Schools To Elect Trustees Saturday

Mr. Muleshoe ...

By Forbes

The old skinflint went along through life without ever stepping high enough to help anybody—not even anybody. Not that he didn't want to, but that he was too busy. When, late in life, he found himself in a financial position that would permit some slacking off in his efforts to make money, he set out to do good unto others. But he found that he had waited so long there were few indeed who needed the sort of help he could give.

Seen & Heard:

Mrs. Margaret Collins: Tell the folks how badly we need a roller rink here in Muleshoe. Surely if our neighboring towns can have a roller rink we can, too. Think of the number of trips made to Clovis and Morton to take our children where they can enjoy this most wholesome, healthful recreation, and estimate how much is spent on these trips. On one trip to Morton last week our group spent at least \$50 that may as well have been kept in our community.

That's telling them, Margaret, and if enough of us will holler for the things we know Muleshoe needs, we will begin to get some of them.

Since the memory of man runneth not to the contrary we all have stepped into the street when going by the building now occupied by the Pool Insurance Agency. This onerous task will soon be a thing of the past for the Pool boys are laying a fine, broad sidewalk this week. It will match that alongside the Muleshoe State Bank building and will be a big convenience to pedestrians as well as to the people.

Hooray for the Pool boys, a big hand for the Pool boys.

Muleshoe Needs A Play Center

By Jackie Sigman Smith

I can't help but think how swiftly Muleshoe is evolving from a wide-place-in-the-road to a city with requirements.

The thinking expressed by a local pastor in a recent article emphasized the open-mindedness of our leadership, and why Muleshoe is no longer a wide place in the road.

In a territory as richly blessed as ours, we should not spare money to entertain our children at home. If we meet their natural requirements, then our spiritual help will become more spontaneous.

Over-indulgence of the physical can be as detrimental to the spiritual development as poverty itself.

That is the responsibility of the individual parents. No society or organization is able to carry the problems of youth alone.

The church is the highest order to which any person may join himself. It's the richest source of food for the soul, and any person who feels this need, and does not avail himself of the church's supply, is cheating himself. It could be said they were taking the easy road which always leads downhill.

Though food for the soul is an essential to the well balanced as the food for the body, one cannot live on spiritual alone, any more than he can by "bread alone".

So we consider the Great Need of a Playhouse for our "natural" children. There is a law of Physics that holds singing, dancing and making music in the same class, all of which are physical responses of youth, and will not be ignored. Any person belonging to the Highest Order (Church) degrades himself and the Order to rub shoulders with the drunkard, or abusers of God's word. A clean place for our young people to recreate themselves is a splendid answer.

When I see this great sympathy and understanding for our youth, it gives me courage to say "Our youth, Muleshoe's youth, is not lost; we are not lost; because we have our neighbor, which is Christianity in a nutshell."

UESTS IN POOL HOME

Mr. and Mrs. Mart Pool and children of Plainview, Mr. and Mrs. Harvey Pool and children of Levelland, Myron Pool Sr. of Lubbock, Mr. and Mrs. John Cook of Clovis, were visitors Sunday in the home of Mr. and Mrs. Lee Pool. Mrs. Myron Pool is spending a few days here with her sons Myron and Lee Pool.

STYLE SHOW, Saturday Muleshoe

Legionnaires To Meet At Lubbock

LUBBOCK, March 29. — Legionnaires from 43 American Legion Posts in the 19th congressional district will hold their annual spring convention here Saturday and Sunday April 2 and 3. They will hear Department Commander William S. "Bill" McCraw of Dallas and enjoy a varied program of entertainment and instruction arranged by District Commander T. A. Thigpen of Big Spring.

THIGPEN

MCGRAW

Registration for the two day event will begin at noon April 2, at the Hilton Hotel. The same afternoon a typical 40 and 8 "wreck" and street play carnival will be staged in downtown Lubbock under the direction of the "voiture" from Plainview. Also scheduled for Saturday afternoon will be a reception by Auxiliary members in honor of their state president, Mrs. O. E. Ducey of Graham.

Saturday evening the group will enjoy a dance at the Hilton Hotel. Sunday's program begins early with a breakfast for post commanders, adjutants, and service officers starting at 7:30 o'clock at the Hilton Hotel. A panel discussion of mutual problems will be led by Chester Hubbard of Lubbock.

MRS. WRIGHT TO ACCEPT SHERMAN CHURCH JOB

Mrs. Aleda Mae Wright, our good and faithful nurse for so long at the Green Hospital & Clinic is leaving the hospital here for a church position with the home for aged Church of Christ ministers and their wives, near Sherman.

ON HONOR ROLL

Homer Paul, a junior business administration major at West Texas State College, is listed on the honor roll for the fall semester.

Three More Lovely Ladies To Model At Spring Style Show Here

MRS. DORIS BROWN

The stage is set for the Easter Style Show and Tea, to be given here Saturday afternoon, April 2, at 4 o'clock, and a large crowd of ladies is expected to see the modeling of women's and children's clothes.

Pictured here are some of the models selected to style clothing

Local Merchants To Sponsor "Trades Day" Every Saturday

Things went off so well at the first Trades Day, held in Muleshoe last Saturday, that the merchants quickly got together this week and decided to make this event a regular feature—at least for a while. So, people of the territory are advised to saddle up and get to Muleshoe the coming Saturday and every Saturday, do their trading, swap gossip with their neighbors, and possibly get in on some attendance prizes.

Premiums the coming Saturday will be bigger and better, topped with a first premium of \$50 in merchandise.

Other awards will be: \$25, \$10, 3 premiums of \$5 each, all good for merchandise at some store participating in the event. The event will be unreeled on Main Street at 3 o'clock. Only one event will be held this time, compared with two held last Saturday, one in the morning and another in the afternoon.

Howard Cox and L. S. Barron volunteered to do the leg work this week, and they report that about 60 merchants will be taking part in the Trades Day by this morning. Tickets are being issued.

Awards went to people as far away as Goodland and Lubbock in the events last Saturday. Big crowds attended.

Growing With Muleshoe

Above is shown the home of Plymouth and Chrysler automobiles in Muleshoe, the Covin Motor Co., operated by Mr. and Mrs. Herbert Covin.

The building is located at the southeast corner of the courthouse square, on the Norton highway.

This picture was snapped during the snowstorms of the recent winter.

The firm sells Chrysler and Plymouth cars and in addition operates a full parts department and maintains a service department, with Alvin Farrell in charge.

M. J. Gibson Gets The Legion Lot

M. J. Gibson, storekeeper at Goodland, in the south part of the county, was the lucky man in the Legion Lot event held here Saturday.

Mr. Gibson will get title to a lot in Legion addition, a corner residence lot 74x140 feet. It is within one block of the highway.

Red Cross Quota Nearly Reached

Bailey County people have nearly reached the goal set for this year's Red Cross drive for funds, Miss Helen Jones, treasurer for the county organization reports. \$1,350.10 has been reported, and this is only \$221.90 short of the quota, which is \$1,572.

By communities collections are reported as follows:

Muleshoe, \$975.03.
Three Way, \$226.00.
Bula, \$127.07.
Progress, \$22.00.

TRADES DAY, Muleshoe Saturday.

Red Cross Quota Nearly Reached

Bailey County people have nearly reached the goal set for this year's Red Cross drive for funds, Miss Helen Jones, treasurer for the county organization reports. \$1,350.10 has been reported, and this is only \$221.90 short of the quota, which is \$1,572.

