## Flomot Pioneer Buried Saturday

Services for Wilburn B. Barton, 86, a resident of Motley County past 80 years, were conducted at 3 p. m. Saturday in the First Baptist Church at Matador.

Officiating was the Rev. Gene Hawkins, a former pastor of the Church and the Rev. Larry Heard. Burial was in East Mound Cemetery under the direction of Seigler Funeral Home.

Barton, the son of a Motley Co. pioneer ranching family, died at his home at Flomot early Friday morning.

Survivors include two sons, Clayton of Cameron, and France of Flomot; five daughters, Mrs. Wade Martin, Mrs. Crabill Jones and Mary Ellen Barton, all of Flomot, Mrs. W. E. Burlison of Floydada and Mrs. Clay Hart of Matador; a brother, Clayton of Bertram; five half-brothers, Charles, Johnny and Wilson, all of Flomot, Alfred Sr. of Matador and Dick of Oregon; three half-sisters, Mrs. Milda McCarty of Houston, Mrs. J. N. Scribner of San Diego, Calif., and Mrs. Pat King of Plainview; 16 grandchildren and 21 great-grandchildren.

Grandsons served as pallbearers.

## Minister and Wife Killed In Traffic Accident

Funeral services for the Rev. A. J. Williams, 65, and his wife, Mary Pearl Williams, 64, who were killed in a traffic accident Sunday 12 miles east of Shamrock, were held at 2 p. m. Wednesday from the Assembly of God Church in Erick, Oklahoma.

The Rev. Williams and his wife were in collision with another automobile about 12:30 p. m. Sunday on Interstate 40 east of Shamrock. The Williams were enroute to Shamrock from Erick where Rev. Williams taught a Sunday School class.

Rev. Isaac L. Snow, pastor of the Erick Assembly of God Church officiated at the funeral service. Burial will be at 10 a. m. Thursday at Sulphur, Okla. under direction of Richardson Funeral Home.

A retired Assembly of God minister, Rev. Williams was born April 12, 1902 in Luling, Texas. Mrs. Williams was born Dec. 5, 1903 in Checota, Okla. She was a resident of this community at one time. She and the Rev. Williams were married in 1923.

Survivors include two sons, Arlice, Jr. of Blunt, S. D. and Everett of Pasadena, Tex.; and five grandchildren. Rev. Williams is also survived by five sisters and two brothers. Mrs. Williams is also survived by two sisters, Mrs. Charlie Carpenter of Ruidoso, N. M. and Mrs. Geneva Williams of Sulphur, Okla., and two brothers, Clark and Oliver Payne, both of Sulphur, Okla.

The Rev. Williams held pastorates at Turkey, Cedar Hill, Littlefield, Shamrock, Clifton, Ariz., and Pierre, S. D.

## Sick Report —

Cowboy Tiffin, who has been very seriously ill in Methodist Hospital for almost three weeks, is reported to be improving every day, now.

Fred Davidson, son of Mrs. Estelle Davidson, underwent surgery on his knee at Northwest Texas Hospital in Amarillo Friday of last week. His mother, and his sister, Mrs. S. B. McCracken of Tulla, were at the hospital at the time of the surgery. His mother, and his brother and family, Mr. and Mrs. James Davidson and boys, visited him again Sunday.

### A TIME TO PAUSE—AND SAY "THANK YOU"

Our Pilgrim Forefathers conceived Thanksgiving as a day to stop and take stock of all the good things in life. They had, as we do today, a constant threat of upheaval. They, too were beset by problems—economic, political—big and small—but they found time, once each year, to thank God and thank each other for all the good things they enjoyed.

WE ARE thankful for the opportunity we have of being part of a thriving community and for you, our friends and customers, whom we are privileged to serve. We pledge our continued efforts to be worthy of your patronage.

