Congressman Walter Rogers' Newsletter

THE PEOPLE'S CHOICE

There are presently pending before the Committee on Interstate and Foreign Commerce of the House of Representatives several bills requiring that any shipping container manufactured in the United States from imported steel be so marked so as to indicate the origin of the steel. One of these bills bears my name and I expect to do everything in my power to see that it is passed. This may be difficult to accomplish, because of the marked opposition by the Administration and the several Departments concerned. A similar bill was before the last Congress and was actively opposed by the Federal Trade Commission, the Department of State, the Department of Commerce, the Department of the Treasury, the Bureau of the Budget, and the Department of Justice. Most of the opposition was based upon the premise that such a proposal would be inconsistent with international trade and would set a bad precedent.

The legislation has two major objectives. First, it would permit buyers of steel containers to know when foreign steel is used in the manufacture of these containers. Secondly, it would serve to promote the use of steel produced in our own country. Until the year 1958 the United States exported more steel than imported. However, between the years 1958 and 1962 imports nearly tripled in volume, rising to nine percent of the world imports, compared to 4 percent in the earlier period. Although world trade in steel mill products has more than tripled the 1950 volume, U. S. imports continued to rise and approach 5 million tons in 1963. In 1964 steel imports were over six millions tons. This means that unless some positive action is taken the position of the American steel industry will be seriously jeopardized in the domestic markets as well as the world trade markets. It has been estimated that if the U. S. steel industry had maintained its average participation in world export trade and had prevented further erosion of its domestic markets by imports, the industry in 1962 would have provided employment for an additional 50,000 workers and paid out over \$350 million in wages and salaries.

It must be kept in mind that the bills before Congress on this subject do not prohibit the use of foreign steel. These bills simply require that when a steel container is manufactured in this country with foreign steel, this fact be made known. In other words, it provides the opportunity for the purchaser of steel containers or the purchaser of the products contained in the steel container to know the origin of the products with which he is dealing. It simply affords the prospective buyer the freedom to make a choice—an old American custom which seems to be fast fading away.

The present law requires that a product imported and intended to be sold at retail in this country shall be identified as to the country or origin. No law presently provides that there be any identification of a product manufactured in the United States, even though the material used in the manufacture may have come from foreign countries. The boards and bureaus argue that to pass any law requiring these latter manufactured products to be stamped would be to open the door to chaos, and require that the most minute products of all types be so stamped. So far as I am concerned, I know of no reason why the facts as to the foreign origin of manufactured products or materials should not be available. However, the argument of these bureaus and agencies is simply begging the

question. Every one of them knows that the steel industry is one of the basic industries upon which the economy of this nation rests, just as is agriculture. Hence, it occurs to me that the people of this country should have the right to make a choice with reference to steel products, and have full information upon which to base their choice.

The choice may not always be in favor of U. S. producers. I have in mind a large rancher in a western State who complained bitterly about the import of foreign beef, yet fenced his ranch with imported Belgian barbed wire because it was cheaper. Another example is a businessman friend of mine who is being adversely affected by excessive imports. He told me about it while wearing a pair of Italian shoes and a Hong Kong suit. He is also known as a connoisseur of imported wines. Another example concerns cameramen here in Washington. Recently there were 14 cameramen taking pictures. Thirteen of the cameras were branded with foreign names—(I counted them)—and the American camera probably had a German lens.

I think it is time to stop talking America and start buying America.

JUNIOR CLASS TO PRESENT PLAY FRIDAY NIGHT

The Junior Class of QHS will present its class play, "The Spyglass," Friday night, May 7, at 8:00 p. m. There will be an afternoon performance at 2 o'clock for the school students and a night performance for the public at 8:00 p. m. Admission prices will be 50¢ for adults and 35¢ for children under 12.

The Carters are a typical backwoods family. Pa is a moonshiner, constantly on the run from the law. Things go along fine, until Pa is blown up by his still. After that nothing is the same anymore.

Pa is portrayed by Larry Tipton. Their children, Ruby and Toby, are played by Marilyn Hutcheson and Rex Harmon. Walter Wayne Taylor is the Sheriff, along with his deputy, Jud, played by Ricky Boggs. Don Lyles is the surveyor, David Porter. Darrell Payne is the Doctor and assistant to the director, Mrs. Merrill.

The Junior Class wants you to know the Carter family. Come to the Quitaque School Auditorium Friday night at 8 o'clock and enjoy the dramatic ability displayed by our Junior Class of 1965.

