#### The Man For Whom Bailey County Was Named:

Queried by the Texas Almanac ye aditor got busy to find out for hom Bailey County was named Without thinking much about it, we had thought that probably it was named for Joseph Weldon Bailey, famed senator from Texas. Not so. Bailey County was created by the Legislature long before the great orator was even heard of by Texans. Judge Tate put us on the right track. We went out and way Department. It reads:

Bailey County—part of Bexar Territory 1836-1876; created Aug. 21, 1876; Organized Nov. 5, 1918; named in honor of PETER JAMES BAILEY, born 1812, died 1836; a Kentucky lawyer; killed in defending the Alamo.

The 24-year old lawyer and soldier died far from home defending the liberty he had been taught to cherish. More than ever, I am proud to live in this county because it was named for such a

#### Odds & Ends:

Had it not been for a special brace in the turret top of their Chrysler, Bill Coven and Jack De-Shazo might have been crushed when they had their recent accident involving another car. Their car never did turn over but wound up in a position partly over a culvert excavation. DeShazo surveyed the situation then casually remarked: "Bill, I don't have any place to put my foot," meaning it was a long way to the ground.

If the shoe fits, etc., W. C. Cunningham writes to Postmaster A. J. Gardner as "the champion postcard reader of the world."

A Quixotic trip, it seems to us, is that of four intellectuals of the and Mrs. John Sow er underwent ed for the Muleshoe Motor Comp-U. S., who have arrived in Turkey a tonsillectomy. She has gone hunt for Noah's Ark, which the home. Bible tells about. The Ark, built Jim Burkhead was in a few days by Noah, housed him and his for medical care. He has been disfamily as well as a pair of about charged. every animal, until the flood wa-

The Ark was a well constructed Ark and presumably the best sort of timber was used in it: at least it served its purpose admirably. Now the Americans are to hunt for it, or its remains near Mount Ararat, in Eastern Turkey.

It seems altogether possible that the timbers of the Ark may have rotted and the entire structure may have disentegrated in long centuries which have passed since the flood. Undoubtedly thousands of years have elapsinterest the findings or vice versa of the little group of Americans, but if they find the relic we would like to see an authentic picture of same before believing.

#### Seen & Heard:

Dr. M. F.: A storekeeper friend of mine, asked why he didn't buy another farm in the neighborhood said: My store doesn't make Congratulations To: enough money to support but the

Now, Doc., there's more truth than, etc. in that.

Ed Edmiston, flier, Ford parts daughter, Wilma Ann. man, wrestling promoter and other things: Muleshoe is the prettiest bock, Texas on the birth of a son, Plains city from the air. I have July 13. flown over every Plains town and I will put Muleshoe up against any of them. This town just seems to be laid out perfectly from the airman's point of view.

So, the next time this writer gets to thinking Muleshoe is not a pretty little town he will get some of our fliers to soar over the city with him. It just never had occurred to us and I bet you hadn't thought of it, either.

Farmer: My dad is a good cotton farmer, if I do say so. And he has told me to stop worrying so much about bugs and insects He said that he had lost cotton crops in his life, but had never lost one to insects. Nevertheless while remembering what he said, I will keep an eye out for the pests and will be ready to dust. However, I sometimes think that when the insects kill out every third stalk or second stalk it is the cheapest way to get your cotton chopped.

#### Mulestop, Texas.

Am sure you thought we were going to Muleshoe. But Mrs. Luther G. Pitts of Y. L. community has received a letter right on time, from California, addressed to her at "Mulestop, Texas."

Signs of Our Times, in Muleshoe:
Teen Agers busily fixing up the meeting place for Teen Town using mops, brooms, hammers and saws, paint brushes . . . firemen assiduously practicing their fire drill to be ready if and when JayCee members working far the night to put up street signs . . . mid-week services at the churches, their various organizations functioning regularly . .

#### GILES IS LUCKY

Porter Giles, Lubbock paper salesman who calls on most business firms here, was lucky this week to be given a free trip to the Imperial Session of the Shrine of North America, to be held next week in Chicago. Shriners of this area put money into a kitty and en lucky names were drawn, Mr. Giles' name was drawn by his

### **New Mexico Onion Crop Tops \$400** Per Acre Reports Roosevelt Co. Farmers

By NORRIS JACKSON Clovis- News-Journal

PORTALES-When a farmer figures he will make a return of better than \$75 to \$100 per acre on a crop, he generally thinks he's had a good crop. But when a crop brings a profit of close to \$400 for each acre, well, that's cause to crow, and a small group of Roosevelt county farmers are doing just that.

Onion harvest got underway there during the past week, and \$625 gross per acre, which figures last year. close to the \$400 profit mark if the producer grades and sacks

his own product. Leonard Buttrell, south of Portales, is one of those few growers who is reporting profits near that high figure.

On seven acres, Buttrell expects o harvest an average of 250 fiftyound crates of the vegetables. \$2.50 per crate for top grade onions. On that basis, his gross return figures \$625 for each of the

"However," Buttrell says, "I don't lay that extra-high return entirely on my farming ability or on the available. Payment is 20 cents per land's productivity.'

"The market happened to be high at the start of the harvest just as wheat growers gained sevgated often to be sure they got from the vegetable and place them home in Muleshoe was not held plenty of water, and insect dam- in a crate. Except grading and age was negligible."

ter than rainfall.

