# Wholesale inflation rate shows decline

WASHINGTON (AP) - Inflation at the wholesale level moderated to a 6.3 percent annual rate during the second quarter of 1980, as an unaccustomed decline in energy costs held prices to a relatively modest 0.8 percent rise in June, the government reported

The June increase in the Producer Price Index was larger than price rises recorded in April and May but was substantially below the torrid price rises that shocked the economy during the first three months of this

As a result, the annual inflation rate at the wholesale, or finished goods, level in the second quarter fell to one-third of the 18.9 percent rate of the first quarter, the Labor Departm-

Through the first half of 1980, inflation at that level was running at a 12.4 percent annual clip, about equal to the 1979 rate.

An annual rate is determined by extending and compounding a monthly or quarterly price changes over a 12-month period.

Price changes at wholesale normally work their way up to the consumer level within a short time, and signal changes in inflation at the retail

The government said wholesale food prices advanced by 0.7 percent, the largest increase in three months, while wholesale prices for other goods rose 0.8 percent.

Soaring increases for energy had paced the sharp rise in wholesale prices earlier this year, but energy costs declined in June for the first time since March 1978. Energy goods declined by 0.6 percent, the largest drop in more than four years, the government said.

Gasoline prices fell 1.2 percent in June, while prices for home heating oil were unchanged from the previous

While the stabilization in energy prices helped limit rises at the wholesale level, economists expect food prices to begin showing large price increases later this year.

Through the first six months of 1980, wholesale food prices actually declined at an annual rate of 4.6 percent, helping to offset an 18.1 percent annual rise in non-food products during the same period.

The 0.7 percent increase in food prices in June followed a 0.1 percent rise in May and a 2.8 percent decline in April. The government attributed the increase mainly to increases in the price of beef and pork.

Wholesale prices for consumer goods other than food and energy rose 1.1 percent in June, the largest increase since February. The government said sharp price rises for gold jewelry and new cars were major factors in that advance.

The Producer Price Index for fin-

stage of preparation just before goods are ready for retail sale. Through June, the index stood at 242.6, which means that a marketbasket of goods and services that cost \$100 in the base year of 1967 costs \$242.60 last month.

June's 0.8 percent rise — equal to a compound 10 percent increase over the course of a full year - compares with a 0.3 percent rise in May and a 0.5 percent increase in April.

The April and May increases were unusually low in large part because of declines in food prices, and government economists had expected the rate to increase in June, although nowhere near the 1.3 percent to 1.6 percent monthly increases recorded during the first quarter of this year.

The Producer Price Index also surveys prices at an intermediate level, which applies to goods that have undergone partial processing, and at a crude level, which applies to unprocessed goods such as ore, wheat and

The government said wholesale prices at the intermediate level rose 0.8 percent in June, the largest increase in four months. Prices at the crude level advanced only 0.3 percent, following a 1.3 percent rise in May.

During the past 12 months, the government said, wholesale prices at the finished goods level rose 13.5 percent. Energy prices during that period had soared 64.8 percent while ponsumer food prices rose just 3.3 percent and other goods advanced 11.6 percent.

Inflation at the retail level began to moderate from an 18 percent annual rate during the beginning of the year and is now running at about 15 percent a year. The government expects the inflation rate to come down to about 12 percent for the full year.

Georgia State University economist Donald Ratajczak said wholesale food prices may start rising at a rate of 1 percent to 2 percent a month later this year, with the rise in meat prices expected to be particularly severe.

From January through May, retail prices for grocery store foods had been rising at an annual rate of 3 percent, compared with a 15 percent rise for all consumer goods.

The Agriculture Department, however, predicts that retail food prices for all of 1980 will rise between 7 percent and 11 percent. That means some very large increases are in store for the second half of this year.

industry representatives. Carter said the govern- serphoto)

# Carter announces aid plan for auto industry

DETROIT (AP) - President Carter huddled early today with auto industry and union leaders, unveiling a set of proposals to help the ailing industry make the expensive transition to manufacturing smaller cars.

Carter said, "We have literally worked day and night" on the plan, which included multi-million dollar loans and regulatory relief.

Carter's whirlwind, 55-minute visit to Detroit came as Republicans were gathering here for pre-convention activities; GOP leaders said the stopover was motivated purely by political considerations. They blamed Carter for economic upheavals that have emerged as the auto industry sales plummeted, forcing hundreds of thousands of worker layoffs. In announcing his auto aid package,

Carter said, "I believe this is a major step forward in providing for the American consumer a high quality, fuel-efficient auto that will be re-His proposals included:

- An expedited hearing on complaints that the U.S. auto industry is being hurt by imports of foreign

- Regulatory changes that would save the industry \$500 million in complying with federal anti-pollution standards. New legislation might be

- A less costly way of complying with regulations that protect workers

from toxic lead and arsenic. A program to provide at least \$50 million next year to communities and

firms hurt by the auto industry slow-- Special loans totalling between

\$200 million and \$400 million to help auto dealers finance their car inventories.

- Speed-up of a Treasury Department proposal that should allow the industry faster depreciation tax writeoffs for plants and equipment. Carter also said that when the time is right he will propose a general tax cut and the auto industry obviously will have special consideration.

The president arrived, en route from Plains, Ga., to a memorial service in Tokyo for Masayoshi Ohira, the Japanese prime minister who died last month.

It is the Japanese who have cut most deeply into the U.S. car market.

The Japanese makers have been selling smaller, more fuel efficient cars for years; as gasoline prices rose in the past decade, imports have steadily increased their share of the U.S. market.

percent of all cars sold in the United States last month; other imports were about 5 percent. A year ago, the Japanese were about 16 percent and the others about 6 percent.

The president described the federal aid plan as "the first step only."

"I am deeply concerned obviously about the high unemployment in the auto industy," he said. "We have literally worked day and night to come up with some proposals."
United Auto Workers President

Doug Fraser told reporters that Carter's plan was "a good first step." Thomas A. Murphy, chairman of General Motors, said, "We welcome this opportunity to move forward. It's an important first step."