The Merchants and shopkeepers of Quitaque will pause Thursday in the midst of a busy harvest season for a day of Thanksgiving for the many things with which they have been blessed—a loving Al-

mighty Father, from whom all good things come; a family with which to share our blessings; good health; a good harvest; more worldly goods than any other people in the world; good friends

with whom we share our blessings. The names of the merchants and friends who are sponsoring this greeting and who wish their friends and neighbors a happy Thanks-

giving, appear on the inside pages of The Tribune. May your Thanksgiving be a happy, safe and joyful day, spent safely with loved ones and friends.

## Service Held For Dale Dixon

Funeral services for Dale Dixon, 23, of Whiteflat, who died in a highway accident Wednesday of last week, were held at 2 p. m. last Friday in the First Baptist Church at Matador, of which he was a member. The Rev. Miller Robinson of Snyder officiated, and he was assisted by the Rev. Larry Heard, pastor.

Burial was in East Mound Cemetery at Matador under direction of Seigler Funeral Home.

David Dale Dixon was a native of Matador and attended the Matador schools. He died in a head-on collision of two pickup trucks about 3:45 p. m. Wednesday of last week. Injured in the other vehicle was Mrs. H. R. Jameson, also of the Whiteflat community.

Survivors include his wife, Jerry Faye; his parents, Mr. and Mrs. Marvin Dixon of Whiteflat; a brother, Spencer, of Lakeview; and grandparents, Mr. and Mrs. J. P. Whitefield of Lakeview.

## TRAINING RULES ANNOUNCED FOR LOCAL ATHLETES

Coach Travis Gilliland has announced the following rules for member of the basketball teams and said that the rules must be strictly adhered to by every squad member:

1. No member of the basketball teams shall be out past 9:00 on a week night. (Monday-Friday)
2. No member of the basketball teams shall be out past 12:00 on Friday night (if there is no game) and not later than 12:00 anytime on a Saturday.
3. No member of the basketball teams shall be out past 10:00 on Sunday night.
4. Every student who leaves the high school (with the team) on a school sponsored trip shall return in the same manner with the school bus or, if traveling in cars, in a car the coach assigns. In case of emergency or personal illness this shall be altered if the parent will sign a statement that the child is ill or that there is an emergency.
5. The basketball coach, and the coach alone, will be responsible for his team's training and discipline. It is very difficult to construct a winning basketball team and therefore it is essential that the coach be responsible for doing so. If help is required the proper people will be notified.
6. There are no exceptions to the above rules. If these rules are broken, the boy or girl will be dismissed from the team.

## Details of '68 Upland Cotton Program Told

Secretary of Agriculture Orville L. Freeman recently announced the provisions of the 1968 crop program for upland cotton.

The Secretary made the following statement:

"The 1968 program will be the third year of operation under the Food and Agriculture Act of 1965, which authorized a cotton program for four years. Basic objectives of the program were to:

1. Adjust supplies over the four years from an all-time high of 16.6 million bales to a more normal carryover of around 6.5 or 7 million bales.
2. Maintain and improve farm income.
3. Keep cotton competitive with other fibers and with cotton produced in other countries, and
4. Reduce government expenditures for the cotton program.

"Cotton has been kept competitive; farm income has been improved; and government expenditures have been materially reduced under the 1966 and 1967 programs. Because of high farm participation in the diversion programs offered for 1966 and 1967, and because of abnormal weather conditions and insect infestation, total supply adjustment expected over a four-year period has been accomplished in two years. Furthermore, because of abnormally small crops in 1966 and 1967 and an increased demand for the medium and longer staple cottons, the current supply contains a disproportionate share of the shorter staples. The 1968 program is, therefore, designed to increase production of cotton above the levels produced in 1966 and 1967 and to encourage production of a higher percentage of the medium and longer staples."

