Vet Hits Pay Dirt-\$40,000

It was just such a World War Two veteran as those shown above who took \$40,000 worth of tungsten out of a Mojave Desert claim in one week recently, according to an article in the July issue of Cosmopolitan magazine. Where the old-time prospector, crudely equipped, sought only gold, his present day counterpart seeks molybdenum, titanium, tungsten, beryllium, chromite and a dozen other valuable metals, and he does it many times with the aid of a small plane and aerial man as shown above. aerial map as shown above.

Muleshoe Recreation Program Is **Reaching More and More Youngsters**

BEAN HARVEST TO

Bean growers immediately around Muleshoe have planted nearly one hundred acres more to the crop this year, than they devoted to it last year, Carl Care of the firm estimated this week.

Mr. Case said the crop is well advanced and looks very good at this time. Prospects are that a few beans will be canned at his plant in Muleshoe next week, which is early for beans to mature here. The Muleshoe Canning Company

has 342 acres under contract this year, Mr. Case said. Three hundred acres of the crop

is said to be in "excellent" condition while the rest of the acreage is in fair Indications are that there will be sufficient number of pickers for

this season's harvest. A number of persons are needed to sether beans while still more are needed to help process them at the carring factory. The bean crop annually brings in considerable amount of money to the growers of the area, as well as

Federal Aid Granted Muleshoe Airport

Sees Lessening **Wheat Demand**

"Foreign demand for American grain may sag unexpectedly low this year, states the Southwestern Edition of The Wall Street Journal for June 29.

"Europe's harvests start rolling in about four weeks. Latest advices confirm earlier indications that all crops are in exceptionally good condition. The continent (excluding) Russia is expected to produce at least two billion bushels of wheat and rye this year. Some grain men think the total will be 100 million bushels higher than that. A 2.1 billion bushel harvest would be more than twenty-five per cent above demonstration club met Wednesday, last year's production and only normal," quotes the journal.

"This year we shipped overseas main in the class 2 category w nearly five hundred million bushels of wheat but unless we just plain give it away they probably won't want over the 300 million the next 12 months," comments Keats E. Soder, director of the Texas-Oklahoma Wheat Improvement Program.

"These are big figures and a long ways from here, but it means cash in or out of the pockets of a lot of millers to eliminate undesirable varieties of wheats from their mixes and in fact to import strong gluten wheats from other states. This means the only major Chiefkan and Blackhull outlets remaining are overseas. Now that our exports will be cut drastically as reported in the Wall Street Journal, Chiefkan growers should stand ready to be discounted heavily by next harvest, if not before," concludes Mr. Soder.

"We will have a list of certified wheat growers available soon for all farmers who want new, pure seed," said County Agent J. K. Adams.

LEGAL NOTICE

IN THE MATTER OF THE ESTATE OF R. L. BROWN, DECEASED. IN THE COUNTY COURT OF BAILEY COUNTY, TEXAS. STATE OF TEXAS,

COUNTY OF BAILEY TO THOSE INDEBTED TO OR HOLDING CLAIMS AGAINST THE ESTATE OF R. L. BROWN, DE-CEASED:

The undersigned, having been duly qualified Independent Executor of the Estate of R. L. Brown, Deceased, late of Bailey County, Texas, by the Judge of the County Court of said County, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to him within the time prescribed by law, at his office, 824 Lubbock National Bank

Building, Lubbock, Lubbock County, Texas, where he receives his mail this the 1st. day of July, A. D. 1948. L. A. HOWARD, Independent Executor of the Es tate of R. L. Brown, Deceased.

CARD OF THANKS

We wish to express our heaartfelt thanks to our friends and neighbors for their words of sympathy, deeds of kindness and for the beautiful flowers during the illness and at the death of our loved one, Mr. C. L. Marlow. May God bless each of you.

