## POSTMASTER RICE ATTENDS MEETING IN AMARILLO

Postmaster Jarrell Rice attended a meeting in Amarillo on Thursday of last week to discuss plans for handling the Christmas mailing rush this year. There were postmasters from 110 area communities present at the meeting.

"We are hoping and are going to encourage everyone to mail as early as possible," said Postmaster Jarrell Rice.

Deadline for assured pre-Christmas delivery of overseas packages to be mailed at surface rates this year will be Nov. 10. The deadline for air parcel post is December 10.

Gift parcels weighing not more than 5 pounds and measuring not more than 60 inches in length and girth combined addressed to members of the Armed Forces in Vietnam will be provided air-lift service from San Francisco, even though paid at the surface rate.

Mrs. B. K. Hamilton, accompanied by Mrs. Lawrence Moore of Paducah, spent from Thursday until Sunday afternoon in Fort Worth and Weatherford visiting Mr. and Mrs. Jack Meeks and family in Ft. Worth, and Mr. and Mrs. Poss Hamilton and family in Weatherford. They were met there by Mr. and Mrs. Jerry Hamilton and family of Ruidoso, N. M.

Mr. and Mrs. Rayburn Burgess of Snyder visited friends here this week.

## TWO FLOMOT YOUNG PEOPLE ENROLLED AT CLARENDON JC

Two Flomot young people, Sue Tiffin and Louis Leal, are students at Clarendon College this fall. Miss Tiffin, daughter of Mr. and Mrs. Glen Tiffin and a 1964 graduate of Flomot High School, is a sophomore at CC. Miss Tiffin has been active in various campus organizations and is a member of the college annual staff. Mr. Leal, son of Mr. and Mrs. Louis Leal and a 1966 graduate of Flomot High, is a freshman and is currently engaged as a varityper operator for the college newspaper, "The Bulldog Banner."

## LOCAL BAPTIST PASTOR REELECTED TO POST IN CAPROCK BAPTIST ASSOCIATION

Rev. Billy J. Curry, pastor since 1964 of the First Baptist Church in Quitaque, has been named Training Union Director of Caprock Baptist Association.

He was re-elected to a second one-year term in the position during action of the 6th annual October meeting of the association at First Baptist Church, Floydada. The association is comprised of some 25 churches and seven missions in the Floydada - Spur - Dickens area with more than 8,000 total members. It is affiliated with the 1.8 million Baptist General Convention of Texas.

In his work as Associational Training Union Director, Rev. Curry is assigned the tasks of providing and promoting programs for training church leaders in the association's Training Union ministry.

A native of O'Donnell, Tex., he attended public schools in Plains, which he considers his hometown. He is a graduate of Eastern New Mexico University at Portales.

He and Mrs. Curry, the former Alice M. Breland of Olton, have three children.

Rev. Curry was pastor of First Baptist Church, Lazbuddie, Tex., from 1957 to 1962, and of South Manor Baptist Church, Roswell, N. M., 1962-1964.

## Annual Halloween Carnival To Be At School House Saturday Evening

The Annual Halloween Carnival, which is sponsored by the senior class of QHS, will begin at 6:00 p. m. Saturday, Oct. 29.

Special features of the carnival will include a Pie Eating Contest, the Spook House, and a Style Show. Those competing in the pie eating contest are as follows: at 7:00 o'clock, David Brunson, Bobby Cochran, Bill Loudermilk, Perry Brunson and Ronnie Hutcherson; 7:45, Oliver Clark, Roger Brunson, Danny Tiffin, Gary Chandler and Eddy Curry; 8:30, Eddie Owens, Danny Jones, Scotty Stark and Larry Tyler.

Highlight of the evening, coronation of the King and Queen, will begin in the auditorium at 9:30. The seniors urge you to come to the festivities for an evening of fun.

## P-TA Sponsoring A "42" Party Friday Night

There will be a "42" Party at the school cafeteria Friday night, October 28, beginning at 7 o'clock, and sponsored by the Quitaque P-TA.

Admission to the party will be 50¢ per person and refreshments will be served.

All 42 players are urged to attend and have an evening of fun.

Mr. and Mrs. Jim Stroup were in Plainview Tuesday on business.

## C. T. RUCKER, JR. RECOVERING FROM INJURIES RECEIVED IN FALL

C. T. Rucker, Jr. of Amarillo suffered severe injuries in a fall at his home on Wednesday, October 12, when an extension ladder he was climbing twisted and broke.

He was climbing to the roof of his house to drain an air conditioner when the accident occurred, and he surmises that he fell across the ladder, injuring the stomach area. He also suffered minor cuts on one arm and leg. No bones except a rib or possibly two were broken. His face and neck were badly bruised. He was taken to St. Anthony's Hospital by his family where he remained until Tuesday morning of this week, when he was allowed to return home. He is placed in intensive care on Tuesday of last week and remained there until Saturday.

## 1966 Commodity Diversified Acres May Be Grazed After November 1

Farmers who diverted acreage under the 1966 feed grain, wheat and cotton programs will soon be able to graze this acreage without losing program benefits, Louie Kitchens, Chairman, Agricultural Stabilization and Conservation committee of Briscoe County, has announced.

The starting date for such grazing will be Nov. 1, marking the end of the 6-month period during which the no-grazing provision was in effect under the diversion programs.

The Chairman stressed, however, that this program relaxation regarding use of the acreage applies only to grazing the acres diverted from commodity production. Hay on such acreages still may not be harvested. Land diverted under the Conservation Reserve Program may not be grazed or harvested through the whole year.