Sen. Carl Levin, D-Mich., said Monday that the decision to speedup processing of a United Auto Workers complaint seeking government action against Japanese imports "will be a signal to the Japanese by the government that they should be doing something voluntarily (to limit auto exports), or there will be some government action taken," he said.

Carter was joined today by a federal delegation that was larger and higher ranking than the one which accompanied him to the economic summit conference in Venice, Italy,

### **Border Patrol spreads** net to catch 'coyotes'

AJO, Ariz. (AP) - The Border Patrol, using "hard-core, firm identification" from survivors, says it is closing its net on the "coyotes" who smuggled a group of Salvadorans into the United States and let 13 die in the scorching desert.

Once they recuperate from their ordeal, the survivors - 13 El Salvador natives and one Mexican - will be moved to Tucson and held as material witnesses, Border Patrol officials

"This time we have some hard-core, firm identification," said E.J. "Jerry" Scott, senior Border Patrol agent here. He said the chances were good of capturing and convicting the smugglers who left the group in the

But he lamented the fact that the first three survivors found along Route 85 lied about their compan-

The survivors have described their guides as "three Mexican youths," according to agent John Rockhill.

To spur the investigation, Gov. Bruce Babbitt offered a \$10,000 reward for information leading to prosecution of the smugglers for the 'wanton and senseless crime." He also wrote to U.S. Attorney General Benjamin Civiletti proposing that the U.S. and Mexico agree to share evidence and cooperate in the prosecution of the case.

Federal agents today were making a foot search of the area where 13

bodies were found over the weekend. on the lookout for identity papers and clues to the smugglers' whereabouts.

"We might be looking for some more bodies," Scott said, but added that searchers did not expect to find anyone alive in the desert, where the air temperature reached 110 degrees Monday and ground temperature soared to 150.

"From here on out we are looking for dead people," he said.

Officials say smugglers assembled as many as 40 to 50 Salvadorans at a hotel in San Luis, Mexico, last week, and on Wednesday or early Thursday trucked one group of about 30 across the border to Organ Pipe National Monument park.

Late Monday, Scott said he believed that "all but about two (of the aliens who crossed the border) are accounted for, maybe three." An estimate that about 45 Salvadorans had been stranded, he said, "never was firm. It depends on who you talk to ...

The smugglers robbed and abandoned the aliens, raping some women, and left the group to wander in the desert, fighting for any liquid - aftershave lotion, deodorant and even urine - to stave off killing dehydra-

Among the dead were well-dressed women wearing high-heeled shoes, a man with \$4,000 strapped to his groin and a woman with \$200 strapped to one thigh, officials said.

Other Calls.....

SEOUL, South Korea (AP) - The new Miss Universe is a nearly-21year-old blonde with blue eyes from South Carolina who wants to become a sports commentator and says President Carter is the man she respects

Shawn Nichols Weatherly, a junior in communications at Clemson University, was crowned today after being picked over four other finalists in the Sejong Cultural Center. She won \$28,500 in cash and looks forward to a year of personal appearances around the world.

Her pro-football boy friend, Dwight Clark, wide receiver for the San Francisco 49ers, was in the crowd of 4,000. So was her father, realtor W.A.T. Weatherly of Sumter, S.C. "It's great. I am so happy. I never expected to be chosen," said the new

inches and measures 35-25-35. "It's great and it's good for her," said Clark. But he refused to predict what would happen to their romance, saying, "I will have to see after a year is over.

international beauty queen, who will be 21 on July 24, stands 5 feet 8

Entered in the contest as Miss U.S.A., Miss Weatherly was chosen from a field of 69 beauties who took part in the 10-day competition for the title of Miss Universe 1980. She looked stunned at the announcement of her win, and her eyes filled

with tears when last year's Miss Universe, Maritza Sayalero of Venezuela, helped crown her to deafening applause from the crowd. She also had a cheering section made up of U.S. residents of Seoul and more than 20 state beauty queens who competed in the Miss U.S.A. competition and were invited to Seoul by the Korean organizers of the

Miss Universe event. Miss Scotland, Linda Gallagher, was runner-up to Miss Weatherly, while the other finalists were Miss New Zealand, Delyse Nottle, who was judged in third place; Miss Philippines, Ma Rosario Rivera Silayan,

fourth, and Miss Sweden, Eva Brigitta Anderson, fourth. Television game-show host Bob Barker and singer Helen O'Connell were the masters of ceremonies at the program, which included songs by Donny Osmond and Miss O'Connell and Korean folk music and dances. The final was televised live via satellite, and the organizers said more than 600 million people throughout the world saw it.

### Ma Bell wants \$1.75 residential rate boost

AUSTIN, Texas (AP) - Ma Bell says she needs \$1.75 a month more from residential customers and \$326.3 million in rate hikes to meet the rising costs of telephone poles, cables and

Southwestern Bell Telephone Co. filed its largest rate increase request ever Monday. Its previous high was a \$298.3 million request; filed on Sept. 1, 1976, the day the Public Utility Commission went into business.

Bell wants to increase residential rates, limit directory assistance calls and increase business service rates. No increases are sought for long distance, WATS, or pay phone calls.

In three previous cases the commission denied the full amount sought by Bell. Paul Roth, vice president for revenue and public affairs in Texas. says Bell might be back for another rate hike next year if inflation contin-

"We see no prospects for relief, even in the long-term future," he said, citing inflation as the sole cul-

If approved, the increase would give Bell an overall increase of 11.65 percent in intrastate business.

Basic residential service would go up \$1.25 a month. There would be an additional 50 cents per month increase for customers who use Bell equip-

Touch-tone residential service would go up \$2.05 a month for customers using Bell phones.

Roth said residential rates would still "be substantially less than it costs to provide the service." He said residential costomers pay about half or less of the actual costs for such service.

The biggest part of the rate hike (\$120 million) would be in "vertical" or special business services.

'This proposal means the cost for business services would be more in line with our costs to provide them,"

said Roth. Under the proposal, customers would be limited to five free directory assistance calls per month, down from the current limit of 10. Customers now pay 20 cents for "information" calls beyond the limit. Bell wants those calls to go to 25 cents

Bell says it costs 24 cents to handle information calls, and 6 percent of residential customers made 42 percent of the information calls during a recent test month.