Secretary Freeman went on to say, "This decision has been made only after the broadest consultation ever held with all segments of the cotton industry. With this background of advice, cotton experts in the U. S. Department of Agriculture carefully analyzed the production response to different conditions that under law the Secretary of Agriculture is directed to consider. Personally, I have spent many hours in careful consultation and analysis within and

outside the DSEA. The estimates on which my decisions have been made, can, of course, be changed by uncontrollable outside forces, such as the weather. But barring unusual weather, it is my best judgment that a year from now we will at long last have cotton in supply and demand balance with adequate supplies of good quality cotton and good prospects for the future."

The principal changes from the 1967 program are: 1. The required diversion for farmers who wish to be cooperators in the acreage diversion program has been reduced from 12.5 percent to 5 percent of the regular allotment. The payment rate will be 10.76 cents per pound.

2. The payment rate for voluntary diversion (up to an additional 30 percent of the allotment) has been reduced to 6 cents per pound.

3. The rules for measuring cotton planted in a skip-row pattern have been changed to those rules used from 1962 through 1965.

Major program provisions which remain the same as for 1967 are:

1. The national average allotment remains unchanged.
2. A referendum will again be held by mail (Dec. 4-8) to determine if the program will be operative.
3. The national projected yield remains unchanged.
4. The domestic acreage allotment provisions remains unchanged.
5. The loan rate remains at 20.25 cents per pound for middling 1-inch cotton at average location.
6. The cotton diversion program is continued and is voluntary.
7. Price support payments will be made in 1967. (The rate at 12.24 cents per pound, however, will be higher).
8. Small farm provisions are continued.
9. Export market acreage remains the same.

**Details of the 1968 Program**  
1. Acreage Allotment: The national marketing quota will be 16,100,000 bales (standard bales of 500 pounds gross weight) and the national acreage allotment will be 16 million acres—the smallest

permitted under present law. In addition, a national acreage reserve of 200,000 acres will be available for the establishment of minimum farm allotments as provided by law.

The quota of 16,100,000 bales is the result of converting to bales the 16-million-acre national allotment on the basis of a four-year (1963-66) average yield of 483 pounds per acre as required by law.

The national acreage allotment of 16 million acres and the national reserve of 200,000 acres for 1968-crop upland cotton are apportioned to States according to provisions of law. This allotment with comparison of the total 1967-crop acreage allotted to Texas is:

Texas Allotment for 1968 will be 6,803,918, as compared with 6,841,084, the 1967-crop total acreage allotted to the state (including the national reserve). The state's 1968 share of the national reserve will be 36,042. The 1968 total allotment available for distribution to states is 6,839,960 acres.

The law provides that no State shall receive an allotment for upland cotton for 1968 which is less than the smaller of 4,000 acres or the highest acreage planted to cotton in the State in any of the years 1965, 1966 and 1967. The remainder of the national acreage allotment is apportioned among other States on the basis of acreages planted to cotton in the years 1962 through 1966, with adjustments in these acreages as required by law. The national reserve is apportioned to States as in 1967.

The 1968 upland cotton allotment for each state will be apportioned among counties and the county allotments among the farms according to provisions of the law and regulations issued by the Secretary of Agriculture.

2. Referendum: A marketing quota referendum will be held by mail during the period December 4 through 8. Notices of farm acreage allotments will be mailed to operators of cotton farms prior to the referendum.

If the marketing quotas for the 1968 upland cotton crop are disapproved by farmers, the allotment will be 16 million acres—(Continued On Page 3)

## QHS Teams Win 3 of 4

Quitaque's Fighting Panthers and Pantherettes again won three of four games played on Friday and Tuesday nights.

Last Friday night the two teams drove up to Lorenzo for a pair of games and split the games, the Panthers losing 76-86 in a game closer than the score indicated, and the Pantherettes winning 46-27.

In games here Tuesday night, the local teams slammed past the Owllettes and Owls from Silverton, the girls winning 62-40 and the boys winning 87-34.

Sherry Stark sparked the win at Lorenzo with a 22-point scoring output. Jackie Cheatham canned 10 points for runnerup honors with Barbara Chandler next with 8. Carol Myers made 4 points and Glennana Ramsey had 2 for the Pantherettes.