## MRS. BUD BAILEY INJURED IN HOME ACCIDENT

Mrs. Bud Bailey received a dislocated shoulder when she fell in the kitchen of her home on Thursday afternoon of last week. Mrs. Bailey had spilled some water on the floor and she stepped in this, causing the fall. She was carried by ambulance to Plainview Hospital and Clinic, where she was put to sleep while the shoulder was being put back into place. She is kept in the hospital until Friday afternoon, when she was allowed to return home.

## PANTHERETTES INVITED TO PARTICIPATE IN BASKETBALL CLINIC BY WAYLAND COLLEGE

PLAINVIEW (Sp1) — Eight outstanding girls basketball teams, including two Texas state championship teams, are featured at the Ninth Annual Hutcherson Flying Queens Basketball Clinic November 12.

One of the largest of its type in the country, the clinic, held at Plainview High School Gymnasium, is largely devoted to the teaching of fundamentals and basic basketball skills to high school teams. Queens Coach Harley Redin said.

Beginning at 4 p. m. with a clash between Tulia and Spearman, the highlighted games include Floydada and Quitaque at 5:30, Friona and Springlake at 7 p. m. and concluding with Dimmitt and Roosevelt at 8:30.

Registration for the entire clinic begins at 8 a. m., Redin said. Over 1,000 girls are expected from the Texas, New Mexico and Oklahoma area.

The morning and early afternoon sessions will be devoted to the teaching of fundamentals by the nationally ranked Hutcherson Flying Queens of Wayland College and Coach Redin. Lectures and demonstrations will be presented by outstanding high school coaches and their teams.

Redin said that tuition for each school attending the clinic is \$10 for the entire team. Those students and coaches whose teams are registered for the clinic will be admitted to the four games free of additional charges. All others must purchase tickets at the game for \$1. Tickets may be purchased at the registration desk throughout the day.

Reservations and information may be obtained from Harley Redin, Athletic Director, Wayland College, Plainview, Texas 79072.

Mr. and Mrs. Howard Maxon of Dallas spent from Thursday until Sunday with their daughter and family, Mr. and Mrs. Murray Wise and children. They returned home Sunday afternoon and took Tammy Wise home with them to spend two or three weeks.

## MRS. HINTON IS HOME FROM HOSPITAL

Mrs. Darrell Hinton returned home from Medical Center in Plainview Thursday night of last week after spending most of the week there. Her mother, Mrs. E. B. McDowell of Valley Mills, and her aunt, Mrs. S. E. Jenkins of Meridian spent from Thursday night until Monday morning with her and her husband.

## SCS ANNOUNCES PERSONNEL CHANGES

The local Soil Conservation Service office announces personnel changes.

Jon La Baume has been promoted and will be transferred to Wellington, Texas by November 6. Gary Deitiker has completed his training program and is being transferred to Stanton, Texas as a part of the permanent staff there.

## CAPROCK SCD ELECTS NEW SUPERVISOR

C. L. "Jack" Sutton has been elected to serve on the board of supervisors of the Cap Rock Soil and Water Conservation District. Sutton will replace Aubrey Rowell, who has served as a supervisor for the past five years.

Mr. and Mrs. Sig Hooks of Salinas, Calif. and their son and his family, Mr. and Mrs. Richard Hooks and two sons, of San Jose, Calif. arrived Sunday afternoon to visit relatives, Mr. and Mrs. Dick Hooks, Mr. and Mrs. Robert Clary, Mr. and Mrs. Tracy Drake and other relatives and friends.

## Br. County Farms Now Total 337

A total of 337 farms was counted in Briscoe County during the 1964 Census of Agriculture, the U. S. Department of Commerce's Bureau of the Census reports.

In the last previous Census of Agriculture (1959), the total counted in the county was 345 farms.

The 1964 total is published in a preliminary report on the county just issued. The report also shows that average farm size in the county was 1,188.6 acres and that the average value of the county's farms (lands and buildings) in 1964 was \$140,388.

Other important county statistics in the report are:

1. Value of all farm products sold by farms in the county in 1964, \$7,986,558; in 1959, \$6,780,988.

2. Value of all crops sold by county farms in 1964, was \$6,131,482; in 1959, \$5,602,287.

3. Value of all livestock and livestock products sold by county farms in 1964, \$1,853,376; in 1959, \$1,178,701.

Information obtained for the first time in an agricultural census included the amount of income received by the county's farmers from recreational services as well as data on the use of pest control chemicals in the county in 1964.

A Census of Agriculture is taken every five years ending in "4" and "9" to gather information on the nation's agricultural resources and production. The data are needed to make decisions affecting many segments of the U. S. economy. The 1964 farm census was the 18th in a series that began in 1840.

The preliminary report for the county contains more than 500 facts about agriculture in the county. Among additional facts it contains are the number of farms by size, type, and economic class; the number of farm operators by method of tenure, age, color, off-farm work, and number of school years completed; land in farms by use and by land-use practices; data on equipment and facilities; farm expenditures; number of hired workers; and number of farms reporting poultry and livestock production and those reporting crop production by acres and quantities as well as sales.

## Basketball Teams Off To Good Start

The 1966-67 model Fighting Pantherettes and Fighting Panthers started the new season on high notes by winning all four games played to date.

In last Friday night's opening game both teams took wins over Samnorwood High teams, and for the Fighting Pantherettes the win was extra satisfying for the locals girls were unable to win over the Norwood team last year, and Friday's games was a thriller with Quitaque edging the visitors 44-43.

The Fighting Panthers had less trouble in their contest and won 75-57.