PTA HAS PROCEDURE COURSE

Mrs. E. H. Goedeke of Lubbock, National Chairman of Procedure and Bylaws and State Parliamentarian and the Regional Vice-president of Texas was here Tuesday and Wednesday of last week as guest speaker on parliamentary procedure sponsored by the PTA of Muleshoe in the Fellowship hall.

REBEKAH LODGE TO MEET

All members of the Muleshoe Rebekah Lodge No. 114, are requested to present Tuesday night for team practice.

TRADES DAY, Muleshoe Saturday.

W. Q. Casey Named Active Vice-President Of Muleshoe Bank

W. Q. CASEY

W. Q. Casey, banker and business man of Haskell, has been named active vice-president of the Muleshoe State Bank, Jesse M. Osborn, president said today.

Mr. Casey, who was serving as mayor of Haskell, will assume his duties with the bank here April 1.

His addition to the official family of the bank will not affect the present personnel in any way, Mr. Osborn said.

Announcing his decision to re-enter the business field in which he has spent a number of years, Mayor W. Q. Casey submitted his resignation of the municipal post at a special meeting of the City Council Wednesday morning, explaining that he had accepted an executive position with the First State Bank of Muleshoe, Texas, beginning April 1.

A special election has been called for May 3, 1949, at which time a successor to Mayor Casey will be elected, to serve the remainder of his unexpired term.

By vote of the Council at Wednesday morning's meeting, City Alderman A. M. Turner was appointed Acting Mayor for the period from April 1 until election of a successor to Mayor Casey.

The Haskell Mayor, elected to that post in April, 1948, has been actively identified in business and civic circles in this city for the past decade. Formerly connected with banking institutions in Spur and Abilene, he came to Haskell from Spur in 1939 to accept the position of cashier in the Farmers & Merchants State Bank, where he remained in that capacity until the State bank was purchased by the Haskell National in July, 1947.

Since 1947, Mr. Casey has been engaged in the automobile and farm implement business in this city, and is local dealer for the Kaiser-Frazer automobiles. He is an active member of the Lions Club, and past president of that organization. Mrs. Casey, likewise, has been active in civic affairs and in Camp Fire Girls activities. Mr. and Mrs. Casey plan to move to Muleshoe about April 1.

Funeral services were conducted at the First Baptist church in Slaton Tuesday afternoon, with Rev. J. O. Harmonson, of Lubbock, officiating, assisted by Rev. J. T. Clinton of Lubbock and Rev. L. T. Merriott, of Union. Burial was in Southland cemetery.

Survivors include a daughter, Mrs. W. E. Howard, of Muleshoe; two sons, M. H. Evans, Coyle, Okla., and L. E. Evans, Lubbock; three sisters, Mrs. C. F. Wilson, Dallas, Mrs. C. W. Dean, and Mrs. S. R. McKinnon, of Lubbock; one brother, E. A. Vernon, of Vernon, ten grandchildren and one great grandchild.

Included among those from Muleshoe who attended funeral services were: W. E. Howard and family, Mr. and Mrs. Roy Howard, Minister Ebb Randol, C. L. Dyer, and Earl Jeter and family.

Mr. and Mrs. W. L. Hopper entertained with a shower party in their country home south of Slaton, Tuesday, March 22, in the evening, honoring Mr. and Mrs. Lawrence Royal, who were recently married.

A lovely array of beautiful and useful gifts were presented to the couple upon their arrival.

Miss Ione Stechen presided at the guest register, and assisted in unwrapping the many gifts which were passed around.

Dainty refreshments of home made "tea" cakes, fruit punch and other delicacies were served to the following guests:

Mr. and Mrs. F. A. Allison, Tommie Peace, Mrs. Maxine Reer and Jo Ann, of Muleshoe, Mr. and Mrs. J. C. Muller, Mr. G. R. Adams, Mr. and Mrs. Ted Royal, Carol Ann and Gary Lee of Fieldton, Mr. and Mrs. A. A. Gonzales, Donnie and Frankie, Mr. and Mrs. Willie Gonzales of Amberst, Mr. Cecil McCoy, Mr. and Mrs. K. B. Hopper and Jerry Lynn, Mr. and Mrs. Troy Hopper, Mr. and Mrs. Arthur Hopper and Mrs. McCoy of Spade.

Those upon whom the hostess presided at the guest register, and assisted in unwrapping the many gifts which were passed around.

Party And Shower Given Newlyweds

MORE MEN LIKE YOU

While we were brouching around through the many exchanges we receive at The Journal office every week, looking for something to comment on in our editorial section, we ran across a very interesting item in the Sudan News.

About two or three weeks ago a representative of the Franklin Life Insurance Company, Mr. Sewell, of Littlefield was enroute from Littlefield to Sudan on a very cold day.

He stopped to give a Mexican lady a ride and learned by pencil that she was deaf and could not talk. She had only been released from a hospital in Oklahoma and was enroute to Albuquerque to join her destitute people.

This touched the gentleman deeply, so he brought her in to the Santa Fe Station at Sudan and purchased her a ticket on the Santa Fe for her destination.

Few people realize that there are thousands of unfortunate people like the Mexican lady now in destitute circumstances and few . . . too few, in fact, ever do anything about it.

We have drives for this and that which are for many good causes, but we need some sort of an organization in every town, city and hamlet to give these unfortunate people a helping hand when they are down and nearly out.

Yes sir! We need many more people in this world like Mr. Sewell. . . . Then we wouldn't have to worry about many of the problems that are now facing the world.

BIGNESS FOR PEACE

Thomas Jefferson had a word of encouragement that applies to anyone alarmed about the world crisis today. In his first inaugural address, the third President said:

"But would the honest patriot, in the full tide of successful experiment, abandon a government which has so far kept us free and firm on the theoretic and visionary fear that this government, the world's best hope, may by possibility want energy to preserve itself? I trust not . . ."

Jefferson spoke to a nation young, weak, and troubled. At times it appeared that the United States of his day might never fulfill its potentialities as the stronghold of the free.

But it did. And the words and vision of men of Jefferson's ilk helped point the way.

Today the task is proportionately no bigger than on March 4, 1801.

With the advent of the Atlantic Pact, we of the Atlantic community acknowledge that keeping peace in the world is our task. We acknowledge it—but we also look askance at it. As in Jefferson's time there are those who say the task is too big.

Confidence Shrinks

'Bigness' Boxy

One prime reason why we lack confidence in the pact, or in the United Nations, or in the prospect that peace can be kept, is fear of Russia, its army, and its ideology. Fear of the bigness of China, its chaos, and its complexity.

It is fear of the bigness of the A-bomb and the B-bomber that whispers between the lines of the A-Pact. Fear of fear itself.

Yet bigness is the very stature of our time. It is the usual symbol of our greatness, not our apprehension. It is the biggest corn crop, the greatest wheat harvest. It is tall, husky children who sprout beyond their parents. Bigger ships, bigger planes, wider horizons—bigness is merely today's standard operating procedure, not its burden.

True, bigness always carries a challenge. No chip-on-the-shoulder attitude is enough. There are more Russian and Chinese shoulders. No "let the dust settle" ideal can guide us for more than a temporary interval. The dust is being stirred by experts.

Instead, what needs to be recognized with the clarity of a Jefferson is that the mid-century finds us not swamped with impossible commitments but "in the full tide of successful experiment." And what needs to be cast aside is "theoretic and visionary fear" that would make us wince from our task at each trumpet of alarm.—Henry S. Hayward in Christian Science Monitor.

