DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

Volume 27, Number 6 MULESHOE — County Seat of Bailey County — TEXAS Thursday, February 3, 1944

## Postal Receipts Zoom Up!

Mr. Muleshoe . . .  
By Forbes

I don't know whether there was a large crowd at the March of Dimes dance Monday night but I understand a committee of three had to hold some to keep them from falling out the door when it was opened to admit more dancers.

Lots of people gave lots of money and time to make the March of Dimes drive for funds in Bailey County a success. Mrs. Woodley appointed men and women to help her who could and did work at it—Mrs. St. Clair, Blondy Ray, Vance Wagon, all the musicians, many others too many to name. But one man called our attention to the big donation made by the Ladd's of Muleshoe Implement & Supply, who volunteered their shop free of charge, spent most of Saturday taking out machines and machinery, most of Monday cleaning up the floor, etc.

But the whole bunch came in for praise from the chairman who said people all over the county cooperated most magnificently and responded most nobly when it was revealed that the need for funds in this year of 1944 is just twice what it has been. Bailey County folks gave more than ever before to this great fight against polio.

## Legion Home Plan Adopted

Members of Ben Richardson Post, American Legion, meeting Wednesday night adopted plans proposed for a Legion Home in Muleshoe.

Plans call for a building 100x100 feet in dimensions, to be erected on ground owned by the post.

Details of the plan are now being completed by the architect and others, and it is believed a contract can be let within two weeks.

Members of the Post and all ex-service men are urged to attend the next meeting of the Post, to be held Wednesday night, February 17, and learn more about the home which is now assured.

The Journal has learned enough about the plan to know that the Legion Home in Muleshoe is designed not alone for ex-service men and their families, but for the community at large as well. The paper hopes to publish, probably in the next issue, pictures showing the floor plan and front elevation of the building.

## January Gain 72% Over Last Year

Business may be slack in this territory, but you would have a hard time convincing the Muleshoe postoffice staff that it is, for business boomed during January for them.

A. J. Gardner, postmaster, reports that receipts for January showed a gain of nearly 72 per cent over the money taken in during January, 1943, reversing a downward trend noted for December.

Receipts for the month just passed totaled \$2,755.85, and for January, 1943, \$1,603.44, a gain of \$1,152.41, or 71.75 per cent.

Included in receipts are monies received for stamp sales, sales of stamped paper such as postcards, envelopes, etc., and for box rents. Mr. Gardner said the increase in parcel post rates would account for only a small fraction of the gain.

He estimated, however, that the immediate Muleshoe territory has gained around 100 families in the past year. Heavy gains were registered on routes 1 and 2 out of Muleshoe, as well as in the city itself.

So, if postal receipts can be accepted as a criterion (and they usually are) business around Muleshoe is good in this beginning of the year 1944.

## Perry S. Barnes Rites Held Sunday At Lazbuddy Church

Funeral services were conducted Sunday afternoon January 31 at 2:30 from the Lazbuddy First Baptist Church for Perry S. Barnes, age 52 years. Pastor L. B. Edwards was in charge of services assisted by Rev. T. B. Allen of Friona, and Rev. Harvey Hudnall of Plainview.

Mr. Barnes was a resident of Lazbuddy community for 18 years. He died of a heart attack at his home Friday morning while feeding cattle. He was converted and united with the Baptist Church when 12 years of age, being a faithful member, and serving as a deacon for thirteen years.

Pallbearers were: W. E. Payne, W. M. Sherley, Elbert Nowell, Roy Jordan, Glenn Dunn, and W. S. Menefee.

Flower girls were: Hazel Nowell, Edith Graef, Clara Belle Crain, Nola Ivy, Anne Foster, Earle Vee Ivy, Arlene Ivy, Maxine Seaton, Irene Seibock, Grace Tarter, Patricia Broyles, Virgie Mason, Christine Ivy, Lillian Smith, Wynnie Dunn, Frances Treider, Christine Howard.

Survivors include his wife Mrs. Dixie Barnes, three sons, Wesley, Leslie, and Perry Junior of Lazbuddy; three daughters, Mrs. Joe Scott Menefee of Friona, Mrs. David Donnell of Concord, Calif., and Mrs. Jimmy Seaton of Lazbuddy; seven grandchildren, four brothers, J. N. Barnes of George West, Texas; W. E. Barnes of Anna, Texas; Rev. Lee Barnes of Melvin, Arkansas; Ernest Barnes of Lubbock, Texas. Two sisters, Mrs. J. O. Brown of Hot Springs, Arkansas; and Mrs. Shelby Stroud of Sherman.

Burial was in Lazbuddy cemetery with Rev. J. N. Barnes officiating.

## Peeler Is New Service Company Mgr. For Muleshoe

Jeff Peeler has been named manager in Muleshoe for the Southwestern Public Service Company, effective February 15, succeeding Roy Holland, who is to become manager for the company at Portales, N. M. Mr. Peeler is coming here from Dimmitt, where he has been company manager.

Announcement of the changes was made here by J. M. Collins, Plainview, division manager.

Mr. Peeler has been with the Southwestern Public Service Company since 1933. In the fall of 1939 he became manager at Silvertown, later at Denver City. He is married and has two children.

Mr. Holland became manager here in 1946. He became manager at Post in 1925 and transferred to Canyon in 1944 as manager, and later served in the general office in Amarillo as auditor until coming here. Mr. Holland has been very active in civic and church work. He was a member of the Chamber of Commerce, of which he served as president in 1947, of the Lions Club, and Junior Chamber of Commerce. Mr. and Mrs. Holland will be missed in the Muleshoe Church of Christ, where he was song leader. Besides these activities, Mr. Holland had found time to be county chairman for the polio foundation, and was a leader in Boy Scout work.

## High School Band To Give Its Annual Mid-Winter Concert Sunday

The Muleshoe high school band will give their annual mid-winter concert, Sunday, February 6, at 2:30 p. m. in the Muleshoe High School Gymnasium. This concert will feature a Cornet solo by John Dee Whipple and a Sousaphone solo by Jerry Julian. The public is cordially invited and the admission is free.

The program will consist of the following numbers:

The Booster March;  
Silver Talisman—Overture;  
Them Basses—March;  
Beau Sabreur—Overture;  
American Patrol—Concert March;  
In The Cathedral—Religious Selection.  
Stars and Stripes Forever—March  
Bride Of The Waves, Cornet Solo, by John Dee Whipple;  
The Thunderer—March;  
Merriment Polka Clarinet Trio Band Accompaniment,  
Melba Bryant, Janette Kirk, and Helen Lewallen.  
The Prairie Jump—Novelty;  
Ragtime Wedding—Novelty;  
King Mydas, Bass Solo by Jerry Julian.

## County Shows A Rapid Increase In Population

What will be the population of Muleshoe and Bailey County in the 1950 census?

A table for Nov. 1, 1943, prepared by the Census Bureau showed the following gains since 1920 for Bailey County:

1920, 517.
1930, 5,186.
1940, 6,318.
1943, 7,214.

Howard Griffin announced this week that he will sell at public auction two recently completed houses in Lakeside Addition in Muleshoe. The sale is being conducted at 1 p. m. next Thursday, January 10, by Col. W. D. Wanzor of Muleshoe.

The houses are described as follows: 1. A four room house, new, with bath and garage and 2. A 6 room duplex, new, with bath on each side. Also to be sold at this time to the highest bidder are two vacant residence lots 50x140 feet in dimensions.

## Sanders To Attend A Lumberman's School

H. S. Sander, Jr., of H. S. Sanders Lumber will attend a school for lumbermen to be held at SMU February 7, to March 5. Mrs. Sanders and their little son will visit in Dodd City, Texas, with his grandmothers, in Roston, Texas, with his cousins, Mr. and Mrs. Drew Swainson, and in Dallas with an aunt, Mrs. Holly Harris and family during the time Mr. Sanders is in the school.

## Case Custodian JayCees Donkey

Bill Case won the right to feed the JayCees donkey when he failed to show up for the meeting of the organization, held at Gerald's Monday night. Next Monday night, when the club meets for another luncheon, another absentee member will get the donkey, to care for him for a week. June Wagon who was the "last" at the meeting, was given the privilege of delivering the donkey to the Case menage.

Twenty four members of the JayCee group were in attendance. They discussed the renaming and numbering of the streets, preparing a city map, and John Mock, the county surveyor, a donkey baseball game, and other projects which they are working on now or have about finished.

## Knights Templar Will Banquet

The most Eminent Grand Master of the Grand Encampment Knights Templar of the United States of America, Sir Knight John Temple Rice, will visit Amarillo Commandery on Monday, February 7, in Khiva Temple Building.

All the Commanderies of the Eighth District and all Knights Templar are invited to join in honoring Sir Knight Rice, said Mr. J. Hershel Green.

A banquet will be served at 6:00 P. M. for all those present. Following the banquet Amarillo Commandery No. 48 will be opened in full form and the Grand Master received with honors commensurate with his rank. The opening ceremony will be graded by Sir Knight Nathaniel Pace of Baytown.

## H-SU Quartet To Sing Here Sunday

The male quartet of Hardin-Simmons University, Abilene, will present "A Sermon in Song" at the evening service in the First Baptist Church, 7:30 p. m. the coming Sunday, Rev. A. W. Elaine, pastor, announces.

The church invites everyone to hear this widely known group.

With the group on their trip here will be two Muleshoe people, Richard Dennis, and Mrs. Porter, the former Christine Dennis.

## Norma Hardage Rites Held Today

Norma Oleta Hardage, 19, died Tuesday at 5:30 p. m. in Green Hospital & Clinic here a few minutes after she was admitted for treatment.

