THE WAR IN VIETNAM: HOW IT ALL BEGAN

Decisions made by the Eisenhower Administration and later upheld by the administrations of Presidents Kennedy and Johnson are responsible for U. S. military and economic involvement in Vietnam. There is nothing secret or complicated about these events, but many Americans apparently are confused about the true origins of the present war.

In 1954, the Geneva Agreements ended eight years of hostilities between French and Communist forces and dissolved the former French colonial empire in Indochina. The Geneva accord divided Vietnam into two independent parts along the line of the 17th parallel, a Communist north and a non-Communist south, pending elections for a reunified state. Although the United States had participated in the Geneva conference, it disassociated itself from the final agreement. However, in a unilateral declaration issued at Geneva, the Eisenhower Administration pledged, among other things, that the United States would view any renewal of aggression in violation of the agreements with grave concern and as a serious threat to peace.

This was step one of what was to become a growing American stake in the fate of the free Republic of South Vietnam. An important next step was to conclude the Southeast Asia Collective Defense Treaty (SEATO). This was signed less than two months after the Geneva Agreements by the United States, Australia, France, New Zealand, Pakistan, the Philippines, Thailand, and the United Kingdom. The treaty contained a protocol which designated Cambodia, Laos, and the free territory of Vietnam as part of the area in which aggression by armed attack would be considered as endangering the safety of each member. American policy to 'support a friendly non-Communist government in Vietnam' was laid down in detail. The Eisenhower Administration approved programs to give budgetary support and equipment for internal security forces, including the South Vietnamese army; provided a mission to assist in training the army; helped to organize, train, and equip the police force; assisted in resettling refugees from the Communist north, and provided economic aid.

At a meeting in Washington in May, 1957, President Eisenhower assured the then South Vietnamese president Ngo Dinh Diem, of U. S. willingness to continue military and economic aid. By 1959, increasing Communist guerrilla activity in the south appeared to the United States to be part of a planned campaign by North Vietnam to bring about a Communist revolution in South Vietnam. The United States stepped up its support in early 1960, and in May of that year the Eisenhower Administration announced it was increasing the U. S. military advisory group from 327 to 685 at the end of the year.

Thus the foundations were laid for successive actions during the Kennedy and Johnson administrations for increased U. S. assistance, both military and economic, as the Communist threat intensified. Direct intervention by North Vietnam in support of Communist guerrilla activity resulted in a progressive step-up of the conflict to today's level.

THANKSGIVING SERVICE TO BE AT BAPTIST CHURCH SUNDAY NIGHT

The annual community Thanksgiving Service will be at the First Baptist Church Sunday night, November 20, beginning at 6:30.

The Rev. Al Jennings, pastor of First Methodist Church, will present the Thanksgiving message this year and special music will be provided by the Chapel Choir.

All churches will participate and everyone is invited to attend the service.

ASPERMONT S.B.D.C. NOTIFIED OF FUNDING FOR NEXT YEAR

The Aspermont Small Business Development Center has received notification of funding for another year. On October 31, the Aspermont S.B.D.C. had completed its first year of operation. During its first year of operation, the Center interviewed 489 small businessmen and prospective businessmen, and other interested individuals. A total of 108 applications were processed of which 39 applications were approved by SBA, totaling \$361,900.00 and 32 applications were declined by the S.B.D.C., and 16 applications were declined by the SBA.

The Aspermont S.B.D.C. as the representative of the local community plays a vital role in the economic opportunity loan program.

The Aspermont S.B.D.C. has the responsibility of screening applicants, recommending loans, and the counseling and training of applicants and those who receive loans. While the SBA office, Lubbock, Texas, makes the final decision on loans, its decision is largely based on the recommendation and justification submitted by the S.B.D.C. In the past year, the Aspermont S.B.D.C. has sought to carry out these responsibilities, by making known the program to the people it is intended to help in the communities.

The S.B.D.C. has interviewed 12 business and prospective business from Briscoe County. The Center has processed 4 loans of which 2 loans are now pending in the SBA office at Lubbock, and one loan has been approved totaling \$9,200.00.

A representative from the Aspermont S.B.D.C. spends the 2nd and 4th Tuesdays of each month at the First National Bank to interview and discuss with any individual who is interested in expanding his present business, going into a new business, or talk of any problems concerning his business.

The Briscoe County representatives are O. R. Stark, Jr., L. B. Monk and LeRoy Hamilton. Screening Committee Members, all of Quitaque.

