DR. ELMER V. KREHBIEL

Beef Production Short Course to be Held at Valley School Soon

A beef production short course for adult farmers will be held September 20 under the sponsorship of the Valley High School Vocational Agriculture Department according to Superintendent Wilburn Leeper and Vocational Agriculture Teacher Jay Eudy.

Dr. Elmer V. Krehbiel, Beef Production Specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Animal Science at Texas A&M University, will be the instructor for the course. He is headquartered at Texas A&M University.

Dr. Krehbiel is a native of Oklahoma. As a farm boy and FFA member, he had shown livestock and won many awards, including championships at the Southwestern Livestock Exposition in Fort Worth and at the American Royal Livestock Show in Kansas City.

He has a strong background in animal production and genetics. He received a B.S. degree from Oklahoma State University in 1950 an M.S. degree from the University of Arkansas in 1959 and a Ph.D. degree from Virginia Polytechnic Institute in 1966. His graduate studies were based on selection for type and reproduction performance of cow herds.

Between periods of formal training, Dr. Krehbiel worked with the beef cattle industry as artificial insemination technician, beef cattle herdsman and ranch manager in Oklahoma. He also served as beef cattle research assistant in Arkansas, and animal geneticist for the USDA at Miles City, Montana. For the past two years prior to joining the Agricultural Education Specialist Program, he served as Area Livestock Extension Agent in Ohio.

The short course at Valley School is scheduled to begin Monday at 7:30 p.m. in the Vocational Agriculture Building. Other meetings in the series of four will be held Tuesday, Wednesday and Thursday. During the dates the short course is in progress, Dr. Krehbiel will be available to assist cattlemen with individual problems and to provide on-the-farm instruction, according to Eudy.

Cattlemen interested in attending the short course should write

Al Ramsey Delivers First Load of Grain To Quitaque Elevator

JOE DAVIS RECEIVES SCHOLARSHIP AWARD

Joe Davis of Turkey is recipient of a \$125.00 scholarship in engineering-electrical technology presented by South Plains Chapter of the American Petroleum Institute. He is one of six young men enrolled at South Plains College to receive this scholarship this fall.

or call the superintendent of schools, Mr. Leeper, or the teacher of vocational agriculture, Mr. Eudy. An entry fee of \$5.00 will be charged.

Beef Production Short Course certificates will be presented to each cattleman who attends all the training sessions.

Dr. Krehbiel states that the field of beef cattle production must take a close look at efficiency of production in the future. With land prices, feed and taxes rising, the producer is meeting more and more competition for the consumer's dollar at the meat counter.

From the economic view of the beef cattle business, there is every indication that in comparing the producer of yesterday and the producer of tomorrow, beef must be produced more efficiently in order to be a profit-making business. Dr. Krehbiel indicates that the beef production short course will deal with methods of producing beef at a lower cost and the ways of producing the kind of beef that the homemaker wants to buy. He also states that the course will include such important topics as cattle reproduction and pregnancy diagnosis, selecting bulls and replacement heifers, half crop percentages, and supplemental winter feeding. The course can be changed to meet the wishes and interests of the farmers and ranchers enrolled.

"Short courses in beef production, as well as in other areas, are now available to farmers throughout the state under the cooperative program between Texas Education Agency and Texas A&M University," states Bob Jaska, associate professor, Department of Agricultural Education at Texas A&M University, who coordinates the program for Texas A&M.

"This cooperative program," states Jaska, "is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people."

Specialists are now available in the fields of beef production, farm electrical wiring and safety, farm electric motors, arc welding, swine production, tractor maintenance, pasture, and oxy-acetylene welding.

OBSERVE WEEK OF PRAYER

The Baptist Women of First Baptist Church in Quitaque met Tuesday morning for the Mary Hill Davis State Missions Week of Prayer program.

Those participating on the program were Cora Gragson, Maxine Roberson, Lila Ramsey, Lolla Belle Harmon, Lockwood McCracken, Lillian White, Austella Brown and Dorothy Johnson.

Luncheon was served to twenty-one members and guests after the program.

The next Baptist Women meeting will be held Monday, September 27, at 2:30 in the church fellowship hall. All women of the community are invited.

The Valley Patriots drove up to Claude last Friday evening to take on the Claude Mustangs, who the week before had upset the top-rated Class B team in the state, the Groom Tigers. Some "experts" had said that Claude would field a team this season that was going to fool a lot of people, and it's beginning to appear that the experts are going to be correct.

Patriot Coach Rick Dill had warned his players and the fans that Claude was going to be tough, especially in the passing department. When the final gun sounded at Claude last Friday night the Mustangs had stampeded past the Patriots to the tune of 34-7. Most of

the damage by the Mustangs came as a result of a strong passing game.