She was the daughter of Mr. and Mrs. Lacy M. Hardage, who live about ten miles north of Muleshoe, where they have resided the last 17 years. Other survivors are her two brothers and a sister; and her grandparents, Mr. and Mrs. J. A. Britton, and Mrs. J. W. Hardage.

Funeral services were conducted this (Thursday) afternoon at 2:30 o'clock in the Oklahoma Lane Baptist Church by Rev. Terry, pastor.

Interment was in Oklahoma Lane cemetery under direction of the Muleshoe Funeral Home.

## County Shows A Rapid Increase In Population

A bon voyage to Mr. and Mrs. Roy Holland, who are leaving us to go to Portales. This gentleman is personally acquainted with Mr. Holland's work while here and knows that he will be sorely missed in the councils of our civic workers. Old Roy was never asked to perform a job that he didn't try to do to the best of his ability, so when you lose a man like that you just lose something. Of course, after we get used to him we know that Mr. Peeler will turn out to be the same kind of citizen, but we hate to lose old Roy. Best of luck, Mr. and Mrs. Roy Holland.

This morning, Thursday, the sun, as if ashamed of his puny efforts of the last few weeks, got busy rather early, seemingly determined once and for all to melt the snows and sleet which has lain on the ground so long. It appeared that the big thaw was on; so, we may expect muddy streets, roads and fields in the next few days, but after that activity will burst forth in the Muleshoe country as a bud opens in spring. Every farmer has plowing to do when he can get into his fields, and when the farmer gets busy his city cousin gets busy keeping him supplied, keeping his machinery going, keeping fuel there for his machines. Yes, we are going to be busy little bees in the next few weeks.

## Griffin To Sell Houses At Auction

Howard Griffin announced this week that he will sell at public auction two recently completed houses in Lakeside Addition in Muleshoe. The sale is being conducted at 1 p. m. next Thursday, January 10, by Col. W. D. Wanzor of Muleshoe.

The houses are described as follows: 1. A four room house, new, with bath and garage and 2. A 6 room duplex, new, with bath on each side. Also to be sold at this time to the highest bidder are two vacant residence lots 50x140 feet in dimensions.

## New Volumes For Muleshoe Library

"Guerrilla Wife" by Louise Spencer, is a new book available to readers at the Muleshoe Public Library. Mrs. Spencer went to the Philippines as the bride of her mining engineer husband. Life on Masbate was pleasant; plenty of servants to do the housework; the Saturday bridge parties, and an occasional spree to Manila. Then the Japs.

To escape the Japs the Spencers took to the hills. Little did they think at the time the jungles would claim them for more than two years. The longed for things like a calendar and some soap. Part of the time they had little to eat. Even in the jungles, however, they had their holidays and celebrations. There were both laughter and tragedy in their hide-outs. Read the story, see how they escaped the Japs.

Another new book for local readers now at the Library is that best seller, "Crusade in Europe", by Dwight Eisenhower.

## PT-A To Meet Monday Night

According to the PTA president, Mrs. A. J. Lenderson, the meeting of the Muleshoe PTA next Monday evening will be one of the outstanding meetings of the year for the Muleshoe PTA.

Mrs. Lenderson announced that the guest speaker for the occasion will be the Hon. Roy Bass, Lubbock attorney, who will use as his subject, "The Home, A Democratic Unit For World Peace."

Special music for the program will be given by the acapella choir of the Muleshoe High School. The meeting will begin promptly at 7:30 Monday evening, February 7, with the PTA president, Mrs. A. J. Lenderson presiding.

## ON WAY TO GERMANY

Mrs. Norene Surratt, of San Antonio, came in Wednesday for a visit here with the family of her father, L. A. Gatewood. Mrs. Surratt will soon join her husband, in Germany with U. S. Occupation Forces.

## Arnold Morris Will Attend Dodge Meeting

Arnold Morris, of the Arnold Morris Auto Co., Dodge and Plymouth dealers here, expects to attend a regional meeting for dealers to be held in Oklahoma City next Thursday, February 11. A new 1949 model Dodge will be shown the dealers.

## Cpl. Clements Returning Home

NAGOYA, Japan, (Sp.)—Announcement of the return to the United States of Corporal Olan D. Clements, son of Mr. and Mrs. S. D. Clements, Muleshoe, Texas, for subsequent discharge from the United States Air Force, was made here recently by Colonel Walter C. White, Commanding Officer of Nagoya Air Force Base, where Cpl. Clements was stationed for duty with the Fifth Air Force, the Occupational Air Force for Japan.

A student of Muleshoe High School, Muleshoe, Texas, Cpl. Clements entered the Air Force on April 3, 1946 at Clovis Air Force Base, Clovis, N. M., and following completion of basic training at McDill Field, Florida, remained on duty in the United States until alerted for movement to the Pacific Theatre of Operations.

Arriving in Japan in December 1947, Cpl. Clements was assigned to the Fifth Air Force and subsequently reassigned to the 6101st Air Base Group, Nagoya, Honshu, Japan.

## Local Markets

Cream, lb.	.63
Eggs, doz.	.40
Light Hens, lb.	.22
Heavy Hens, lb.	.24
Hides, lb.	.08
Hogs, cwt.	\$18.00

## Metal Training School Is Held

A metal training school was held in the county court room at 2:30 p. m. Friday January 28, by the County H. D. Agent, Mrs. Marie T. Corrington, for the purpose of teaching H. D. club women how to etch aluminum trays.

The following women attended the meeting in spite of bad weather conditions: Mrs. Pershing Busbice, Mrs. W. W. Couch, Mrs. O. L. Dutton of West Camp; Mrs. C. A. Petree, Mrs. Dave St. Clair and Mrs. Bob St. Clair of Watson; Mrs. J. E. Day, Mrs. E. E. Holland and Mrs. S. C. Caldwell of Muleshoe; and Mrs. M. J. Gibson and Mrs. C. G. Seagler of Enochs.

During the month of February the ladies receiving this training will give the demonstrations in their respective communities at the regular club meetings. Persons that are not club members are welcome to attend these programs.

Etched aluminum trays may be seen at the home demonstration agents' office. Any one interested is invited to come by and see them.

## Bailey County Polio Campaign Nets Over \$1,509.43

More money by far than was ever raised in a Bailey County March of Dimes campaign was contributed for the 1944 drive, which has just been brought to a successful conclusion under the able leadership of Mrs. Noel Woodley, drive chairman. With some collections yet to be picked up, the drive netted \$1,509.43 to help carry on the nationwide battle against infantile paralysis.

"Any successful campaign is due to the help of the people. Everyone has been most generous with their time and money but there are some who deserve special mention," Mrs. Woodley said in reviewing the drive and outlining these individual and group efforts:

Mrs. Hertha Walker, manager of the Valley and Palace theatres, with the assistance of the Muleshoe Girl Scouts, collected \$332 from patrons of the shows.

Muleshoe grade school	\$235.06
Muleshoe high school	\$16.65
Bula school	\$28.78
Three Way school	\$4.00
Sunshine Club	\$ 5.00
Progress HD Club	\$ 5.00
Muleshoe Study Club	\$10.00
Muleshoe HD Club	\$ 2.50
Pleasant Valley Club	\$ 5.00

Mrs. Radie Boone's second grade room collected \$57.45 to lead the grade school in its fine contribution.

Of the fifty collection cans plac-

## Returned Home

Members of the county commissioners' court and county judge returned home Saturday night after spending several days in Austin.

## ATTEND STOCK SHOW

Mr. and Mrs. Tye Young and Jack have been to Fort Worth attending the Fat Stock Show. They visited his father and mother while they were there also.

## ATTENDED MARKET

Several Muleshoe business people attended market in Dallas last week. Mrs. Irvin St. Clair, Sr., and Mr. and Mrs. Irvin St. Clair, Jr., were among those that made the trip; also Mrs. Olen Jennings accompanied by Mrs. Opal Fields.

## ATTENDED MARKET

Several Muleshoe business people attended market in Dallas last week. Mrs. Irvin St. Clair, Sr., and Mr. and Mrs. Irvin St. Clair, Jr., were among those that made the trip; also Mrs. Olen Jennings accompanied by Mrs. Opal Fields.

## Name The JayCees Donkey And Win A Nice Cash Award!

Children of the Muleshoe country have the opportunity to win \$10 in a contest sponsored by the Muleshoe Junior Chamber of Commerce for a suitable name for the donkey they have here to stimulate attendance of the members. Members absent from meetings have the privilege of caring for the donkey.

For the best suggestion for the donkey's name the Jaycees will give a prize of \$7.50 and for the second best suggestion they will give \$2.50. The contest is limited to children not over 12 years of age. In the blank below write in your suggestion, write in your name and address and mail the blank to Bill Hale, Pres., Junior Chamber of Commerce, Muleshoe, Texas.

## Report On Grain Sorghum And Cotton Situation For 1949

By George Mahon

The present law permits but does not guarantee a loan, usually referred to as a support price, on grain sorghum. I have joined with others here in appealing to the Secretary of Agriculture to announce immediately a 90% of parity loan on grain sorghum for the 1949 crop. I am also supporting legislation which would require such a loan support. Producers need to know what to expect in the way of support prices long in advance of planting time.

The Secretary has authority to announce a 90% of parity loan, or a loan at any rate lower than 90%. A loan of less than 90% would be unsatisfactory and inadequate. What the Secretary may do and what Congress may do is not yet known. I hope we can secure passage of a long range farm program assuring a support of at least 90% of parity on grain sorghum, cotton, and other important crops. Producers should be on the alert for developments, particularly in connection with the 1949 crop.

