# McNAMARA TO BE FIRST WITH MILITARY REQUEST

## 12 Committees Crank Up Today For Budget Hearings

### UP FOR PROPOSED REVISION AGAIN

# Changes Made Over Years In Presidential Election

By RAYMOND J. CROWLEY

WASHINGTON (AP) — The Founding Fathers, great men but, being human, they were not omniscient. They thought up a system for selecting presidents which did not work. It had to be changed after only four presidential elections. Now it is up for proposed revision once more.

In the minds of many of the makers of the U.S. Constitution was the idea that there is a "natural aristocracy" composed of men with such qualities as virtue, talent, public spirit, wealth, learning and so on.

**Not Equipped**

Naturally the president should be selected from among the best of these men. But how to do it? The public at large was not considered equipped with enough information or sound judgment to make the selection.

So the Constitution makers hit upon the idea of electors. Each state would choose, by whatever methods it thought best, some of its wisest men to serve briefly as electors.

Each would vote for two men. The person who got the highest vote would be president, the next highest vice president.

The system worked in the first three elections. George Washington twice and John Adams once. But in 1800 it broke down — the reason being that in their lack of omniscience the Founding Fathers had failed to foresee the rise of political parties.

**All Out Drive**

For the election of 1800, the Republicans — new Democrats — organized to the hilt for the Jefferson-Burr ticket. Thomas Jefferson wrote innumerable letters rallying his supporters; Aaron Burr, Tammany Hall organizer, even used such modern devices as a card index file to direct Republicans to the New York Legislature, which in turn selected electors.

### Judge Greenhill Seeks New Term

AUSTIN (AP) — Joe Greenhill, who moved up from briefing clerk of the Texas Supreme Court to associate justice, announced Monday he will seek re-election to his second full six-year term.

Greenhill, 51, of Houston, is in his eighth year on the court. He was appointed to the court in 1957 by former Gov. Price Daniel to succeed the late Few Brewster. Greenhill was elected in 1958 to fill out Brewster's term then elected to a full term in 1960.

A Phi Beta Kappa graduate of the University of Texas, Greenhill was briefing clerk for the court in 1941 and for a year or so after World War II. He then joined the Texas attorney general's department as an assistant and was in private practice in Houston before being appointed to the court.

### Sam Houston Zephyr Set For Final Run

HOUSTON (AP) — The Sam Houston Zephyr leaves Houston at 8:30 a.m. Thursday, bound for Dallas and the end of the line.

The Texas Railroad Commission Monday authorized discontinuance of the Dallas-to-Houston passenger train, which lost \$177,223 in the year ending April 30.

The Zephyr is operated by the Fort Worth and Denver Railway Co. and the Chicago, Rock Island and Pacific Railroad Co.

**PEANUTS SET RECORD**

ATLANTA — World production of peanuts in 1964 reached a record of about 17.5 million short tons, unshelled basis, 4 per cent above the previous high, attained in 1963.

By WILLIAM F. ARBOGAST

WASHINGTON (AP) — Twelve congressional committees started cranking up today for the long and arduous job of handling President Johnson's \$112.8-billion budget.

Hearings on the many facets of the budget, presented to Congress Monday, will begin Wednesday when a House Defense Appropriations subcommittee will hear Secretary of Defense Robert S. McNamara explain the money needs of the military.

McNamara's testimony will be keyed to a presidential request for \$12.76 billion in emergency funds, exclusive of the \$57.1 billion defense budget for fiscal 1967.

**Over-All Picture**

The entire House Appropriations Committee will be given an over-all picture of budget and appropriation requirements next Monday, when the Budget Bureau and the Treasury Department present the case for the President.

The 12 subcommittees will settle down then to months of testimony on the 12 separate money bills which annually finance the government.

The usual cries of "too much" went up from Republicans Monday as Democrats commended the President for what they called a realistic approach to the government's fiscal problems in his budget.

"I have never seen a budget based on more tenuous revenue assumptions and with such little regard for the fiscal welfare of this nation," commented Rep. Frank T. Bow of Ohio, senior Republican on the House Appropriations Committee.

**Domestic Vote**

"Restraint is the dominant note," said Democrat George H. Mahon of Texas, chairman of the House Appropriations Committee.

Bow did not dispute Mahon's estimate that there would be little disagreement over about 90 per cent of the budget. The area of disagreement will be the funding of controversial new "Great Society" programs.

Exclusive of permanent appropriations for such things as interest on the national debt, the President wants Congress to make available about \$106.3 billion in new funds this year.

Last year Congress appropriated \$106 billion of the \$110 billion requested by the President. It may trim a little deeper this congressional election year since economy always has been a popular record for campaign purposes.

### EDUCATOR SAYS:

## Signals On Peace "Mixed"

WASHINGTON (AP) — Yale Professor Staughton Lynd says the U.S. peace offensive has failed because President Johnson is sending "mixed signals" to Communist leaders in Viet Nam.

Despite the U.S. bombing lull, he told a Women Strike for Peace meeting Monday night, the administration has continued a military build-up in South Viet Nam.

**"Confused Message"**

"The message signaled by our military action has been a confused message, and it would be tragically unfair and premature to draw conclusions from the response thus far," Lynd said.

The 36-year-old assistant professor of history, who made an unauthorized trip to North Viet Nam in December, said that unless the situation is clarified the peace effort will be exposed as a mere "press relations" maneuver.

Lynd told the group the administration could gain a more flexible position for negotiating by recognizing officially the National Liberation Front, whose fighting arm is the Viet Cong.

And he said, the President could make direct contact with the front by "simply picking up the telephone."

When the Johnson administration "declines direct contact with its immediate antagonist, how can it expect its peace offensive to be regarded as sincere?" Lynd asked.

**Reports On Call**

Lynd said he had placed a call to the Communist political group only Friday.

"Wishing to inquire before tonight as to the front's most recent statement of its position, I placed a call after breakfast to the NLF office in Prague (Czechoslovakia)," he related.

"Within an hour and a quarter I was speaking to a front representative who, incidentally, was fluent in English."

Lynd and two other Americans, Thomas Hayden, a founder of the Students for a Democratic Society, and Herbert Aptheker, a Communist party theoretician, defied a State Department ban to go to North Viet Nam on what he termed a fact-finding trip.

Women Strike for Peace, the group which sponsored Lynd's appearance here, urges among other things a halt of military escalation, negotiation with the Viet Cong and a withdrawal of foreign troops from Viet Nam.

**HORSE RUNS 90 MILES**

CAIRO — An Arabian horse once made a 90-mile run across the desert to Cairo in 7 hours and 52 minutes.

### Georgia Town To Aid Villages In Viet Nam

WARNER ROBINS, Ga. (AP) — Two villages and their approximately 2,000 residents in South Viet Nam have been adopted for assistance programs by the Warner Robins Chamber of Commerce.

The program will be carried out with the help of Lt. James Manning of the U.S. Army's Special Forces in Viet Nam.

The two villages are Binh Thuan B and Thuan Binh B.

The long-range program includes plans to ship cloth and medical supplies to the villages.

### Turnout For Measles Clinic Cut By Snow

PROVIDENCE, R.I. (AP) — Attendance at Rhode Island's first statewide measles clinic was held down by Sunday's swirling snowstorm to about 62 per cent of eligible youngsters.

Officials said about 32,000 children were inoculated at clinics held in 26 communities. The clinics are open to children up to 12 years of age. Most of those vaccinated were of pre-school age.

### Texas-Tourism Seminars Slated

AUSTIN (AP) — Gov. John Connally announced Monday that a series of tourist development seminars will be held in 20 Texas cities between March 7 and May 13.

The seminars are designed to acquaint business and communities with opportunities of the tourist industry, he said.

"To insure the growth of our own tourist industry," Connally said, "we must prepare our citizens to assist visitors in the discovery of vacationland Texas. A tourist seminar will help a community compete successfully with other areas and other states in the lucrative national tourist market."

The clinics will be conducted by Sam Godfrey, director of community relations for the Texas Tourist Development Agency, and Frank Driscoll of the University of Texas department of distributive education.

"So much for so little"

Some Volkswagen owners look down on other Volkswagen owners.

When you graduate from a Volkswagen Sedan to a Volkswagen Station Wagon, you really step up in the world.

The Station Wagon stands a good foot taller than other cars. And holds more than the biggest conventional wagon you can find.

But the VW Wagon isn't only tall. It's also short.

We saved 4 feet of hood in front by putting the engine in back.

Big as it is inside, it's only 9 inches higher than the Volkswagen Sedan.

So people who move up to the high-slung model still feel very much at home.

They park in the same little spots.

They still don't worry about freezing or boiling; the engine is air-cooled.

They still go a long way on a gallon of gas (about 23 miles) and a very long way on a set of tires (about 35,000 miles).

And it just tickles them to drive one Volkswagen and look down on a million others.

# ONLY TWO PROVINCES WHOLLY UNDER SAIGON GOVERNMENT

## Reds Control Most Of South Vietnamese Countryside

By JOHN T. WHEELER  
 SAIGON, South Viet Nam (AP) — Three-fourths of South Viet Nam is controlled by the Viet Cong — or by nobody. This is the opinion of authoritative sources who have watched the Saigon government's grip weaken in the nearly 200,000 U.S. troops. The situation throws a big shadow over hopes for a permanent country toward democracy. These sources say the government today controls less than a third of the land — that is, in the sense of having government executive channels working in all respects. Some U.S. officials don't think this is too important. They argue that much of the area controlled by the Viet Cong is "no man's land" in the few if any people live. Since the Viet Cong controls the permanent cease-fire must be weighed.

determinedly anti-Communist. Even in some areas listed in the government column, the Viet Cong underground operates freely, and the chance of ambush always haunt government and American troops. Saigon police have battled with Viet Cong military units on the very outskirts of the capital. Two Viet Cong who usually are able to move into the villages at night to hammer home their done in the past month. Government of overwhelming Viet Cong pressure. They were with 30 miles of U.S. Marine town headquarters building behind barbed wire. Although government troops viewing their past gains and sweep and resweep these controlled areas, the Viet Cong forces to trap Viet Cong or quickly return when the Saigon North Vietnamese forces for a soldier's go back to their barracks. Government control is weakest in the northernmost Army Corps area. In each province it is pretty much restricted to the capital plus varying sized areas of surrounding countryside. U.S. Marines hold a beachhead at Chu Lai but no large population is involved. The other Marine bases are at Da Nang base camp areas, the Viet Cong still continue to strike with a fanatical spirit.

ble sources say that the government and the Viet Cong each control about one quarter of the country. The other half is disputed territory. The government foothold these disputed areas usually amounts to scattered outposts that protect little more than their own barbed wire. It is the Viet Cong who usually are able to move into the villages at night to hammer home their propaganda. Government village chiefs and police often spend the night at the district town headquarters building behind barbed wire. Although government troops sweep and resweep these tested areas, the Viet Cong forces to trap Viet Cong or quickly return when the Saigon North Vietnamese forces for a soldier's go back to their barracks. Government control is weakest in the northernmost Army Corps area. In each province it is pretty much restricted to the capital plus varying sized areas of surrounding countryside. U.S. Marines hold a beachhead at Chu Lai but no large population is involved. The other Marine bases are at Da Nang base camp areas, the Viet Cong still continue to strike with a fanatical spirit.

operations for North Vietnamese, just west and northwest North Vietnamese that will brighten the present picture. At the show-downs continuing largely to be when and where the Communists want them. Military sources say there is little prospect that the situation will change, given the nature of a guerrilla war. In the 4th Corps area, the deluge of military units has been made. In fact, the show-downs continuing largely to be when and where the Communists want them. Military sources say there is little prospect that the situation will change, given the nature of a guerrilla war. In the 4th Corps area, the deluge of military units has been made. In fact, the show-downs continuing largely to be when and where the Communists want them. Military sources say there is little prospect that the situation will change, given the nature of a guerrilla war.