Jester Signs Cancer Control Month Declaration

Urging all Texans to support "the mighty effort now being made by the American Cancer Society" to defeat cancer, Governor Beauford Jester has declared April as Cancer Control Month in Texas. "A benchmark has been established against this formidable enemy of all humans," Jester said. "However, the tide of cancer continues to mount relentlessly throughout this state and nation. All Texans must become aware of the cancer menace, and all Texans must be reached by the cancer control methods being sponsored by the American Cancer Society." With the Governor are, left to right, Dr. William Gambrell, Col. Ike Ashburn, Mr. Fagen Dickson, Dr. W. S. Bohls, all leaders of the Texas division, American Cancer Society.

WEST IS WINNING

Virtually on the eve of his departure for the United States, Foreign Secretary Ernest Bevin has told a cheering House of Commons that the West has won the struggle to save Europe. He declared:

Western Germany now is safe from communism. France has surmounted its disruption and is righting its economy.

Italy has overcome its strikes and produced a stable government.

The Atlantic Pact's machinery is ready to organize a western unity which Parliament would have thought impossible two years ago.

In short said Mr. Bevin, in two years—by peaceful means, by pacts and firm resolve—western Europe has been saved from communism and chaos.

"JOY IN THE MORNING" IS NEW LIBRARY BOOK

"Joy in the Morning" by P. G. Wodehouse is the new book in our library this week. This is Mr. Wodehouse's first novel since the war and has all the qualities that make the adventures of Bertie and Jeeves such delightful reading. The absurd situations, daffy dialogue, and gentle satire which have characterized the early "Jeeves" books are still here and when you read "Joy in the Morning" you'll agree with Bertie that it's "a bit of all right."

Recent livestock price declines should not confuse livestock producers. The prospects for making a profit feeding livestock are brighter than one year ago.

New Double Duty Table Water Heater

CHICAGO—Ice cream and hot water do not mix—yet Mrs. Patricia Andrews is happily serving that favorite dessert from the double-duty electric water heater installed as a work surface to make efficient use of space. Hotpoint engineers have designed the new heater so that its cabinet and working surface, built into her streamlined all-electric kitchen, remains at room temperature. Builders are now in this type of modern space saving equipment as step toward housing economy.

SUNDAY DINNER GUESTS

The Theron West family had for Sunday dinner guests Elder K. B. Martin and family of Slaton, Mr. and Mrs. Robert Mitchell and family, Miss Alene Price, Gladys Wagner, Wanda Atwood, Wilma Hubber. Entertained Sunday evening in the West home with cocoa, coffee, cookies were Elder Elmo Edwards and family of Plainview, Mr. and Mrs. E. M. Venable and children, of Olton, Deacon Phillips of Plainview, Elder Cy Denton and family, Amarillo, Elder Kenneth Martin and family of Slaton, Mr. and Mrs. Robert Mitchell and Mr. and Mrs. Scott Williams, Muleshoe.

Books were so scarce four centuries ago that they sometimes were chained to public book stalls.

MISS AMERICA LIKES PICNICS

HOPKINS, MINN. — Beautiful 18-year-old BeBe Shopp has that healthy look that comes from spending lots of time in the fresh air and sunshine. When the weather is nice, Miss America likes to go on picnics and her favorite sandwich is peanut butter and jelly or mayonnaise, on enriched white bread. She makes the sandwich "extra special" by sprinkling finely chopped celery on the peanut butter to get more crispness. "If you like lettuce, too, wrap it separately and add to the sandwich at the picnic," BeBe explains.

Plan Now For Dairy Pastures

COLLEGE STATION, March 28.—Texas dairymen should be planning now for adequate pasture, hay and silage crops for their herds says, G. G. Gibson, extension dairy husbandman of Texas A. & M. College. Each cow needs at least two tons of hay and three tons of silage. Good pastures will reduce the cost of producing milk and the cow does the harvesting. Lower production costs are daily becoming more important, and the producer who can cut costs now will continue to find dairying profitable.

Now is the time to plan for storage space on the farm for the year's supply of hay, silage and grains. It is always good business to store these feeds when the supply is large and the quality good, says Gibson.

Hungry cows grazing on lush clover are subject to bloat; this can cause the loss of animals. Gibson says it is a good idea to feed the cows hay before turning them into clover pastures. This practice will prevent bloat.

Many cows are lost each year because they get wire, nails, bolts, and nuts mixed in with their feed. Watch for this hardware and be sure that none of it gets into feed bins. You'll save more cows if you do.

The Texas Agriculture Experiment Substation ran some tests recently on sweet sudangrass and common sudangrass. At the conclusion of the experiment, they decided that one is as good as another in sudangrass pastures. Common sudangrass yielded more total forage during the dry years and was drought resistant. On the other hand, sweet sudan is resistant to the common bacterial foliar disease, and holds its lush greenness and palatability better as it approaches maturity with cattle grazing both the leaves and the stalks, says Gibson.

A regular check on the dairy, will keep the dairymen in profitable production, the specialist concluded.

PARTY CELEBRATES TWELFTH BIRTHDAY

Betty Collins observed her 12th birthday with a party in the home of her parents, Mr. and Mrs. Bill Collins. Indoor games were played by Betty and her seventeen little friends. The hostess' mother served ice cream with a decorated birthday cake.

EIGHTH GRADE PUPILS ENJOY SKATING PARTY

Pupils of the eighth grade of Muleshoe school Friday night enjoyed a skating party at the Morton roller rink. Two school buses were used to transport the 90 pupils, room mothers, and teachers. Driver of the buses were Coach Hedges and Roy Tibbets.

Ladies who accompanied the pupils are: Mrs. Willard Hedges, Mrs. Earl Ladd, Mrs. John Seid, Mrs. Lloyd Quesenberry, Mrs. Bill Collins, Mrs. Cecil Buhrman, Mrs. H. L. Brandon, Sr., Mrs. Bob Herrington, and Mrs. Jessie Stovall, the teacher.

Eugene Buhrman had the misfortune to fall and fracture an arm bone, despite the fact he is considered an excellent skater. The party took sandwiches, cookies, etc. and all enjoyed the outing hugely.

605 Were Treated At Scottish Rite Hospital In Dallas

Six hundred and five crippled children of Texas received surgery and medical attention at the Texas Scottish Rite Hospital for Crippled Children in Dallas, according to the recent annual report released by Asher Mintz, secretary.

In addition to the 605 in-patients for the year, 5311 clinic treatments were given other crippled children, who came to the hospital from all corners of Texas. A large number of cases were orthopedic or bone patients, under the care of Dr. Brandon Carrell, chief surgeon. Approximately 100 of the permanent bed patients were oral cases under the treatment of Dr. A. L. Frew. There were 165 polio patients treated during the 1948 epidemic.

The annual Christmas fund-raising campaign showed receipts sufficient to cover only about one-third of the annual financial needs of the hospital, and that operating costs have doubled over the pre-war period, Mr. Mintz's report indicated.

Ten years ago, in 1939, a dollar would buy a dozen eggs, (39c), a pound of butter (30c), a sack of 20 oranges (25c) and a tall can of milk (6c). Today the same dollar will buy one pound of butter (80c) and five eggs (49 cents a dozen).

Among savages a name is not permanent.

Grazing Test Is Underway At Tech

The third and final phase of a grazing experiment at Texas Technological college for comparative results on feeding Hereford cattle on irrigated pastures of alfalfa, mixed brome and rye grasses and alfalfa and mixed grasses will begin May 1.

