STATE PTA TO SPONSOR 13 SCHOLARSHIP GRANTS

grants totaling \$5,600 will be offered in 1968 by the Texas PTA in the association's continuing program to encourage summer study for career teachers, Mrs. L. L. Ledger, state president, has announced. Fourteen teachers will each receive a scholarship grant of \$400 for study next summer in a college or university of the teacher's choice, Mrs. Ledger said. Recipients will agree to take a minimum of six semester hours, and study must be in a field to improve the applicant's teaching proficiency. Recipients also will agree to teach in Texas the following year or repay the amount of the grant.

In 1967 twelve \$400 summer scholarship grants were sought by more than 500 applicants. The growth of the state PTA's endowment fund. principal source of funds for the program, has made possible an additional two grants this year. "It is our hope that the teachers, administrators, and school boards of Texas will take this tangible evidence of PTA's desire to cooperate for the benefit of Texas students," Mrs. Ledger said.

Any Texas teacher with at least three years' teaching experience in the state and who currently is teaching in a school with a local PTA in good standing with the Texas PTA and who is a memconsideration. Previous grant recipients, as well as members of the immediate families of the PTA State Board of Managers, the State Office Staff, and the Board of Trustees of the Endowment Fund, are ineligible.

Teachers may obtain grant application blanks by writing prior to March 1 to Scholarship Committee, Texas PTA, P. O. Box 2134, Austin. Texas 78767. Completed applications must be received at the

FLOMOT PIANO STUDENTS PRESENTED IN RECITAL

Six girls,, students of Mrs. Dan Kingston, were presented in piano recital Sunday afternoon at the school cafeteria.

Participating in the recital were Misses Lucy Reed, Anita Hunter, Frances Reed, Susan Hunter, Martha Reed all of Flomot; and Sherice Price from Turkey.

The theme of the program was 'Music Is Fun.' The guests were entertained with selections from France and Spain; with Western and folk tunes; classics, semiclassics, and hymns. Mrs. Leon Cloyd presented a vocal selection, 'Wonderful Words of Life," accompanied by Miss Anita Hunter. Refreshments of cookies and

orange sherbert were served the Mrs. Kingston reported that her students performed well, and as a token of her appreciation for the

hard work of her pupils, she pre-

Jackie Cheatham, who suffered a broken nose when she fell against the steps in the southeast corner of the gym, scored 20 points before she was forced to leave the game in the third period. Sherry Stark hit for 19 points beore fouling out in the fourth period. Barbara Chandler scored 8 points in the contest and Glenna Ramsey made 4.

Carol Myers also fouled out late in the game. The Quitaque forvards collected a total of 15 fouls in that game, while the guards drew only 5 fouls.

Cathy Wedge scored 29 points for the Turkettes while Case and Cotten each made 15 points.

Roland Hamilton hit for 32 points against the Turks for tops in that one. Other scoring was as follows: Leal, 18; Payne 17; Johnny Pointer 14; Jimmy Pointer 12; the Brunson brothers 4 each; Price, Loudermilk, Monk, and Farley, 2

Friday night one of the season's big games will be played here as Estelline comes to town. The Estelline Bearettes upset the Pantherettes at Estelline two weeks ago, the only blemish on the Pantherettes' record thus far this season and the Pantherettes intend to reverse that defeat. If they play as well against Estelline as they did in the Turkey and Fomot games the Quitaque team should win by a pretty good margin. It will be a good game to see. Fans are warned to be at the gym early if they want a seat. This is a big one but Quitaque fans believe they have teams that will win two games Friday night. Get 'm Pantherettes and Panthers!

Next Tuesday night the Quitaque teams go to Lakeview for two games, then Friday night of next week the round-robin portion of the schedule will be completed when Matador comes here. The following weekend the boys district tournament will be played at Matador on Thursday, Friday and Saturday, February 15, 16 and 17.

First, a look at 1967 hog prices. Average monthly prices received by Texas producers in 1967 varied only 4 to 5 cents in Texas. The United States commercial hog J. W. Wells, Junior Payne and slaughter in 1967 was about 10 perhonorees, Mrs. Charlie Starkey and were much lower over Texas. Average prices from January through April ranged around \$18.20. Then Saturday evening Mrs. Charlie a sharp increase came about and Starkey was again surprised when prices jumped to \$21.00 May thru her children came to wish her a August. In September and on thru

clined to a \$17.00 average. PRICES IN '68

Hog prices may very well average near, but under a year earlier in the first half of 1968. The 1967 fall pig crop was up a little and hogs will likely be fed to heavier weights in the first half of 1968.

The hog price level in the summer and fall of 1968, will depend largely on the size of the 1968 spring pig crop. As stated earlier, farmers have reported intentions o farrow 1 percent fewer sows. This remains to be seen.

