Number 2

MULESHOE — County Seat of Bailey County — TEXAS

Thursday, January 6, 1949

## "Of Dimes" Drive Is Scheduled To Underway In Bailey County On January 14

L. Forbes

The "Of Dimes" drive for the National Foundation for Infantile Paralysis will be launched January 14. Mrs. Elizabeth Woodley, county campaign director, announced this week. She said the campaign will continue through the night of January 31.

## Children's Books Sought By Club

Story books suitable for children up to 15 years of age are being sought by members of the Muleshoe Study Club for the colored children of the town. Anyone having such books that they can spare is invited to turn them over to the club for this purpose.

## Stop Light Is Installed Here

As the printers rushed about feverishly to put the last run of this edition of The Journal on the press, the phone rang suddenly. It was Chief Jones, who wanted to call attention to the fact that the long wanted stop light at the busy "crossroads" in Muleshoe was being hung.

## Muleshoe Story In Texas Parade

Muleshoe and the Muleshoe country got a nice headline and story in the current issue of "The Texas Parade" highway department magazine.

## Auction Sale Every Month Is To Be Held Here

A monthly Community Auction Sale event is being announced for Muleshoe by Emmette Cross, of Your Exchange, the first such event to be held the coming Tuesday on the Exchange grounds.

Bill Collins, Aide to the Potentate of Khiva Temple in Bailey County, said that all Master Masons and their ladies are invited to attend the reception and introduction of Honorable Galloway Calhoun, Imperial Potentate of the Ancient Arabic Order Nobles of the Mystic Shrine, when he makes his official visit to Khiva Temple on Thursday, January 13, 1949.

## Masons Invited To Amarillo 13th

Bill Collins, Aide to the Potentate of Khiva Temple in Bailey County, said that all Master Masons and their ladies are invited to attend the reception and introduction of Honorable Galloway Calhoun, Imperial Potentate of the Ancient Arabic Order Nobles of the Mystic Shrine, when he makes his official visit to Khiva Temple on Thursday, January 13, 1949.

## Marriage Licenses

H. C. Elliott and Wanda Fern Black, Muleshoe. Paul Lenard, Sudan and Fannie Meeks, Circleback.

## Taylor Hatchery Begins New Season

Taylor's Produce & Hatchery of Muleshoe, is beginning another season with the finest hatch scheduled to come from the incubators next Monday, January 10. Thereafter through the season new baby chicks will be available at the hatchery each Tuesday and Friday.

## Muleshoe Exhibitors Have Entered 51 Head Of Livestock In Fort Worth's Fat Stock Show Jan. 28

FORT WORTH, Jan. 4—Muleshoe exhibitors have entered 51 head of livestock in the Southwestern Exposition and Fat Stock Show at Fort Worth, Jan. 28 through Feb. 6.

## Winter Wheat Crop Increased By 5 Per Cent - U. S. Prospects Good

(Released by Public Relations Department of Santa Fe) Farmers of the United States failed to heed the request of the Department of Agriculture that they reduce their 1949 winter wheat acreage by 8 per cent under that of 1948.

Instead, they planted 61,370,000 acres, an increase of more than 5 per cent over last year's record of 58,168,000 acres. The estimated acreage is one-fourth greater than the 10-year average of 47,684,000 acres.

## CAUGHT MANY FISH DOWN MEXICO WAY

Seven Muleshoe men found the fishing fine near the little town of Quemales, state of Tamaulipas, Mexico, on Sugar Lake and its feeder, San Juan River. In the party were Ross Goodwin, Joe Sooter, O. M. Self, E. W. Locker, Fred Locker, Morgan Locker, and Nig Cummings. Goodwin and Self have returned with 355 pounds of fish, the others will bring much more than that when they return.

## New Industry Is Started In Muleshoe For Farmers; Will Add New Payroll To Muleshoe

Beginning of a new industry in Muleshoe, manufacture of fertilizer, was announced this week by Harold and Robert King, who have organized the Western Fertilizer Company. Machinery to be used in manufacture of the fertilizer has been ordered and will be in place in the next few days.

## Harden S. Lane Died Tuesday

Harden Smith Lane, 85, died Tuesday, January 4, at 10:55 p. m. in Green Hospital & Clinic where he was a patient. Mr. Lane was the father of Mrs. Vivian Lee, and Jim Lane, of Muleshoe, and had lived here with his children the last two and one-half years.

## New Sheriff Makes Report

Several arrests were reported by the new sheriff, Hugh Freeman, in his first report to the people, covering four days, Jan. 1 to 4. He said:

Our first report isn't much, only 4 days, and a new crew, but so far we have made it fine. Mr. Jesse Bartley caught one bootlegger Saturday night. He was fined and released.

## Local Markets

Cream, lb. .65  
Eggs, doz. .40  
Light Hens, lb. .24

**THE GREATER VICTORIES**

The five weeks, beginning November 1 and ending December 5, will go down in history as the time of the big upsets. The Truman triumph will be referred to ever after. Sales managers, for twenty-five years or more, will tell their forces of the man who went out and made calls on people and sold a product that many considered inferior.

In one day, Texas A. & M. rose up to tie mighty Texas University, after having lost every game all year, and Navy astounded sports fans by tying Army when Army was ranked as a No. 1 team of the country and Navy wasn't even listed.