"When it rains, we have to worry about weeds, which require additional cultivating costs, and

more insect damage. Buttrell has been raising onions on irrigated land for three years, and this year brought the highest prices during that period. In 1945 he harvested 400 crates to the acre, but realized a gross less than this season. Market prices then were only \$1.50 per crate.

In 1946, his production was about 275 crates per acre, but pricsome are reporting as high as es remained at \$1.50. He skipped

This year, he expects to harvest 1,500 crates, which he will grade and sack himself for that extra \$1 per crate. Producers who sell their onions on a field-run basis get only \$1.50 per crate, which permits them to make a net return of close to \$200 ner acre. Some farmers also have been hit hard by hail damage this Current market quotations are year, with a few reporting 50 per cent damage.

The biggest problem encountered by growers this year has been a shortage of labor during harvest. Although wage rates are fair to good, the workers just aren't crate. A good harvester will crate upwards of 40 crates in a day.

St. Clair Dept. Store

# Good Buy-all around

FRIENDS gather, look over that long bonnet and wish they had as much Fireball life as you have here.

They size up the broad windshield and narrow corner posts-and don't have to be told how these things step up "see-power."

They appraise the smart styling, the roomy interiors, the usability of luggage space—and agree you've made a buy.

But don't stop, please, with letting them look. Invite them in and introduce them to some of the special pleasures you'll know as a Buick owner.

Show them, for instance, how completely different Dynaflow Drivet is, with every mile cushioned by flowing oil and none of the rigid harshness of direct-drive cars.

Let them sample the matchless Buick ride, with all four wheels cradled on soft, coil springs and low-pressure tires made still easier-riding by extra-wide rims.

†Standard on ROADMASTER, optional at extra cost on SUPER models.

Point out how solid this Buick feels. That's what you get from husky frames, low-swung weight, and power delivered through a torque-tube instead of the rear springs.

For the truth is, this Buick's a bargain on much, much more than you can see.

It's a big buy on the solid goodness a demonstration quickly makes plain. On increasingly favorable delivery dates. On attractive price. On the kind of "deal" your Buick dealer makes.

That's why we keep saying "Better see your Buick dealer-and get that order in promptly!"

#### BUICK alone has all these features

Silk-smooth DYNAFLOW DRIVE\* • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions . Buoyant-riding QUADRUFLEX COIL SPRINGING . Lively FIREBALL STRAIGHT - EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS Low-pressure tires on SAFETY-RIDE RIMS . Cruiser-Line VENTIPORTS . DUREX BEARINGS, main and connecting rods . BODY BY FISHER

\*Standard on ROADMASTER, optional at extra cost on SUPER models

When better automobiles are built BUICK will build them

#### Sheriff's Report . .

Hello everyone:
Here we come again, with not too much to report. At this time we have four boarders, two of them on felony cases, one for burglary, one for theft of over fifty dollars. He was tried in Coun-ty Court, fined and drew thirty days in jail, the other one is in for bootlegging. He has paid one hundred dollars of a two hundred and fifty dollar fine, and is laying out the balance. Maybe he won't be selling any while he

### Reds Win All-Star Game; Cardinals Tie Pirates For First Place In Softball League

end in a three way tie. Should Muleshoe win Sunday and Amherst defeat Anton, the Muleshoe A beginners swimming class was started last Monday with twenty eight members being enrolled. The half a game, but if Anton then class is being instructed by Don turned around and won over the Jackson. Lester Hammonds has Muleshoe lads in their make-up made arrangements to make the trip to Clovis with us each Mon-Anton and Muleshoe back into a day and a class for intermediate three way tie for top place in the swimmers will be instructed by him. Lester has recently completed an acquatic school in Oklahoma Mrs. Bob Herrington has been making the trip to Clovis with us teaching a number of us to dive. Reds Win All-Star Game

The Reds defeated the Senators in the All-Star game last Friday. The Reds starting line-up was: Bob Nickels, SS; Bob King, CF; Keith Bray, 2B; Dewayne Burkhead, C; Kenneth Lovelady, RF; Dean Herrington, P; Leon Harvey, LF; Marvin Waggoner, 1B; Bob

Willeford, 3B. The Senators line-up included: Jack Jones, P; Stanley Fox, 2B; Roald Johnson, 1B; Robert Rich-Craft, 3B; Donald Roddam, C, Roy Harris, RF; Charles Waggoner, LF. and Bob Nickels of the Reds who Sunday by the Muleshoe lads. collected three for four and scored three runs.

the Cardinals are Bob Nickels. Captain, Donald Roddam, Kenneth

Holmes and Roger Graves. leading in batting with .895. He is championship of the South Plains. followed by Bob King .792 and There are several ways that the the Cardinals is leading in home runs with seven. Leon Harvey and Kenneth Lovelady of the Cardinals have two triples. Dewayne Burkhead of the Pirates has nine doubles to lead in that department. Bob Nickels of the Cardinals is leading in hits with 26 and Jim Holt of the Pirates leads in runs with 23. Kenneth Lovelady of the Cardinals is leading in total bases

ing second position. As it is the Springlake nine are in fourth place with a cinch to be in the play-offs. Regardless of how the games come out Sunday the four teams who will be in the play-off will be Anton, Amherst, Spring-lake and Muleshoe.