Here is the situation as to cotton. The present law assures a support price of 90% of parity for 1949, but after 1949 the support could be as low as 60% of parity. A 60% support would be practically worthless, and we hope to fix the figure for the long range program at not less than 90%.

Two important questions as to cotton may be decided by Congress within the next few weeks. First, will acreage planted to cotton in 1949 be considered in arriving at cotton quotas on individual farms in 1950? Second, what sort of formula should be used in fixing cotton acreage quotas for the states, counties and individual farms in and after 1950? It is assumed that if there is to be a support price on cotton in 1950 there will be a cotton acreage control program in 1950.

Production controls, however, would not be placed in operation without affirmative vote of the producers themselves.

If Congress decides that 1949 shall be counted as a base year, West Texas farmers will probably go the limit in seeding land to cotton. But, at the same time, many Central and East Texas farmers who have about gone out of the cotton business would probably plant a big cotton acreage, and it has been argued that West Texas might possibly sustain a net loss in cotton quotas.

Members of the House Committee on Agriculture are seeking passage of a resolution specifying that the year 1949 shall not be

considered as a base year in fixing 1950 acreage quotas.

The House Committee on Agriculture has heard some of the recommendations of the Farm Bureau, a nation wide organization, in regard to cotton acreage allotment problems. Farm Bureau members in West Texas should see to it that the West Texas viewpoint is not overlooked in the presentation of the Farm Bureau.

A group of West Texans are scheduled to appear before the House Committee on February 7. Committee officials advise that it will not be possible to hear all individual farmers who may want to appear, but they want to hear as many spokesmen of groups of farmers as possible in order to get a good picture of the situation throughout the cotton belt. The Committee hopes to conclude hearings as to cotton on February 11, but the final draft of the long range legislation will not be agreed upon until a much later date.

I shall seek to be of all possible assistance in this important matter. I welcome the views of the people of our District, and I shall submit any suggestions and plans which are submitted to me to the House Committee on Agriculture. Congressman Bob Poage of Waco and Congressman Gene Worley of Shamrock and Amarillo are members of the Agriculture Committee.

### APPOINTIVE TAX ASSESSOR-COLLECTOR

Every once in a while someone down at Austin pops up with a scheme to make this or that public office appointive instead of elective. At the moment, the municipal research division of the University of Texas is dishing out propaganda in support of a proposal to fill the positions of county tax assessor-collector by appointment rather than election.

The gist of the argument obscured by a mess of two-dollar words is that the people don't have sense enough to elect competent assessor-collectors. The Austin experts argue, therefore, that the positions be filled by appointments by the State Tax Commission or some other Austin agency. There also are suggestions that a lot of additional jobs are created, mostly down at Austin, to supervise the tax job.

The scheme naturally won't get to first base. John Q. Texan won't pretend to be as smart as some of the Austin "experts" imagine themselves to be. But he isn't so dumb that he is likely to give an Austin agency such an opportunity to build or strengthen a

### THAT THIRD GENERATION

While the nation faces a period of uncertainty, people in this area must cope with the additional hazard of being the third generation removed from pioneers who settled and improved a new country.

This thought, expressed by Dr. James P. Cornette, President of West Texas State College, Canyon, was spoken last Thursday night at the Lions Club ladies night program so forcefully as to create much comment.

The first generation of pioneers is fully occupied with the sole factor of survival: The necessity of securing shelter, clothing, in turn, is faced with a program of community building which includes the erection of churches and recreation points, along with individual improvements and gain in living conditions and facilities. The third generation, as Dr. Cornette so ably pointed out, is the dangerous generation; the group which is not forced into action by necessity to secure the fundamentals of shelter, for clothing and food.

Dr. Cornette capably discussed each of the three generations and within his talk lies an important thought. The actual trend outlined has continued through civilization. Kings and queens, like ordinary mothers and fathers, strive toward the goal of making things easier for their children. While the ideal is excellent, the result too often ends in catastrophe. As a community, we stand removed to the third generation from the pioneers who settled this area approximately fifty years ago. The schools, the churches, hospitals and parks which we enjoy today can be traced directly to the toil and sweat of those early settlers, along with rural electrification and scores of other modern improvements which make our lives more pleasant.

In accepting this heritage, we also accept a responsibility. The statewide political machine. Lubbock Journal.

## Letters To The Editor . . .

Dear Editor:  
Through this means of expression I wish to say, "Thank you", to each of you for the beautiful cards and flowers sent me during my recent illness, also, for your prayers.

It has been a great help to me and an encouragement to know you have been with me through all of this, and again I say, "Thank you."

Sincerely,  
Mrs. A. C. Gaede.

Sending her subscription to The Journal, Louise J. Hicks, of 713B East 5th Avenue, Amarillo, postscripts:

Wishing for all the people and their business in Muleshoe success and happiness in 1949.

responsibility is a grave one indeed. While it calls for using these facilities as the pioneers hoped and planned, it also calls for using them well—and for leaving them better than we found them; certainly as good. To ignore Dr. Cornette's challenge would be to succumb to the pitfalls of that third generation. To face the issue means meeting the demands of a growing community, plus instilling the tenets of good citizenship in our children, who will soon become that inevitable fourth generation. Our job is not one of extreme hard work, nor is it one of sensational progress; it is more of holding our own and really learning to enjoy the American Way of Life to the fullest extent.

In many respects our lot is the easiest of all, but as Dr. Cornette pointed out, this very factor makes it the most dangerous and, therefore, the point where progress of civilization most often fails.

—Hereford Brand.

### ARMY ANNOUNCES VACANCIES OPEN TO EX-SERVICE MEN

Previous Service Men can enlist for direct initial assignment in the Fifth Army Area.

The Tenth Infantry Division at Fort Riley, Kansas has openings for Classification Specialists, Personnel Management Technicians and Clerk Typists.

There are openings for Military Policemen at Fort Sheridan, Illinois, and Fort Leavenworth, Kansas.

For additional information visit your U. S. Army and U. S. Air Force Recruiting Station, room 3, Post Office Building, Clovis, New Mexico.

### ARMED FORCES ADOPT A COORDINATED PURCHASE PLAN

A simplified coordinated purchasing plan procedure, assigning responsibility to one or another of the armed services for the procurement of 90 major products to be used by the Army, Navy and Air Force, is now in use, M-Sgt. John Temple, in charge of the U. S. Army and U. S. Air Force Recruiting Station at Post Office Building in Clovis, N. M., announced here today.

"Under the coordinated plan each service has been assigned certain items to buy for all three departments. In some cases the purchases are made jointly," said Sgt. Temple. "For example, the Navy buys hand tools for the three departments, the Army buys automotive equipment and the Air Force buys photograph supplies. As an example of joint purchase, the Armed Services Petroleum Purchasing agency buys petroleum

## The Worst IS YET To Come

It's been cold... but the worst is yet to come.

Some lucky folks are all set with electric blankets already at home. But for the rest... those who are looking forward to sleeping under a load of blankets this winter or suffering from a series of colds... the word is to "go electric."

Electric blankets bring you not only guaranteed sleeping comfort on the coldest nights, but a definite relief from colds. Under a comfortable featherlight electric blanket, you're not exposed to energy-draining nights of cold discomfort.

While the original cost is just a little more, you'll save money on cleaning your single electric blankets, and on storage problems. One night under an electric blanket, and you'll KNOW that you want the many advantages offered you by an electric blanket.

See Your Dealer

You'll find a choice of makes and colors in electric blankets.

### Muleshoe Club Met With Mrs. Beller

The Muleshoe Home Demonstration club met January 27, at the home of Mrs. D. E. Beller. Roll call was answered by each member giving club goals for the year. Mrs. S. C. Caldwell gave the council report. Mrs. A. W. Copley gave a financial report. The Muleshoe club will serve lunch at Your Exchange Sale which is held in Muleshoe beginning February 8. Hot dogs, pie and coffee will be served. Each club member is asked to bring two pies to Your Exchange office by 1:00 o'clock February 8. The club voted to contribute to the March of Dimes. The club committees were appointed for the year. Mrs. Byron Jeffcoat had charge of the recreation. Refreshments were served to Mesdames A. W. Copley, J. T. Shofner, J. E. Day, Earnest Holland, Roy Carney, D. C. Aylesworth, H. M. Shofner, Byron Jeffcoat, W. H. Awtrey, C. E. Briscoe, and the hostess, Mrs. Beller. The next meeting will be held February 10, at the home of Mrs. C. E. Briscoe. Each member is urged to be present for this meeting.

EXCHANGE VOWS . . . Mr. and following the nuptial vows read Saturday, Jan. 8, Miss Collene Kent became the bride of Billy Bob Jasmine, son of Mrs. Effie Jasmine, Levelland. Rev. J. H. Wright, pastor of the First Baptist church read the nuptials at the parsonage at 2:30 in the afternoon at Levelland. The bride wore a blue crepe dress, with white accessories and a white gardenia corsage. Attending the bride were the bridegroom's mother and his cousin, Mrs. Mary Ellen Hillis of Levelland. Charles Hillis attended the bridegroom as best man. Immediately following the ceremony an informal reception honoring the couple was held at 504 Avenue I. The three-tiered wedding cake was topped with a miniature bride and groom. Mrs. Hillis served the cake with ice cream. Mr. and Mrs. Jasmine will make their home in Littlefield, where he is employed with the telephone company and she works at Thornton's cafe. He attended Fort Worth schools and NTSC in Denton for two years. She attended Muleshoe high school. The bride is a granddaughter of Mr. and Mrs. J. N. James, of Muleshoe. Among the out-of-town guests attending the wedding were the bridegroom's aunt and uncle, Mr. and Mrs. Deats Headlee of Denton; his cousins, Mr. and Mrs. Curtis Beard of Big Spring; her grand mother, Mrs. J. M. Bennett of Denton and Weldon Hawpe of Fort Worth.