Ten Hereford yearlings, picked at random from last spring's calf crop on Texas Tech property at Pantex ordnance plant, are to be used for the last test. These same Herefords have been used in a calf feeding experiment and were shown at the Junior Livestock show in Lubbock recently. W. L. Stangel, dean of agriculture, explains. Results of the second test will be completed and published in May. Each phase of the grazing experiment is for one year.

The calves weighed 418 pounds average in November. March 12 their weight was 605 pounds average. The pasture feeding of the calves has been started to demonstrate that calves can be satisfactorily fattened without nurse cows and gain cheaply and profitably. This practice can be followed by 4-H and Future Farmers of America members provided their calf entries receive dry lot classification in shows, Dean Stangel explained.

Continuation of the feeding test will be followed to prove practical with adults for commercial production of beef.

Callao, Peru, suffered 220 earthquake shocks in a day in 1745.

HOUSE BEAUTY AIDS

Removing Paint
Old paint and varnish is safely taken off with a commercial paint remover. Brush the liquid over the surface generously and allow to stand about 5 minutes . . . until the paint or varnish begins to soften. Then scrape off with putty knife, the strokes going with the grain of the wood. If first application does not remove all the old coat, repeat the process. The surface should be wiped with benzine to clear away all traces of the remover.

Painting A Trim
Use small brush for trim jobs, and dip only one-third of the brush into the paint to avoid splattering. Enamel paint is flowed on with straight parallel strokes. If enamel gets too thick in spots, pick up the excess with the brush and move it along the surface or wipe back into can. Wipe off any paint that goes over edge with clean rag. To paint floor or wall trims, use piece of cardboard or tin to protect surfaces not to be painted.

Painting Frames
Paint or varnish should be applied to window and mirror frames with a small brush to avoid any over-run of the paint. Here the job is further simplified by use of a masking tape at the mirror edge. The tape with adhesive backing is easily applied and stripped off, catches any paint which goes over the edge. Dry paint spots can be removed from glass with old razor blade in safety scraper.

Using Plastic Paint
Plastic paint makes a transparent coating to retard wear on linoleum or wood floors. This type of paint is also a good protection for work areas on kitchen counters and tables. Have a clean surface free from wax and grease before brushing on plastic paint otherwise paint will not dry or wear well. The plastic paint should be spread on freely with broad side of brush. Plastic finishes resist hot and cold water.

CARD OF THANKS
We wish to express our heartfelt appreciation for the kind words and deeds received by us, and for the beautiful flowers for our mother and grandmother during her illness and death. Your sympathy and kindness will always be remembered by us. The family of Mrs. Cam Evans.

The ivy obtains its food by driving its roots into the bark of many forest trees.

Safe Storage Of Sorghum Grains On The Farm Is Now Being Studied

COLLEGE STATION, March 29.—A series of experiments are underway to develop methods of safe storage of sorghum grain on the farm, according to Director R. D. Lewis of the Texas Agricultural Experiment Station.

These experiments are centered at the Beeville substation. Cooperating with the Texas Station are the U. S. Production and Marketing Administration and the Corn Products Refining Company.

Sorghum grain is considered a highly perishable crop by Gulf Coast farmers because of its high moisture content. The crop is harvested during June and July and must be sold immediately since there are no facilities for on-the-farm storage.

If practical methods of safe on-the-farm storage can be developed through this study, the farmer will be able to market his sorghum grain in a more orderly manner, Lewis said. He will be better able to take advantage of fluctuations in market prices.

Sorghum grain production has had a tremendous expansion in the Gulf Coast area in the past few years. High temperatures and humidity, and severe insect damage make the safe storage of sorghum grain in that section very hazardous, Lewis said. Seventeen storage bins will be used at Beeville for these tests. Seven are made of steel, four of wood, three of temporary construction and four are underground pits. Each bin will hold from 1,000 to 2,000 bushels of grain.

Lewis estimates that approximately one million pounds of the 1949 grain crop will be used to fill the 17 bins. The grain is being furnished by the Corn Products Refining Company.

Some of the bins will be painted aluminum and some pointed white to determine the effect of the color of the bin walls on the temperature of the stored grain. Thermocouples will be installed in each bin and an accurate check will be made on the grain temperatures during storage.

Moisture determination and germination checks will be made at frequent intervals during the storage period, Lewis said.

Chemicals will be used to determine their effectiveness in preventing heating and deterioration of high-moisture grain during storage.

A part of the program will also be on control measures against insects, Lewis said.

Agricultural engineers heading these experiments are M. G. Day, J. W. Sorenson, Jr., and H. Smith of College Station. J. Bradshaw is representing the P.M. Lewis believes findings of the study will encourage the feeding of more livestock on South Texas farms.

Because coffee was used as beverage it was employed as medicine.

CHEVROLET

is the most Beautiful BUY of all

for all-round quality...for all-round value

The most Beautiful BUY for Styling

Overnight, men and women everywhere have singled out the new Chevrolet as the most beautiful buy of all. You'll find it's the most beautiful buy for styling, of course . . . for it alone offers the ultra-luxurious lines, colors, fittings and fabrics of Body by Fisher at lowest cost.

And you'll also find that it's the most beautiful buy of all from every point of view and on every point of value . . . because it alone offers all these advantages of higher-priced cars at the lowest prices and at such low cost of operation and upkeep!

The most Beautiful BUY for Comfort

You'll have the highest degree of comfort in Chevrolet's Super-Size Interior with extra-wide "Five-Foot Seats," extra-generous head, leg and elbowroom and the advanced heating and ventilating system of a car that breathes.

The most Beautiful BUY for Driving and Riding Ease—with new Center-Point Design. This remarkable 4-way engineering advance—including Center-Point Steering, Center-Point Seating, Lower Center of Gravity without loss of road clearance and Center-Point Rear Suspension—gives driving and riding results found elsewhere only in costlier cars.

The most Beautiful BUY for Thrills and Thrift. Here's the only low-priced car with a Valve-in-Head engine—the type now being adopted by higher-priced cars—and Chevrolet's world's champion engine holds all records for miles served and owners satisfied.

The most Beautiful BUY for All-Round Safety. You'll enjoy maximum safety with: (1) New Certi-Safe Hydraulic Brakes; (2) Extra-Strong Fisher Unisteel Body-Construction; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows; and (5) the super-safe Unitized Knee-Action Ride.

*Heater and defroster units optional at extra cost.

NEW "DUBL-LIFE" RIVETLESS BRAKE LININGS—LAST UP TO TWICE AS LONG!

Linings are secured to brake shoes by a special "Perma-Bond" process thoroughly tested and proved by millions of units under all kinds of driving conditions. Because there are no rivets to limit lining wear or score brake drums, lining life is practically doubled. Chevrolet is the first full-sized car in America to bring you this important braking advancement!

PHONE 12 YOUR CHEVROLET DEALER MULESHOE, TEXAS

HERE FROM LOVINGTON

Mr. and Mrs. James R. Hobbs and son, Wally Moeller, of Lovington, N. M., visited over the weekend with her parents, Mr. and Mrs. Bill Kistler, and other relatives and friends.

HEARD WAYNE KING

Mr. and Mrs. E. E. Dyer, Mr. and Mrs. Roy Dyer, Mr. and Mrs. Howard Cox, Mrs. W. L. Taylor, Miss Gwyneth Bigham and Carter Taylor were among Muleshoe folks who heard Wayne King's orchestra play in Amarillo Sunday night.