A week later T. C. U., after losing nearly every conference game, tied S. M. U., with the Mustangs lucky to get a tie. Shortly after, twice defeated Southern California tied mighty Notre Dame, with the Irish thankful to break even on the scoreboard. More than a presidency and a football triumph were won by Truman, Navy, Southern Cal., the Frogs and Aggies. A victory over complacency, the encouragement given determination and the keeping alive of hope were far more important aftermaths of the winning fight staged by those who didn't have a chance—but didn't know it.—Caps & Lower Case.

**THE WHEAT COUNTRY IMPROVES ITS WHEAT**

**4-H and FFA Boys Named Kings**

Up in the wheat country they've started a wheat improvement and production program designed, according to Knox Parr, Panhandle district agent, "to create interest in crop demonstration which will compare favorably with that which has been developed during the past 25 years in livestock demonstrations."

One result of this program is that Texas now has a set of royalty including wheat kings and wheat princes.

More than a year ago the Texas-Oklahoma Wheat Improvement Association—which is made up of a group of millers and others connected with the wheat industry who became alarmed over the poor milling qualities of some wheat varieties and decided to do something about it—announced a wheat improvement contest for

the 56 counties in Texas Extension Service districts 1, 2 and 3 which center around Amarillo, Lubbock and Wichita Falls.

Rules were set up for adult, FFA and 4-H club classes. The 4-H members, for example, were required to plant at least 10 acres to certified wheat of an approved variety.

Each county held a county wheat show, sponsored by local wheat interests, and production records were taken into consideration in picking the winners. The top county exhibits, totaling 118 one-peck samples, were judged at the Tri-State Fair in Amarillo. Prizes totaled \$2,315 in awards, and included cash, trophies, trips and college scholarships.

The top 10 percent of samples were given laboratory milling and baking tests.

The biggest winner was also the youngest: Wayne Howard of White Deer. His Comanche wheat had the top score of 96½ points. Wayne collected the title of Texas 4-H Wheat King, a trophy and all-expense trip to Fort Worth to study the marketing and processing of wheat, plus \$200 in cash—\$100 from the wheat improvement association and \$100 from the Amarillo Grain Exchange.

Other winners: Joe Ray Goodin, FFA Wheat King, trophy and trip; Texas-Oklahoma Wheat Improvement Association and \$100, Amarillo Grain Exchange; Perryton, FFA Wheat Prince, trophy, trip and \$50; Wilbur P. Axe,

**The practical sea lion...**

The sea lion is a sissy . . . but practical. He wears a fur coat when he goes in swimming.

Your car engine isn't a sissy, but it needs extra winter-time protection. That's why practical motorists change to winter-grade Conoco N<sup>th</sup> Motor Oil and an OIL-PLATED engine for extra-protection.

They know N<sup>th</sup> oil contains a special added ingredient that fastens extra lubricant so closely to cylinder walls it won't all drain down . . . even overnight. That's why OIL-PLATING means extra protection.

Be like the sea lion. Be practical and . . .

**Oil-Plate for Extra Protection!**

Hereford, open class champion, Tex-O-Kan and Pillsbury trophies; and Wright, Perryton, reserve champion, Tex-O-Kan trophy. Richard Latham, and Billy Turner, Spearman, won Fort Worth trips for placing third and fourth in the 4-H Class; as did Everett Reeder, Muleshoe and Joe Earl Pyle, Kress, with third and fourth placings in the FFA class. Donville Moore, Crosbyton, earned a \$100 college scholarship offered by the association on the basis of his four-year FFA wheat production record. County agents and vocational agriculture teachers of the

eight trip winners accompanied their boys' guests of the mills. Dr. Ide Trotter, director of the Extension Service, presented the award before a crowd of 3,500 in the State Arena at the Tri-State Fair. Keats Soder, director of the wheat improvement association's program, announced the contest would be repeated for 1948-49.—The Extensioner.

WHEN you see the 1949 Chevrolets, a glance will be enough to tell you they're new—all new—in line and contour, in beauty and style. And when you look inside, and under the hood, and beneath the chassis, you'll see that their newness is not merely in outward appearance, but in design and engineering and construction as well.

But, to a lot of people, the 1949 Chevrolet is already old. They know what it will do, and how exceedingly well it will do—it they know all about its performance, its comfort, its power, safety, durability and

economy. They are the engineers and technicians of the General Motors Proving Ground—the largest, most completely equipped, outdoor testing laboratory in the automobile world.

Here, before a single new 1949 Chevrolet

went into production models were tested—and they possess, in greater than all those qualities on which built its leadership.

In short, the General Motors Proving Ground tests are your new-model Chevrolet has through many months of thousands of miles of

**Mite-y Mighty!**

No mean electronic personality herself, Wendy Wells compares latest electronic development, smallest pentode vacuum tube in commercial use, with a standard radio tube, both of which deliver the same amplification.

The new tube, which is about the size of an ear-ring, was developed by Sonotone Corporation and will be used for the first time in its two new hearing instruments. The power it is responsive to need only be one-billionth of one-billionth of the power needed to light a 100-watt bulb! Yet it is enough to increase hearing when used in the new Sonotone hearing aids.

Through a series of three of these tubes, electrical power is amplified 10 billion times—which is comparative to increasing the weight of a pin to the combined weight of 300 automobiles. The midjet tubes are part of new Sonotone controls scientifically calculated to provide greater understanding of what is heard, and are so adjusted that the volume for any hard-of-hearing person is maintained at the same level of comfortable hearing.

ed Mr. Davis' sister and husband, Mr. and Mrs. P. B. Anderson. They had a grand trip hunting and fishing in Shreveport and Mt. Pleasant.