### Pre-nuptial Shower Honors Miss Aday

Miss Margaret Aday, bride-elect of Percy Parsons, was honored with a pre-nuptial shower January 29, in the Annex of the First Baptist Church. Hostesses were Mrs. L. D. Taylor, Mrs. H. V. Snyder, Mrs. R. W. Trapp, and Mrs. Cecil Osborne, Jr., of Post. Connie Marie King, niece of Mr. Parsons, said a very appropriate poem—"Margaret and Percy's First Quarrel," followed by a game which ended by Miss Aday receiving the gifts. Parents of the couple presented them with a very lovely set of silverware and a satin comfort. Refreshments were served after Miss Aday opened the many beautiful gifts. Among out-of-town guests present were: Mrs. Alice Parsons, Mrs. Jewel King and Connie Marie King of Post; Mrs. Connor Parsons, of Tahoka; and Mrs. Bob Knight, of Morton. Many who were unable to attend sent gifts.

### Marriage Of Miss Collene Kent To Mr. Bob Jasmine January 8, Announced

(From County-Wide News, Littlefield)

In a double ring ceremony read Saturday, Jan. 8, Miss Collene Kent became the bride of Billy Bob Jasmine, son of Mrs. Effie Jasmine, Levelland. Rev. J. H. Wright, pastor of the First Baptist church read the nuptials at the parsonage at 2:30 in the afternoon at Levelland. The bride wore a blue crepe dress, with white accessories and a white gardenia corsage. Attending the bride were the bridegroom's mother and his cousin, Mrs. Mary Ellen Hillis of Levelland. Charles Hillis attended the bridegroom as best man. Immediately following the ceremony an informal reception honoring the couple was held at 504 Avenue I. The three-tiered wedding cake was topped with a miniature bride and groom. Mrs. Hillis served the cake with ice cream. Mr. and Mrs. Jasmine will make their home in Littlefield, where he is employed with the telephone company and she works at Thornton's cafe. He attended Fort Worth schools and NTSC in Denton for two years. She attended Muleshoe high school. The bride is a granddaughter of Mr. and Mrs. J. N. James, of Muleshoe. Among the out-of-town guests attending the wedding were the bridegroom's aunt and uncle, Mr. and Mrs. Deats Headlee of Denton; his cousins, Mr. and Mrs. Curtis Beard of Big Spring; her grand mother, Mrs. J. M. Bennett of Denton and Weldon Hawpe of Fort Worth.

### Mrs. Provence Is Hostess At Shower

The home of Mr. and Mrs. Sidney Provence was the scene for a shower honoring Mr. and Mrs. Coney Rudd at 8:00 Saturday evening, January 29. The table was decorated with a lace cloth and a three tier wedding cake covered in red roses. Coffee was served with the cake. The hostesses were Mrs. Sidney Provence, Miss Marlene Lindsey, and Thelma Bowen. Mr. and Mrs. Rudd received many lovely gifts from numerous guests who attended during the evening.

### Study Club Met With Mrs. Lenau

The Muleshoe Study Club met in the home of Mrs. Julian Leau Thursday evening, January 27. After roll call and the business session during which the club voted to donate \$10.00 to the March of Dimes Campaign. The program chairman, Mrs. Buck Wood and Mrs. Marion Harris took the members present to the movies for their part of the program "How to Relax." After the movie refreshments of blackbottom pie, nuts, and coffee were served to the following members: Mesdames Pat Bobo, M. F. Green, S. C. Beavers, Marion Harris, Clyde Holt, G. O. Jennings, H. D. King, Charles Lenau, Lee Pool, Buck Raggsdale, Irvin St. Clair, Buck Wood, Homer Sanders Jr., Mrs. Elizabeth Harden and one visitor Mrs. Glenn Rocky, and the hostess. The next meeting will be February 10, in the home of Mrs. Marion Harris with Mrs. M. F. Green in charge of the program "How We Inherit".

### BASS TO ADDRESS PTA AT MEETING HERE MONDAY

Roy Bass, Lubbock attorney, widely known as a public speaker, will address the Muleshoe PTA at its regular meeting the coming Monday night, and a full attendance of members is urged. The high school acaepella choir will sing.

### Little girls like to have glamorous curls just like mother and the perfect solution to the problem is a soft, natural looking home permanent wave. Wisp straight locks or thick unruly hair can easily be shaped, thinned, and then curled into any number of charming styles that will make little girls look their best—as illustrated in the hair styles shown above, inspired by famous story-book characters.

### Molasses Puffs

An old-time favorite, molasses, flavors these puffs which may be served either as a sweet bread or simple dessert.

Molasses-sweetened breads and cookies never fail to please today, just as they did in grandmother's time.

Here molasses gives its dark tang to a muffin-type bread which is quick to prepare. Liquid ingredients are added to the flour mixture and stirred only enough to moisten the flour, and the batter is ready for the pan.

Molasses puffs should be served as soon as they come from the oven—a hot luncheon bread to accompany a mild-flavored main dish. They are especially good with vegetables, fruit salads, cottage cheese. Molasses puffs may double as dessert if you garnish them with nuts and serve with a lemon sauce.

As much because of their high nutritional value as their fine flavor, molasses puffs are an excellent choice for the everyday menu. Added to the iron in the molasses is that of the enriched flour, which also supplies B-vitamins, protein, and food energy.

#### MOLASSES PUFFS

1 cup sifted enriched flour	1/4 cup melted shortening
1/2 teaspoon soda	1/2 cup molasses
1/2 teaspoon salt	1/2 cup buttermilk
1 egg, beaten	1/2 teaspoon lemon rind
1/2 teaspoon vanilla extract	

Sift together flour, soda and salt. Beat egg add shortening, molasses, buttermilk, lemon rind, and vanilla extract. Add to flour mixture, stirring only enough to moisten flour. Pour into greased

two-inch muffin pans. Bake in moderate oven (350 degrees F.) about 30 minutes. Makes about one dozen two-inch puffs.

This is a diesel... a modern locomotive that means better service to you.  
 Leaders of two unions think it's a feather-bed... a 'make work' grab that means less service to you.

Leaders of unions representing railroad engineers and firemen seek to force railroads to add extra, needless men on diesel locomotives. This is sheer waste—a "make-work" program which would mean fewer improvements and higher costs—for YOU!

Railroads use modern diesel locomotives because they are one of the means of giving faster, better service to you.

Two men compose the crew of a diesel. They occupy a clean, comfortable cab at the front. The engineer handles the throttle. The fireman sits and watches the track ahead. With no coal to shovel, he has practically nothing else to do.

No Benefit To You

Now the leaders of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen and Enginemen want to use the diesel locomotive as a means of forcing a feather-bedding scheme on the railroads. The extra men they propose to add to the diesel crews are not needed. There is no work for them.

The union leaders are fighting among themselves about which union should furnish these extra, needless men. The Brotherhood of Locomotive Engineers have even threatened a strike. You may not be interested in this dispute of these two unions, but you would be vitally concerned if these groups succeed in putting through this feather-bedding scheme, because it would mean a slowing up of the improvement program of the railroads—of which the diesel is the outstanding symbol. Diesel crews are among the highest paid

railroad employees—real aristocrats of labor! Their pay is high by any standard. Granting of these demands, therefore, would mean that the railroads would be paying out millions in unearned wages to those in the very highest pay brackets.

We'd Like To Spend This Money On You

You know how much the diesel has meant to you in increased speed, comfort and convenience. The railroads have many more of them on order for even greater improvement in service to you. But needless drains of money, such as this present demand of the unions for needless men on diesels, reduce the ability of the railroads to spend money on better service for you.

Proud as the railroads are of the diesel, it is only a small part of their improvement program. Since the War, literally billions of dollars have been spent on improvement of

tracks and stations, on new passenger and freight cars, as well as on diesel locomotives, and on the many other less conspicuous details of railroading that contribute to improved service.

Feather-Bedding Means Less Service To You

But brazen feather-bedding schemes like the one now proposed would, if successful, divert large sums of money from our present improvement programs. Even worse, they make improvements like the diesel worthless, by making the cost of their operation prohibitive.

These demands are against YOUR interests—as well as those of the railroads. They are schemes to "make work". Neither you nor the railroads should be forced to pay such a penalty for progress.

That's why the railroads are resisting these "make work" demands to the last ditch—and why they are telling you about them.

ENTERS DRAUGHON'S

A letter to The Journal from L. A. Corbell, Lubbock, relates that the oldest daughter of the family, Laverna Jo, has entered Draughon's Business College there for a business course. The Corbells formerly lived here.

How about making Flag Day this year Security Day for you and your family? The two observances go hand in hand because your security is inseparable from the country's Security. What ever you do for your own future good, such as buying United States Savings Bonds regularly through the payroll savings plan where you work, helps to stabilize America's economy. Help keep Old Glory flying over the land of the free and the home of the brave for your children and your children's children.

### AN EXCEPTION TO THE RULE

## One Hand Is Better Than Two When You're Handling Electrical Equipment

COLLEGE STATION, Jan. 31.—An efficient homemaker puts both hands to work—a lot more work is done with a lot less effort.

But there is an exception to that rule—and that exception is when it comes to electrical equipment.

Mrs. Bernice Claytor, extension home management specialist of Texas A. & M. College, points out that, for safety's sake, one hand is better than two when handling any electrical appliance or changing a fuse. If the appliance is worn or otherwise defective, causing a short circuit, there is always danger of shock. But there is less chance of severe shock if one hand is free—or is not touching anything else.