> Mrs. C. L. Marlow. Mr. and Mrs. T. C. Marlow. O. W. Marlow and family. Fred Marlow and family. Charlie Marlow and family. Royce Marlow and family. John Rogers and family. Loyd Spies and family.

A. This cut is taken from the fore shank of beef. It contains consid-erable connective tissue, varying amounts of lean, and the round leg

Q. How should this cut be prepared? A. Cross-cut beef shanks are always cooked in the presence of moisture. either by braising with a small amount of liquid or in liquid to cover. As a result they are tender and flavorful, and considered among the finest eating by those who respect simple, hearty fare. They are cooked as individual pot-roasts, either in small casseroles or in a single large small casseroles or in a single large casserole, and are an unusual variation on favorite larger pot-roasts. The shanks are usually floured and browned in 2 to 3 tablespoons of fat. They are then cooked slowly in the presence of a small amount of liquid until tender, or cooked in liquid to cover in a covered container. The resulting drippings and juices may be thickened to serve as a delicious gravy with the meat.

A REPORT TO OUR CUSTOMERS . . .

RE DOING TO INCREASE OUR GAS PIPE LINE CAPACITY

TWO NEW SOURCES OF SUPPLY

We have signed an agreement with El Paso Natural Gas Company to purchase gas from that company at two points. Barring unforeseen contingencies, this gas, which will benefit all towns on our system, will be available by November 1,

Thus, by next winter, we will be receiving natural gas from FIVE sources, as follows:

1. From Panhandle Gas Field, through our own transmis-

2. From El Paso Natural Gas Company line at point of Intersection with our fine near Hereford.

3. From El Paso Natural Gas Company line at point of Intersection with our line near Amherst.

mourage of supply.

NEW FACILITIES TO BE **INSTALLED ON PIPE** LINE SYSTEM

Here are the new facilities expected to be Installed before next winter, with estimated month of completion:

1. Near Turkey Creek Compressor Station will be installed a 300 hp. booster compressor. (September.) Main plant is 2350 hp.

2. At McSpadden Compressor Station: three more 400 hp. compressors, increasing capacity to 2850 hp. (July.)

3. At Plainview Compressor Station: one more 300 hp. compressor, increasing capacity to 2400 hp. (December.)

4. At Littlefield Compressor Station: one 80

hp. compressor, to increase capacity to 330 hp. (August.)

5. Between Littlefield Compressor Station and Whitharral: nine miles of 6%-inch pipe will replace 31/2-inch pipe. (4.4 miles, June: remainder when pipe now on order is received.)

6. From Littlefield to point of intersection. with new El Paso Natural Gas Company line: ten and one-half miles of 8%-inch pipe will replace 41/2-inch pipe. (Pipe expected in July: will be installed soon as received.)

7. At Tahoka Compressor Station: one mare 300 hp. compressor, to increase capacity

to 780 hp. (September.)

Between Takoke and Brownfield: K

Miss Myra Bigony and William J. Pierson Exchange Vows In Lubbock Ceremony

The marriage of Miss Myra Bigony and William J. Pierson was solemnized Friday night at 8 o'clock at St. John's Methodist Church, Lubbock, with Rev. Hubert Bratcher perform. ing a double ring ceremony before an altar of pink gladioli, greenery and tapers burning in candelabra. The bride is the daughter of Mr. and Mrs. D. F. Bigony of Big Spring and Mr. Pierson is the son of Mr. and Mrs. F. B. Pierson of Muleshoe.

As a musical prelude, Bob Scoggin, organist, offered "Evening Star" "O Promise Me," and "Ah Sweet Mystery of Life." Miss Jennye Ruth Hooper of Abilene sang "At Dawning" (Cadman) and "Because" (D' Hardelot), accompanied by the organist who also offered Grieg's "I Love Thee" as vows were repeated.

