

Mr. Muleshoe ...

By Forbes

Hop Graham, our esteemed contemporary, editor of The State Line Tribune, in his column "From the Hopper" this week says: Well, we have sat around and done nothing about the eradication of flies and mosquitoes until we have at least one case of infantile paralysis in Farwell.

And so, it is a pleasure to commend our city dads who have ordered a thorough spraying of Muleshoe and immediate environs the coming Saturday, May Providence we are not too late. As Hop goes on to say, the state department of health says both insects may spread polio and we simply can't afford to take any chances.

The following letter from the Cunninghams is published not to call attention to eulogies directed this way but to show you that the Cunninghams will always follow with interest the growth and development of the school and section:

Mr. Editor: We never did get around to thank you but I believe you already know that we are very grateful to you. We consider you and the wife the most loyal paper people we have ever been around. The program months behind what it now is if you had not been on the ball for us.

Thanks very much, and come to see us whenever you have time. Please send our paper to the following address, 400 Southwest Avenue, Mineral Wells, Texas.

Your friends,
The Cunninghams.
Mrs. Klepper, recently returned from Washington state to make her home here in God's country again, has flattered this column all to pieces. She says she read every word we put in this space. Y editor said, You must have been awful homesick, awful lonesome for old Bailey County. I sort of got the notion that maybe she was pretty glad to be back home. (You know she and her aunt, Mrs. West have gone into the restaurant business here and I bet they do quite well. What do you bet?)

Miscellaneous: Old Edward T. Schilpzand and family have sent the editor an announcement of the arrival of a fourth son. They already had Eddy, Robby, and Freddy, now here comes Paul William. This would not rate a place in this column were it not for the fact that the Schilpzands live in Sassenheim, Holland, at 10 Lindelande. We met the enterprising Dutchman when he was a guest a few months back of Mr. and Mrs. Harold King whom he had met at a seed dealers meeting. He comes over here very soft and sells flower bulbs to big wholesalers. We hope he will again have occasion to visit Muleshoe.

Glenn Williams: I noted your remarks after visit you made to the various communities of the south part of the county. Sorry you didn't get to meet more of the people who are about the finest neighbors and friends a person ever had. And I know you saw the huge stretches of fine farmland in that section and the promising crops now growing on them. I reckon we live in about the finest part of the county.

Well, Glenn, if a fellow likes his neighbors and the country where he calls home, he ought to just be satisfied from there on out, and never, never pick up and leave and go where the grass looks greener.

RETURN FROM VACATION
Mr. and Mrs. E. L. Rader who have been visiting her parents in East Texas and from there to points in Oklahoma where his grandparents live, have returned home.

AT LEVALLAND
Alton Turrentine has been under treatment in a Levalland hospital for flu and rheumatic fever.

TO MARLOWE FOURTH
Mr. and Mrs. Bill Collins and daughters spent the Fourth July week end with his mother and their relatives.

Chrysler's 1949 convertible coupe makes its bow to the public. The New Yorker model, shown here, accommodates six passengers comfortably. It has a longer 131 1/2-inch wheelbase and has a Prestomatic Fluid Drive Transmission. An electro-hydraulic mechanism lowers or raises the top in 15 seconds or less. The convertible coupe is available in 14 body colors, six types of upholstery and three color options for the top. The convertible also is obtainable in the Royal series.

DETROIT—Chrysler's new 1949 convertible coupe is being introduced to the public this month by Chrysler dealers throughout the U. S. The convertible comes in 2 body lines - the six cylinder Windsor and the eight cylinder New Yorker. Both will accommodate 6 passengers. The Windsor convertible has a longer 125 1/2 inch wheelbase and the New Yorker convertible's wheelbase is 131 1/2 inches. Covin Motor Co. is dealer in Muleshoe for the Chrysler line.

Chrysler's Prestomatic drive transmission is standard equipment on the convertible models. The engine has higher compression ratio and the ignition system is completely waterproofed. Wider interior dimensions make for more roomy seats of comfortable chair height. The chrome belt moulding around the body adds to the low silhouette lines to enhance the luxury appearance of the car. Chrysler convertibles are available in 14 body colors, ranging from prissy black to pepper red or pagoda cream. Choice can be made from six types of upholstery in the convertible models—the popular Highlander red plaid and red leather, blue, red tan or green leather, each with a beige nylon cord, green leather and green nylon cord. All-leather upholstery also can be obtained.

Airplane To Dust Muleshoe With DDT At Dawn The Coming Saturday

Church Opening Drew Big Crowd

Opening day activities at the North Side Church of Christ located north of the railroad in Muleshoe, brought out a very large crowd, and the day was a big success, members of the congregation said. The church has just completed the new building.

More than 150 families from the various towns and communities of the Plains were guests of the local congregation for the day and enjoyed the services. About 225 attended morning services and about 250 were present for the services held in the evening.

Charles W. Watkins, of Lubbock, preached at the morning worship hour and Norman Gipson was in the pulpit for the evening service.

On the coming Sunday Jack McCormick, of Littlefield will preach both morning and evening.

Cox Radio Is Hotpoint Dealer

Cox Radio & Electric has been appointed dealer here for the Hotpoint appliance line, John Branham, Lubbock, company representative told The Journal today.

Howard Cox of the electric firm said they have already stocked several refrigerators, electric ranges, dishwashers, Disposals, combination unit sinks, and water heaters.

The store will stock the entire line as time goes on, he said. New merchandise of the Hotpoint line is now on display in the store's showrooms. The store is located on Main Street, near the theaters.

Cox Radio & Electric recently has taken sales and service dealership here also for Domestic sewing machines and RCA radios.

Hospital News ...

Mr. W. A. Stevens was in for medical care. He has gone home. Sam Johnson, a medical patient, has been discharged.

The small child of Mr. and Mrs. Milton Skipper was in for medical care and has been discharged. J. C. Townsel underwent an appendectomy and is doing fine.

Sharon Hardy, small daughter of Mr. and Mrs. Bob Hardy was in for surgery. She has gone home. Mrs. Lewis Simmacher is in for medical care. She is doing fine.

CONGRATULATIONS TO: Mr. and Mrs. Russell Bryant on the birth of a son, July 5. Mr. and Mrs. James Torbett on the birth of a daughter, July 7.

TO DENVER
Mr. and Mrs. C. M. McMath will leave Friday to spend a few days in Denver.

Assembly Of God Revival Is Set To Begin 13th

The Assembly of God Church, located one block east of Arnold Morris Auto Co., announces a revival to begin Wednesday evening, July 13, and to continue through July 31 or longer. Miss Beatrice Helton, of Littlefield, will be the evangelist.