AREAS OF CONTROL IN VIET NAM. Black areas on this map locate those portions of South Viet Nam in which the Saigon Government has some form of control over the populace. White areas show where the Viet Cong have control, or where nobody has effective reign over the people. This is NOT an official map, but it is made from information available to the AP by various news sources. (AP Wirephoto Map)

## GOP Told Urban Vote Is Necessary

By WALTER R. MEARS  
 WASHINGTON (AP) — Arlen Specter, the Democrat who carried the Republican banner to victory in Philadelphia, said today GOP candidates don't have to shun the party label to win big city elections. Specter, who won an upset to become Philadelphia's district attorney, told GOP chairman from 18 big cities that urban voters will back a Republican platform which pierces the veil of hollow labels and offers constructive, good government. "We did not avoid the word Republican, but rather sought support for Republicanism on the ground that our nation's progress was founded on a strong two-party system and the roots of Republicanism had provided good government for our country," he said.

### OLD SOLDIER DIES

FARGO, N.D. (AP) — Mayor Frank L. Anders, 90, thought to be the nation's oldest holder of the Medal of Honor, died Sunday night. He won the country's highest military decoration in 1899 for gallantry during the Philippine insurrection. Born in Fort Lincoln, N.D., he was an engineer by profession and served as Fargo's city engineer from 1908 to 1919.

Closed conference Specter's advice was prepared for a closed GOP conference of city chairmen which Monday night heard a report from Robert Price, campaign manager for New York Mayor John V. Lindsay. Lindsay was the Republican nominee but played down the party label during last fall's campaign. Price said his report dealt largely with organization and political mechanics. One man who attended the session said Price was asked how Lindsay's victory would help the party. Price, now deputy mayor of New York, was quoted as saying it would pay organizational dividends to the GOP, and prove that a Republican can do the job. Specter was a registered Democrat when the Republicans nominated him for district attorney. "We outlined a constructive program for Philadelphia in the name of the Republican party," he said. "To win, the Republican party must do more than offer rebuttals. Concrete Programs "The Republican party must offer concrete programs which come to grips with the social and economic problems of the people," Specter said. "The Republican party is on the attack." National Chairman Ray C. Bliss said as he opened the conference—first of three in which party leaders from some 75 major cities are to map an urban assault on the Democrats. "We now have arrived at the point where we must go on the attack or accept continued Democratic dominance of many states," Bliss said. He said Republicans seeking statewide offices must generally carry 40 per cent of the big city vote or see their majorities elsewhere erased in urban Democratic power centers.

TODAY'S NOON STOCK PRICES

New York Stock List

Table of New York Stock List with columns for stock symbols, prices, and changes.

Rally On Stock Mart Continues

NEW YORK (AP)—The stock market rally continued today with aerospace defense, airlines, electronics and selected issues extending their gains.

The list was continuing to respond to President Johnson's "guns and butter" budget and to inflationary implications, analysts said.

The list was higher from the start and the pace of trading was about the same as yesterday's, a shade slower.

The defense issues moved up vigorously on prospects of increased military spending and the likelihood of continuation of hostilities in Viet Nam.

Various issues responded to reports of better earnings.

Key Stocks Move Up Gains ran from fractions to 1 or 2 points among the favored issues.

The Associated Press average of 60 stocks at noon was up 9 1/2 points with industrials up 9, rails up 7 and utilities up 5.

The Dow Jones industrial average at noon was up 1 3/4 at 992 3/4.

Up 2 points or better were United Aircraft, Douglas Aircraft, Zenith, Northwest Airlines and American Airlines.

KLM Airlines dropped 1 1/2 points taking a bid Eastern Airlines. TWA gained a point.

Commonwealth Oil, whose earnings reportedly will show a sharp rise from the 1965 report, was held flat in trading and after selling fractionally higher on an initial block of 50,000 shares.

Control Data also was delayed in opening and apparently stemmed its recent slide on news of lower earnings. It recovered fractionally in active dealings.

Amplex Active Also active were Amplex in Texas, Gulf Sulphur, Fencraft and Roan Selection Trust all fractional gains, and Brunswick off a fraction.

Prices were generally higher in heavy trading on the American Stock Exchange. Solitron Devices added more than 2 points to its 10 1/2-point jump of yesterday.

Fotochrome slipped about 1 1/2 while Syntex and American Book took 1/2 point losses. Gains of about a point were made by Dennison, Rollins, National Video and TWA warrants.

Up fractionally were Seaboard World Airlines, Brown Cow, GHT and Microwave Associates.

Corporate bonds were mostly unchanged. U.S. Treasury bonds resumed their decline.

IN RUSSIA: Custody Of Body Sought

MOSCOW (AP)—The U.S. Embassy sought today to obtain custody of the body of Newcomb Mott and ship it home for burial, but questions remained about his death on a Soviet prison train.

An embassy spokesman said the report of a Soviet investigation into the death of the 29-year-old American was awaited.

The Soviet Foreign Ministry said Friday Mott committed suicide by cutting his throat in the washroom of a train that was taking him to a labor camp. He had been sentenced to 18 months for entering the Soviet Union illegally.

Russian Report Soviet sources circulated reports that Mott went berserk on the train, threw things at his guards and cut his throat with a razor blade from among his personal possessions.

There was no confirmation of these reports.

The embassy announced after an autopsy performed Monday in the presence of an embassy doctor that in addition to a fatal five-inch gash on the throat, Mott's body had "multiple lacerations on both wrists and elbow joints and on his abdomen. The cause of these other cuts was not explained.

The body also had minor bruises inflicted after death, apparently in transporting it, the embassy said.

Solitary Confinement Mott, from Sheffield, Mass., had been held in solitary confinement in the Murrums jail from his arrest Sept. 4 on the Norwegian border until his sentencing Nov. 24. The embassy refused to comment on speculation that he had been in a fight with other prisoners beyond nothing unofficially that some of the stories originating from Soviet sources seemed contradictory.

U.S. Ambassador Foy D. Kohler asked First Deputy Foreign Minister Vasily V. Kuznetsov Saturday for a complete investigation and report on the death. Kuznetsov promised full cooperation.

The embassy spokesman said much red tape was involved in obtaining release of the body for shipment to Mott's parents in Massachusetts.

Rent Subsidy Plan In For Rough Time

WASHINGTON (UPI)—President Johnson has chosen his controversial rent subsidy plan as the first Great Society battle round in the "guns and butter" conflict, facing Congress.

Indications were it would be a difficult one.

Johnson told Congress in his budget message he wants \$30 million immediately to begin the program of assisting needy people with rent payments. An identical request was rejected by Congress last year.

The formal request will come in a catch-all supplemental appropriations package which before Congress starts printing its budgeting for fiscal 1967 which starts July 1.

Johnson said he also planned supplemental requests for the current fiscal year for other programs which were left behind when Congress went home last year.

He listed the need to finance larger military and civilian paychecks, initiate the teacher corps, fund the Elementary and Secondary Education Act of 1965, and provide money for the new hospital and medical insurance programs for the elderly.

BOMBAY—India tax collectors will get more authority.

Be Choosy. After all, it is your money

Don't select a broker because a friend or relative deals with him, or because he's nearby. Stand on your own two feet and make a rational choice.

Look for a brokerage house with extensive experience in securities and commodities. One with many offices from coast-to-coast and abroad. A broker who can give you advice and reports from a first-class research department, experienced guidance through Registered Representatives, rapid communication with Wall Street.

Chances are, when you look into H. Hentz & Co., you'll stop looking.

TAX LEGISLATION TO CURB BUSINESS RUNAWAY

# Johnson Shows Increasing Concern Over Inflation

By SAM DAWSON  
 NEW YORK (AP) — The President's new federal budget puts price tags on the quick revamping of economic planning in Washington. The Viet Nam war is billed as the immediate cause for the change in direction. But it is far from the only one.

And the change may be leaving many Americans wondering "What happened?"

After five years of stimulating economic growth with Treasury deficits and tax cuts dubbed "the new economics," the government now talks of restraint through larger tax collections in the months ahead and smaller deficits — even hints at higher tax rates if needed and, as a last resort, a Treasury surplus to combat any inflationary buildup.

**Changes Revealed**  
 The buildup in cost of the Viet Nam war accounts for much of the \$4-billion increase in spending that President Johnson proposes for the next fiscal year. The war costs \$17 billion in the fiscal year that will end June 30. Its cost, as near as can be figured now, will be \$10.5 billion in the fiscal year starting July 1.

But other changes in the economy in recent months are playing a big part in the proposal to keep Treasury deficits down. The target is for a \$3-billion deficit in the new budget from the \$4 billion of red ink in this fiscal year. And the President also wants to leave consumers

and business with less cash to another bad spurt of inflation, perhaps \$4 billion less—as in the 1950s.

The President says of the role the government can play: "The unprecedented and uninterrupted economic growth of the past five years has clearly demonstrated the contribution that faster than expected expansion and thus the fostering of speculation and the threat of rising prices and wages bring on budget as part of a responsible

fiscal program" that will take care of problems at home and abroad "in an environment of strong but noninflationary economic growth."

**Counts On Growth**  
 The President counts on this year's receipts from \$100 billion in the waning fiscal year to \$111 billion to increase Treasury receipts. He also wants to collect taxes faster from individuals and corporations. Together, he estimates, bigger incomes and faster collection would raise receipts from \$100 billion in the waning fiscal year to \$111 billion to increase Treasury

spending would rise from the present \$106.4 billion to \$531 billion. The President sees the boom carrying pretax corporate profits to \$80 billion this year and personal income to a record \$567 billion.