—containment of Communist expansion—applies to Vietnam as it did to Korea, the situations which led to U. S. armed involvement are not similar. In Korea, a sudden full-scale war was launched when Communist North Korean troops, supported by Russian equipment and advisers, struck across the border into South Korea on June 25, 1950. U. S. Forces were sent immediately to help South Korea repel the overt Communist aggression. The Security Council of the United Nations acted under provisions of the U. N. Charter two days after the invasion and called upon other member nations to send forces to assist the U. S. and South Korean troops. In Vietnam, developments came much more slowly and less dramatically.

These are the facts.

RONNIE HUTCHESON RETURNS TO SCHOOL THIS WEEK

The Tribune is happy to report that Ronnie Hutcheson is home and back in school. Mr. and Mrs. Ray Gene Hutcheson of Lubbock brought him home Monday night and he entered school again Tuesday morning.

Good reports have been received concerning the condition of Ray Persons and Mrs. Clarence Barrett. The doctors have told Mrs. Barrett that if she continues to improve as well as she is at present, she will be allowed to return home in a few weeks.

Mrs. Amos Persons came home Tuesday morning to spend a couple of days. She and her husband have been staying in Amarillo to be near Mrs. Clarence Barrett at the hospital.

Latest report on the condition of Ray Persons is that he underwent surgery on his right arm Tuesday and was in surgery two hours. The doctors say the other arm will not be operated on right now. Later reports are that Mr. Persons is making good progress now and is in much better spirits.

Basketball Teams Continue To Win

Quitaque's Fighting Pantherettes "B" team struck a mighty blow to the pride of Coach Fabian Lemley and his Eaglettes as the Quitaque team downed the McAdoo team 41-35. This was only the prelude to the disastrous evening for the McAdoo followers for the Panthers humbled the Eagles 61-48 in the second game of the evening. This avenged a loss to the McAdoo crew last week at McAdoo, the only blot on the record of the Panthers for the current season. They now stand at five wins and 1 loss.

Saturday afternoon of last week the Fighting Pantherettes played the Floydada Whirlettes in the Wayland College Clinic at Plainview and won a very fine victory, 47-44, over a very fine basketball team, the best the local girls have faced this year.

Saturday's game for the Pantherettes was the reason for Coach Don Johnson to have to play the B team against the McAdoo team, and those youngsters came through in grand style and clearly earned their

Junior High Teams Begin BB Season

Coach Darrell Hinton and his Junior High teams drove up to Lockney Monday night for a pair of season opening games and came off with a win and a loss, the girls dropping their opener, 16-28 to a more experienced Longhornette team. The Jr.-Hi Panthers, however won over the Lockney crew 36-7.

The young Pantherettes, none of whom had ever started a game before, and for some were playing their first basketball game, had some trouble getting started against their more experienced opposition. The Quitaque girls were outscored 19-6 in the first half, but actually outscored Lockney the last half, 10-9. Beverly Rogers won scoring honors for Quitaque with 9 points. Wanda Ramsey made 4 points, Neva Morrison 2 and Vanessa Robinson 1 point. Starting at guard for the Pantherettes were Pam Loudermilk, Carol Purcell and Gail Tyler.

Coach Hinton's Jr. Panthers turned out to be a pretty salty crew as the starting five only played the first half and scored 22 points. The Lockney team did not score until the fourth period of play. Perry Brunson tossed in 13 points for the Quitaque boys. Scooter King was next with 7, Stanley Price hit for 5 points, Danny Tiffin, Ysidro Leal, Randy Evans and Gary Chandler each made 2 points and Gus Cavazos made a free shot.

Members of the Jr. Pantherettes squad are Neva Morrison, Beverly Rogers, Vanessa Robinson, Wanda Ramsey, Pam Loudermilk, Carol Purcell, Gail Tyler, Debbie Farley, Stephanie Chadwick, Anna Jean Taylor, Barbara McCraven and Patricia George. Ann Rucker is manager.

Jr. Panther squad members are Perry Brunson, Danny Tiffin, Scotty Stark, Ysidro Leal, Stanley Price, Larry Don Price, Larry King, Danny Jones, Randy Evans, Eddie Owens, Johnny Griffin, Gus Cavazos, Max Ham, Vangelio Leal, Jerry Monk and Gary Chandler. Donald Ramsey is manager.

Next games for the Junior High teams will be here next Monday night against the Estelline Jr. High teams at 6:30

victory. The game was close all the way but the Pantherettes were out in front after the opening minutes. The score was tied 5-5 in the first period, 16-16 in the second quarter, and the Eaglettes knotted the count a 31-31 in the early part of the fourth period. The McAdoo team could never take the lead away from the fired-up young Quitaque girls.