The request includes modifications to measured service rates, now offered to customers who pay a reduced fee for 25 or fewer calls per month.

Instead of a 25-call limit, measured service customers would be given a 'montly usage allowance" of \$1.85. Any calls beyond that amount would

be billed to the customer.
Roth said PUC's denial of full rate increases, sought by Bell has not hurt the company's wond ratings.

Miss U.S.A., Shawn Weatherly, a 20-year-old student from Sumter, S.C., was crowned Miss Universe 1980 in Seoul, Korea Tuesday. (AP Laserphoto)

Around the area this morning most communities were reporting clear and hot conditions.

"I understand his skin was a little vellow the last couple of days, but that the doctors are not concerned," Mike Morse, a spokesman for the exiled Iranian ruler, told The Associated

According to the doctor, who declined to be identified, the American, Egyptian and French physicians treating Mohammed Reza Pahlavi are not worried about the jaundice.

"We think it is of the hemolytic type, that it is related to the blood transfusions," the doctor said.

Jaundice, which produces a yellowing of the skin, usually is associated with a malfunction of the liver.

The semi-official Cairo newspaper Al Ahram reported today that doctors were trying to determine whether the jaundice was caused by blood transfusions, poisoning of the liver in a general infection of the system, or by a weakening of the shah's red blood cells.

The doctor confirmed an Al Ahram report that Pahlavi was being fed through a tube from his mouth into his stomach. He said a liquid meal of eggs and milk was dripped hourly to provide concentrated proteins, vitamins and carbohydrates.

The doctor said Pahlavi's general condition was improving. Al Ahram said the 60-year-old ex-monarch was sitting up in bed, talking with his

family and joking with doctors.

A bulletin issued Monday night by Egypt's Maadi Military Hospital said the shah's temperature had dropped to 99.1 degrees, half a degree above normal, after reaching as high as 104 degrees during the past week's ill-

He is "much better...(and) can come out of intensive care if his temperature remains stable and normal for three or four days," one of the shah's doctors said Monday.

The medical bulletin said the shah's weight was up to 132 pounds. Al Ahram had reported the shah weighed 110 when he was rushed to the hospital on June 27 with a high fever and chest and abdominal

Three days later surgeons drained

11/2 quarts of pus and fluid from beneath the shah's lungs. Doctors said pus stemmed from an infected cyst in the pancreas.

Interviewed Monday by telephone. the doctor treating the shah said the cyst formed because of "an injury to the pancreas" during an operation in which the shah's cancerous spleen was removed last March at the same hospital.

"I'm not a surgeon," he said, "but I was told by my colleagues that the injury occurred during the removal of the spleen. In the search for something to attach the surgical knot to when the operation was over, a surgical instrument accidentally hit the tail of the pancreas and created a

He said the area became infected because the anti-cancer drug treatment the shah had been receiving reduced his body's white blood cell count, hampering its ability to combat infection.

"The cyst remained open, became infected and created pus," he said. The splenectomy was performed by Houston heart surgeon Michael De-

Bakey, assisted by a team of Egyp-

tian and French specialists. DeBakey has not commented on the physician's account, and the shah's chief spokesman, Robert Armao, dis-

"The surgeons did nothing wrong. DeBakey did not wrong," Armao said. "The abscess was caused by the low blood count caused by the chemo-

#### Man's condition stable after cycle accident

Edward Lucas, 19, of 3312 Delano Ave., was listed in stable condition this morning at Midland Memorial Hospital after undergoing surgery Monday afternoon for injuriessuf-

Tennessee officials say the deaths of four elderly women in the Memphis area raised the state's number of heat-related fatalities to to five.

Memphis hospital workers said at least 10 persons were treated for heat stroke or heat exhaustion and two other persons brought in late Monday afternoon may suffer other heat-related illnesses.

Power consumption in Memphis reached an all-time high at 4 p.m. Monday, breaking records set Tuesday and Wednesday of last week. Memphis Light, Gas & Water Division spokesmen said consumption peaked at 2,178.6 megawatts.

### Republicans face ERA showdown in platform panel

DETROIT (AP) - A dispute among Republicans over whether the party should renew its 40-year support for the Equal Rights Amendment is heading for its first showdown vote, with anti-ERA forces initially claiming the upper hand.

A GOP platform subcommittee was expected to vote today on compromise proposals aimed at reconciling the party's traditional support for the ERA with opposition to the amendment by many conservative Republicans, including Ronald Reagan.

ERA opponents claimed they had the votes to crush a simple restatement of the party's support for ratification of the proposed amendment a claim ERA supporters did not dis-

Party leaders and Reagan campaign aides worked at trying to put ogether a compromise that would keep the issue from escalating into a floor fight at the party's nominating convention next week

But as of late Monday, no clear consensus had arisen on the 16-member drafting panel that would accom-

said it was clear the votes weren't there to vote continued support for a strong pro-ERA plank. Thus, the result will involve at least some backing Anderson in Israel

on four-day visit JERUSALEM (AP) - John Ander son arrived in Israel today for a fourday visit, courting Jewish support in the United States to keep his presidential hopes alive. It is the first and longest stop of a five-nation tour.

With the Republican National Convention opening in Detroit Monday, Anderson organized a 11-day foreign trip which he hopes will be well publicized back home. He will also visit Egypt, West Germany, France and

"I'm coming to listen and learn," the independent candidate said as he was welcomed at Ben-Gurion International Airport by Moshe Meron, the deputy speaker of Israel's Parliament, and U.S. Ambassador Samuel Lewis.

"We have witnessed the beginning of a very promising chapter in the history of the peoples of the Middle East," said the Illinois Republican Congressman. "I would be remiss if I did not take the opportunity to salute the people of Israel and Egypt who have been so energetic in seeking

Asked about his stand on Mideast issues. Anderson said he opposes contacts with the Palestine Liberation Organization unless the PLO renounces terror and recognizes Isra-

#### Suspects sought in robbery case

Police are looking for a man and a woman in connection with the early morning armed robbery of the Kent Station at 810 E. Florida Ave. The clerk told officers that a man

and woman entered the store about 1:45 a.m. today. They said their car had run out of gas, and asked about a can to carry some gas back to the

The man then pulled a knife and forced the clerk into the vault, where he made her sit on the floor. According to the clerk, the man threatened to stab her if she came out. While the man held the knife on the clerk, the woman removed the cash from the register.

