Farm Program Notices Mailed To Farmers

Louie Kitchens, Chairman, Agricultural Stabilization and Conservation County Committee, said today that notices have been mailed to producers in Briscoe County, listing farm allotments, base acreages, yields, and payments rates under the 1966 wheat, feed grain and upland cotton programs.

With this information, farmers will be able to determine whether they wish to participate in the programs and the extent of their participation. Program benefits include price-support loans and payments and diversion payments.

Any producer who feels that the yield, wheat allotment, feed grain base, rate or conserving base shown on the notice

he receives for his farm is incorrect or inequitable—as compared with like data determined for similar farms—may ask the county committee to reconsider the matter. Such requests should be made in writing and mailed or delivered to the county committee within 15 days from the mailing date shown on the notice.

To take part in the programs, the farmer-operator first files his intentions on a prescribed application form at the ASCS office during the sign-up period. This period starts January 24, 1966 and will extend through April 1, 1966.

ROGERS OPPOSES EXPANDING TRADE WITH COMMUNIST BLOC COUNTRIES

Washington, D. C. (Spl.)—Congressman Walter Rogers said Saturday he is "vigorously opposed" to granting authority to the Administration to remove tariff restrictions opening the way to broader trade agreements between the United States and Communist nations.

"On the contrary, I advocate even tighter restrictions than now exist," Congressman Rogers said.

"Increased trade with Communist countries would serve merely to alleviate the distressed economies of nations whose leaders are pledged to the destruction of our freedoms," Congressman Rogers said. "There is no better argument for the Free World's position in the Cold War than the continuing economic distress of countries behind the Iron Curtain."

The Congressman said, "The Communists can't brag to the world about their economic success. Their failures are too obvious—and the world can easily contrast the economic booms in the United States, West Germany, Japan and other free nations with the stagnant, faltering economies of the Soviet Union, Red China, East Germany and the other satellites.

"We have the showplaces—they have the failures that state so eloquently the fundamental failure of Marxism," he said.

Congressman Rogers added, "We do not need Communist trade goods—but they'd like to have ours. The advantage is one way, and I'm opposed to anything that gives the Communists even the slightest advantage in the 'hot' and 'cold' conflicts in which we are engaged."

The Congressman said he was "very pleased" to learn that the U. S. balance of payments deficit had been slashed in 1965 through successful policies of trade expansion, but he said the United States would err if it sought to eliminate the deficit by trading with Communist countries. "A better answer can and must be found," he said.

Meanwhile as the Second Session of the 89th Congress enters its second week, Congressman Rogers' schedule of activities included a speech Monday in Pittsburgh, Pa., before a group of railroad and other businessmen; meetings of the two committees on which he serves, the House Committee on Interstate and Foreign Commerce and the House Committee on Interior and Insular Affairs; and the Session's first full week of floor sessions in the full House of Representatives.

MASONS MEET AT MATADOR

Several men of the community attended a meeting of the Masonic Lodge in Matador Tuesday night. The Grand Master of the State of Texas, Bill Fullingim was present at the meeting. He is a brother of the Rev. Peyton Fullingim, former pastor of the First Baptist Church here.

Those attending the meeting were Charlie Gowin, Bill Helms, Jimmy Davidson, Jake Merrell, Quitaque and Horace and Wayne Hunter of Flomot. They report a very interesting program and a delicious meal.

STATE SENATOR HIGHTOWER VISITS IN QUITAQUE TUESDAY

Senator Jack Hightower of Vernon was in Quitaque on Tuesday of this week in connection with his candidacy for re-election to the Texas Senate from the new 30th Senatorial District. Senator Hightower filed his application to be placed on the official ballot in the Democratic primary with Ben Whitfill of Silverton, Democratic Chairman for Briscoe County.

The new senatorial district which includes Briscoe County is now composed of 21 counties, stretching from Wichita and Archer Counties on the east to the New Mexico line on the west. The redistricting was by the last session of the Legislature under orders of the federal courts to comply with the new "one man-one vote" decision of the Supreme Court.

While in Quitaque Senator Hightower visited briefly with campaign supporters and advised that he will publish his formal announcement in the near future.

Mr. and Mrs. Loyd Fulkerson of Odessa spent Sunday night and part of Monday with Mr. and Mrs. Ray Persons. They drove to Matador Monday afternoon where they visited his mother, Mrs. Arthur Fulkerson. Mrs. Fulkerson fell early in January and injured her hip and has been in the hospital at Matador. She returned home with her son and his wife for a visit.

