrait; and the Third Prize will be a \$4.95 Portrait.

This newspaper would like to have all the children in this community have their pictures made to be printed. Remember, the date is Saturday, October 24th.

Mr. and Mrs. Roy Smith spent the week-end with their daughter and family, Mr. and Mrs. Willie Bradshaw.

Mr. and Mrs. Tom Persons and Tommy Lee of Plainview spent Sunday with his parents. Mr. and Mrs. Ray Persons. Other dinner guests were Mrs. Gladys Wise and Mrs. Lela Mae Hutcherson, Marilyn and Ronnie.

above five all lettermen), Walter Wayne Taylor, Joe Mack Jacobs, Dale Ramsey, Jimmy Wayne Pointer, Rex Harmon, Mike Baird, Lonnie McDonald, Nestor Cavazos and Lupe Leal.

Over on the other side of the ledger, however, the outlook is much brighter for the Pantherettes, who won third place in the district last season, return all but two of the team that wound up their season with a tremendous win over Turkey, the eventual district champions, forcing the race into a playoff between Turkey and Estelline.

This year's team may still be a year away from really hitting their stride, but they could pick up all the marbles here in this district and not be too much of an upset.

Back from last year's team are Donna Bedwell, Brenda Whittington, Deborah McKay, Charlene Bailey, Patricia Brunson, Gwen McKay, Jerry Beth Grundy, Jill Johnson and Barbara Reagan.

Three freshmen girls who are up from a very fine Junior Hi team that lost only 1 game last season will help the team and they probably will see considerable action during the season. They are Lynette Taylor, Carol Meyers and Shirley Dowd. The team manager is Renee McKay.

This is the Pantherette squad announced this week by Coach King and this bunch of girls are going to give local fans a lot to cheer about the next several years.

Game time is 7:30. On Friday night of next week the local teams will journey to Quail to play the team the Panthers defeated for the bi-district title last spring.

CONGRESSMAN WALTER ROGER'S WASHINGTON REPORT NATIONAL NEWSPAPER WEEK

You will be reading this newsletter during National Newspaper Week, the week set aside each year for Americans to honor the great service they are rendered by our free press. Our newspapers do indeed serve us well; they inform, they entertain, they stimulate thought. They make an essential contribution to the democratic processes of our Republic. They help shape the development of their communities and generally do their best to stand firm on the side of progress, justice, and morality, accepting responsibility the obligations freedom imposes.

Freedom of the press is one of the most basic of American rights guaranteed by the Constitution. The First Amendment states: "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof, or abridging the freedom of speech, or of the press . . ." From the early days of American history the press has been attacked and criticized for alleged shortcomings, but the fact remains that it is a great bulwark of freedom.

The foundations of press freedom were laid early. One of the significant events was the trial for libel, in 1735, of a New York printer, John Peter Zenger, who was accused of vilifying the tyrannical royal Governor, William Cosby. Zenger's lawyer was the elder Alexander Hamilton who summed up the printer's case for the jury in these words: "The question before the court and you gentlemen, of the jury is not of small or private concern; it is not for the cause of the poor printer, nor of New York, alone; No! It may, in its consequence, affect every freeman that lives under a British government on the main of America. It is the best cause. It is the cause of liberty . . . the liberty both of

exposing arbitrary power by speaking and writing the truth. In a great triumph for liberty, the jury acquitted Zenger. The Zenger trial through the years to follow was to have major influence on the feeling of the colonists as to the importance of press freedom and the general concept of liberty.

What is the right of the press? More than two centuries ago, the immortal English jurist Sir William Blackstone defined press freedom as "in laying no previous restraints upon publication, and not in freedom from censure for criminal matter when published. Every freeman has an undoubted right to lay what sentiments he pleases before the public; . . . but if he publishes what is improper, mischievous, or illegal, he must take the consequences of his own temerity." These thoughts generally apply today.

Virtually all American presidents have been subjected to scornful and bitter criticism from some segments of the press. Stung by a succession of biting personal attacks, Thomas Jefferson said of the press of his day: "I deplore the putrid state into which our newspapers have passed, and the malignity, and the mandacious spirit of those who write them . . . these ordeals are rapidly depraving the public taste." But then, in the next breath, Jefferson said: "It is, however, an evil for which there is no remedy, our liberty depends upon the freedom of the press and that cannot be limited without being lost." A century later, Theodore Roosevelt was to say: "We have all of us suffered from the liberty of the press, but we have to take the good with the bad."

Based on my own experience, I would certainly concur with this observation by a noted Washington correspondent whose expression recently appeared in a national business magazine: "Not every reporter in the land can be portrayed as a pillar of detachment. The objective truth is an elusive quarry and one man's set of facts is another man's list of prejudices. Still, it can be maintained with assurance that the standards of integrity among men who communicate the news are as high as they are in more exalted professions."

In the Texas Panhandle, we are fortunate to have an excellent selection of daily and week-

A Pink and Blue shower honoring Mrs. Murry Wayne Morrison was given Tuesday, Oct. 13, from 2:30 to 4:30 in the Community Room at the First National Bank. The guests were registered in a white satin-covered book decorated with pink ribbon and pink diaper pins with miniature rattles. The registry table was covered with a white cloth and the centerpiece was a white lamb holding a pink flower arrangement with a stork holding a tiny doll nestled in the branches. After the guests viewed the array of lovely and useful gifts, they were directed to the refreshment table which was laid with a white lace cloth over pink and centered with a miniature tree and flower arrangement, made on blue styrofoam. The branches of the tree were covered with tiny pink and blue bows of net, safety pins, tiny dolls and pacifiers, with a stork standing beneath the tree. White cake squares decorated with pink and blue roses were served with pink lemonade from milk glass and silver appointments.