Muleshoe residents are warned that they may expect to be buzzed by an airplane at the crack of dawn the coming Saturday morning, July 9. The plane will not be playing tag, it will be dusting the town thoroughly with DDT.

The City Commission authorized the spraying to kill flies and other insects, and figured use of an airplane to do the dusting would be the quickest way.

It was said the plane will be here only about 15 minutes spraying the town, dump grounds, etc. Residents are warned that the DDT and talc may drift into their homes and settle on furniture and that they may save themselves extra work of polishing their furniture by closing doors and windows for this time.

Open House To Be Held Sunday

It will be open house at the new American Legion Home the coming Sunday afternoon. The ex-service men and their ladies will be on hand to show the visitors through their new home, of which they are exceedingly proud.

The public is invited to call any time after 2:30.

Recreation Program

Members of the Lions Recreation Program are to be treated to a picnic Friday, July 8. The evening will be highlighted by an All Star game composed of players from each team in the league.

The All-Star game is scheduled to start at 5 o'clock and the picnic will follow.

The members of the Recreation Program are enjoying two swims a week at Clovis. The days for swimming will be changed next week, however. Instead of swimming on Tuesday and Friday of each week, we will start swimming on Monday and Thursday.

This schedule will start Monday, July 11. At that time we will also start another beginning swimmers class and Red Cross certificates will be issued those who complete the course.

There are approximately thirty in the class now who will complete their course this week. We have averaged taking 120 kids swimming each time so far this year, which compares with an average of about 80 kids last year. To me, this is very encouraging. Approximately 7,000 drownings occur each year in the U. S. and more than one third of these are kids of school age. Unfortunately the kids of Muleshoe have had very little chance to learn to swim because of the lack of facilities.

I feel that this part of the Recreation Program is of the utmost importance. Special thanks should go to the Lions Club which sponsors the Recreation Program and pays for the swimming, and in this particular case to the Rebels who are carrying the transportation. It is expected that the fifty kids will learn to swim this summer as a result of the Recreation Program, but if only one person learns to swim enough to save his own life, the whole program will be well worth while. We leave at 8:00 o'clock from the barracks at the school house on the days for swimming and return by 12:30. Extra cars to help take the kids swimming will be appreciated.

Pirates Out Front
The Pirates came aboard ship last week and took the lead from the Tigers, putting them in third place this week in the Major League. Jimmy Holt is captain of the Pirates and Dewayne Burkhead is next in line. Other members are: Robert Richards, Sammy Donaldson, Bob Bryant, Carlos Thomas, Travis McCormick, Allen Berry, Carroll Pool, Raymond Dial, Truitt Craft, Roy Harris, Bob Sterling Gaylord Tate, and Bob Wingo.

Poopeses Lead Minors
In the Minor League the Poopeses, who are the farm team for the Indians still are leading the League. The Kittens and Little Cardinals are tied for second. Members of the Kittens are Don Danie, Glen Border, Donald McBorder, Scotty Donaldson, Jean Watkins, Jimmy Butler, and Dwaine Epting.

The three leading batters of the Major League this week were all from the Pirates. Jimmy Holt is hitting .882, Dewayne Burkhead .823, and Carroll Pool .610. Kenneth Lovelady of the Cardinals is leading with four home runs. Leon Harvey and Kenneth Lovelady, both from the Cardinals have two triples each. Bob Nickels from the Cardinals and Dewayne Burkhead of the Pirates are tied with seven

Western Auto Store Opened

Grand opening of the new Western Auto Associate Store, owned and operated by G. A. Dalton, is announced in this week's paper. A list of low priced items is carried in the advertisement on another page.

The store has just been stocked. It is located in the "Tye Young" building formerly occupied by Johnson's Furniture.

A free radio contest is being run by the store and the people are invited to come by and learn more of the details.

Dizzy Dean At Clovis Friday

Friday night, 8 o'clock, July 18th, the greatest personality in baseball Dizzy Dean will make an appearance with the Pioneers owned and managed by brother Paul at Bell Park.

Dizzy, one of the greatest hurlers our National pastime has ever known as well as one of the game's most colorful individuals, will make his first personal appearance in this section of the country.

Dean will appear as coach and will handle the public address system during part of the game to give Pioneer fans at Bell Park a sample of his wit and humor on the microphone of his famous play-by-play baseball description. The immortal man of the mound will also speak to the Bell Park audience prior to the game as well as to deliver a few warm-up tosses as an exhibit of his great form on the mound.

This is a great opportunity for the baseball fans of this territory to see and hear one of the greatest men in sports through his radio and television work in St. Louis, will be making his initial personal appearance in a baseball park this year, to fulfill a promise made by him when Paul purchasing the Clovis Pioneers, taking time off from his regular position to show that he appreciates the kind and generous support shown his brother's club by the faithful fans of West Texas and New Mexico.

Price of admission for "Dizzy Dean Night" will remain the same twenty-five cents.

PVC BREEDLOVE HOME

Pic. Robert Breedlove, of the Air Force Police, stationed in Washington, D. C., is home on a 16-day furlough, visiting his mother, Mrs. Lois Breedlove.

BUS STATION IS LOCATED AT THE WINGO STATION

Relocation of the Muleshoe Bus stop at the Wingo Service Station and this week by the bus company management.

The station, owned by Beyrl Wingo, has just been completed and was formally opened Saturday.

LIGHT SHOWER FALLS

A very promising cloud passed over Muleshoe early this morning after precipitating only a small amount of moisture. Meanwhile many farmers are ready for another rain on their growing crops.

REMODELS STORE FRONT

The Wagon Grocery & Market has just completed the job of remodeling and modernizing their store front, making an attractive spot in the shopping district on Main Street.

Big Cotton Crop For Plains Seen

Gospel Meeting Is Continuing

"We wish to invite everyone in this community to attend the gospel meeting that is now in progress at the Church of Christ, located 2 blocks south of the courthouse," said Ebb Randol, minister of the church.

Brother Hershel Dyer, minister of the Pioneer Park Church, Lubbock, is doing the preaching. Brother Dyer is one of our outstanding young preachers, versed in the knowledge of the scriptures, has a pleasing delivery and is sincere in his work.

"If you enjoy the Bible preached in its simplicity and purity, come and hear him. Services are held each day at 7 a. m. and at 8:30 p. m. We had our day services last year at 7 a. m. and we were so pleased with the time, that we are using it again this year. Attend the early morning services and you still have a day ahead of you for your work."

A large fan is being installed for your comfort. This meeting will continue through July 7. Come and be with us.