Mr. and Mrs. Gene McKinney and family of Childress spent Saturday night with her parents, Mr. and Mrs. H. S. Foster.

Mrs. Ruby Busby of Lamesa spent four days recently visiting her sister and husband, Mr. and Mrs. Chester Hawkins.

Col. and Mrs. Prentice Wise of Indianapolis, Ind., arrived Tuesday to visit his niece, Mrs. Jim Stroup and husband. It has been several years since Mrs. Stroup had seen her uncle and she has been enjoying their visit.

COUNTY MUSEUM OPENS SUNDAY

In the meeting of the Briscoe County Historical Society on Thursday night of last week it was decided to have the formal opening of the Briscoe County Museum on Sunday, January 23 from 2:30 to 5 in the afternoon.

A dedication program will be presented at the beginning of the afternoon. Refreshments will be served and everyone is extended an invitation to visit and see the beginning of the Briscoe County Museum.

Mrs. C. O. Allard, Chairman, presided at the business meeting. She had with her a gavel made by Mr. Hester from wood from the maple trees that were set out around the court house in 1922. The trees were later cut down but some of the wood was saved and this gavel was made from one of the trees. It was given to Mrs. Allard and she is putting it into the museum.

If anyone has pictures of World War I and II veterans the Museum Committee would like to have them, as a scrapbook is being made and will be in the museum.

— The Reporter

Mr. and Mrs. E. J. Hamilton visited Mr. and Mrs. V. T. Hall in Levelland Sunday. The Tribune learned just this week that Mr. Hall had surgery twice recently. The Hamiltons found him much improved Sunday. His doctor dismissed him for 3 months.

Letha Mae Jacobs spent from Tuesday until Friday of last week with Mr. and Mrs. Rudell James in Amarillo.

DEATH CLAIMS BENTON HESTER IN LUBBOCK LAST WEEK

Benton Hester, brother of Donnie Hester, and uncle of Ted Hester and Glen and Gerald Smith, died at his home in Lubbock last Thursday. Funeral services were held Saturday. Mr. Hester was known by many in this community and will be saddened by his death.

Panthers Unbeaten In District Games

Quitaque's High School basketball teams won three out of four games played since last report, with the Panthers remaining undefeated in district competition, while the Pantherettes dropped another game and are currently at 2 wins and two losses in district play.

Last Friday night the locals won both ends of a double-header with Lakeview, the girls beating the Eaglettes 54-39 and the Panthers racking up the Eagles 79-49.

Pacing the Pantherettes in Friday night's game were Pat Brunson and Sherry Stark with 15 points each. Carol Myers and Cheryl Mason, playing her last game for Quitaque, each tallied 8 points for the Pantherettes; Jill Johnson and Barbara Chandler notched 4 each.

Dale Ramsey, who has developed into the Panther's top outside shooter, led the point-makers in the Lakeview battle with 18 points. Rex Harmon, another of Coach King's boys who is improving in fine style, was next in the scoring department with 15 tallies; Bobby Cochran hit for 13, Wal-

ter Wayne Taylor and Monte Stephens each scored 8 points, Lyn Payne 6, Jimmy Pointer, Joe Lucero and Roland Hamilton, each tallied 4 points. Larry Tipton, one of the regular starters for Coach King's crew, sat Friday night's game out because of a bad cold.

Tuesday night the locals journeyed down to Matador and split games with the Matadors.

The Pantherettes lost a one-point thriller to Matador, a very rough game that saw the Pantherettes trail all the way, then almost pull it out of the fire in the final minutes of the game. Matador led 16-13 at the end of the first quarter, 36-27 at half-time and 44-37 at the end of the third period of play. The Pantherettes made too many mistakes to win, giving up the ball on bad passes, etc. The Matadors Storey canned 27 points to lead all scorers and 21 of these points came in the first half of play. Coach Gano Wilson switched Jill Johnson to guard for the second half and Jill shut Storey off with 6 points for the remainder of the game.

Patricia Brunson led the Pantherettes scoring with 21 points, while Sherry Stark and Carol Myers each canned 11 points, Jill Johnson 4 and Barbara Chandler made one point.