The booming economy, aided by military and consumer buying, helped raise corporate profits to \$74.6 billion before taxes in 1965 and personal income to \$531 billion. The President sees the boom carrying pretax corporate profits to \$80 billion this year and personal income to a record \$567 billion.

That spells prosperity, war or no war. What the President says is asking of the Congress is to make sure that the federal budget lets the economy hit that stride—but not get out of hand and run away.

Next: How a federal budget can shape the course of the economy.

## Cuban Exiles To Help Seamen

MIAMI, Fla. (AP) — Cuban exiles are organizing a committee to encourage Fidel Castro's seamen to jump ship.

Captains and officers from six Cuban freighters who have defected within three months will form the nucleus of the new group, the Free Cuba Merchant Marine Commission, said its secretary, Rafael Rivas Vazquez.

"Many seamen are hesitant about abandoning ships, even though they would like to," Rivas Vazquez said. "The commission hopes to make things easier for them."

The latest captain to defect, exiles said, was Francisco Delgado, who deserted the R. Delgado at El Ferrol, Spain, last week. Others have left ships in Spain, Japan and Ceylon.

# Fight Expected On Slash In Conservation Subsidy

## LBJ Seeks Reduction

By OVID A. MARTIN  
 WASHINGTON (AP)—A fight between President Johnson and Congress is expected on at least one farm budget item—a proposal to reduce by about 55 per cent subsidies for soil and water conservation practices carried out by farmers.

The President asked that Congress authorize \$100 million for these subsidies for the 1967 crop year, compared with \$220 million for the current year.

Since its inception in 1936 this program has been highly favored by members of Congress. Presidents Dwight D. Eisenhower and John F. Kennedy tried unsuccessfully to reduce the program. Johnson also tried last year, but failed.

**Half The Cost**  
 Under the program, the Agriculture Department bears about half the cost of conservation practices on participating farms. This year, these practices will be emphasized:

Placing cover crops on land subject to wind and water erosion; establishment of contour and strip cropping to curtail erosion; forestry practices and establishment of wildlife habitats.

In some states where none of the major commercial crops carrying government benefits is grown, conservation payments are about the only federal funds going to farmers.

The President said the smaller sum "will be adequate to permit the government to share with farmers the cost of a substantial number of needed conservation practices that will have minimal effects on stimulating the immediate output of farm commodities."

Farm officials said the recommended cutback would require limits on the amount paid individual farms or limits on the number of farms allowed to participate.

**PIPELINE PROPOSED**  
 WASHINGTON (AP)—The Federal Power Commission said Monday that Panhandle Eastern Pipeline Co., Kansas City, proposes to build a 66-mile natural gas supply line from Western Oklahoma to Hemphill County, Tex., at an estimated cost of \$48 million.

## POWER FAILURE BLACKS OUT CALIFORNIA AREA

### 1916 Electric Car Keeps Home Running

PACIFIC PALISADES, Calif. (AP)—Horsepower and housepower are interchangeable in the home of Jamison Handy Jr., where the house usually runs the car and the car runs the house, if it has to.

Handy's car, a 1916 Detroit Electric, proved useful Monday when a power failure darkened about 200,000 homes in western sections of Los Angeles just before dawn for about 30 minutes.

Handy, 51, an electrical engineer, plugged in an extension cord and the car's 108-volt battery took over.

The lights went on, I used my electric shaver, my wife ran the toaster and we listened to news reports on the radio," he said.

"We had to unplug the refrigerator and television set, which won't accept direct current," Handy said.

"I had to be sure to pull the main switch feeding the house, so the car's current wouldn't run into neighbors' houses."

"Luckily, the blackout caught us with the battery fully charged. We could have gone for about 20 hours on it."

Handy said the usual process is to use the house's 110-volt power to charge the car's battery. "All I did was reverse the process," he said.

tened to news reports on the radio," he said.

## BY LAWYERS

### James Cross Indictments Are Attacked

AUSTIN (AP)—Attorneys for James C. Cross Jr. have attacked the indictments of accusing him of strangling two campus beauties. They also asked the trial judge Monday to make available to them prosecution evidence against Cross.

Perry Jones, Roy Minton and Charles Burton, Cross' lawyers, filed 10 pre-trial motions with Dist. Judge Mace Thurman.

Hearing on the motions is set for Friday, the day Cross appears in court to plead innocent or guilty.

Cross, 23, of Fort Worth, goes on trial Feb. 14, accused of slaying Susan Rigby and Shirley Ann Stark, both of Dallas. The nearly nude bodies of the two University of Texas coeds were found July 30 in a field on the north edge of Austin after a 12-day search. Cross, also a university student, was charged Aug. 6 after signing a statement about the crime.

**Dismissal Sought**  
 The motions include one asking Thurman to dismiss the case and another to invalidate the indictments. Five motions are for "discovery"—that Thurman order the prosecution to reveal its evidence to the defense.

The discovery motions seek access to Cross' statement, autopsy reports on the young women's bodies, analysis of soil, blood and fingerprints found in Miss Stark's automobile, letters and photos taken from Cross or his apartment, tape recordings of conversations with Cross, and statements from possible witnesses.

Also attacked is the validity of Cross' written statement, which the attorneys said was given without a warning of the rights to silence and to legal counsel. Police said a justice of the peace warned Cross of these rights.

A motion to "quash" indictments contends Excluded from the action was that the grand jury indicted Cross two days before its usual day for returning indictments to Ave. intersection which already deny Cross an examining trial has been approved for construction of a high-rise student housing facility.

Monday's decision was made at the request of the City Council, which wanted the Planning Commission's recommendation

**DOUBLE TROUBLE**—Trouble came in twos last week for sons of Dr. and Mrs. Richard K. Crissman, of Alaska. Mich. Bob, 4, left and John 5, were both skiing when they broke their left legs in virtually the same place. (AP Wirephoto)

## HIGH RISE UNCHANGED

### Apartments Okayed In 19th, College Areas

By KENNETH MAY  
 Avalanche-Journal Staff

A recommendation that apartment houses up to 2½ stories in height be permitted in the area north of 19th Street to the alley south of 20th Street between College and Boston Avenues was made Monday by the City Planning Commission.

The commission said it did not believe high rises should be allowed to penetrate deeper into the residential area south of the Texas Tech campus.

In discussing the case, however, members said they believe the two-block area east of Boston Avenue should be committed to either a multi-family lot or commercial use. They did

prior to the council's next meeting Feb. 10.

On that date, the council might take one more look at the high-rise project because of an involved set of circumstances which has left the facility's status somewhat clouded.

By its Monday decision, the Planning Commission said it did not believe high rises should be allowed to penetrate deeper into the residential area south of the Texas Tech campus.

In discussing the case, however, members said they believe the two-block area east of Boston Avenue should be committed to either a multi-family lot or commercial use. They did

## By RONALD THOMPSON

### AP Aerospace Writer MANNED SPACE CENTER, Houston, Tex. (AP)—

The space agency now has three two-man astronaut crews preparing to perform tricky rendezvous and link-up maneuvers in space that must be mastered before Americans head to the moon.

The latest astronauts to draw flight assignments are Navy Cmdr. John W. Young, a veteran of the first Gemini mission, and Air Force Maj. Michael Collins, a rookie who likes to try his hand at space walking.

It was Young who took a corned beef sandwich along on the Gemini 3 flight last year. He was reprimanded as a result.

**Command Pilot**  
 Young will be the command pilot on Gemini 10. Collins will be the pilot who would take a space stroll during the two- or three-day flight, if a stroll is scheduled.

Gemini project officials hope to wind up the 12-flight program by the end of the year at about the same time the three-man Apollo flights begin. The five remaining Gemini flights are to include rendezvous and docking with unmanned orbiting vehicles.

The space agency is tentatively aiming at a mid-March launch for Gemini 8 during which Air Force Maj. David R. Scott will take a 90-minute space walk long enough for one trip around the world. Command pilot is Neil A. Armstrong, the first civilian to get a flight assignment.

Civilian Elliot M. See Jr. and Air Force Capt. Charles A. Bassett II are scheduled to head into space about two months later aboard Gemini 9 on a similar docking mission. Bassett is also slated for a space walk, using a back pack for maneuvering instead of a space gun as Scott will use.

Gemini 10 is officially on the books for the third quarter of this year.

**Details Sketchy**  
 Details of the flight are still rather sketchy, said a space agency spokesman in announcing the selection of Young and Collins Monday. It will involve rendezvous and will last two or three days.

He said it was not certain whether there would be a space walk by Collins.

Collins said in a recent interview that he would rather have the opportunity to "take a space walk than be the command pilot."

Navy Cmdr. James A. Lovell Jr. See SPACE FLANS Page 12

## SURGERY NEEDED

### Astronaut Is Grounded By Bone Callous

SPACE CENTER, HOUSTON (AP)—Surgeons probably will have to remove a callous from the left arm of Navy Cmdr. M. Scott Carpenter before he can be considered for another spaceflight, the astronaut says.

Carpenter, one of the seven original astronauts, broke the arm in July 1964 in a motorcycle accident in Bermuda. He said as a result a callous formed on the bone just below the elbow, limiting his ability to rotate the arm.

**Not Too Confident**  
 "It's comfortable with surgery if I'm lucky and can get the doctor to do the work," he said in an interview. "The doctor is not too confident it'll work and I'm not too confident the doctor will do it."

Carpenter said it would be See SURGERY Page 12

**News Notes In A Reporter's Mail**

By HAL BOYLE  
NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

In this age of anxiety one out of 12 Americans takes tranquilizers. We also spend about \$70 million a year on sleeping pills. But many doctors think you can calm down just as well—and save money—by just going for a brisk three to five-mile walk.

Before the rise of dentistry, people often went to black-

smiths to get their teeth pulled or treated.

A five-foot electric eel has all its vital organs in the first foot of body length. The other four feet contain nearly 6,000 electrical cells, each of which can generate one-tenth of a volt.

Jesus Christ and his followers spoke and wrote in Aramaic, the language of a nomadic desert people. Ultimately this tongue was displaced by Arabic in biblical lands.

Quotable notables: "Perhaps man, having remade his environment, will turn around at last and begin to remake himself?"—Will Durant.

If you have an ulcer, better cut down on those highballs. It has been found that ulcers heal more quickly among those who don't drink.

In bullfighting if you don't die young you can die rich. One of the most unorthodox performers today, Manuel Benitez, known as "El Cordobes," and "the Beatnik Bullfighter," earns an estimated \$2 million a year.

The burden of the presidency takes an increasing toll. The U.S. presidents who served in this century averaged 11 years less than their normal life expectancy for the age at which they took office.

A kind of Roman lottery was the forerunner of our St. Valentine's day. Celebrated on Feb. 15, it was called the Feast of Lupercalia. A young Roman man drew blindly from a con-

tainer the name of an unmarried girl. They became sweethearts for the year, and exchanged gifts.