MINISTER HERSEL DYER

Program Will Be Held At Three Way

Odus Echols and the Melody Boys Quartet will be at the Three Way Auditorium July 7. Their program will include one and one half hours of singing, western, comedy, and good music.

Ryan, Mitchell Reunion Is Held

The Ryan and Mitchell reunion was held July 5 and 4 at the Rotary Club park in Childress, in honor of Mr. and Mrs. Ed Mitchell. Every one of the children was present. Attending were:

Mr. and Mrs. Ed Mitchell, Susan, Mrs. Annie Eiland, Ft. Worth; Mrs. Laura Collier, Mexia; Mr. and Mrs. Charlie Mitchell and three children, of Panhandle; Mr. and Mrs. Robert J. Mitchell and four children, Muleshoe; Mr. and Mrs. Joe R. Mitchell and Glenda, Sundown; Mr. and Mrs. David Mitchell, Amarillo; Mr. and Mrs. Robert Harrison and Janice, Muleshoe; Mr. and Mrs. Henry Ryan and Madra Gene Paducah;

Miss Earlene Ryan, Lubbock; Rev. and Mrs. Conrad Ryan, Wanda Jean and Mel, Groom; Mr. and Mrs. Alton Ryan, Childress; Mr. and Mrs. Clayton Ryan, and two children, Chalk, Texas; Mr. and Mrs. Charlie Ryan and Glenn, of Chalk; Mr. and Mrs. Rainey Wall, Charles, Dan and baby girl, Littlefield; Mr. and Mrs. Joe Woodard, Amarillo; Mrs. Bill Mitchell, Clovis; N. M.; Grandmother Thaxton, Chalk.

The families plan to hold their reunion each year on the third 4th of July. The next reunion will be at the McKenzie State Park, Lubbock.

IN AIR CORPS

Jack Bunday, son of Mrs. R. I. Fields has recently joined the U. S. Air Corps, and is stationed in San Antonio.

TO COLORADO

Mr. and Mrs. Robert Peacock left Tuesday for Creed, Colorado where they will be joined by friends.

Big Cotton Crop For Plains Seen

Bailey County's current cotton acreage is estimated at 150,000 acres against an estimated acreage of 115,000 last year at this time in the most recent appraisal of the crop by K. N. Klapp, Lubbock, South Plains representative of the Anderson-Clayton Cotton Co. This figure about corresponds to opinions expressed by local observers.

It is likely that around 30,000 acres have been lost in this county due to high winds, hail, and excessive rainfall. Much replanting has been done but cotton destroyed in the latter part of June was replaced in many instances by feed crops.

Mr. Klapp estimated Bailey County's irrigated land at 9,000 acres, which dry land planted to cotton was estimated at 141,000 acres. Last year on June 21 he figured the irrigated acreage at 9,000 and dry land planted to cotton at 106,000 acres.

South Plains Record Seen
Twenty South Plains counties have 2,630,000 acres in cotton, an increase of 26 percent over June 21 of last year, when 2,044,000 acres were in cotton, it was estimated.

Of that total, 744,000 acres are irrigated, an 83 percent increase over last year's 402,000 acres. Dry-land cotton totals 1,886,000 acres, 17 percent over the 1,782,000 of dryland cotton last year.

Twelve so-called "cotton counties" have 53 percent of all cultivated acreage in cotton. Lubbock county leads with 85 percent in cotton. Dawson is second with 83 percent in cotton and Garza third with 80 percent in cotton.

Good Chances For Record
For Lubbock county, a minimum of 125,000 bales was predicted. Good growing conditions may result in a 300,000-bale crop and excellent conditions would make possible, but not probable 365,000 bales.

The previous Lubbock county record is 125,000 bales in 1947. Klapp foresees a good chance for Lubbock again to lead the state and place high nationally in cotton production.

Bug Catcher On View Here

An effective weapon in the war against the insect enemies of the cotton plant, the Nisbet Bug Catcher is now available to farmers of this area. This announcement comes from Fry and Cox Brothers, who have contracted for the sale of the bug catcher in this trade territory. The machine is now on display in their salesroom here.

The Nisbet Bug Catcher has been on the market for several years and is now being used by cotton farmers throughout the cotton growing area from California to Carolina. It has been proved superior to any other method of controlling cotton insect pests, and it has cut the cost of the fight against these bugs.

A high-speed fan, driven by the tractor belt pulley is the heart of the bug catcher. This fan creates a strong blast of air which blows the bugs off the plants into recollecting bags where they may be easily destroyed.

Attached to the front of the tractor, the bug catcher does its work. This, of course, means a tremendous saving of the farmer's time as well as his money. The Nisbet Bug Catcher is available for all makes and models of cultivating tractors.

The machine will remain on display several weeks in order that interested persons may see the machine and get additional information on its operation.

REBEKKA MEETING

All members of Muleshoe Rebekah Lodge are urged to be present next Tuesday night, July 12.

Have Your Fireworks and Eat Them Too

Snow in winter and sun in summer usually spell playtime for week ends. Since Fourth of July falls on a Monday this year the holiday will be lasting from Friday night through Monday night. Holiday, that is, for most workers but not for Mom unless the family plans to "eat out."

Chances are that at least one picnic supper will be held in the backyard, on the terrace, or under cover should the day be wet or chilly.

How does this menu sound for such a supper, served buffet style?

Fireworks Fiesta Food

Tomato juice cocktail
Firecracker rolls

Pinwheel pie Potato chips
Grilled Hamburgers

Radish Torpedoes Punk Sticks
Watermelon Coffee

Here are recipes and helps.

Tomato Juice Cocktail

Chill well flavored tomato juice. Pour some of it into the ice cube tray. At serving time add a cube or two to each glass of cold juice.

Serve with firecracker rolls. To make these, slice fresh bread. Cut off the crusts. Butter the slices generously. Spread with mustard or horseradish. Roll and hold in shape by inserting a toothpick. Wrap and keep cold. At serving time remove the picks and insert a slender strip of pimiento for fuse.

Pinwheel Pie

Buy the largest round loaf of rye bread you can find. Cut off the bottom crust. Cut two round slices about 1/2 inch thick. Remove crusts. Butter each slice. Spread a thick layer of deviled ham on the bottom slice. Top with second slice of bread. Spread three bands of colorful food on the top slice. First

band uses sieved hard cooked egg white mixed with softened cream cheese, horseradish, and chives.

Second band is made of sieved hard cooked egg yolk mixed with mayonnaise. Add a little anchovy paste, if desired.