The Rural Electrification Administration of the USDA gives an example of a two-handed hazard: Running a vacuum cleaner with one hand and moving a metal lamp with the other—if either of these appliances happens to have a loose wire or other defect, the current may run through your body.

The REA also warns that special care must be taken in the bathroom and kitchen, because electricity travels through water.

Be sure your hands are dry when handling any electrical equipment—and make sure the floor is dry, too. When turning on an electric light with one hand, be sure not to touch water or the metal water faucet with the other. And never touch a radio, portable electric heater, or even turn on lights when in the bathtub, or washing dishes or clothes.

Mrs. Claytor concludes that the National Safety Council lists faulty electrical equipment and frayed electric cords as major hazards which cause hundreds of accidents each year. Repair or replace such equipment—and remember that "put both hands to work" doesn't apply to electrical appliances.

### HOME FROM COLLEGE

Home from college at John Tarleton this weekend were Bobby Precure, Max Gardner, Dick Taylor, Johnny Crow, David Wyer and a friend with David, James Sandlin of Anahauc. The boys returned Monday with the exception of David who plans to enter college at West Texas State Teachers College at Canyon this next semester.

## Pvt. Stelzig With Airborne In Japan

SENDIA, Japan—Private Billy G. Stelzig, 19-year-old parachutist of Muleshoe, Texas, now serving with the 11th Airborne Division in Sendia, Japan, has recently participated in the Air Transportability Training held at Yamoto, Japan. He is the son of Mr. and Mrs. L. Stelzig of Route 2, Muleshoe.

The training consisted of loading and lashing of cargo in U. S. Army transport planes (C-45, C-47, C-54, and C-82). Highlights of the course came when the trainee participated in tactical airplane flights.

Pvt. Stelzig joined the Army in Feb., 1948 at Clovis, N. M. He completed basic training at Fort Ord, Calif. Upon his arrival in Japan, he volunteered for parachute duty with the 11th Airborne Div., and was later assigned to the 188th Parachute Infantry Regiment stationed near Sendai, Japan.

His present job in the Army is that of a rifleman in "C" Company of the 188th Parachute Infantry.

**DeShazo's Boxing**  
**Given Publicity**

Jack DeShazo, of Muleshoe, received some complimentary notices in The J-TAC, student publication of John Tarleton Agricultural College, Stephenville, in its issue of January 25. Columnist Ed Thiele in his column "Sports Parade" said:

Jack DeShazo is fast establishing a name for himself as a pugilist. His most recent accomplishment was a pair of TKO's in local bouts.

Jack is boxing with the Stephenville American Legion Team. The same issue of the paper told how Jack handed Bob Corrothers of Cisco a one round knockout in an inter-city tournament. Jack, who is a son of Mr. and Mrs. J. J. DeShazo, of Muleshoe, was a member of the boxing team of Muleshoe high school, from which he graduated with the class of 1948.

**'Soil Surgeon' Says**  
**Seedbed-Making Boon**  
**Performs Multiple Work,**  
**Cuts Time in Half**

A new, efficient device for producing finer, smoother seedbeds is the "Soil Surgeon" now on the market.

Designed for use in a plowed field only, the device does the combined work of a double-disc, spiked toothed harrow and a float—and manufacturers declare it gives the farmer a finer, smoother seedbed in half the ordinary time.

The exclusive use of the soil surgeon after plowing does not turn up dormant weed seeds or plowed-under vegetation, thus giving a cleaner growing crop and richer soil. It levels the ground, fills all air pockets, and seals the moisture

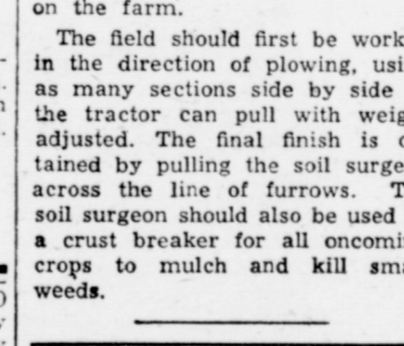

This "soil surgeon" is designed for use in a plowed field only. It does the work of a double-disc, a spike-toothed harrow and a float—and is said to give you a finer, smoother seedbed in half the time.

Sturdy and simple, the soil surgeon consists of two heavy steel pans with raised sides, to permit loading with dirt for added weight. These may be used singly or bolted together, depending on the desired width to be covered.

To the bottom of each pan are bolted 20 double-edged cultivator knives, each provided with a bearing to permit it to follow easily and automatically the tractor's line of travel. These heavy-duty knives slice the four and one-half inches of soil into one-inch strips, while the action of the pan pulverizes, smooths and levels the sliced soil in a way not approached by any other instrument currently in use on the farm.

The field should first be worked in the direction of plowing, using as many sections side by side as the tractor can pull with weight adjusted. The final finish is obtained by pulling the soil surgeon across the line of furrows. The soil surgeon should also be used as a crust breaker for all incoming crops to mulch and kill small weeds.

"Pigs is pigs," no matter where you find them—even on the Pacific Island of Guam in the Marianas. On farms established by the U. S. naval government on Guam, American sailors instruct natives in modern agricultural methods. Produce from the farms is used for naval personnel (who are fond of food anyway) and for the rehabilitation of the natives. In the photo an American seaman is driving some of the pigs to feed.

**Proper Carburetor Use**  
**Cuts Farm Fuel Costs**

A heavy tractor operating under a load with the carburetor slightly out of adjustment may burn a half-gallon more fuel per hour. In the average 50 days a year that farm tractors operate, the tractor may burn 250 gallons more fuel annually than it should.

Proper carburetor adjustment would save 13 per cent of the total fuel burned in farm tractors annually.

**Sheriff's Report**

Hello, everyone. This catches us in the middle of our first month report in the tax end of the office, a pretty busy time, I must say.

Well, folks, things have been very quiet the past week—as far as crime was concerned. We haven't made a single arrest this week.

We had a report from Mr. Sam Fox Monday morning that someone took his defroster off of his gasoline transport truck, also got a wrench and some screw drivers. We also had a report of some shooting Sunday of a pickup down at the auction sale barn. We found the boys who did the job, but we can straighten this out without arresting these boys.

Tuesday about noon Mr. Dave Aylesworth reported two hub caps stolen from his station wagon at the dance Monday night.

Folks, for the past week we have been cussed and discussed mostly in regard to traffic regulations. Some seem to think we should just let the traffic go all together, but the greatest percent of the people seem to appreciate traffic regulation, and it just seems impossible to satisfy everyone.

So, all we can do is just map us a course to take and stay with it. And we ask each of you for your cooperation.

At any time any of you have any suggestion or anything you wish to discuss with us, feel free to come to us at any time, for we are open for suggestions you may have, especially for the betterment of our county or town.

At any time you people disagree

on something we have done in law enforcement come up and we will be glad to see into it, and if we are wrong we will try to make amends, and maybe not make the same mistake twice. After all we are just one of you and are subject to mistakes also.

I must say the people of Bailey County and surrounding places are as good and happy a bunch as there is in the world. This was shown at our March of Dimes Dance Monday night. It seemed old and young had a wonderful time. I want to thank each of you for your attendance and congratulate the committees on the way things were carried on. It was a jam up good old time get-together and for a good cause.

Maybe next time we will have some news. Until then, I remain your Sheriff.

Hugh Freeman.

## Wildcat Oil Well Is Staked In Lamb County Eight Miles South Of Sudan

(From Sudan News)  
According to an article on the oil page of the Fort Worth Star-Telegram, the Pacific Western Oil Corporation is preparing to drill a "wildcat" oil well in western Lamb County.  
The tentative location for the well, according to the article, is in the northeast quarter of labor League 213, Deaf Smith County School Land, which is on the C. V. Alexander farm eight miles south of Sudan.  
News of the proposed oil venture spread through Sudan and county like "wildfire."  
A second location in Lamb county, four miles west of Littlefield was staked this week and drilling

operations are underway.  
The new location near Littlefield is about a mile west of the old Bagwell test. The well is being drilled by the DeKalb Oil Company. The actual drilling contract was let to the George P. Livermore Co., Lubbock. The contract calls for the well to be drilled to a depth of 4,200 feet.  
The well will test the San Andres formation in this area.  
Leasing activities in the area are reported brisk with the announcement of the new wells and their locations.  
Progress of the new wells will be watched with great interest by the people of Sudan, particularly eight miles to the south of us.

## How To Make Good Coffee—Every Time

THE average coffee-pot, believe it or not, is the most frequently used piece of equipment in the American kitchen. Unfortunately, judging from results, it is sometimes the most mis-used, too.  
Uniformly good coffee — full-bodied, clear as dark amber, fragrant — is merely a matter of following directions. Once you have learned how to make coffee the proper way, you will never think of making it otherwise.  
The basic rules for coffee making — that is, the rules that apply to every type of coffee-maker — are simple. Here they are:  
1. Keep your coffee-maker sparkling clean, and scald it before using.  
2. Start with fresh, cold water.  
3. Allow two level tablespoonsful of fresh coffee to each three-quarters of a measuring cup of water. For demi-tasse service, use one-and-a-half as much coffee to the same amount of water.  
4. Never boil coffee.  
5. Be sure your coffee is the proper grind for your coffee-maker.  
6. Serve coffee immediately after brewing — and serve it piping hot.  
To make good coffee in a drip coffee-pot, first bring water to rolling boil. Measure coffee carefully into coffee basket. Then measure amount of boiling water to allow three-quarters of a measuring cup

to each two tablespoons of coffee. When water has dripped through, stir hot coffee thoroughly to insure an even brew.  
If you use a vacuum coffee-maker, follow the same proportions of water and coffee. Heat water to boiling point in lower bowl. Insert filter in upper bowl and measure coffee into it. Turn down heat under lower bowl and insert upper section. When most of the water has risen to top, stir water and coffee briskly. After two or three minutes, remove coffee-maker from heat.  
Cloth filters should be kept in water in the refrigerator between uses — never wash them with soap.  
For percolator, measure cold water into pot and heat to boiling point. Remove from heat, measure coffee into basket and return to heat. Let it percolate gently for six to eight minutes. That's all there is to it.  
Don't forget that there are a number of interesting ways you may serve coffee. Try it with a twist of lemon peel, for example — it's colorful and delicious. If you like sugar in coffee, try a tablet of saccharin to cut calories. Then there is cafe au lait — hot milk and hot coffee poured into the cup together. Or, for an elusive flavor, stir your coffee with a stick of cinnamon. The old standbys, however, are cream and sugar, still the favorites of millions.

