Mrs. Moseley had planned to leave it cooking while she attended Sunday School and church services. The roast was a little too large for the utensil and as she was turning it over, the roast dropped into the hot grease, splashing it onto both hands.

Mr. Moseley rushed her to Memphis where the doctor treated her hands and bandaged them. She went back Tuesday and the doctor told her it would be two more weeks before the bandages could be removed and that it would be two months before they would be healed.

HUNTERS GET AOUAD SHEEP

Murray Wise, right and Jimmy Davidson, center, proudly display the Aoudad sheep they bagged last Saturday while hunting on the J. R. Stroup ranch. Weldon Griffin, pictured on the left, was with the other two on the hunt but he did not participate in the hunting.

Jimmy's ewe, the first sheep he has killed, field dressed at 110 pounds.

Murray's ram is believed to be possibly the second largest ever to be killed in this area, weighed 220 pounds field dressed and his horns were 30 inches long, a very fine trophy. Murray

ray killed a ram last year on the Stroup ranch but it was not anything like as big as this one.

Last year a total of seven sheep were reported killed in Briscoe County but the total had not been reported here at press time. At least five were reported killed in this vicinity but the official total was not known.

At least one deer was killed over the weekend — the hard way. Clayton Johnson was driving to Silverton to the basketball games, and a buck ran in front of his car and was killed. The front of the car was damaged considerably.

PANTHERS TAKE SECOND TOURNAMENT TITLE

The Quitaque Panthers captured their second tournament championship last Saturday night at Silverton, while the Pantherettes lost a 2-point decision to Estelline in the finals in a game between unbeaten teams.

The Fighting Panthers won over the Silverton Owls in the finals by a score of 76-44.

The Panthers won over Kress in the first round of the tournament, walloped Matador 69-30 Friday afternoon to advance to Saturday night's finals against host team Silverton.

The Pantherettes also defeated Kress in the opening round, then won over Lockney, 41-12 in Friday night's semi-final game, to set up the long-anticipated tussle between the Pantherettes and Bearettes of Estelline High. Although Estelline came out with the victory, Quitaque fans feel that their own Pantherettes are just as good for the result could just as easily have gone the other way.

The contest was just about as close as a game could possibly be. The Pantherettes jumped out in front in the opening minutes of the game, leading briefly at 6-1. The Bearettes kept firing away, however and at the end of the first period were ahead 13-12. At the half-way mark, however, the Pantherettes had grabbed a 24-23 lead. At the end of the third period of play the score was tied 33-33! The Quitaque team had a couple of chances to win and blew those chances.

After the first 4 minutes of the game, neither team had more than a 3-point lead at any time and usually the lead changed hands every time a team scored.

The Pantherettes four very fine guards played their usual tremendous games as they held the highly touted Rapp sisters, who have been scoring from 20 to 50 points each per game, to 32 points between them. Cheri Rapp tallied 18 points in that contest while her sister Ann, netted 14. Patricia Brunson led all scorers with 23 points. If the Pantherettes offense begins to click the Pantherettes will beat Estelline without too much trouble for the Pantherettes controlled the ball much more than did Estelline but just weren't able to score every time they had the ball.

The Turkey Turks and also Turkettes captured the third place trophies in the tournament.

Patricia Brunson, Carol Myers and Billie Cheatham were selected on the all-tournament team. Karen Arnold of Turkey was also an all-tournament selection.

The boy's all-tournament team included Monte Stephens, Bobby Cochran and Dale Ramsey of the Panthers and Rod Mullins of the Turkey Turks team.

The Panthers A and B teams and the Pantherettes' B team drove up to Nazareth Tuesday night for three games with the boys teams both winning. The girls B team took on the Nazareth A girls team with the Quitaque girls losing, 19-39.

For the third consecutive weekend the local high school teams are playing in a tournament. This weekend the teams are entered in the first annual Salt Fork Classic Invitational Tournament at Clarendon, sponsored by Clarendon College.

Boys and girls teams are entered from the following high schools

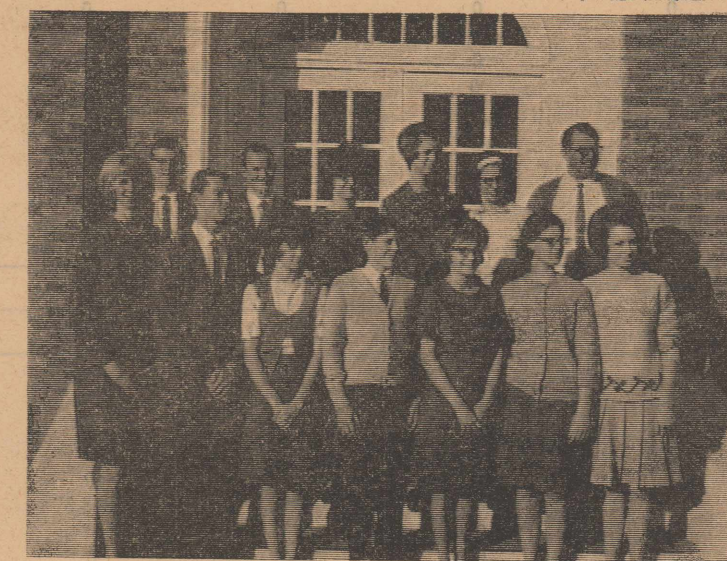

Quitaque, Estelline, Samnorwood, Hedley, Silverton, White Deer, Groom, Claude, Wellington and Clarendon.