Mr. and Mrs. Bob Clary have bought Mrs. Bertha Gregg's home and have moved here from California. Mrs. Clary is Dick Hooks' sister and is remembered by many here. We welcome the Clarys to the community.

Mr. and Mrs. Eldon Lyles, who have recently moved to Clarendon, visited Mr. and Mrs. Buddy Morris Sunday afternoon and Don and Melinda remained with the Morris' in order to be in school Monday. They will stay at the Morris' during the week until school is out.

ATTENDS HARVEY REUNION

Mr. and Mrs. J. W. Harvey attended the annual Harvey Reunion at Childress last Sunday. It is held each year in the Childress Park. There were approximately 45 present.

MRS. GRAGSON TO PRESENT PIANO STUDENTS IN RECITAL

Mrs. A. E. Gragson will present her piano pupils in two recitals next week.

Next Thursday night, May 13, she will present her Flomot students in recital at the First Baptist Church at Flomot at 8:00 p. m.

On Sunday afternoon, May 16 at 3 o'clock, Mrs. Gragson will present her Quitaque and Turkey students in a recital at the First Baptist Church here in Quitaque.

The public is cordially invited to attend these recitals.

JAMBOREE PARTY FOR CHAPEL CHOIR

The basement recreation room in the home of Mr. and Mrs. O. R. Stark, Jr. was the scene for a typical "teen-age jamboree" Tuesday night "thrown" by the Chapel Choir of First Baptist Church and their guests.

The room was decorated "coffee house" style with a sign designating it "The Cellar" over the entrance. The guests came dressed as their favorite singer and each brought records. After a lively "sing-along" led by Jamie Johnson, some of the group did pantomimes of their records. They heard renditions by Peter, (Barry Johnson), Paul, (Jimmy Monk) and Mary (Randy Berryhill). Peter and Gordon (Sherry Stark and Cheryl Mason) won a trophy for the best performance. Even the old favorites, the Andrews Sisters (Sheila Payne, Patsy McDonald and Peggy Stevens) brought laughter with "She's Too Fat For Me." Andy Williams (O. R. Stark) thrilled the audience with his delightful style and Al Jolson (Mary Stark) brought back memories with "Mammy".

A special attraction was Jamie Johnson singing some original songs. Other guests present were Hank Thompson (Johnny Pointer), The Righteous Brothers, (Venus Gillespie and Melinda McWilliams); the newly married "Beagle" with his wife (the Bill Currys) and Rhonda Rogers, Roye Pigg, Becky Berryhill, Don Lyles, Billie Sue Cheatam, Sammie Sue Johnson, Charlene and Janet Bailey, Scotty and Randy Stark. There were lots of games played and a lot of food eaten. It was a night to be remembered.

CHESTER HAWKINS IS HOME FROM HOSPITAL

Chester Hawkins returned home from the Plainview Hospital and Clinic last Thursday evening after spending several weeks there.

Chester Hawkins was returned to the hospital in Plainview Thursday morning, it was reported to The Tribune.

JR. HI STUDENTS PARTICIPATE IN TENNIS TOURNAMENT

Six Quitaque Junior High Tennis players entered the District Tennis Tournament at Turkey, and although none of them were able to bring home first place trophy, they did put up a good showing.

The results were as follows: Boys Singles: Johnny Pointer won his first match, defeating Matador, but lost second match to Lakeview's 2nd place winner.

Boys Doubles: David Brunson and Lynn Payne drew first round bye, won second match, defeating Turkey, then were defeated by Estelline in the finals.

Girls Singles: Jo Beth Merrill won first match, defeating Matador lost second match to Lakeview's second place winner.

Girls Doubles: Sherry Stark and Barbara Chandler lost their first match to Lakeview who went on to win first place.

SUPT. MASON IS HOSPITALIZED

Supt. Johnny Mason has requested The Tribune to announce that the doctors have diagnosed his condition as infectious hepatitis and it is the opinion of several doctors that anyone who was in close contact with him the latter part of last week should see their family physician for a preventative shot.

Mr. Mason was hospitalized in Plainview Hospital and Clinic on Sunday. Mrs. Mason reports that he still does not feel good most of the time.

MRS. JAMES WYATT WINS PRIZE AT LAUNDRY

Mrs. James Wyatt drew the lucky machine at the Quitaque Laundry Saturday and received the \$30.00.

OREGON RESIDENTS VISIT HERE

Mr. and Mrs. Theron Gilmore of Springfield, Oregon, and Patsy Martin, Jerry and Donna, visited Mr. and Mrs. Hayden Boggs Tuesday afternoon. Mrs. Gilmore is Patsy's aunt, and she is Mrs. Boggs' cousin.