1968 spring pig crop over that of 1967 probably would result in prices in the fall of 1968, averaging well below those received in the fall of

Elegance By Betty Barclay -

THE latest trend among gra-cious hostesses is to end a fine meal by serving espresso coffee. There's

now a new way to make esreally very easy—a combination of instant and regular brewed coffees does

the trick. Use decaffeinated coffees—you'll find that the flavor pleases all your guests, especially those who love strong coffee all day long but

prefer to go easy on the caffein.
Here's how you make that
easy Espresso-Type Coffee: dissolve 2 tablespoons of Instant
Sanka Coffee in 2 cups hot, just-

brewed regular Sanka Coffee. Serve to 6 in demitasse cups. If you're having a dessert that's on the rich side, serve the espresso in the traditional fash-ion—black with a twist of lemon, and sugar on the side. But if your entire meal has been substantial, serve a choice of fruit and cheese and make this spe-

Secretary Freeman pointed out that if production is kept in line with demand farmers can look forward to favorable livestock prices. If a production expansion occurs, a further substantial decline in livestock and livestock product prices is certain to occur.

It appears that when pork production goes up, down goes hog prices. When pork production goes down, up goes hog prices. Yes, it's an old custom and not likely to

Simple Steps For Sunday Suppers

Here's an idea for Sunday night suppers, when the whole family gathers around the TV, not hungry enough for a full meal, but ready for occasional nibbles. This menu features tempting and appetite-pleasing snacks that can be prepared ahead of time and kept ready on a buffet: tomato juice, individual bite-sized ham nibblers and freshly made popcorn. Everyone can help himself as soon as his stomach (or a commercial) reminds him it's time to eat. With the help of some electric aluminum utensils, everything can be reduced to four easy steps.

Step One allows Mom to prepare the deviled ham spread at her convenience earlier in the

Step Two is done after the last dishes from the noon meal are washed and dried. Set out: a warming tray that will keep the snacks warm; an automatic corn popper — the kind that promises the corn will be ready soon after the utensil is plug-ged in; glasses and napkins (no plates needed, everything's

Step Three happens ten min-utes before the movie begins. The spread is applied to the toasted and buttered bread rounds along with a variety of toppings and set out on the warming tray.

Step Four: Plug in the appliances and you're finished!
P.S. If you've already seen this week's Sunday night movie, you can plan the same supper and pull out some of your home movies. It's nice to spend a family evening together, and even nicer when you lighten the cook's chores

DEVILED HAM PICK-ME-UPS

2 cans (4-1/2 ounces each) deviled ham spread cup pickle relish, drained 16 toasted bread rounds, buttered

Cheese spread Chopped parsley Sliced olives

Combine deviled ham and pickle relish. Mix well. Spread about 2 tablespoons of mixture on each toast round. Garnish with cheese spread, chopped parsely and sliced olives. Place on aluminum electric warming tray. Makes 16 snacks.

Walk Extra Mile To Lose Weight

One way you can do it is to walk an extra mile every day.

The American Medical Asso-

ciation's home health book, Today's Health Guide, reports that a walk of just an extra mile per day for 36 days is a "simple, pleasant device for shedding an extra pound of fat." In a year this would mount up to about ten pounds. The extra mile means just that-a mile of walking in addition to the customary walking you now do each day.

Once regarded as a major fac-tor in losing weight, physical activity was later accorded less importance. It was realized that considerable effort was required to shed even one pound of extra tissue. Would-be reducers found comfort in some expert opinion that calories expended through exercise would be immediately replaced, due to an automatic increase in appetite. Fortunately for fitness as well

as for fatness, exercise has been restored to grace and enjoys respectability. Exercise helps expend calories; within the usual range of activity, it need not stimulate appetite excessively. The energy output required to offset a pound of fat is approximately 3,500 calo-ries, but the weight need not be

lost all at once.
Instead of the exhausting, often impossible, 36-mile hike within a span of hours, a walk of just one extra mile a day for 36 clays will get rid of that extra

atively slow, and the extra mile will-for most of us-help keep our weight down to a reasonable

Exercise also furthers physical, mental, psychological, and social fitness. It provides an outlet

for emotional tensions, promotes self-confidence, wholesome social activity, and good sportsmanship. It enhances the sense of general well-being that enables us to confront and master a reducing regi-

To be effective for both weight reduction and for general physical conditioning, exercise must be a regular part of your way of life, and not something that is overdone spasmodically.

So, if you want to lose ten pounds in the next year, just arrange to walk that extra mile FOR SALE

An Answer For The Anguished Cook

Q: Does a non-stick coating affect the cooking performance of a utensil?

A: While the non-stick qualities of various finishes applied for this purpose may vary slightly, none of them have any effect on the cooking qualiof the basic cookware. This is true regardless of the color of the finish as well. Exterior colors — whether pro-celainized, anodized or enameled - do not affect cooking performance, either,