**BEEN VISITING**

Mr. and Mrs. Cecil Tate were visiting in Giddings, Texas with his father, John Tate last week.

**TO CISCO**

Mr. and Mrs. Delma McCarty took Fuston, who was on his way back to A and M, to Cisco this week. They visited Mr. McCarty's father, A. B. McCarty, Sr., while they were in Cisco.

**STAR-TELEGRAM BARGAIN DAYS EXTENDED**

Star-Telegram Bargain Days rates have been extended through January 31, according to an announcement reaching The Journal this week from the Fort Worth paper. Therefore, The Journal will accept new and renewal subscriptions all during this month. Several have forgotten to renew their subscriptions and now have the opportunity to do so for the rest of this month.

**Soil Conservation District News**

Topographic surveys have been completed on farms owned by Allison Cassidy, L. W. Brooks, S. C. Caldwell, and Verney Townes.

Soil conservation Service technicians laid out a system of ditches for watering row crop on the C. E. Mayhugh farm and checked terraces which have been constructed on farms owned by F. O. Bennett.

Well locations have been made

on farms owned by D. C. Stovall, Virgil and Claude Dale Nowell, and Mrs. Jessie Prosser.

Applications for soil conservation assistance have been received on 480 acres of land owned by D. C. Stovall, on 177 acres owned by E. C. Smith, and on 198 acres owned by E. T. Bryant.

**BACK TO CHICAGO**

Bill Edd Jones returned to Chicago Sunday to resume her studies.

**WEEK END VISITORS**

Glen and Dean Watkins spent the weekend with Jack Jones.

**BELIEVED IN SAVING**

As the country observes "National Thrift Week" thoughts naturally revert to Benjamin Franklin, printer, electrical experimenter, politician, statesman, who wrote Poor Richard's Almanac, and became the prototype of Americans

who have saved a part of their earnings to invest in America's future.

"A Penny Saved Is a Penny Earned", Mr. Franklin used to say, and he also said: "Save and Have".

Elsewhere in this paper is a more complete explanation of why regular purchase of U. S. Savings Bonds is a good thing for the average American. Bailey County people can see E. R. Hart, Jesse M. Osborn or anyone at the bank, or A. J. Gardner, Muleshoe postmaster, about these bonds, which increase about one-third in ten years.

**TO OKLAHOMA CITY**

Earl Jennings and Jack Jones spent last week with Don Jackson in Oklahoma City and attended a college basketball tournament. Mr. Jackson conducted the youth recreation program here last summer.

# WATER SUPPLY AND CONTROL TO BE IN TOP PLACE ON THE STATE'S AGENDA IN 1949

By Robert Wear  
in Fort Worth Star-Telegram

Water will take its place at the top of the agenda in Texas in 1949, as the natural resource at which the state must do its best—and quick.

One of the 1948 drought and awareness of the dolts value of rain, the wasted runoff of rivers and the underground waters which surveys in some localities indicate are diminishing because of heavy pumping.

Governor Jester is expected to present the water problem to the Legislature soon after it convenes, for necessary refurbishing of the state's laws to cope with the situation.

One measure ready for presentation is the reclassification of surface water laws, drawn by the Texas Water Conservation Association's water laws committee, headed by E. W. Easterling, Beaumont.

**Code For Drilling**  
Another measure being readied for submission is a code to govern the drilling of wells and use of ground waters in the state, based on a local option or district plan of control. The bill, approved by the TWCA committee, was written by Arthur P. Duggan Jr. of Littlefield, attorney for the High Plains Water Use and Conservation Association, a group which heretofore has successfully opposed ground water control measures based on the state appropriation theory. The High

Plains group regards Duggan's bill as a victory for its cause.

Governor Jester began last spring a series of water conservation conferences of farmers, business men and engineers, outlining in detailed discussions the water problems of West, North, East, Central and South Texas and concluding with an industrial water supply conference in Houston. Publicity and public sentiment resulting from these meetings can be expected to carry weight with the Legislature in considering action on water control laws.

**Reservoirs Completed**  
Water supply reservoirs were completed in 1948 near Breckenridge, on Gonzales Creek; Coleman, on Hord's Creek; Wichita Falls, on the Little Wichita to form Lake Kickapoo; and by Ballinger on a creek near West Texas city.

Construction is under way on a new reservoir on Morgan Creek, to supply Colorado City, and on another on Mercer's Creek, near Comanche.

Work is well started on such Army Engineers projects as the big Benbrook Dam on the Trinity's Clear Fork, near Fort Worth; Whitney Dam on the Brazos, near Hillsboro; Grapevine Dam on Denton Creek, near Grapevine; the Garza-Little Elm Fork of the Trinity near Lewisville; Lavon Dam, on the East Fork of the Trinity near McKinney; Belton Dam on the Leon River, upstream from Belton; and the North Concho River reservoir at the outskirts of San An-

gro.

The Army Engineers may ask Congress in 1949 for authorization to proceed with building another dam on the upper Leon River, at the Proctor site between Comanche and Dublin. Amarillo has asked them to reopen the study of a reservoir site on the South Canadian River in the Texas Panhandle, in the light of recent interest by Lubbock and other communities of the High Plains in obtaining surface water.