The scoring was well balanced, with Jackie Cheatham getting 14 points, Kay Cochran was next with 13 and Jo Beth Merrell, who switched to guard after Shelia Payne fouled out, tossed in 12 points. Glenna Ramsey added 2 points to round out the scoring. Down at the other end of the court, Kay Turbyfill, Karol Blankenship, Shelia Payne and Jo Beth Merrell were doing a good job of stopping the McAdoo forwards from scoring. A very fine victory for the young Pantherettes.

The Panthers' 61-48 win was not a true indication of their game for it was not close except for about 3 or 4 minutes in the fourth quarter when the Eagles rallied with three of the Panthers starters resting on the bench. Coach Johnson ran them back into the game and put out that fire.

Coach Johnson and the Panthers were ready for the Eagles Friday night and wasted no time in going to work for their revenge of an earlier loss at McAdoo. At the end of the first quarter, Quitaque led 16-7. At half-time the Panthers owned a 33-16 lead and at the end of three periods the locals owned a 27 point spread, 51-24. During the fourth quarter the visitors narrowed the gap to 8 points, but as soon as the regulars were sent back into the game the rally was cut short.

Bobby Cochran led the scoring parade for the Panthers, notching 25 points. Monte Stephens was next with 10, Dale Ramsey had 8, Lyn Payne 7, Jimmy Pointer 5, Joe Mack Jacobs and Roland Hamilton each contributed 3 points. The Eagles' Hardin, a good basketball player, popped the nets for 29 points, a great portion of them coming in the fourth quarter. The Quitaque starting five did a real fine job of holding the Eagles' scoring down.

Over at Plainview Saturday,

Bud Bailey was in Amarillo Saturday to visit his parents, Mr. and Mrs. H. J. Bailey, and also visited his daughter and her family, Mr. and Mrs. Joel Wassom and son.

BULL SALE TO BE HELD AT CLARENDON ON NOVEMBER 30th

The Rolling Plains Beef Cattle Association will hold its 8th annual bull sale in Clarendon on the 30th of November at 12:30 noon. Walter Britten will be the auctioneer.

Seventy-five bulls will be offered for sale, all are registered and from some of the best registered breeders in the Southwest. There will be 42 Hereford bulls, 22 Gallowsay bulls and 10 Angus bulls.

The new Sales Arena is all heated and will be comfortable regardless of the weather. If buyers or sellers wish to come by plane, just buzz the bull barn and you will be met at the airport. Those wishing a catalog in advance of the sale will contact H. M. "Flip" Breedlove, Secretary - Manager, Box 430, Clarendon, Texas.

the Pantherettes were matched against a toughie in the Whirlettes and for awhile it looked like the Quitaque team would get its first licking of the year as the locals trailed 0-6, and 3-10 in the opening minutes of the game. However, the Fighting Pantherettes found the scoring range and the guards made the necessary adjustments and at the end of the first quarter, Floydada led 13-7 and that was all the scoring for the Floydada team until Quitaque had racked up 11 points and were in the lead 18-13. From that point on, the game was a nip-and-tuck affair with the score tied 21-21 at half time.

The score was knotted five times in the last half with neither team able to build an advantage. Floydada was ahead only one time, 38-37 in the final period, and at one time the Pantherettes owned a 45-40 lead, but the final score of 47-44 was a good indication of the exciting ball game it turned out to be all the way. In fact, the Quitaque - Floydada was the closest, most exciting game of the four played. Probably the most impressive - looking tear at the clinic, however was the Springlake High team, a Class A team that went to the finals at State last spring, and who will probably be there again next spring—unbeaten. They looked very good to this reporter, as they beat a good Friona team with ease.

Patricia Brunson tallied 30 points against Floydada. Carol Myers added 14 points and Sherry Stark, 3 points. It should be pointed out that the Pantherettes fine guards have contributed much to the record of the team thus far—an unbeaten record that now stands at 6 wins. Jill Johnson, Lynette Taylor, Billie Cheatham, Shirley Dowd, and on occasion, Jo Beth Merrell, are doing their part in keeping the Pantherettes unbeaten.

Quitaque's Pantherette B drove up to Lockney Monday night for a game with the B team of Lockney High dropped a heartbreaker to that team after leading most of the way. The final score was 35-39. The Pantherettes led 30-25 at the start of the last quarter, but the forwards lost their scoring touch and the ball wouldn't fall in the basket for them, although they had plenty of scoring opportunities.