The Panthers rolled over the Matadors 71-53, leading almost all the way. Matador scored first, the visitors tied it count at 2-2. Matador then led 3-2, the Panthers went ahead 4-3 and were never behind in the game from that point, although the score was tied a couple of time more in the first period of play. Quitaque led 13-11 at the end of the first quarter, 33-27 at half-time and 56-38 at the end of three periods of play. Bobby Cochran dumped in 26 points to lead all scoring, and Larry Tipton turned in one of his better games of the season scoring-wise, and wound up the night with 21 points. Dale Ramsey hit for 8 points and Rex Harmon tallied 4 points.

The Panthers now have won over every team in the district except Turkey and after playing Flomot here Friday night the local teams will meet Turkey Tuesday night here.

NEWCOMER

Mr. and Mrs. Ronnie Rogers of Flomot are the parents of a new baby boy, born Wednesday, January 12, in Stanley Hospital in Matador. The boy weighed 8 lbs., and has been named Randall Lee. He has a brother, Richard Lynn, who is two years old.

Mr. and Mrs. Lon McKay are the maternal grandparents.

Mr. and Mrs. Gene King received a telephone call Wednesday morning from Jerry Don Logan, former football star at West Texas State, now a pro star with the Baltimore Colts, informing the Kings of the arrival of a baby girl, born in the Graham Hospital at 4 o'clock Tuesday morning. She weighed 7 lbs., 6 ozs. and has been named Sadie Louise. The Logans have a son, Jimmy Mack, who is two years old. Mrs. Logan is Mrs. King's sister.

NEWSMEN PICK A QUEEN—Dale Evans, singer, song-writer, author, movie-radio-TV star and Queen of the Cowgirls, has been named Texan of the Year by the Texas Press Association. Announcement of her selection came from Don Coppedge, chairman of TPA's Texan of the Year Committee and publisher of the Waxahachie Daily Light. Uvalde-born Miss Evans is the wife of Roy Rogers, popularly known as King of the Cowboys. Rogers will accompany his wife to San Antonio where the newsmen will present the special award to Miss Evans during TPA's Mid-Winter Convention, Jan. 28-29. Winn Crossley, association president and publisher of the Madisonville Meteor, said this is the first time in the history of the state's largest newspaper organization that a woman has been selected as Texan of the Year.

HOME NOTES

(By Becky Hall)
County Home Demonstration Agent

As a newcomer to this county it has been very rewarding to meet with several groups this past couple of weeks and get acquainted with some very fine folks. The Rock Creek Community Club that met with Mrs. Carrol Garrison last week were doing some out-

stand home crafts. Their project that day was piecing a patch quilt design of various colored corduroy blocks to upholster Mrs. Garrison's occasional chairs. Some ladies brought other crafts such as velvet grape clusters and three dimensional wall hangings.

Our visit to the Quitaque community and especially our informal little chat with O. R. Stark, Jr. left a warm feeling that there was a real desire for some programming in homemaking subjects and that later the organization of a home demonstration club may be desired. Whatever the needs or wishes may be that you feel the Extension personnel can assist you with, be sure and let us know, for our reason for being here is to serve the entire county as an educational agency.

Did you know you can learn a lot about selecting clothes wisely and caring for them properly in a 4H club clothing project group? So you are not interested in actual garment construction, you can still learn many valuable lessons in being a wise consumer and a fastidious dresser under the able direction of our outstanding adult clothing leaders.

We have reached that time

of the year like it or not, when we must face up to, and reckon with our past record of spending and saving of our financial endowments. As we take a backward look we need to determine if we are satisfied with what we were able to accomplish with our assets in the year behind us. If we feel there is room for improvement a budget or spending plan is a tool to help us spend money wisely and reach our family goals. To be workable, budget should be adapted to the family's needs and income. Dr. Sylvanius M. Duvall, Professor and Marriage Counselor at the University of Chicago, defines it like this: "A good budget should be tailor made, not only to your income but to your preferences. Like a good girdle, it should have plenty of 'give.' Its purpose is to provide support to keep things from spreading out too far, and to do so with inching and binding."

The next step in making a budget is estimating the fam-

ily's income. After we have figured how much our income will be for the planning period, it is time to estimate our expenses. Now is the time to look at our spending critically. If we are not happy with what we got for our money last year or last month, we need to be realistic in revising our allowances for expenses. And resolve to cut our shopping spree, bargains we don't need and over use of credit.