VISITED IN LUBBOCK

Mrs. Beula Carles, Mrs. Earl Lee, Miss Bette Guthrie, and Mrs. Wiley Holman were in Lubbock Saturday visiting Mrs. Holman's mother, Mrs. Ethel Darnell who underwent an operation there recently.

TO CLOVIS

Joan Nickels, Edward Gaston, and Billy and Joyce Nickels spent Sunday in Clovis.

WERE HERE FROM COLLEGE

Jim Bickel, Jack young, Jack Cummings, Cecil Mardis, and Bill

Jim St. Clair were home from Tech this weekend. Cecil and Billy Jim took part in the Rodeo.

SPENT SUNDAY HERE

Mrs. A. K. Boyd and Mrs. Doyle Baccus of Sudan spent last Sunday here visiting friends.

OPENED NEW STORE

Mr. and Mrs. Irvin St. Clair were in Andrews Monday for the opening of their new store there.

VISITED MOTHER

Mr. and Mrs. W. H. Clements visited his mother, Mrs. W. F. Clements in Glinn, Texas over the weekend.

WENT FISHING

Clyde Waggoner, Pete Smith, and several others went fishing up near Amarillo this weekend.

VISITED IN MULESHOE

Mr. and Mrs. Robert Ottwell of Sudan visited in Muleshoe Saturday.

VISITED IN AMARILLO

Wayne Cherry spent the weekend with his uncle and aunt, Mr. and Mrs. Frank McKinney of Amarillo.

SPEND SPRING HOLIDAYS HERE

Donald Barnett and Jack Baker were home for the Spring holidays from ACC at Abilene this weekend.

WERE HERE SUNDAY

Mr. and Mrs. Lynn Smith and daughter, Diane of Dimmitt were here Sunday and visited Mr. and Mrs. Dan Bray and Mr. and Mrs. Clyde Bray.

Soil Conservation District News

Applications for soil conservation assistance have been received on 354 acres of land owned by P. W. Armstrong of Albany, on 160 acres owned by E. W. Curry, and on 364 acres owned by A. M. Miller of Amarillo.

Carl C. Bammert received technical assistance in laying out ditches for watering row crop land. Technicians assisted B. J. Obenaus in securing information pertaining to the construction of an elevated ditch.

Topographic surveys have been completed on farms owned by Mrs. D. W. Walston of Slaton, by Marvin Mays of Sudan, by the Wedel brothers, and by C. A. Norcross. These surveys will be used in planning and laying out systems for the application of irrigation water to the land.

C. R. Black has been given the row direction for cultivated portion of the Birdwell Ranch.

The Board of Supervisors met for their regular meeting March 21. Mr. Louis B. Dawkins of Plainview and Mr. John A. Perrin of Littlefield met with the members of the board for the transaction of regular business.

Band Concert Given At 3-Way

The Muleshoe High band gave a concert at Three Way Thursday night at 8 p. m. The band students were taken out there in a bus driven by Mr. Owens, the director, and several cars.

The pieces which were played were: "The Cardinal," "Little Jumbo," "Stars and Stripes Forever," "140th Infantry," and "Under The Double Eagle." These were all marches. There were also some overtures played: "Silver Tunesman," "Two Admirals," and "Janus," the piece the band will play at the contest at Canyon in April. They also played "Moonlight on the Meadow," a waltz.

There was quite a number in the audience and all seemed to enjoy it.

RAINBOW GIRLS TO ATTEND CHURCH IN BODY

Members of the Muleshoe chapter of the Rainbow Assembly will attend services at the First Methodist Church the coming Sunday evening in a body. They will sit in the choir and give the songs for the service.

This has become a custom with all Rainbow chapters, observing the birthday of the founder, Mark

Saxon, of McAllister, Oklahoma.

MULESHOE GROUP AT ANNUAL IOOF MEETING

Several from Muleshoe last week attended the I.O.O.F. annual grand lodge meeting, held in Waco. Included in the group of local Odd Fellows and Rebekahs were: Mr. and Mrs. Frank Snyder, Vernice Snyder, Mr. and Mrs. Neil Rocky, and Mrs. Sam Sims.

ON ANNUAL VISIT

Mrs. May Roundtree, of Nora, Ill., has been visiting here in the home of her cousin, Neil Rocky and family. Mrs. Roundtree has made an annual visit to the Rock-

eyes for many years and by now is acquainted with many in this neighborhood.

To mend a frayed or broken electric cord, splice the wire together and solder them. Tape each of the wires with rubber tape, then tape both wires together with friction tape.

TO ABILENE

Mrs. Dorothy Matthiesen and

Mrs. C. A. Barnett drove to Abilene Monday to return Donald Barnett and Jacque Baker to their studies in Abilene Christian College. The two boys had spent the weekend here with home folks.

FATHER WAS ILL

Mr. and Mrs. Howard Cox were called to Lockney last Friday on account of the illness of his father. The elder Cox is improved in health.

The NEW **54** COTTON PLANTING SEED NOW AVAILABLE

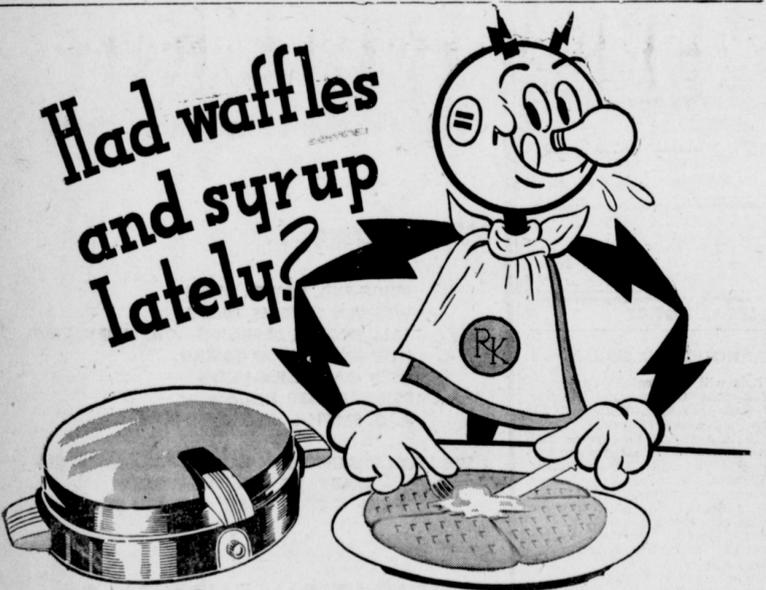

The NEW Paymaster "54" is now available for the 1949 planting season — ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton . . .

- **EARLY MATURITY**
Of 25 varieties tested recently . . . "54" was first in percentage of crop harvested in a four-month period.
 - **HIGH YIELD**
In this same test, "54" was third among all varieties in yield per acre.
 - **BETTER STAPLE**
"54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
 - **TESTED FOR DRY LAND**
"54" has been proved successful for dry land farming as well as for irrigated Plains areas.
- Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54"; order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"
Sold through your ginner, your seed dealer, all branches of the Western Cotton Oil Co., and at Lockview Farm, Plainview, Texas.

Tea And Shower Honors McCarty's

A tea and miscellaneous shower honoring Mr. and Mrs. Weldon McCarty was given Tuesday from 4 to 6 p. m. in the home of Mr. and Mrs. A. J. Lenderson.