Third band is made of chopped cooked beets held together with a suggestion of a gelatin base. Soften 1 teaspoon plain gelatin in 1 tablespoon cold water. Heat 2 tablespoons vinegar with 1 tablespoon beet juice. When boiling pour it over the softened gelatin. Stir to dissolve the gelatin. Add beets. Chill until rather firm, then use as the outside or third band of color.

Remove a slice from a peeled hard-cooked egg. Take out the yolk. Fill the opening with washed, perky parsley. Set the egg cup in a hole made at center of top bread slice.

Put slices of stuffed olives on white band. Cut narrow strips of pimiento or pickled green peppers and radiate these from the center hole to outer edge of round slice in a pinwheel effect.

Place the "pie" in a large platter. Surround with crisp potato chips, the more the better.

Years ago Fourth of July torpedoes were in the form of small balls. Small stones and a mild explosive were wrapped in gaily colored tissue paper. When thrown to the sidewalk the torpedo exploded with a bang. Round radishes may be called today's torpedoes.

When fireworks are to be set off, the fuses are lighted by applying a slender stick of a slow burning material which used to be called "punk." The carrot sticks can be of the same size, but not the unattractive gray brown color which used to identify punk.

MADE 50 BUSHELS

A field on the farm of Alfred Steinbock, near Lazbuddy, averaged 50 bushels to the acre, he told The Journal. He had only 16 acres, which was watered earlier in the season. Mr. Steinbock couldn't believe the wheat had averaged so high, and finally measured the ground again before he could accept the figures as being correct.

CARD OF THANKS

We wish to express our thanks to our friends and neighbors who helped us replant our crop. We thank you again and again.
Mr. and Mrs. J. U. Dawson

arillo Times farm editor, agriculture leaders in Amarillo hardly believed the story of the record yield. But Pickens has the wheat stored in a ganery on the farm. "That truck had 185 bags on it and each bag contained a bushel," he declares. "I will have some uncut wheat that will produce from 60 to 75 bushels and they can look at it if they don't believe me."—Hereford Brand.

Neighbors Hailed Out To Top

Neighbors of J. U. Dawson gathered Monday and replanted the more than 300 acres of land on his farm after the hail Wednesday June 22, had wiped out his young crops. It was the second time crops on his farm had been lost this spring.

Neighbor men brought 14 tractors to the farm and replanted to feed.

Mr. Dawson lives 1 mile south of Longview church house.

Stay at Home Money

THERE'S AN OLD THEORY that money kept at home is idle money.
That's not the case with your Public Service Company. A great deal of our "stay at home money" actually stays in the area we serve in the form of wages, rents, local and school taxes, dividends to stockholders and purchases from local businessmen.
It's as simple as this: the money we receive from our customers is put back to work for the progress and prosperity of everyone in the Panhandle-Plains-Pecos Valley-Eastern New Mexico area.
Free enterprise and sound business management go hand in hand to bring better living . . . electrically . . . from your Public Service Company.

THE STATE OF TEXAS, County of Bailey. Before me, the undersigned authority, on this day personally appeared Helen Jones, County Treasurer of Bailey County, who being by me duly sworn, upon oath, says that the within and foregoing report is true and correct.

HELEN JONES, County Treasurer.

Sworn to and subscribed before me, this 5th day of July, 1949.

M. G. BASS, Clerk, County Court Bailey County, Texas.

By Lillian A. Sellars, Deputy. (SEAL)

Many Crops Are Being Ruined By Improper Application Of 2,4-D

COLLEGE STATION, July 7—Reports continue to come from different sections of the state that show proper precautions are not being followed in the use of 2,4-D.

Orchards have been defoliated, tomato and other truck crops have been and are being hurt, and cotton is being damaged in almost every section of the state says M. K. Thornton, extension agriculture chemist of A. & M. College. The users of 2,4-D must remember, he adds, it will not only kill the weeds that are objectional but may also damage desirable plants around the house and farm.

Here are some precautions that should be followed by every user of 2,4-D, as worked out by a committee of Texas A. & M. College research and extension workers for your protection. They say do not use 2,4-D dusts under any conditions. They drift easily and far. Ester forms of 2,4-D are not recommended because they give off fumes readily. Small liquid spray particles may drift in air currents and delayed drift effects may occur following changes in direction of the wind. For ground spraying, use nozzles producing coarse

spray particles and use pressures below 40 pounds per square inch. Do not apply 2,4-D with ground equipment in wind velocity greater than 5 miles per hour when susceptible crops are within 1/4 mile down wind or 1-8 mile upwind.

No 2,4-D, says the committee, should be released from an airplane at altitudes higher than 10 feet above the ground when wind velocities are greater than 5 miles per hour and susceptible crops are within one mile downwind or 1-4 mile upwind from the application area. In winds of 6 to 10 miles per hour velocity, it should not be released if susceptible crops are within 2 miles downwind and 1-8 mile upwind.

In communities having inter-mixed small fields of susceptible and non-susceptible crops, it is difficult to meet the above conditions and in such areas airplanes should probably not be

THE MULESHOE JOURNAL, Thursday, July 7, 1949

used for applying 2,4-D. Thornton advises using separate equipment for 2,4-D. It is practically impossible, he says, to clean 2,4-D from a sprayer that may be used for applying fungicides or insecticides. Don't store 2,4-D in a building where seeds, fertilizer, fungicides or insecticides are stored or handled because of the danger of contamination.

Employ only qualified airplane operators who have properly functioning equipment and who will apply the spray only when the conditions set forth above can be met, he says.

Among the most susceptible plants are: cotton, tomatoes, okra; vine crops such as cucumbers, sweet potatoes; legumes such as blackeye peas, peanuts, snapbeans; fruit trees, grapes, pecan, trees and many ornamentals.

Before you can use 2,4-D Thor-

ton suggests that you consult your county agent or other competent authorities as to the best stages of growth and correct dosage for use with any specific crop. Any crop treated with 2,4-D sprays may be damaged by improper applications.

WAC RECRUITER AT CLOVIS
Captain Elizabeth M. Carpenter, WAC, from the El Paso, Texas Recruiting District will be located in the Clovis, N. M. Recruiting Office from 1:00 p.m. to 5:00 p.m. July 12. Captain Carpenter will interview women interested in either the army or Air Force.

ELECTED REPRESENTATIVE

Relative Of Local People A Visitor

Mrs. Robert Sone, of Corpus Christi, attended the convention of the American Association of University Women, of which she is a member. She reports a wonderful convention, a five day session at Seattle, Wash. Two thousand delegates representing each state in the Union, and from Canada, England, and Hawaii, were in attendance.

