The Board of Trustees for the Quitaque School District met Monday in called session to re-organize and to elect school personnel for next school year.

Donnie Brunson was elected as President of the Board; Walter Taylor, Vice-President; and Jimmy Davidson was elected to serve as Secretary.

Several classes and individuals gave funds toward paying for the case and it is a real school project since no fund raising program was used.

All teachers were rehired with the exception of Phil Barfield, who asked that he not be rehired because he plans to attend college next year.

In addition to the teachers, all non-teacher personnel were rehired, such as bus drivers, lunchroom workers, and custodian.

QUITAQUE CITY COUNCIL

Sherry Stark

Sherry Stark, a junior, also had an outstanding year on the basketball court. Sherry is a fine all-around basketball player. She was selected all-tournament at Floydada; was all-district; and had an outstanding three-game series at Canyon and was picked all-regional.

Sherry is also an accomplished pianist.

Mr. and Mrs. Bob Eudy, and Chester Wayne Hamilton of Fort Worth visited their father, H. W. Hamilton in Lockney and with relatives in Quitaque over the weekend.

These Won Honors During School Year

Quite a number of Quitaque students won recognition and awards during the past year for which recognition has not been given in the

newspaper. It is hoped that none has been left out, but if that is the case, then notify The Tribune and that will be corrected. The greater

number of awards were earned in basketball tournaments, but there are other instances of class and student body favorites in the group.

Lynette Taylor

Lynette Taylor, a senior, has an outstanding career during her high school days. Among other achievements, Lynette was voted Miss QHS this year; she is the current Lions Sweetheart; she has played basketball four years, and has been a starter three years; Lynette was chosen as all-regional last year and again this year at Canyon. A very steady and dependable person on and off the basketball court.

Carol is presently FFA Sweetheart.

Johnny Pointer

Johnny Pointer, a junior, is the younger half of the Pointer brothers, both of whom were starters on the Panther team this year. Johnny is an all-out type of player who never slows down and keeping up or keeping away from Johnny takes a player that is well conditioned. Johnny was selected all-tournament at Floydada. He can always be depended upon by the coach to give a good effort.

Mrs. Joe Woodruff is visiting her daughter and family, Mr. and Mrs. Bud McKay and Russell, and her sister and husband, Mr. and Mrs. John Hedrick in Amarillo this week.

Mrs. H. J. Bailey of Amarillo spent from Thursday until Saturday of last week at the home of her son and family, Mr. and Mrs. Bud Bailey and Janet. The Bud Baileys took her back to Amarillo Saturday and visited his sister and her family, the H. B. Pinkards.

Lyn Payne

Lyn Payne, a junior in QHS, is a three year letterman and has started the past two years, is another of the jumping jack, go-for-broke type of players who gives 100 percent all the times he is in a ball game, and also was chosen all-tournament everywhere he played the past season: at Floydada, at the Wellington tournament; selected all-district and all-regional, and the only Panther selected all-regional team. Lyn outjumps boys several inches taller than he.

Jimmy Monk was presented the Chapter Farmer Award.

Among the dignitaries he has met in his travels, is included the Vice President of the United States, Mr. Hubert H. Humphrey.

The speaker was introduced to the gathering by Jerry Merrell, who met him last year as they were both enroute to Washington, D. C.

Eddy Curry had charge of the closing ceremonies.

Roland Hamilton

Roland Hamilton, the "tall" Panther, and a junior, is a three-year letterman, has started the past two years. Roland may be one of the area's outstanding basketball players next season.

He was named to the all-district team this past season.

occasion. Supt. Herman Moseley reported that the new trophy case would be completed within the next few days.

The new case will be placed on the wall facing the front entrance of the high school building.

The new trophy case will be used to house only trophies won at district, bi-district, region and at the state tournaments. The school has enough of these trophies on hand to fill the new addition.

JUNE WEDDING PLANNED

JEHOVAH'S WITNESSES TO GATHER FOR SPECIAL OCCASION FRIDAY NIGHT
The Quitaque Congregation of Jehovah's Witnesses is making arrangements so that all who regularly associate with the group in Quitaque and other interested persons can gather for a special occasion, Friday, April 12, at 8 p. m., in the Kingdom Hall, 1st and Jago. The anniversary of the death of the Founder of Christianity will be

celebrated by the witnesses in 197 lands, which they believe is the anniversary of the death of Jesus Christ, beginning at sundown on Friday, April 12. According to V. D. Tiffin, presiding minister of the local congregation, "This is in harmony with Jesus' instructions to his disciples while he was still on earth, so those who are heirs of the heavenly kingdom will partake of the emblematic bread and wine on that occasion at the Kingdom Hall," he said. "In addition, all who look forward to life under that kingdom

are urged to be present to observe this Scriptural commemoration." Describing the calendar factor for their observation date, Tiffin said that April 12 is the equivalent of the fourteenth day of the first month of the Bible's sacred calendar known as Nisan. "This year that day begins at sundown on Friday, April 12."