Guests were greeted by Mrs. Lenderson and Mrs. Jim Cox presided at the brides book.

Mr. and Mrs. McCarty, Mrs. F. H. Davis, mother of the bride, Mrs. Delma McCarty, mother of the groom, and Mrs. Foy Futrell of Lamesa, sister of the bride were in the receiving line.

Mrs. Arnold Morris directed guests to the room where the gifts were on display. Dan Cupid was placed on the buffet held reign over the party carrying out the motif of the invitations. A lovely white organdy cloth applied in white linen was the center piece for the table. The center piece was a double wedding ring centered with a miniature bride and groom entwined with white stock, flanked by green tapers in yellow daisy nosegays in wedding ring holders.

Mrs. E. W. Evans presided at the punch service, where dainty tea cakes and punch were served and carried out the color scheme of yellow, green and white.

Guests attending were: Mesdames M. F. Green, Noel Woodley, A. J. Gardner, Sam Fox, David Anderson, Wilcoy Moore, C. R. Farrell, C. E. Beavers, C. H. Tate, Morris Douglas, Dudley Malone, Howard Elliot, Lee R. Pool, W. M. Pool, Sr., Phillips, Sam Darnon, Marion Harris, Ray Keeling, J. J. DeShazo, Bill Kistler, Clarence Goins of Floydada, Allen Bingham of Quitaque, W. B. McAdams, Milton Wise-

Safety Workers Strive To Reduce Farm Accidents

More than 1 1/2 million farm residents took enforced vacations last year due to accidents. In short, one out of every 17 farm people suffered a disabling accident.

Motor vehicle accidents now head the list of causes of fatalities to rural people, 7,300 of whom were killed due to collisions, blow-

outs and other highway mishaps in 1948.

The annual economic toll due to all types of farm accidents is now nearly one billion dollars!

In an all-out attempt to reduce these staggering figures, 4-H Club members throughout the nation are already engaged in the 1949 National 4-H Farm Safety program, reports Guy L. Noble, director, National Committee on Boys and Girls Club Work.

Daily safety practice is stressed in farm buildings and yards, in use of farm machinery, handling livestock and in driving or walking on highways. Through county

extension agents and local 4-H Club leaders, rural boys and girls are encouraged to check and remove conditions likely to cause accidents and fires, and promote safety practices in farm life. They are also taught to cooperate in community safety activities. The entire program is under the direction of the Cooperative Extension Service.

As added incentives to produce good safety records, General Motors is again donating awards. Five sterling silver medals of honor are presented members in each county for best safety achievements. The state winner is given an all-expense trip to the National 4-H Club Congress, and also an opportunity to be selected for national honors and one of the eight \$300 scholarships. The county reporting the most outstanding safety program in each state receives an engraved plaque of merit.

Pfc. Benson Takes Part In Air Force Operation Haylift

Pfc. Jhon A. Benson, son of Mr. and Mrs. John Benson of Muleshoe, is stationed at Fort Francis E. Warren, Cheyenne, Wyo., with the 346th Sqr., where he is attending Cavalry Tractor School.

During the bad storms, of the winter, he was sent to Casper, Wyo., with men from his squadron, along with men from the 928th and 809th. They opened roads to farms, ranches and homes. Pfc. Benson and Alvin L. McMasters were stranded 50 miles from Casper for four days and nights. When their provisions ran out they stayed in a sheep herder's cabin, where they got dry clothing and food.

They had to keep reopening the roads because the snow covered the roads again behind the snow plows. Pfc. Benson will return to his base at Spokane, Wash., April 12.

Muleshoe - Texas

So this is HOUSEKEEPING

Until our next-door neighbor came home from the hospital with seven pounds' worth of son and heir, all I knew about babies was that some wear pink and others wear blue. But by now I'm a master hand at safety-pinning! In fact, I was getting to feel quite the veteran in baby care until I was handed a small box and asked to "cut off six bottles" for the day's feeding. My ears hadn't deceived me! After a few pointed questions I learned that my friend was using a shellie nurse—a revolutionary nursing technique hailed by pediatricians as the first improvement in infant feeding in eighty years. There's no fussing with breakable bottles, no sterilizing. You simply scissor off containers from a roll of pre-sterilized plastic tube and fill with the baby's formula.

Now no one can say I'm old fashioned, so I asked my neighbor's pediatrician about the new nurse. I was told that after much experimentation and testing a registered nurse had developed not only a new product, but actually an entirely new method of infant feeding... the closest approach to nature's own way.

Shellie bottles are sterile, disposable, and collapsible. And, according to doctors, those three words tell the whole story! Since the bottles are sterile, there's no time, energy, or temper wasted in endless cleaning or handling clumsy sterilizer equipment. You use a disposable once... and throw it away.

"Collapsible" means that the major cause of air colic in babies is eliminated because the flexible bottle collapses as the formula is withdrawn—no vacuum can form. Baby doesn't have to fight for his dinner against a partial vacuum pressure as with glass bottles. With disposable bottles the formula drips steadily until the container is emptied and collapsed... easily, naturally, and with the nurse in any position.

It's a fascinating subject and I'm filing all my new-found information under the heading of "When and If". Someday...

VISIT IN DAVIS HOME
Mrs. Clarence Goins of Floydada, and her daughter, Mrs. Allen Bingham of Quitaque, were visitors in the F. H. Davis home Tuesday.

Uncle Sam Says

Every well-managed home maintains a financial reserve as security against future needs and emergencies. You may feel secure behind your own little bulwark—your job, your earnings, your savings. But you also want a safe and sure way to protect all these and that is through the purchase of U. S. Savings Bonds. The practice of putting away financial reserves into safe and profitable savings bonds should be a permanent and definite part of your savings program. Enroll now for the Payroll Savings Plan for buying Bonds where you work, or, if self-employed, for the Bond-a-Month Plan at your bank.

Exams For State Jobs Scheduled

The Merit System Council, which serves as a "clearing house" for positions in the State Department of Public Welfare and the Texas Employment Commission, will hold open competitive examinations on May 7, 1949, for a number of positions now open in those agencies, according to Chas. S. Gardiner, Director of the Merit System Council.

There is an increasing need for workers in the State Department of Public Welfare and the Texas Employment Commission. The immediate need for professional workers consists of Field Worker, with the Public Assistance Program; Child Welfare Worker and Senior Child Welfare Worker, with the Child Welfare Program; and Interviewer III with the Texas Employment Commission.

Stenographic and clerical needs consist of Stenographer II, Junior Stenographer, Clerk-Typist, Clerk IV, Apprentice Clerk, and Key Punch Operator.

The Council points out that applications for these examinations must be made out on an official application blank which may be obtained from local agency offices or by writing to the Merit System Council, 808 Tribune Building, Austin, Texas.

The closing date for submission of applications is April 16.

Hilltop News...

This week we had a little more news than usual to report.

We are sorry to lose such good friends as Mr. and Mrs. Norris Hatter and children as they moved close to Friona.

Mr. and Mrs. H. W. Blair had relatives visiting them Saturday and Sunday from O'Donnell, Texas.

Mr. and Mrs. J. A. Ware spent Saturday and Sunday with their parents.

Mr. and Mrs. Leonard Ware and Maxine and Mr. and Mrs. Cecil Harvey visited Sunday afternoon with Mr. and Mrs. H. W. Blair and two children.

Mr. and Mrs. C. L. Spivey had friends visiting them Sunday from Clovis.