One out of every six licensed drivers is involved in an accident each year. The chances are, if you drive regularly, you will have some 10 traffic mishaps during your career behind the wheel.

Worth remembering: "You wouldn't worry what people think about you if you knew how seldom they do."

Quicker: More cookbooks than mystery novels were published in the United States in 1962. America now has 10,000 worm ranchers, most of whom sell the wrigglers to fishermen or gardeners.

Never feel sorry for yourself. As George Bernard Shaw observed, "Martyrdom is the only way in which a man can become famous without ability."

**Murder Trial Jury Incomplete**

EASTLAND, Tex. (AP)—Selection of a jury in the murder with malice trial of Ivan J. Allen, 72, Eastland County rancher and land owner, continued in District Court Tuesday.

During questioning of prospective jurors Monday, Prosecuting Attorney Harry P. Brown indicated the death penalty would be asked. Eight jurors were seated.

Allen was indicted by a grand jury in the fatal shooting of his nephew, Dr. Albert Reidel, Dallas psychiatrist, at the Allen place last Nov. 7.

Defense attorneys Bill Hart and Virgil Seaberry Jr., questioned the prospective jurors as to how they regard the law which says that any act committed accidentally cannot be considered a crime. This would indicate the defense would enter a plea of accidental death.

**Stay Of Execution Granted By Connally**

AUSTIN (AP)—Gov. John Connally has stayed the execution of Benny Longoria, sentenced to death in the August 1963 shotgun slaying of Hubby Humphries, to allow more time for a federal appeal.

Humphries was killed in the Rockett Community near Waxahachie.

Longoria's execution date was moved from Jan. 28 to April 28. The 5th U. S. Circuit Court of Appeals previously granted an indefinite stay pending its decision on Humphries' appeal.

**Tuition Raised**

ORONO, Maine (AP)—Tuition for nonresident students at the University of Maine will be raised to \$1,000 from \$800 a year starting next fall.

**Seaman recruit Paul E. Falabone**

son of Mrs. Hester Collier, 3305 Duke, is undergoing seven weeks of basic training at the Naval Training Center, San Diego.

Seven young men who have been enlisted in the Air Force this month are at Lackland Air Force Base for basic military training. Enlistments were at the Armed Forces Examination Station, Amarillo, from the Lubbock recruiting station.

They are: Donald R. Vandell, son of Mr. and Mrs. Reed M. Vandell, and Robert W. Mach, grandson of Mrs. Walter Siems, all of Littlefield, both enlisted Jan. 18; Charles E. Hooser, son of Mr. and Mrs. James Redford, 2805 E. Auburn St., and Gary D. Simpson, son of Mr. and Mrs. Curtis T. Simpson, 1312 47th St., both enlisted Jan. 12; Mitchell Leland Miller, son of Mr. and Mrs. T. L. Miller Jr., Abernathy, enlisted Jan. 7; Sidney F. Alford, husband of Mrs. Linda Alford, Petersburg, enlisted Jan. 4; and Michael E. Bufford, 2306 26th St., son of Mr. and Mrs. James V. Bufford, McKinney, enlisted Jan. 3.

As a result of aptitude tests taken here prior to enlistment, their advanced training assignments after basic will be: Vandell, Hooser and Alford, mechanical; Mach and Bufford, general; and Simpson and Miller, electronics.

**Jayne Gets Big Scare**

NEW YORK—Jayne Mansfield was almost scared out of what she didn't have on at the Latin Quarter the other night... she got word after the first show that her daughter Maria, 2, had swallowed a huge 100-milligram sleeping pill she'd found in their suite at the Hotel Americana... Her husband, Matt Cimber, phoned frantically for a pediatrician, and finally got one who treated Maria. The child had taken the pill, belonging to Matt's mother, Mrs. Fannie Ottaviano, from the refrigerator... "Jayne didn't feel up to going on for the second show—but she did," Cimber said... Producer Lou Walters had tried to keep Jayne covered up or under wraps or something last week, pending her official press opening... but with Jayne's measurements, that was impossible. She has four costumes in the show, which, if laid end to end, would make some other girl half a costume. Jayne's necklines set a new low.

**POLLY MISSES HER FAMILY**

Polly Bergen, who's setting records at the Plaza Follies Room in her singing comeback, is enjoying her success but is pretty sure to "retire" again at the end of her engagement. She misses her family... Polly'll attend Dinah Shore's opening. Wonder if Dinah's favorite Hollywood comedian'll be there?... There'll be a big U.N. party in March at the 4 Seasons, scene of Sharran Douglas' fling for Princess Meg—America's favorite princess... Actor Tony Bill, an ex-Frank Sinatra contractee, flew to London to star in the controversial BBC 1 1/2-hr film, "Lee Harvey Oswald—Assassin." Bill, a San Diego boy who went to Notre Dame, says, "Oswald and I are alike in that we're both thin."

THE BOB CUMMINGS comedy, "The Wayward Stork," about artificial insemination and mistaken identification, was a triumph for sexy comedienne Arlene Golonka who got to become a star. At Sardi's she forgot she was the center of attention and said to Gloria DeHaven, up from Miami Beach, "You're wonderful." Gloria said, "That's nice to hear—especially for somebody like me that's unemployed."

The great astrologer, Taurus the Bull-Thrower, who's been such a big hit on the Continent, cables this tip for Leos (July 21 to Aug. 21): Feb. 27 is a great date for gals trying to lure guys into proposing so get yourself a guy Feb. 27 and work on him.

**YOU NEED CONNECTIONS**

British tycoon Leonard J. Matchan, once a New Jersey film producer, tried for days to get a call through from London to Australia. He finally complained to the press. Two cabinet ministers came to his aid and he got the call through. "They sure have connections," said Matchan... Marty Allen took his wife and Hollywood producer Norman Abbott down to "Man of La Mancha" to stare at Joan Diener doing her bending exercises... Ed McMahon, who made his B'way debut with Pam Murphy in "Impossible Years," said Pam's bikini is one of B'way's better attractions.

SONGWRITER BOB HILLIARD'S recovering from a heart attack, at an Englewood, N.J. hospital... Barry Nelson and ex-wife Teresa Calli dined at the Pen & Pencil, because "we're still good friends... The leading lady (married) of a B'way show is so hung on her leading man that she stands in the wings to watch his scenes... Tom James' new cafe act will feature an all-star wardrobe—hat, shoes, etc... Sloan Simpson turned down an offer to write the bio of her late ex-husband, former mayor Bill O'Dwyer... French singer Charles Aznavour is off to Cambodia to make a film about the French defeat in Viet Nam... Kate Smith sold her Sutton Place apt.; she'll alternate between Lake Placid and Arlington, Va... Paramount'll reissue "Ten Commandments" Easter week, recalling Cecil B. DeMille's boast that he put 2,500 extras to work. An aide said, "Yes—and when the movie's over, look at the extras you'll put out of work!"

**STATE OF TEXAS, COUNTY OF LUBBOCK**

We, Howard D. Smith as President, and Lois Alexander as Secretary of the State Savings and Loan Association located at Lubbock, Texas, each of us do solemnly swear that the statement on the reverse side hereof is true to the best of our knowledge and belief.

**CORRECT-ATTEST:**

Freston Johnston, David C. Cozzy, T. S. Murphy, Directors  
Howard D. Smith, President  
Lois Alexander, Secretary

Subscribed and sworn to before me this 27th day of January, 1966, Donald C. Davis, Notary Public, Lubbock County, Texas.

SURVEY INDICATES PRESIDENT CAN'T MUSTER NECESSARY BACKING

LBJ Faces Compromises On Four-Year Term Proposal

By JACK BELL. A narrow base on which to build toward the 67 votes which would be needed for passage if all senators agree to substantial compromises to get Senate approval of his proposal for four-year terms for House members.

Do you favor President Johnson's proposal for election of House members to four-year terms in presidential years? If not, do you favor (1) maintaining the status quo or (2) the election of half the House members every two years?

The survey reached 88 of the 100 senators. Eighteen declined to make any public commitments and 12 others were not available.

Both Senate and House would have to give two-thirds approval for such an amendment, which would then become effective only if ratified by three-fourths of the states.

Against Staggering. Although Johnson argued in a special message against staggering the election of the representatives, 26 senators said they do not favor electing all of the members in presidential years.

Twenty-four senators said they are not in favor of four-year terms. Only 20 generally supported the President's plan.

Weather Causes Standstill In Texas Farming

AUSTIN (AP)—Texas farmers did practically no farming last week because of rain, sleet, snow and freezing and near-freezing temperatures.

The northern half of the state got most of the snow, badly needed by dryland wheat in the northern high plains, the U.S. Agriculture Department reported Monday. Livestock required supplemental feeding.

Land preparations fell further behind—as much as two months in the southern half of the state because the soil was too wet to work.

Small quantities of cotton were being harvested early in the week in areas later hit by snow.

Freezing temperatures halted the Rio Grande Valley wheat growth on the High Plains. Vegetable and citrus harvests

Alaskan Volcano Is Spewing Ash

ANCHORAGE, Alaska (AP)—Mt. Redoubt spewed billows of black ash and smoke 20,000 feet above it Monday.

Smoke from the volcano close to the western shore of Cook Inlet was visible in Anchorage, 120 miles northeast of it.

About 60 miles east of the 10,198-foot peak, in Kenai, City Manager James Harrison said the boiling clouds were "really something to see."

Capt. Pat Kelly of Reeve Airline said the ash and smoke seemed to be rising from a vent about 1,000 feet from the top, and Cordova Airlines at Soldotna, near Kenai, reported, "There is a large black spot in the side of the mountain. We

Novelist Indicted On New Charge

SAN FRANCISCO (AP)—Novelist Ken Kesey, 30, and a companion, Carolyn M. Adams, 19, were indicted by the San Francisco grand jury Monday night on charges of unlawful possession of marijuana.

The author of "One Flew Over the Cuckoo's Nest" and the young woman were arrested early last Wednesday on a Telegraph Hill rooftop. Police said they had in their possession in a plastic bag containing 3.54 grams of marijuana. Officers said that was about enough for three cigarettes.

Kesey and Miss Adams pleaded innocent to the charge.

The writer was placed on probation last Monday in San Mateo County on other narcotics charges.

Directors For Meat Inspection Named

DALLAS (AP)—Dr. Elmer M. Christopherson of Fort Worth and Dr. Robert F. Kieldsen of Milwaukee, Wis., were appointed acting directors of two of the seven field districts created in the reorganization of the federal meat inspection service.

The U.S. Department of Agriculture, announcing this Monday, said Christopherson will take over the western district in San Francisco and Kieldsen will be in charge of the southwestern district in Dallas, which will cover Arkansas, Colorado, Louisiana, New Mexico, Oklahoma and Texas.