The two left on foot with an undetermined amount of cash.

off from the 1976 provision urging ratification of the amendment. "It's just a matter of degree," Lott said.

The ERA platform fight and a similar, but less intense, battle over abortion language appeared to be the issues to challenge party unity at a convention at which the nomination of Ronald Reagan is certain.

Reagan's aides have said he would support a platform with a pro-ERA

plank if that's what the convention wanted, despite his own views. There seemed to be a general reluctance among many platform committee members to force a floor fight that might mar Reagan's nomination.

Sen. John Tower, R-Texas, chairman of the full 106-member platform panel, said efforts were still being made "to devise a policy statement that all Republicans can run with."

#### Carter to visit Texas later this month

WASHINGTON (AP) - President Carter will visit Kentucky and Texas later this month for Democratic Party fund-raising events.

The president will fly to Evansville, Ind., July 21 and will travel by motorcade to Henderson, Ky., for a Demo-

raiser at the home of Dale Sights, Monday's White House announcement said.

Carter will fly to Dallas the next day for a Dallas County Democratic fund-raiser in the afternoon, followed by a Democratic National Committee

#### Billy R. Luttrull

ANDREWS - Services for Billy Raymond Luttrull, 47, of Andrews will be at 11 a.m. Wednesday in the Singleton Funeral Home Chapel of Chimes with the Rev. Bill Stroud, pastor of the United Pentecostal Church, officiating.

Burial will be in Andrews Ceme-

Luttrull died Saturday of injuries he received when the pickup in which he was riding went out of control 12 miles west of Jal, N.M., on Texas 128.

A native of Willspoint, Luttrell was a truck driver for Chemical Service Co. and had lived in Andrews for 10 years. He was married to Beverly Hampton in 1973 in Hobbs, N.M.

Survivors include his wife; a son, Johnny Thurman of Lubbock; four daughters, Brenda Sue Luttrell of Lubbock, Jeannie Plale of Elk City, Okla., and Billye Riley and Barbara Hampton, both of Andrews; his mother, Bulah Doris Sanders of Terrell; two sisters, Doris York of Longview and Judy Gonzales of Terrell; five brothers, Roger Luttrull and Dennis Luttrull of Andrews, Wayne Luttrell of Hobbs, N.M., Jerry Luttrull of Fort Worth and Lloyd Luttrull of Alta Loma, Calif.; and five grandchil-

#### Bert' Swanson Jr.

Services for Robert L. "Bert" Swanson Jr., 19, of 1210 Country Club Drive, a sophomore engineering student at The University of Texas, were at 10 a.m. Monday in the First United Methodist Church with Dr. Charles Lutrick, pastor, officiating. Burial was in Resthaven Memorial Park, directed by Newnie W. Ellis Funeral

Swanson died late Friday night in a Midland hospital of injuries he suffered in a traffic accident.

Pallbearers were Preston Black, Reb Clark, Brian Dorchester, Kyle McDonnold, Bill Leifeste, Arthur Yeager, Kris Sliger and Alan Mus-

Honorary pallbearers were Craig McDonnold, Blake Feldt, Link Grimes, Todd Liberty, Jeff Rea, Jimmy Fitzgerald, Stacy Trotter, Brooks Trotter, Duncan Kennedy, David Sparks, Tommy Pool, Philip Dolbow, Kevin McCarter, Robert Montgomery, Mary Beth Williford, George Mothershead, Paul Davis, John Ruwwe, Randall McClesky, Jackie Hooper, Bobby Floyd, Richard Minnix, David Brigham, Bud Brigham, Richard Schmidt, Doug Schmidt, B.B. Langford, Doug Laufer, Stuart Laufer, Stuart Sutton and the members of The University of Texas chapter of Beta Theta Pi Fraternity.

#### Robert Hampton

AUBURN, Calif. - Memorial services for Robert Hampton, 81, father of Wanda Lowe of Midland, were held in Auburn, Calif., on July 1.

Hampton died of a heart attack June 27 at his home in Auburn.

He was born Aug. 8, 1898, in Highland, N.Y., and had lived in Auburn for the past 14 years. He was a retired public relations man.

Other survivors include his wife, Gladys; a daughter, Connie Garvin of Waurika, Okla.; nine grandchildren and four great-grandchildren.

#### **Elester Ray Dorn**

Services for Elester Ray Dorn, 70, will be at 3 p.m. Wednesday in Antioch Baptist Church, with the Rev. Johnnie A. Mitchell officiating. Burial will be in Fairview Cemetery under the direction of Thomas Funeral

He died early Thursday morning in a Big Spring hospital.

Survivors include his wife, Ephel Dorn of Midland; eight sons, Robert Dorn, Jackie Dorn, Eugene Dorn, Howard Dorn, Levi Duson and Kenneth Ray Duson, all of Midland, Elester Ray Dorn Jr. of San Antonio and Billy Henderson of California; and six daughters, Doris Dorn of Dallas, Juanita Garcia and Edna Myrl Mackey, both of Midland, Betty Jane Hubbard of Texas, and Dorothy Gilmore and Ruby Jewel Humphry, both of California.

Pallbearers will be Larry Lewis, Robert Atchison, James Taylor Jr., J.H. Shelton and A.B. Shelton.

#### Cecile Southworth

FORT WORTH - Cecile Peyton Southworth, 75, of Fort Worth and formerly of Midland, died Saturday in a Fort Worth hospital after a brief

Graveside services were to be at 10 a.m. today at Fairview Cemetery with the Rev. Bill Weir, pastor of the First United Methodist Church, officiating. Services were to be directed by Newnie W. Ellis Funeral Home.