VACATIONING IN LOUISIANA

Mr. and Mrs. Jim Stroup left Monday for Monroe, La., where she will visit her sister, Mrs. Ben Parnell and her husband. They visited other relatives along the way and will visit Mrs. Frank Wise in Dallas enroute home.

BOBBY BRUNSON IS HOME FROM HOSPITAL

Bobby Brunson returned to his home here Tuesday afternoon from Groom Memorial Hospital where he underwent surgery last week. His wife reports that he is feeling fine.

AREA STUDENTS ATTEND AMARILLO SPELLING BEE

Quitaque was well represented at the Spelling Bee in Amarillo last Saturday. The Bee is sponsored each year by the Amarillo Globe News.

Barry Johnson son of Mr. and Mrs. O. V. Johnson, was the Briscoe County champion for the second year in a row and he placed 9th out of the 44 participants from four states, a very fine achievement. Our town and school is proud to have been so well represented at the Bee. There were only six returning participants from last year and Barry and a girl were the only ones to make it to the finals.

Ann Rucker, daughter of Bill Rucker, was the Briscoe County Junior Spelling Champion and she was invited to attend the Bee at Amarillo, but was not allowed to participate.

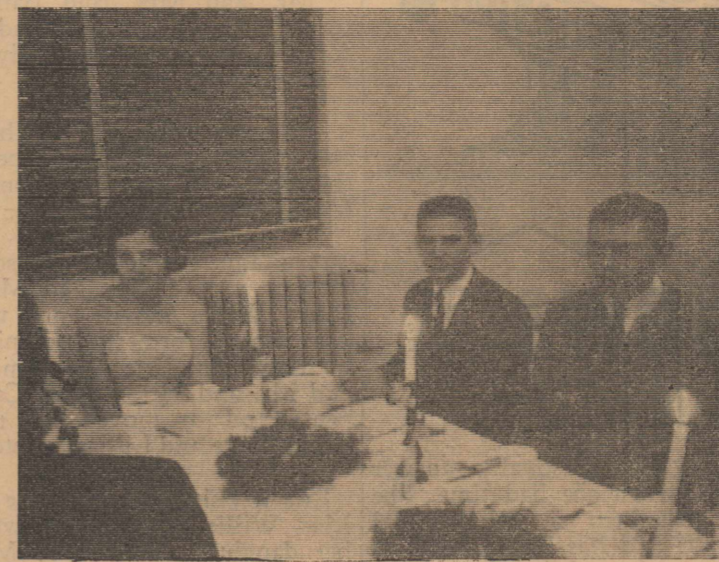

Barry and Ann attended the luncheon at the Amarillo Club as guests of the Globe News, along with the others guests from Texas, New Mexico, Oklahoma, and Kansas. They were entertained by the radio and television personalities of K-GNC. After luncheon they were taken by bus to Fannin Junior High where the Bee was held. The spelling started at 1:30 and continued for 2½ hours without interruption, no easy accomplishment for anyone.

Barry received a gift of a Lincoln Library, a set of two very good reference books. He will not be eligible to compete again.

Ann enjoyed the day very much and it is quite possible that she may be up there next year representing Briscoe Co.

Attending the Bee from here were Mr. and Mrs. O. V. Johnson and Barry, Mary Pittman and Ann Rucker. Mr. and Mrs. Wayne Hunter and Anita and Mrs. Doyle Calvert and daughter of Flomot also attended the Spelling Bee and Anita was a participant.

F. H. A. HOLDS SWEETHEART BANQUET

The above photos were taken last Friday night at the annual F. H. A. Sweetheart Banquet, which was held in the school cafeteria.

In the top photo, Lonnie McDonald, center, F. H. A. Pin Up Boy is shown with Janice Cobb, Robert Phelps is seated next to Lonnie.

The Quitaque F. H. A. Chapter had its annual Sweetheart Banquet last Friday night in the school cafeteria. Theme of the banquet this year was "Song In My Heart."

The cafeteria was decorated with a false ceiling of pink and silver crepe paper. The tables were decorated with evergreens in which pink hearts were set.

The tables were lighted by white candles wrapped in pink roses and green leaves. From the false ceiling hung large pink hearts of paper.

There were sixty-six couples present at the banquet, including most of the high school

JAY GOWIN HAD SURGERY AT GROOM MEMORIAL HOSPITAL

Jay Gowin was admitted to Groom Memorial Hospital last Friday and underwent surgery Monday morning. Mrs. Horace McDonald visited Jay Monday morning as she was enroute to Amarillo on business.