Mr. and Mrs. John Burkhard

moved to Hilltop Tuesday. We hope they enjoy living here.

Mr. and Mrs. U. C. Blair went to Lazbuddy Sunday on business. We have had a few sandstorms this past week.

From where I sit... by Joe Marsh

Remember How We Talked?

It went like this at the Hooper's the other night. Hap's eighteen-year-old daughter is talking about "a real gone guy—solid—out of this world, but def."

"Now what kind of language is that?" Hap barks. "Can't she speak English?"

"I'll translate it for you," Ma Hooper says, "in the language of the twenties, when you were about twenty years old. She simply means this fellow is the 'cat's whiskers.' Remember how we used to talk sometimes?" Hap went back to reading his newspaper.

From where I sit, it's easy to criticize the other person when we don't take a good long look at ourselves. Sure, there'll always be some differences. I'm fond of a temperate glass of beer and maybe you would prefer ginger ale—but let's just live and let live. Because when we go out of our way to find things to find fault with in others, chances are they can find a few in us, too.

a New Engine for your Buick

Buick
REPLACEMENT
Power

FLASHING, new-car power at amazing low cost—that's the good news for you in this all-new, factory-fresh FIREBALL engine.

Better news is—it's in stock right now; pre-tuned before it left the factory—ready to be installed in any model Buick from '37 on, in less than 48 hours.

But wait till you hear about the low cost! Even with installation charges varying from model to model, the expense is no more than a thorough engine overhaul with the usual replacement parts. And you can pay for it in small monthly instalments.

You can get new power now! Why wait—

A Change is in Order...

Change to OIL-PLATING!

QUIET!... Your car will keep its smoothness and power when you OIL-PLATE the engine with Conoco Nth Motor Oil. That's because there's an added ingredient in Conoco Nth that fastens a protective shield of lubricant right to the working parts.

GOES FARTHER!

... because another exclusive additive in sturdy Conoco Nth combats carbon and sludge. Fewer quarts between drains!

BEATS THE HEAT!

... because stalwart Conoco Nth is made from top quality crude. It stands up better under summer heat and hard driving.

REDUCES COST!

... because Conoco Nth guards your engine from destructive combustion acids. You'll have fewer, smaller repair bills.

Oil-Plate today at your Conoco Mileage Merchant's!

Slants From The Sidelines...

By W. E. Hill

Large crowds of area people are attending the wrestling matches being held here every Saturday night and they are seeing some of the best wrestling performances in the country.

The rodeo was well attended

by area people last Sunday also, and many commented on the fine performance that they saw. However, the crowds were not so good for the Friday and Saturday shows as bad weather swept over the area keeping many rodeo fans at home.

However, the three-day rodeo program was a big success financially and also for the entertainment as well as for the entrants.

Baseball season is drawing a little closer as each week passes by and the local boys have been training for the past several days preparing for the coming season.

Football fans (especially those who are Texas Tech fans), can get a spring preview of the Texas Tech football team in action in the very near future as a practice game has been slated for the public at the Tech football stadium.

Of course it is against the Interscholastic League rules to have spring training at the high schools and therefore all work is concentrated on track and field events.

The dual track meet that was to have been held here last Friday afternoon was called off due to the fact that bad weather set in, but the Muleshoe track squad was prepared to compete with the Whiteface squad should they have showed up.

Friday and Saturday, April 8 and 9, has been set as the date for the district track meet which will be held in Lubbock at Texas Tech field.

Coach Hedges track squad will be competing on those two days for district honors and a chance to take some of his men to the state meet in Austin to vie for state honors.

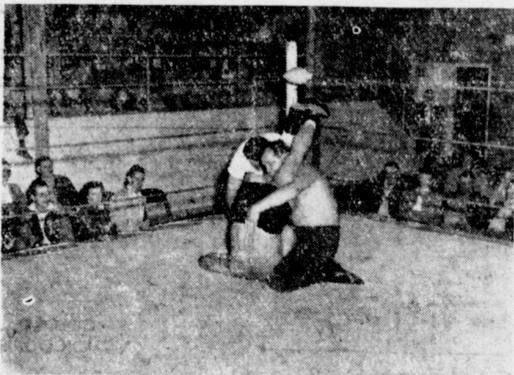

Again on April 15 and 16, he will enter his track squad in an invitation meet which is to be held at the Tech field in Lubbock where he will be competing against track squads from all over the state of Texas.

MULESHOE JOURNAL

SPORTS

THE MULESHOE JOURNAL, Thursday, March 31, 1949

Weaver, Kasaboski Win Bouts Here Saturday Night; "No Time Limit" Bout Slated On This Week's Card

Two New Fighters To Fight Saturday

The three photographs above were made here at the local high school gym last Saturday night of the bout between Weaver and Fenton.

Weaver won the bout pinning his opponent to the mat for the first and third falls.

The top photo shows Buck Weaver pinning Rod Fenton's shoulders to the mat with a head scissors hold. Center photo shows Fenton making Weavers scissors hold backfire as he managed to get Weavers shoulders pinned to the mat while using the same hold that he had previously pinned Fenton with in the first fall. Bottom photo shows Buck Weaver with a headlock on Fenton.

No Time Limit Bout Saturday

For the third time Alex Kasaboski will meet Buck Weaver in the main event of the double main event bill here Saturday night at

the high school gym. This bout will be a no time limit fight with the winner taking all the money. In the two bouts in which these two men met here at the local gym, each has won a fight.

In the opening bout of the night two new-comers to this area will make their appearance in the ring here.

Hy Sharman of Salt Lake City is pitted against Jack Pappenhiem of Troutdale, Oregon.

Sharman is a rough and tough wrestler and was put out of commission by an opponent last year when he received a broken jaw. He spent some time in a hospital recuperating and is now back in circulation.

Jack Pappenhiem is a former lumberjack and is a very clever wrestler and can mix it up when the going gets rough.

Saturday night's bouts are scheduled to begin sharply at 8:30 p. m. as usual stated an official of the Muleshoe Junior Chamber of Commerce, who are sponsoring the wrestling matches here every Saturday night.

THEY HATED TO LEAVE

Mr. and Mrs. Bill Hale told The Journal: "Put a piece in the paper and say how much we hated to leave Muleshoe and all the fine friends we have made here. We will always remember Muleshoe and the many kindnesses shown us by the fine people of this community." Bill was manager of Piggly Wiggly here and Jane worked for the AAA. They expect to move to Amarillo to live and he planned to go on the road for Libby's products.

VISIT IN WEST HOME

Elder Cy Denton and family, of Amarillo, and Elder K. E. Martin and family of Slaton spent Saturday night in the Theron West home.

Fire destruction in the United States broke all records in 1948, when more than \$711 million of the nation's resources went up in flames. This was the greatest destruction by fire in a single year in the history of the nation, the National Board of Fire Underwriters say.

New low-cost magic for your dream kitchen

Let's imagine this gorgeous Youngstown Kitchen is yours! You'll need no garbage pail, for the 48" twin-bowl Kitchenaider cabinet sink shown here is equipped with a Mullinaider electric garbage disposer that grinds away your food scraps in a jiffy! Ask us about the low monthly payments.

COME IN—soon—and see the lovely Youngstown Kitchen that frees you forever of the messy garbage pail!

For these Youngstown Kitchens have the Mullinaider electric garbage disposer that grinds away your food scraps before they can accumulate, and whisks them safely down the drain.