Fans who travelled to Lorenzo with the local teams were impressed with the play of the Panthers in that game.

The Quitaque boys have been a bit ragged most of the young season, but in that game the Panthers did themselves proud, leading the Lorenzo teams much of the game. The Lorenzo team has a big 6-8 center who is one of the better cagers seen on high school hardwoods in this area, a young fellow named Johnny Watson, who dumped in 37 points that night to lead all scorers. It fell to the lot of Roland Hamilton to guard this big boy, and Roland turned in a very sparkling performance, even blocking some of the shots of the boy at least 4 or five inches taller than he. The contest was decided in the final two minutes after Hamilton, Lyn Payne and Johnny Pointer had fouled out of the game.

Pablo Leal was hotter than the proverbial two dollar pistol, tallied 32 points to lead the Panthers. Lyn Payne notched 20 points; Roland Hamilton added 12 points and Jimmy and Johnny Pointer each made 6 points.

Carol Myers hit 13 of 14 free shots and added 7 field goals for

a 27 point total to lead the Pantherettes to an easy 62-40 win over the Silverton Owllettes here Tuesday night. Carol hit the first 11 free shots she attempted, missed one and then added the last two attempts. Sherry Stark and Jackie Cheatham each tallied 14 points and Barbara Chandler made 7 points. Glennana Ramsey and Beverly Rogers also saw action at forward but did not score.

Guards-Billie Cheatham, Jo Beth Merrell, Lynette Taylor, Kay Cochran, Pam Loudermilk and Neva Dale Morrison all saw action and held the Silverton forwards well in check. Owllette Ginger Martin scored 26 points, 14 of them being free tosses. The Owllette forwards only made 12 field goals during the game.

The Pantherettes are now 7-0 for the season.

The Panthers added their fourth win against two losses to their record Tuesday night as they won 87-34 over the Owls with every squad member being used by Coach Gilliland.

The Panthers are beginning to look pretty good most of the time and this team will continue to improve all season, more than likely. The Panthers play a fast all-over-the-court pressing game and this has been getting them into foul trouble. At the same time, however, it puts a lot of pressure on the opposition and if they are not in good condition, will run out of gas early in the game, and will also force mistakes.

Lyn Payne popped the nets for 22 points against the Owls, Jimmy Pointer 15, Stanley Price and Roland Hamilton 10 each, Pablo Leal 9, David Brunson 7, Johnny Pointer 6, Larry Farley 4, Perry Brunson 2 points. Jimmy Monk did not score, although he saw considerable action.

Friday night the teams go to Paducah and next Tuesday night drive to Avoca for what will more than likely be a stern test for both teams. Next weekend the teams will be playing in the Floydada tournament.

## O. R. STARK TO SPEAK AT HISTORICAL SOCIETY MEETING

O. R. Stark, Jr. will be the speaker at the monthly meeting of the Briscoe County Historical Society to be held on Thursday, November 30.

He is Executive Vice President of the First National Bank here in Quitaque, and is a graduate of Texas Tech with a BBA degree, with a major in Finance.

O. R. has received the award for the business man contributing the most to Soil Conservation for Area 1 (which comprises 51 counties in the Texas Panhandle) from the Soil Conservation Service, and has been speaker at the state meeting of Soil Conservation Supervisors at Lubbock, for Texas Agricultural Workers in Corpus Christi, and was speaker for the Farm and Ranch Credit School for Bankers at Texas A&M. He has been speaker at many banquets and school graduation exercises. He is active in church and civic work in Quitaque and Briscoe County. The public is invited to this meeting as always.

Mr. and Mrs. James Brunson were host and hostess for a fish fry on Monday night of last week. Present were Mr. and Mrs. H. E. Brunson of Hamilton, Kansas; Mr. and Mrs. D. E. Brunson and family, Mr. and Mrs. A. L. Morris, and the host and hostess and their family.