ATTENDS ROCK SHOW

Mrs. G. H. Wagon visited in Amarillo from Thursday of last week until Sunday afternoon. Her daughter, Mrs. Everett Womack and her husband came for Mrs. Wagon Thursday. While in Amarillo, Mrs. Wagon, who is a rock collector, attended the Gem and Mineral Show at the Tri-State Fair Grounds. The show is an annual affair and Mrs. Wagon reports that she enjoyed it very much.

RETURN FROM MISSISSIPPI

Mr. and Mrs. Morris Wilson returned home Wednesday of last week from a two week vacation trip to Mississippi where they visited her brothers, Earl and Charles Atkinson, and her sister, Mrs. Percy McNeal, and their families. The Wilsons report a very nice trip.

HOUSE PASSES MACKENZIE BILL

The House has passed House Bill 622 creating the Mackenzie Municipal Water Authority. This legislation, sponsored by Representative Ralph Wayne of Plainview, would empower the cities of Tulia, Lockney, Silvevrtton and Floydada to plan for and to meet their water needs in a unified, joint effort. Acting together they would be able to undertake projects far larger than any one of the cities acting alone. They would derive the natural benefits of having greater geographic size and financial ability and of sharing cost rather than shouldering them alone. The authority will be exercised by an 8-member Board of Directors, two appointed from each city for a 2-year term. Annexation can occur only when qualified voters approve the proposed annexation. The Authority will be able to acquire and develop ground water, but may not produce over two acre-feet of water per surface acre required. Water rights must be acquired by purchase or lease, the same as anyone else. While the Authority shall have the power of eminent domain as counties presently have, it shall not have the power to condemn any property belonging to any other city, town or political subdivision of the State. It is very specifically spelled out that the Authority does NOT have the power to condemn underground water rights.

Representative Wayne requested a record vote on the bill in order that it might go into immediate effect after passage by the Senate and the Governor's signature. The bill has now gone to the senate and only action of the Senate prevents the Authority from having power immediately. Following Senate action, it is expected that Governor John Connally will sign the bill immediately because of his keen interest in conservation of water, our most valuable resource in the Panhandle and Plains area.

GRADY LEE JACOBS LISTED ON DEAN'S HONOR ROLL

Mrs. Fred Collins received a letter this week from her son, Grady Lee Jacobs, who is attending Colorado State at Fort Collins, Colo., who enclosed a letter he had received from the Dean of that College. In substance the letter was as follows: Dear Mr. Jacobs:

This letter of commendation is sent you in recognition of your scholastic attainment this last quarter. High scholastic achievement on the part of any student in a class gives his teacher and other college personnel a rewarding feeling of satisfaction.

Your superior attainment affords me much pleasure to extend my congratulations to you since the Deans Honor Roll is not only restricted to students who have received high grade point averages, but his roll is also limited to students who receive grades for 14 or more credits. I feel that you and your parents have reason to be proud of your demonstrated scholarship.

Sincerely Yours,
A. O. Simonds, Dean
College of Science
and Arts

Mr. and Mrs. Grant Thompson and son of Darrouzet spent the week-end here with her parents, Mr. and Mrs. B. E. Myers and Carol.

Mr. and Mrs. C. P. Richmond visited her sister and her husband, Mr. and Mrs. B. T. Harris in Amarillo Sunday.

GRAY ROBINSON IS AT HOME

Mr. and Mrs. Gray Robinson returned home Monday afternoon from Amarillo where he has been a patient in the hospital for several weeks.

Mrs. Patsy Martin, Jerry and Donna visited Mrs. H. K. Carpenter and other local folks at the rest home in Lockney Sunday.

Mr. and Mrs. Noman Hamilton of Tulsa and their daughter, Mrs. Bobby Rainer and family of Abilene visited Mrs. J. N. Hamilton Friday night. Mrs. Noman Hamilton called Mrs. Owens and reported a visit recently with the Rev. R. Neal Greer at Clyde, and his daughter, Mrs. Ray Ellis. Mrs. Ellis sends regards to all Quitaque friends for the cards and letters sent to Bro. Greer. She said she would personally answer them when she had time. She has been in the hospital herself and has been unable as yet to acknowledge the remembrances.

Mr. and Mrs. Robert Hamilton and family of Amarillo spent the week-end with his parents, Mr. and Mrs. N. V. Hamilton.