Sunday afternoon the Muleshoe nine will play host to the Earth nine at the local baseball field for the final regularly scheduled game of the season. Amherst will travel over to Anton for their final game on the schedule and the make-up game between Anton and Muleshoe will probably be played some time during the week at Anton

next week. The dates and sites of the playoff games will be announced next week after the outcome of the regularly scheduled season has been determined.

#### Slants From The Sidelines ... By W. E. Hill

Wrestling has been discontinued here for the past few weeks, but according to JayCee officials the regular wrestling bouts will be started again in the near future.

The reason given for the disregularly this year and has been continuance of the wrestling bouts was that the area farmers were so busy with their crops at this time of the year that they could not afford to leave them to watch a wrestling match. Of course many of the fans are businessmen, but they are also busy trying to keep the farmers supplied with necessary needs to work his crops.

Don't forget to watch for the date that the wrestling bouts will be started again here in the local high school gym.

The local Muleshoe baseball ards, CF; Clark Colson, SS; Truitt team is now tied for first place with the Anton nine. Anton will meet the strong Amherst team The leading hitters were Bob King that suffered a defeat there last

However regardless of how any of next Sunday's games come out, The Cardinals have come up to tie the Pirates in the Major League this week. Members of League this week. Nickels

The managers of the Capitol Lovelady, Leon Harvey, Logan league should get together and Cummings, Truitt Craft, Bob King, select a committee of men to Buddy Dial, Carl Thomas, Roy pay the managers of the Oil Belt West, Albert Thomas, Jimmy Green, Crispian Green, Wayne ing to discuss the chances of the top teams of the two leagues Jimmy Holt of the Pirates is still getting together to play for the

Kenneth Lovelady .774, both of the deal could be worked out where Cardinals. Kenneth Lovelady of all concerned should be well satisfied and it should create a lot of interest in this section of the country.

The local softball leagues in the recreation program being conducted here is creating a lot of interest among the boys who are participating.

We wish the boys were playing baseball though, instead of softball. There is a great lot of difference and some of the boys, providing they were playing baseball might in time go on up into the big leagues.

until football season will begin. Last year many of the high schools lost everything they had, and some of them didn't lose but just a few men, which were as the rule, the "start players" Muleshoe only lost a few men

### **Third Inning Rally Enough For Win**

Alvin White, pitcher for the local nine, pitched a four-hit ball game against the strong Amherst nine last Sunday afternoon to down them by a score of 5 to 1.

Amherst's only tally was made n the first inning on an unearned run. The Muleshoe nine tightened up their defense and from there on gave the pitcher perfect backng to hold the strong Amherst team in check the other eight

In the bottom of the third inning the Muleshoe nine started a rally that cinched the game for them by bringing in three runs. White got on by an Amherst eror, but the next two men up, Oliver and Wallace were thrown out at first base. Knight got on by an error and Wright came up and blasted the ball out of the park for a home run, bringing in two runs with him. Lambert got a single and Howell was thrown out at first to retire the side with a 3 to 1 lead over the Amherst nine.

The Muleshoe nine scored again in the sixth and in the ninth to run their total score out to 5 runs. White allowed 4 hits, walked 2, and got 9 strikeouts.

K. Hanna, pitcher for Amherst, gave up 10 hits, walked 4 and egistered 9 strikeouts.

Ivey was the only Amherst man but those few men held down the key positions on the team. We have some fairly good looking material coming up, but just because they look good, and fairly large, doesn't mean that they will make regular war-horses out on the field of battle. . . . Of course we have a new head coach who has a fine record behind him, but that alone still doesn't mean anything . . . only time can tell and here's hoping that Muleshoe has

#### Windy Sure "Stopped The Show"!

The other night a bunch of us were over at Judge Cunningham's watching a swell vaudeville program on his new television set. It came in fine, but just once, the screen got a little streaky.

Before the Judge could touch the knob to bring it into focus, old Windy Taylor starts fooling around with the antenna connection. "I can fix that!" he says.

Windy fixed it all right. He "stopped the show" for us, and Buzz Ellis had to come over and do a \$20 repair job. I understand

Windy feels so bad, that he's paying the bill and has apologized to the Judge for acting so smart.

From where I sit, it pays to practice a little restraint whenever we get the urge to meddle. Whether it's television or a person's right to enjoy a temperate glass of sparkling beer now and then-let's get a good clear "picture" of the real situation before we cause more harm than good.

#### Multi-Million Dollar Research Program

Artist's drawing of new research laboratory near Detroit

DETROIT-Dearborn Motors Corp. announced a multi-million dollar research and development program in farm equipment. Focal point of the activity will be the new laboratory and general offices now being erected near Detroit at a cost of \$21/2 million. Officials of the Ford Tractor and Dearborn Farm Equipment company said the research activities will include studies of existing machinery, as well as development of equipment for farm jobs not yet mechanized.

#### CROP Food Helps Homeless Girl. 4

Four - year - old Ursula Gramarozk, one of the millions of refugee children in Germany, has no home of her own. But she does have some food every day. She gets it at the Grubweg church home, which is supplied from contributions which were made by American farmers in this and 25 other states to the Christian Rural Overseas program (CROP).