Tuesday night the local teams drove over to Hedley for a pair of games and the Pantherettes won 42-16 and the Panthers had to battle all the way before winning 52-43.

The Pantherettes started fast against Samnorwood, running up a 10-1 lead in the early minutes of the first quarter. They maintained a 20-9 lead at the end of the first period.

## NEW FEATURE ANNOUNCED FOR BASKETBALL TEAMS

Coach Don Johnson has announced a new feature in the high school basketball program for this season, that of selecting a Player of the Week from the boys and girls squads.

Winners will be selected for their all-around play, for defense, assists and in scoring. It will be possible for an individual to win the honor without being the high scorer. The boy or girl who scores a basket had ball passed to him more than likely, and the person who passes the ball to the one who scores is credited with an assist.

Sportsmanship will be another item to be counted in selection of the winners of the honor.

Names of the players selected will be posted on the schedule board in the hall of the high school building.

The first winners and Players of the Week, selected for their play in the first two games are Lyn Payne and Sherry Stark.

However, Sue Bently, a very fine basketball player, started hitting the basket and just before the buzzer sounded to end the first half, the visitors went ahead 28-27. Norwood widened their margin to 39-32 at the end of three periods of play. At this point, however, the Pantherettes came battling back and went ahead 42-41 with 3:30 left on the scoreboard clock and managed to hang on for the victory. Patricia Brunson, Sherry Stark, Carol Myers, Jill Johnson, Lynette Taylor and Billie Cheatham started the contest. Others seeing action were Barbara Chandler, Jo Beth Merrell and Jackie Cheatham.

The Panthers also started fairly fast, running up a 13-2 lead, only to see their offense sputter while the visitors cranked up and pulled to within two points, 13-15 at the end of the first period. From that point on, however, it was not much of a contest as the Panthers continued to widen the gap. During the final period Coach Don Johnson cleared the bench, giving every one of his squadmen some game experience.

Lyn Payne topped all scorers with 22 points.

Tuesday's Pantherettes-Owlettes game was one of contrast.

The Quitaque girls couldn't crank up during the first quarter and at the end of the first period the Owlettes led 10-3.

However, both offense and defense came to life during the second period, the offense scoring 12 points and the defense shutting Hedley off with a single field goal to lead 15-12 at halftime. The Quitaque girls continued their mastery during the third period, outscoring the Owlettes 18-5 to lead 33-14 at the three-quarter mark. The Fighting Pantherettes shut the Hedley crew out without a single point during the final period and Coach Johnson ran in all of his players during the closing minutes.

The scoring was divided between the three starting forwards with Patricia Brunson getting 22 points, Sherry Stark

13 and Carol Myers 7. On defense, Lynette Taylor, Billie Cheatham and Shirley Dowd did a pretty good job on the Hedley scoring attack, especially the last three quarters—Hedley scored 10 points the first quarter, 2 in the second, 4 in the third period and none in the fourth.

The Panthers had to go all-out, however to beat the Owls, in fact trailing most of the contest and by as much as 7 points at one time during the second quarter.

The Quitaque lads scored first in the game, added one free throw to lead 3-0. Hedley came right back and ran up a five-point 8-3 count before the visitors were able to score again. The count was 11-14 with Hedley out in front at the end of the first quarter. At half-time Hedley still maintained a three point lead, 26-23.

The Panthers narrowed the margin by one point, 36-35 at the end of the third quarter to trail 35-36. Dale Ramsey put the Panthers ahead just seconds after the start of the final period, 37-36. Hedley came back to tie the score at 40-40 only to see the visitors go ahead to stay a few seconds later.

Scoring-wise, Monte Stephens tallied 15 points. Dale Ramsey, Lyn Payne and Bobby Cochran each notched 8 points. Roland Hamilton dropped in 6 points. Joe Mack Jacobs 4 and Joe Lucero 2. One of the bright spots in this game was the defensive efforts of Roland Hamilton, who blocked shot after shot of the Hedley forwards before they could get them away. Roland is becoming one of the better defensive aces to come along in recent years. He very seldom is faked out of position.

So, after the first four games the local teams have perfect records. There have been some bright spots and there are still rough spots to iron out and these two teams are almost sure to improve as the season progresses.

There are no games Friday night but next Tuesday night the local teams will go to McAdoo for what is always a severe test for local teams. The teams of Fabian Lemley are hard to beat anywhere, and are especially hard to beat at home.

It is hoped that a good crowd will accompany the teams to McAdoo. On Friday night of next week the QHS teams will go to Samnorwood for a pair of games.

Mrs. Abbie Wixom and Mrs. Cecil Rice attended a fellowship meeting at the Assembly of God Church in Memphis Tuesday. The Rev. Jerry Shoemaker of Silverton presented the message in the afternoon and the Rev. Hill of Oklahoma City, brought the evening message.

of judges on the Texas Court of Criminal Appeals and lengths the term of that court.

Amendment No. 10 Provides that taxes on bonds previously voted in any independent school district or in any junior college district shall not be abrogated, cancelled or invalidated by any change in boundaries and authorizing the continuance of the levy after such change without further election.

Amendment No. 11 Would authorize the issuance of an additional \$2,000,000 (Continued On Back Page)

## Proposed Amendments In Brief

On Tuesday November 8 the voters of Texas will vote on 16 proposed amendments to the state constitution. It is hoped that everyone read the proposed amendments in full when they appeared in The Tribune in the month of August. They should be carefully considered and then voted on. In brief they are as follows:

Amendment No. 1 Provides that all land owned by natural persons and designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use.

Amendment No. 2 Would authorize creation of airport authorities composed of one or more counties.