Mr. and Mrs. Charlie Gowin have moved back home after making their home at Tulla for several months.

## RELATIVE OF LOCAL RESIDENTS SERIOUSLY INJURED IN FOOTBALL GAME

Eddie Reed of St. Jo, Texas, 18-year old nephew of Mrs. Judson Watson, suffered a fractured spine in a football game between St. Jo High and Callisburg High on Friday, November 10. The youth was injured while making a tackle on a Callisburg ball carrier.

He was rushed to Baylor Hospital in Dallas where his condition was reported to be very serious. Doctors performed surgery on the lad, who is paralyzed from the neck down. Mrs. Watson said the doctors say it will be from 4 to 6 weeks before they can tell if he will improve.

He is in room 6021 in Baylor Hospital at Dallas and he would be happy to receive cards or letters.

Lt. and Mrs. Grady Lee Jacobs and two children arrived Monday night for a visit with his mother and grandmother, Mrs. Letha Mae Jacobs and Mrs. Lieu Cantrell. They visited with relatives in Arkansas as they were enroute here. Lt. Jacobs, who is stationed with the Air Force at Dayton, Ohio, is on a two week's leave.

They will visit her mother, Mrs. Ray Ferguson in Lubbock, also.

Mrs. G. H. Wagnon spent last week in Amarillo visiting at the home of her daughters, Mrs. Everett Womack and Mrs. Vernon Cobb and husband. Her daughters brought Mrs. Wagnon home Monday of this week.

Mrs. J. W. Ewing accompanied Mrs. Sid Bogan, Mrs. Gladys Wise and Mrs. Leon McCracken to Plainview on Wednesday of last week. Mrs. Ewing stayed in Plainview for a medical check-up and for a visit with Mrs. Bertha Gregg, Mrs. Ewing stayed until Sunday, Mrs. Gregg driving her home and spending the night. She returned to Plainview Monday morning.

Mr. and Mrs. Arthur Gregg of Amarillo visited Mrs. Ewing for awhile Monday morning as they were enroute home from a week's visit in Dallas with their daughter. The Greggs were dinner guests of Mr. and Mrs. Buddy Morris.

Mr. and Mrs. N. V. Hamilton

and Mr. and Mrs. E. J. Hamilton drove to Tulla on Friday night a week ago for a visit with Mr. and Mrs. Noman Hamilton and their granddaughter, Kay Lynn Rainer of Abilene. The Noman Hamiltons had made arrangements for a fish dinner and get-together at Kress. Mr. and Mrs. Keltz Garrison of Plainview and Mr. and Mrs. H. D. Vaughter of Amarillo joined the others for the dinner.

When the N. V. Hamiltons returned home they found their son and family, Mr. and Mrs. Robert Hamilton and children of Amarillo there waiting for them. They spent the weekend here with his parents.

Mr. and Mrs. G. O. Duke of Vashiti spent from Thursday noon until Sunday morning with her sister and her husband, Mr. and Mrs. J. W. Harvey. The Dukes and the Harveys drove to Amarillo Friday to visit Mr. and Mrs. Owen Duke. They spent the night and came back to Quitaque Saturday afternoon. The Dukes left for their home Sunday morning.

Mr. and Mrs. George McAlavey of Flomot spent Sunday with Mr. and Mrs. J. W. Harvey.

Mrs. David Setliff and Mrs. James Kimbell were in Groom Saturday for a medical checkup.

## BANK NOTES ..... by Malcolm

### DID YOU KNOW...

CONTINENTAL CURRENCY ISSUED IN THE EARLY DAYS OF THE REPUBLIC APPEARED IN MANY ODD DENOMINATIONS SUCH AS ONE-SIXTH OF A DOLLAR AND \$65.