Mrs. J. R. Adamson, Jr. and Mrs. G. O. Coker of Turkey were guests at the home of Mr. and Mrs. John Rogers Saturday afternoon. J. T. Rogers,

Jr. also called at his parents' home.

T. J. Reeves, father of Mrs. Bud Bailey, was admitted to the hospital in Plainview Friday night suffering from a light case of pneumonia. Mr. and Mrs. Bailey, Charlene and Janet visited him Sunday afternoon, and he was able to return home. He is reported to be feeling pretty good again.

Mrs. James Barefield was carried to Stanley Hospital by ambulance Saturday afternoon, where she was found to be suffering with a strained ligament in her back. She returned home Monday afternoon, but she is still having to take it easy.

Mr. and Mrs. Bud Bailey took Janet to Matador Monday for a checkup, and she received a good report.

Mr. and Mrs. Pete White and daughter of Muleshoe spent the week-end with his parents, Mr. and Mrs. Pierce White.

Quitaque's residents are still moving around. Mr. and Mrs. Pierce White moved into the new house formerly occupied by their son, Pete and family and Mr. and Mrs. Ronnie Carpenter and son moved into the house Pierce and Lillian vacated.

Recent visitors at the home of Mrs. Willie Lou Boyles were her daughter, Mrs. J. J. McCay and husband, and her son, R. E. Boyles and wife, all of Amarillo. Another daughter, Mrs. Dud Watters and Sandra of Silverton visited Mrs. Boyles last Friday and her son, H. G. Boyles and family of Silverton visited her Sunday night.

Mr. and Mrs. Melvin Cobb of Wichita Falls spent the week-end with his parents, Mr. and Mrs. Orval Cobb.

Mr. and Mrs. John Kyle and children of Amarillo spent the week-end with her parents, Mr. and Mrs. Wallace Johnston.

Robert Phelps of Amarillo spent the week-end with his parents, Mr. and Mrs. Delbert Phelps.

Mr. and Mrs. R. L. Patrick spent the week-end in Amarillo with their son, Eldon and his family. They were joined on Sunday by a grandson, Dorman Lewis, Jr. and his family from Pampa. The Patricks returned home Sunday evening.

Mr. and Mrs. Malcolm Jameson and Melba and Mrs. Horace Jameson of Whiteflat

and Mrs. Beulah Jameson of Daughtery visited with their aunt, Mrs. J. E. Jameson and the Grady Starkeys, Sunday.

NOTARIES PUBLIC MUST REQUALIFY SAYS SECRETARY OF STATE

Secretary of State Crawford C. Martin announced that all qualified Notaries Public desiring re-appointment for the new term ending June 1, 1967 must re-qualify by the payment of the required fee and the filing of a new oath and bond with the County Clerk of his residence between May 1, 1965 and May 15, 1965, inclusive.

Martin emphasized that Notaries Public should not send requests for re-appointment or for commissions directly to the Secretary of State. The law specifically requires that the County Clerks approve notary bonds.

Any person not now a Notary Public who desires appointment should apply to his County Clerk before May 20, 1965. Application during this period will assure that the appointment will be made in sufficient time for the applicant to qualify at the beginning of the new term.

The Secretary of State further pointed out that each person applying for a commission as a Notary Public must be at least 21 years of age and a resident of the county for which he is appointed. The exact name and permanent address of the applicant must be furnished by the County Clerk.

Mr. and Mrs. Alvie Francis and children of Silverton visited her parents, Mr. and Mrs. Boone McCracken Tuesday evening. Little Katie Francis brought her birthday cake and let her parents and grandparents help her celebrate her first birthday anniversary.

There were approximately 65 Mrs. J. W. Kimbell and Mary Helen Dudley and children were in Plainview Monday visiting their mother and grandmother and shopping.

HONORS SISTER ON NINTIETH BIRTHDAY

Mrs. Dora Stroup and Gladys held open house at their home Sunday, May 2, honoring Mrs. Stroup's sister, Mrs. Eddleman of Estelline on her 90th birthday.

A money gift was given instead of miscellaneous gifts. The serving table was laid with a lace cloth, centered with a 3 tiered birthday cake of pink and white with the number "90" on top. Cranberry punch, mixed nuts and pink and white mints, and an arrangement of pink roses completed the decoration of the table.