**More Dams Approved**  
Directors of the Brazos River Conservation and Reclamation District have approved plans for additional dams below Possum Kingdom Lake at such sites as Turkey Creek, Inspiration Point, Cordova Bend and a fourth, down-stream, yet to be determined. If proper financing plans materialize, construction may get under way in 1949 on one or more of these power generating and water supply reservoirs.

Sweetwater has voted \$2,500,000 to build a reservoir on Oak Creek, in northeastern Coke County. Stamford, Jacksboro, Childress and Vernon are considering similar measures, and three West Texas cities—Big Springs, Midland and Odessa—are collaborating in the Colorado River Municipal Water Association with studies to determine whether to construct a reservoir 30 miles upstream from Colorado City and build a 100-mile pipe line to rescue them from hard water and the repetitious nuisance of drilling more and more wells.

Texas' long controversy with New Mexico over division of the waters of the Pecos River ended Dec. 3 in Austin with the signing of a compact, which awaits ratification by legislatures of the two states and by Congress.

of Muleshoe visited in the Maple community two days of last week. Rev. Norcross ate lunch with the C. D. Johnson family Sunday. Billy Henderson has gone out of the grocery business in Maple.

## Xmas Meeting Of Watson Club

The Watson Home Demonstration Club met in its annual Xmas meeting December 28th. Forget-me-nots were revealed and presents exchanged and new names drawn, after a short Christmas program had been rendered. Naomi Henderson acted as Santa. The Club will meet January 12, with our new president, Mrs. Neil Smith.

## Artistry In Glass

ST. LOUIS — The hooded gent above is using a new twist in the ancient art of decorating glass at Pittsburgh Plate's Studio of Creative Design here. While decorative glass is one of man's oldest means of beautifying buildings, experiments are still being carried on to improve techniques. Here at the studio the processes of design are carried through from creation to execution in plate glass. As demonstrated above, designs are etched into the glass by sandblasting through a stencil which leaves only the design bare. After sandblasting the glass may be beautifully tinted or gilded, or left plain to suit the individual taste. The hood protects the operator's face and eyes from flying sand and glass, and also prevents him from inhaling the tiny particles. A separate oxygen supply reaches him through the small hose at the rear.

## Maple News

The Three Way Eagles lost both basketball games to Morton Friday night.

Mr. and Mrs. Amos Tyson and son of Albuquerque, N. M., visited in the home of John and Geo. Tyson and the H. W. Garvin family last week.

Mr. and Mrs. Robert Kendill moved to a farm six miles north of Maple.

Mr. and Mrs. H. W. Garvin moved to their new farm home southwest of Maple.

Garvin Long of Silverton and Garland Fort of Portales, visited in the Fleming home Monday and Tuesday.

Mrs. Hancock, our first grade teacher moved to Lubbock and Mrs. Robert Sanders is our new first grade teacher. Mrs. Sanders is a very good teacher.

ing the Muleshoe Food Market while they are away.

**TO SILVERTON LUNCHEON**  
Mrs. H. S. Sanders, Sr., is to attend an announcement luncheon to be given Saturday in Silverton.

**TO GRAND SALINE**  
Mr. and Mrs. A. G. Tunnell and children visited during the holidays in Grand Saline, Texas, with his parents.

**Butane-Propane**  
FOR YOUR  
TRACTORS • TRUCKS  
PUMPING • ENGINES  
Economy — Safety

Equip your various engines with ENSIGN Carburetion for Butane-Propane and make very substantial savings in fuel costs and engine maintenance. Engines burning Butane-Propane run three to four seasons without overhaul or valve grind.

**Specify ENSIGN CARBURETION**

The carburetion you buy and its method of application is the key to successful engine operation. Ensign, carburetor specialists for 36 years, pioneered Butane-Propane Carburetion and has perfected the finest equipment for easy starting, power, economy and safety. Consult your local ENSIGN Dealer. He is a specialist on Butane conversions and will gladly inspect your engines and advise on the feasibility and cost of the installation. Call or write him for free bulletin on the use of Butane-Propane in tractor, truck and pumping engines.

**Black - Elliott  
Vows Are Read**

Miss Wanda Fern Black, daughter of Mr. and Mrs. C. R. Black of the Y. L. Community, and H. C. Elliott son of Mr. and Mrs. W. D. Wanzor were united in marriage Thursday, December 23, at 2 p. m. in the Baptist parsonage with Rev. A. W. Blaine reading the double ring ceremony.

The bride wore an aqua blue dressmakers suit with biege accessories and a corsage of yellow zoses. For something new she wore wishbone earrings given to her by her parents and for something old, a heirloom cameo necklace belonging to her mother.

The bridesmaid Miss Pat Lane, wore a tomato red suit with black and aqua accessories and a yellow Mum corsage.

John Crow acted as best man.

Mrs. C. R. Black, mother of the bride, corsage was white carnations, and Mrs. W. D. Wanzor, mother of the groom, corsage of white gardenias.

Those attending the wedding were Miss Charlene Black, Mrs. B. V. Haines, Mr. and Mrs. B. A. Beachamp Jr. and daughter Sharon Kay, Mr. and Mrs. W. D. Wanzor, and son Rex (Butch), Mr. and Mrs. C. R. Black and son Delbert.

The couple left immediately after the ceremony for Lubbock.

They will make their home here. Mr. Elliott is with the Muleshoe Livestock Co.

**Shower Given For  
Newlywed Couple**

Friends of Mr. and Mrs. Anthony Jesko gathered in the home of Mr. and Mrs. Fred Bruns for a party which turned out to be also a bridal shower. The couple exchanged vows in Clovis in the Sacred Heart Church Thanksgiving day in one of the loveliest weddings of the year.