In the year ending June 1, a total of 75,668,581 pounds of farm commodities had been contributed for distribution in 22 of the 43 nations served by CROP's sponsoring agenworld Service (22 Protestant denominations), and Lutheran World Relief. Gifts in kind included 28,975,504 pounds of wheat for 38% of the total, 22,061,357 pounds of corn for 28%, and 13,185,661 pounds of beans for 17%. cies: Catholic Rural Life, Church

Meanwhile, plans are well advanced for extending the CROP drive nation-wide this year. Already, organizations have been set up in 20 states, and 11 others are in the process of organization for harvest season campaigns.

### **Cutworms Damage** Cotton In Area

The cutworm has been pretty busy in cotton fields of the county in the last few days, County Agent J. K. Adams says. He said that if one cutworm is encountered for every step one takes along a cotton row, something should be done about it.

Busting would be a good idea in his opinion. Best results have been obtained locally with the solution known as 3-5-40, he said. Mr. Adams spent a goodly amount of time in the south part of the county investigating insect damage last week.

He hasn't seen any aphids or flea hoppers in serious numbers, but he says they are present and advised a sharp lookout. Lamb County farmers have reported considerable activity by these insects,

#### Fall Out of Summer

To paraphrase the poet: When summer comes, can fall be far behind? Designer Toni Owen has fashioned this dress to be equally comfortable under September starlight or July parasol. The patio skirt is of Juilliard Featheroy (three ounces lighter than corduroy), with side zipper and buttoned waist band. Shepherd Knitwear makes the matching T shirt. The ensemble, chosen by Cosmopolitan magazine's Male-Tested Fashion Jury (Kirk Douglas, Robert Sterling and Louis Jourdan) comes in red caviar, taupe and gold. Its price—about \$15 for skirt, \$2.25 for shirt—leaves budget room for July juleps or autumn apple cider.

### **Needmore Women's Club In Meeting**

Mrs. Fiddle Shafer was honored by the presence of the Needmore Women's Club Tuesday, July 12. She just joined our club last month and was a bit "tiffed" at having to entertain us so soon. She told us she would serve us squash sandwiches and buttermilk (so we came prepared with a box of soda, just in case).

I believe Mrs. Shafer had one of the most delightful club meetings that I have attended. Of course we all know her brand of humor and expected anything. I haven't the time nor space to tell you all the things we did but we worked and played till five o'clock and then had our refreshments which were unique to say the least. When she served us I thought the women would die laughing.

The strawberry ice cream had a beautiful green bean sticking out of the top and the raw squash and dry bread looked very delicious (ugh!). But the cookies were good. Mrs. Shafer received a lovely butter bowl for a hostess gift and we drew for a "draw gift," and she was lucky enough to draw that too. It was a very pretty bowl. The members that were absent missed a good time. Try and be present at the next club meeting. We have important things to talk over

#### Oldsmobiles Are Proving Popular

Recent reports from the field organization show that more than 9,000 new Futuramic Oldsmobiles were delivered to customers by the Oldsmobile dealer organization between June 20 and 30, G. R. Jones, general sales manager of Oldsmobile Division announced. Johnson & Nix are dealers in this territory for Oldsmobile.

This brings the total number of new Oldsmobiles delivered in the first six months of this year to 130,680, Mr. Jones revealed.

Comparing this figure with the deliveries for the first six months of 1948, Mr. Jones pointed out that 39,727 more Oldsmobiles were turned over to customer betwen Jan. 1 and June 30 this year. He attributed this sizeable increase to a corresponding increase in production, made possible by the greater availability of sheet steel for automobile bodie.

"It is particularly significant that 68 per cent of the new Olds-mobiles delivered in the last ten day period were equipped with this Division's new high-com-"Rocket" engine. Mr. Jones stated. "This fact indicates the tremendous popularity of this revolutionary new power plant. Demand for the Rocket engine has forced us several times to revise production schedules, eac time increasing the percentage of Series "88" and "98" Oldsmobiles to be built. Customers are finding the performance and economy of the Rocket engine a new thrill in motoring."

The remaining 32 per cent of cars delivered in the last ten days of June were powered by Oldsmo-bile's Big Six engine of 105 H. P., Mr. Jones explained.

DOING WORK IN DUMAS

### THESE TAGS READ: BIG INVESTMENT

In order to protect the really big money you have invested in these vital machines, you make every effort to take care of them. You keep the tires properly inflated; you grease the moving parts regularly, you keep all surfaces painted or otherwise protected against rust, and, of course, you depend on the best motor oil available to protect the life and performance of each motor. Like all other farmers, you have specific needs which all motor oils do not meet. Only a motor oil made by farmers for farmers in a refinery which they own can also meet such requirements. That's CO-OP MOTOR OILthe motor oil made to the farmer's own specifications. You can trust your costly motors to CO-OP MOTOR OIL: always.

#### NOTICE

All patrons and parents in the various school districts in Bailey County, desiring to transfer their children from one district to another, should execute application for transfer, before the 31st day of July 1949.

Dated at Muleshoe, Texas, this the 13th day of July, 1949. Cecil H. Tate County Judge and ex-officio Supt.

mant period against a variety of insects such as the rosy apple aphid, the currant aphid, the black cherry aphid, the mealy plum aphid, eye spotted bud moth, the cherry case-bearer, the pear psylla and oyster shell scale on apple and lilac. It also has given very promising results in control of the San Jose scale, scurfy scale and the eggs of the European red mite. As a fungicide, DN-289 has been

sooty blotch on pears. The amounts of the compound required to attain good control ranges from one quart to two quarts in 100 gallons of water. Aphids are controlled with one quart, while two quarts are needed to kill bud moths, case-bearer and the pear psylla. Heavier concentrations may be

used successfully for the control of

needed to control oyster shell scale. Research workers are conducting extensive tests to find other insects and diseases that may be controlled with the chemical.