And that's only one endearing quality of these gleaming, white-enameled steel beauties, made by the leader in the field. There's storage space galore, with everything right where you need it for fixing meals, washing dishes and clearing up.

And, best of all, the price is amazingly low—thanks to Youngstown's high-volume production.

Why not come in right away, and let us help you plan your dream kitchen now?

Start your dream kitchen with Kitchenaider-Mullinaider Combination that banishes garbage forever!

You needn't buy your dream kitchen all at once. Start with a Kitchenaider cabinet sink (60" twin-bowl Kitchenaider shown) with Mullinaider electric garbage disposer. Add matching base and wall cabinets and accessories later. Come in soon for a free demonstration.

Youngstown Kitchens and Kitchenaiders available under low FHA terms

Cotton Lint Is Made Of Water and Air . . .
Cotton Lint, itself, takes no great amount of fertility from the soil, but the plant necessary to grow lint is limited in size by soil fertility and moisture.
In order to grow a good crop of cotton, you must have good soil and save all rainfall. All soil becomes depleted of fertility through repeated cropping and erosion unless a sound soil conservation program is applied to the land.

Golden Wedding Anniversary Is Observed By Muleshoe Couple

MR. AND MRS. I. H. HANEY

The daughters of Mr. and Mrs. I. H. Haney complimented their parents with a tea, on the fiftieth anniversary of their marriage on Sunday, March 20. Mrs. Finley Pierson, Muleshoe, and Mrs. David S. Anderson, Muleshoe, and Mrs. Arch B. Pool, Amarillo, the daughters, assisted their parents in receiving and registering guests.

The lace covered tea table was centered with an open-bible cake, iced in gold, and inscribed with the words, "Mattie and Willie, 1899-1949." The opposite page bore the couple's favorite scripture. The cake was flanked by crystal candelabra with lighted golden tapers. A crystal bowl of yellow roses, gold framed pictures of the

BENTON FOOD MARKET

couple fifty years ago and today, and the silver tea service completed table decorations.

Mesdames B. L. Castleberry, J. L. Kirby, and Cora Grey, sisters of Mrs. Haney, poured and assisted with hospitalities.

The gifts were attractively displayed in the bedrooms. Davy Jean Anderson, four year old granddaughter of the honored couple, sang "Put On Your Old Grey Bonnet," and "School Days." She wore a colonial gown and bonnet and was accompanied by Mrs. C. W. Grandy, Barbara Douglas and Ann Woodley, also attired in colonial gowns and bonnets, sang "Bless This House," and as an encore selection, "That's the Story." Mrs. Noel Woodley concluded the program each thirty minute interval with a beautiful tribute to the Haney's, and by reading Edgar A. Guest's poem, "Home." Mrs. Horace Edwards, another granddaughter, entertained with soft piano music throughout the afternoon.

Besides the daughters, the house party consisted of their husbands; Bill Pierson, grandson, and wife, of Lubbock; Mrs. Horace Edwards, granddaughter, and husband, of Muleshoe; Davy Jean Anderson, granddaughter; Gary Edwin Edwards, great grandson; and Mrs. Haney's three sisters, Mrs. J. L. Kirby, Dale, Okla.; Mrs. Cora Grey of Clinton, Okla.; and Mrs. B. L.

Castleberry, Skellytown, Texas.

Mr. and Mrs. Haney were married at Mountain View, Ark. In 1902 they moved to the Indian Territory, which later became a part of the State of Oklahoma. They resided near Norman, Okla., until January 1, 1926, when they moved to Muleshoe, Texas. Mr. Haney has had business and farming interests here since that time, and is well known throughout this section.

Both Mr. and Mrs. Haney have been active in church and school affairs. Mrs. Haney helped to organize the PTA in Muleshoe and was elected as the organization's first president. She has also served as president of the Woman's Society of Christian Service of the Methodist Church and as SChurch School teacher. Mr. Haney served eighteen years as a steward of the Muleshoe Methodist Church.

One hundred, twenty-two guests registered during the afternoon. Out of town guests from Lubbock, Hereford, Littlefield, and Clarendon attended.

VISIT AT DUNCAN

Mr. and Mrs. W. R. Bowers and girls drove to Duncan, Okla., to visit with relatives and brought back Mrs. Bowers' mother, Mrs. Bertie Millsap for a visit with her children here.

O. D. Spittler And Charlene Black Wed In Ceremony Here

O. D. Spittler, son of Mr. and Mrs. F. D. Spittler, and Charlene Black, daughter of Mr. and Mrs. A. W. Black, were united in marriage Thursday evening, March 17 at 7:30 o'clock, at the First Baptist church in Muleshoe, with Rev. A. W. Blaine, pastor, officiating.

The bride wore an aqua blue gabardine suit with white accessories. Her headdress was made of white carnations and she carried a white Bible topped with two gardenias with streamers. She was given in marriage by her father.

The bridesmaid, Mrs. Carroll Black, wore a light brown suit with green accessories and a corsage of white carnations. Carroll Black, brother of the bride, acted as best man. Marlene and Darlene Black carried the rings.

The church was lighted with candles and Mrs. Sam Dameron, at the organ, played the wedding march and recessional and "Indian Love Call" during the ceremony. Friends and relatives attended the wedding.

THANK YOU

I take this method of thanking the Ben Richardson Post, American Legion, of Muleshoe, and each participant for the lot I drew Saturday, March 26.

We just want the boys to know we are proud and that we appreciate them.

Mr. and Mrs. C. R. Gibson, Goodland, Tex

TO PLAINVIEW LAST WEEK

Mrs. C. D. Julian visited Mrs. A. H. Scarbrough and "Chock" Julian in Plainview last week.

Following the ceremony a reception was held in the home of Mr. and Mrs. Carroll Black. The bride cut the two tiered wedding cake topped with a miniature bride and groom. Mrs. A. W. Black, mother of the bride, presided at the punch bowl.

Immediately after the reception the couple left for a trip to Oklahoma City and other Oklahoma points. They will be at home in the Lazbuddy community.

Mrs. Spittler graduated from Muleshoe high school in 1947. She attended Lippert's Business College in Plainview and was employed at King Bros. Grain & Seed Company for several months before her marriage.

Mr. Spittler graduated from Lazbuddy high school in 1946 and has been farming in the Lazbuddy community for several years.

Pleasant Valley Club In Meeting

The Pleasant Valley Club met Wednesday, March 23, for an all day meeting at the Pleasant Valley school house, with Mrs. Seaborn Moore as hostess.

There were 11 members present. The day was spent in quilting a quilt to be a gift to the boys at Boys Ranch Farm near Springlake. At noon a lovely covered dish luncheon was enjoyed by all.

At 2 p.m. the president called the meeting to order after a short business session, quilting was resumed until late afternoon.

The next meeting will be Wednesday April 13th in the home of Mrs. F. L. Shelby.

GIRL SCOUTS TO HELP IN RED CROSS DRIVE

The Girl Scouts met at Muleshoe grammar school then went to the Girl Scout house.

Miss Head came to visit us. It was her last time to be with us. We sure do miss her and have enjoyed having her with us. We gave her a beautiful gift.

WAS IN CANYON AND AMARILLO

Miss Helen Jones visited friends and relatives in Canyon and Amarillo Sunday.

FRESH CUT FLOWERS

DAILY

We are installing a large refrigerator and will have any kind of flower you want any time.

We receive regular shipments of cut flowers direct from the growers in Oklahoma, Florida and California; therefore we get fresher flowers.