Local arrangements include a discourse to be given by Mr. Tiffin who will explain the occasion referring to the night Jesus commanded his followers to hold the sacred evening meal or supper that he set up, to remind them each year of how he laid down his earthly body and shed his blood for mankind.

In obedience to this Jehovah's Witnesses in Quitaque have arranged to hold a fitting celebration beginning at 8 p. m., according to Tiffin.

Questions about the event will be answered, Tiffin said, to include a discussion of whether or not Jesus partook of the bread and wine when he instituted the Lord's evening meal.

Persons interested in attending are invited to attend free of charge.

YOUR CORRAL SYSTEM

Is your cattle working day interrupted by corral fix-up? Fence mending at this time can be a poor investment of your time and money.

Several new plans for corrals, gates, chutes and allied facilities are available from your County Extension offices.

Saving time and labor, and the reduction of injury to stockmen and animals are the important rea-

sons for having adequate working pens.

Make plans now to build a corral system to suit your special needs. Spring is a good time to complete the construction and you will be ready for working cattle prior to pasture movement or sale.

Included in the county agent's Catalog of Building and Equipment

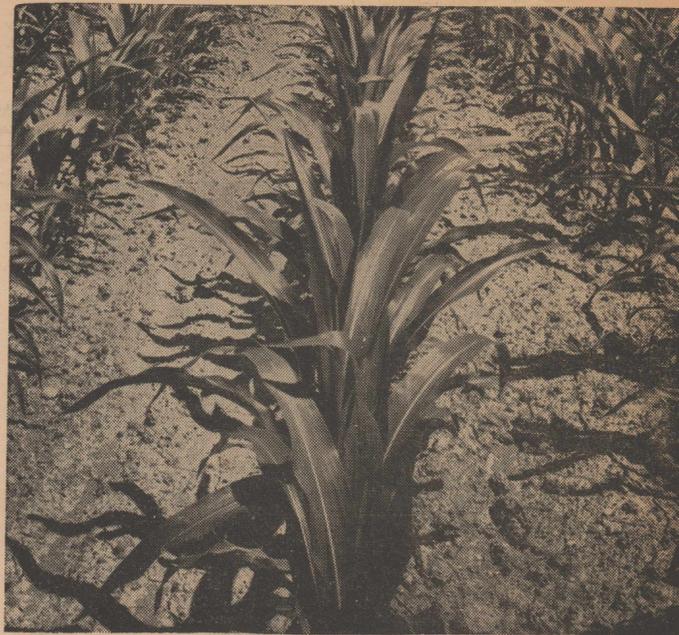

Plans are plans and descriptions of facilities for loading, sorting, confining, and weighing animals.

Chances are good that a plan is available that will fit your operations.

Drawings for gates, gate latches, hinges, working chutes, and loading

chutes are featured in plan number 5959 and plan 5996, a two pen unit, especially adapted for smaller operators.

Stockmen may call at the local extension office for a copy of the catalog and assistance in planning a corral system.

NEW! For clean Sorghum... spray weeds when you see them! with BANVEL

Velsicol announces Banvel herbicide for control of all hard-to-kill weeds of major importance in grain sorghum. This includes carelessweed (pigweed), sunflower, lambs-quarter, purslane, morning glory and other annual broadleaf weeds. Banvel herbicide is applied post-emergence, so there are no wasted sprays in years when rain is scarce and weeds are not a problem. With Banvel you see your weed problem and then spray—all in plenty of time to give young sorghum plants plenty of opportunity to grow.

Banvel is sprayed onto weed leaves and translocates to the roots... for new, total control of weeds. Just apply Banvel between the 10th and 25th day after emergence of grain sorghum (approximately 4 to 12 inches tall).

Banvel is not dependent on soil moisture for its effectiveness, so its results are dependable. And it's a liquid that won't clog your sprayers; nor does Banvel need constant agitation.

Banvel increases yields. It's excellent for use on grain sorghum, wheat, barley, oats and field corn. Order Banvel herbicide to get full potential from your valuable, high-yielding sorghum seed.

See your dealer today. You'll be glad you did!