After a prolonged honeymoon trip to California and other Western states they are now at home on their farm north of town.

In spite of zero weather guests were: Mr. and Mrs. Don Bruns, Donna Kay and Ronnie, Mr. and Mrs. Merriman Vise and Dale, Mr. and Mrs. Jack Bruns, Mr. and Mrs. C. E. Briscoe, Melva Hanu, W. J. Coffman, Mr. and Mrs. Woodrow Briscoe, Sandra and Polly, and the host and hostess.

Sending gifts were Mrs. Anna Coffman, Mr. and Mrs. Woodrow Glasscock, and Yohootie.

**VISIT TIBBETS**

Mrs. R. L. Jones and little daughter, Lovonne, of Albuquerque, spent the holidays here with her parents, Mr. and Mrs. R. T. Tibbets. The latter returned to Albuquerque with her for a short visit in the Jones home and in the home of another daughter, Mrs. A. J. Roberts and family.

**O.E.S. Members  
Attend School**

Several members of Muleshoe Chapter, Order of the Eastern Star, attended a school of instruction held in Plainview Tuesday, including Mesdames Melzine Elliott, Margaret Collins, Betty Burkhead, Viola Layne, Jaunita Roberts, Mary Frances Holt, and Laurette Williamson.

Mrs. Elliott was awarded an "A" certificate at the conclusion of examinations following the school. The others, with the exception of Mrs. Williamson, who did not take the examination, were awarded "B" certificates.

The chapter Tuesday night initiated Mrs. Joe Damron and Mrs. Sam Damron in the regular meeting.

**Jackson-Landers  
Vows Solemnized**

Miss Venita Jackson, daughter of Mr. and Mrs. M. L. Jackson of Muleshoe and Pfc. Claude Landers son of Mr. and Mrs. J. O. Smith of Cove, Ark., were united in marriage Wednesday, December 29 at 7:15 in the home of her parents with Elder Jimmy Bass, of the Primitive Baptist Church reading the single ring ceremony.

The bride wore an aqua crepe dress and her corsage was red carnations. For something old she wore pearls of her mother's.

A wedding supper was held before the ceremony for close friends and relatives.

The couple will leave Wednesday for Shreveport, La., where he is stationed. They will make their home in Muleshoe at a later date, when Mr. Landers receives his discharge from the U. S. Army.

**H. L. Walker and  
Miss Smith of  
Dallas Are Wed**

(From The Dallas News)  
Miss Nancy Katherine Smith exchanged marriage vows with Harry Lloyd Walker of Muleshoe in a

ceremony Monday morning at the home of her mother, Mrs. Charles A. Smith, 310 North Winnetka. The bridegroom is the son of Mrs. Hertha Walker, Muleshoe.

The Rev. F. J. Mosman officiated at the ceremony and the traditional music was presented by Mrs. C. B. Wakefield, vocalist, accompanied by Mrs. Jack Russell.

Charles A. Smith Jr. gave his sister in marriage. Her wedding costume was a dusty pink gabardine suit. The jacket was fashion-

ed with a square yoke and the buttons on the jacket were repeated down the slim skirt. Her pink felt veiling which fell to her shoulders, and her other accessories were brown. She carried a nosegay of gardenias surrounded by pink sweetheart roses. Mrs. Rex Beasley attended the bride as matron of honor, and Withers Lee Smith, USN, another brother of the bride, served as best man.

Miss Helen Withers, cousin of the bride, registered the guests in

the bride's book at a reception held after the ceremony. Mrs. Elizabeth Hoffman of Denton, aunt of the bride, cut the tiered cake and Mrs. E. C. Poole presided at the coffee service.

After the reception, Mr. and Mrs. Walker left for Albuquerque, N. M. where they will continue their studies at the University of New Mexico. When they left, the bride was wearing a black wool suit, a black velveteen hat trimmed with onyx, and matching accessories. She is a graduate of Sunset High School and attended TSCW. Her husband attended Texas Technological College and served with the navy during the war. He is now a student in the University of New Mexico law school.

Out-of-town guests were Mrs. Walker, the bridegroom's mother, Mrs. Anna F. Moeller and Miss Lawanna Walker, all of Muleshoe; Mr. and Mrs. F. Warren Smith and

**BACK FROM CALIFORNIA**

Mrs. S. C. Caldwell, accompanied by her sons, Gene and Bill, have just returned from Long Beach, Calif., where they spent the Christmas holidays with their daughter and sister, Mrs. Alfred Clay and her new husband. While there they enjoyed sledding at Lake Arrowhead in the mountains, here the snow was 12 inches deep. They also went to Catalina Island and Knott's Berry Farm. On the way home they visited relatives in El Centro, Calif., and Bisbee, Ariz.

Miss Dorothy Smith, both of Corsicana; Mr. and Mrs. J. D. Sadler of Lubbock, and Mrs. Noel A. Smith of Frisco.

Poultry TB Eliminated In One Year With Care

Tuberculosis in chickens can be eradicated in one year, according to Prof. Frank E. Mussel of the University of Nebraska poultry department.

Grass Silage Offers Benefits to Dairymen

Advantages Are Shown In Wisconsin Research

Twelve positive advantages that grass silage offers dairy farmers were compiled as a result of tests conducted by Wisconsin FFA chapters and Kraft. Some of the decided advantages were:

Grass silage preserves as much as 30 per cent more protein of alfalfa.