Mrs. Sone reports it was a very interesting as well as instructive meeting. The delegates stayed over one day to take a sight-seeing trip into Canada. They visited

Victoria, B. C., a city noted for its beauty. Delegates declared the trip made a red letter day in their lives.

The next convention will be in Atlanta, Ga.

Enroute home, Mrs. Sone visited at various points, seeing Jesse and Harold West, of Flagstaff, Ariz., and in Muleshoe her parents, Mr. and Mrs. C. M. West, and Mrs. C. D. Gupton and family, Mrs. Gupton and Mrs. Sone are sisters. She left Saturday morning for San Antonio where she was to meet Mr. Sone and they spent the Fourth at their Rocky Falls ranch near Rock Springs, uTexas.

COBB'S

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN — One of the interesting features of furniture shown at the January Furniture Market in Grand Rapids, was the introduction of many "dual purpose" traditional furniture pieces. The illustrated table made by the Imperial Furniture Company has the rich finish and fine gold tooled leather top that one associates with beautiful traditional furniture. However, its simple detailing blends easily and comfortably with the modern chair or sofa — and its uses are almost unlimited in the homes of today. Smart end tables — as shown — they may be used in groups of two or three to form a convenient living room "server" for tea or buffet suppers — ideal for a living-dining room — or as servers in the formal dining room. Superbly crafted in the tradition of fine Grand Rapids Furniture, tables such as these form the accessory "highlight" which personalizes a room.

Teen Town Talks:

"Hey! Anybody got an extra paint brush and a lot of spare time?" The old American Legion Hall has officially become Muleshoe Teen Town, and we're about ready to start decorating it.

According to the Muleshoe Teen Town constitution, Article IX, Section 1, "The executive council of Muleshoe Teen Town shall elect a board of trustees, composed of four members. So, to fill this requirement the Executive Council elected Harold King, Jim Cox, Vance Wagnon, and W. G. Casey to the board of trustees. As soon as

VISIT IN OKLAHOMA CITY

Mr. and Mrs. John H. Farley and daughter, Elizabeth Ann, and Mr. and Mrs. Curtis H. Brasher and daughter, Mary Ann, of Denver spent the week end in Oklahoma City visiting John Farley, who is a patient in a hospital there. Mrs. Brasher and Mr. Farley are twins. Elizabeth Ann accompanied her sister and family back to Denver and will visit there until the first of August.

WANTED: Ladies to earn \$1.50 to \$2.00 per hour selling new line of cosmetics for Fuller Brush Co., with Melvin Harvey, Box 1155, Lubbock, Texas. 28-11p

GUEST IN AWTREY HOME

A guest in the W. H. Awtrey home last Thursday and Friday was Mrs. Betty Stringer, who is a nurse in the Memorial Hospital in Lubbock.

VISIT IN PORTALES

Mr. and Mrs. Deon Awtrey and son, Ronnie, were visitors over the week end and the Fourth at Portales, N. M., and with Deon's parents, Mr. and Mrs. W. H. Awtrey. They are now living at Albuquerque, N. M., probably for a short time as shop extension crews will be there while the main Santa Fe crews of the shops take their vacations.

Pleasant Valley

The Pleasant Valley Social Club met Wednesday, June 22, in the home of Mrs. Harold Allison, with eleven members and 2 visitors present.

The president, Mrs. Jack Epps, had charge of the business meeting. Roll call was answered with a canning hint.

A picnic was planned for the Fourth of July at the McKenzie Park in Lubbock.

The meeting was turned over to the program committee and a number of games were enjoyed.

We had the largest crowd that we've had at Teen Town last Friday night, July 1. Then we had a fairly large crowd again on Tuesday night, July 5. We now have seventy three members belonging to Teen town.

We have also had quite a few adults coming out each night. We appreciate all you folk's interest. Come back every time you can! Well that's about all for this week —

Teen Town Clerk
Mary Jo White

NORMAN W. BAYS
Attorney-At-Law

Star-Lites

MOVIES, MIKES and TELEVISION TALK

By LYN WILSON
RED BENSON, popular 31 year old emcee on Mutual's fabulous "Take A Number" program (Sat. 8:30 PM EDT) is guest editor of "Star-Lites," this week while Lyn Wilson is on vacation.

Red Benson

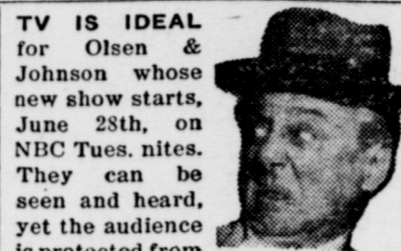

SAYS RED: Bless the talent scouts . . . who can spot talent in any place from a small town park bench to a Hollywood hamburger joint. Recently the crop of summer stock is generously tapped and many community theaters are instrumental in putting their own local belles in the lime-light. Quickest way for gals to get found, seems to be via dramatic course and modeling. While unfortunately, poor males quite often have to "fight" their ways in. My own route was by way of a children's radio program (in my childhood) and later as a professional boxer . . . invaluable training for the "Take A Number" program where I "take it on the chin" from the studio audience and need a steady hand to give out all those prizes.

AT THE AGE OF 13 Donald Voorhees, director of NBC's Monday night "Telephone Hour," began his career in the Lyric Theater in Allentown, Pa., and today he is one of the foremost conductors in the country. Although Mr. Voorhees has worked hard and long, some of his steps to fame were not difficult to take . . . Among them conducting at New York's Winter Garden (at the age of 17) and a series of engagements with George White and Earl Carroll Broadway shows. Mr. Voorhees joined radio in its infancy. In April, 1940, he helped launch the "Telephone Hour," and has been the program's only conductor ever since.

Donald Voorhees

MARLO DWYER, a regular on such radio shows as "Radio Theater," "This is Your FBI," "Suspense," steps into the cast of "I Married a Communist" with Lorraine Day, Robert Ryan, John Agar.

"Madman" Olsen

TV IS IDEAL for Olsen & Johnson whose new show starts, June 28th, on NBC Tues. nites. They can be seen and heard, yet the audience is protected from the unpredictable "goings-ons." The new show is a typical Olsen & Johnson slambang review with pretty girls, midgets, animal impersonators and . . . anyone brave enough to join the studio audience. Madmen O&J (with no respect for dignity) are just as apt to present Mrs. Roosevelt, Anthony Eden or anyone sitting in the studio with a pig or an alligator . . . and of course, if the live stock is awkward to get around with, these can be changed for a ham or a purse.