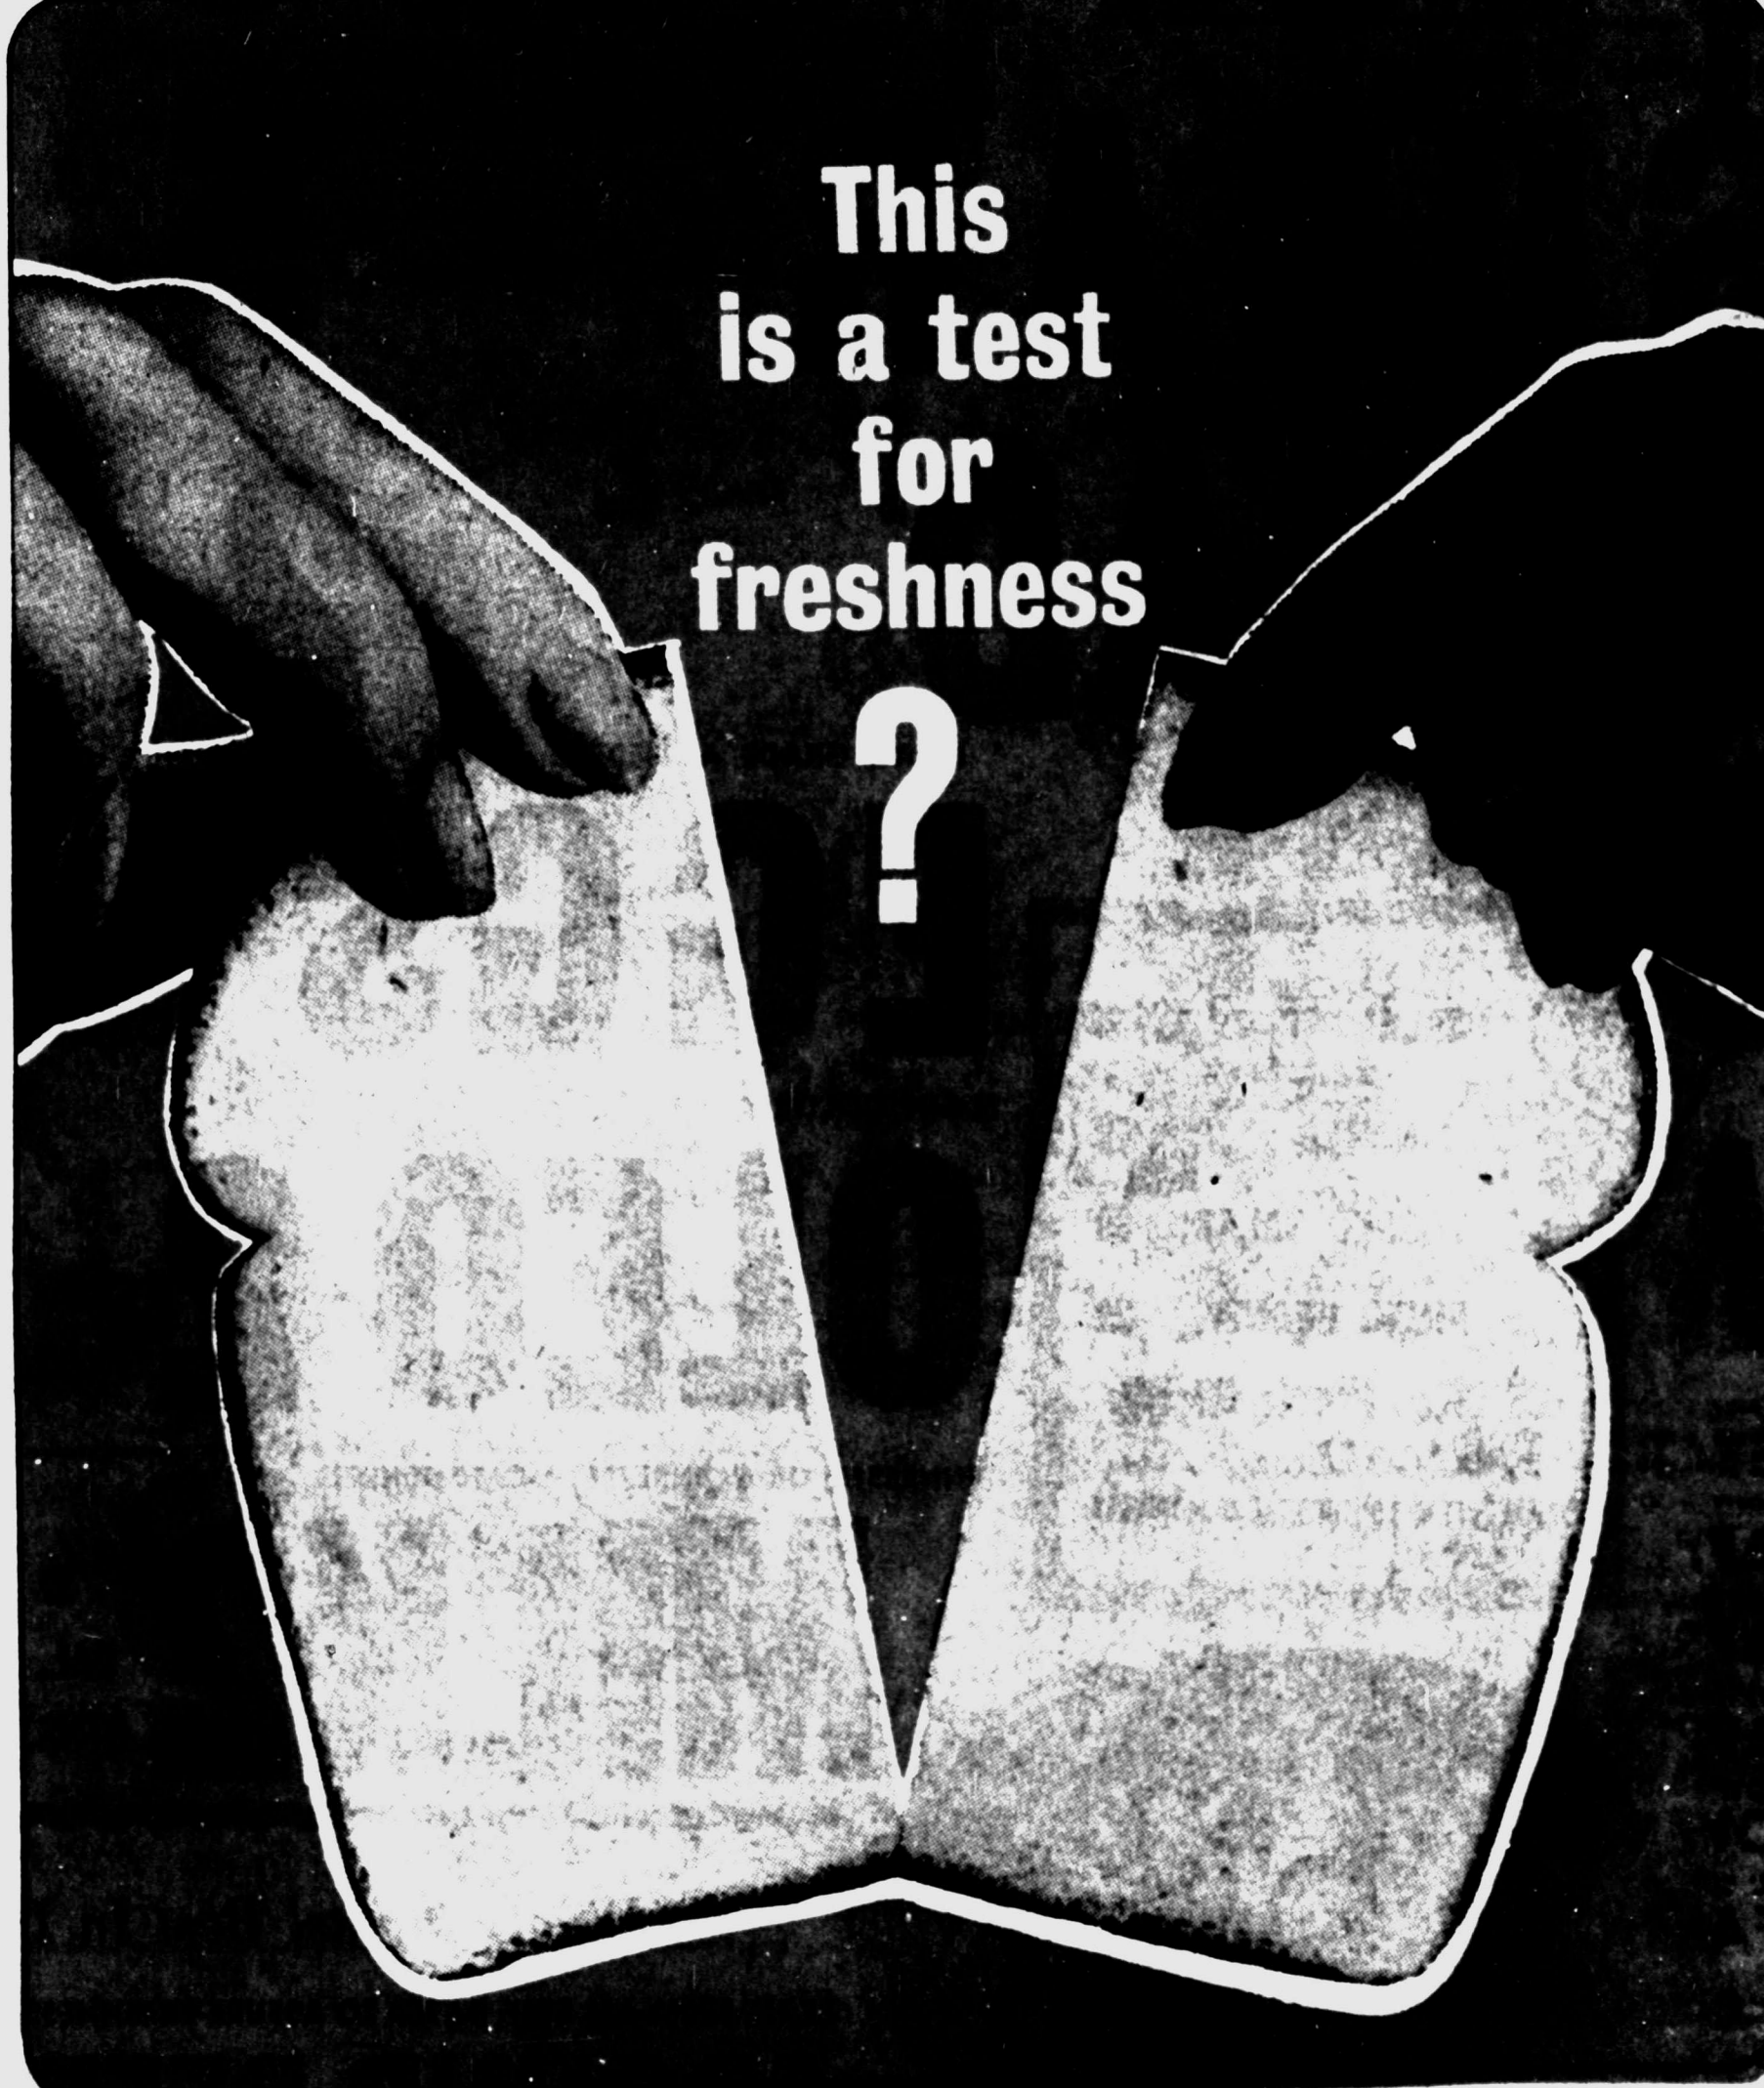

Residents Of Russia Study Incorporation

SIDNEY, Ohio (AP)—Russia may incorporate, but this is nothing to do with the Soviets.