There need be no loss of the crop through rainy weather at haying time.

It can be used to preserve the feed value of weedy crops.

It can be used to give pastures a much-needed rest period in the fall.

Grass silage makes for more vitamins and more color in winter milk and butter than either corn silage or sun-cured hay.

## Diabetes Takes Lives Of Many

AUSTIN, Jan. 3.—Despite the fact that modern medicine makes it possible for the diabetic to live out a normal life span in comparative comfort, Dr. Geo. W. Cox, State Health Officer, says that diabetes continues to take the lives of hundreds of Texans every year.

"The death rate from communicable diseases such as typhoid, malaria, diphtheria and smallpox are decreasing throughout the country," Dr. Cox said, "but diabetes continues to bring about a tragic number of deaths each year, especially in the middle-aged group."

The State Health Officer said that until recent years diabetes was not noted as a major health problem, but it became acknowledged as such when the development of medical laboratory procedures made the disease more easily diagnosed.

Diabetes is generally recognized as a class disease, since it seems to attack the "white collar" class of indoor men and women much more frequently than it does the outdoor person whose work is

more vigorous and calls for more exercise. Vocational and economical conditions apparently are predisposing factors in the incidence of the disease, since it is a fact that those persons whose occupations call for manual labor and simple living are not frequently affected.

Dr. Cox recommended simple, wholesome diets, sufficient sleep and exercise and other general health protections as being beneficial in preventing diabetes, and stressed the importance of annual physical examinations so that if the disease is present, competent treatment can be instituted at the earliest possible moment.

### RETURNED TO SCHOOL

Don Barnett returned to school at ACC at Abilene Sunday after spending his holiday vacation here.

## Highway Patrol Exams Announced

Rison, Jr., Director, Department of Public Safety, Austin, Texas, an examination for Recruit-Patrolmen will be given in the several Patrol District Offices over Texas in February, 1949.

Chief W. J. Elliott, Texas Highway Patrol, Austin, Texas, states that the qualifications for these Recruit-Patrolmen positions are: Must be between 21 and 35 years of age; must be at least 5'8" tall, without shoes, and must weigh not less than two pounds per inch of height and not more than three and one-half; must be of excellent moral character; must be able to pass the rigid physical examination; must have a high school education or equivalent; and must have been a resident of Texas for one year or more prior to filing application.

This final examination is given to fill existing vacancies and to bring the Patrol to its full strength. Several hundred applications are now on file and Elliott states he will be glad to hear from those seeking this type of work and having the necessary qualifications.

Applications will be received until January 24, 1949, for these positions.

### RESORT BOUND!

Latest news from the winter resort scene is the beautiful collection of high-fashion cotton costumes feminine vacationers are wearing. Among the most talked about is a charming three-piece style by Charles Armour. Iridescent, rough-textured cotton in an unusual green-purple shade is used by the famous designer for the bolero and skirt.

## Research Improves Average Crop Yield

### Better Machinery and Fertilizer Aid Advance

Farms now are growing about a third more crops than in 1920 and getting the job done in about 10 per cent less time, according to U. S. department of agriculture statistics.

Several factors have made this record possible. One has been the research work of plant breeders in developing heavier yielding, hardier varieties of corn, small grains, root

crops, legumes and vegetables. Another is the improvement in machines that helps farmers do more work in a day. A third has been the increasing use of commercial fertilizer and a better knowledge of how to use it.

Even with increasing use of fertilizer, the bigger per acre yields from improved crop varieties are being obtained at the expense of the soil's plant food and organic matter supply, warns Middle West Soil Improvement committee.

"Unless this drain is offset by fertility building practices that put back needed nutrients and replenish organic matter," the committee says, "worn out soils and lower yields will be the eventual result on millions of farms."

### Vitamin D Will Prevent Development of Rickets

Like the old fallacy about locking the stable after the horse is stolen, treating calves for rickets after they have them is not the same as preventing the disease.

A nutritional disease, rickets are caused by a deficiency of vitamin D in the diet. The animal is unable to store sufficient mineral in the bones, which thus become soft. The bones bend under the weight of the animal, causing bowed legs, knock knees, roached back, low loin, drooped tail head and depression behind the withers. Once these deformities occur, they cannot be corrected.

### Dream For a Shop

Well designed work bench and tool panel. Each tool has a specified place on the panel and is within easy reach of the workman. Storage space beneath the bench holds small parts or equipment.

### Hay Prod Thermometer Permits Constant Check

To reduce danger of a barn fire from spontaneous ignition of hay, Fred Roth, farm safety specialist at Michigan State college, advises construction of a simple hay prod thermometer.

When hay is stored with more than 20 per cent moisture content, danger of heating in the mow is present unless a mow drier is being used. Even small amounts of damp hay, if concentrated in one spot, may cause heating in a limited area.

An inexpensive hay prod thermometer consists of 10 feet of one-half inch electrical conduit with an oak or ash point on one end to permit driving into the hay. Six one-quarter inch holes should be punched in the conduit above the point. A dairy thermometer on a string then is put into the conduit. A rubber pad at the bottom of the tube will keep the thermometer from breaking.

### Fresh Paint Will Cause Lead Poisoning in Cattle

Painting time on the farm may mean lead poisoning time if cattle get near freshly painted buildings. University of Illinois veterinarians point out. Paint is by far the most common source of lead poisoning in cattle. Cows and calves are fond of licking paint, especially fresh paint from barns, stables, fences or even paint cans and buckets. Old paint cans should be disposed of.