#### Julian Marroquin

Services for Julian Ortiz Marroquin, 19, 300 Fiesta St., will be at 10 a.m. Wednesday in the El Calvario Methodist Church with the Rev. Paul Infante officiating. Burial will be in Fairview Cemetery directed by Thomas Funeral Home.

He died Sunday night. Marroquin was born Jan. 28, 1961, in Midland and was a lifelong resident

of Midland. Survivors include his parents, Mr. and Mrs. Gumercinda Marroquin Sr. of Midland; six brothers, Paul Marroquin, Gumercinda Marroquin Jr., Manuel Marroquin, Danny Marroquin, Robert Marroquin and Candy Marroquin, all of Midland; four sisters, Alice Reyes, Eledea Lozoia, Margie Lozoia and Mary Nell Yharte, all of Midland.

#### Lee McCormick

BIG SPRING — Graveside services for Lee McCormick, 76, of Big Spring were to be at 10 a.m. today in Trinity Memorial Park with the Rev. Rick Jones of First Assembly of God Church officiating. Arrangements were handled by Sheppard Funeral

Home. He died Monday in a Big Spring nursing home following a lengthy ill-

McCormick was born July 20, 1903, in Edison, Ala. He was married to Mexia Viona White July 21, 1923, in Eastland. She died in 1973. He was a retired truck driver and a member of First Assembly of God Church.

Survivors include a son, Irland McCormick of Ocean Springs, Miss.; a sister, Ruby Nix of Turlock, Calif.; a brother, Robert McCormick of Turlock, Calif.; three grandchildren and two great-grandchildren.

### Seven die in street-corner execution

By The Associated Press

Ayatollah Sadegh Khalkhali, commander three for narcotics of Iran's war on drugs crimes, one for homosexand other vices, conducted Tehran's first streetcorner executions today, sending seven men before a firing squad in the capital's Jamshid redlight district.

Tehran Radio said the men had been convicted by Khalkhali's special anti-narcotics court of

> various drug offenses. The life of an anti-drug officer convicted of cooperating with narcotics dealers was spared by Khalkhali because of his 'youth and penitence,' the broadcast said. His sentence was commuted to life imprisonment.

> The government radio also reported that another revolutionary

#### Parents may now preview school films

Films and other audiovisual materials available to public schools through Region 18 Service Center may be requested for preview by parents and other interested adults during a one-day review session

July 25. The session is sche duled from 8 a.m. to 4:30 p.m. at the Center located on LaForce Boulevard, Midland Regional

Airport. Parents and other citizens interested in requesting preview of particular films from the collection maintained at the Service Center should notify the Center at least ten days in advance so the staff will have time to check the availability of the films and set up preview

In the event a film is not available on the date requested, the person making the request will be given a date which it may be seen.

Persons wishing to request a preview of films may call Vera Smith, staff member of the Center, by calling 563-2380. The name of the film de sired and the approximate time the person will arrive at the Center should be given to Mrs.

Macario Belles Ortiz, 23, of Midland was in County Jail this morning in lieu of \$20,000 bond on charges of murder. Ortiz was charged in connection with the Sunday night stabbing death of Julian Ortiz Marroquin at Hogan Park.

Man charged in stabbing

According to police, the stabbing was a result of an argument. Julian's brother, Danny Marroquin, drove Julian back to their residence at 300 Fiesta Drive and family members carried Julian from the car and placed him on the kitchen floor.

Julian had received a single stab wound to the chest, just above the heart. Ambulance attendants found him dead on their arrival.

Exxon USA's 3-million-pound Submerged Production System (SPS) template is lifted from floor of Gulf of Mexico off Grand Isle, La., onto derrick barge for subsequent move to new home 35 miles offshore Apalachicola, Fla. After the successful completion of tests, Exxon donated the prototype

facility to Florida for use in the state's artificial reef program designed to enhance fishing in its coastal waters. The SPS is designed to produce oil and gas remotely from the sea floor in waters too deep for conventional platforms.

### Alaskans to shop for gold bullion

JUNEAU, Alaska (AP) - Officials of this oil-rich state are flying to New York today to shop for \$35 million in gold bullion.

Gov. Jay Hammond signed a new law last week, making Alaska the first state to permit the investment of state pension funds in gold. The law allows up to 10 percent of the funds or nearly \$70 million - to be invested in bullion.

'We're planning a careful and deliberate purchase program," said Deputy Commissioner of Treasury Peter Bushre.

He and Revenue Commissioner Tom Williams were to meet with several gold dealers this week although the state probably will not purchase any gold until fall, he said.

"We're going to start slow and careful and gradually reach 5 percent the first year," Bushre said. The 10 percent maximum investment probably won't be reached for at least two

Alaskan officials want the gold as 'a hedge against depreciation in other investments we have," Bushre

Because of Alaska's oil treasure on its North Slope, royalties and taxes paid on oil leaving the state translated into a \$1 billion windfall last

Since the Legislature voted in June to allow gold investments with state employee and teacher pension funds. "Our phones haven't stopped ringing since with calls from dealers - big

Besides allowing gold purchases, the new law permits a portion of pension funds and general fund money to be invested in foreign se-

ones and small ones," Bushre said.

Opponents of the legislation argued

that pension fund investments in gold

are improper. They also feared state

officials in the future would seek au-

thority to invest in diamonds and

curities and "Eurodollars. The legislation first was introduced by the governor in early 1979 - when

gold was about \$235 an ounce If the state had invested \$35 million

in gold last summer or early fall, Alaska could have made more than \$12 million in profit.

"I guess I could say I told you so," Bushre said.

### 17 charged as investigation ends

HOUSTON (AP) - Ten persons have been charged with organized criminal activity and another seven with theft as lawmen wind down a six-month investigation into a oil theft ring that netted \$1 million a month in hijacked petroleum property, officials said. Those arrested included the owner

of a tugboat and barge cleaning service, and oil company owner and one of his employees, authorities said.

Bond for those charged with theft was set at \$1,000 and ranged from \$1,000 to \$30,000 for those charged with organized criminal activity.

