Sites for other tests have been spotted, with a promising location in West Haskell scheduled next on the drilling list.

Citizens Cooperate

Last week, citizens were asked to cooperate in a conservation program to eliminate wasteful use of water and the response has been gratifying, Commissioner Byrd said.

"We don't want to create the impression that a serious water shortage is imminent, but we want people to have the facts," Byrd said. "Until we can find and complete new wells, our present wells can just about furnish cur normal everyday needs," he ex-plained. Fire Chief Warns Home Owners on Trash Burning

Warning regarding fire hazards during the months of July and August was sounded this week by Fire Chief Ray Lusk.

Due to the heavy rains during spring months, weeds and grass are extremely thick and high in most all parts of town, especially on vacant property.

The fire department has asked that you do not burn trash on windy days, and when trash is burned in a trash can use either a lid or heavy piece of hall acress for a cover to prevent sparks or bits of paper from blos-hag. If necessary to burn papers or trash keep a close watch on the fire. Never leave partly empty containers or inflammable material in trash to be burned near the home or business Several alarms have already Several alarms may grass. Mem-bers of the fire department urge all citizens to call them promply any time a fire threatens, but will also appreciate the coopera-tion of everyone in preventing fires where possible.

Eat More Green Vegetables for Summer Health

College Station So many kinds of green vegetables can be bought at the market these days that there is really no excuse for a diet not adequate in needed vi-tamins, according to extension foods and nutrition specialists. Diet studies show that nutrients most frequently found in inadequate amounts are calcium, which is supplied by milk, and vita-mins A and C which fresh green vege ables can help to supply. Dark green leafy vegetables, yellow vegetables, and dark yellow fruits such as apricots, yellow peaches, yellow meated plums, and cantaloupes, are all good sources of vitamin A. These vegetables and fruits, eaten raw or properely cooked, also supply substan ial amounts of v.tamin C. Not all green vegetables have the same food value. The intensity of the color and the part of the plant from which it comes are clues to its vitamin value. In general, the greener the veg-

still slightly crisp. Long cooking makes vegetables limp and changes color and taste. Boil green vegetables in lightly salt water-16 teaspoon salt and 1/2 to 1 cup of water (depending on cooking time). Bring water to a boil, add vegetables, and put cover on pan. When water boils again, reduce heat and cook un-

Ford wins the battle of the builds

• Sure! Many people buy Fords because of their long, low, whistle-collecting looks. Do you blame them? But beauty alone isn't enough to earn for a car the No. 1 spot in America's heart. And that's just what Ford has earned. The real secrets of Ford's success are the extra values that go into building a Ford. Let's look at a few of these features. Ford shares them only with a select number of America's most expensive cars. But you get them at low Ford prices.

1. Only Ford in its field offers a frame den that lets you ride within the frame side members for greater roominess, more hness and increased safety.

2. Only Ford in its field gives you a modern V-8 engine with rigid, deep-block design for smoother, guieter, longer-lived operation.

Haskell Pastor on **Panel to Nominate Hendrick** Trustees

The Rev. M. D. Rexrode, pastor of the First Baptist Church at Haskell, has been named to a committee to nominate trustees for the Hendrick Memorial Hospital at Abilene, Baptist leaders

announced Monday in Dallas. Members of the committee, appointed by the committee on committees for the Baptist General Convention of Texas, will select Baptist leaders to fill vacancies in the board this year. The hospital is one of seven owned and operated by Texas Baptists. Since the founding of Baylor University Hospital in Dallas in 1903, Texas Baptists' medical institutions have grown until they now have more than \$25 favor including the price.