AN ENGLISH BANKER ONCE CASHED WITHOUT QUESTION A CHECK WRITTEN ON THE STIFF FRONT OF A PRESS SHIRT. THE CHECK WAS MADE OUT TO A BROTHER-IN-LAW OF NEVILLE CHAMBERLAIN, ONCE PRIME MINISTER OF GREAT BRITAIN.

DURING WORLD WAR II, A SURPLUS OF NICKEL FORCED THE MINT TO USE A SILVER ALLOY IN ITS FIVE-CENT PIECES; THE INCREASE IN VALUE OF THESE NICKELS SINCE THEN HAS PUT THEM WORTH ABOUT SEVEN CENTS TODAY.

Leroy Nelson of Fort Worth and Mr. and Mrs. Ralph Carter were dinner guests Sunday of Mrs. W. E. Morrison.

Mr. and Mrs. Q. J. Barker of Amarillo spent the weekend here with her sister and husband, Mr. and Mrs. Johnny Brummett.

Mr. and Mrs. Edd Reed of Soap Lake, Wash. arrived Thursday of last week to visit his brother, I. F. Reed, and his family.

Lon McKay was dinner guest of his daughter, Mrs. Bill Lane, at Turkey last Thursday.

Sunday visitors at the home of

Mrs. Willie Lou Boyles were her granddaughter, Mrs. Matthew Austin and her daughter from Las Vegas, Nev.; Mrs. Jewell Mayfield of Lubbock; Mr. and Mrs. J. J. McCay of Amarillo; Mr. and Mrs. Tate Boyles, also of Amarillo; and Mrs. Dud Waters of Silverton.

Mrs. Sharon Monk and children and Mrs. Charlotte Rogers and children of Flomot visited Mrs. Lon McKay Monday.

Mrs. Bailey Hill of Silverton visited Mrs. W. W. Cain on Wednesday of last week.

Mrs. B. E. Myers and Carol, and Mrs. W. W. Cain were in Lockney Monday for medical attention. They also visited Mrs. Abbie Wixon and Mrs. H. K. Carpenter in the rest home there, then drove to Plainview and visited Mrs. Cecil Rice in the rest home there.

Ray Persons, Mr. and Mrs. Sid Bogan, Mr. and Mrs. J. T. Persons, Mrs. Sallie Seay, Mrs. Gladys Wise and Mary Ollie Persons were guests for a pre-Thanksgiving dinner Sunday at the home of Mr. and Mrs. E. E. Berry.

Mrs. George Owens and Sissy returned home Saturday after spending a week in Plainview short time Sunday afternoon be-

Wayne. Bill returned home from Veterans Hospital in Amarillo Tuesday of last week.

Mrs. Alpha Jean Murdock of Lockney and Mrs. Freda Carthel of Nazareth visited their father, John Reagan, last Thursday.

Mr. and Mrs. J. A. Mayfield attended the Football Banquet at Lockney Saturday night, and visited with their son and wife, Mr. and Mrs. Gene Mayfield, of Odessa. Gene was speaker at the banquet.

Mrs. Maie Whitaker of Wills Point visited her brother and his wife, Mr. and Mrs. P. John Monk, from Sunday until Tuesday of this week.

Mr. and Mrs. Willie Woods and Mr. and Mrs. Butch Baca and girls drove to Plainview Sunday to visit Mr. and Mrs. James Starkey.

Mr. and Mrs. Joel Wassom and children of Amarillo spent last Monday night with Mr. and Mrs. Bud Bailey and Janet. The Wassoms left their children with the grandparents and went to Lubbock for a visit. They returned Thursday, picked up their children and returned home to Amarillo.

Charlene Bailey was home from WTSU for the weekend and she, her mother, Mrs. Bud Bailey, and her sister, Janet, spent Saturday in Plainview visiting Mr. and Mrs. T. J. Reeves.

Some years ago there was a man whose business was tanning hides. One day he decided that if one could take an old, stiff, ugly, big-pored hide and turn it into a beautiful, small-pored soft piece of leather like a glove—then, somehow the same miracle could be wrought with human skin—particularly since there were living cells with which to work.

