FARMERS UNION PRESIDENT IN AGREEMENT WITH FREEMAN

Texas Farmers Union state President Jay Naman has wired Secretary Orville Freeman his gratitude for the cotton loan, payment, and sales policies which were recently announced by USDA. Naman termed the action "encouraging" and said that this was a "positive step toward parity" for cotton farmers.

The state farm organization president went on to express his reassurance that next year's Commodity Credit Corporation sales policy would give farmers "headroom to sell next year's crop without interference from CCC catalogue sales."

Along with his approval of Secretary Freeman's action, Naman urged that the Secretary restore skip-row regulations to encourage more production in the skip-row pattern.

Reported shortages of higher quality cotton can be alleviated by encouraging more production in skip-row pattern. Naman said that there is "much authority for this to be found in recent food and fiber commission hearings and from other sources."

Mrs. Jerry King and sons visited Mrs. Buddy Morris Saturday morning.

Charles S. Roach, around 50 years of age, whose home was near Lone Star, died around 10 o'clock last Sunday morning as he was bird hunting on the Bert Hawkins ranch northwest of Quitaque. His body was found shortly after 11 o'clock by Frank Hawkins of Lockney, with whom he was hunting.

According to reports, the two men came down from Lockney around 8 o'clock and started hunting. The pair became separated and Hawkins began to try to find his companion. He was reported to have called out, honked the horn on their vehicle, and fired shots in the air, but could get no answer and by this time was alarmed. Felix Johnson and W. E. Helms, who were also in that vicinity hunting, came along and Frank sent them for help and also for deputy sheriff Morris Stephens. By the time help arrived, however, Frank had found his companion's body in a gully where he had fallen. Tracks indicated that he was climbing the side of a hill when he started sliding and fell in to the shallow gully.

Dr. Wayne Maxwell of Turkey was summoned to the scene and he pronounced the man dead from a coronary occlusion. The body was brought to Quitaque Funeral Home, then was transferred to Lemons Funeral Home in Plainview.

Returning home the Wise' stopped over in Kansas City for a 24 hour visit with Betty's grandparents, Mr. and Mrs. A. S. Maxon. They report a very pleasant trip.

QHS Teams Win First Places

Quitaque's Fighting Panthers and Pantherettes walked off with both first place trophies at the Kress Invitational Tournament last Saturday night.

The Pantherettes won over the Silverton Owlettes in the championship finals Saturday night and the Panthers eked out a 1-point, 42-41 victory over LCC High School of Lubbock.

This marked the first time in a number of years that both Quitaque teams had managed to win top honors in the same tournament. In fact, Saturday night's win was the first in several years that the Pantherettes had managed to win first place in a tournament.

The Pantherettes, who had posted two wins over Silverton the week before, nevertheless had their hands full in this one and were soundly outplayed in the second and third periods as the Owlettes outscored the Pantherettes and appeared to be on their way to upsetting the Quitaque team.

Quitaque jumped off to an early lead and appeared to be on their way to an easy win as they led 12-4 at the end of the first period of play. During the second period the Owlettes came to life and outscored the girls from 'down under' 12-3 and led 16-15 at halftime, the go-ahead basket coming in the closing seconds of play. During the third period the Owlettes increased their lead a point to 23-21 at the end of three quarters. In the early minutes of the final period, the Owlettes' Dudley, who scored 22 of Silverton's 30

points, injured her knee and had to leave the game for a few minutes, and about this time the Pantherettes' forwards came to life and Patricia Brunson popped the nets for 11 quick points to put it out of reach. Although the Owlettes were without the services of their best scorer, she would not have made the difference. For the Quitaque forwards were stealing the ball from the Silverton guards as they were trying to move it down to the forwards.

Enroute to the finals the Pantherettes posted a 60-14 win over Hale Center in the opening game on Thursday and won over a good Ralls team 38-34 in the semifinals on Friday.

Patricia Brunson scored 30 points to win scoring honors in the final contest. Carol Myers hit for 10 points and Sherry Stark scored 2 points.

The Panthers also won over Hale Center in the opening tilt, won over Ralls, 63-42 in Friday night's semifinal game to advance to the finals Saturday night where they had to go all-out to win over a very good Lubbock Christian College High School, the best team the Panthers had met this season. According to reports, Saturday's loss was the first of the season for LCC High after 10 wins.