The Patriots had the better of the Mustangs in the early going. Valley stopped the Mustangs during the first period, turning the Claude team back from paydirt and striking for a 7-0 lead midway of the first quarter when quarterback Ron Eudy hit Kenny Chandler for a 23-yard aerial shot in the end zone, and then Eudy kicked the extra point. Earlier in the scoring drive soph Darrell Dowd almost broke for a TD run and was pulled down from behind after Darrell had picked up 31 yards on the run. He also came within a whisker of breaking it again and caught a pass. The Memphis radio station, who carries the games on tape on Saturdays, selected Darrell as the outstanding man on offense for the Patriots.

The Mustangs did not score until the second quarter but tallied three times during the second quarter to lead 20-7 at halftime.

The third period was pretty even although the Mustangs managed to get on the scoreboard once in the third and again in the fourth quarter. The Patriots threatened in the third quarter but could never get across into paydirt.

Five or six of the Patriots were ailing a bit for the game and were not up to full strength and since most of them play both offense and defense, they were very tired at the last.

Friday night Patriot fans will get to see the team in action at home for the first time this season as they host the Anton Bulldogs, another tough foe for just last week the Bulldogs upset the South Plains' top rated Class B team, the Sudan Hornets.

Coach Rick Dill reports that Anton probably will be just about as tough as Claude and will be bigger than Claude so the Patriots are going to have their hands full and the coach is hoping that everyone will be well and in top shape for Friday night's game.

It is hoped that a full house of fans will be on hand to help the Patriots get back on the winning side of the ledger. Your presence will help.

Last Thursday night the Junior High and the Junior Varsity drove down to Spur for a pair of games and the Junior High boys wallowed the Spur boys 28-8. Mike Dowd scored four touchdowns to lead his teammates to a fine victory.

The Valley JV lost a narrow 6-0 decision to the Spur JV. The Valley boys almost scored a TD that would have assured a tie, but could not quite push it across.

The Turkey Lions Club held its regular meeting Tuesday, September 13 at the Big "T" Restaurant. The meeting was opened by Boss Lion Melvin Clinton and the invocation was given by Lion Lewis Hunter. Boss Lion Clinton won the Pot of Gold. He then turned the program over to Dr. W. D. Maxwell who gave a very impressive slide presentation explaining the Swine Flu immunization campaign.

Dr. Maxwell explained that there was an outbreak of Swine or "Spanish" flu in 1918 and there could be another one in 1977. There has been an outbreak of Swine Flu already where several hundred recruits from Fort Dix, New Jersey, have contacted the disease. He explained that all people 18 years and older should get the vaccination. He also explained that there could be a possible risk and it would be only 70 to 90% effective. The mass flu immunization campaign will, of course, be a voluntary participation campaign. But State Health officials emphasize that to prevent an epidemic, it is necessary that practically all of the people be vaccinated.

Lion Keith Green announced that District Governor Jimmie Piggman will be at Turkey December 18 for the club's annual Ladies' Night and Christmas Party. The meeting was then closed by Boss Lion Melvin Clinton.

Visitors in the home of Mr. and Mrs. J. W. Kimbell over the weekend were Mr. and Mrs. Bobby Brunson of Edmonson and Mr. and Mrs. J. C. Mabry, jr., Cindy and Jeff of Tulia.

Funeral services for LeJune Field Turner, 53, were held Saturday at 10 a.m. in Calvary Baptist Church with the Rev. Joe Gilmore, pastor, officiating. Burial was in the Northlawn Memorial Gardens in Dumas by Morrison Funeral Directors.

Mr. Turner died Thursday. He was born in Flomot and had lived in Dumas for the past 11 years. He was a World War II veteran and a farmer and rancher. Survivors include his widow, Vera; one son, Butch, of Dumas; one daughter, Mrs. Vernon Edwards of Amarillo; his mother, Mrs. Estelle Turner of Amarillo; three brothers, Malcolm of Flomot, Riley of Lubbock and Ben of Saudi, Arabia; four sisters, Mrs. L. G. Bwn of Canyon, Mrs. Glen Earthman of Blacksburg, Virginia, Mrs. John Bradford of Dallas and Mrs. Bill Grinland of Lake Meredith; and two grandsons.

New Solid Waste Site For Turkey To Open Saturday

The new landfill solid waste site (dump ground) for the Turkey residents will begin operations on Saturday, September 18 at 8:00 a.m. The site will be open from 8:00 until 12:00 noon on Saturdays only. Trash may be hauled by Robert Martin or may be carried to the new site if Mr. Martin is there. No dumping will be allowed unless an attendant is present.

No trees, refrigerators, hot water heaters or other large items will be allowed in the area. The trash should be burned prior to hauling to the area. All dumping will have to be done in a specified place as directed by the attendant.