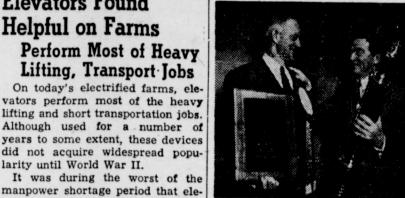

#### Wisconsin Grower Wins Barley Test **Contest Conducted**

In Seven-State Area

Vernon H. Moore, of Rock county, Wisconsin, was named winner of the 1948 malting barley contest conducted in seven midwest states by the Midwest Barley Improvement Association.

As an award for his accomplishment, Moore received \$1,000 in cash, a handsome trophy, and a special ribbon of honor, as well as an allexpense trip to Minneapolis.

Vernon H. Moore (left) of Clin. ton, Wisconsin, winner of the 1948 malting barley contest conducted in seven midwest states by the Midwest Barley Improvement Association, receives his awards from Herbert H. Ladish, treasurer of the association, in ceremonies held in Minneapolis.

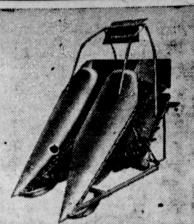

In addition to the regional award. Moore received the first Wisconsin state prize of \$500, a county prize of \$25, and state and county trophies. In the final judging, Moore's Barley competed with samples from more than 125 carloads of the grain grown by contestants in the sevenstate area. The prize-winning barley was of the Kindred variety, and was grown on 50 acres of Moore's 186 acre farm.

The prize-winning barley was seected by a committee of judges which included representatives of the U.S. department of agriculture. Each farmer taking part in the competition was required to enter full carload of barley, or to join with not more than four other barley growers in making up a carload shipment. Only varieties of barley Tests made at Idaho state college each of the seven states was acgrain can be emptied and cribbed cepted in the competition. Samples basis for judging the grain.

Sons or daughters of cash prizewinners who assisted in growing the ing or moving a wide variety of crop and who were between the ages of 12 and 21, received special farm youth award prizes equal to 10 per cent of the cash prizes won has been found highly desirable be- by the parent.

### THE MULESHOE JOURNAL, Thursday, July 14, 1949

**Automatic Harvester** 

Another farm job is brought closer to complete mechanization by this automatic field forage harvester. Within a few minutes the corn harvesting unit can be substituted for the hay pickup attached to the basic machine. With hay unit, the machine automatically picks up hay from the windrow, chops and blows it into a trailing wagon for removal to mow or silo. With corn attachment, the machine sweeps along the row, cutting and chopping

corn for silage.

Look at all the new refrigerators. Study them closely. You'll find there's only one that's really different . . . offers you more years of silent, dependable refrigeration. It's the Servel Gas Refrigerator.

That's because Servel operates on a basically simpler freezing system. It has no machinery to cause noise, no motor to wear, break down, need fixing. A tiny gas flame does the work. So owners find Servel stays silent, lasts longer. Many of America's almost 3,000,000 Gas Refrigerator users report that theirs are still on the job after 15, 18 and even 20 years.

But silence and longer life are only part of the story. The new Servels bring you every modern convenience, too. Plenty of ice cubes—easy to get at. Big frozen food compartment. Dew-action vegetable fresheners. Come in today—choose your new Gas Refrigerator from a complete line of beautiful models.

### Appreciation Day is Saturday Supper Honors Two On Birthday

Mr. and Mrs. C. D. Julian entertained at their lovely country home on the lawn, Monday evening at 7 o'clock in honor of Mrs. Julian's "16th" birthday. It was also the birthday of Walter Witte. A host of friends spread the very nice meal, with the excep-

of the spring fried chicken and the delicious ice cream, for which Mrs. Julian was responsible. The Julian home is a place to

always feel welcome. The hospitality is wonderful and you always want to go back again. Mrs. Julian received many lovely

little gifts of remembrances. She formerly was the president of the Half Century club and a pleasant year was enjoyed under her leadership.

Mrs. Mable Hunke and Mrs. Witte furnished string and accordion music after the meal was

Those present for the occasion were: Messrs. and Mesdames Wyer, W. H. Kistler, C. E. Briscoe, Walter Witte, C. R. Farrell, Rev. and Mrs. Craft and son Truitt Jr., Mrs. Duke, Carles, Jones Douglass, Hall Gilbreath, Painter, Paul Wilman, Moore, Harden, Maddox, Ragsdale, Mrs. Carl Huber and daughter of Massachusetts, Jean Jenkins, Jeanette and Barbara Witte, Gila N. M., Marena Bradley, Rhome, Texas, and Iona Moore.

### Farewell Party Given Day Family

Thursday night, July 7th quite a crowd gathered in the spacious home of Mr. and Mrs. Clyde Price of Maple to bid farewell to Mr. and Mrs. R. C. Day and family who are moving to Rogers Arkansas.

The children played in the yard. Many lively games were enjoyed. The grown folks engaged in forty-two. Mr. and Mrs. Bob St. Clair were presented a lovely box of chocolates for the highest score. They passed it around.