"I imagine there are several (similar) operations from Brownsville to Florida," said Detective J.C. Moseley after Coast Guard officers, police and

Moseley said the investigation began six months ago when authorities became suspicious of an oil com-

Texas Department of Public Safety

personnel made the weekend ar-

pany's reported losses. Lawmen confiscated a tugboat, two barges loaded with stolen petrochemicals and six tractor-trailer trucks used to steal the products from barges in the Saturday morning raid,

Moseley said. A 32-foot Coast Guard patrol boat pursued the tugboat for about a mile on the San Jacinto River before it ran aground and the crew fled on foot, he said. The crew members, including the captain of the tugboat, were arrested.

Moseley said two other tugboat

captains, their crews and two truck drivers were arrested, along with an oil company owner and a former oil company engineer now employed at the barge cleaning firm.

Police said the operation centered around a barge cleaning company on the San Jacinto River and probably involved captains of tugboats pulling barges transporting gasoline, diesel and other petrochemical products.

Moseley said a tugboat would pull two empty barges alongside vessels containing petrochernical products and pump portions of the cargo into the empty barges. He said the smallest petroleum barges hold about 420, 000 gallons.

The cargo then would be taken ashore and sold to gasoline stations and other petroleum dealers.

#### Duncan predicts nuclear power expansion

NEW YORK (AP) - Energy Secretary Charles W. Duncan on Sunday predicted an expansion of U.S. nuclear power industry in the next few years, and said gasoline prices will rise to "follow the market.

Duncan said the United States has begun to reverse its dangerous dependence on foreign oil. He tied the future of nuclear plants and oil and gas pricing to increased conservation and development of alternative energy

Speaking on ABC-TV's "Issues and Answers," he said no commercially viable synthetic fuel plant exists or would exist for the two years.

And while the administration has

targeted 107 nuclear power plants to be converted from oil to coal, he said, "there's not that many that have converted now," he said

Duncan stressed what he said was an increased public awareness of energy problems. "The gasoline lines we experienced in May and June of 1979 might be called the Pearl Harbor of energy," he said.

He said gasoline consumption was down 8.1 percent in the first five months of this year over 1979 and imported oil was projected to drop from 8.5 million barrels a day in 1977 to 7 million barrels a day by the end of

The price of gasoline is far lower in

this country than elsewhere and the "the thing we've got to do is to do everything we can to conserve gasoline," Duncan said when asked what relief Americans might expect from the government.

Duncan said he foresees development of gasohol, coal conversion, solar-thermal advancements and coal-oil mixtures as alternatives to imported oil.

He predicted a coal gasification plant could be in operation by 1983 and termed synthetic fuels legislation signed last week "an investment banker to allow the private sector to move forward with these ventures which until now have not been commercially viable."

## Lea wildcat projects staked; Basin field work announced

A pair of wildcat projects have been announced for Lea County, N.M.

Amoco Production Co., operating from Hobbs, N.M., spotted location for a 15,700-foot wildcat 20 miles southwest of Oil Center

It is No. 1 Federal "BG," 1,980 feet from north and west lines of section

A 12,400-foot project has been spotted in an undesignated Devonian area of Lea County, four miles southwest of Bronco

It is MGF Oil Corp. of Midland No. 1-7 Love.

The location is 330 feet from south and 990 feet from east lines of sedtion 7-13s-38e

CONCHO REOPENER

The Desana Corp. of Midland announced potential test on a Goen pay reopener in Concho County, 8.5 miles southwest of Eden.

The well, No. 1 Henderson, completed for a daily pumping potential of 12.1 barrels of 40.2-gravity oil and five barrels of water, through perforations from 3,827 to 3,830 feet after a 1,250-gallon acid treatment.

It reopens the Eden, West (Goen The Goen was topped at 3,827 feet on

ground elevation of 2,155 feet. Other tops include the Swastika, 2,478 feet; Home Creek, 2.626 feet: Palo Pinto. 3,189 feet, and Strawn, 3,710 feet.

Total depth is 3,900 feet, 4.5-inch casing is cemented at 3,899 feet and hole is plugged back to 3,855 feet.

The wellsite is 1,780 feet from south and 1,980 feet from west lines of secton 69, block 8, H&TC survey.

FISHER STRIKE

R. L. Adkins Corp. of Sweetwater No. 1-A Wickham has been completed as a Palo Pinto oil discovery in the Wickham (Palo Pinto gas) field of Fisher County, four miles west of Noodle.

The strike completed for a daily pumping potential of 35 barrels of 45-gravity oil and 64 barrels of water, through perforations from 4,794 to

The pay was washed with 750 gallons of mud acid.

The total depth is 5,006 feet and 4.5-inch casing is cemented at 5,003

The operator called the following tops on ground elevation of 1,830 feet: Noodle Creek, 2,595 feet; Flippen, 3,-240 feet: Canyon sand, 4,050 feet: Canyon reef, 4,785 feet, and Strawn

Wellsite is 4,360 feet from north and 467 feet from east lines of George Creath survey No. 221. It is one location north of Palo Pinto gas produc-

#### HOWARD WELL

reef, 4,855 feet.

Turner Properties of Big Spring No. 1 Turner Properties-McGettes is a new well in the Coahoma, North (Fusselman) field of Howard County, four miles northeast of Coahoma. The oeprator reported a daily flow-

ing potential of 70 barrels of oil and 39 barrels of water, through a 45/64-inch choke and perforations from 8,732 to 8.842 feet. Gravity of the oil was not reported.

The gas-oil ratio is 1,443-1. The pay was acidized with 20,000

gallons and fractured with 20,000 gal-

Hole is bottomed at 8,995 feet, 4.5inch casing is set at 8,992 feet and plugged back depth is 8,950 feet. Wellsite is 467 feet from south and

east lines of section 31, block 30, T-1-N, T&P survey and 5/8 mile northwest of other Fusselman production.

GLASSCOCK PRODUCER

Champlin Petroleum Co., operating from Midland, announced potential test on its No. 5 I. W. Terry, new well in the Conger, Southwest (Pennsylvanian) field of Glasscock County, 17 miles southeast of Garden City.

It completed for a daily flow of 47 barrels of oil, through a 3/4-inch choke and perforations from 8,121 to 8,398 feet. The gas-oil ratio is 7,425-1, and the gravity of the oil is 42.6 degrees.