The State Health Department has warned the city officials that any person dumping trash other than in the approved area will be fined \$250.00.

Your cooperation is requested in helping keep this area presentable.

Mayor, City of Turkey

VALLEY BOOSTERS MEET

Valley Booster Club welcomed nine Valley Patriots representing the Junior Class as guests at their weekly meeting. Coach Rick Dill introduced the guests and commented on their efforts in the past games. The Patriots lost 34-7 to the Claude Mustangs. Coach Dill commented the Claude game was a learning experience for the young Patriots. He also reported that the Patriots would meet another tough team this Friday, the Anton Antelopes, in their first home game of the season. Darrell Dowd was Radio KBGH player of the week for his play in the Claude game. All Patriot games are being broadcast over KBGH each Saturday, usually around 1:00 or 1:30 p.m. So tune in 1130 on your radio dial for a replay of all Valley Patriot games.

There will be a Pep Rally this Friday and every Friday afternoon at 3:15 p.m. in the Valley Gym. Go out and help push the Patriots on.

Coach Robert Phelps reported on the fine effort of Junior High and Junior Varsity teams at Spur last Thursday evening. These two groups are a hustling bunch. Come out and cheer them on.

The Patriots need our maximum support, so come out this Friday night and boost them in their first home game.

GO PATRIOTS.

Then after we arrived home from church, Emily Margaret prepared a pretty beef roast and did we eat? It was delicious. Then about 4:30 that afternoon, after a lot of the delicious roast had been eaten, four others arrived, from California. It was the youngest of the Bogan children, William Richard (Lit) and his wife, Norma, and their youngest of five children, Bonnie Lyn, and Kim

Several projects were reported on at a regular meeting of We the Women Monday.

The city has provided trash barrels for the city and the City Park and several women have volunteered to paint them in bright colors and different designs. Kathy and Weldon Purcell are donating the paint and Kathy will head up this project. This will help in keeping our park and city clean and attractive.

A new fireplace screen, silver punch bowl with 12 matching cups and a beautiful tablecloth have been purchased for We the Women by Roye Pigg and Ruby Cushmanberry at the Dallas Market. These items will be in soon and will be for use in the Community Building for showers, receptions and gatherings in the community.

Birthday calendars are in and are on sale at the drug store, West Texas Utilities and Lolla Belle's Beauty Shop. They sell for \$2.50 and an effort was made to have every person's birthday and anniversary on the calendar.

We the Women are planning a Bazaar to be in November and will need handmade items to be sold with profits again going for needs at the Community Center. Response was good at a similar Bazaar last year and people are looking forward to hand-crafted items to be available for Christmas and the holidays.

There is good response from the local women in these projects and support is needed from every woman to make Quitaque all it could be. Mark your calendars now for 5:00 o'clock on the first Monday of each month—and come to the meetings for "We the Women."

PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOV. 2, 1976

NUMBER ONE ON THE BALLOT (S.J.R. 49)

Repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution, S.J.R. 49 amends Section 49-c of Article III of the Texas Constitution to provide for and authorize an additional \$400 million in Texas water development bonds that may be issued on approval of two-thirds of the members of each house of the Legislature for such water development purposes as the Legislature may prescribe.

The amendment contains a specific prohibition against the use of state funds for the development of water resources from the Mississippi River and also requires that before any single water development project may be undertaken requiring the expenditure of more than \$35 million in bond proceeds, it must be approved by resolution of the Legislature.

The amendment removes the constitutional requirement that certain revenues must be used to retire water development and water quality enhancement bonds and removes the constitutional interest rate limit on such bonds.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing an increase of \$400 million in the amount of Texas Water Development Bonds that may be issued on approval of two-thirds of the legislature; amending and consolidating provisions of Sections 49-c, 49-d and 49-d-1 of Article III of the Texas Constitution; and repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution."

VISION IN CHRIST

The noted astronomer, Dr. David Rittenhouse, has found the distance in space so great that if one strand of silk is placed across the lens of a telescope it will appear to be larger in diameter than a star. In fact, a silk fiber, however small, could actually conceal so much of the heavens that it would obstruct a whole galaxy of stars.

There are times when a very small self-gratification, a very little love of pleasure, a very small thread may hide the light of God's Word. Like the little boy who held the penny near his eye and said, "O Mother, it is bigger than the room!" drew it still nearer exclaiming, "O Mother, it is bigger than all outdoors!" so the world's small pleasures can at times become greater in our minds than God and Christ, judgment and eternity. In the same manner as the veil hid Moses' glory, some small possession which will perish with the using, can veil the great and matchless glory of the gift of our Savior.

Let us this day take care to preserve the true vision of our triumphant Lord.

The Bible says: "He is the image of the invisible God; . . . He is before all things, and in him all things hold together." Col. 1:15, 17

Have a nice forever.