The Day family was presented Ice cream and cake was served to the crowd which included the families of: Mr. and Mrs. R. C. Day, Mr. and Mrs. R. R. St. Clair, Mr. and Mrs. Cecil Cole, Mr. and Mrs. Joe Smith, David St. Clair, Miss Marilyn McDermott, Mrs. Sallye Robinson W. H. Johnson, the host and hostess, Mr. and Mrs. Roland Sheperd and Mr. and Mrs. Clyde Price. Everyone wishes the Days happiness in their new home and hopes they come back to see us.

BAKE SALE SATURDAY

The American Legion Auxiliary will hold a bake sale Saturday, July 16, at the Fashion Shop in Muleshoe. The sale will begin at 9 a. m. Members will bake cakes and pies to be sold that day.

Appreciation Day Is Saturday

#### WSCS Of Y. L. Met At Church July 7

were present when the club met in the Methodist parsonage Thursday, July 7. Mrs. Mae Wilterding, president, conducted the business. Our opening song, was "He Leadeth Me," and Mrs. Wilterding led the prayer. Roll call was answered by quoting a verse from the Bible. The pledge for 1949-50 was raised by one third.

Mrs. Mooney gave the devotional from John 10:21-42 and read a poem entitled "Dedicated To Service." Prayer was led by Miss Dottie Wilterding and a song, "Give Your Best To The Master," was sung by three girls. Miss Dottie Wilterding gave a report on the wscs in foreign countries, and showed where the towns were located in each country. We need more women in the Society to help carry on this great work.

Wilterding conducted candlelight ceremony in which the officers took their oath of duties for the next 12 months. Prayer was led by Mrs. Jones. Mrs. Muriel Lewis has consented to give the next book. When it is finished there will be a round table dis-

Next meeting will be July 21, at the Y. L. school house at 2:30. All are invited to attend. Four visitors were present, Miss Selita Mooney, Irene Head, Barbara Carrol Jones, and Linda Jones.

### Teen Town Talks:

seems to be all about the new look our building has taken on. We worked all last Friday and Saturday on it and it now looks much better. We are going to have a night session Thursday night Dave Coulter and the hostess, Ceto finish up the work and then cil Harvey; Misses Maxine Ware, have open house Friday night. We Billy Simmons, Sue and Louise would especially like to have the Stinson, Pearlene, Janie and Char-Teen Town members, the advisory lene Coulter and Mr. Gerry Coulboard of trustees present for the The next meeting will be July

open house. Monday night, July 11, the ex-ecutive council had their regular Appreciation Day Is Saturday der, Peggy Julian and Beverly casey meeting with us. We devotriends, to their stay among them. ed most of our time to discussing ways of making money. We discussed a number of ideas and decided on three of them to bring before Teen Town.

One of them was to put on a play this summer. Also to play the Sudan boys and girls baseball teams in a game to be played here. Our third idea was to have a scrap paper drive and sell waste paper if we can get a market for it. Teen Town was in favor of all three of these ideas and committees appointed to make arrangements were as follows:

Play committee: chairman, Mary Jo White, Kenneth Lovelady, Joy Snyder, Roald Johnson, Billie M. Collins, Earnest Ware, Gene Har-

Baseball committee: Chairman, Gene Harvey, Kay Malone, Janice Jordan.

Waste paper committee: Ted Lawler. We are going to get one half

of the concession stand profits at the football games this fall. Next week we are going to publish a full financial report to show where the money we have spent has gone and how much we have

Don't forget the open house Friday night and I'll see you next

Teen Town Clerk, Mary Jo White

ST. CLAIRS RETURN HOME

Mr. and Mrs. Irvin St. Clair, Sr., have returned home after a trip through the mountains of New Mexico, Colorado, and Wyoming. They had no special destination, just rambled around but staying in the tall mountains and whereever it was cool. Some of the old ghost mining towns of Colorado proved very interesting to them.

### Gatlin-Moore **Nuptials Read**

Miss Doris Gwendolyn Gatlin, daughter of Mr. and Mrs. E. H. Gatlin, and James A. Moore, son of Mr. and Mrs. J. M. Moore, both of Muleshoe, were united in mar-riage in the Trinity Methodist parsonage in Clovis, Saturday, July 2, at 8 o'clock, by Rev. H. H. Allen.

The bride wore a gray cutterstone dress with white accessories and carried white carnations. Miss Juanita Hoover, of Mule-

shoe, was bridesmaid and Alford Hicks was best man. Others attending were Reaford Wenner, Pfc. Robert Breedlove, Washington, D. C., Miss Carolyn Moore and Mr. and Mrs. Milford

Cooper.
Mrs. Moore is a graduate of Muleshoe high school and is employed by West Texas Gas Co. Mr. Moore was graduated from Jayton high school at Jayton, Tex., and is employed by Western Con-struction Co.

The couple will make their home in Muleshoe.

# Sunshine Club

The Sunshine club met with Mrs. Cecil Harvey July 7, with 8 members present. Each one answered roll call by reading a verse from Matthew, chapter 9. We all decided to visit Pleasant Valley club Wednesday, July 27. Hope all attends.

The club also sent Mrs. Frank Rowland a pot plant. Sorry she's

The members present participated in a "grab box" which netted

the club \$4.25. The club sent a pot plant to

Mrs. Tommie Meeks . . . Congratulations on a big boy.