Amendment No. 3 Would withdraw Arlington State from participating in the Permanent University Fund.

Amendment No. 4 Increases the permissible term of office for directors of conservation and reclamation districts from two to six years and validating present statutory terms of office for such officials.

Amendment No. 5 Would authorize the legislature to provide for a system of retirement, disability and death benefits for county officials and employees and others.

Amendment No. 6 Provides for payment of assistance to survivors of law enforcement officers, custodial personnel of the Texas Department of Corrections and full-paid firemen.

Amendment No. 7 Would repeal the Constitutional provision requiring a poll tax as a prerequisite to voting and requiring the Legislature to provide for annual registration of all voters.

Amendment No. 8 Would authorize the Legislature to enact laws permitting persons to vote for state officers and for president and vice president of the United States without having fulfilled residence requirements to vote for other officers, as well as laws permitting former residents of the state, for a certain period, to vote absentee for president and vice president.

Amendment No. 9 Increases to five the number

Mr. and Mrs. M. B. Cavanaugh of Silverton were visitors at The Tribune Monday afternoon.

Mr. and Mrs. Rayburn White and Kara of Muleshoe spent the weekend with his parents, Mr. and Mrs. J. P. White. Kara remained to spend this week with her grandparents.

Mrs. Lorene Cobb spent Sunday with her mother, Mrs. G. H. Wagon.

Mr. and Mrs. R. J. Harmon drove to Las Cruces, N. M. Friday and met their daughter and her family, Mr. and Mrs. Paul Langdon, Kim and Kevin of Wilcox, Ariz. They stayed until Sunday and report a good visit together.

Mr. and Mrs. Odis Reagan enjoyed having their son and his family, Mr. and Mrs. Ernest Reagan and baby, Karla Jean, of Amarillo, spend the weekend here.

Other guests were Mr. and Mrs. Cliff Gilley and Melline of Cedar Hill, who spent Sunday with the Reagans.

Weekend visitors at the home of Mr. and Mrs. Eddie Evans were Mrs. Evans' sister and her family, Mr. and Mrs. Stu Stewart and son Teddy of Lubbock.

Mr. and Mrs. C. T. Rucker and Mary Pittman drove to Amarillo Tuesday of last week and returned the C. T. Rucker's four-year old granddaughter Debbie, home with them to spend a few days. They were called back to Amarillo on Wednesday of last week when C. T.'s condition worsened. They remained in Amarillo until Thursday night. Mrs. Rucker, Sr. and Mary returned Debbie home Tuesday and report that C. T. is home and doing well.

Mr. and Mrs. Buck Sams of Lockney visited Mrs. J. W. Ewing Sunday afternoon. Mrs. Sams is the niece of the late J. W. Ewing.

Weekend guests at the home of Mr. and Mrs. Lon McKay were their daughters, Mrs. Eldon Martin and husband of Canyon and Deborah McKay of Amarillo.

Bill Ebbs of Plainview is spending a few days in Quitaque and doing some work for Jack Chandler. His family visited the George Owens Sunday and Mrs. Ebbs spent Monday with her parents.

Mr. and Mrs. Claude Keeter of Lockney spent Sunday with her sister, Mrs. H. S. Foster and

husband.

Mrs. Buddy Morris spent from Sunday until Tuesday afternoon with her son and his family, Mr. and Mrs. Corky Morris and Celia, and her grandson and his family, Mr. and Mrs. Ray Don King and children.

Mr. and Mrs. N. A. Shackelford of Amarillo visited her sister, Mrs. Estelle Davidson, and other relatives here Sunday.

Mrs. Essie Tarp of Elk City, Okla. arrived last Friday to visit in the J. H. Boggs home, Mrs. Tarp is the aunt of Mrs. Boggs. Mr. and Mrs. Roman Friemel and children of Hereford visited her parents, the Boggs, and Mrs. Tarp Sunday. Mr. and Mrs. Robert Hancock and children visited her parents, Mr. and Mrs. Boggs drove to Elk City Wednesday and returned Mrs. Tarp to her home and spent the night there. They visited other relatives who live there also.

Mrs. Ralph Carter spent from Thursday until Sunday with her daughter and her family, Mr. and Mrs. Larry Hedrick and children, Scott and Todd, at Abernathy. The boys were ill with asthma and bronchitis and their grandmother was there to help care for them. She reported that the boys were improved when she came home.

Mr. and Mrs. Sid Bogan were in Plainview Monday to see their doctor.

Sole Slaw  
Hot Rice Muffins with Butter Plums  
½ Pint Milk

Mr. and Mrs. Solon Owens of Turkey and grandson, Jed Owens of Tulia visited Mrs. W. W. Cain Saturday afternoon.

Mrs. Richard Dalluge and a friend, Carolyn Thompson, of Tulia visited Mrs. Dalluge's parents and sister, Mr. and Mrs. O. E. Chandler and Barbara last Thursday.

Mr. and Mrs. Jimmy McKay and family of Kermit spent the week-end with his sister and husband, Mr. and Mrs. Preston Woods.

Mr. and Mrs. Wayne Whittington were in Plainview on business two days of last week.

Larry Hart and Bobby Setliff and their wives of Amarillo were visitors at the Church of Christ Sunday, where the men spoke. Both couples and Ralph Carter were dinner guests of Mr. and Mrs. Wayne Whittington.

BASKETBALL WORKOUTS BEGUN AT WEST TEXAS STATE U.

CANYON — West Texas State University Basketball Coach Jimmy Viramontes expected 20 varsity and 17 freshman basketball candidates to assemble at Buffalo Gymnasium Saturday for their first workouts of the year.