The Civic Association at Russia, a community of 400 to 500 near here, has proposed that the 110-year-old French-Catholic hamlet be incorporated so it can have a formal government.

Residents will consider the matter at a meeting Jan. 31.

COMMERCIAL ELECTRIC RATES IN LUBBOCK ARE LOWER! Rates For 10,000 KWH. Lubbock \$161.50. Amarillo \$222.96. YOUR ELECTRIC COMPANY MAKES THE DIFFERENCE! LUBBOCK POWER & LIGHT. 906 TEXAS AVE. POS-9028. 1964 Federal Power Comm. Report.

Those on the go... go for Baldridge Bread. It takes a fine, even texture for a slice to break clean like this. No holes allowed. No holes to let air in and dry out freshness. And the only bread that's Batter Whipped for smooth, even texture is Baldridge's. There is a big difference in breads. Some may cost less... but you get less. So don't take chances. Buy Baldridge Bread. All the vital nourishment that Nature packs into choice wheats is Batter Whipped into Baldridge Bread. Here's go-power people need for today's high-speed living. Now you know why those on the go... go for Baldridge Bread.

Senator's Views

Sen. Russell B. Long of Louisiana, assistant Democratic leader, said he thinks the amendment ought to be put into effect in 1968 and not in 1972, as Johnson proposed.

Sen. Joseph S. Clark, D-Pa., said he is opposed to requiring House members to resign their seats if they wish to run for the Senate. He said the amendment ought to be put into effect as soon as ratified by the states.

Eleven Democrats and 13 Republicans indicated they are presently inclined against four-year terms.

Sen. George D. Aiken, R-Vt., said that four-year terms would make for one party government for sure because the administration could not be held under control in midterm.

Responsive To People. Sen. Sam J. Ervin Jr., D-N.C., said the House members "were given two-year terms to make the House responsive to the will of the people, so that when the people change the legislative body changes."

Seventeen Democrats and nine Republicans said they would favor four-year terms if elections were held in other than presidential years or if one-half the House members were elected every two years.

Even Sen. Birch Bayh, D-Ind., who introduced the President's proposal, said he thinks half of the House members should be elected every two years.

Senate Republican Leader Everett M. Dirksen, a former House member, said he can sympathize with representatives who have to begin campaigning again shortly after they get elected.

But if we are going to have four-year terms for them, the elections ought to be staggered, he said.

Radio Programs

Table listing radio programs for Tuesday, January 25, 1966. Includes stations KFYD 700 AM, KJBE (ABC) 1340, KCBZ (NBC) 1290, KTYT 700 AM, and KBYZ 1000 AM. Lists programs like Farm Program, News, Music, Sports, and various news and entertainment shows.

\$50,000 Office Fund Asked For Mrs. JFK

WASHINGTON (UPI)—President Johnson has included in his budget requests \$50,000 to operate the New York office of Mrs. John F. Kennedy for one more year.

Congress is not required to maintain an office for the widow of the late President but presumably will continue to vote funds for her as long as she and Johnson desire. The former first lady found it necessary to maintain an office with three secretaries to handle the heavy volume of mail she receives.

# Marines Will Have Hard Time Winning Loyalty Of Villagers Near Da Nang

By GEORGE ESPER  
CAM NE, South Viet Nam (AP) — Six months ago, U.S. Marines, made furious by snipers, smashed through this village, burning hundreds of huts.

Now they are going all-out to win the loyalty of the people. They even put on a performance by the 3rd Marine Division Band that left the crowd swinging and smiling.

But the past was far from forgotten. Even as playful children were invited up to take a turn on the baton and an old man sat in on the drums, watchful Marines were on a sharp lookout for trouble.

**Young Men Gone**  
In all, about 300 villagers attended the concert. Most were children, women and old men. The young men mostly were either dead, in jail or with the Viet Cong which formerly ruled this village only three miles from the Da Nang airbase, the most strongly defended American base in Viet Nam.

The Marines have made a major effort to wrest the villagers' minds as well as Cam Ne's bunkers away from the Viet Cong.

They have good reason to do so. After the burning incident, which raised protests in the United States, the Viet Cong one night slipped into town and opened up with mortars on Marine tank positions, killing or wounding several Leathernecks. The Viet Cong escaped unscathed and not one villager came forward with information.

**Removing Brush**  
The Marines are still ripping things up in Cam Ne, but now it's brush and trees where the Viet Cong hid. They also are covering all the trenches. Villagers have been forced to help.

The Marines under strict rules of conduct laid down by the Marine commander, Maj. Gen. Lewis Walt, are carefully wounding villagers in all the hamlets around the big base.

Along with the concert, Marines passed out food to the villagers. They also maintain a dispensary in the area where villagers are treated.

Gunnery Sgt. Carmine Burzomato, Brooklyn, N.Y., stopped to check one small Vietnamese girl with an infected eye. The girl looked up at Burzomato and told him, "Yes, No. 1."

**Tops On Scale**  
On the Vietnamese scale, No. 1 is tops.

Marine Col. John Gorman told the villagers of Cam Ne before the concert: "We want you to feel happy and free and not worried. Somebody is going to hurt you."

But it will take a long time to convince the villagers that the Viet Cong who have the allegiance of their sons and fathers are their real enemy and not the foreigners who play strange music.

## CARNIVAL

BY EXPERT IN FORT WORTH

## Red Chinese Forces Not Rated High

By FRED S. HOFFMAN  
WASHINGTON (AP) — Chinese Nationalist military expert says Communist China seems to possess little capability for sustained large-scale conventional war outside her own borders.

Although this estimate was not related directly to the war in Viet Nam, it obviously bears on the capacity of Communist China to intrude itself into the conflict.

The analysis was made by Xu Siensheng, an adviser in the Nationalist Chinese Defense Planning Bureau. It appeared in the latest issue of the professional journal published at the U.S. Army Institute School, Ft. Benning, Ga.

**An Infantry Force**  
"Today, the Communist Chinese army is still essentially an infantry force," he wrote. "It is composed principally of infantry units equipped with only a few tanks, artillery pieces, and motor vehicles."

The Nationalist Chinese expert noted that the Communist regime has displayed modern weapons and mechanized forces during national celebrations. But he said, these can only be regarded as "the ornaments of the Red armed forces."

He said that the Red Chinese army of 2.25 million men is organized into 40 field armies, each comprising three infantry divisions.

**Not Equal**  
But he contended a Chinese field army is not equal to an American field army.

"It cannot even be equated with a U.S. corps because the latter enjoys greater firepower and controls more effective transports," he said. "Moreover, as a tactical unit a Chinese division is also far inferior to any standard division in the Western world."

Nonetheless, he praised the Chinese infantryman for having proved "tough, cunning and formidable" in the Korean war.

**McSpadden Services Scheduled At Chapel**  
Funeral for J. R. McSpadden, 71, 2230 18th St., was to be at 2 p.m. today in Sanders Memorial Chapel.

Officiating was to be Travis Boyd, minister of Acuff Church of Christ. Burial was to be in City of Lubbock Cemetery under direction of Sanders Funeral Home.

Pallbearers were to be V. M. Moore, L. O. Gregg, Allen Loter, George Cole, D. D. Davis and James Ford.

McSpadden died at 5:48 a.m. Sunday at his home after an illness of five months.

Surviving are his wife, Vivian; a son, Douglas, 1505 23rd St.; two daughters, Mrs. E. R. Davis, Torrington, Conn., and Mrs. Keith Cole, 2208 21st St.; two brothers, Frank, San Angelo, and Lee McSpadden, Citrus Heights, Calif.; two sisters, Mrs. Willie Tanner, Yucaipa, Calif., Mrs. Roy Steele, Altus, Okla., and 10 grandchildren.

**Cemetery Lots Going Fast In Idaho Town**  
POCATELLO, Idaho (AP) — They're having a run on lots at the city-owned Mountainview Cemetery.

Sexton Castulo Guerra said that since plans to increase prices as much as \$75 per plot were announced at a City Commission meeting early this month, sales have increased 23 times.

He said he had sold 115 lots, and "in a comparable period we usually sell only four or five."

"Some persons are buying as many as five lots at once," he said.

Usually a hunter's first indication that his bullet has hit a deer is the dropping of the animal's tail.

## Wilbanks' Rites Today In Idalou

Double funeral services for Mr. and Mrs. W. B. Wilbanks, long-time Idalou couple who died of apparent asphyxiation Saturday, were to be at 2 p.m. today in the First Baptist Church of Idalou.

Officiating was to be the Rev. Joe Mosenbocker, pastor of the First Baptist Church of Tucumcari, N.M., assisted by the Rev. B. H. Kendrick, pastor of the First Baptist Church of Idalou.

Burial was to be in the Idalou Cemetery under direction of Franklin-Bartley Funeral Home of Lubbock.

The couple was found dead about 8 p.m. Saturday. Wilbanks was pronounced dead at the scene by Justice of the Peace W. S. Countess, while Mrs. Wilbanks was dead on arrival at 9:05 p.m. at West Texas Hospital.

Investigating officers said they detected a strong odor of fumes when they entered the house and presumed the couple died of asphyxiation. But Countess said Sunday all rooms of the house had air vents open and the furnace pilot light was not out. He said an inquest ruling will be made after an examination by a gas company is completed.

Wilbanks, 71, a retired carpenter, and his wife, Rosa Lee, 55, had lived in Idalou 20 years.

**Son Is Sergeant**  
Tommy Wilbanks, one of their sons, is a sergeant in the records division at the Lubbock Police Department. He resides at 4320 30th St.

Other survivors of the couple include three sons, Pete, Jack, and the U.S. Army stationed in Utah, and Ed, 1319 43rd St., and eight grandchildren.

Pallbearers for Wilbanks were to be Earl Weaver, Bill Swann, R. D. Schmidt, John Bishop, B. Sherrod and W. J. Mitchell.