BIRTHDAY GREETINGS, this month, to comedian Jane Russell who co-stars with Frank Sinatra and Groucho Marx in RKO's "It's Only Money." Jane is a torrid looking subject who, as a baby in Canada, slept surrounded by hot water bottles, out in the snow, in a carriage. At 7, she moved to California, then into the movies through a dramatic course and modeling. "It's Only Money" is apropos for Jane. Contrary to most stars she seems totally indifferent to success, fame and fortune.

Jane Russell

Bailey HD Clubs Are Making Gloves

The Bailey county home demonstration club women are very busy making leather gloves in all colors. Some 30 women met at the home of Marie T. Corrington, Co. Home Dem. Agent, Friday, June 24 for an all day meeting. At this time demonstrations were given on how to prepare leather and the various steps in construction. At noon a picnic lunch was served which was furnished by the group and fully enjoyed by all. Only enough time was taken to eat for everyone was interested in getting back to their glove making.

The Enochs, West Camp, Progress and Muleshoe clubs were well represented. Two guests came from Amherst and two from Muleshoe. Everyone seemed to enjoy this program and are making plans for making gloves either for self or for gifts. Mimeographed copies of the instructions for glove-making were given out. Persons not attending this meeting who would like to have a set of these instructions for the making of gloves, may secure them at the home demonstration agent's office.

Salt Deficiency Can be Serious

AUSTIN, July 6—A deficiency of salt in the human system can cause serious consequences, and for this reason Dr. George W. Cox, State Health Officer advises every person whose work is such that it causes excessive perspiration to add a pinch of ordinary table salt to each drink of water taken during the day. Farmers, mechanics, carpenters, construction men and all others whose work causes them to sweat profusely are in danger of having their body salt content seriously depleted, and as a result may suffer from heat cramps or heat fag. Salt is a prominent constituent of sweat, and when the thermometer hits the high register, the human body may lose as much as 40 to 50 grams of salt.

THE MULESHOE JOURNAL, Thursday, July 7, 1949

4-H Club Girls To Encampment

Summer time means camp time and so it is with the 4-H club girls. Club girls from the 16 counties in District 2 will meet in Lubbock at the Fair Grounds for a three day encampment July 12, 13 and 14. The following persons will attend this encampment from this county: Janet Williams of Circleback; Joyce Sanders of Bula; Joy Dean Warner from Progress; and from Muleshoe: Barbara Bowers, Ruby Jane Carney, and Doris Jean Copley. Mrs. Roy Carney of Muleshoe will go as adult leader and a single day.

In many industrial plants, workmen are furnished with and urged to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Many find this a pleasant way of taking extra salt, but others prefer to add the needed amount of extra salt to their food and drink.

also the home demonstration agent.

Put more acres into cultivation!

WITH THE **KRAUSE "9" ONE-WAY** DIRECT-MOUNTED FLOW

You can plow within four inches of fences, get closer to trees and other obstructions. The new Krause "9" reaches the hard-to-get-at places that other plows won't touch. You get more crops — more profit with this new one-way that attaches directly to the 3-point hydraulic hitch on Ford and Ferguson tractors.

Be sure to see this great new one-way. Drop in today and see all the features that make it the small plow that does a man-sized job. It's on display now.

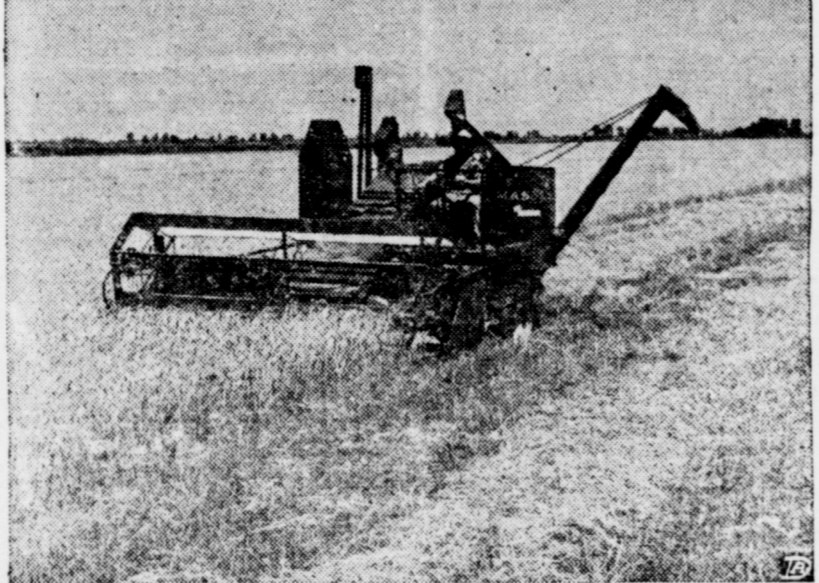

MADE BY **KRAUSE FLOW CORPORATION**
HUTCHINSON, KANSAS

Cuts a swath 5 feet wide. Timken bearings and lighter weight give you less draft.

Positive hydraulic depth control from 1 to 6 inches — 10 inch road clearance.

Near Record Wheat Crop Foreseen

WASHINGTON, D.C.—The U.S. Department of Agriculture reports acreage plantings and weather conditions so far this year are favorable for the prospect of the second largest wheat crop in history. With the near-record wheat crop in prospect for the coming harvest, scenes like the above farmer with his Massey-Harris Self-Propelled Combine moving through a heavy stand of grain will again become a common sight on farms throughout the grain-growing states.

Pvt. Roberts Is Serving In Japan

WITH THE EIGHTH UNITED STATES ARMY AT HACHINOHE, JAPAN.—Private Raymond Roberts, son of Mr. and Mrs. Al Roberts, of Dora New Mexico, is serving with Company 32nd Infantry Division in Tokyo. His duties while in Japan will consist of security guard and patrolling. He also takes advanced training in many different fields. Private Roberts entered the Army, September 1, 1948. He received basic training at Fort Ord, California with the 4th Engineers. He sailed for Japan on December 17, 1948. He may enroll in some of the courses offered by the United States Armed Forces Institute. He is trying to get his brother, Bill transferred to the 32nd Infantry Regiment.

West Texas Gas Company
HELPING BUILD WEST TEXAS SINCE 1927

NEW YORK TRAFFIC COP SAID:
"When a woman driver puts her hand out you can be sure of one thing: the window in her car is open."

A guest was just about to write his name on the register of a hotel in a small midwest town when he saw a bedbug crawling across the page. "Well, this is the limit," he said. I've been bitten by fleas in Missouri, mosquitoes in Jersey, horseflies in Maine, and chiggers in Kansas, but this is the first place I've ever been in where a bug looked over the hotel register to see the number of my room."