The Panthers led all the way during the first half, one time by a 9 point margin, 20-11 at the beginning of the second quarter. The Quitaque team owned a 26-20 margin at the halfway mark, but the Lubbock team held the Panthers to 3

points and tied the count at 29-29 at the end of three periods. The lead changed hands with just about every shot in the final period as neither team could build an advantage. Each team had a three-point lead at one point in the final minutes but couldn't protect it, and the game went right down to the wire. None of the Panthers were hitting real good, but the defense was real good and stayed on top of the smooth Lubbock team. It was a satisfying win for Coach Don Johnson and his crew and one that was deserved for the Panthers scrapped all the way without a letup.

Monte Stephens canned 18 points for the winners, Bobby Cochran hit for 11 points, Dale Ramsey 6, Lyn Payne 4 and Roland Hamilton 3.

The Pantherettes placed 4 players on the all-tournament team, 12 players being selected for that squad. Carol Myers and Patricia Brunson at forward position and Lynette Taylor and Jill Johnson were selected as guards.

Monte Stephens, Lyn Payne and Bobby Cochran were selected on the 10-man all tournament team.

The QHS teams drove up to Hale Center Tuesday night of this week and won both games of a doubleheader there.

The two teams are entered this week in Silverton's annual invitational tourney. First games for the local teams will be at 12:20 p. m. Thursday when the Panthers meet Kress in the first game of the tournament.

The Pantherettes meet Hedley in their first game, to begin at 5:00 p. m. Thursday.

If the Panthers win over Kress Thursday, their next game will be at 3:00 p. m. Friday and they will play the winner of Estelline-Matador game, which will also be played on Thursday. If the Panthers lose to Kress, they will play the loser of the Estelline-Matador game at 12:20 Friday.

If the Pantherettes win over Hedley their next game will be against the winner of the Silverton-Lockney game, and will be at 7:40 Friday night. If the Pantherettes lost to Hedley, then they will play at 5:00 p. m. Friday.

Boys and girls teams are entered from Kress, Matador, Turkey, Estelline, Hedley, Lockney, Quitaque and Silverton.

Next Tuesday night, Dec. 13, the local teams go to Nazareth for a double header.

Next week, beginning on Thursday, the QHS teams are entered in the first annual Salt Fork Basketball tournament at Clarendon, sponsored by Clarendon College. First games for the local teams are with Claude and will be played Thursday night.

Ten teams are entered in the tournament, boys and girls teams from Quitaque, Clarendon, Estelline, Hedley, Wellington, Samnorwood, Silverton, White Deer, Groom and Claude.

HOME NOTES

(By Becky Hall)
Briscoe County
Home Demonstration Agent

If you haven't already baked your holiday fruit cake it should be at the top of the list of your things to do," says Mrs. Helen Clyatt, Texas A & M University Extension consumer marketing specialist. Fruit cakes need time to age

and develop the right flavor and texture. There are many modifications of the old-fashioned fruit cake because of greater selection of fruits and nuts. Research has developed improved preservation methods for the fruit.

Choose fresh ingredients and high quality when preparing your cake. To cut the cost of the cake, you can add inexpensive raisins and currants for part of the candied fruit. Remember,

though, that too many raisins and currants will give your cake a bitter or scorched flavor.

Assorted ready cut candied fruits may be a better choice than buying several different kinds of candied fruits which you have to cut. Compare the cost of shelled and inshell nuts to find which is the best buy—considering the time needed for shelling, too.

If you make your fruit cake, a six pound standard recipe will cost you about \$4.50. You can buy some fruit cakes which are quite well filled with fruits and nuts for \$4. Remember, though, that there is always a good amount of pride and satisfaction in making your own cake.

Be sure to make the best possible use of any leftovers from your holiday feasts in order to keep the food budget in balance. Beef prices remain about the same with a little less demand the past week. Best beef values may be found on chuck roasts

and steaks, round steaks and ground beef.

Candy Cane Bouquets — want a "sweet" front door at Christmas time? Make a huge bouquet of candy canes out of decorated mailing tubes. Add a few Christmas greens a gay bow and other decorations to help say "welcome" at your door.