## Greeting For 1949

It's nice to know that I have built a warm, comfortable home for you and your wives and children to enjoy during this kind of weather.

Your pride in your home is a lot of consolation to me.

JOHN BENSON

## Better Choose a "SURE WINNER"!

Even an expert who professes to "know" horses, has no assurance his choice will be the winner. There's too much left to chance!

You needn't leave anything to chance when it comes to having your John Deere Farm Equipment reconditioned. You can always be sure of getting the best of overhaul service when you bring your equipment home to your John Deere dealer . . . to our shop.

Why? Because we have a winning combination which no other shop in this community can give you. Our shop is staffed by skilled mechanics, trained to service John Deere Equipment the way the factory recommends. We've equipped our shop with precision tools . . . stocked it with only genuine John Deere Parts. This means that, when we recondition your equipment, it will come back looking and running like new . . . ready to deliver uninterrupted service for many months to come.

Remember—our shop is equipped to recondition all John Deere Farm Implements. Stop by soon and get the complete details from us.

SELLING BETTER LIVING

YOUR APPLIANCE DEALER

You'll find "better living" for sale in every electrical appliance at your local dealer's. These men entrusted with the distribution of electric refrigerators, ranges, washers, ironers, lamps, radios, and scores of other appliances know that every sale they make brings better living to the purchaser.

That's why you'll find progressive appliance dealers constantly calling your attention to new improvements as they appear in new models of appliances. These men know that these appliances, operating on a minimum of low-cost, dependable electric service, will bring a better way of life into your home for years to come.

Know your appliance dealer, for in his store will first appear the innovations in electric living that will be commonplace in the comfortable homes of tomorrow.

**REAL ESTATE OPPORTUNITIES FOR \$\$\$ IN '49**

—480 A., top quality, smooth level irrigated land, 470 a., in cultivation, beautifully located on paved highway about eight miles from Bovina. Fair improvements, REA, school bus and mail route, good proven irrigation well one year old, any part of the land can be irrigated from the one well. Will sell half section at \$135.00 per acre, or will take \$125 per acre for the three quarters.

—320 A. Very little improvements, REA, school bus and mail route, about eight miles from Bovina. 150 a. in summer tilled wheat, 140 A. in row crop stubble, 30 A. extra good grass. Possession on purchase, all wheat included at only \$50.00 per acre. This would be a very attractive proposition for investment purposes.

Also several good improved and unimproved quarter sections. Priced from \$50 per acre up. If interested in a good farm or home drop in and we will look them over.

**Ind. Teams Win Games**

Last Thursday night the girls independent basketball team fell before a Littlefield sextett by a low score of 15 to 13.

The game was low scoring, but there was plenty of action in the game.

Evelyn Riley, Muleshoe, was the high point girl of the game.

**JayCees Win Over Olton**

The Muleshoe JayCee five downed the Olton independent squad 38 to 21 in the first game for the boys Thursday night.

The JayCees took a wide lead of 14-points early in the ball game and then sent in the second string. Immediately the Olton team scored two points, and then made a lot of free shots, bringing the score up to 14 to 7. The Olton five came through with three more goals to bring the score to 31-14. At this point the JayCees first string came back into the game and defeated the Olton five 38 to 21.

Lowrey was high-point man for the game with 11-points.

**Legion Wins Over Texico**

The Legion team defeated a hustling Texico five in the second boys game of the night 36 to 23.

A few weeks ago the district officials held a meeting and voted to play 10 conference games next season instead of playing a split-district schedule. Last Monday night at another meeting the district officials changed their minds (due to pressure brought by Levelland) and decided to play a split district again next year.

**Coch Beam announces that he is going to try to schedule games with Clovis and Portales next year or some of the larger schools. He stated that he had to play bigger schools with better coached boys in order for his boys to receive any benefit from playing their off-games.**

We think he is exactly right about that and we hope to see his team next year playing some of these larger and better coached teams. We believe the fans would enjoy the off-games much more and the attendance at the games would be increased.

Next year the conference teams will be the same as last season. They are Morton, Sudan, Levelland, Littlefield and Sundown.

The big-shots down at Levelland so we were informed, didn't want to play a 10-game conference schedule because they were looking forward to playing Lamesa and Brownfield next season... Guess they feel like they are too big to play Post and Tahoka, Slaton and O'Donnell.

... Seems to us if they want to play those teams so bad, they would try to get voted into class AA and then they could play around with Odessa, Lubbock, Midland and a few others.

**TO PLAY TONIGHT**

The American Legion five will meet Al's Drive-In in a league game at Clovis tonight.

The Legion five are in about third place in the league standing according to one of the team players. Bovina rates along about the same or possibly fourth or fifth.

The JayCees also have a game scheduled this week with Bula, but we failed to receive any further information about this game except that it will be played there.

No other games are scheduled on the home court by any of the local independent five's, but a game or two may be played here sometime next week.

**Slants From The Sidelines**

By W. E. Hill

**Coach Hedges holiday work sessions seem to have payed off with his boys teams showing a marked improvement in many ways since their last pre-holiday encounter.**

Of course they still don't have the smooth polish of an experienced ball club, but they showed lots of improvement in handling the ball, shooting at the goals and ball-hawking as well as working the ball in through their opponents defense better.