Operator drilled to 8,627 feet, set 4.5-inch pipe on bottom and plugged back to 8,538 feet.

The pay was acidized with 4,500 gallons and fractured with 101,540

The pay was topped at 8,121 feet on ground elevation of 2,663 feet.

Location is 1,000 feet from south and west lines of section 2, T. B. Wilson survey.

#### STERLING PROJECTS

Champlin Petroleum Co., operating from Midland, announced location for two projects in the Conger, Southwest (Pennsylvanian) area of Sterling County

No. 3 R. L. Cope will be drilled one mile south of production and 1,980 feet from south and 660 feet from west lines of section 44, block 2, T&P survey and 18 miles southwest of Sterling

Contract depth is 8,800 feet.

Champlin no. 4 R. L. Cope, also 18 miles southwest of Sterling City and scheduled to 8,800 feet, is 660 feet from north and 2,000 feet from west lines of section 44, block 2, T&P survey. It is 3,500 feet southeast of the closest Pennsylvanian well.

#### TERRY TESTS

Tomlinson Oil Co., operating from Midland, spotted locations for two projects in the recently opened TLOC (San Andres) pool of Terry County, 13 miles souteast of Brownfield. Each of the projects will be drilled

to 5,000 feet. No. 3 I. D. French is 1,980 feet fromnorth and 660 feet from east lines of section 20, block C-38, psl survey.

Tomlinson no. 4 I. D. French was staked 660 feet from south and 1,980 feet from east lines of section 20,

#### block C-38, psl survey. SCHLEICHER AREA

H. L. Huffman Ltd. of Midland No. 2-X R. L. Henderson will be drilled 5/8 mile southeast of production in the Velrex (Canyon sand gas) pool of Schleicher County, 13 miles northwest

Scheduled on a 7,000-foot contract, it is 1,650 feet from south and 2,650 feet from west lines of section 1214, TCRR survey.

Southland Royalty Co. of Midland will drill No. 1-28 Moss as a 1/2-mile northeast stepout to production inthe Troporo (Devonian) pool of Crane County, 25 miles southwest of Crane.

Location for the 5,700-foot project is 100 feet from nothwest and 655 feet from southwest lines of section 28, block 1, H&TC survey.

The location also is 5/8 mile south of the Troporo, North (Devonian) pool.

#### FISHER TEST

Adkins Corp. announced location for a 5,000-foot project one location south of one of the wells in the Wickham (Palo Pingo gas) pool of Fisher County, 10 miles east of Longworth.

The project is 7,030 feet from noth and 467 feet from east lines of George Creath survey No. 221.

#### Saudis to hold yield

NICOSIA, Cyprus (AP) - Saudi Arabia, America's major source of imported oil, will maintain its current daily crude oil production at 9.5 million barrels for the third quarter of the year, the Middle East Economic Survey reported Sunday.

The authoritative weekly newsletter also said the Saudis are likely to maintain their current price of \$28 dollars a barrel, \$4 below the price set by the Organization of Oil Exporting Countries last month.

It attributed its information to reliable sources.

Saudi Arabia's production level one million barrels a day over the traditional ceiling of 8.5 million barrels - has been in effect since the third quarter of 1979.

Saudi production decisions are made each quarter. If the Saudis had not decided to stay at the 9.5-millionbarrel mark, production automatically would have reverted to the 8.5 million ceiling.

# market gains

NEW YORK (AP) - The stock market recorded its fourth straight gain today, picking up where it had left off last Thursday before the long holiday weekend.

Trading was active. Analysts had expected the stock market's pre-holiday strength to spill over into today's activity because there was little news over the Independence Day weekend to affect the

market adversely. Before the market closed for the holiday, the Federal Reserve Board announced it would dismantle the remaining elements of its credit control program. The action was considered by some analysts to have "symbolic" importance to the stock market.

SAN ANTONIO, Texas (AP) — Cattle 2000. Slaughter cows. 50-1.00 higher. Few slaughter bulls firm to 1.00 higher. Feeder steers and bulls uneven firm to 2.00 higher. Feeder steers and bulls uneven firm to 2.00 higher. Feeder helfers steady to 1.00 higher in a limited test. Supply about 10 percent slaughter cows. Balance medium frame No.1&2 300-500 lb. feeder cattle. Slaughter cows. utility 2-3, 40.25-46.00, mostly 42.75 and above, few high dressing kinds up to 48.50; cutter 1-2, 39.00-44.00, few high dressing kinds 44.50-45.75; canner and low cutter 35.50-40.50. Hogs: 700. Barrows and gilts mostly 1.00 higher than last Monday. Sows 1.00-2.00 higher than last Monday. Sows 1.00-2.00 higher. The Fed allowed banks to release reserves which had been required by the credit restraints. As a result, most major banks today reduced their prime lending rates from 12 percent to 11.5 percent to reflect the lower cost of lendable funds.

The Dow Jones average of 30 industrials gained 9.30 to 898.21, adding to last Thursday's 12.89-point rise. Gainers outnumbered losers by a

2-1 margin on the New York Stock Exchange. Big Board volume totaled 42.54 million shares, against 47.23 million in the previous session.

#### Larger venting system is set for TMI plant

HARRISBURG, Pa. (AP) - Technicians at Three Mile Island, more than halfway finished with a purge of radioactive krypton from the closed nuclear power plant, were switching today to a faster venting system.

Metropolitan Edison Co., the plant operator, said Monday a speedier purge of the trapped gas was needed

OMAHA, Neb. (AP) (USDA) — Livestock quotations Monday:
Hogs: 3,500; barrows and gilts 50 higher, instances 75 higher on 200-300 lbs; 300-375 lbs steady; 1-2 200 240 lbs 42.73-43.25; 37 head 222 lbs 43.50; 1-3 240-260 lbs 42.00-42.75; sows steady to 25 higher; 300-600 lbs 35.50-36.00.