We enjoyed the evening playing games. Maybe we are a little smarter as Mrs. Dave Coulter and Mrs. Ike Stinson read poems which were enjoyed by all.

Delicious refreshments of ice lene Coulter and Mr. Gerry Coul-

21, with Mrs. Lewis.

### Service Guild Met In Phillips Home

Wesleyan Service Guild met with Mrs. H. A. Phillips Monday evening, July 11. The meeting opened with the Lord's prayer said in unison. Mrs. Curtis, president, was in charge of the meeting and Mrs. Frances Gilbreath gave the inspiring devotional.

Mrs. Homer Sanders, Jr., gave ne "The Twenty-Five Men Who Rule the World.'

All Guild members are urged to meet at the Annex Monday evening July 18, wearing their work cloths, for a clean-up campaign will be in progress. Next meeting will be July 25 with Mrs. Morris Childers. Delicious orange chiffon cake and ice cream was served to Mesdames W. Q. Casey, a new member, Jim Burkhead, Delma Mc-Carty, Francis Gilbreath, Curtis Spivey, James Case, Homer Sanders, Jr., Harold Wyer, T. G. Craft, Elizabeth Harden, John Phillips, a visitor, and the hostess.

#### Fidelis Class Met With Mrs. Green

Green with Mrs. M. F. Green cohostess. The meeting was called to

order by Mrs. Cecil H. Tate, president. All members answered the roll call with a favorite verse of scripture, after which Mrs. E. H. Kennedy brought a very interest-

ing devotional. Group captains made a report on the three's Months' attendance and Mrs. C. E. King's group won affirst place. New group captains were appointed. The class was happy to have Mrs. E. W. Evans of Bakersfield Calif. as a visitor. of Bakersfield, Calif., as a visitor. Mrs. Lou Green and Mrs. H. C. Schuster led the group in a social hour followed by the opening of sunshine gifts after which refreshments of fresh melon compote, ineapple cake, sandwiches and ounch were served from a beautiful summer table. The next meeting will be held August 11 in the home of Mrs. W. R. Young.

Appreciation Day Is Saturday

#### Giles Says Procedure For **Acquiring Land Under Vet** Program To Be Kept Simple

Office and Chairman of the Veterans' Land Board

(Editor's Note: This is the con-cluding article of a series of three by Bascom Giles explaining the newly created Veterans' Land

Board Program.) In keeping with the terms of the legislation creating the Texas Veterans' Land Board, its administration and operating policies will be kept as simple as the problems of this huge program will permit.

The fact that approximately 13,-000 veterans have already contacted this office for information on the working details of the plan indicates the commendable desire of veterans to own a farm or ranch home under the idea originally conceived by the author five years

ago.

Paper work involving application to participate has been cut to the minimum. Each successive step has been shorn of all encumbering de-

been shorn of all encumbering delays.

For example, proof of the application that the application for land program benefits. For those taking advantage of the 90 day priority offered those who have a service-connected disability sustained in combat, certification of such must accompany the application.

title.

Failure to make payments when due, permits the Board to revoke the contract of purchase and to forfeit the land which can then be offered for resale to other veterans.

A veteran may reinstate his land which has been forfeited, up to the announced date of resale by payment of a penalty and placing account in good standing.

The Board in its first meeting named Alvis Vandygriff as executive secretary.

Vandygriff, an attorney, who hails from Ennis, Texas, has been

By BASCOM GILES
Commissioner of the General Land
Office and Chairman of the

Quired to pay the difference between \$7,500 and the purchase price plus the five per cent down payment on the \$7,500 loan.

he shall have served not less than 90 days on active duty in some branch of the armed service between September 16, 1940 and December 31, 1946, unless discharged sooner for service-connected disabilities. A certified copy of the applicants honorable disabilities. nected disabilities. A certified copy of the applicants honorable dis-charge will be required to be filed with application. In addition, a vet-eran who leases his land for oil or gas must apply one-half of all bonus and rentals to the retirement

of his debt. The veterans will NOT be required to live upon the property but he will NOT be permitted to dispose of it for a period of three

Payments of principle on note with interest will be made on a semi-annual basis. Each veteran will receive a contract of sale from the state and upon final payment he or she will be granted absolute

who have a service-connected disability sustained in combat, certification of such must accompany the application.

Each veteran will be limited to one purchase not exceeding \$7,500 cost to the Board. He will be required to pay not less than five per cent down and execute an onor-before note for 40 years at three per cent interest for the balance.

Should a purchaser desire to acquire a tract of land costing NOT more than \$10,000 he will be remainded.

#### Girlstown Is Legal Directory **Placed At Morton** Members Bailey County

Site for the proposed Girlstown USA was more particularly determined as the legal instument conveying 1336.5 acres to the project was filed by T. B. Duggan, Lubbock philanthropist in Cochran county clerk's office.

Duggan also contributed

to the project to finance the building of a 28 bed dormitory. At present the home for otherwise homeless girls is located at Buffalo Gap, Texas and facilities are available for only 12 girls.

Miss Amelia Anthony, trustee

and founder of Girlstown, explained that the gift would finance the start of a long range project to be patterned after Boys Ranch which s located near Tascosa

The founder hoped that completion of the dormitory would be reached within 90 days. Girls of school age will attend the White-face public schools. Eleven of the twelve girls now in Girlstown are of school age.

The land is located due south of Whiteface in Cochran county, about eight miles to the site of the proposed headquarters.