Tobacco Important In Marshall Plan

Is Present Prop Of Tobacco Farmer

Tobacco, from the time of the Virginia colony, has marched along as an intimate part of the American story to the present day. In the wake of World War II, as the United States emerged the strongest economic power, the American cigarette became temporarily a universal wampum—the chief currency in both Berlin and Burma.

"You have a cigarette economy from Paris to Peking," a member told the house of commons in 1946. John Rolfe, husband of Pocahontas, would be astonished if he could see what he started when he brought in the seed of modern tobacco. In 1948, the United States made about 387 billion cigarettes, and the tobacco industry directly paid in excise and import taxes nearly two billion dollars.

From Virginia and Maryland the tobacco fields, growing over 25 types, have spread into North and South Carolina, south Georgia and

northern Florida, Connecticut and Massachusetts, and the great burley area of Tennessee, Kentucky and the north bank of the Ohio.

America and the world have smoked the tobacco in pipes, cigars and cigarettes, and snuffed it in powdered form and chewed it. The "chaw" is the most American of tobacco habits. European visitors have looked upon this habit with disgust. In 1947, addicts chewed 100 million pounds of tobacco.

The cigarette is the prime favorite. The modern cigarette, as we know it, was created almost on the eve of World War I. The formula for the popular brands sounds appetizing and nutritious. They mix with the bright leaf some Turkish tobaccos, much sweetened Burley and some Maryland. A quantity of glycerine or its equivalent preserves moisture. The whole is made tasty with such flavors as sugar, rum, licorice, chocolate, and vanilla-like products or chemicals.

The cigarette has even wooed many of the ladies away from their pipes or snuff sticks.

Tobacco is of considerable importance in the Marshall plan—and the Marshall plan is the present prop of the tobacco farmer.

Chlordane Will Rout Mound-Building Ants

One hundred per cent kill of mound-building ants has been obtained with chlordane under controlled tests conducted by entomologists working under the sponsorship of the Colorado agricultural research foundation.

Dr. George M. List, head of the department of entomology, reports three per cent chlordane applied as a spray in quantities of 250 to 300 cubic centimeters per nest produced the desired results.

Spraying the material into nests at the entrance and working the nozzle through the soil forming the nests proved to be the most effective method of application.

The problem of the mound-building ant is often overlooked or underestimated, List said. If there are 10 such nests on one acre, and each nest has made barren one square rod in addition to the seed robbed from adjoining plants, a goodly per cent of the acre produces little or no vegetation.

Masten Gives 100 Bales To College

Abilene, June 28—Abilene Christian College is in the cotton business. F. O. Masten of Wellington and Sudan recently gave the college 100 bales of cotton. He said that when others increase the college stock to 1000 bales, he will give another 100. Masten cultivates 20,000 acres in the Panhandle of Texas. He is co-chairman of the ACC Development Fund. He said he made the cotton gift to stimulate other gifts to the fund. Don H. Morris, president, said he is sure the college can find a ready market for one or 1000 bales. He said he will see to the selling of it if the donor doesn't want to sell and remit the proceeds. The college president added it wouldn't make a bit of difference if the gift turned out to be oats, wheat, cow or sow or any other farm product.

It's like getting a dollar's worth of gas for 85¢ with

FORD OVERDRIVE

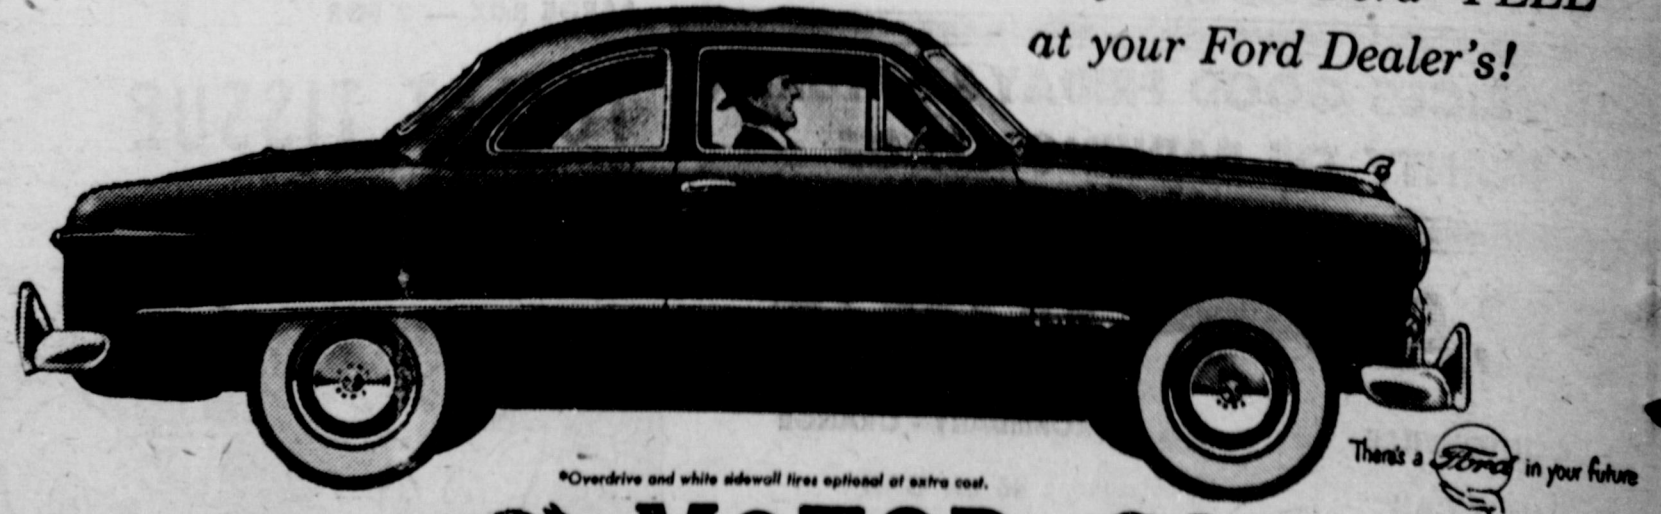

Drive one of our demonstrators and see for yourself how Ford Overdrive smooths your ride. Your engine speed actually drops 30% without any drop in road speed. For example, while your car's road speed stays at 50 m.p.h. your engine speed drops to 35 m.p.h. in Overdrive. This actually adds to engine smoothness and quietness and engine life. It saves you up to 15% on gas and oil... cuts service costs... it's like getting a dollar's worth of gas for 85¢. And for added safety, a touch on your gas pedal releases a magic-like surge that makes passing and hill-climbing a breeze.