Given in marriage by her father, the bride wore a gown of white slipper satin styled with a fitted bodice and a square yoke of marquisette outlined with a band of seed pearls and lace. Tiny self covered buttons decorated the bodice in the back and fastened her long sleeves which tapered into point over the hands. Her full skirt extended into a court length train and her two-tiered chapel length veil of illusion, trimmd in tiny bows of white satin, fell from a lace coronet adorned with seed pearls and rhinestones. Her orchid bouquet showered with lilies of the valley was arranged on a white Bible, traditionally carried by members of Kappa Phi social club of McMurry college.

Miss Frances Bigony of Big Spring, sister of the bride, was maid of honor and Mrs. H. T. Edwards of Muleshoe, sister of the bridegroom, and Mrs. Wm. O. Spradling, sister of the bride, were bridesmatrons. Their identical dresses were fashioned with in life." fitted bodices, cap sleeves and tunics | The sewing demonstrators which extended into short trains. six garments made, Some vegetables They wore mitts of net and half are large enough to eat from the hats with shoulder length veils.

The maid of honor wore rose report. crepe and carried a bouquet of blue carnations in modern cascade design. Mrs. Edwards was dressed in sky blue with yellow carnations and Mrs. Spradling was dressed in pastel yellow with rose carnations.

low with rose carnations. Davy Jean Anderson of Muleshoe, cousin of the bridegroom and flower girl, wore ice blue net over taffeta designed with tiered skirt. She wore matching mitts and a halo of flowers. Miss Mary Ella Bigony, who wore chartreuse identical to 4-H girls. those of the bride's attendants lighted candles.

H. T. Edwards of Muleshoe served as best man and June Wagnon, of land family that our box of clothes Muleshoe, Paul Gardner of Abilene, were there. However, the letter was and William O. Spradling were ush-

Wedding guests were entertained at a reception given in the church a later date. The next box will be parlor following the ceremony. As- filled with something to eat like sisting with hospitalities were par- ready mixes, dried fruit, cocoa. The ents of the couple, the wedding par- articles are to be left at Mrs. E. E. ty, and Mesdames David Anderson, Bramlett's nome July 20.

aunt of the bridegroom, Jeff Davis. and W. C. Mauzey. Out-of-town guests were from Abilene, Big Spring

Muleshoe, and Norman, Okla. The bride's table was laid with an mported handsome old Irish linen cloth. A three-tiered wedding cake, topped with a miniature bride and oridegroom, was cut with an heirloom silver knife.

For a wedding trip to Colorado and New Mexico, the bride wore a beige faille suit trimmed in dark brown with matching accessories and an orchid corsage. Mr. and Mrs. Pierson will be at home at 2321 Fifteenth street, Lubbock, after July Ivydell Evans And

After graduating from Big Spring high school, the bride attended Mc-Murry college, where she was a member of Chanters and Alpha Chi honorary fraternity, listed in Who's Who in American Colleges and Universities, secretary of the Student Association, president of Kappa Phi, school princess and campus queen. She graduated from the college in May, 1947, and at present is church secretary at St. John's church.

Mr. Pierson graduated from Muleshoe high school and attended John Tarleton college in Stephenville before serving with the Army for 18 months. Following his discharge, he attended McMurry college and is classified as a senior student.

Progress Club Met With Mrs. Kelly

Progress home demonstration club met in the home of Mrs. Tom Kelly. Mrs. John Thomson, our president, was in charge of the meeting.

Mrs. Maltby gave the inspirational at her wedding. For something new on "The little things of real value

gardens, so the food demonstrators chief.

Mrs. Ada Murrah was nominated THDA chairmanship candidate from the Progress club. We nominated Mrs. Maltby the candidate to go to the State meeting in Temple, Texas.

Mrs. Maltby gave a very interesting account of the 4-H girls Indian encampment held at Lubbock, of which she was sponsor. They studied crafts, glass etching, good manners, folk dancing, also went on a nature hike and swimming. We as a club ar very much interested in our

Mrs. Thomson gave the council report.

We received word from the Holwritten in their language so we have sent it to Lubbock to be translated into English and it will be read at

Will's Hospitality

Isn't "Cracked"!