The varsity candidates took the floor at 8 a. m. with the freshmen candidates scheduled to work out at 2:30 p. m.

Viramontes says that he feels the 1966-67 varsity will have more size, better overall speed, better shooting and more depth than last year's squad. He feels the team's main problems will be a lack of experience, a schedule he refers to as "suicide" and finding a replacement for Gail Simpson, his floor general for the past three seasons.

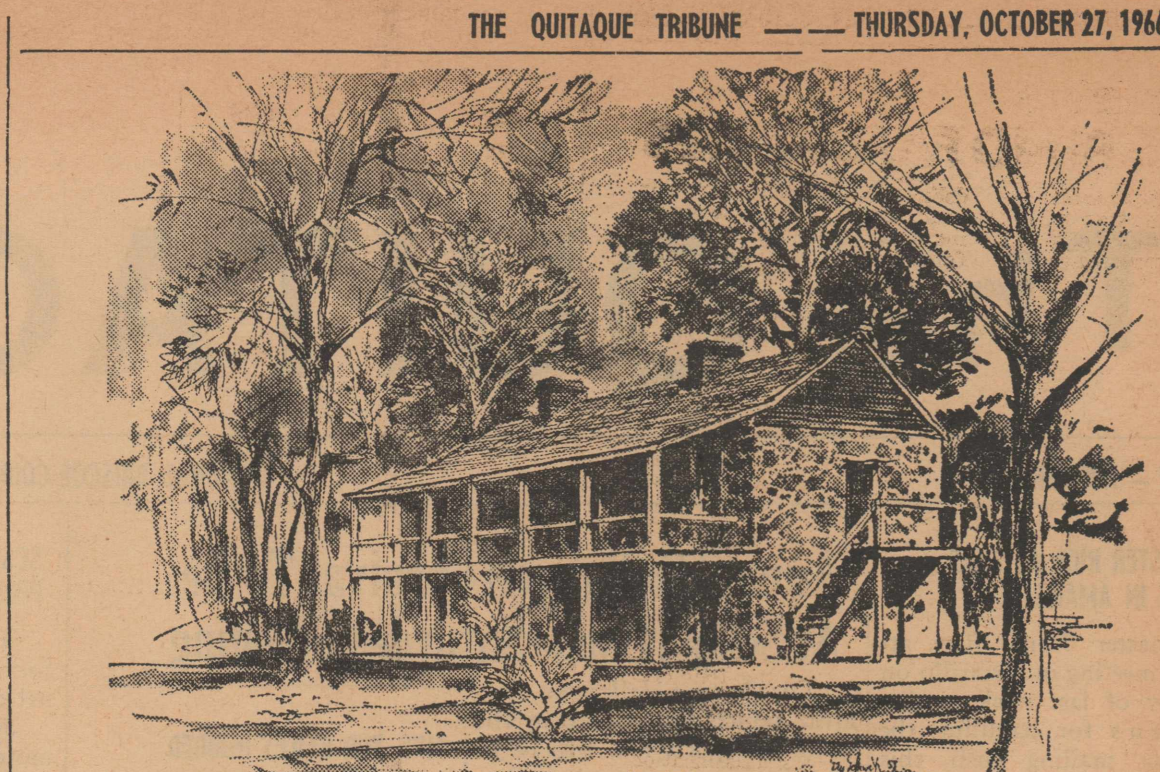

Simpson's still with the Buffs, although he won't be assuming his familiar backcourt duties. This year Gail will serve as freshman basketball coach while working toward his master's degree in physical education.

Under Simpson's guidance will be a group of Freshmen Viramontes regards as "potentially a better group of freshmen than any I've ever worked with." (Viramontes' freshman teams at the University of Texas had a 30-6 record).

"There may have been some better individual players on some of my West Texas and Texas freshman squads, but as a team, none has had a better potential," beams Viramontes. "Just how well these players meet the individual challenge to improve will determine whether this statement either positive or negative. We feel that this team will improve as the season progresses."

With a rigorous 20 - game schedule before his varsity, Viramontes remains realistic about the Buffs prospects of improving on their 6-17 record of 1965:

"With so many inexperienced players figuring in our 1966-67 outlook it's hard to say whether we will improve on our 1965 record. I certainly hope we do. We're going to throw them in the fire and hope our

By E. M. Schwetz, Nacogdoches

OLD STONE FORT  
Nacogdoches

The Old Stone Fort standing on the campus of the Stephen F. Austin State Teachers College at Nacogdoches is generally believed to have been built during 1779 or 1780.

It has been held and garrisoned at various times by Spain, Mexico, the Republic of Texas, the Confederacy and the United States.

It was truly an outpost in the wilderness!

Nacogdoches itself, one of the four oldest civilized settlements in Texas, was named for the Nacogdoches Indians. Here in 1716 the Spaniards established Mission Nuestra Senora de Guadalupe around whose deserted buildings Nacogdoches was permanently established in 1779.

U. S. SAVINGS BONDS HELP BUILD FOR THE FUTURE!

Throughout history, men seeking freedom and security for themselves and their families have built small communities destined someday to be great cities. A small beginning in U. S. Savings Bonds can help you build for the future. And there's not a better, safer, easier way to save than with U. S. Savings Bonds.

Keep Freedom in Your Future with

young players develop as the season progresses."