Plentiful December Foods—Broiler - fryers, grapes, raisins, winter pears, pork and canned salmon will be on the USDA plentiful foods list for December, according to the U. S. Department of Agriculture.

From the kitchen of Mrs. R. M. Walker of Silverton comes this "Surprise Candy" recipe:

- 2 6-oz. pkgs Butterscotch Morsels.
- 1 T. peanut butter—melted together over hot water. Then stir in 1 No. 2 (big) can of shoestring potatoes; 1 cup chopped pecans. Mix well, put spoonful at a time on wax paper to harden.

Getting Ready

What is the theme, the essence of the Christmas season in your home. Do you overspend, eat too much, go too many places, sleep too little and simply collapse once it's over? The spirit of the Christmas season in your home is what you make it.

Management is a tool that you can use to make Christmas less strenuous and more enjoyable for you and your family. Begin planning for the next Christmas as soon as this one is over. Try these ideas for size:

Christmas Cards: As soon as Christmas is over, consider revising your Christmas card list. This also is a good time—money-wise—to buy your cards but, remember, you'll have to store them for almost a year.

Gifts: Make your gift list

in Turkey

early in the year. Keep a record of names, gifts given and the amount you spent. If you compile a gift list early in the year, you will have a better opportunity to buy what you select at the price you decided to pay.

Entertainment: Keep your menus and recipes that were most appealing and review them when you start your planning. Plan your entertainment and foods you will serve, weeks in advance. Some can be prepared and stored or frozen for holiday celebrations.

Decorations: Keep a file of ideas clipped from magazines and newspapers. Buy or make your decorations well ahead of the Christmas season. Some decorations can be stored and used year after year.

Trips: If travelling is part of your holiday plans, think through early and in detail

about the mode of transportation, clothing, gifts to take and how long you'll be away.

Financing: Holiday parties, trips and other events call for extra spending. Usually it is difficult to take spending for Christmas out of December's salary. A better plan is to save for Christmas spending the entire year. Check the amount of

interest. You can add to your savings if you have to spend.

TWO TURKEY STUDENTS WERE INITIATED INTO WTSU SOCIETY

CANYON, Dec. 1 — Two Turkey students, Jay Stone and Gary Tunnell, are among 24 new members to be initiated into Beta Beta Beta, international biological society at West Texas State University, when the so-

ciety meets for a banquet Friday, December 2.

Son of Mr. and Mrs. Leroy Stone, Jay is a junior majoring in biology.

A senior biology major, Gary is the son of Curtis Tunnell.

Speaker for the banquet, to be held in the American Legion Hall, will be A. S. Jackson, wildlife biologist and naturalist at Canadian. Initiation ceremonies will start at 6:00 p. m. and will be held in Room 257 of the WTSU Science Building.

A. J. Dye, Roaring Springs senior, will conduct the initiation as president of the WTSU Delta Xi chapter. Membership is granted undergraduates with at least four courses completed in biology and with a high scholastic average in both biology work and overall university work.

THANKSGIVING

On Thanksgiving I think we should give thanks to God. Not only on Thanksgiving should we do this, but every day we should give thanks to God. I am most thankful for my family, my church, the Bible, my grandparents, my teacher, my home, and freedom in our country. I am thankful for many more things, too, but but most of all these things.

We know that we can't count our blessings but we can thank God for them, and we should remember who gave us all of these blessings. So we should remember what Thanksgiving really is, and thank God for everything, because He gave us everything we have.

— Seritha J. Helms

Mr. and Mrs. Jack Bradley of Dalhart spent Thanksgiving

with his mother, Mrs. J. T. Bradley.

Mr. and Mrs. Glynn Barrett and family, and Mr. and Mrs. Gary Barrett of Amarillo spent the weekend here. They were guests for dinner Sunday at the home of Mr. and Mrs. D. C. Duck. Other guests were Mrs.

Albert Ramsey and girls of Silvertown, Mr. and Mrs. A. B. Ramsey and family, Mr. and Mrs. Wendell Farley and family, and Mrs. H. G. Boyles and children.

Mrs. Wendell Farley and Mrs. O. E. Chandler were in Lubbock Monday on business.