Ever since January, Will Dudley planned to give his living room that "new look"-planned to carefully refinish the woodwork and replaster the walls.

Every time Will got out the putty to start filling in the cracks, a neighbor stopped by to pass the time of day - and first thing you knew, there was a group of us helping Will do the job up right. After Will called a halt to the evening's work, we'd sit around the fire enjoying a friendly argument and a sparkling glass of mellow beer.

So Will's living room doesn't look like it did a year ago-but it's by far the most "livable" living room I know: A place you can always drop in for good talk, good beer, and a warm welcome.

From where I sit, so long as Will puts that atmosphere of hospitality and good fellowship ahead of everything else, we'll all be happy to help Will change the looks of his living room any time he wants.

A New Farm Power Leader

Here's the power leader of Oliver's new, modern tractor fleet. It's the husky 3.4 plow "88" with a 6-cylinder engine and six forward speeds to provide you with a practical working pace for every farm operation.

The "88" is an ideal unit for concentrated farming . . . for all the heavy "rush" jobs season after season. To suit your fuel situation, Oliver offers three great engines: (1) for gasoline, (2) for tractor fuels, (3) diesel . . . designed specifically for a farm tractor and available later.

Look at these new features: direct drive power take-off, Oil Miser transmission case, floating oil pump screen inlet, 20-gallon fuel tank, battery ignition and automatic spark advance, basic interchangeability of Oliver's full line of centrally mounted and rear suspended tools and a choice of Interchangeable cast iron or stamped steel wheels with all other new Row Crop models.

Let us give you the details on all the valuable farm-utility features found on Oliver's new farm-engineered tractor fleet, built in Row Crop, Standard, Row Crop with Adjustable Pront Axle or Single Front Wheel models.

ing of June 28. The purpose of the

ng challenging and inspiring ser-Methodist church, explained the great needs of the suffering and starving peoples of Europe and Asia, and how great and effective was our ministry to these needy people. Dr. Warfield explained that 55%

bishop presided over the conference

Some of the greatest preachers in

Methodism were present and took

their turns on the platform deliver-

at the different sessions.

stationed at Topeka, Kans.

The following named bishops were

of all funds which the Methodists contributed for overseas relief went directly to the suffering and needy people in both Europe and Asia. This fund was administered by our bishops, missionaries, and native mis Church as authorized by the general conference, and to increase the number of officers of the church for a

The Rev. Dana Dawson, pastor of the First Methodist Church, Shrevecrated to the office and ministry of sionaries. There was no "Red Tape" in this ministry and no extra cost for administering this service and money. The other 45% of our funds was pooled in an interdenominational fund and administered without additional cost to the churches. These funds were spent in those sections of the countries where government one of the many worthy things we when we must have world are doing for the needy and help- world dstruction. Can the churche less people. It is done in the name of of Christendom save us? The answer

This year eight million Methodists in America will be asked to contribute the sum of 72 million to continue this needy work and service to the helpless souls of Europe and Asia. This amounts to twenty-five cents per member. We could do a lot more than this paltry sum.

Dr. Roy Smith gave four great lectures or sermons during the sitting of the conference. His themes were: 1. America Grows Up; 2. Spiritual Leadership of a Mature Nation; 3. Our Faith; 4. Methodism Grows Up. Through these sermons Dr. Smith showed how power and leadership must also take responsibilities that always go with power. Our nation must take her responsibilities in world affairs, and at the same time our church, being the largest and richest Protestant church in the world, must assume under God her responsibilities in making this world a Christian world.