From where I sit... by Joe Marsh

### Duke Gets His Tractor

Duke Thomas bought a farm with the money he'd saved in the Service, but he couldn't get a tractor. He needed it badly, but was tenth on the local dealer's list.  
"Tell you what," old man Peters says. "If those nine fellows ahead of you agree, you'll get the next one I get in." "No, thanks," says Duke, "I'll just take my turn."  
But old Peters mails out nine postcards. And the other day he tells Duke his tractor will be in next week. "I simply wrote the facts to the fellows ahead of you. They decided it."

From where I sit, it's that spirit of understanding that helps make our democracy so great. Understanding for the other fellow's problems and respect for the other fellow's rights — whether it's his right to earn a living, his right to cast his vote against your candidate, or even his right to enjoy a moderate, friendly glass of beer or ale — if and when he chooses. Let's always keep it that way!

Joe Marsh

## Asks Holiday For FDR Birthday

AUSTIN, Feb. 3—A resolution asking Congress to declare January 30—the birthday of the late President Franklin D. Roosevelt—a national holiday, was presented in the senate last week by Senator Kilmer B. Corbin of La-mesa. The lengthy resolution lauding President Roosevelt was unanimously adopted and went to the House for consideration. Copies of the Corbin resolution will be sent to the President, Vice-President,

Speaker of the House and to each Senator and Representative from Texas in the Congress of the United States.

Although a freshman in the upper house of the Texas Legislature, Senator Corbin has ably demonstrated his ability as a lawmaker on many occasions during the first days of the present session.

Much of his time last week was occupied in a battle which is expected to result in West Texas getting what it wants in the way of water priority laws.

At a meeting here, called by the West Texas Chamber of Commerce, Corbin was selected to direct the progress of water bills in the Senate and protect West Texas' interest when water measures are considered.

## ATTENTION

### Friends of Boy Scouts In Muleshoe, Texas

The Citizens of Muleshoe, have been very generous in the past, contributing of their means and money, to the acquiring of a Boy Scout Hut, in the town, for the use of both the boy and girl Scouts. E. K. Warren & Son of Three Oaks, Michigan, have deeded to the Boy Scouts, a certain plot of land, just east of the Hospital, which will be sufficient for a number of years to come.

However, to continue the Scout work in Muleshoe, Texas, it is necessary for the Citizens to contribute to the South Plains Council, Boy Scouts of America, to help defray the expenses of the South Plains Council office force, and for Supervision that comes from said Council, to the troops of Muleshoe, Texas.

In the past it has been necessary for the Scout Committee to go around to the business men and other citizens of Muleshoe, Texas, asking for donations to continue Scouting in Muleshoe, Texas. For several years, several of the business houses and other private citizens have signed "Sustaining Membership" cards, in which they authorize the Muleshoe State Bank, to charge to their account, a certain sum each month, to help in the program of the South Plains Council, Boy Scouts of America. The Boy Scout Committee, of Muleshoe, Texas, realizing it is embarrassing to go around each year, asking the people for donations to the Scout program, decided to put on a drive for a "SUSTAINING MEMBERSHIP". When a party signs a "Draft Authorization Card, then the Muleshoe State Bank, will take from said parties account, each month, the amount designated in said Draft Authorization.

At the present time the following Firms and Citizens are contributing on the Draft Authorization Plan, and we trust that other citizens will join in, and sign Draft Authorization for "Sustaining Membership," and in that way no one will have to go around soliciting donations for Scouting. As the Committee receives other Draft Authorization for "Sustaining Membership," their names will be added to the following list:

- |                             |                                   |

## Slants From The Sidelines . . .

By W. E. Hill

We received a lot of comment on our column last week about the eligibility rules discriminating against the school boys and girls.

One man stated that he had been ruled ineligible one year because he had moved from one town to another with his family. He stated that it was unfair to him as well as to the school and that something should be done about the ruling.

He suggested that the Inter-scholastic League should form a committee to investigate why a student moved from one school to another, and that if the student had a plausible excuse, then he should be eligible to participate in athletic or other Inter-scholastic League work. However, if he was found to have moved for any reason that looked a little shady then he should be ruled ineligible.

Of course there would have to be an investigating committee appointed for each district who would have to keep a record of all students that moved from one school to another in the district and that would cooperate with other districts where students moved from one district to another.

We do not know whether this idea could be worked successfully or not, but there should be some other way to handle the situation than the ruling that is now in effect. At any rate the student should not be discriminated against if he has to move from one place to another which is beyond his control.

The local basketball teams are still showing improvement under the guidance of Coach Hedges. He has a tremendous job and has done very nicely with it. He has about twenty girls and around the same number of boys on his A and B teams and then he has several other junior boys to coach which will bring the number of persons under his guidance to around 50 or 60.

So far this season his teams have not won many ball games, but they are improving and by next year or year after next he should have one of the best basketball squads in this district . . . boys and girls.

During the annual tournament which was reeled off over the past weekend, the gymnasium was packed to near capacity crowds every day which was a very good showing considering the type of weather we were having at the time of the tournament.

However there was one outstanding thing during the entire tournament that stood out like a sore thumb . . . no electric score board, which in our estimation was the only thing that marred the tournament in one little par-

## Jackets Win Over Three Way; End Of Season Draws Near

The Muleshoe Yellow Jacket cagers bounced back after having lost to the strong Levelland five in their tournament here last weekend and defeated the strong Three Way five 54-42 with Ed Nickels leading his teammates in scoring by swishing the basket for a total of 18-points.

The B-team also bouncing back from an early defeat in the tournament games, swamped the Three Way team 22-4 with Glenn Harlan and Odell Spivey sharing the high point honors with 9 each.

The girls team didn't fare so well, losing their game to the Three Way Sextett.

However The Journal was unable to find out any of the particulars about the girls game at press time.

**Played Another Game**  
The Muleshoe cagers also played another game early this week, but The Journal again was unable to find out the particulars of these encounters.

**Play Sudan**  
At the time The Journal Sports page was being put to press Wednesday afternoon, the Muleshoe cagers were traveling down to Sudan where they were to meet the Sudan Hornets in a conference encounter.

**To Play Levelland Here**  
On next Tuesday night, the next scheduled game for the Muleshoe cagers, they will meet the Levelland Lobos here in a conference encounter.

The following Friday, February 11, the local cagers will travel down to Morton where they will meet the Morton teams for their final conference game of the season.

On Tuesday, February 15, the Muleshoe teams will travel over to Springlake where they will play their final scheduled game of the season.

**Girls named on the all-tournament team were:** Ingram, Texico, McDaniel, Texico, Emerson, Three Way, Myers, Springlake, Reeves, Sudan; and Fields of Muleshoe.

**Boys named on the all-tournament team were:** Roberts and Rainey of Levelland; Mayhon, Spade, Layton, Bula; and Joe Cummings of Muleshoe.

The Muleshoe boys A-team was awarded the Sportsmanship Trophy as well as second place tournament trophy.

Below tournament games are listed with the outcome and the high point scorers in each game for each team.

**Thursday games**  
The Texico girls dumped the Levelland sextett 40 to 36. Pat Ingram, Texico scored 14-points and E. Shrum and P. Tipton of Levelland 14-points each.

The Levelland A-team smothered the Muleshoe B-team 58-14. Paul Humphries, Levelland was high point man with 19. John

# MULESHOE JOURNAL SPORTS

THE MULESHOE JOURNAL, Thursday, February 3, 1949

## Levelland And Texico Win Local Tourney, Jackets And Three Way Win Second Place

### BULA AND SPRINGLAKE TAKE CONSOLATION HONORS; TEAMS NAMED

The Levelland Lobos and the Texico girls won the championship awards at the Muleshoe Invitation Basketball Tournament here over the past weekend. Bula boys and the Springlake girls captured the consolation honors.

Levelland won the championship by swamping the Jacket five 42 to 26 with Larry Roberts leading his teammates with 14-points and Joe Cummings leading the Jacket five with 10-points.

Texico won the girls' championship by drubbing the Three Way sextett 34-26. McDaniel lead Texico with 21-points while Emerson led Three Way with 11-points.

The Springlake girls, led by sharp-shooting Cleavenger with 17-points won over Bula 28-13 for the consolation trophy.

The Bula boys edged past the Springlake five 18-17 to count the boys consolation trophy. Saylor hit for 12-points for Bula while Skinner made 6-points for Springlake.

**Girls named on the all-tournament team were:** Ingram, Texico, McDaniel, Texico, Emerson, Three Way, Myers, Springlake, Reeves, Sudan; and Fields of Muleshoe.