Both Quitaque teams play the teams from Claude in opening round games Thursday night. If they win their opening games, they will play again Friday night. If the Quitaque teams lose Thursday night they will play again Saturday morning. This tournament will likely be a rugged one, for both boys and girls teams and winners of this tournament will have trophies to show with pride.

Next Monday night the B boys team, the B girls team and the Varsity boys will play Paducah here, with the games scheduled to start at 6 o'clock. On Tuesday night of next week the local teams host Nazareth High in a doubleheader here to wind up the pre-holiday basketball schedule. The Varsity boys and B boys teams will go to Happy on Friday night, Dec. 30 for two games. The girls will not play that night.

Miss Tami Wise proudly stands in front of her new house located in the yard of her parent's home, Mr. and Mrs. Murray Wise. Tami's new house was built by her grandfather, Howard C. Maxon of Dallas, on his weekend visits to Quitaque.

The house features a slab-on-grade floor with vinyl covering, aluminum double-hung windows, mahogany paneling throughout and electric heat. The house measures eight feet by ten feet and provides

Tami plans to have an open house for her little friends during the coming holiday season.

Mrs. J. W. Harvey escaped serious injuries in a fall at her home here Monday, suffering a bruised and strained right shoulder and right wrist.

Mrs. Harvey stated that she stepped out the back door at her home enroute to the trash barrel and a knee that had given her trouble in the past gave way under her. She reported that she was unable to get up or crawl to the house. She heard neighbor James May drive up next door and called to him, and he, along with Bill Wristen of Wristen Ford Company at Silverton who was with Mr. May, heard her cries and went to her aid. They helped her into the house and James went for Mr. Harvey,

who was away from the house at work.

Mrs. Harvey reported that she had been unable to get around until Wednesday, but now can walk a little with the help of a chair.

Mr. and Mrs. J. W. Harvey visited their son, Howard, and his family in Amarillo Sunday. They stopped for a short visit with the Owens Dukes, enroute home.

Mr. and Mrs. Ralph Carter drove to Childress last Friday afternoon to meet his aunt, Mrs. Stella Wells, who came by bus from Ada, Okla. She will visit for awhile at the home of her sister and husband, Mr. and Mrs. W. J. Carter.

FORMER PASTOR WRITES FROM MALAWI, AFRICA

(The Rev. Roy and Mrs. Davidson, who are serving as Southern Baptist Missionaries in Malawi, Africa, recently sent letters to friends here, telling of some of the work in that part of the world, and the editors of The Tribune feel that the letter would be of interest to readers and acquaintances everywhere so we are printing the letter. The editors appreciate the Davidsons and the work they are doing on the foreign field).

Dear Friends:

We wish we could sit down with you in a personal visit and share the things we have seen and felt these six months we have been in Malawi.

The African of Malawi is a trusting, happy, out-going person even though his living conditions are pitiful. There are over 4 million people in Malawi and only 153,000 are employed in any type of salaried job. Many of the people are plagued constantly with malaria and other tropic diseases, parasites, and diet deficiencies. The government provides medical care, but there are so few doctors and so little hospital space. The Malawian may have to wait in line a day or two to receive medical attention if he cannot afford a private doctor.

This has been a period of adjustment for us. We have found it somewhat difficult to keep a balance between a compassionate heart and at the same time become somewhat used to the misery and poverty around us. The physical and spiritual needs are tremendous and it is frustrating to know that you are only one couple and can do just a limited amount to meet

Just a Reminder that the Bank Community Room is available for parties and gatherings during the holidays

these needs. We are adjusting to seeing people sleep on the streets and in the doorway of buildings, to seeing children with bloated tummies and tiny, thin legs and arms, to seeing people urinate on the street, to being around filth and disease, to beggars coming to our home daily, to people clothed in rags, the odor of our Indian neighbors cooking on a fire of cow dung, etc. We are painfully struggling with the language—the same spoken 3,000 years ago. We find the pace of life much different. Sometimes we stand in line for an hour or longer just to get a check cashed

at the bank. We are learning to drink British tea and speak their language a cookie is a biscuit, a biscuit is a scone, a diaper is a nappy, a radio is a wireless, the hood of the car is a bonnet, the trunk is the boot, the horn the hooter, electric wire is flex, and tubes for the radio are valves and everything is a "jolly good show." We are trying hard learn to drive on the left side of the road instead of the right and dodge bicycles coming from all directions. We are beginning to miss some of the food stuffs that we enjoyed in the States. We are finding the weather this time of the year

dreadfully hot and the earth is parched. But all in all we are quite comfortable and content and very happy to be here in the Lord's work. There comes a satisfaction that is beyond description in the midst of problems, loneliness, and personal need.

(To be concluded next week)

 Mrs. B. E. Myers

CARD OF THANKS
 I want to say in my most humble way—"Thanks for every thing that was done for me while I was in the hospital—every card, letter, and prayer with their sweet messages. Especially do I want to say thanks for the lovely gift from my Sunday School class and the beautiful card from the church on Thanksgiving with the 40 names on it, saying 'we missed you today', and thanks for all the other gifts brought me." You will never know how much I enjoyed your visits. It is so good to be home and with friends. God bless all of you.