Dr. Harold A. Bostey. Dean of the School of Religion, Duke University, spoke on the subject, "The Ministry of Reconciliation." He pointed out that the business of the church is to make peace among all peoples. This peace cannot be had except through the love of Christ made incarnate in human hearts. To make the world a the objective of the Christian religion. He made reference to the shortness of time remaining for the church and Christian rligion to accomplish her task in saving our world from another and worse catastrophe. He said a scientist friend of his told him recently that in the field of bacteriology there are 6 difport, La., was elected bishop, and on ferent kinds of disease germs now the evening of June 28 was conse- in the hands of military scientists, any one of which, if released upon the Episcopacy. He was assigned by humanity could never be stopped. (THINK IT OVER, NEIGHBOR).

Should America release any one of these bacteria on any part of the world, it would eventually return to our nation and destroy our own people also. He also said that his friend told him that atomic power the atomic bomb - had been increased many fold in power since our first monies had not gone and would not bombs were made. An atomic bomb go. Our Methodist church has an no larger than the cap of your founorphanage in Poland with three tain pin is now powerful enough to thousand children supported by the destroy a city the size of Houston or over seas relief funds. This is just Dallas. We have come to the time

trained to be and do missionary pulpits; work. Unless every person who is really Christian does something besides attend church once a wek our world is doomed to destruction. Here it is, church members: Your welfare cfwypshrdlucmfwypvbgkqj pend upon what you can do about the matter. It is no longer a preacher church and a preacher religion. The time has come for each church member to be a Christian along with his particular church 'ism'. If there is a

God, if there is a Christ, if there is a Holy Spirit, and man can possess power of divinity, he had better come to possess this power, or die. He will - we will.

Work Program Outlined The program of work for the Methodist Church for this quadren-

nium is as follows: . To train 500,000 Methodist lay people for Christian service;

2. To recruit 244,000 new members each year of the quadrennium; 3. Church school attendance to be increased fifty per cent during the next four years;

4. All Methodists parents to establish altars of worship in their

5. To enlist and train five thousand new Methodist preachers during the quadrennium to fill vacancies that will come through retirement, illness and death, and to train 8,000 new ministers during the next eight years, which number will be neces-

Frequent Change of Programs Gives You A Variety of Fine Entertainment

Now its proved quality. becomes more impressive than ever

.. AND CHEVROLET'S LOW PRICES

are even more attractive than in the past!

FIRST in Value . . . \

FIRST in Big-Car Quality at Lowest Prices ...

FIRST in Registrations

ALWAYS THE VALUE-LEADER A always the first choice of people who want the finest at lowest cost . . . Chevrolet's value-leadership is now so outstanding that men and women everywhere are deciding it's more than ever the preferred investment in its

Not only does Chevrolet stand out as the first and only low-priced car with all the following major advances which comprise the soundest and best in modern motoring . . . not only does it offer all these major advantages of Big-Car quality at lowest prices . . . but it offers them at prices that are now definitely and decisively lower than those of any other car that even remotely approaches it in

It's the first and only low-priced car with the original and outstanding Unitized Knee-Action Ride. It's the first and only low-priced car with a world's champion Valve-in-Head

Engine. It's the first and only low-priced car with the enviable Body by Fisher. It's the first and only low-priced car with the triple safety-protection of Fisher Unisteel Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes.

And yet, despite the fact that CHEV-ROLET AND ONLY CHEVROLET IS FIRST to offer all these major advancements of low-cost motoring, it holds an even greater price-advantage and gives you even more value for your dollars in comparison with other automobiles today than at any previous time in Chevrolet history!

That is why more people are buying Chevrolets than any other make of car, this year as for the total 17-year period, 1931 to date: that is why they are agreeing, with evermounting enthusiasm, that Chevrolet is first in dollar-value as it is first in nation-wide

You'll never know what a pleasure the preparation of summer meals can be until you've got an

electric refrigerator.

There's nothing like a crisp, refreshing salad of cool, flavorful dessert to make a summer meal successful, and there's nothing like an electric refrigerator to make those testy dishes stand out on your menus.

Now, before the full summer heat is here, see your appliance dealer and make arrangements to have a dependable electric refrigerator he your kitchen. You'll love it . . . and so will your family.

And remember . . . electric service is cheaper than ever before