WINS HONOR AWARD

Billy Hill, of the Muleshoe Journal, was as proud as a pea-cock last Thursday when he received a nicely framed award for an outstanding letterhead he had designed and printed for The Journal. The framed a-ward was delivered by the one and only Porter Giles, the paper salesman for Carpenter Paper Co. Lubbock, who is as well known in Muleshoe as most business men The award was from Gilbert Paper Co., on whose fine bond paper Billy had printed the letterhead. letterhead was printed in three colors, brown, blue, and red. The framed citation is on view in The Journal office.

### In Chemical Tests

#### Insecticide Shower Evaluates Formulae

An old-style phonograph rigged up to give a revolving shower bath to a white mouse is helping test new chemicals for effectiveness in stable fly control. The mice are pinch-hitting for dairy cows in making the tests, says the U.S. department of agriculture.

The old phonograph was one that played wax cylinder records. The test mouse is confined in a screen cage that replaces the old record holder. The mouse is rolled around

several times under a sprayed solution of the new chemical, and then is rolled under an air stream until dry. The test comes the next day in another cage with 20 stable flies. If as many as four of the flies succeed in attacking the mouse without being driven off or poisoned, the chemical is not regarded as worth a full scale test on a cow. This is the first time white mice have been used in just

this kind of experimental work. Federal entomologists are searching actively for a spray that will protect animals from attack by stable flies and other blood-sucking flies and mosquitoes. Recent experience has proved abundantly how profitable it is for farmers to protect cattle from the torment of "fly time" and thus avoid the summer slump in milk production and gains in weight of animals on pasture.

clock. And each 24 hours it ticks off means another day added to your age. Get the clock on your side by signing up now for one of the two safe, automatic plans of savings, the Payroll Savings Plan for the pur-chase of U. S. Savings Bonds where you work, or, if self-employed, the Bond-a-Month Plan where you bank. This search calls for trials of hundreds of chemicals. Many of these are new synthetics. And as the clock hand swings

#### Soil Protection

Pelting rains may be a soil destroyer rather than a farm blessing unless your land has a protective "umbrella" over cover crops.

Beating rains on bare land break the surface soil into small particles. These particles quickly fill the pores of the surface soil. The surface forms a hard crust. Water cannot soak in. Instead, it runs over the surface. The farm land then suffers a double loss. It loses needed moisture for crops and it loses valuable top-soil.

The Middle West soil improvement committee suggests these steps for protecting your soil and giving your crops better use of the rains you get:

1. Use a cropping system that gives your soil as continuous cover as possible throughout the year. 2. Thick - growing grasses and deep-rooted legumes give the best

3. Small grains following corn help keep the land protected. 4. If winter wheat or rye is not feasible, a good covering can be had by mashing down corn stalks

cover.

or soybean tops. Legumes like alfalfa and sweet clover prevent washing away of soil. Their prying taproots open the soil so rain soaks in and is held for crops. Legumes well fed with phosphate and potash fertilizer add

#### life-giving organic matter. Land Should Be Turned Under for New Legumes

When corn is to follow first year sweetclover, it is advisable to get the ground turned under before the new growth of the legume removes too much moisture form the soil.

This tip comes from D. L. Gross, Nebraska university extension agronomist. He advises, however, not to plow under the clover before new crown shoots get to a length of four to six inches. Earlier plowing may not kill the legume.

weather returns.

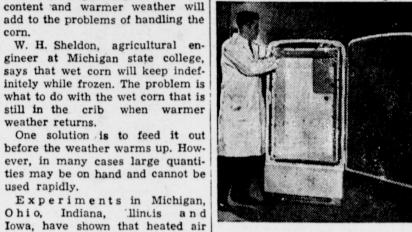

used rapidly.

Lightest of Solids The world's lightest solid an amazing plastic foam that swells up when baked like a cake to 100 times its original volume-has been developed by Westinghouse scientist for use as a new insulating material.

The new product is expected to find its way into many uses in appliances used in farm homes and about the farm.

Even lighter than some gases, the new material weighs from 10 to 20 times less than the fluffy meringue on a well-baked pie.

Robert F. Sterling, 29-year-old chemist, and the man chiefly re-

Shown here is a refrigerator completely insulated with the new plastic-foam insulation material. This is the way the refrigerator looked after the insulation job was done, but before door liner and other parts were put back in place.

sponsible for the new product, said it is the result of a three-year search for an effective insulating material that will fill large areas, yet weigh "next to nothing."

The foam is made by heating a molasses-like synthetic resin at about 350 degrees Fahrenheit until it expands to 100 times its original volume, then solidifies. Thousands of gas bubbles entrapped in the foam "buoy" it up and give the plastic its lightness.

Foamed into pre-fabricated metal wall sections, a two-inch thick layer weighing only 300 pounds would be enough to insulate a complete six-room house, Sterling said.

Resistant to fire, moisture, fungus growth and insects, the foam is low enough in cost to be practical for many applications and uses the scientist said.

Not only do imprisoned air bubbles give the new plastic great lightness, but they also provide it with its excellent insulating qualities. So-called "dead air" is one of the best insulators known among commonly available materials, Sterling said.

#### MOVE TO ARKANSAS

Mr. and Mrs. R. C. Day and family of Goodland community are moving to Rogers, Ark, where he bought a farm some months ago.