**Boys named on the all-tournament team were:** Roberts and Rainey of Levelland; Mayhon, Spade, Layton, Bula; and Joe Cummings of Muleshoe.

The Muleshoe boys A-team was awarded the Sportsmanship Trophy as well as second place tournament trophy.

Below tournament games are listed with the outcome and the high point scorers in each game for each team.

**Thursday games**  
The Texico girls dumped the Levelland sextett 40 to 36. Pat Ingram, Texico scored 14-points and E. Shrum and P. Tipton of Levelland 14-points each.

The Levelland A-team smothered the Muleshoe B-team 58-14. Paul Humphries, Levelland was high point man with 19. John

Whipple, Muleshoe made 12. The Spade boys edged Springlake 36-22. Streety, Spade, was high point with 22; Smith, Springlake made 17 points.

The Sudan girls won an overtime game from Springlake 29-28. Laquita Williams, Springlake, was high point with 18; Clevenger led Sudan with 15 points.

The Muleshoe A-team edged by Bula 23-21. Ed Nickels was high point man with 14; Cash, Bula, next with 8 points.

**Friday Games**  
Muleshoe girls edged past Bula 25-15 in second game. First game was ruled out as a mix-up in the score left the two teams tied 20-20. Kay Malone, Muleshoe, made 10 points; Charlotte Hall, Bula, made 9 points.

Bula boys edged Morton 20-16. Harold Saylor was high point with 14; Smith, Morton made 7.

The Springlake boys A-team swamped the Muleshoe B-team 46-13. Skinner, Springlake was high scorer with 14; Roark, Muleshoe, made 5 points.

The Springlake girls A-team edged Muleshoe B-team 21-14. Clevenger, S'lake, made 17 points; J. Kirk and J. White, Muleshoe, scored 6-points each.

The Bula sextett sank the Morton girls 22-10. Charlotte Hall, Bula, made 11 points.

The Levelland A-team edged by Spade A-team 25-22. Roberts of Levelland made 14 points while Mayhon, Spade, made 10-points.

The Muleshoe boys A-team just slipped past Three Way 28-24. Newman, Three Way made 13-points while Gaede, Muleshoe, hit for 8-points.

The Three Way girls dumped the Muleshoe girls 27-16. Emerson was high with 19-points; Sanders and Malone, Muleshoe got 5-points each.

## Bickel And Goss In Lubbock Fights

James Bickel, who is fighting on a Lubbock team, but is a local boy won over Calvin Pyle of Lockney by a decision last Monday night at the fights in Lubbock.

Pyle had won a very close decision over Bickel at a Plainview meeting a couple of weeks ago, but Bickel took him for an easy decision at Lubbock.

However as The Journal Sports Page was going to press Bickel was preparing to meet a boy from Roaring Springs who showed

## Legion Five Move Up In League Play

The American Legion Independent Basketball team is the only local team that has been able to play a game within the past several days due to the bad weather conditions.

Last Tuesday night the local Legion five edged past a strong Spade team 42 to 40. This week Legion five three wins to now es so far in the league stand.

Try Journal Classified Ads.— They buy, sell and trade.

plenty fighting ability when he won a decision over his opponent at the Lubbock fights Tuesday night. If Bickel gets past him he'll be tops in our books.

Bobby Goss also was entered in the Lubbock fights and was to have met his opponent Wednesday night, the outcome of which we are not able to print due to reasons stated above.

## Buried Treasure Is Still Hunted

AUSTIN, Feb. 3.—A treasure in Spanish gold is still being somewhere in West Texas, according to a legend recounted in the current issue of the Junior Historian by Frieda Lucas of Wichita Falls.

Writing for the magazine which has Publication headquarters in the University of Texas, town, relates that many for- been poured into a hira- for the \$50,000,000 gold and other treasure, reported buried by the Spaniards between Clyde and Abilene.

The original story, according to Miss Lucas, states that leaders of a Spanish Pack train transporting the gold to the coast, heard Indians were planning to attack them and buried the treasure.

The map indicating the treasure's location was sent to Spain where it was found many years later in a cathedral, and returned to Texas. As late as 1937 men were digging at the site where the treasure is believed to be buried, the young author writes.

Other contributors to the current issue are from chapters in schools in Texas City, Fort Worth, San Marcos, Palestine, Baytown, Huntsville, Wichita Falls, Cuero, Dallas, Henderson, San Antonio and Iraan.

**MERRY MIX-UP ON "WHEN SATAN CAME TO MULESHOE"**  
There was quite a mix-up in regard to the clipping of the poem "When Satan Came To Muleshoe" printed in last week's Journal. We said Mack Hale had brought the clipping in. Shortly afterwards, Mrs. Edgar Broyles came in and said she was the one who had turned the clipping in for publication.

The Journal staff was quite puzzled for a time. But upon checking we found that both had turned in a clipping of the poem, both from the same Shawnee, Okla., paper. Ray Broyles had sent the clipping here to his brother; and Mack got one about the same time. Thanks to both of you.

## "Strengthen The Arm Of Liberty" Crusade Will Be Major Activity Of Organization In Next Two Years

In every part of the nation more than 2,200,000 boys and their adult leaders, will observe Boy Scout Week, Feb. 6th to 12th, marking the 39th anniversary of the Boy Scouts of America. The theme of the celebration is "Adventure—that's Scouting!" This year the movement is emphasizing the fun and fellowship its members get out of the game of Scouting. More high adventure is planned in the out-of-doors. Their adventure in citizenship will find Scouts emphasizing civic service activities, emergency service training and world Scouting relationships. During Boy Scout Week, Scouts, their parents and countless communities will honor the volunteer adult leaders of the nation's 70,000 Cub Packs, Scout Troops and Senior Units. Above is the official poster marking the Scout birthday.

Twelve outstanding Boy Scouts, representing each of the nation's Boy Scout Regions, will represent America's 2,200,000 Scouts and leaders in ceremonies at Washington, D. C., and New York City during Boy Scout Week, opening Sunday, February 6, and closing on February 12, Lincoln's Birthday.

Boy Scout Week will mark the 39th anniversary of the incorporation of the movement at the nation's capital. On Tuesday (Feb. 8) the actual birthday, the entire membership will recommitt themselves to the Scout Oath or Promise at 8:15 p. m., in the four time zones.

Observed in every city and town and most villages and hamlets throughout the nation and its territories by 70,000 units, the celebration is the largest birthday observance of any young America. **Launch Two-Year Program**  
Federal officials and national Scout leaders will greet the twelve representative Boy Scouts when they arrive at Washington, D. C., on Tuesday, Feb. 8th. There the Scouts will share in ceremonies opening a new two-year program to "Strengthen the Arm of Liberty" by giving more boys in Scouting a richer experience. Scout leaders expect the organization to be at the peak of its usefulness to the nation by the end of 1950, near the close of its 40th anniversary year.

While at Washington the Scouts will make a "Report to the Nation of the Scout Citizen at Work in 1948," summing up the service projects and activities of America's 70,000 Scout Units, America. After their stay in Washington the Scouts will go to New York to meet United Nations officials and take part in ceremonies at the Statue of Liberty in New York Harbor on Saturday morning, Feb. 12, where torches will be lighted to symbolize the start of the two-year crusade.

**United Nations Campers**  
Taking part in the ceremonies at the Statue of Liberty will be the United Nations Boy Scout Troop, comprising sons of U. N. personnel of many lands, and some New York Scouts whose parents are of foreign origin. The entire group

will then go to the Greater New York Scout Camp near Alpine, N. J., nine miles north of the George Washington Bridge.

Here on the 950-acre short-term camp donated by John D. Rockefeller, Jr., and Thomas W. Lamont, with funds for buildings contributed by the Charles Hayden Foundation, the Scouts will camp overnight in the shadow of the nation's largest city.

**Crusade A Major Activity**  
Arthur A. Schuck, Chief Scout Executive of the Boy Scouts of America, has announced that the "Strengthen the Arm of Liberty" Crusade will be a major activity of the organization this year and in 1950.

"The proper training of youth takes on added importance in view of today's domestic and world-wide problems," says Mr. Schuck. "It is obvious that the boys of today are going to inherit a world situation which will tax their ability and their character to the utmost."

"There could be no more appropriate celebration of our 40th anniversary in 1950 than to show America a Scout Movement surpassing in expansion and program anything we have previously reached," Mr. Schuck said in a message to the nation's 543 Local Scout Councils on the eve of Boy Scout Week.

Calling the "Strengthen the Arm of Liberty" program a "crusade," the Chief Scout Executive said its objectives were three-fold. The first goal seeks a higher

THE MULESHOE JOURNAL, Thursday, February 3, 1949

quality in each of its three age level programs: Cub Scouting for boys 9, 10 and 11 years of age, Boy Scouting for those 12 and over, and Senior Scouting for young men 15 and older.

Better programs, said Mr. Schuck, will provide more fun and adventure. Boys will stay longer in the organization, he said, acquiring more "know how" to face the problems of manhood.

The Boy Scouts of America seeks to make programs available to all boys who need and want it. The second goal of more membership will be accomplished as the quality of the programs improve, Mr. Schuck says.

The third goal of the crusade is more volunteer leaders with proper training in Scouting techniques so that they can furnish necessary leadership to meet the first two major objectives.

During Boy Scout Week many of the nation's Local Scout Councils which administer the programs of Scouting in specific areas, will announce their objectives in program enrichment, membership growth and increased trained leadership.

Families are planning fewer children, are waiting longer to have them, and are setting increasingly higher objectives and attainments for their children.

IF WINTER COMES, CAN SPRING BE FAR BEHIND?