If you can use a good cranberry bread recipe, I would like to share one with you that was given to me by Jewel Robinson, County Home Demonstration Agent in Hockley County. There is also a variation by Mrs. Aubrey Russell, District Agent in Lubbock.

Cranberry Banana Bread
1/3 cup shortening
2/3 cup sugar
1 3/4 cups sifted flour
2 teaspoons baking powder
1/2 teaspoon salt
1/4 teaspoon soda
1/2 cup of nut meats
1 cup ripe banana (mashed)
1 cup drained fresh-cooked cranberries
Cream shortening with sugar.
Add eggs, one at a time, beat-

ing well after each addition. Sift dry ingredients together. Add nuts. Add flour mixture alternately with bananas to creamed mixture, fold in cranberry sauce. (Mrs. Russell's variation: Fold in raw cranberries cut in half). Bake in loaf pan in moderate oven, 350 degrees for 60 to 65 minutes. Cool and wrap before slicing. Excellent for freezing. Serves 10.

Mrs. Robert Hamilton and children of Amarillo spent Friday and Saturday with Mr. and Mrs. N. V. Hamilton.

Mr. and Mrs. F. C. Benson spent Saturday and Sunday with their daughter, Mrs. R. J. Hoey and family, in Brownfield.

Mr. and Mrs. Gene Berry of Tulia visited Mrs. Gladys Wise and Mrs. Sid Bogan Sunday afternoon. Sid was home suffering with a cold and didn't feel like getting out. Bro. Bill Curry took Sid to Plainview on Tuesday of this week to see his doctor.

Dear Lyn,
I have gone to Hawaii. The guide is very courteous and interesting. Our guide has taught us many things. She told us the people here treat Diamond Head, the volcano, like a kitten. They go up around the top to watch it erupt.

There are many beautiful fish and sea shells here. The people make plates, ash trays, and many other things from shells.

One odd fish is called the puffer-fish, because he puffs up when he is bothered. Then he looks like a rock.

The temperature here is over 70 and always under 80.

I will bring you some sugar cane and pineapple when I come back from here.

With love,
Gene Payne

Pomsway, Hawaii
January 4, 1966

Dear Mrs. Baird,
I am on my way home. I have been to Pomsway, Hawaii. I had great fun there. I went by jet so I could get there quick. When I got there I got a room at a hotel and went up to take a look at it. Then I put on my bathing suit and went down to the beach. It was fun to feel the waves move when I got into the water. Soon I went up on the beach and played in the sand awhile and then went back to the hotel and changed clothes. Then I went downstairs and ate supper. After supper I went to bed.

The next morning I got up early. I changed my clothes and went downstairs to breakfast. At the breakfast table I met a man that was to show me around. His name was Jim Sherman. After we had gotten to know each other pretty well we set out to explore. It was great fun. First we climbed a high mountain. And when we got to the top of it, I looked down to see what I could see. I could see the beach and the waves rolling in. And I could see the hotel I was staying in, too. Then we climbed down and started back to the hotel. By the time we got back the

sun was going down. Then I went to my room and got into bed. I closed my eyes and went to sleep.

The next morning I got on a ship, and that's where I am now. The ship is going into the harbor, so I've got to go. Well, I'll see you at school.

Dear Mother,
I went to Hawaii. I rode in an airplane to get there. There I saw beautiful sights. I saw Black Sands Beach, Haleakala Crater, Tree Fern Forest, Diamond Head, Lumahal Beach, and Nuuanu Pali, Honolulu. I went to all the Hawaiian Islands, which were Hawaii,

Kahoolawe, Maui, Lanai, Molokai, Oahu, Kauai, and Wai-hau. I saw the beautiful flowers. I stayed in a lovely place, and they spoke a lovely language. Staying there is like living in paradise. I had a very good time. If you have not been there, I hope you can visit there soon.

Love,
Kim Ham

members are now two years, as they have been through all of the Nation's history.

I'm opposed to any change in the length of term of House members. There are sound and substantial reasons for not tampering with the present, proven system and I'd like to review a few of them with you.