It accents the new **FORD "FEEL"**

Take the lower, level "Mid Ship" ride... the power of new V-8 or Six engines... the "feel" of "Hydra-Coil" and "Para-Flex" Springs... the 35% easier "Magic Action" brakes. Add the many other firsts of the "Fashion Car of the Year" and you'll see why you should be ordering your Ford now.

Take the wheel... try the new Ford "FEEL" at your Ford Dealer's!

Surprise Birthday Supper Is Given

A surprise birthday party was given for Mrs. W. D. Wanzor in the Wanzor home Friday evening. All the food had been prepared and all arrangements completed by Mr. Wanzor.

The table and house was beautifully decorated with carnations and shasta daisies, and there was a beautiful birthday cake. Mrs. Wanzor received several nice gifts. The kitchen had been completely remodeled with all steel cabinets, dishwasher, and other modern equipment.

Everyone enjoyed a delicious buffet supper. Present for this occasion were Mr. and Mrs. Olen Jennings and Dixie, Mr. and Mrs. J. W. Bowen, Mr. and Mrs. L. L. Williams, Mr. and Mrs. R. L. Fields and Doris, Mr. and Mrs. H. C. Elliott, Mrs. Lucille Wright and children, Linda, Joan, and Charles; Mrs. E. J. Montgomery of Lubbock.

A PUMP THAT FITS COLLEGE STATION—The water pump is the heart of the farm system, says W. L. Ulich, extension agricultural engineer of Texas A. & M. College. It works for the family and the livestock under all conditions.

There may be quite a few things around the farm that the average farmer can do without if he has to. But if everything else on the farm fails, you still have to have water. You'll be less likely to have trouble with your water system if you have a water pump that fits the special needs of the farm and home, Ulich adds.

Mrs. Garrett Club Hostess July 5

The Progress Demonstration Club met in the home of Mrs. Birda Garrett July 5th.

The president Mrs. Ada Murrah had charge of the business meeting.

All Committees gave good reports money and name of candidate for the short training course were turned into headquarters.

R. E. A. Telephone was discussed and papers drawn up were ready to send to our senators.

A metal tray and glove making demonstration meeting is to be held at the Progress school house Thursday, July 14 at one o'clock.

The grab box brought a dollar. All members are asked to bring something for the grab box at the next meeting.

Mrs. Corington gave an interesting demonstration on how to prepare fruit and vegetables for freezing.

Delicious refreshments of candy and cakes were served to 12 members and Mrs. Corington, the HD agent.

Next meeting will be held in the Bracher home. They live on the place known as the Panter farm.

Muleshoe Nine Defeats Olton

The local baseball nine got in a day of batting practice against the Olton nine here last Sunday afternoon by defeating the Olton boys 28 to 12.

The Olton boys took a first inning lead of 3 to 0, but in the second inning the Muleshoe nine sent seven runs across the plate to go out in front and in the fourth inning they widened their lead with 4 more runs, but Olton came back in the fifth to score 3 runs and allowed Muleshoe to bring in five more runs, making the score at the end of the fifth inning 16 to 6 in Muleshoe's favor.

Muleshoe scored 3 runs in the 6th while Olton scored 4. Olton scored 2 more runs in the seventh frame and Muleshoe scored 2 in the seventh and 7 runs in the eighth running the final score out to 28 to 12.

Alvin White started on the mound for the local team, pitching the first five frames. Simmons relieved White and pitched the fifth inning. Lamarr took over on the mound in the sixth inning.

Twine-Tying Baler Speeds Hay Harvest Made "Haylift" Work Possible in West

Over the vast areas of the plains states where 1948's unprecedented snows caused extensive suffering of both livestock and human beings, machines like the one shown above are beginning to be more appreciated.

Not in the actual haylift operations, wherein grain for starving cattle and food for humans were dropped from airplanes, but in the preliminary phase of harvesting, without which the haylift would have been impossible.

The machine shown here turned out up to 7 bales a minute during the haying season of last year, adding this tremendous output to the stockpiles of grain from which the haylift drew its supplies.

Thus the machine helped to provide the thousands of "bombs" of baled hay with which fliers saved the lives of starving cattle in a great rescue operation.

Just a few years ago operation haylift would have been impossible. It was not until this machine was introduced in the early 1940's that farmers could put their hay into twine-tied packages automatically.

He says there are three different types of electric water pumps that are in general use on Texas farms. The shallow well pump, the lowest priced one, is best suited for wells with a water level of 15 to 28 feet below the surface.

The plunger type, deep well pump is used when the water level is deeper than 22 feet. The cylinders that lift the water in this type are lowered to within 20 feet of the water, Ulich says. It can be used for well of any depth, but is especially adapted to deep ones.

The third type water pump is the jet pump, used for either shallow or deep wells. The jet pump doesn't have to be directly over the water source, which is an advantage.

If you're figuring on buying a water pump this year, it may save you some money to buy the kind that will best fit your farm needs he concludes.

Grid Practice Is Beginning

LUBBOCK, July 6—Football practice has opened at Texas Technological college.

Four of the eight former Red Raiders planning to play professional football this fall are working out daily on the field. Others plan to join the group later.

Heading the practicing delegation is Walter Schlinkman, Dumas named to the second All-National League team last fall as fullback. Schlinkman will be playing his third year with the Green Bay Packers. Bill Kelly, Idalou, end, and Glenn Lewis, Guitaque back, also are working out in preparation for their first year with the Packers.

Bernie Winkler, Temple tackle and former Red Raider captain, is getting in shape for his second

and went the rest of the way.

Several home runs were registered in Sunday's game with Woodfin, the new catcher, getting one in the second inning and another in the fourth inning. Gray got one in the fourth and LaMarr banged one out in the seventh. Olton made one home run on an error.

Sunday afternoon the local nine will go to Amherst where they will meet the strong Amherst nine with the game scheduled to begin at 2:30 p. m.

For a while the Muleshoe and Amherst teams were in a three-way tie with Anton for top honors in the Capitol League standing, but at this moment we don't know just how the teams are rated as we do not know the outcome of the past two games the Amherst and Anton teams. However one of the teams have been eliminated from the tie as Amherst and Anton have met since the three-way tie occurred.

This should prove to be a very good ball game and many local fans are expected to be on hand in Amherst Sunday afternoon to witness this battle.

year with the Los Angeles Donors. Expected to show up for workouts later are: Charles Reynolds, Odessa, back, signed with the Los Angeles Rams; Bob Flowers, Plainview, Packer guard; Ralph Earhart, Houston, Packer back; and Roland Nabors, Lubbock, New York Yankees center.