## Bit Of Spading Required Before Spring Planting

COLLEGE STATION, Jan. 31.—Got your garden tools handy? Better get them out and sharpen up the shovels and hoes. It's time to do a little work in the garden. It isn't planting time quite yet, but there's a bit of spading to do.

J. F. Rosborough, extension horticulturist of Texas A. & M. College, says that most garden soils should be prepared for spring planting in January or early February. If you prepare the soil deep, there's a good chance you'll catch a large amount of winter moisture that will be needed for the

garden. And if you have a few low spots in the garden area where the water stands a little longer after a wet spell than normal, then you've got a drainage problem on your hands. With these spring rains coming up, it would be a good idea to get these drainage problems out of the way as soon as possible.

Compost or barnyard fertilizer will prove helpful where it is applied. It'll take about a wagon load for an average size home garden, spread along in the row. If you can't get either of these materials, then you'd better check up on the commercial fertilizers if the soil is sandy and there's a good water supply.

Just before—or at planting time—three to five pounds of 5-10-5 commercial fertilizer should be applied for every 100 feet of row. Give the fertilizer a little time to break down and become available to the plants.

Then take a hoe and open up the furrow. And you're ready to plant the seed.

# POWER PLANT

that uses its Head!

THIS is the husky thrill-producer you find filling the bonnet of any 1949 Buick.

Look it over and you'll observe, among other things, that it is a valve-in-head straight-eight.

In simple language, this means that years ago Buick engineers lifted the valves from the side of the cylinder and put them on top—with some immediate advantages.

Such an engine "breathes" better. Gets a full, even charge on every intake—exhausts spent gases more easily—enjoys extra power, life and ginger.

And in such engines, compression ratios are relatively easy to establish. To step them up, the head is merely brought closer to the piston—no extra problems are presented getting fuel in and exhaust out.

Thus Buick power can—and has—kept pace with progress in fuels. Compression ratios suit gasolines actually available—and there's no

waiting for tomorrow's gasolines to get full performance.

There are other things to notice about this engine.

It's a Fireball power plant—uses a special and exclusive type of piston that gets more good out of each fuel charge.

And it speaks with soft, new quiet. Self-setting valve lifters automatically keep valves properly seated, ending tappet noises for good.

With gasolines getting better, the swing to valve-in-head design will undoubtedly grow stronger. But that is what Buick has had all along—a power plant that uses its head to give extra lift and thgill.

That's enough reason to see your Buick dealer now, with or without a car to trade, to get your order in.

### BUICK alone has all these features

Silk-smooth DYNAFLOW DRIVE • FULL-VIEW VISION from enlarged glass area SWING-EASY DOORS and easy access "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRIFLEX COIL SPRINGING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS • Cruiser-Line VENTIPORTS • Low-pressure tires on SAFETY-RIDE RIMS • DUREX BEARINGS, main and connecting rods BODY BY FISHER

Oil-Plate for Extra Protection!

Have you been a little slow about giving your engine the protection it needs for winter-weather driving? It's easy to change now to winter-grade Conoco Nth Motor Oil and the extra protection of an engine that is OIL-PLATED!

Because free-flowing Conoco Nth actually fastens extra lubricant tight to cylinder walls. This extra OIL-PLATING protects working parts from winter's grinding "dry-friction" starts . . . from metal-eating combustion acids . . . and from power-robbing sludge and carbon due to wear.

So stop trouble before it starts . . .

**LET'S GO: YOU CAN'T GET ANY PLACE STANDING STILL.**

**Making Democracy Work**

De Witt Wallace, left, editor of The Reader's Digest, hears George I. Hall, Grand Exalted Ruler of the Benevolent and Protective Order of Elks, outline the Order's campaign to help the nation's schools teach democracy. Elks lodges are equipping their local schools with sets of "Our American Heritage," filmstrips that dramatize the birth and development of our democratic freedoms from Magna Charta to the present, bring the Freedom Train right into school rooms. The campaign is part of Elks' program to "make democracy work." The Digest produced "Our American Heritage" at request of the National Education Association and the American Heritage Foundation, sponsor of Freedom Train.

**Elks Launch Program To Teach American Youth Their Heritage**

NEW YORK, (Sp.)—As part of their national program to "Make Democracy Work," the Order of Elks today launched a plan to make available to schools a slide film pictorial history called "Our American Heritage." The films were produced by The Reader's Digest in cooperation with the American Heritage Foundation and the National Education Association. General editor of the series was Marquis James, the noted historian.

The program was set in motion when Grand Exalted Ruler George I. Hall called on a million Elks in lodges throughout the country to present sets of the films to their local schools.

Each set consists of six strips, each telling a part of the story of our heritage as Americans in dramatic and interesting fashion. They show the development of our free institutions from Magna Charta through Colonial times and the struggle of the early Republic right down to the present. Emphasis is placed upon what democracy means to the individual.

"Education of youth is a vital part of our program to make democracy work to which our members have rallied so effectively," said Mr. Hall. "I think I know as well as anyone the opportunities offered the youth of this country

America has been good to me. In return, I want to do all in my power to help our youth of today.

"The youth of America must be told of their heritage as Americans. The Freedom Train, which was so well received throughout the country, demonstrated how important this can be. It is only through education of this type that we can combat subversive influences at work to destroy the faith of our youth in democracy. We know that it is a basic part of communist strategy to weaken democracy by subverting youth.

"Currently the Order of Elks is sponsoring a national high school essay contest on "Why Democracy Works." We feel that these films will be a great help in further enlightening boys and girls lucky enough to be Americans. We are combatting communism by strengthening democracy."

Mr. Hall said that the scope of the series is indicated by the titles of the six films: "The Birth of Our Freedom," "Freedom's Foundation," "Freedom's Progress," "Freedom Today," "The Vocabulary of Freedom," and "The Literature of Freedom." They are designed especially for use in teaching classes in history, civics and English. Each kit is accompanied by a manual to assist the teacher in making the best possible use of the films.

**West Camp H. D. Club Met**

The West Camp Pollyanna H. D. Club met, Wednesday, January 26, in the home of Mrs. N. R. Harding. Meeting was called to order by the president, Mrs. Louise Busbice, who conducted a short business session. Mrs. Mae Busbice gave the Council Report. Our program leader for the day, Mrs. W. W. Couch gave a short talk on Prayer. Then she led in a round table study of our yearbook and

club goals for the year. Mrs. Harding demonstrated the steps in making her big angel food cake. Delicious cake, coffee and cocoa were served to the following members and guests, Mesdames: Naemie and Wilma Austin, Joy Jones, Louise and Mae Busbice, Vola Dutton, Sylvia Couch, Louise Roark, Pat Akin, Miss Lola Mpe Roark and the hostess Mrs. N. R. Harding.

**Lions Club Hears A Capella Choir**

Members of the Lions Club and their guests received a musical treat at their luncheon meeting held Wednesday in Gerald's Cafe when they heard several numbers presented by the Muleshoe high school a capella choir, composed of about forty boys and girls of the school, directed by George Moore of the faculty.

The choir sang "When I Grow Too Old To Dream"; a Negro spiritual, "Deep River"; and a benediction.

Fred Johnson, in charge of the program, introduced the group and director, who with his wife were guests of the club at luncheon.

Lion Johnson explained that the choir's quartet will sing for the Lions at their fourth meeting in this month. All agreed that Mr. Moore is doing wonders in training the voices of these youth. In a short talk Mr. Moore explained the object of the course he teaches in the school and the details which had to be ironed out before the present smoothly performing choir was developed.

The club had an unusual number of guests for this meeting.

Art Johnson, of Lubbock, after being introduced by Lion Johnson, told the Lions how he recently won the Texas Handicap Trap Shoot, with a score of 97 out of a possible 100.

**West Camp News**

Mr. and Mrs. Earl Graves of Gower, Mo., were guests in the home of Guy Austin last Sunday.

N. R. Harding, Jr., who is attending ENMC and Warren and Hurlshul Harding who are attending Tech spent the weekend with their parents, Mr. and Mrs. N. R. Harding.

The Partin and Guy Austin families visited Sunday afternoon in Lubbock.

Rev. Earl Mitchell of Central City, Kentucky, is spending the week in the W. W. Couch home. Robert Byrd, Partin and Guy Austin attended the Golden Gloves Tournament in Lubbock Monday night.

Jo Ann Williams was home from school at Tech this weekend to visit her parents, Mr. and Mrs. Johnnie Williams.

Mrs. Vola Dutton, Louise Busbice, and Sylvia Couch attended the H. D. Training School on metal work, Friday, January 28.

**January Was Characterized By Cold Weather, Unusual Moisture**

The past month brought not only a record moisture precipitation but also the coldest weather of the present winter, a monthly summary of Muleshoe weather by R. J. Klump, weather recorder shows.

Sunday morning his thermometer showed that a low of 4 degrees below zero was reached at some time Saturday night. The ground was still covered with sleet and snow that had fallen earlier in the week, and little thaw took place that day or in the days immediately following.

Monday morning the low reading was 7 degrees above zero. Low Tuesday morning was 12 above.

January was a blustery, cold, wintry month. There were nineteen cloudy days and other days were partly cloudy. On only four nights during the month was no ice noted. Highest temperature recorded during the month was January 23, with a maximum of 60 degrees.

Total moisture received during the month was 2.34 inches, highest January precipitation on record. Nearest to that was a 1.90 inches precipitation recorded in that month in 1939.

Consequently, January's moisture can be said to have a most paralyzing drouth which his w its dry fingers on the gave industry in the Muleshoe no for some months. People standing forward to a not incen, able wheat crop if conditions remain right, and of course they will get busy with land preparation as soon as the weather permits.