Mrs. Wilbanks' pallbearers were to be Harrison Sage Jr., B. C. Embry, Richard Pruitt, Jim Wilson, Don Chastain and D. R. Rackley.

## Tech Faculty Member Attends Region Meet

Mrs. Johnny Dorsey of the Clothing and Textiles Department is representing Texas Tech's School of Home Economics this week at a regional meeting of college teachers at Kansas State University, Manhattan, Kans.

Mrs. Dorsey is a member of a seminar steering committee for Central Region College Teachers of Clothing and Textiles Division of the American Home Economics Association. The five-day conference will end Friday.

**HONORARY DEGREE**  
BRIDGEPORT Conn. (AP) — C. P. Snow, English scientist and novelist, has been awarded an honorary degree of doctor of laws by the University of Bridgeport.

**ROME** Weather stations will be built throughout Italy.

## Surgery FROM PAGE ONE

four months before the operation could be considered, but "I'm willing to give it a try."

Carpenter flew a three-orbit Mercury mission May 24, 1962, and last year participated in the Sealab program during which he spent 30 days in a laboratory on the bottom of the Pacific Ocean off the coast of California.

**Needs Flying Time**  
Because of the arm fracture and the time he spent on the Sealab project, Carpenter has not had "sufficient time to maintain proficiency in flying high performance aircraft," the space agency said.

He said the troubled arm did not affect his jet flying, and he plans to get in enough flying hours soon to regain fully aircraft flight status.

Since returning to the Manned Spacecraft Center from Sealab, Carpenter has served as an executive assistant to the center's director.

## Zoning Group Puts Okay On 'Low Rise' Apartments FROM PAGE ONE

an amended request, taking in a little more land. This time, the council rejected the proposal, 3-2, because the right of way would not be given. However, the earlier approval still is on the books. Thus, should the developers decide to give the right of way, they could get a building permit immediately.

In that event, they might appear before the council on Feb. 10 to ask reconsideration of the larger tract in order to handle their off-street parking more easily. On the same date, the council will have a public hearing on Monday's Planning Commission action covering surrounding land.

Arnold Maeker, who became Planning Commission member after the high rise question had gone to the City Council, said Monday he thought the decision "probably was wrong (because) it will complicate the traffic problem."

**Suggest Alternative**  
He added: "If the need is for student housing, then I think the area north of Broadway and east of the campus would be a better location. This would put high rises just as close to the college and wouldn't put more cars through the intersection at College Ave. and 19th St. — and the more cars we can put downtown without them going through that intersection, the better off we'll be."

After discussing the fact that "low rise" apartment houses still would compound the traffic problem, Aubrey Faulkner Sr. voted against Maeker's motion to okay R-3 zoning south of the campus. Maeker, Moore, George Campbell and Bob Whipple voted "yes," however. Smith did not vote but said he concurred with the majority.

The motion included a clause leaving "as is" the zoning on the block of land immediately east of College Ave. and 19th St.

**Developers Balked**  
The prospective developers balked at that idea and filed

## Space Plans FROM PAGE ONE

Jr., who recently flew for 14 days aboard Gemini 7, and Air Force Maj. Edwin E. Aldrin Jr., who has never flown in space, were named backup crewmen for Young and Collins.

Young, 35, took a three-orbit flight with Air Force Lt. Col. Virgil I. Grissom aboard Gemini 3, the nation's first two-man space flight.

A native of San Francisco, Calif., he was one of nine astronauts named in the second group selected in September 1962. He is married to the former Patricia Finnegan of Boston, Mass. They have two daughters and a son, Sandy, 8, and John, 7.

Collins, 36, a member of the third astronaut group named in October 1963, was born in Rome, Italy, into a military family. He is married to the former Patricia Finnegan of Boston, Mass. They have two daughters and a son, Kathleen, 6, Ann, 4, and Michael, 2.

## Cross Case FROM PAGE ONE

The grand jury "obviously exhibited malice."

The dismissed motion alleges "certain material witnesses were brought before the grand jury after Cross was indicted and that the grand jury sought to intimidate the witnesses to produce them against the accused."

In a motion similar to one overruled by Thurman in previous trials, the defense urged that prospective jurors not be qualified on the death penalty. Dist. Atty. Tom Blackwell has served notice he will seek the death penalty.

Jones, Minton and Burton contend that a jury limited to those who believe in capital punishment "precludes this defendant from having his case heard by a cross-section of the community and forces him to be tried before a selected segment of the community depriving him of his constitutional right to a fair trial."

"A juror who has no conscientious scruples against the death penalty will be more apt to convict than the average juror," the motion says.

## Clifford D. Kitchens Services Set In City

Funeral services for Clifford D. Kitchens, 54, Rt. 1, Abernathy will be at 2 p.m. Wednesday in Highland Assembly of God Church with the Rev. Morris Sheats, pastor, and the Rev. Roy E. George of Abernathy officiating.

Burial will be in Resthaven Memorial Park under direction of Franklin - Bartley Funeral Home.

Kitchens died at 4 a.m. Sunday at his home.

An area resident four years, Kitchens moved to Abernathy from Hereford. He was a farmer and was Sunday School superintendent of the First Assembly of God Church in Abernathy.

Survivors include the wife, two sons, Billy, 519 51st St. and C. L. Malskoff, Tex.; three daughters, Mrs. Lou Tubbs, 2607 41st St.; Mrs. Mary Martin, Tucumcari, N.M., and Mrs. Betty Martin, Plainview; four brothers, I. D., 2405 25th St.; Paul and Floyd, both of Slaton, and Bill, Dimmitt; five sisters, Mrs. Valma Patterson, Parsons, Kan.; Mrs. Ethel Johns, Taft, Calif.; Mrs. Mary Hodges, Los Angeles; Mrs. Norma Lee Watts, Presto, Okla.; and Mrs. Pearl Hunt, Oklahoma City, Okla.; his mother, Mrs. Mary C. Kitchens, Slaton; and seven grandchildren.

## Cemetery Lots Going Fast In Idaho Town

POCATELLO, Idaho (AP) — They're having a run on lots at the city-owned Mountainview Cemetery.

Sexton Castulo Guerra said that since plans to increase prices as much as \$75 per plot were announced at a City Commission meeting early this month, sales have increased 23 times.

He said he had sold 115 lots, and "in a comparable period we usually sell only four or five."

## Respiratory Ailment Strikes Kate Smith

HOLLYWOOD (UPI) — Singer Kate Smith, 56, was undergoing treatment in Cedars of Lebanon Hospital today for an "acute epidemic respiratory" ailment, attendants reported.

The singer, who was admitted into the hospital Sunday night, was not in serious condition, attendants reported. She was expected to be confined for several days.

A scheduled appearance by the singer at the Carousel Theater in West Covina starting tonight has been postponed until Friday.

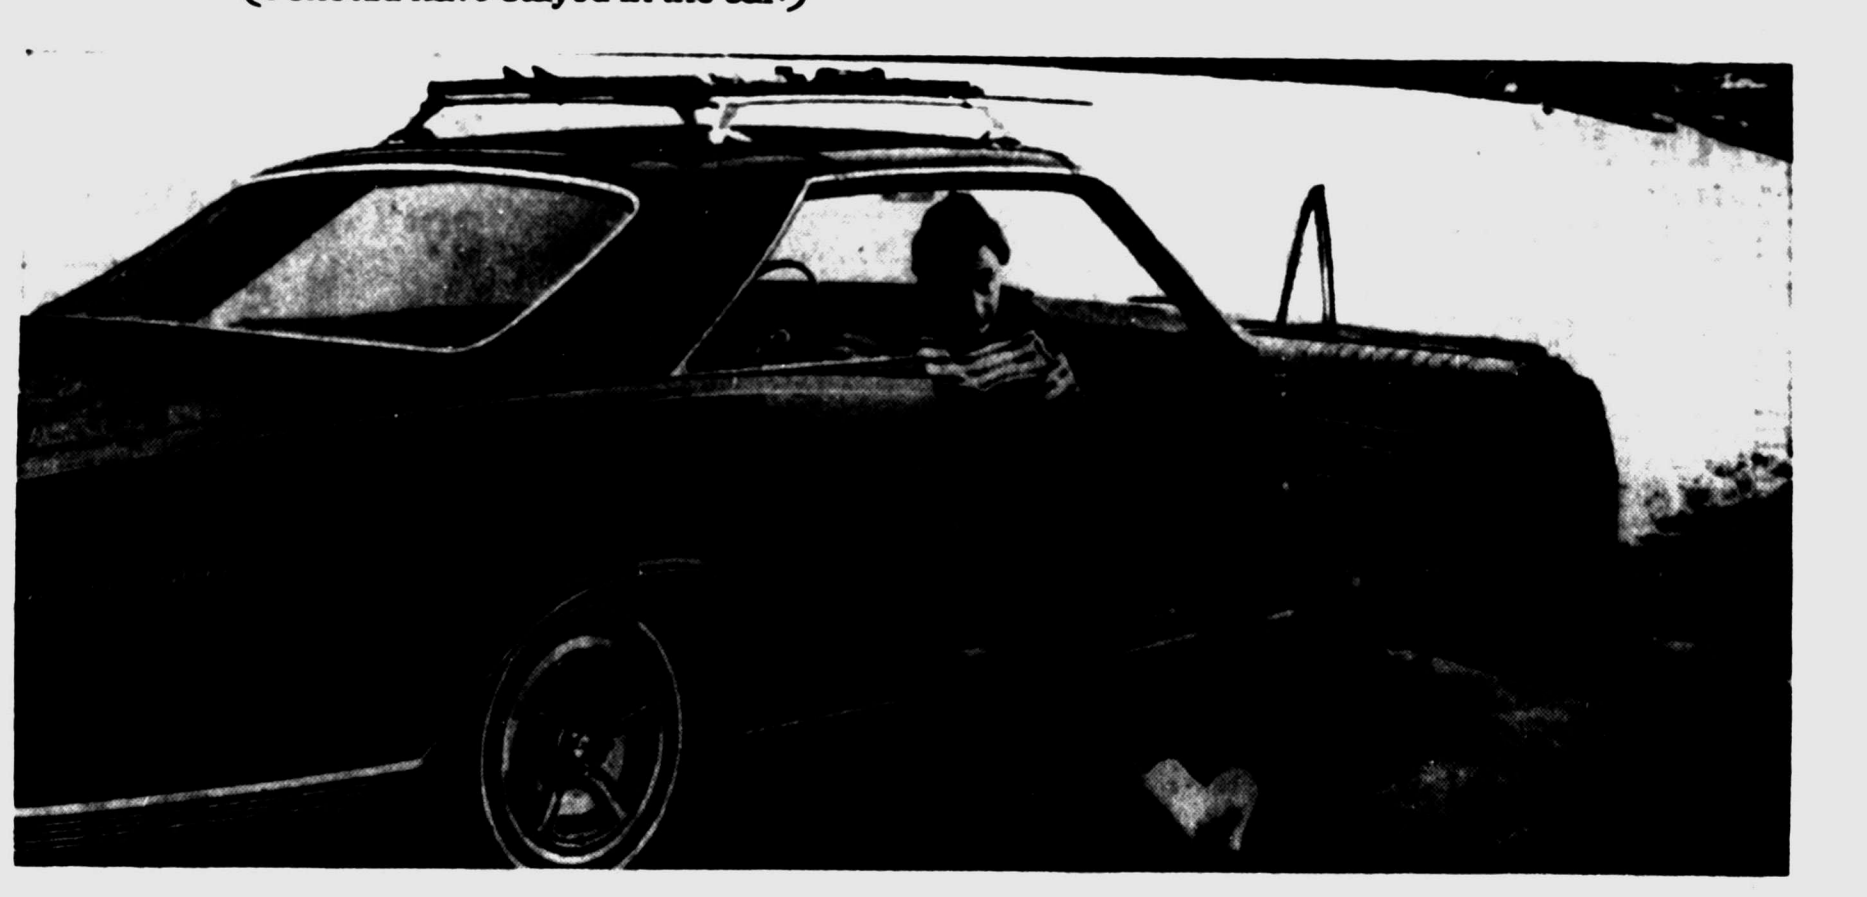

The pin tumbler cylinder lock was invented more than 100 years ago by Linus Yale Jr.