With such a fine group of boys showing constant improvement we can't understand why the townfolks don't come out and back their boys a little better than they do. Our boys may not be playing first-class basketball right now, but they will be in a short while and they need the support of the fans badly. Last Tuesday night there were only a handful of townspeople out to back the Jackets. They made a fine showing of themselves and played a good game of basketball even though they didn't win.

A few weeks ago the district officials held a meeting and voted to play 10 conference games next season instead of playing a split-district schedule. Last Monday night at another meeting the district officials changed their minds (due to pressure brought by Levelland) and decided to play a split district again next year.

**Coch Beam announces that he is going to try to schedule games with Clovis and Portales next year or some of the larger schools. He stated that he had to play bigger schools with better coached boys in order for his boys to receive any benefit from playing their off-games.**

We think he is exactly right about that and we hope to see his team next year playing some of these larger and better coached teams. We believe the fans would enjoy the off-games much more and the attendance at the games would be increased.

Next year the conference teams will be the same as last season. They are Morton, Sudan, Levelland, Littlefield and Sundown.

**TEAM SHOWING IMPROVEMENT**

**Yellow Jacket Cagers Win One Game, Lose Three To Friona Chiefs Friday Night**

Coach Hedges cagers, showing a marked improvement over their holiday lull kept the strong Friona Chiefs hustling to win over the Jackets.

The Chiefs scored the first 3-points of the ball game and then the Jackets came from behind with a burst of good goal shooting to go out in front of the Chiefs at the end of the first quarter 9-6. The Jackets hung on to their 3-point lead up until a few seconds before the half ended. The Chiefs sank one just as the half ended to put the score at 18-18.

However the Chiefs never looked back and went out in front early in the second half and maintained a small lead throughout the rest of the game, gradually building their lead into a 10-point margin at the end of the game to win 45 to 35.

Both teams played an offensive game using a man-to-man defense. However the Chiefs proved to have an edge on the speed and wore

the Jackets down.

However the boys showed lots of improvement in handling the ball, shooting goals and for the first time hawking the ball away from their opponents.

Joe Bob Horsley, Ed Nickels, Woody Jackson and Roark showed plenty of improvement. Joe Cummings, playing his first game with the A-team, showed up fairly well as well as Gaede.

**B-TEAM WINS 40-18**

The B-team boys showing a lot of improvement swamped the less experienced Chiefs B-team by a score of 40 to 18 for their first win of the season.

Preston Williams, Chas Roark, Darwin Britt, Glenn Harlan and Gerald Byrd, the starting line-up for the B-team showed up better than in any previous encounter as well as some of the other boys who substituted during the game.

**GIRLS SWAMPED**

The Friona Squaws swamped both the A and B Muleshoe teams

**Muleshoe Cagers Are Hosts To Morton Teams Friday Night**

Muleshoe basketball fans will get to see plenty of action within the next couple of weeks in the way of basketball games.

Friday night the Jackets will meet the Morton cagers on the local floor, opening the second half of conference play in this district for the Jackets.

This is the first time that the Jackets have met the Morton cagers this season except in a tournament game at Levelland a few weeks ago. However this game did not count in league standing.

On Tuesday night of next week Sprinklake cagers in a non-conference encounter.

On Friday night of next week Sudan will invade the Muleshoe gym to play the Jackets in another conference game.

Tuesday night of the following week the Jackets will be hosts to the Littlefield cagers in the local high school gym in another conference engagement.

Then on Jan 21, the Jackets will go to Three Way where they will

by lopsided scores.

The Friona Squaws have gone as far as the state finals within the past couple of years, so therefore the girls should not feel too bad about having lost to such good ball teams.

Jo Ann Hill, suffered a badly strained leg muscle during the A-game. The injury was a very painful one and will probably put her out of action for quiet a while.

**Reunion Held By Harvey Family**

Mr. and Mrs. H. S. Harvey of Muleshoe had as their guests over the Christmas holiday weekend all of their children and families. These included Mr. and Mrs. T. L. Harvey, Barbara and Terry Lee of Sudan, Terry is attending the Texas school for deaf in Austin. Others who were present were Mr. and Mrs. C. S. Coffman, Harvey Maudie and Jeanine of Baileyboro.

Mr. and Mrs. J. Wilson Wither-spoon of Muleshoe, Mr. and Mrs. Roger Harvey and Norma of White face, Mr. and Mrs. Clark Harvey of Ames, Iowa, Mr. and Mrs. Jim Shuttlesworth and Larry of Phillips and Mr. Rudolph of Lubbock who is attending Tech. Mr. and Mrs. Q. J. Lehen and Mr. and Mrs. "Lefty" McWilliams of Muleshoe visited with the family Christmas Day.

**Fashion Notes for Spring**

*Swansdown*

uses buttons to good advantage

New accent for narrow waistlines, rounded hips! Swansdown defines your silhouette with buttons—adds a neatly notched collar for interest. In a pure worsted shen by Miron. Sizes 10 to 18.

*Swansdown*

puts a Parisian touch on spring

After the fashion of the French Couture Swansdown places a swing-back jacket above a taut skirt. Note the trio of buttoned tabs on each hip—the two pleats that knife the hemline of the skirt. In a pure worsted by Miron. Sizes 10 to 18.

*Swansdown*

goes gothic!

The arched yoke catches the eye—the long vertical lines fall in unbroken rhythm. Swansdown's 'American Gothic' is equally smart worn belted or falling free. Very elegant in Forstmann Charmona. Sizes 8 to 18.