He experimented with his own skin, using in a modified form the things used in tanning hides. At 73 he had smooth, unblemished skin like that of a much younger man.

From this original discovery evolved MARY KAY COSMETICS. You, too, can enjoy this beauty secret. Let me show you that "No Woman Need Ever Look 40!"

Mrs. Buster Chadwick and Stephanie, Pam Fleming, Mrs. Joe David Payne, Jana and Lana were in Plainview Saturday.

Mrs. Ed House of Turkey visited Mrs. Gladys Wiley one day last week.

Mrs. Gaston Owens received a telephone call from her sister, Mrs. Bud McMinn, from Amarillo

Saturday afternoon. Mrs. Minn's son-in-law, Mr. Watkins was undergoing emergency surgery at that time because of adhesions from two operations about a year ago. Mrs. McMinn had just gone to her daughter's home on Thursday following hip surgery. The Gaston Owens visited both patients for a short time Sunday afternoon between church services. Both are doing as well as possible.

### DETAILS OF COTTON PROGRAM (Continued From Page 1)

ment program will remain in effect, but there will be no acreage diversion program and no price support payments. Price support loans, however, will be available at 50 percent of parity to cooperators who plant within their allotments as provided by law.

Marketing quotas are in effect for 1967-crop upland cotton. They were approved by 91.6 percent of growers voting in referendum conducted by mail during the period December 5 - 9, 1966.

3. Projected Yields: A projected national yield of 545 pounds per acre has been established for the 1968 crop. This yield is the same as for 1967.

The projected state yields are based on the 1962-66 harvested yields, adjusted for abnormal weather conditions, for trends, and for changes in production practices. The State projected yields average out to the national yield of 545 pounds.

The 1968 projected yield for Texas is 400 pounds.

4. Domestic Acreage Allotment: For the 1968 crop, the farm domestic acreage allotment has been set at 65 percent of the farm

acreage allotment, the minimum authorized by law. Farmers who sign up to participate in the program and who plant at least 90 percent of their farm's domestic acreage allotment, but not in excess of the permitted acreage for the farm, will be eligible for price support loans and for price support payments on the farm domestic allotment.

5. Loan Rate: Price support loans will be available to cooperators in the cotton acreage diversion program. The loan rates for individual qualities of cotton will be based on a national average loan rate of 20.25 cents per pound for middling 1-inch cotton at average location—the same loan rate as that now in effect for the 1967 crop.

The loan rate is established pursuant to provisions of law which provide that it shall not exceed a level which will reflect — for middling 1-inch upland cotton at average location in the United States — 90 percent of the estimated average world price for such cotton for the 1968-69 marketing year. The loan rate of 20.25 cents will continue "one-price" cotton and will make it possible for U. S. cotton to move in either domestic or export channels without the (Continued On Back Page)

### The Coffee Cloud

#### SOLVING A WEIGHTY PROBLEM

It's ironic that Americans—the busiest people in the world—are also the least active physically. Largely because Americans are inactive, over half the adults in the nation are overweight. And frequently busy overweight people try to save time and cut calories by skipping breakfast.

It doesn't work. A breakfast skipper will probably take in more calories for the whole day than the person who doesn't skip breakfast. In fact, nutritionists have found that there are more breakfast skippers among heavyweights than among those who weigh what they should.

Does skipping breakfast really save time? Probably not. Starting the day with a poor breakfast impairs the body's efficiency. Like any inefficient system it works harder, but gets less done.

But there is an easy way to solve the time, nutrition, and calorie riddle. It's a product called Metrecal Shake.

Mix a packet of Shake with eight ounces of cold milk and you have a quick, 225-calorie, nutritionally complete meal (you normally expect to consume about 600 calories to get a balanced meal with conventional breakfast foods.)