Cattle and calves: 5,000; steers: 1.00 higher, instances: 1.25-1.50 higher; load choice with few prime: 1,200 lbs steers: 1.00 higher, instances: 1.25-1.50 lbs steers: 1.00 higher; load choice with few prime: 1,200 lbs steers: 1.25 choice: 1,000 lbs heifers: 68.50; choice: 1,000 lbs heifers: 68.50; choice: 900-1,100 lbs: 66.50-68.00; utility and commercial cows: 43.50-46.00; limited volume: 46.50-47.00; cutter: 13.00-45.50.

Sheep: 400; 200 head salable, balance direct to dealers: slaughter spring lambs steady: slaughter ewes: 50 higher; choice and prime: 105-110 lbs: spring lambs 71.00; cuttle 105 spring lambs 71.00; cuttle and calves: 5,000; hogs: 3,500; sheep: 300.

"to maintain the desired progress in venting the building" that houses the plant's crippled reactor.

The larger venting system can handle about 25,000 cubic feet of air per minute — more than four times the capacity of the equipment used during the first phase of the purge.

Plant officials said the larger flow rate would not cause higher offsite radiation doses.

About 57,000 curies of radioactive krypton were trapped inside the building March 28, 1978, when gas leaked from the reactor during the nation's worst commercial nuclear accident.

Gar Eskimos and Aleuts, Black Americans, Hispanic Americans and Americans, Hispanic Americans, Hi accident.

The purge is the first step toward cleaning up the reactor. Utility officials estimate the entire process will ceived minor injuries in take until 1985 and cost more than a one-car rollover early \$400 million.

### Investigator says deaths are unrelated

SAN ANTONIO, Texas (AP) - Investigators trying to link three separate body parts found in San Antonio, Austin and Laredo say the appendages are not from the same body.

Frank Castillon, chief investigator for the Bexar County Medical Examiner's Office, said a large foot and hand found in Salado Creek in San Antonio on June 27 were in no way related to a decomposed corpse found in the Rio Grande at Laredo last Friday

He said the body, believed to have been in the Rio Grande about six days, could not be related to the body parts in San Antonio "because the body found in Laredo had the left hand and right foot and that's what was found in San Antonio.

#### Pickers protest use of machine

HEREFORD, Texas (AP) - Texas farmworkers say they are angry over the use of harvesting machines at an union field struck by pickers last month

A spokeswoman for the Texas Farm Workers Union said 20 to 30 pickets went up Monday at the Howard Gault Co., where 200 clippers and sackers walked out over a pay dispute two weeks ago.

But Howard Gault said the machines are experimental and should not throw anyone out of a job. "This equipment is on an experi-

mental basis only," Gault said Monday. "All my workers were in the

Machinery eventually will replace laborers because it is "much cheaper" than salaries, Gault said. "But things like this have to be developed and tried," he said.

could occur "if the public NOTICE OF DISSOLUTION AND TERMINATION OF PARTNERSHIP Notice is hereby given that the partnership of Concrete impressions, partners of which were Randy D. Rodgers and Wm. L. Thomason, of Midland, Texas, has been dissolved. Its affairs wound up, and terminated. Neither of the former partners of that partnership may herafter act in behalf of, or bind, the former partnership or the other of them.

(July 3-16, 1980) perceives the federal loan guarantees as an improvement' in Chrysler's financial con-The company said a survey of 5,000 drivers revealed that only 25 percent would, without

qualification, consider buying a Chrysler car. But 19 percent said they would consider a purchase if the company's finances improved.

Estimating that a million new domestic cars will be sold in the next two months, Chrysler's potential market could go from 250,000 to 440,000,

the Los Angeles firm David Price, who conducted the survey, warned that not all potential buyers would buy, but showroom traffic should increase by 50 percent to 75 percent.

Chrysler's share of the domestic market in June was only 9.0 percent compared with 11.3 percent in the same month last year. Many analysts and company executives and company executives have said front-page publicity over Chrysler's race to get \$500 million in guaranteed loans last can Eskimos and Aleuts. Black Americans, Hispanic Americans and Americans and

ODESSA — Two Odessans were admitted to Odessa's Medical Center Hospital and another received minor injuries in a one-car rollover early this morning in Ector County.

The accident occurred at 3:15 a.m., three miles north of State Highway 158 on Highway 385.

The pickup was being driven by Edward Lenn Lackey, 26. Lackey received minor injuries and refused treatment.

A Department of Public Safety Spokesman said the pickup was southbound on Highway 385 when it left the roadway and traveled in the conter median It then

way and traveled in the center median. It then went into a skid for 200 feet before overturning once, coming to rest on the right side of the road.

Passengers in the pickup, Robert Liyana, 29, and Joe Hearlihy, 23, both of Odessa, were admitted to Medical Center and were listed in good condition this morning. Livana suffered a broken ankle and Hearlihy received cuts and abrasions.

The accident was investigated by Trooper Jerry Villalobos of Odes-

#### Second term registration set

Registration for the second summer term at Midland College will be held from 2 to 4 p.m. and from 6 to 9 p.m. Wednesday in the MC Physical Education Building.

Students who have preregistered may report at their assigned times. Others may enroll between 7 and 8:30 p.m.

Classes will begin Thursday and will continue through Aug. 14. Approximately 400 are

expected to sign up for classes for the second summer term. In the first summer session, 1, 022 enrolled.

WHAT ARE THESE MEETINGS
ALL ABOUT?
The U.S. Environmental Protection
Agency (EPA), Region 6, Dallas,
Texas, is sponsoring a series of public
meetings to solicit comments on its
regional policy for Minority Business
Enterprises.
Region 6 EPA office is reviewing its
existing policy on the participation of
minority businesses in its federally
funded construction grants program.
This policy review will include the
direct and active participation of state
and local officials, interested citizens
and business organizations who are
involved in the construction of wastewater treatment facilities and related business activities.
By participating in these meetings,
you or your organization may impact
the development of federal construction industry policy.

WHAT IS A MINORITY
BUSINESS ENTERPRISE?
A Minority Business Enterprise
(MBE) is a business of which 51% is
owned, controlled and managed on a
day-to-day basis by a minority or
group members.
Who is a minority? Generally speaking, a minority is a U.S. citizen who is a