Mrs. Dora Stroup, Mrs. Pearl Martin of Plainview and W. W. Merrell are sisters and brother of Mrs. Eddleman. I. J. Merrell of Plainview, another brother was unable to be present. Four of Mrs. Eddleman's six children were present: Arthur Eddleman and Mrs. Bertha Patterson of Estelline; Mrs. Ethel Minyard, Sandy, Oregon; and Mrs. F. M. Kuykendall of Buchanan Dam.

friends and relatives present, many from out of town.

Mrs. Eddleman was also honored on her birthday, which was April 27, with a luncheon at the home of her son in Estelline.

Mrs. J. W. Kimbell and Mrs. Bobby Brunson and children visited Bobby Brunson in Groom Memorial Hospital Sunday.

Mrs. Bertha Gregg was in town Monday morning reporting on her move back to Plainview and also reporting on Mrs. J. W. Ewing.

Mrs. Gregg moved into her new home in Plainview Saturday, and when she arrived at the hospital to visit Mrs. Ewing she found her packed to go home with her. Mrs. Ewing must take treatments five days each week for the next four weeks, and will have to remain near her doctor, but she is happy to be able to spend part time out of the hospital and at the home of Mrs. Gregg, who now lives at 604 W. 10th in Plainview. We regret to lose any of

our citizens but wish her happiness in her new home.

Mr. and Mrs. R. J. Harmon spent the week-end of April 24 in Dallas as guests of her sister, Mrs. Delmar Davis and husband. The Harmon returned home the following Wednesday.

Mr. and Mrs. Ralph Carter visited Mr. and Mrs. Larry Hedrick in Plainview Thursday evening of last week. Scott Hedrick returned home with

his grandparents and stayed until Sunday. His mother and his brother, Todd, joined him Saturday evening and spent the night with the Carters. They returned home Sunday.

Mr. and Mrs. P. John Monk drove to Fort Sill, Okla. Saturday to pick up their son, Dellis and returned home with them to spend Saturday night and Sunday. They took him to Childress Sunday afternoon where he boarded a bus to return to Fort Sill.

REDDY TIPS

to Give You More Comfort from Your AIR CONDITIONING at a Lower Cost!

Furnishing you comfort, convenience and pleasure, Reddy works for even lower rates than he did 10 years ago. In fact . . . in homes served by WTU, the average cost per KWH is 17% less than it was in 1953. Electricity costs so little you can use lots of it!

Aren't you happy you have air conditioning to keep you cool and comfortable through these long, hot summer days . . . and nights . . . while outside temperatures are sizzling up to the 100 degree mark and past?

For your sake Reddy hopes the temperatures will take a tumble. But in case they don't, he's bursting to give you these valuable tips on how to get maximum efficiency at the lowest cost from your air conditioning—whether you have a central system or window units.

Reddy learned long ago there's nothing better than a long-term, satisfied customer. So, he wants to see that you get the most for your air conditioning dollar by saving you wasted expense.

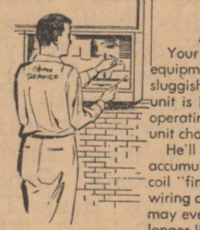

West Texas Utilities Company
an investor owned company

clip this out and keep as a reminder

KEEP FILTERS CLEAN . . . PREVENT WASTED DOLLARS

Take the "strain" off your air conditioner and your budget. A dirty filter restricts air flow, makes your unit work harder to keep your home cool, costs you more in operating costs. Almost one-half of their trouble calls are traced to dirty filters. And filters are inexpensive to buy—easy to install and clean. Fiber glass throw-away filters can be cleaned well with a vacuum cleaner. Metal permanent type filters are best cleaned with water. Save money! Check them periodically.

AN OCCASIONAL CHECK-UP PAYS

Your air conditioning unit is a fine piece of equipment. A check-up keeps it "in tune," prevents sluggish operation and sometimes reveals that a little oil on the refrigerant . . . this condition ups operating costs. Your serviceman can keep your unit charged with the right amount of refrigerant. He'll open up free air flow, too, by cleaning accumulated dirt, mold and algae from the cooling coil "fins" and fans. He'll make sure the motors, wiring and thermostats are working properly, and may even point your unit with rust preventive for longer life. You'll be glad your serviceman called!

THE THERMOSTAT SETTING IS THE KEY TO SAVING MONEY

The "just right" temperature for comfortable indoor living is 76 to 78 degrees F., although some might want it a little cooler and others a little warmer. The engineers say, it will cost you as much as 10% more to operate your unit for each degree below the ideal 76 to 78 degrees F. How's that for a money-saving tip?