The Buffaloes 1966 - 67 basketball schedule reads like a listing of the nation's top basketball powers. The Buffs face Texas Western, last year's NCAA champion and perennial powerhouses Houston and Oklahoma City Universities on a home and home basis. Viramontes' cagers also meet a strong Tulsa quintet, rugged Hardin-Simmons and Texas A & M. Then there's the Phillips 66ers, Abilene Christian, Centenary, New Mexico State and Colorado State to round out a schedule Viramontes regards as "perhaps the strongest in the school's history."

Even with this schedule, Viramontes remains optimistic. One reason for optimism is the return of Mickey Fitts, a fine 6-5 senior forward from Canyon.

Fitts' 16.1 scoring clip of 1965-66 represents the highest average a Buff has sported in Viramontes' three seasons here.

"Mickey's not only a good shooter, but he's also a leader," cites the energetic Buff mentor. "He's come a tremendous way and he's getting more aggressive as a rebounder."

Should Viramontes find the right combination of talent to blend with Fitts, prospects for upsetting anyone on the schedule appear good. Much will depend on promising transfers and sophomores and their ability to develop as rapidly as possible.

The Buff roster is as follows:

Rodney Teague, 6-2, Senior, Floydada; Jerry Cooper, 6-4, Soph, Borger; Mickey Fitts, 6-5 of Canyon; Val Franklin, 5-11, Soph, Lamesa; Ron Gardner, 6-5 Sr., Amarillo; Jim Glenn, 6-3 Soph, Canyon; Jack Johnson, 6-7, Quitaque; Mike Mitchell, 6-3 Soph, Roswell, N. M.; Dale Morris, 5-9 from Quail; Jim Neilson, 6-10, Gunnison, Utah; David Nowlin, 6-6, Breckenridge; Gary Sikes, 6-4, Soph, Pampa; Derritt Welch, 6-6, Soph, Kress; and Vern Furlow, 6-8, Senior, Amarillo. In the player sketches, the news release said of Jack

Johnson, "Good speed for a tall boy . . . adequate shot . . . he needs to improve as a rebounder and defender. Of Dale Morris of Quail, who is well remembered by local fans, the coach says, "Has amazing spring to go with strong physique . . . these factors should make him an outstanding guard . . . an excellent shooter, he needs to get more aggressive and improve his defense."

Noted Psychologist Says:

**GAMES BIND FAMILY TIES**

In a recent interview on the subject of family relationships, Dr. Leonard Freeman, noted psychologist, attached special significance to the value of family games. "Anything that will bring the several members of the family together in a stimulating, participative interest," said Dr. Freeman, "helps preserve family unity."

"One of the causes of our modern day family problems is the divergent interests within the family. These cannot be avoided. In a complex urban society, it is natural for each of us to go his own way a good part of the time."

"But," he continued, "where this divergence and separateness is allowed to become a family way of life, the family eventually loses its cohesive quality. When this happens, the home becomes merely a base of individual operation. A place to eat, a place to sleep, a place of last resort instead of primary concern. In other words, a place rather than a home with its normally beneficial influences."

According to Dr. Freeman, the consequences of this breakdown of family oneness are all too often reflected in the revolt of teenagers who are quick to be influenced by companions and conditions outside the home, with deterioration of home discipline to a point of little or no effect.

"Resultantly," he proceeded, "we are forced to cope with a

delinquency problem among our young adults, and hopelessness, inducing indifference to the family's preservation, among the parents themselves."

How to prevent and counteract this condition? Dr. Freeman's suggestion is that the home environment be made more attractive in terms of family inter-relationships. Motivate youngsters to find as much interest and enjoyment in the home as they might find elsewhere. Make the home a source of lively, happy family interplay.

"Games," he stated, "are a good means to achieve this. Particularly games that promote an atmosphere of friendly rivalry." A leading proponent of Dr. Freeman's premise is the E. S. Lowe Company, long-time creators of games for family fun. New games offered by the E. S. Lowe Company that fall within the psychologist's classification are: Skat, a chase game for young and old; Hoodwink, a suspense game of skill and chance; Yahtzee, a fun game that makes thinking fun; Scribbage, an exciting word game in which the whole family can take part.

These games have been enjoying considerable popularity in recent months and are among the games most frequently recommended for wholesome family participation.

These games are sold at most department stores and other stores where toys and games are sold. Moderately priced, they can serve the game requirements of families at all income levels.

HOME NOTES

(By Becky Hall)

Briscoe County

**Home Demonstration Agent**

Several people have called for a chow chow recipe since green tomatoes are plentiful. The Texas Extension bulletin on pickles and relishes is out of print now but Mrs. Robert Ledbetter gave us the chow chow recipe for our out- files. We will give it to you later in the column. Also Mrs. J. S. Hinds shared her chow chow recipe with us.

**Short Guide to Mattress Buying:**

(1) Shop at a reputable store. (2) Buy the best you can — it will cost less in the long run. A "bargain" mattress can cost you rest as well as the price of an early replacement. (3) Test several mattresses by stretching out on them. (4) Make sure the ticking is closely woven, the borders and edges reinforced against sagging. (5) Read the label to see what's inside the mattress. The best in bedding is a quality mattress constructed with steel inner-spring coils and a box spring to match.

**Item: King Louis IV of France had 413 beds.** Today most of us have just one and we don't always buy that one with as much care and attention as we should. Since the average person spends close to one-third of his life sleeping, a good bed is as important as a good chair. Steel inner-spring coils plus a quality box spring mean good sleeping.

Maybe one way to cope with the male revolt which has brought long hair and sissy shirts into prominence, is to provide a lad with at least one room in the house—preferably his own—that is sheer male in its decor. At least, that is the

hope of modern curtain and drapery designers who believe that a school pennant is not enough to convert a chintz-hung room into a masculine retreat.