Now there's a brand new Shake flavor: Coffee. It's especially appropriate for breakfast, and lends itself to cool weather recipes. Here is a great Coffee Shake warmer. Its calorie count is computed with whole milk, but you can lower it even more by using skim or two percent (there are 158 calories in eight ounces of whole milk, and only 128 in two percent, and 77 in skim).

#### THE COFFEE CLOUD

Calories	Ingredients
67	1 Package Metrecal Coffee Shake
158	Eight Ounces Milk
50	2 Large Marshmallows

#### Directions:

1. Blend Metrecal Coffee Shake with the milk.
2. Cut the marshmallows into small pieces.
3. On low heat, warm the milk/Shake with the marshmallows. After mixture is heated, pour into blender and blend until frothy.
4. Serve hot in mug or coffee cup.

TOTAL CALORIES: 275—Whole milk  
144—Skim milk  
195—Two percent milk

need for either an equalization payment or an export payment.

6. Diversion Program: Participation in the cotton diversion program is voluntary. The farmer who wants to take part in the program and thus become a cooperator agrees to divert at least 5 percent of his effective cotton allotment into soil conserving uses. For this, he will be eligible to receive price support loans and payments and acreage diversion pay-

Pickles  
Peach Cobbler  
½ Pint Milk

ty committee determines was planted in an unworkmanlike manner solely for the purpose of qualifying for payment will not be approved.

The payment rate for required diversion will be 10.76 cents per pound and for additional diversion not to exceed 30 percent of the farm allotment the payment rate will be 6 cent per pound. These payments will be earned on the acreage diverted from cotton production and put to conserving uses. For 1967 the required diversion was 12.5 percent, the voluntary diversion not to exceed an additional 22.5%, and the payment rate was 10.78 cents.

Farmers will have the choice of diverting any acreage they wish between 5 percent and 35 percent of the farm's effective acreage allotment. The acreage diverted for payment may not exceed 35 percent of the acreage allotment. Unless farmers divert the acreage they sign up for they will not be eligible for full program benefits.

As during the 1967 cotton crop year, it will be necessary for farm-

ers both large and small to sign up, showing they intend to take part in the cotton program. The sign-up period will begin not later than February 5, and will close not later than March 15, 1968.

7. Small farms: Small farms under the program are those with a cotton allotment of not more than 10 acres, or on which the projected production is not more than 3,600 pounds. No acreage reduction is required on these farms to receive program benefits. However, small farms that do voluntarily divert up to 35% of their farm allotment will receive an additional diversion payment for such acreage at the rate applicable to voluntary diversion. Farms from which any acreage is released for reapportionment will not be eligible for small farm benefits.

8. Skip-Row Rules: The Department has given careful consideration to the rules in effect for 1966 and 1967 crop cotton planted skip - row patterns. On the basis of recommendations from most areas of the Cotton Belt em-

phasizing that a change in these rules will tend to aid farmers in producing more cotton in 1968, officials said the skip-row rules which were in effect for the 1965 crop will be reinstated and made applicable to the 1968 crop. In general, under the 1965 rules, only the land actually planted to cotton was counted as cotton land in determining compliance with program provisions.

9. Lease and Sale of Allotments: The final date for filing applications for the sale or lease of cotton allotments is January 2, 1968. Producers in 445 cotton-producing counties in the U. S. Have approved the transfer of allotments to farms outside the county. Allotments, however, cannot be transferred from one state to another.

10. Export Market Acreage: Under a formula in the law, an export acreage reserve of 250,000 acres is established—the same as for 1967. All cotton produced on farms participating in this part of the program must be exported. Price support will not be available for any of the cotton produ-

ced on a participating farm, or on any other farm in which the operator with export market acreage has a substantial or controlling interest.

For the 1967 cotton crop year, the applications were approved for about 75,000 acres of export mar-

ket acreage reserve. Forms for applying for export market acreage for 1968 are available in the county Agricultural Stabilization and Conservation Service offices of cotton producing counties. The closing date for filing applications is January 2, 1968.