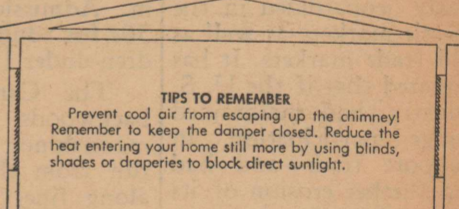

AIR CONDITIONING COSTS DROP WITH PROPER INSULATION

A home without proper insulation lets cool air out, hot air in—and vice versa during winter months. Insulation is not only a terrific bargain (saves up to 57% on summer and winter operating costs), it offers bonuses by absorbing noises and preventing dust from drifting in. Makes housework easier, living more pleasant.

SAVINGS TIP: WEATHERSTRIP

Air leaks around doors and windows are comparable to leaving your refrigerator door open—cuts down efficiency and adds to air conditioning operating costs. Save up to 10% instead by placing weatherstripping around doors and windows. It goes hand-in-hand with insulation in making your home a more enjoyable place by keeping out dust and noise.

TIPS TO REMEMBER

Prevent cool air from escaping up the chimney! Remember to keep the damper closed. Reduce the heat entering your home still more by using blinds, shades or draperies to block direct sunlight.

IT'S A FACT . . .

Homeowners are victimized by

Burglary

six times as often as

Fire!

A NEW

Homeowners Policy

will give you protection against all important risks and liabilities in a single, simplified policy.

MRS. BUSTER CHADWICK HONORED WITH "EXPECTATION" SHOWER

Mrs. Buster Chadwick was honored with an "Expectation" Shower last Friday afternoon in the home of Mrs. Murray Morrison. Hostesses for the occasion were Mrs. Morrison, Mrs. Ralph Carter and Mrs. Johnny Powell.

The guests were registered in a baby book covered in blue satin. Each guest suggested a boy's name and a girl's name. The refreshment table was laid with a pink lace cloth over blue, with a centerpiece of a doll surrounded by pink and blue roses. Pink punch and white cake squares decorated in blue were served from milk glass and silver appointments. The plate favors were tiny pacifiers made of Life Savers and jelly beans on a pipe cleaner. They were so real that one baby guest tried it for a pacifier.

Gifts received included diapers, blankets, diaper sets, and sleepers for the expected arrival and gowns and a robe for the honoree. The hostesses' gift was a jumper chair.

HUTCHESON - BARRETT VOWS EXCHANGED LAST SATURDAY

Lela Mae Hutcheson became the bride of Clarence Barrett Saturday evening, May 1, at 7:30 in a simple double ring ceremony at the First Baptist Church. The Rev. Bill Curry, pastor, officiated. Only members of the immediate families were present.

The bride wore a white suit with a blue silk blouse and white accessories. Her corsage was an orchid.

The couple left immediately following the ceremony for San Antonio and points south on a short wedding trip. They will be at home in Quitaque upon their return.

Those in attendance at the wedding were her parents, Mr. and Mrs. Ray Persons; his parents, Mr. and Mrs. A. C. Barrett; her children, Ray Gene, Marilyn and Ronnie Hutcheson; and his son, Charles Barrett and wife.

Buster Chadwick took his daughter, Stephanie, to Plainview Monday for a dental appointment.

Mr. and Mrs. Buddy Morris returned home last Thursday from a two weeks visit at the home of their daughter and her husband, Mr. and Mrs. R. C. King at Colorado Springs, Colo.

Mr. and Mrs. Ray Don King and children of Childress visited his grandparents, Mr. and Mrs. Buddy Morris, from Friday night until Sunday evening. The Kings left their children with their grandparents Saturday and drove to Hereford to visit friends Saturday. They returned here Saturday night.

COUNTY AGENT SAYS USE INSECTICIDES AS DIRECTED

Insecticides come in many forms, and this is important in their use, says County Agent Leon Grosdidier.

Among the more common forms available are dusts, wettable powders, soluble powders, emulsifiable concentrates, oil solutions, granulated materials and aerosols and spray bombs.

Dusts don't mix with water and should never be used as sprays. Their chemical content may vary from one-half to 20 percent. They come as dry powders ready to use.

Wettable powders are for spray use. They contain a wetting agent and may contain from 15 to 85 percent of the actual ingredient.

Soluble powders are chemicals that readily dissolve in water. They can be applied with low-pressure, low volume sprayers.

Emulsifiable concentrates are liquids carrying the insecticide in a suitable solvent and emulsifier. Emulsions can be applied with a low-pressure, low volume sprayer.

Oil solutions are ready for use and may contain from a half to 10 percent active ingredient.