New designs for a male bedroom, or a rumpus room where "the gang" holds sway, come on textured tweedy fabrics—sometimes cotton, sometimes linen, but always sudable. The patterns reflect masculine interests and hobbies such as ships, wild fowl, and geometric figures that symbolize the intricacies of space exploration or industry.

To further emphasize the all-male theme, there are zebra-striped and leopard-spotted bed linens, sailcloth bedspreads, and washable wallpaper printed with frenzied pop art. It's all very mod—and very washable, which should please understanding homemakers who are willing to sacrifice daintiness for a good cause, but never cleanliness!

**Chow Chow**

1 qt. chopped cabbage  
2 c chopped green tomatoes  
3 chopped onions  
1 1/2 chopped sweet green pepper  
1 1/2 chopped sweet red pepper

Mix well and put in stone jar. Put in layer of vegetables, sprinkle well with salt until all vegetables are used. Cover last layer with salt. Let stand overnight. Drain well following

**THE COMMON CORN**

In 1774, an English physician, Dr. David Low, in writing about corns, described what he thought were roots. Today we know that corns do not have roots, nor do they grow. Corns are merely symptoms indicating that an area is being irritated.

A corn is a collection of hard, dry, dead cells piled one upon the other. Some corns assume the shape of a small cone or inverted pyramid with the point pressing into the sensitive underlying tissue.

Corns build up gradually over a period of time. From pressure and friction the skin becomes irritated, gradually thickening as nature attempts to protect the area. This cycle of pressure, friction and ultimate thickening of skin can progress to agonizing proportions. Causes can be bony growths, hammertoes, improper footwear, foot imbalance, among others.

Irritation from a corn can vary from minor discomfort to excruciating pain. Such pain is caused by pressure on the sensitive nerves directly beneath the hard mass. Corns in themselves are not painful as they have no nerve supply.

In separate vessel  
1 qt. vinegar  
2 c sugar  
2 T ground mustard  
3/4 T celery seed  
1 1/2 T white mustard seed  
1 t cloves (tied in bag)

Heat to boiling, add vegetables, cook slowly until tender (1 1/2 hours), pack into sterilized jars and seal. Process in water bath 10 minutes, bubble gently.

**LUBBOCK'S FOURTEENTH ANTIQUE SHOW DATES SET**

The fourteenth annual fall Lubbock Antique Show and sale, October 28, 29, and 30, will, for the first time, feature rare old musical instruments, early coin operated music boxes of the Western "gay 90's" era, Swiss music boxes and a square grand piano. The show will be held the last Friday, Saturday, and Sunday of October in the Texas National Guard Armory, 2901 4th Street, Lubbock.

Hours on Friday and Saturday will be from 10:00 a. m. to 9:00 p. m. and on Sunday from 1:00 to 6:00 p. m.

Also featured will be one of the newest forms of collecting and one that particularly appeals to Westerners. Collecting barbed wire now threatens to surpass the collecting of bottles in this area and interest in collecting wire is increasing every day. Over thirty different kinds of early wire will be offered as well as books on barbed wire and other categories of antiques.

The twenty-six dealers from six states will bring fine collections of antiques including art glass, cut glass, porcelain, silver, copper, brass, antique jewelry, old books and magazines as well as furniture. There will be lamps, pictures, statues and many choice items for home decoration ranging from the eras of the kings of France to primitive pieces of early American days.

Mr. and Mrs. W. T. Divinye of West Burlington, Iowa spent the weekend visiting her sister and husband, Mr. and Mrs. Orlin Stark and other relatives.

Mr. and Mrs. P. T. Clark and family of Lubbock spent Sunday with her parents, Mr. and Mrs. R. L. Patrick.

Mr. and Mrs. O. W. Hancock visited Mr. and Mrs. Hayden Boggs last Sunday.

**LOCAL BRIEFS**

Mr. and Mrs. George Owens were surprised Tuesday afternoon of last week when a beautiful braided rug was delivered and laid on their living room floor, a gift of their friends and neighbors of the community. Mrs. Owens remarked that this made her new home complete.

**REMINDER**

A number of subscriptions are due this month and a few are past due. Will you please check the date along side your name.

We are completely re-doing our mailing list due to the Zip Code regulations and your cooperation will be appreciated.

**Russet Potatoes And Franks; Delicious Harvest Casserole**

The family will cheer this flavorful one-dish meal that is quickly and easily prepared and so nourishing you need only add crisp breadsticks and your dinner is complete. Serve this appetizing casserole now while the newly-harvested Russet potatoes from Washington State are in — this choicest of all potato varieties adds an inviting flavor and goodness to any and all of your favorite potato dishes. Washington State Russet potatoes are grown in deep, mineral-rich lava soil and potato growers of the state say this adds extra energy-building nutrients to their potatoes.

**HARVEST CASSEROLE WITH RUSSET POTATOES AND FRANKS**

4 large Washington Russets  
2 large tomatoes, diced  
2 carrots, sliced  
1 large stalk celery, sliced  
1/2 large green pepper, diced  
1 large onion, cut in rings

1 clove garlic, minced or crushed  
1/2 tsp. salt  
1 10 oz. can consommé  
8 frankfurters

Peel potatoes, cut in thin slices. Place in shallow baking dish, about 11x7x2 inches. Combine all remaining ingredients except frankfurters, and place on top of potatoes. Cover with foil and bake in moderately hot (375 degrees F.) oven for about 55 min. or until potatoes test done. Add frankfurters that have been cut in halves or slices. Bake 5 min. longer. This casserole may be reheated in 350 degree F. oven for 20 to 30 minutes. Makes 6 to 8 servings.