FORD 7 LITRE HARDTOP

When we go skiing, we go in style...in our '66 Ford. I choose the speed I want with the automatic speed control...select the music I want with the stereo tape player...and relax with one of the world's quietest rides.

(I should have stayed in the car.)

**Ford sales are booming! One reason—engineering magic like this:**

New stereo tape player option with easy-loading cartridges.

New station wagon Magio Doorgate—swings out like a door for people and down like a tailgate for cargo.

New automatic speed control option.

New ultra-luxurious LTD's and new ultra-performance 7-Litre models.

A ride so quiet that owners of European luxury cars—from a handcrafted Jaguar to a \$14,000 Mercedes—have said, after a demonstration ride in a Ford XL or LTD, that it was even quieter than their custom-built cars.

Quiet-test a '66 Ford for yourself.

WHO'S WORRIED ABOUT SURGERY?  
Mickey Mantle Relaxes At Mayo Clinic

## YANK SLUGGER AT MAYO CLINIC

# Mickey Mantle To Undergo Surgery On Shoulder Today

ROCHESTER, Minn. (AP) — Mickey Mantle, baseball's greatest switch-hitter, was scheduled today to undergo surgery which would probably determine where the New York Yankee star ends his playing career — in the outfield or at first base.

For 15 years Mantle has patrolled the outfield as the Bronx Bombers won 12 American League pennants. He was switched from center field to left field last season. But even with the shorter throw from left field, baserunners were taking liberties when it appeared that Mantle had trouble throwing.

**To Remove Chip**  
Mantle, 34, checked into Mayo Clinic on Jan. 17 for a series of examinations. Today's surgery was to remove a bone chip from his right shoulder — the apparent cause of the pain which hampered his throwing.

Mantle is expected to be hospitalized 10 to 14 days. A clinic spokesman said he would have to remain in Rochester for several weeks after that for physical therapy.

Mantle says the bone chip is rubbing against a tendon. "It's just like having something sharp rubbing on a piece of string." He said it hurts when he has to lift his arm above his shoulder to put on a coat or shirt.

**Move Contemplated**  
Mantle said he originally hurt the shoulder playing touch football with his children at their Dallas, Tex., home around Christmas 1964.

Yankee officials have said that Mantle might be moved to first base in 1966 to prolong his playing career. Mantle agrees that playing first base "would be easier."

The husky slugger has also had a series of painful leg injuries, which have cut down his speed.

He ranks ninth among baseball's all-time home run hitters with 473. Only two other active players have more — Willie Mays with 505 and Eddie Matthews with 477.

Mantle has won four home run titles and is the last major leaguer to win the triple crown when he captured the batting, runs batted in and homer titles in 1956.

## Hill Rise, Native Diver Head Field

ARCADIA, Calif. (AP) — Defending champion Hill Rise and fleet Native Diver lead the field today in the mile and one-sixteenth \$25,000 - added San Pasqual Handicap.

The race, billed as a warmup to the Santa Anita Handicap, features a star-studded field of 10, including Cupid, winner of the recent San Carlos Handicap.

Some observers say the race may be the clue to 7-year-old Native Diver's future career. Although he started off well by winning the Palos Verdes Handicap, he was a 10th place loser, carrying 132 pounds high weight when favored in the San Carlos Handicap. He took a bad step on a turn and never recovered.

## "DISCIPLINE VITAL"

# Coach Of Steelers Warns Playboys And Goldbricks

PITTSBURGH (UPI) — Playboys, goldbricks and "blubbers" won't be on the 1966 Pittsburgh Steelers' roster. Bill Austin, new head coach of the National Football League team, made these assurances Monday at a luncheon where several players were in attendance.

"Discipline is necessary on and off the field," said Austin, hinting that players with an affinity for the bright lights better hurry early to the darkness of their bedrooms next season.

The goldbricks, none of whom were present, were forewarned. "I don't believe there will be any players loafing," said Austin. "If a player is paid to block, he'll block. If he's paid to receive, he'll receive."

Austin's 10-year association with Vince Lombardi, head coach of the Green Bay Packers, has instilled the necessity of discipline and organization.

## 76ERS DEFEAT HAWKS

# Pro Cage Referee, Manager Tangle

(By The Associated Press)

There was a charging incident in the St. Louis-Philadelphia National Basketball Association game, but no foul was called because the man doing the charging was referee Earl Strom.

Strom charged over the officials table and grabbed St. Louis Business Manager Irv Gack as the final buzzer sounded in the game won by Philadelphia, 110-107, at Memphis, Tenn. Wilt Chamberlain quickly separated the two men and no punches were thrown.

**Royals Advance**  
In the only other action, Cincinnati trounced San Francisco 135-112 at Muncie, Ind. The victory moved the Royals to within eight percentage points of the Eastern Division-leading Boston. Philadelphia is 1½ games off the lead.

Strom became angered at something Gack said after the referee called Hawk Player-coach Richie Guerin for palming the ball on a play in which Guerin stole the ball with seven seconds left and scored a lay-up which would have put St. Louis ahead 109-108.

Strom said Gack "picked up a chair and banged it on the floor and cussed like a mad man. I shouldn't have grabbed him. You get keyed up when refereeing a game."

Gack later said he told Strom as he was leaving, "You are really something."

**ENTRY BARRED**  
LONDON (UPI) — Britain's Mary Rand, world and Olympic broad jump record-holder, has been refused permission to appear in an indoor track meet at Los Angeles next month by the British Amateur Athletic Board.

**Tiger Is Named Fighter Of Year**  
NEW YORK (AP) — Dick Tiger, the world middleweight champion from Nigeria, has been named Fighter of the Year by Ring Magazine.

Nat Fleischer, editor of the magazine, selected Tiger although the Boxing Writers' Association recently honored Cassius Clay as Fighter of the Year and winner of the Edward Neil award.

Ring rated the Floyd Patterson-George Chuvalo bout as the Fight of the Year and singled out the sixth round of the Jose Torres-Willie Pastrano light heavyweight title match at the Round of the Year.

WASHINGTON (AP) — Former Cleveland Brown star Otto Graham will be named head coach and general manager of the Washington Redskins, the Washington Post said Monday.

The Post said Graham, who has been head coach of the Coast Guard Academy teams since 1959, has applied for separation from the Coast Guard.

The Redskins may announce Graham's selection as successor to Bill McPeak today, the Post said. Graham reportedly will sign a 10-year contract. His salary, the Post said, will be topped in the National Football League by only that of Vince Lombardi, general manager and coach of the Green Bay Packers.

**Always A Winner**  
Since he won most valuable player honors as quarterback for Northwestern University, Graham has been associated with winners.

As a coach, he gained a reputation as a hard-driving, tough-minded disciplinarian.

It was those qualities, the Post said, that attracted Redskin owner and president Edward Bennett Williams to Graham.

A few weeks ago Williams told a newsmen.

"When you are looking for exactly the right man, these things take time. I did not fire a fine fellow like Bill McPeak simply to hire another pleasant man in his place. We are looking for a crack-down coach with a winning background."

**Started With Browns**  
Graham, now 44, broke into professional football with the Cleveland Browns in the now-defunct All-American Conference.

When that conference was absorbed into the National Football League in 1950, Graham led Cleveland to six straight Eastern Division titles and three NFL championships. His team played in the NFL title game all of his 10 years as a pro.

He twice coached College All-Star teams in the annual mid-summer football game with the NFL champions. In 1958 his team beat the Detroit Lions 25-19 and in 1963 his All-Star team upset the champion Green Bay Packers 20-17.

During his seven years at the Coast Guard Academy at New London, Conn., his teams won 32 games, lost 26 and tied one. His 1963 team was undefeated. Graham holds the rank of captain in the Coast Guard.

Graham has been known to See GRAHAM Page 3

The goal is the same but motivation is just opposite as Monterey and Lubbock High ready themselves for a return to the friendly confines of Municipal Coliseum tonight for a pair of District 3-AAAA cage battles.

The Plainsmen, currently 2-0 in the second round of play and boasting a share of the loop leadership, hope to extend its victory string to eight straight while the LHS crew will enter Round Five of its battle to break away from a four-game losing skein.

Coach Max O'Banion's Westerners will host up-and-down Borger in the 7 p.m. opener with Monterey taking on Plain-

view, unbeaten in second round

play, in the 8:30 finale. Lubbock High, which went into a tallspin on the end of the first round of play after registering six straight wins, is currently 0-2 in the second half

after being edged by Tascosa and Pampa. Monterey has, on the other hand, been undefeated since dropping an overtime affair to first round champion Amarillo by one point.

On paper, it looks like the Westerners' chance to return to good graces. But watch out for Coach Tex Hanna's troops, who have won 5-13 for the year.

as compared to the 14-6 ledger of LHS, could be trouble. In fact, it was the Bulldogs who upended Tascosa, 52-47, after the Rebels had downed the Westerners.

Borger is currently 1-2 in the second round of league action, having lost to Pampa and Monterey.

MHS Seeks Rebound  
Monterey, which missed out on its engagement with Caprock last Friday due to bad weather, will be looking for an improved showing after scoring a relatively unimpressive win over Palo Duro in its last trip out.

The Plainsmen had to stage a desperate come-from-behind rally to down the Dons, 48-44. Plainview is currently 1-0 for