Granulated materials are ready to use insecticides in or on particles of a carrier. They are useful for controlling soil insects because they last longer than other formulations.

Aerosol and spray bombs contain one or more insecticides, an oil solvent and a propellant gas. The bombs produce a fine mist or a coarse spray. Fine mists (aerosols) are used to control flying insects and the coarse spray bombs for leaving a residue of the insecticide.

In addition, baits, insecticide-fertilizer mixtures, insecticide-herbicide mixtures and moth-proofing agents are some of the special formulations available, the county agent said.

Regardless of the form of insecticide used, Grosdidier emphasized the need for following label directions to the letter and using them only for the purpose stated on the label. Also that insecticides be treated with care and stored out of the reach of children.

DIRECTIONS ON HOW TO BUILD A GOOD FISHING POND

WANTED: One stock tank with at least 1/2 acre of surface area which is 2 to 3 feet deep at the edge and one-third of the water is 2 to 5 feet deep, one-third approximately 6 to 8 feet deep and one-third 10 to 12 feet deep. You supply the above and you will shown one of the best potential fishing holes in the country. All we need now is to stock the pond correctly. For the recommended types of fish and stocking rates contact your local Soil Conservation Service, or County Agricultural Agent.

Now to feed your fish and wait until each species has successfully hatched some young. This normally takes one year. You can determine if the pond is ready to fish by making a few drags of the seine in shallow water in June or July of the year following stocking. If you catch young fish representing all species stocked, you are ready to begin fishing. The important thing to remember now is the need to feed the fish to keep them healthy and growing. Commercial fertilizer is relied on for feed in most cases. The desired formula to be used is 8-8-2 or 8-8-4. We know that fish need about equal portions of nitrogen and phosphorus. Some of our soils have sufficient potash, therefore, it is not essential to supply it with commercial fertilizer.

You should start feeding the fish about the first of March with approximately 100 lbs. of 8-8-2 per acre applied at 1 to 2 week intervals. When your cupped hand disappears from view when the arm is immersed to elbow depth, the proper fertility has been reached. When you have reached the proper fertility level, continue to check the water weekly, to see that it

is maintained. When your cupped hand becomes visible, it is time to apply another application of fertilizer. Approximately 8 to 12 applications are necessary per year.

Fertilizing should be discontinued about June 1. Fertilizing after June 1 can be hazardous because it likely will deplete so much oxygen from the water that the fish will die.

A well fertilized pond should be fished between 300 and 500 man hours per acre per year. If

the pond is not going to be fished at least 300 man hours, it should not be fertilized at all. Also, if the fish in the pond are badly out of balance, it should not be fertilized.

If your pond is muddy or suffers from other problems, contact your SCS office for assistance.

The important things to remember is that a pond full of well fed fish will be happiest when folks are taking some of these fish.

LEARN BACKYARD ROSE GARDENING

For versatility, roses are hard to beat, says Walter Haldeman of the Pennsylvania State University. The plants thrive in many kinds of soil—sandy, clay or gravel—and look well placed

CARDS OF THANKS

CARD OF THANKS
We want to thank every one of you for the many thoughtful things you have done for us while Chester was in the hospital. Thanks for the cards, letters, flowers, the visits and every way you have remembered. May God bless you.
Chester and Dora Hawkins

CARD OF THANKS
We want to thank each and every one for all the help and food that was brought to our home before going to the hospital. And also we want to thank each and every one for all the cards, letters and visits after going to the hospital and especially, thanks for all the prayers.
Mr. and Mrs. Gray Robison

alone or in groups. But the ground must be well drained and in a sunny location. According to a Penn State correspondence course, roses can be planted in borders with other shrubs, or in perennial flower beds. If placed along the side of a vegetable garden, they brighten the whole area with their blooms. Some roses make effective accent plants—those placed alone in prominent po-

sitions of the home grounds. Roses deserve better treatment than to be planted in beds in regular rows. They have much ornamental value, points out Haldeman.

Care of the plants can be difficult at times. Insects and diseases find rose foliage, stems and flowers to their liking. So spraying is needed. And selection of plants with flower colors to fit harmoniously into a general garden plan demands study.

To teach the selection and care of roses in outdoor home gardens, The Penn. State University offers a correspondence course in rose gardening. Anyone may enroll and receive a copy simply by sending his name and address with \$1.25 to ROSES, Box 5000, University Park, Pa. 16802. The cost is a handling charge, but it is also the only charge for the course. Make check or money order payable to The Pennsylvania State University.