First, a reference to history: Many Delegates to the Constitutional Convention in 1787

felt that annual elections should be held for members of the House of Representatives, following the colonial practice which was designed as a check on royal governors. Other Delegates argued that the terms should be for three years in order to enable Representatives to acquire knowledge of the interests and needs of States other than their own. James Madison, supporting the three-year term, argued that one year would be almost consumed in preparing for and traveling to and from the seat of national business. On the other side, Elbridge Gerry of Massachusetts considered annual elections the only defense of the people against tyranny. He stated that he was as much against a triennial House as against a hereditary Executive.

Finally, the Delegates to the Constitutional Convention decided in favor of three - year terms while meeting in Committee of the Whole—but the Convention itself later fixed the term at two years as a compromise between a one-year and three-year term. Thus it has remained.

It is essential that the House of Representatives remain fully accountable to the people, that its members reflect the will of the people they represent. Members of the U. S. Senate represent broader interests, as our Constitution determined the system; Senators speak for their States and are more truly trustees of broad interests than representatives of specific districts or areas. The argument as to whether House members should be trustees or representatives has run through history, but I believe (as I think most of my colleagues in the House believe) that the solemn responsibility of House members, is to reflect the majority will of the people of their districts when that will can be determined. When it is not possible to know how constituents would feel on a particular issue before the House, it is the obligation then of the Member to make the best decision possible.

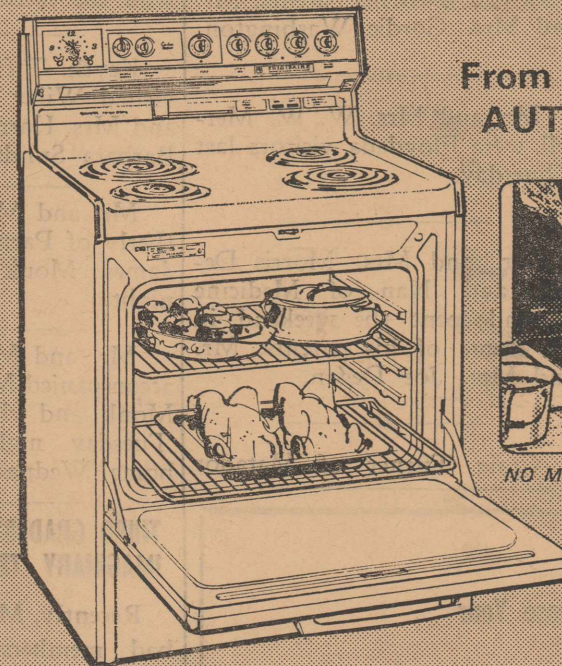

Whatever the approach to voting, it is essential to the system that the people who elect Members of the House be able to review their work and make changes, if they see fit, at frequent intervals. In this way, the House—and, thus, national legislation—remains fully in the hands of the people. Power resides in the people acting through their representatives, and it is incumbent upon the representatives to remain fully responsive. Government by the people requires as an indispensable element the continuing power of the people to control

those who represent them. Texans recently emphasized that validity of this point by turning down a proposed amendment to the State Constitution to extend the terms of members of the Texas Legislature. The principle is the same as in the current controversy.

Four-year terms might make for an easier life for the office holder but good government would suffer. And, again, as President Harry Truman said of his job, "If you can't stand the heat, get out of the kitchen."

Exciting news from FRIGIDAIRE ELECTRI-CLEAN OVEN!

From dirty... to clean **AUTOMATICALLY**

NO MORE MESSY CLEANING

- Q. What happens to the dirt?
A. The Electric-clean oven heats up to about 900°. At this temperature oven soil is turned into a loose ash and vapor. The vapor is vented thru a special air purifier.
- Q. How can it clean the racks & drip bowls?
A. Frigidaire uses a special heat-resistant porcelain enamel for both the oven liner and cooking unit drip bowls. The racks get cleaned right along with the rest of the oven.
- Q. Is there any hand cleaning left to do?
A. Possibly there will be a small amount of loose ash that may remain after cleaning. This can be whisked out easily.

- Q. What about safety features?
A. As soon as the temperature rises above broiling heat, oven double-locks itself. It can not be re-opened until the temperature returns to conventional oven heat. Frigidaire uses extra insulation and its electrical system and high heat process are UL approved.
- Q. How expensive is it to operate?
A. This full-size oven cleans itself for about the price of a cup of coffee—much less than the cleaning cost of special chemical oven cleaners.

This unique Frigidaire Range may seem too good to be true. But, true it is and you may see it at your nearest WTU showroom.