Barbara Chandler led in scoring with 16 points. Jackie Cheatham scored 8 points, Jo Beth Merrell 5 before switching to guard, Kay Cochran added 4 points and Glenna Ramsey 2 points.

Friday night the teams drive to Paducah for a pair of games and next Tuesday night will go to Silvertown for a doubleheader.

PLAYERS OF THE WEEK: In the spotlight this week as Players of the Week are Jill Johnson and Monte Stephens.

Mrs. Josie Johnston drove to Lefors and spent Saturday night with Mrs. Mary Johnston. Mrs. Johnston returned home with Josie to visit this week.

Mrs. Bettie George was in Lockney Saturday to see her doctor. She returned home with her son and wife, Mr. and Mrs. Virgil Skinner, came for her Sunday and took her home with them in order that she could be near the doctor until she is feeling better. She had a bad cold.

TURKEY CARVING EXPLAINED

Will that succulent turkey be carved into beautiful, mouth-watering slices, or will the man of the house hack it into a mangled wreck?

Carving a turkey is an annual trauma for some people, but is simplicity itself for others. As with so many things, it's easy when you know how.

Drawings taken from World Book Encyclopedia show you how. First, remove the leg by turning the turkey on its side with its breastbone away from you. Hold the end of the drumstick and pull it forward as the knife cuts through the joint. (Figure 1.)

Next, carve the drumstick into lengthwise slices by standing it on its thick end and holding the thin end with your hand. (Figure 2.)

Carve the thigh after the leg. Expose the thighbone by slicing down to it. Remove the thighbone by running the point of

the knife around it and lifting it up with the fork. Then finish slicing the thigh meat. (Figure 3.)

If you want only a few large slices from the breast, carve with the grain. Slice lengthwise until you reach the wing joint, then remove the wing. Continue slicing until you have carved all the white meat on one side of the turkey. (Figure 4.)

If you want several small slices from the breast, carve across the grain. First remove the wing, then slice at an angle of about 45 degrees. Continue carving slices until you reach the breastbone. Loosen the slices by cutting along the bone under them. (Figure 5.)

And that's all there is to it.

Provided, of course, that you have the proper tools. The article on "Meat and Meat Carving" in World Book says:

"The well-kept carving set is very important to good carving. A good carving knife needs

THE QUITAQUE TRIBUNE — THURSDAY, NOVEMBER 17, 1966

to be sharpened only once in a while, but it should always be steeled before using.

"A meat platter or a carving board allows more room for cutting and makes carving easier. A large carving fork holds the meat much more firmly than an ordinary dinner fork."

Bon appetit, and don't forget the cranberry sauce.

TURKEY TIME

Turkey eggs take about 28 days to hatch, and during this time they must be kept at a constant temperature of about 100 degrees, says World Book Encyclopedia.

PERSUASIVE SARAH

Sarah Josepha Hale, a magazine editor, is credited with having persuaded President Lincoln to proclaim Thanksgiving a national day, according to World Book Encyclopedia.

Sunday guests in the home of Mr. and Mrs. D. C. Duck were their children, Mr. and Mrs. Joe King, Jimmy and Marilyn of Dumas; Mr. and Mrs. Glynn Barrett, Danny and Judy and their son and his wife, Mr. and Mrs. Gary Barrett, all of Amarillo; Mr. and Mrs. A. B. Ramsey and family, and Mr. and Mrs. H. G. Boyles and family. Afternoon callers were Mr. and Mrs. Bert Degan of

Turkey and Mr. and Mrs. A. C. Barrett.

Mrs. J. J. McCay of Amarillo spent Friday night with her mother, Mrs. Willie Lou Boyles. She was enroute to Cisco to spend the weekend with her husband, who is working there. She returned to Quitaque and spent Sunday night with her mother, as she was enroute home. Mr. and Mrs. R. E. Boyles of Amarillo spent Saturday and Saturday night with his mother.

Mrs. George Setliff of Turkey visited Mrs. Buddy Morris Monday morning of this week.

Mrs. Ralph Carter was in Lockney Monday morning to receive medical attention for a sore throat.

HOME NOTES

(By Becky Hall)

Briscoe County

Home Demonstration Agent

Mrs. Johnny Plunkett called us and asked for information on how she could determine the grains of hardness in water.

We gave her the following information and perhaps it will also be useful to you.