**QUICK TIPS for Smooth Trips**

By Paula Johnson  
Women's Representative  
American Oil Company

On an automobile trip, candy can be more than an ideal reward to give the children for good behavior. Eaten by the person at the wheel it becomes a kind of safety precaution. Fatigue, of course, is one of the biggest causes of automobile accidents. In satisfying his sweet tooth, the driver gains a quick pick-up in energy that makes him less tired and more alert.

When you're packing a candy box for the car, careful selection can save you the nuisance of vacuuming crumbs from the carpeting or taking sticky spots off seatcovers. Hard candies, caramels, and non-melt summer chocolates travel best, particularly when they are individually wrapped.

Besides doubling as good emergency seat protectors and preventing wrinkles when placed around clothes packed in garment bags or suitcases, the lightweight see-through dry cleaner's bags have still another travel use. They're excellent makeshift raincoats. Enlarging the hanger-hole for the head and making a slit on either side for the arms quickly converts one of these bags into a slip-over protector.

The full-length bags are ideal for adults; the short skirt-sizes can be adapted for children. With a supply of both in the glove compartment—it should be locked, by the way, so the smaller children can't get hold of the bags as playthings—you can keep the whole family dry when you're caught in an unexpected shower.

Looking for a "different" vacation? In today's city-oriented society, families who enjoy wide open spaces, unlimited fresh air, and the casual way of life are joining an increasingly popular trend back to the country, to the guest farm or ranch. The country vacation has something for everyone: swimming, fishing, hiking, hunting, riding, square dancing, and, on certain ranches in the West, such unusual diversions as panning for gold.

Helping with the chores, of course, is optional. Most children find the unfamiliar work fun; most parents appreciate the option and the chance simply to rest and relax. Rates are reasonable, food is home-cooked and plentiful, and, at many guest farms and ranches, civilization, in the form of a good-sized town or resort and all it has to offer, is within easy driving distance.

How do you find an ideal spot for your family? The newest Farm and Ranch Vacation Guide has current facts on recommended farms, ranches, lodges, and camp and trailer sites in all 50 states and Canada. For information on how to get it, write Women's Representative, American Oil Company, 910 S. Michigan Avenue, Chicago, Illinois 60680.

**W. M. U. NOTES**

The Baptist W.M.U. met in Bible Study at the church Tuesday morning with 13 ladies present. The meeting was opened with the group singing "I Love to Tell the Story," followed with prayer led by Mrs. Leon McCracken.

Following a short business session, including the reading of a letter from the Roy Davidson family in Africa, received

by Mrs. O. R. Stark, the program was turned over to the Bible Study Chairman, Mrs. Jim Stroup, who presented a well-prepared study of "Missions in the Purpose of His Coming," showing the purpose throughout Christ's ministry here on earth as well as today in Missions throughout the world. The meeting was closed with prayer led by Mrs. Jack Cheatham.

**HABITS**

... are human traits and are easy to form. A good habit to form is that of taking all of your prescriptions to City Drug in Turkey. You can be sure they will be filled just like the doctor ordered.

We want to thank the entire community for the beautiful rug. It just completed our home. We can never show the appreciation to you, our friends and we pray that God will richly bless each of you.  
Mr. and Mrs. George Owens

**KEEP LITTLE SPOOKS ALIVE**

**AUSTIN, TEX.** — The Texas Safety Association today warned motorists to be on the alert for "trick-or-treaters" on Halloween night and advised parents to take special precautions to make the annual fun festival safe for children.

"Halloween night can be a happy time for children, or it can be tragic," J. O. Musick, TSA General Manager, said. "Far too often a serious accident tags along on a broomstick."

The safety director pointed out that as youngsters gaily roam the streets, they get so

wrapped up in their activities that they often forget their safety rules

"They fail to look both ways when crossing the streets, often cross in the middle of the block and quite frequently dart in front of oncoming traffic," he said. "It's up to all motorists to be on the alert for such actions."

He suggested parents cooperate in the Halloween safety drive by dressing youngsters properly. Avoid face masks as they restrict the child's ability to see. Try cosmetics for facial decoration. Make sure youngsters carry flashlights when they are out after dark. They can see where they are going and and motorists can see them. If it is necessary for a child to wear a dark costume, make sure it has plenty of reflective tape strips on it.

In addition to seeing that youngsters are safe in traffic, Musick warned parents to keep them away from unsupervised bonfires and to forbid carrying pumpkins lighted by candles. Halloween costumes should be close-fitting enough to prevent serious falls.

"The ghosts that haunt our streets on Halloween are very much alive," he concluded. "Let's see that they stay that way."

— Go To Church Sunday —

**PROPOSED AMENDMENTS**  
(Continued From Page One)

in bonds by the Texas Water Development Board upon two-thirds vote of the Legislature and expanding the uses to which money in the Texas Water Development Fund may be put.

**Amendment No. 12**  
Provides the method and manner for dissolution of hospital districts.

**Amendment No. 13**  
Would authorize the Legislature to provide for consolidating the functions of government within a county having 1,200,000 or more inhabitants and to provide for intergovernmental contracts between political subdivisions of the county.

**Amendment To. 14**  
Would allow members of the armed forces to vote in Texas upon satisfying the residence requirements applicable to Texans in general.

**Amendment No. 15**  
Authorizes the channeling of funds from private and federal sources through the state for use by privately owned or local agencies in establishing and equipping facilities to assist the handicapped in becoming gainfully employed.

**Amendment No. 16**  
Establishes the date on which newly-elected members of the Legislature qualify and take office.