TABLE III Water Hardness Expressed in Grains

Soft Water — contains less than 3 grains of hardness.

Slightly Hard — contains 3 to 7 grains of hardness.

Moderately Hard — contains 7 to 10 grains of hardness.

Hard Water — contains more than 10 grains of hardness.

You can find out about the grains of hardness in the water supply by testing it yourself in this manner: Place 5 ounces of water in an 8 oz. bottle. Add tincture of green soap (usually can be purchased from local drug store) with a dropper—two drops at a time. Shake the bottle after adding each drop. Continue to add and count drops (by twos) of tincture of green soap until a firm head of suds will stand for five minutes. The number of times you have

added two drops represents the number of grains hardness of your water supply.

This week is Consumer Education Week and much emphasis is being placed on ways the homemaker can beat the grocer's cash register. According to Esther Peterson, President Johnson's special assistant on consumer affairs, variety and planning are the keys for homemakers who want to make the most of a dollar. Part of this planning includes:

Shop weekly specials.

Buy when supplies are plentiful.

Try lower priced brands and grades.

Make a list and stick to it.

Substitute day - old bread, powdered milk, cheaper cuts of meat, specials, and meat substitute dishes.

Figure the cost per ounce, per pound, or per serving.

"There's no limit to how much one can spend and how much one can save," said Mrs. Peterson. Unfortunately, research shows that those who need most to know how to shop—teen-age brides, poor families, and the uneducated—know least how to do it.

To help offset rising food costs, plan more of your menus around items slightly lower or about the same price as this time last year.

The half-dozen foods tagged

plentiful this November by the U. S. Department of Agriculture show up well under such price comparisons, points out the Texas Agricultural Extension Service.

The plentiful include the traditional favorites of the season—turkey, pork, pears, raisins, grapes, and dry beans.

Farm prices of turkeys and hogs have been running slightly below a year ago, according to market reports of USDA's Consumer and Marketing Service.

Turkey production hit a record high for the fourth consecutive year and is up about 11 million birds from last year.

Pork production is increasing more than it usually does in the fall, reflecting the 10 percent larger spring crop now coming to market.

About 47 more pears were produced than last year, and 22 percent more dry beans.

Fresh grapes and raisins are a fifth above average output.

Learn how to stretch your food dollars by shopping for seasonally plentiful foods.

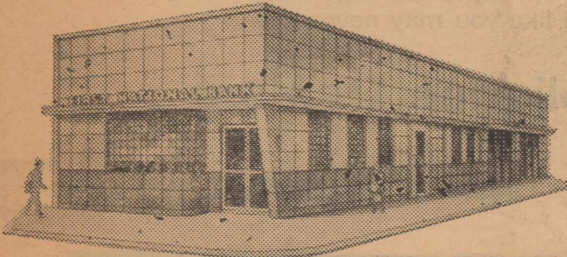

More than a fourth of all turkey meat going into processed food products is now being used for turkey roasts or turkey rolls.

Turkey roasts—boneless poultry meat prepared in ready-to-cook forms—have proven to be a highly popular new food item, says Mrs. Gwen Clayet, Extension consumer marketing specialist at Texas A&M University.

A TRIBUTE — We want to pay tribute to a good man who dwells in our town. He is dutiful, religious, and his interesting efforts to do for others, working in all kinds of weather, and all hours of the day or night. He is always on call with willingness, kindness and respect. He and his family are our neighbors, and we love them very much. This beloved man is our funeral director. We salute you, Bill Griffin. Paid for by friends

CARD OF THANKS

Words cannot express our thanks to our many friends who expressed your sympathy in so many ways during our sorrow and the passing of our loved ones. Thank you for the cards, letters, and most of all for your prayers. Our prayer is that God's blessing will be with each of you. Mr. and Mrs. Hayden Boggs and Ricky Mr. and Mrs. Roman Friemel and family Mr. and Mrs. Robert Hancock and family

THANKS to all of you people of the Quitaque area: We deeply appreciate your love, prayers, gifts, for your thoughtfulness, and for the contributions of all kinds, and for your seeing after us so faithfully. Our prayers are that God will bless each of you for your goodness and give you good health.

Thursday and Friday of last week were the best days I have had since Clarence and I have been here at the home. We have had quite a time getting adjusted here. It made us very sad when we heard of the loss of so many friends there. We pray God will comfort you in your sorrow. We love all of you deeply and miss seeing you. May God bless and over each of you. Love to all. Ruth and Clarene Redding Claude Nursing Home Claude, Texas
